SCHEDULE: Classes are Monday through Friday, 8 AM - 3 PM. Clinical hours may vary.

PROGRAM COST (In-District): \$8,500.00 for 12 to 15 month program. Cost includes tuition, books, supplies, and fees. All costs are estimated and subject to change. Financial aid and scholarships available for qualifying students.

Certifications Available: Registered Diagnostic Medical Sonographer (RDMS) in Physics (SPI) After Accreditation: Abdomen (AB), and OB/GYN. **Professional & Student Organizations:** Future Health Professionals (HOSA), American Registry for Diagnostic Medical Sonography (ARDMS), Society of Diagnostic Medical Sonography (SDMS), American Institute of Ultrasound in Medicine (AIUM) **Accreditation:** The Oklahoma Department of Career and Technology Education and Oklahoma State Department of Education. ICTC is seeking appropriate accreditation; however, the institution cannot seek accreditation until the program has commenced and students have been enrolled. At the time this disclosure is issued, ICTC is not currently in applicant status with the national programmatic accrediting agency recognized for the sonography profession, and no accreditation application is currently on file. Once the program is operational and has commenced enrolling students, ICTC intends to pursue initial accreditation from the national programmatic accrediting agency recognized for the sonography profession, at which point a formal application may be submitted. Accreditation cannot be guaranteed, and no specific timeline for submission, review, or granting of accreditation can be implied or promised. Students in the pioneer cohort should understand that the program's accreditation status may affect their eligibility for national credentialing examinations after graduation.

COURSES/HOURS

Year One	
Introduction to DMS	60
Patient Care, Medical Ethics & Law	90
Ultrasound Physics and Instrumentation I	120
Abdominal Sonography I	90
OB/GYN Sonography I	90
Vascular Sonography I	90
Ultrasound Physics and Instrumentation II	120
Abdominal Sonography II	90
OB/GYN Sonography II	90
Vascular Sonography II	90
Transition to Practice/Review	24
Clinical I	144
Clinical II	144
Clinical III	144
Clinical IV	144
Total hours of instruction	1530

Estimated time to complete major

12 to 15 months

COLLEGE CREDIT: For admission, applicants must complete all the college prerequisite courses by the end of the fall semester before the program begins in January to be considered into the Diagnostic Medical Sonography program.

PROGRAM GOAL: To prepare competent entry-level Abdominal-Extended and Obstetric and Gynecologic sonographers in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at <https://www.icttech.edu/apps/pages/gainful-employment-disclosure>.
