8th Grade Honors ELA Workshop for
CURRENT 7TH GRADERS

Honors ELA is a program designed to engage students in active, high-level learning, thereby ensuring that every student develops the skills, habits of mind, and concepts needed to succeed in high school, Advanced Placement courses, and in college. These classes are on-grade level, academically advanced courses designed to challenge students to master rigorous content.

There will be a workshop offered at the Lincoln Parish Schools STEM Center (located next Ruston Junior High School) on May 19th during the school day to better prepare students to complete the ELA summer assignment for grade 8. Please complete the form below by Wednesday, May 6, 2026 to register your child for this workshop. Your child will be assigned a time.

Reference the link below for the summer assignment.
