Circle of Control

Circle of Control

COUNSELOR CORNER

The Circle of Control concept is especially helpful for children during stressful situations as it helps children identify situations they CAN control versus situations they CAN NOT control.

Kids CAN NOT control the fact that tests and homework will happen
Kids CAN control how much they study, how much effort they put in, or whether they'll complete the homework.

Kids CAN NOT control how annoying their sibling might be.
Kids CAN control how they may respond to their sibling.

Circle of Control

Círculo De Control

RINCÓN DE LA CONSEJERA

El concepto del círculo de control es especialmente útil para los niños durante situaciones estresantes, ya que ayuda a los niños a identificar situaciones que PUEDEN controlar frente a situaciones que NO PUEDEN controlar.

Los niños NO PUEDEN controlar el hecho de que las pruebas y la tarea va a pasar
Los niños PUEDEN controlar cuánto estudian, cuánto esfuerzo ponen o si completarán la tarea.

Los niños NO PUEDEN controlar lo molesto que puede ser su hermano/a.
Los niños PUEDEN controlar cómo pueden responder a su hermano/a.
