Monthly Highlights

Attendance remains a primary focus for our school and district. Through this work, I am finding that personal connection is making a meaningful difference. I intentionally spend time each day at student drop-off and pick-up to greet families and connect with students. This visibility has proven to be time well spent and has strengthened relationships across our school community.

In addition, I now generate a daily attendance list and personally call students who are chronically absent. When I am unable to reach families by phone, I follow up with home visits. These efforts are helping us build trust and reinforce the importance of consistent attendance. Notably, Tuesdays have become our highest attendance day. My hypothesis is that our regularly scheduled SART (Student Attendance Review Team) meetings are increasing awareness among families, and that message is spreading. Our goal remains to reduce the number of chronically absent students and move our attendance indicator from the red to the yellow on the dashboard.

In March, we hosted a NED assembly, which was a tremendous success. Students were highly engaged and responded positively to the uplifting message. NED's core principles—Never Give Up, Encourage Others, and Do Your Best—strongly resonated with our students and staff. It was encouraging to see such enthusiasm for a message that reinforces perseverance and kindness.

I would also like to recognize and thank our dedicated staff, who consistently give their time to create meaningful opportunities for our students. The Romero Basketball Tournament was a great example of

this commitment. It was both a success and a joy to watch. Because of the time and effort invested by Mr. Gonzalez and other staff members, our students are growing not only as athletes, but also as teammates and leaders.

Thank you for your continued support of our students and school community.

Gustine Unified School District

Amanda Hazan-Sanchez, Proud Principal of Gustine Elementary School

GES is excited to provide scholars with every opportunity for academic rigor and experiences by providing a safe learning environment for every Hawk. We expect outstanding effort, and encouraging personal responsibility and mutual respect of every Scholar and all Staff.

In March we our first graders were excited to visit the Fresno Zoo for experiential field trip. It was an excellent source of inspiration and learning experiences for our students. At GES we also conducted ELPAC testing. We have continued with frequent classroom instructional visits.

Mrs. Michaelis Class competed in the World Math Day on Wednesday. The top 3 students in G3 were: Levi 475 points, Dashly 450 points, Amina 416 points We were 3 points away from making the top 100 schools in the world. GES placed 36/50 in the country. GES was 105/119 in the world. Every student got a certificate with their score and were so excited to receive it. April 1st we also held our Spring Fling, this was an exciting event for our students and families. We also held our second Book Fair of the school year. Our school counselor Mrs. Herrera coordinated a very well represented Career Fair.

We are looking forward to the remainder of the school year and excited for all of the engaging activities that will take place!

Administrative Report to the Gustine Unified School District

April, 2026

Name: Peter Duenas / Marcos Huerta **Position:** Principal / Assistant Principal

School Site: Gustine Middle School

School Enrollment: 6th – 8th (341 Students)

Monthly Highlights:

April 30th marks the beginning of CAASP testing, an exciting opportunity for our students to showcase the knowledge and skills they have developed throughout the year in Math, ELA, and Science (8th grade). Our teachers have been working tirelessly to inspire, support, and motivate students to give their very best effort, and we are confident that their hard work will shine through.

Our GMS ASB students have been actively fostering school pride and strengthening class spirit across campus. From April 13th–17th, they will lead a coin collection drive in support of Children's Hospital in Madera. This friendly competition between 6th, 7th, and 8th grade classes encourages generosity and compassion, as students come together to make a meaningful difference for children and families in need.

In addition, ASB is organizing a spirited rally and a Spring Dance, creating fun and engaging opportunities for students to connect, celebrate, and build lasting memories with their peers.

Our 8th grade students recently participated in 8th Grade Day at GHS, an important milestone as they begin their transition to high school. They will soon turn their attention to preparing for their promotion ceremony in June, a momentous occasion that celebrates their achievements and growth. Meanwhile, plans are underway for our incoming 5th graders' orientation in May, ensuring a warm and welcoming introduction to the GMS community.

Athletics are also off to a strong start this season. Our Boys' Volleyball program includes both JV and Varsity teams, while our GMS Baseball team is already underway. We are proud of the dedication, teamwork, and school spirit our student-athletes continue to demonstrate.

Go Braves!

Gustine High School - April Board Report

I hope everyone had a wonderful **Easter holiday** and had time to relax and enjoy time with family.

Gustine High School is entering an important time in the school year.

We will begin **CAASPP and CAST testing on April 16th**. Our staff and students have been preparing, and we are excited to see what our students have learned. We believe they will do well.

ELPAC testing is almost complete, and we are now waiting to see which students will qualify for reclassification. This is an important step for our English learners, and we are proud of their hard work.

On **April 1st**, Gustine High students joined Hilmar High School and Delhi High School for the **Seal of Biliteracy celebration**.
We had **34 students recognized**:

- 33 students earned the seal in Spanish
- 1 student earned the seal in Portuguese

We are very proud of our students. A big thank you to our World Language teachers – Mrs. Ledezma, Mrs. Molina, and Ms. Arreola – for preparing and supporting our students.

Our **FFA students** attended the FFA State Conference in Ontario and represented Gustine High very well.

- Congratulations to Baylor Bloom for his run for State Officer
- Congratulations to Carson Bell for becoming the Regional President the following week.

Spring sports are wrapping up. We are looking forward to:

- Year-end tennis tournament
- Track finals
- Golf tournament (mid to late April)
- Baseball and softball are competing well in their respective sports

The **May Day Fair begins on April 27th**, and we wish our students the best of luck with their animals and projects.

Overall, it has been a busy month at Gustine High School. We are proud of our students and staff and look forward to finishing the year strong.

Thank you for your continued support of Gustine High School.

Maintenance Director

Board report

April 2026

Monthly Board Report

The Maintenance department continues to operate efficiently despite being short one maintenance worker following a recent resignation. Staff have adjusted workloads accordingly and are maintaining service levels across all sites.

The department is currently developing budget proposals for several upcoming projects. These include concrete work for the teacher parking lot walkway at the middle school and improvements to the quad area at the elementary school. In addition, roofing cost estimates are being gathered for the old middle school and Romero Elementary School to support planning and prioritization.

We have successfully submitted our CUPCCA documentation to the State Controller's Office, and it is now approved and available for use. This will help streamline the bidding process for upcoming maintenance and construction projects.

Maintenance operations overall continue to run smoothly, with work orders being addressed in a timely manner and preventative maintenance efforts ongoing.

Additionally, Acme Construction recently completed sealing work on the walk-in freezer and cooler at the central kitchen. As a result, the units are scheduled to be fully operational the evening of Tuesday, 07 April.

April 2026 Report to the Gustine Unified School Board

Good evening,

Last month GES completed our annual Sees Candy Fundraiser, Read Across America week, ELPAC testing, and we had our Career Day. At the end of March, we had our Spring Book Fair and on April 1st we held our 2nd Annual Spring Fling and Art Show. The event was a success, with all kinds of fun games for the community. Thank you to everyone who helped us put it on. Finally, our club is getting ready to hold our elections for next year at the end of April. Through our election process second to fifth grade students learn to complete an application, have an interview, give a speech, and hold a campaign.

Thank you,
Cash Fillmore

April Board Report

ASB: Gustine Middle School's ASB has been busy preparing for our Spring and End of Year events. ASB ordered their shirts from GHS's FBLA and each member got their own to show more school spirit for the following activities that ASB plans. We can all wear the shirts to show unity and school spirit.
ASB is also planning a Spring Fling on April 17 from 6:30-8:30pm where we will be having a DJ, photobooth, dancing, vendors, and games. We are also planning 5th Grade on May 15 with a rally and a tour around school to welcome our future Braves. The day will be filled with information, fun games, snacks and more! We are so excited to meet the upcoming 6th graders!

Sports: Baseball started, they had 2 games already which is exciting since we have not had baseball here at GMS in a while so everybody is so excited. Also we have boys volleyball and they are in the middle of their season. Good luck to all of our spring sport athletes!

Spring 2026

April 2026 Board Report

Apr 15, 2026

Good Evening GUSD Board, I am Nevaeh Graze and I hold the occupation of Commissioner of Academics for GHS...

Associated Student Body :

— This past month has been full of ASB planning for 8th Grade Day, which was hosted on **March 27th**. Thanks to the creativity of our Activities Committee, this year's theme this year was Charlie and the Chocolate Factory, where goodie-bags were given out when our upcoming freshmen found Golden Tickets and won during the Club Rush Raffle. Recently ASB also did the ASB Interviews for the Academic Class of 2026 - 27, and I would love to give personal congratulations to our new ASB Executive team; *Carson Bell* as ASB President, *Luke Ventura* and *Juliana Martinez* as ASB Vice-Presidents, *Natalie Ventura* as ASB Secretary, and additionally *Alma Escareno* as our ASB Treasurer. Now ASB will be planning for Graduation for the Class of 2026, our annual Senior Walk-Out Rally, and Lip-Dub.

Future Farmers of America :

—

Athletics :

— We are almost at the end of the year, which means Spring sports are halfway through the season. At this moment, our Girl's Softball team is currently ranked 1 - 5 in league, Boy's Baseball team is ranked 4 - 2 in league, Boy's Volleyball is currently ranked 1 - 2 in league, our Track Team is ranked 0 - 0 in league standings, and additionally GHS's Tennis team is standing 0 - 0 in league. Here at Gustine High School, we urge our students and athletes to aim for their future and legacy at GHS to make the greatest impact; we can't wait to recognize the improvements our athletes have made over the years!

Thank you all for your continued support at Gustine High School. Have a good rest of your evening!

This past month, our high school welcomed the class of 2030 with a "Charlie and the Chocolate Factory" themed rally with fun games and campus tours. This event gave 8th graders the opportunity to explore clubs and sports they can join next year. Meanwhile, our FFA members who just finished the local stock show are already getting their projects ready for the upcoming Merced County Fair. Several members also traveled to the FFA State Leadership Conference, where they attended workshops, listened to motivational speakers, and helped vote for the new state officers.

Our chapter saw great success in the recent regional speaking contests, with Carson Bell winning first place in Prepared Speech and Carlos Rangel taking first in the Spanish Creed category. We wish the best luck for them at the state competition in Fresno. We also celebrated that our chapter president, Carson Bell, was elected to serve as the new Regional President. We also have four of our members selected for the second round of sectional officers elections.

Outside of school, we honored our high school explorers at City Hall, where the Mayor and Police Chief presented them with sashes and scholarships for their hard work. Additionally, we celebrated senior nights for our tennis, track, and our newest sport golf. Many of our seniors have already picked their colleges and started choosing their classes for next year. As graduation gets closer, everyone is looking forward to the big events like prom and senior night.

MINUTES OF THE REGULAR MEETING GOVERNING BOARD
GUSTINE UNIFIED SCHOOL DISTRICT
MARCH 11, 2026

TIME AND PLACE

The regular meeting of the Gustine Unified School District Board of Education was held on Wednesday, March 11, 2026. The meeting was held in the Board Room, 1500 Meredith Avenue, Gustine, California.

CALL TO ORDER

The meeting was called to order by Board President Gary Silva at approximately 6:01 p.m. The Board went into Closed Session and reconvened to Open Session at approximately 7:17 p.m.

BOARD MEMBERS PRESENT

Mr. Gary Silva, Board President, Mr. Kevin Bloom, Mr. Kevin Cordeiro, Mrs. Evelin Gimlett, and Mr. Zachery Ramos. Student Board Member Mr. Oscar Vergara Vazquez was present during open session.

REPORT FROM CLOSED SESSION

Nothing to report

APPROVAL OF AGENDA

Mr. Ramos made a motion to approve the agenda as presented, seconded by Mr. Bloom. Student Representative Preferential Vote: Aye. Motion carried, 5-0.

REPORTS AND PRESENTATIONS

A. **Student ASB Reports** – GHS Student ASB Representative, Luke Ventura, presented his report to the Board on various ongoing activities at Gustine High School

   GES student representative, Cash Fillmore, presented his report to the Board on various ongoing activities at Gustine Elementary School.

B. **Student Board Member Report – Mr. Oscar Vergara Vazquez** – He presented his report to the Board on various ongoing activities at Gustine High School.

C. **Board Reports** – Mr. Ramos attended two career days, one at GMS and the other at RES. He took part in Read Across America. He attended a CSBA Small School District Advisory Group meeting, which focused on student achievement. He also went to a GHS tennis match. He congratulated FFA Students on their recent achievements.

   Mrs. Gimlett attended the Romero Career Day. It was great to see all the kids dressed up.

   Mr. Bloom stated that there is a lot of criticism of the district and the board. This is a public elected office, so if anybody you know can do a better job, have them run.

   Mr. Cordeiro attended the GHS Stock Show. It was well organized. Spring sports will be starting. He wished them good luck.

D. **Superintendent Report** – Dr. Ballenger thanked the community for supporting students at events that are community-driven, whether that be the college and career fairs, the stock show, and the 4th and 5th grade speech contest. Without those individuals, the district wouldn't be able to do the things that we do. He judged the 4th and 5th grade speech contest. There were some phenomenal speakers. Three at each grade level will be moving on to the county. He thinks that Gustine will take first place. He is super excited about that.

E. **Attendance Report** - None

CONSENT AGENDA
Mr. Cordeiro made a motion to approve the Consent Agenda as presented, seconded by Mrs. Gimlett. Student Representative Preferential Vote: Aye. Motion carried, 5-0.

INFORMATION/DISCUSSION/REPORT

A. **AG CTE Pathway Presentation** – Mr. Baffunno presented his presentation to the Board.

COMMUNICATION FROM THE PUBLIC
Mr. Farao, a former ag teacher at Gustine. He retired from Merced College, where he taught for 20 years. He also serves on the Merced College Advisory Committee and the Gustine Advisory Committee. So, he is well aware of CTE and Pathways. One thing about CTEs, you are supposed to have an advisory committee. He is extremely disappointed that they have not been talked to or consulted about any of this. Ag is a building block. FFA is building people. When you start stripping parts of those things out, you are making a big mistake. He is disappointed with the lack of communication. He hopes that the communication improves.

Mr. Frank Duarte – You do not want to lose the gem that you have. He, too, went through the FFA Program at Orestimba. Some people may not think those shop classes will lead to high-paying jobs. Nowadays, you can't find the talent to run those shops. Some mechanical jobs you can make six figures, with good benefits and a good retirement.

Mrs. Tracy Bedford had questions about the penalties incurred. Have any exemptions been filed so we don't have to pay them? When will staffing changes be communicated to school sites? Last, is it possible to invite board members to the Superintendent's Roundtable Meetings?

ACTION ITEMS

A. **Warrants** – Mr. Ramos made a motion to ratify the warrants, seconded by Mrs. Gimlett. Student Representative Preferential Vote: Aye. Motion carried, 5-0.

B. **Second Interim** – Mr. Cordeiro made a motion to approve the 2025-2026 Second Interim, seconded by Mr. Ramos. Student Representative Preferential Vote: Aye. Motion carried, 5-0.

C. **2024-2025 Developer Fee Annual Report** – Mrs. Gimlett made a motion to accept the 2024-2025 Developer Fee Annual Report, seconded by Mr. Bloom. Student Representative Preferential Vote: Aye. Motion carried, 5-0.

D. **Board Policy Updates February 2026, First Reading** – Mr. Ramos made a motion to waive the first reading of Board Policy Updates February 2026, seconded by Mr. Oscar Vergara Vazquez. Student Representative Preferential Vote: Aye. Motion carried, 5-0.

E. **Resolution No. 2025-26-23 Adopting Informal Bidding Procedures Pursuant to the Uniform Public Construction Cost Accounting Act**

1. Mr. Cordeiro made a motion to waive the reading of Resolution No. 2025-26-23 Adopting Informal Bidding Procedures Pursuant to the Uniform Public Construction Cost Accounting Act, seconded by Mr. Ramos. Student Representative Preferential Vote: Aye. Motion carried, 5-0.

2. Mr. Cordeiro made a motion to approve Resolution No. 2025-26-23 Adopting Informal Bidding Procedures Pursuant to the Uniform Public Construction Cost Accounting Act, seconded by Mr. Bloom. Student Representative Preferential Vote: Aye. Motion carried, 5-0.

F. **Senior Graduation Cap Decoration – Class of 2026** – Mr. Oscar Vergara Vazquez made a motion to approve the Gustine High School Class of 2026's request to decorate their graduation caps, seconded by Mrs. Gimlett. Student Representative Preferential Vote: Aye. Motion carried, 5-0.

G. **2026 GHS Overnight Senior Trip to Disneyland** – Mr. Oscar Vergara Vazquez made a motion to approve the 2026 GHS Overnight Senior Trip to Disneyland, seconded by Mr. Ramos. Student Representative Preferential Vote: Aye. Motion carried, 5-0.

H. **CSU Stanislaus School Administration Field Experience Agreement** – Mr. Ramos made a motion to approve the CSU, Stanislaus School Administration Field Experience Agreement, seconded by Mr. Bloom. Student Representative Preferential Vote: Aye. Motion carried, 5-0.

MERCED COUNTY OFFICE OF EDUCATION
MIGRANT EDUCATION PROGRAM – REGION III
Stanislaus ▪ Merced ▪ Madera
632 W. 13th Street, Merced CA 95341 (209) 381-6702

Partnership Agreement Between the Migrant Education Program - Region III and

GUSTINE UNIFIED SCHOOL DISTRICT

This agreement is between Migrant Education Program (MEP) - Region III, hereinafter referred to as the region, and **GUSTINE UNIFIED SCHOOL DISTRICT,** hereinafter referred to as the district. This agreement is established due to the reason(s) checked below.

☑ ☐ More than 100 Migrant students enrolled in the district

☑ ☐ No reimbursement given to the district

The period covered by this agreement shall be from **July 1, 2026 to June 30, 2027**. There are currently **129** migrant students in the district as reported in the Migrant Student Information Network (MSIN).

Based on the needs of its Migrant students, the region and the district agree to the following:

REGION RESPONSIBILITIES

I&R (Identification and Recruitment)

- Provide identification and recruitment services to determine eligibility.

School Readiness Services (Pre-School age)

- Invite parents to participate in regional sponsored school readiness activities to promote parent involvement strategies, home-based instructional support, parenting skills, and early literacy.

Instructional Services

- The Elementary Instructional Services Program provides supplemental academic support for K-8 students to strengthen literacy and mathematical skills. Services are delivered through home-based, virtual, and hybrid models during after-school hours and Saturdays.

- The MEP program prioritizes students identified as Priority for Services (PFS), MPO1, and MPO2, ensuring that students with the greatest academic need receive targeted intervention.
- K- 12 Intervention Teachers and Academic Tutors provide individualized and small-group instruction aligned with grade-level standards.
- Professional development, curriculum and instruction coaching, and State Service Delivery Plan (SDP) compliance.

High School Services

- The MEP regional office will have available Academic Counseling Assistants (ACA) to assist in the implementation of school and/or home-based services in ELA/ELD and Math/ELD; provide Migrant students with academic advising via workshops, small group, or one-on-one; collaborate with site administrators and guidance counselors to ensure alignment to district goals and provide students with the opportunity to recover credits needed to stay on track for graduation through Cyber-High or site credit recovery platform; support students outside their regular school day in meeting their graduation requirements.
- The MEP regional office will have available Career Education College Advisors (CECA) to assist in the implementation of college and career awareness and readiness.
    - College and Career awareness includes:
        - College exploration: guiding students in researching career opportunities; disperse information regarding scholarships, workshops, career fairs, and college enrichment field trips.
        - University Bridge-building: Connect students with universities and provide them with a real world college experience.
        - Mentor and support Academic Counseling Assistants

Out of School Youth

- Provide referral services to Out of School Youth through a case management model delivered by a county Youth Outreach Specialist in the student's home.
- Provide tutoring services on HISET exams.

Parent Involvement

- If there are **more than** 100 MEP identified students within the district, it is essential for the district to ensure a Migrant Advisory is formed to have regular meetings throughout the year. As part of Section 1304(c)(3) of the Title 1c statute, a Parent Advisory Council (PAC) is needed to involve Migrant families. A minimum of six meetings are recommended. From the district PAC meetings, a representative should attend the Regional PAC meeting virtually or in-person, although the Regional PAC meetings are open to the public. The MEP will conduct 6 Regional PACs throughout the year. The MEP will provide the support and the technical assistance as needed for district-led Migrant PAC meetings.

- Invite all parents to attend the Area and State Parent Conferences and other regionally sponsored parent involvement activities.

Health

- Make available Vision and Dental Screenings to MEP students and provide health referral services to appropriate agencies.

Summer Activities

- Expand access to School/Home-based instructional services in ELA/ELD and Math/ELD during the summer to accelerate learning, strengthen language development, and support students who need additional academic intervention.
- Coordination of Outdoor Education (4th-6th grade) and other regional summer enrichment opportunities to extend learning beyond the classroom and foster student engagement, wellness, and community connections.
- College and Career readiness opportunities (9-12) (i.e.residential programs at CSU Campuses).
- Incoming freshmen advising and credit recovery for grades 9-12

Technical Assistance

- Collaborate with LEA staff to promote and identify best practices that meet the needs of migrant students.
- Provide information via Box.com

DISTRICT/SCHOOL RESPONSIBILITIES

The District/School will:

- Refer potential MEP students to the Region for identification and recruitment.
- Flag MEP students on state assessments in the district/school database.
- File/Maintain the Individual Needs Assessment/Individual Learning Plan (INA/ILP) of Migrant students into their Cumulative folders.
- Provide access to student assessment information as agreed by parents when they sign the Certificate of Eligibility.
- Provide and maintain a work area, which is conducive to serving students and families for migrant education staff.
- Identify and address the needs of migrant children in coordination with other state and federal categorical programs operated by the district.
- Provide Migrant staff access to the district student information database (i.e. Aeries; Infinite; Synergy.)
- Access Box.com to exchange information regarding identified students for eligibility lists and services provided

- If more than 100 migrant students are in the district, provide district-led PAC meetings. Region can assist.

In witness whereof, the following parties have executed this agreement.

Israel S. Gonzalez, Ed.D. Region III MEP Director	Bryan Ballenger, Ed. D. Superintendent

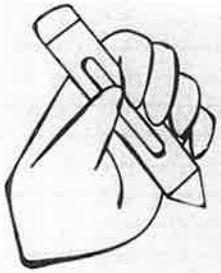
INFORMATION/ DISCUSSION REPORT

GUSD 2nd Grade Reading Initiative



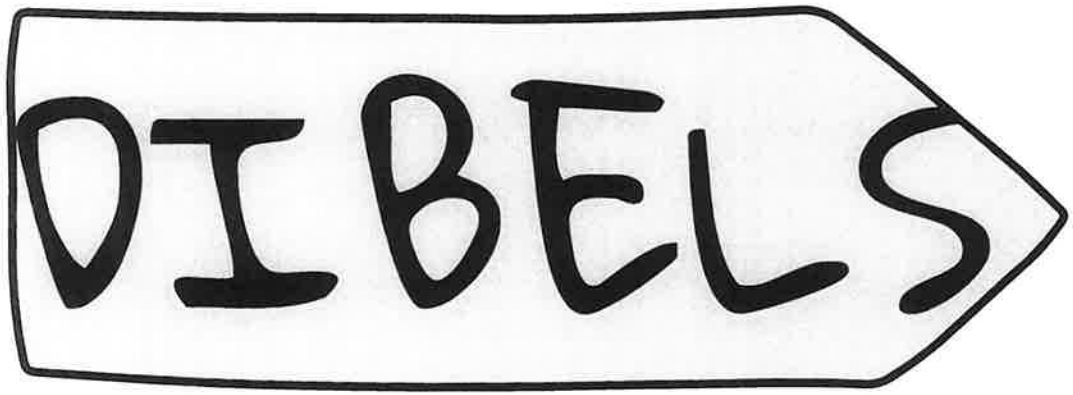
Presented by:
Shannon LaSalle, RES
Sarah Hansard, GES

The Goal

The Second grade teams at GES and RES were tasked with getting every 2nd grade student reading at grade level by the end of the year.

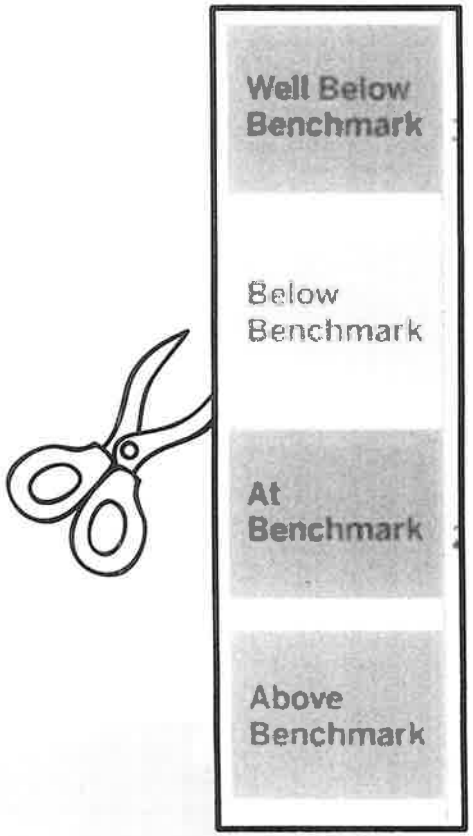
The How

The district made this goal a priority by assigning each of us a paraprofessional plus allowing us to utilize any other available teachers onsite to work with during this uninterrupted block of time. As a result, we were able to keep our groups small and provide targeted instruction and support for ALL students.



DIBELS (Dynamic Indicators of Basic Early Literacy Skills) is a quick, 1-minute, research-based tool that checks early reading skills like letter naming, sounds in words, and reading accuracy. It acts like a reading "thermometer," helping teachers immediately see where your child is thriving and where they may need extra help.

GUSD 2nd Grade Data

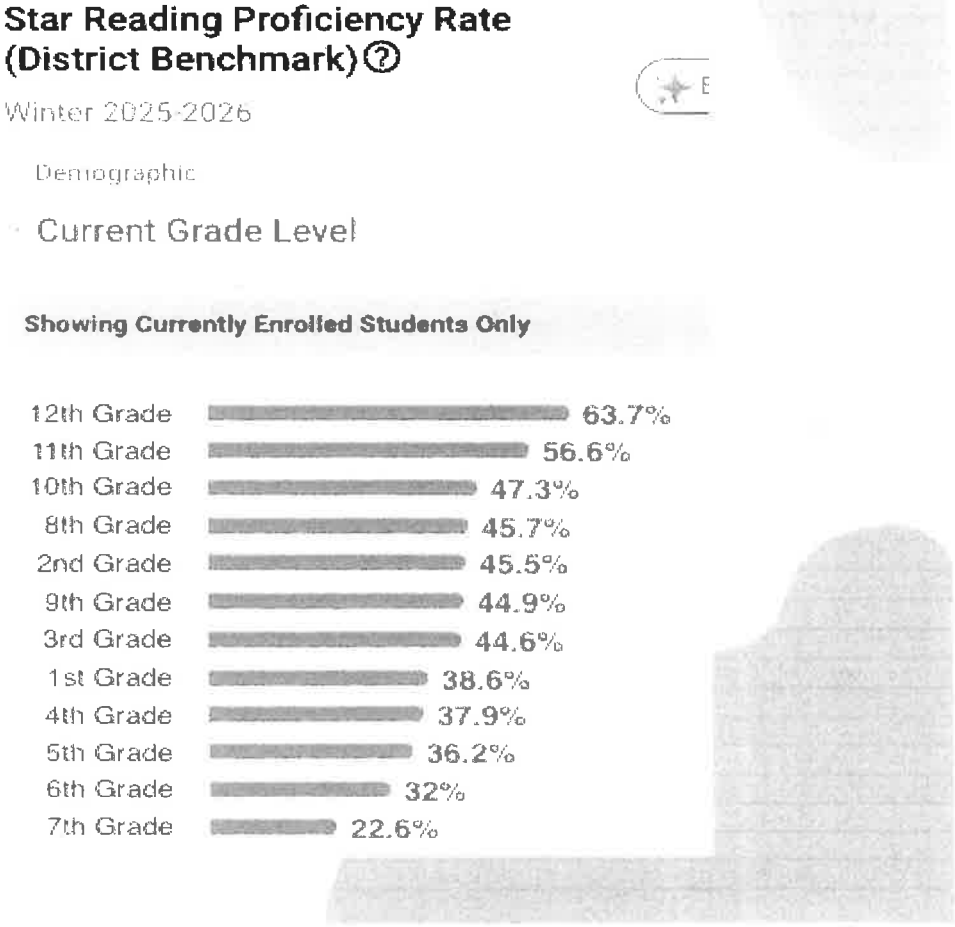


At the beginning of the year 55% of students were at the Well Below Benchmark level. After the December DIBELS was administered, that number was reduced to 38%!

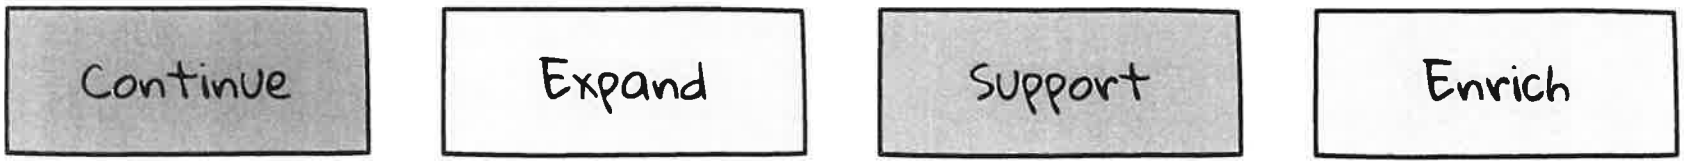
At the beginning of the year 14% of students were Below, that number rose to 23% after the December testing.

At the beginning of the year, 33% of students were At or Above Benchmark, that number rose to 39% after the December testing.

The Star Reading Proficiency Rate shows the percentage of students that are proficient readers. Second grade completed the Winter Star test in January, we will be taking the Spring test in May.



Next Steps



Maintain current staffing levels and teaching assignments.

Roll out to lower grades.

Plan for supports/intervention in upper grades to continue getting students to grade level.

Challenge our at and above Benchmark students to move their learning forward.

Reading is the foundation of all learning. It opens the door to a brighter future and that is what we want for all of our students.

Thank you for your support!

Meeting of the Board of Trustees
MEETING DATE:
April 15, 2026

AGENDA ITEM TITLE: Proposal/Agreement to Prepare Developer Fee Justification Study

AGENDA SECTION: Action

PRESENTED BY: Dr. Bryan Ballenger, Superintendent

RECOMMENDATIONS:
It is recommended that the Board of Trustees approve the agreement for the preparation of a developer fee justification study.

SUMMARY:
The district's last developer fee justification study, dated March 13, 2024, allows the district to collect $5.17 per square foot for residential construction and $0.84 for commercial/ industrial construction. It is recommended that the board approve a new justification study proposal, to be conducted by SchoolWorks, Inc., so that the district is able to collect the most current developer fee rates for residential and commercial/industrial construction.

FISCAL IMPACT: $3,000.00

RE: Proposal for 2026 Developer Fee Justification Study

Thank you for the opportunity to present this Proposal to prepare a Developer Fee Justification Study for the Gustine Unified School District. This Proposal provides company information, key personnel, fees, work schedule, project approach, and references.

The purpose of a Developer Fee Justification Study is to justify the statutory fee rates for both residential and for commercial/industrial development.

SchoolWorks, Inc. is dedicated to developing trusting personal relationships with our clients. Our unique hands-on approach makes us more than just another facility planning consultant. We value integrity and going that extra mile to make sure we provide the highest quality service.

We would be honored to serve the Gustine Unified School District. Thank you for your consideration and please do not hesitate to contact me personally if you have any questions.

Sincerely,

Ken Reynolds
President

DEVELOPER FEE JUSTIFICATION STUDY OVERVIEW

Developer fees are fees that are paid by property owners and developers to school districts to mitigate the impact created by new development within a school district's boundaries on the school facilities. Fees are typically paid to the school district as a condition of a property developer or owner obtaining a building permit from the city or county for a construction project.

Level 1 (Developer Fee Justification Study) fees are established by the State and are considered the basic mitigation fee. Justification for the fee can be shown if anticipated residential, commercial and industrial development within a district will impact it with additional students. The SAB adjusts the rates every two years.

The current rates adopted on January 24, 2024, are **$5.17** per square foot for residential construction and **$0.84** per square foot for commercial/industrial construction. The next proposed increase will be in **January 2026** at the State Allocation Board Meeting.

COMPANY INFORMATION

SchoolWorks, Inc. has an experienced team of professionals who have assisted school districts, both large and small, throughout the State of California for more than 25 years, with their facility planning issues.

WORK SCHEDULE

Schedule Level 1: Developer Fee Justification Study

- Contract Approval
- Collect Necessary Information from the District

- Prepare Developer Fee Justification Study pursuant to Government Code 66000, et. seq. and Education Code 17621 (e) and 17622

- Delivery of Draft Developer Fee Justification Study for Districts Review (this step will occur two weeks after receiving all required data from the District) as well as all supporting documents.

- Completion of Final Draft of Developer Fee Justification Study

- Virtual presentation of Final Study to Board of Education (if requested)

PROJECT APPROACH

1. The current enrollment and projected growth within the District's boundary is determined.
2. Determination of Local Student Generation Rates
3. The impact of new developments is determined by analyzing the proposed development projects and calculating the estimated number of students that will be generated from new housing.
4. Existing facility capacity is derived from the baseline capacities approved by the State along with any approved and funded projects that also increase the District's capacity.
5. The projected growth from developments is then loaded into existing facilities to the extent that there is available space.
6. Any unhoused students will generate a need for new facilities and an estimated cost is calculated, based on State allowances and local land values.
7. If any students from new development are to be housed in existing facilities, the need to modernize existing schools will be determined and the appropriate portion will be included in the facility cost.
8. The cost is then compared to the amount of projected new development (residential then commercial/industrial) to determine the amount of developer fees that are justified.

SchoolWorks, Inc. will request from the District:

- Current CALPADS/CBEDS (separated by school site and grade level)
- SAB 50-02 – Existing School Building Capacity
- Latest Audit Report
- Last two (2) years of Developer Fee Logs (**must** include the amount paid and the square footage for each permit)
- Copy of your previous Level 1 Justification Study
- List and cost of projects that the Developer Fees will be used for

SchoolWorks, Inc. will compile the following data used in the Study:

- 2020 Census data
- OPSC data
- Cost of land per acre
- County and City Planning Department development information

RESPONSIBILITIES OF SCHOOLWORKS, INC.

- Prepare Developer Fee Justification Study pursuant to Government Code 66000, et. Seq. and Education Code 17621 (e) and 17622
- Assist the District with a timeline for adoption of new Developer Fees, including a **Sample** Notice and **Sample** Resolution for the Public Hearing
- Virtual presentation of the Developer Fee Justification Study to the Board (if requested)
- Attend public hearing and respond to questions (Extra Charge)

QUALITY CONTROL

We have several points at which data is reviewed by our team. Jodi reviews data as it comes in from the school districts. A member of our team reviews every Study before a Draft is sent to the District. Our studies have also been reviewed by several lawyers for school districts including Los Angeles Unified School District.

FEE SCHEDULE

GUSTINE UNIFIED SCHOOL DISTRICT

Meeting of the Board of Trustees
MEETING DATE:
April 15, 2026

AGENDA ITEM TITLE: Parsec Premium Education Participation 2026-2029

AGENDA SECTION: Action

PRESENTED BY: Kim Medeiros, Director of Curriculum & Instruction

RECOMMENDATIONS:
It is recommended the Board of Trustees approve the Parsec Premium Education 2026-2029 Contract.

SUMMARY:
The district is seeking approval to contract with Parsec Education to provide data insights into district level data. Parsec Education is an educational technology and consulting company that provides K-12 school districts with data analytics, visualization, and feedback tools to improve student outcomes. It consolidates complex quantitative and qualitative data (CAASPP state tests, ELPAC, 4-year cohort graduation, percent toward standard, etc.) into actionable insights, helping educators make informed decisions.

The platform that converts school data including CALPADS, CA Dashboard metrics, and local assessments into interactive visualizations and reports.

Parsec will be used to analyze data in partnership with Merced County Office of Education to provide premium analytics from July 1,2026 to June 30, 2029.

CSBA POLICY GUIDE SHEET
February 2026

Note: Descriptions below identify revisions made to CSBA's sample board policies, administrative regulations, board bylaws, and/or exhibits. Editorial changes and minor revisions have also been made. Districts and county offices of education should review the sample materials and modify their own policies accordingly.

Administrative Regulation 3440 - Inventories

Regulation updated to reflect **NEW LAW (AB 629, 2025)** which (1) increases the threshold amount for which the Governing Board is required to establish and maintain an inventory of items to a current market value that exceeds $1,500, and (2) requires the Superintendent of Public Instruction to adjust such market value biennially and post it on the California Department of Education's (CDE) website. Additionally, regulation updated to more closely align with law and CDE's federal program monitoring instrument.

Board Policy 4119.21/4219.21/4319.21 - Professional Standards

Policy updated to add, to the philosophical paragraph, the Governing Board's desire to provide a safe and positive school environment that promotes the learning, engagement, safety, and well-being of district students, and to expand upon the expectations for district employee conduct. Additionally, policy updated to reflect **NEW LAW (SB 848, 2025)** which prohibits inappropriate conduct between district employees, adult volunteers, and contractors and among and between adults employed, volunteering, or under contract with the district. In addition, policy updated to clarify that inappropriate employee conduct includes (1) engaging in any conduct that endangers or threatens to endanger students, staff, or others, and (2) other conduct prohibited in Board Policy 4119.24/4219.24/4319.24 - Maintaining Appropriate Adult-Student Interactions.

Exhibit (1) 4119.21 - Professional Standards

Exhibit updated in conjunction with the accompanying Board Policy and to align with the most recent version of the National Education Association's Code of Ethics for Educators.

Exhibit (1) 4219.21 - Professional Standards

Exhibit updated in conjunction with the accompanying Board Policy.

Exhibit (1) 4319.21 - Professional Standards

Exhibit updated in conjunction with the accompanying Board Policy.

Board Policy 4119.24/4219.24/4319.24 - Maintaining Appropriate Adult-Student Interactions

Policy updated to add, that for purposes of this policy, employees include interns, volunteers, contractors, and other persons with an employment relationship with the district. Additionally, policy updated to add, to the philosophical paragraph, the Governing Board's desire to provide a safe environment that promotes the learning, engagement, and safety of district students. In addition, policy updated to reflect **NEW LAW (SB 848, 2025)** which prohibits inappropriate conduct between district employees and students and expands the list of inappropriate employee conduct. Policy also updated to add new section related to violations of this policy.

Board Policy 4156.3/4256.3/4356.3 - Employee Property Reimbursement

Policy updated to clarify, in Option 2, that to the extent that the full cost of repair or replacement of an employee's personal property is not covered by another source, such as an employee's private insurance, the Governing Board authorizes the Superintendent or designee to pay the remaining cost of replacing or repairing the employee's personal property. Additionally, policy updated to add that the Board may establish a maximum value of reimbursement.

Board Policy 5144.1 - Suspension and Expulsion/Due Process

Policy updated to add that off campus student behavior may result in discipline when it disrupts district programs and activities or is otherwise prohibited by law, Board policy or administrative regulation. Additionally, policy updated to include state law authorization for the Governing Board, on a case-by-case

basis, to permit a student Board member to make restorative justice recommendations to the Board regarding specific expulsion matters. In addition, policy updated to reflect **NEW LAW (AB 1230, 2025)** which (1) requires the Board, at the time of the expulsion order, to recommend a plan for the student's rehabilitation, and (2) adds to the list of outcome data the Superintendent or designee is required to maintain.

Administrative Regulation 5144.1 - Suspension and Expulsion/Due Process

Regulation updated to clarify that a student may not be disciplined prior to a finding being made pursuant to the Title IX grievance process, but that the district may conduct a non-discipline removal of a student in emergency situations where there is an immediate threat to the health or safety of any student or other individual. Additionally, regulation updated to add requirement that students who voluntarily disclose their use of a controlled substance, alcohol, intoxicant, or tobacco in order to seek help through services or supports may not be suspended solely for that disclosure. In addition, regulation updated to reflect **NEW LAW (AB 1230, 2025)** which (1) requires the Governing Board, at the time of the expulsion order, to recommend a plan for the student's rehabilitation, including specified components, (2) requires the County Superintendent of Schools to provide the Board notification if the County Superintendent is unable to serve students expelled by the district, whereby the Board is required to ensure that another educational program is provided, (3) requires as part of the process for a required review, that the Board indicate whether the student had access to the necessary resources to complete their rehabilitation plan, and that a rehabilitation plan that is not completed due to financial or transportation barriers or a lack of viable opportunities not be a basis to deny the student readmission, and (4) amends the conditions under which the Board may deny readmission.

Board Policy 5145.2 - Freedom Of Speech/Expression

Policy updated to (1) add language to the Governing Board's philosophical statement related to providing a welcoming, safe, and supportive school environment that protects students from discrimination, harassment, intimidation, and bullying, or other types of expression prohibited by law, (2) delete headings for On- and Off- Campus Expression, (3) expand student exercise of freedom of speech and/or the press to include official district and school websites or social media accounts identified and made available for such purpose, (4) expand which student expressions, or distributing or posting of material, is prohibited, (5) clarify material related to off-campus expression, including electronic expression via a personal device or online expression via a personal social media account, and (6) clarify material related to when student expression may be subject to discipline.

Administrative Regulation 5145.2 - Freedom Of Speech/Expression

Regulation updated to establish, at the outset, time, place, and manner restrictions, including the addition of material related to (1) the locations, physical and electronic, that the principal or designee may identify on which students and student organizations may hold rallies, express ideas, debate issues, or post information of general interest, and (2) the authorization for the principal or designee to require a disclaimer on printed materials or petitions stating that the materials or petitions are not sponsored by and do not necessarily reflect the views, ideas, and opinions of the school or district. Additionally, regulation updated to (1) add to the definition of "official school publications" courses or programs, student clubs or organizations, student newspapers or other student publications distributed to the public or student body either for a fee or free, (2) clarify material related to the written publications code, (3) modify the requirement related to the professional standards for which official student publications be held to account for publications which may not be written in English, (4) expand material related to violations of this regulation or accompanying Board policy, with first considering any feasible alternative options to limit the material, providing notice to the official student publication with specific reasons for why the submitted material may not be published, and with sufficient time, absent extraordinary circumstances, to allow the publication or student authors to either modify the material or request review by the Superintendent or designee, and (5) authorize the principal or designee to require a disclaimer on all official student publications indicating that views, ideas, and opinions expressed in official student publications do not necessarily reflect those of the school or district. In addition, regulation updated to add new section, "Student Participation in Civic or Political Events," which includes that a student in middle or high school, with advance notice, be permitted one excused absence per school year in order to participate in a civic or political event such as voting, poll working, strikes, public commenting, or attending candidate speeches, political or civic forums, or town halls.

Board Policy 6142.7 - Physical Education and Activity

Policy updated to reflect that districts are required to grant a student in kindergarten-grade 12 an accommodation in connection with any physical activity components of a physical education course during a period of religious fasting, and that the student be provided alternative assignments or activities for the period the student is granted an accommodation. Additionally, policy updated to reflect the requirement that the district (1) develop, adopt, and implement extreme weather protocols that incorporate the standardized guidelines compiled by the California Department of Education that include specific measures to be taken during extreme weather conditions, and (2) that the adopted weather protocols be annually reviewed, evaluated, and if necessary, updated in accordance with law. In addition, policy updated to authorize the Superintendent or designee to offer an alternate term schedule for grades 6-12 physical education courses.

Administrative Regulation 6142.7 - Physical Education and Activity

Regulation updated to include the definition of "extreme weather conditions," which means occurrences of unusually severe weather conditions, including, but not limited to, periods of extreme heat, excessive precipitation, and floods, that may pose significant harm to students. Additionally, regulation updated to add required specified components of an alternate term schedule for physical education, to be included if authorized by Governing Board in the accompanying Board policy. In addition, regulation updated to delete outdated material related to the duties of a district's physical fitness test coordinator.

Board Policy 6146.1 - High School Graduation Requirements

Policy updated to (1) clarify where, in policy, exemptions from district-adopted graduation requirements can be found, (2) reflect **NEW LAW (AB 821, 2025)** which indefinitely extends the authorization for career technical education to count toward the visual or performing arts or world language graduation requirement, and (3) qualify that the graduation requirement for a one-semester course in ethnic studies beginning with the 2029-30 school year is contingent on state funding. Additionally, policy updated to reflect (1) the graduation requirement, beginning in the 2030-31 school year, for the completion of a stand-alone one-semester course in personal finance that may not be combined with any other course, and (2) the authorization, starting with students graduating in 2030-31, for a student who completes such a course to be exempt from the requirement to complete a one-semester course in economics. In addition, policy updated to clarify (1) that the Governing Board may adopt additional coursework or other requirements that district students are required to complete in order to obtain a high school diploma, and (2) that the Board is expressly authorized by law to adopt a policy that exempts students from additional locally adopted graduation requirements. Policy also updated to expand the section, "Exemption from District-Adopted Graduation Requirements for Highly Mobile Students," to include the graduation exemptions for foster youth, a student experiencing homelessness, a former juvenile court school student, a child of a military family, a student who is migratory or a student participating in a newcomer program as specified in law (highly mobile students), with material that was formerly in separate policies unique to the particular characteristic of the highly mobile student.

Board Policy 6146.3 - Reciprocity of Academic Credit

Policy updated in conjunction with the accompanying administrative regulation.

Administrative Regulation 6146.3 - Reciprocity of Academic Credit

Regulation updated to delete sections on transfers from accredited and non-accredited schools since state law and the accompanying Board policy require districts to accept full or partial coursework satisfactorily completed by students while attending a public school, a juvenile court school, or nonpublic nonsectarian school or agency. Additionally, regulation updated to move section on appeals and due process to follow material for which a parent/guardian may appeal. In addition, regulation updated to add section, "Transfer of Coursework and Credits for Highly Mobile Students," which includes requirements related to transfer of coursework and credits for foster youth, a student experiencing homelessness, a former juvenile court school student, a child of a military family, a student who is migratory, or a student participating in a newcomer program as specified in law (highly mobile students), with material that was formerly in separate policies unique to the particular characteristic of the highly mobile student. Regulation also updated to include new section, "Notification and Complaints," which includes required notification and applicable complaint procedures related to transfer of coursework and credit for highly mobile students.

Board Policy 6146.4 - Differential Graduation and Competency Standards for Students with Disabilities

Policy updated to reflect the authorization for districts to exempt a student with disabilities who was enrolled in grade 10 or higher in the 2022-23 school year, and who satisfies eligibility criteria, from all coursework and other requirements adopted by the Governing Board that are additional to the statewide course requirements, and to award the student a high school diploma.

Board Policy 6173 - Education for Homeless Children

Policy updated to delete reporting requirements related to students experiencing homelessness who graduated in the fourth or fifth year of high school with an exemption from district-established graduation requirements that are in addition to the statewide course requirements, as that material is in Board Policy 6146.1 - High School Graduation Requirements, in the section, "Exemption from District-Adopted Graduation Requirements for Highly Mobile Students," which includes such exemptions for all highly mobile students.

Administrative Regulation 6173 - Education for Homeless Children

Regulation updated to reflect the requirement for districts that offer an intersession program to grant priority access to students experiencing homelessness. Additionally, regulation updated to delete material related to transfer of coursework and credits as that material was moved to Administrative Regulation 6146.3 - Reciprocity of Academic Credit, which includes two new sections related to (1) transfer of coursework and credits and (2) related notifications and complaints, for highly mobile students. In addition, regulation updated to delete material related to exemptions from district-established graduation requirements as that material was moved to Board Policy 6146.1 - High School Graduation Requirements, and includes such exemptions for all highly mobile students.

Exhibit (1) 6173 - Education for Homeless Children

Exhibit updated in conjunction with the accompanying Board policy, administrative regulation, and exhibit.

Exhibit (2) 6173 - Education for Homeless Children

Exhibit updated in conjunction with the accompanying Board policy, administrative regulation, and exhibit.

Board Policy 6173.1 - Education for Foster Youth

Policy updated to delete reporting requirements related to foster youth who graduated in the fourth or fifth year of high school with an exemption from district-established graduation requirements that are in addition to the statewide course requirements, as that material is in Board Policy 6146.1 - High School Graduation Requirements in the section, "Exemption from District-Adopted Graduation Requirements for Highly Mobile Students," which includes such exemptions for all highly mobile students.

Administrative Regulation 6173.1 - Education for Foster Youth

Regulation updated to reflect that the definition of a "student in foster care" includes a child who is detained in a county-operated juvenile detention facility or is the subject of a juvenile court petition and has been identified by a county child welfare agency, a probation department, or an Indian tribe meeting as being at imminent risk of removal and placement into foster care. Additionally, regulation updated to reflect that, for a foster youth who is also a student with a disability, the school of origin includes a placement in a certified nonpublic, nonsectarian school. In addition, regulation updated to reflect that districts which offer an intersession program are required to grant priority access to foster youth. Regulation also updated to delete material related to transfer of coursework and credits as that material was moved to Administrative Regulation 6146.3 - Reciprocity of Academic Credit, which includes two new sections related to (1) transfer of coursework and credits, and (2) related notifications and complaints, for highly mobile students. Additionally, regulation updated to delete material related to exemptions from district-established graduation requirements, as that material was moved to Board Policy 6146.1 - High School Graduation Requirements, and includes such exemptions for all highly mobile students.

Board Policy 6173.2 - Education of Children of Military Families

Policy updated to reference the requirement for the California Department of Education to establish a California Purple Star School Designation Program to reduce the burden on military-connected students and their families.

Administrative Regulation 6173.2 - Education of Children of Military Families

Regulation updated to reflect that the United States Space Force is included in the definition of "Uniformed Services" for purposes of the Interstate Compact on Educational Opportunity for Military Children. Additionally, regulation updated to reflect **NEW LAW (AB 1412, 2025)** which requires the district, when a child of a military family who is a student with disabilities enrolls in the district, to accept unofficial records provided by the student's parent/guardian, including the individualized education program and supporting documents and any other records relating to the provision of special education and related services to the student, pending validation by the official records, in accordance with the requirements of the Interstate Compact on Educational Opportunity for Military Children. In addition, regulation updated to delete material related to transfer of coursework and credits as that material was moved to Administrative Regulation 6146.3 - Reciprocity of Academic Credit, which includes two new sections related to (1) transfer of coursework and credits, and (2) related notifications and complaints, for highly mobile students. Regulation also updated to delete material related to exemptions from district-established graduation requirements as that material was moved to Board Policy 6146.1 - High School Graduation Requirements, and includes such exemptions for all highly mobile students.

Administrative Regulation 6173.3 - Education for Juvenile Court School Students

Regulation updated to delete material related to transfer of coursework and credits as that material was moved to Administrative Regulation 6146.3 - Reciprocity of Academic Credit, which includes two new sections related to (1) transfer of coursework and credits, and (2) related notifications and complaints, for highly mobile students. Additionally, regulation updated to delete material related to exemptions from district-established graduation requirements as that material was moved to Board Policy 6146.1 - High School Graduation Requirements, and includes such exemptions for all highly mobile students.

Board Policy 6173.4 - Education for American Indian Students

Policy updated to reference the Native American Studies Model Curriculum, which is a state funded comprehensive, standards-aligned curriculum dedicated to Native American Studies that offers lessons that integrate Native perspectives across academic disciplines.

Board Policy 6175 - Migrant Education Program

Policy updated to clarify that first priority for services to students who are migratory is for those students who have made a qualifying move within the previous one-year period.

Administrative Regulation 6175 - Migrant Education Program

Regulation updated to delete material related to transfer of coursework and credits as that material was moved to Administrative Regulation 6146.3 - Reciprocity of Academic Credit, which includes two new sections related to (1) transfer of coursework and credits, and (2) related notifications and complaints, for highly mobile students. Additionally, regulation updated to delete material related to exemptions from district-established graduation requirements as that material was moved to Board Policy 6146.1 - High School Graduation Requirements, and includes such exemptions for all highly mobile students.

Board Bylaw 9250 - Remuneration, Reimbursement and other Benefits

Bylaw updated to (1) delete options regarding monthly compensation provided to individual Governing Board members, (2) replace with a blank for districts to specify the amount of monthly compensation that reflects district practice, and (3) separate out material which provides that Board members are not required to accept the monthly compensation. Additionally, bylaw updated to clarify material related to (1) a Board member receiving a pro rata monthly compensation, (2) reimbursement for expenses incurred when performing authorized services for the district, (3) benefits for Board members, and (4) former Board members, and the Board member's spouse/registered domestic partner and eligible dependent children, participation in the health and welfare benefits programs provided for district employees. In addition, the section, "Health and Welfare Benefits for Former Board Members," was deleted, as there are few, if any, Board members who would be eligible, since it would require serving for over 30 years, with still relevant material combined with the expanded section, "Benefits for Board Members."

Exhibit (1) 9250 - Remuneration, Reimbursement and other Benefits

Exhibit updated to clarify language in the resolution related to a Governing Board member receiving a pro rata monthly compensation, and reorganize the resolution for precision and ease of use.

NEW - Exhibit (2) 9250 - Remuneration, Reimbursement and other Benefits

New exhibit provides the maximum monthly compensation that a Governing Board member may receive as compensation for their services, and reflects **NEW LAW (AB 1390, 2025)** which increases the maximum monthly compensation amount based on the district's average daily attendance.

Board Bylaw 9320 - Meetings and Notices

Bylaw updated to clarify (1) when the Governing Board may meet in open or closed session, (2) that the existence of a Board meeting includes gathering remotely or electronically, (3) that a series of communications by a majority of the Board should not occur through official or personal social media accounts, and (4) that written notice of special Board meetings should be posted in any location required for remote meetings and attendance. Additionally, bylaw updated to delete material related to disability-related accommodations as it already exists and is more appropriated place in Board Bylaw 9322 - Agenda/Meeting Materials. In addition, bylaw updated to reflect (1) **NEW LAW (SB 707, 2025)** which permits a remote Board meeting based on a proclaimed state of emergency or local emergency without the requirement to post the physical location of Board members, and (2) the requirement for the notice of an emergency Board meeting to the local media that have requested such notice to be by telephone or email. Bylaw also updated to delete material related to traditional teleconferencing, teleconferencing by individual Board members due to just cause, teleconferencing by individual Board members due to emergency circumstances, and teleconference meetings during a proclaimed state of emergency, as that content has been moved to new Board Bylaw 9320.1 - Remote Meetings and Attendance.

NEW - Board Bylaw 9320.1 - Remote Meetings and Attendance

New bylaw addresses circumstances in which the Governing Board is legally permitted to meet remotely and in which an individual remote Board member is permitted to attend and participate in a Board meeting. Additionally, bylaw includes the traditional method of remote attendance and reflects **NEW LAW (SB 707, 2025)** which permits (1) remote attendance and participation as an accommodation and due to just cause, and (2) remote Board meetings during a proclaimed state of emergency.

Board Bylaw 9322 - Agenda/Meeting Materials

Bylaw updated to clarify that (1) closed session items should be agendized in accordance with Board Bylaw 9321 - Closed Session, and (2) for a regular Board meeting, the Governing Board may consider an item not included in the agenda in accordance with Board Bylaw 9323.2 - Actions by the Board. Additionally, bylaw updated to add new section heading, "Public Comment," which (1) includes clarification that the agenda provide members of the public the opportunity to address the Board on any agenda item, including items to be considered in closed session and items listed on the consent agenda, (2) provides options depending on if it is district practice to have one public comment period for all open session agenda items or separate public comment for each open session agenda item, and (3) reflects **NEW LAW (SB 707, 2025)** which adds requirements to the exception to public comment requirements. In addition, bylaw updated to add new section heading, "Disability-Related Accommodations or Modifications." Bylaw also updated to add material related to Board member requests for a specific matter within the subject matter of the Board to be placed on the agenda, both when the Board member is acting in the capacity as a member of the public and acting in the capacity as a Board member. Additionally, bylaw updated to add new section, "Special Meeting Agenda Dissemination to Members of the Public," which clarifies requirements related to the dissemination of special meeting agendas.

Board Bylaw 9323 - Meeting Conduct

Bylaw updated to (1) clarify that the chair of a given Governing Board meeting will be the Board president or, if the Board president is absent, another Board member, (2) delete the time for which a regular Board meeting should be adjourned, and instead provide a blank to reflect district practice, (3) add material related to removal of an item from the consent agenda, specifying that the Board chair determine when the removed item be considered on the agenda, (4) expand material related to the prohibition from requiring members of the public to provide identifying information as a condition of attending a Board meeting and/or providing

public comment, and related exceptions, (5) delete material related to public participation that is either unnecessary or is contained within more closely related Board bylaws, (6) delete the time for which an individual providing public comment is allowed to address the Board, and instead provide a blank to reflect district practice, (6) provide clarifying language related to an individual speaker giving some or all of the speaker's time to another speaker, and (7) add language related to the public comment period when a remote Board member is attending and participating based on just cause. Additionally, bylaw updated to add new section heading, "Disruptions," which (1) reflects **NEW COURT DECISION (Berkeley People's Alliance v. City of Berkeley)** in which the California Court of Appeal held that state law requires a legislative body to clear the meeting room when a meeting is willfully disrupted and order cannot be restored by removing disruptive individuals and does not permit the legislative body to relocate the meeting to a different room in lieu of clearing the meeting room.

Regulation 3440: Inventories

Status: ADOPTED

Original Adopted Date: 06/01/1998 **| Last Revised Date:** ~~09~~02/01/~~2016~~2026 **| Last Reviewed Date:** ~~09~~02/01/~~2016~~2026

CSBA NOTE: Education Code 35168 requires the Governing Board to establish and maintain an inventory of all items of equipment ~~with a current market value above $500, as provided in item #1 below. Generally, the Board delegates this authority~~that exceed a specified market value which, as amended by AB 629 (Ch. 62, Statutes of 2025), is a current market value that exceeds $1,500. Pursuant to Education Code 35168, as amended by AB 629, the Superintendent of Public Instruction is required to adjust such market value biennially and post it on the California Department of Education's (CDE) website. Generally, the Board delegates the authority to establish and maintain an inventory of all items of equipment to the Superintendent or designee.

2 CFR 200.313 requires that districts conduct inventories of equipment acquired in whole or in part with federal grant funds~~, and~~. 2 CFR 200.~~33~~1 defines (1) "equipment" as tangible personal property having a useful life of more than one year and an acquisition cost that exceeds $~~5~~10,000 or the capitalization level established by the district for financial statement purposes, whichever is less~~. In~~, and (2) "supplies" as all tangible personal property other than those described as "equipment", as specified above. 2 CFR 200.1 provides that for a computing device, the ~~state's~~value is based on the acquisition cost regardless of the length of its useful life.

The acquisition cost threshold amount established for equipment inventory need not be the same as the threshold amount established for identifying capital assets for accounting purposes. According to the California School Accounting Manual (CSAM), property costing up to $5,000 may be charged to federal grants as supplies, rather than as equipment for which an inventory is required, unless the district's capitalization threshold is lower. As explained in CSAM, all capitalized items should be inventoried, but not all inventoried items should be capitalized. For more information regarding the effective management and safeguarding of district assets and resources, see BP 3400 - Management of District Assets/Accounts.

During the Federal Program Monitoring (FPM) process, ~~the California Department of Education~~ (CDE~~)~~ reviews whether the district maintains an inventory record for each item of equipment with an acquisition cost of $500 or more per unit that is purchased with state and/or federal categorical funds. ~~Thus, it is recommended that districts maintain inventories of equipment with an acquisition cost of $500 or more per unit, as provided in item #2 below.~~

~~The district may specify lower amounts for items #1 and #2 below.~~

~~Note that the acquisition cost threshold amount established for the equipment inventory need not be the same as the threshold amount established for identifying capital assets for accounting purposes; see BP 3400 - Management of District Assets/Accounts. As explained in the CDE's~~

~~California School Accounting Manual, all capitalized items should be inventoried, but not all inventoried items should be capitalized~~

Item #1 below reflects the inventory requirement threshold pursuant to Education Code 35168, and Item #2 reflects the additional inventory requirement pursuant to CDE's 2025-26 FPM instrument. The district may specify lower amounts for each.

In order to provide for the proper tracking and control of district property, the Superintendent or designee shall maintain an inventory of equipment in accordance with law for the following:

1. All equipment items currently valued in excess of $1,500 (Education Code 35168)

2. All equipment items purchased with state and/or federal categorical funds that have a useful life of more than one year with an acquisition cost of $500 or more per unit

CSBA NOTE: ~~The following optional paragraph may be revised to reflect district practice. According to the California School Accounting Manual~~According to CSAM, some districts choose to inventory certain items, such as computers, audiovisual equipment, and furniture, even if their cost is lower than the threshold defined by law. The following optional paragraph may be revised to reflect district practice.

~~In addition~~Additionally, the Superintendent or designee may maintain a list of specific items which shall be inventoried for internal control purposes regardless of their initial cost or current value.

CSBA NOTE: The following two paragraphs, which list the information that the district's inventory is required to contain, reflect state law and regulations, federal regulations, and CDE's 2025-2026 FPM instrument.

The inventory shall contain a record of the following information: (Education Code 35168; 5 CCR 3946; 2 CFR 200.313)

1. ~~Name~~Model/name and type/description of the property

2. ~~Identification~~Serial/identification number

3. Original cost of the item of equipment or a reasonable estimate if the original cost is unknown

4. Date of acquisition

5. Location of use

6. The date and method of disposal

CSBA NOTE: Items #1-5 below are for use by districts that have used state and/or federal categorical funds to purchase equipment with an initial cost over the threshold established by law or the district. The district may merge this list into the list above in order to provide consistent procedures for all district equipment.

In addition to the information specified in ~~items~~Items #1-6 above, the following information shall be recorded for equipment acquired with state and/or federal categorical funds unless otherwise specified in law: (5 CCR 3946; 2 CFR 200.313)

1. Source of the property (funding source~~)~~), including any applicable federal award identification number

2. Titleholder

3. Percentage of federal participation in the cost of the property for the federal award under which the property was acquired

4. Use and current condition of property

5. Transfer, replacement, or disposition of obsolete or unusable equipment

~~5.~~ 6. ~~Sale~~ Any ultimate disposition data, including the sale price of the property upon disposition and method used to determine current fair market value

At the time of purchase, the Superintendent or designee shall affix a label to the equipment containing the identification number and the district name. Equipment items purchased with categorical program funds shall also be labeled with the name of the project in accordance with 5 CCR 3946.

CSBA NOTE: The following optional paragraph provides for tracking of items that are moved from their original location. For additional requirements regarding safeguards for equipment purchased with categorical program funds, see AR 3512 - Equipment.

Whenever an equipment item is moved to a new location or the equipment is used for a new purpose, the new location or purpose shall be recorded in the inventory.

CSBA NOTE: 5 CCR 3946 requires that the inventory of equipment purchased with state and/or federal categorical funds be maintained at the district office and appropriate school site. The following optional paragraph has been expanded to apply to all inventories conducted by the district and may be revised to reflect district practice.

A copy of the inventory shall be kept at the district office and at the appropriate school site.

The Superintendent or designee shall annually submit an inventory listing of federally owned property in its custody to the federal agency that granted the award. (2 CFR 200.312)

Physical Inventory

CSBA NOTE: The FPM process for both state and federal categorical programs includes a determination as to whether the district has conducted a physical inventory of equipment within the past two years in accordance with 2 CFR 200.313, as provided below. ~~The California School Accounting Manual~~CSAM recommends that districts conduct a physical inventory at least once a year. The district may revise the following paragraph to specify a timeline shorter than two years.

At least once every two years, a physical inventory of equipment shall be conducted and the results reconciled with the property records. (2 CFR 200.313)

CSBA NOTE: The following two paragraphs are optional. ~~The California School Accounting Manual~~CSAM includes recommended procedures for conducting a physical inventory, including procedures for preparing for the inventory, conducting the inventory count, and recounting. The following paragraph may be revised to reflect any specific district procedures for the physical inventory.

The Superintendent or designee shall establish procedures for conducting the physical inventory which shall include, but not be limited to, designation of person(s) responsible for coordinating and conducting the inventory, preparation and distribution of count sheets, procedures for implementing the inventory, and procedures for conducting a recount to substantiate the validity of the inventory.

The Superintendent or designee shall investigate any differences between the quantities determined by the physical inspection and those in the accounting records.

Policy 4119.21: Professional Standards

Status: ADOPTED

Original Adopted Date: 07/01/2009 **| Last Revised Date:** ~~12~~02/01/~~2017~~2026 **| Last Reviewed Date:** ~~12~~02/01/~~2017~~2026

CSBA NOTE: The following optional policy ~~should~~may be revised to reflect district practice.

Pursuant to Education Code 32100, as added by SB 848 (Ch. 460, Statutes of 2025), districts are required to, by July 1, 2026, adopt policies that (1) promote safe environments for student learning and~~/~~ engagement that explicitly address professional boundaries between (a) students and school employees, adult volunteers, and school contractors, (b) among and between students, and (c) among and between adults employed, volunteering, or ~~any related provisions of collective bargaining agreements~~under contract with the district, and (2) establish appropriate limits on contact during or outside of the school day between students and school employees, volunteers, and school contractors via social media internet platforms, text messaging, and other forms of communication that do not otherwise include the student's parent/guardian. The limitations in this policy may vary based on the age or grade of the students and may be revised to reflect district practice. For language fulfilling these mandates, see BP 4119.24/4219.24/4319.24 – Maintaining Appropriate Adult-Student Interactions.

~~The Governing~~The Governing Board desires to provide a safe and positive school environment that promotes the learning, engagement, safety, and well-being of district students. The Board expects district employees to maintain the highest ethical standards, behave professionally, follow district policies and regulations, abide by state and federal laws, and exercise good judgment when interacting with students and other members of the school community. Employees shall engage in conduct that enhances the integrity of the district~~,~~; advances the goals of the district's educational programs; encourages student learning, engagement, and success; and contributes to a safe and positive school climate.

CSBA NOTE: The following optional paragraph encourages district employees to abide by standards developed by their professional associations. The professional standards for certificated staff have been developed by the National Education Association, the professional standards for classified staff have been developed by the California School Employees Association, and the professional standards for managerial and supervisory staff have been developed by the Commission on Teacher Credentialing (CTC), each available on their respective websites. These standards are reproduced at E(1) 4119.21 (certificated personnel), E(1) 4219.21 (classified personnel), and E(1) 4319.21 (administrative and supervisory personnel).

The Board encourages district employees to accept as guiding principles the professional standards and codes of ethics adopted by educational or professional associations to which they may belong.

Each employee is expected to acquire the knowledge and skills necessary to fulfill ~~his/her~~the employee's professional responsibilities and to contribute to the learning and achievement of district students.

Inappropriate Conduct

The Board prohibits inappropriate conduct between employees, adult volunteers, and district contractors and among and between adults employed, volunteering, or under contract with the district. (Education Code 32100)

Inappropriate employee conduct includes, but is not limited to:

1. Engaging in any conduct that endangers or threatens to endanger students, staff, or others, including, but not limited to, physical violence, threats of violence, or possession of a firearm or other weapon

2. Engaging in harassing or discriminatory behavior towards students, parents/guardians, staff, or community members, or failing or refusing to intervene when an act of discrimination, harassment, intimidation, or bullying against a student is observed

3. Physically abusing, sexually abusing, neglecting, or otherwise willfully harming or injuring a child

4. Engaging in inappropriate socialization or fraternization with a student or soliciting, encouraging, or maintaining an inappropriate written, verbal, or physical relationship with a student

CSBA NOTE: Pursuant to Penal Code 311.2, pornography includes digitally altered or artificial-intelligence-generated matter.

5. Possessing or viewing any pornography on school grounds, or possessing or viewing child pornography or other imagery portraying children in a sexualized manner at any time

6. Using profane, obscene, or abusive language against students, parents/guardians, staff, or community members

7. Willfully disrupting district or school operations by loud or unreasonable noise or other action

8. Using tobacco, alcohol, or an illegal or unauthorized substance, or possessing or distributing any controlled substance, while in the workplace, on district property, or at a school-sponsored activity

9. Being dishonest with students, parents/guardians, staff, or members of the public, including, but not limited to, falsifying information in employment records or other school records

10. Divulging confidential information about students, district employees, or district operations to persons or entities not authorized to receive the information

11. Using district equipment or other district resources for the employee's own commercial purposes or for political activities

12. Using district equipment or communications devices for personal purposes while on duty, except in an emergency, during scheduled work breaks, or for personal necessity

    Employees shall be notified that computer files and all electronic communications, including, but not limited to, email and voice mail, are not private. To ensure proper use, the Superintendent or designee may monitor employee usage of district technological resources at any time without the employee's consent.

13. Causing damage to or engaging in theft of property belonging to students, staff, or the district

CSBA NOTE: For more information about appropriate attire for district employees, see BP 4119.22/4219.22/4319.22 - Dress and Grooming.

14. Wearing inappropriate attire

15. Other conduct prohibited in Board Policy 4119.24/4219.24/4319.24 – Maintaining Appropriate Adult-Student Interactions

Reports of Misconduct

An employee who observes or has evidence of another employee's inappropriate conduct shall immediately report such conduct to the principal or Superintendent or designee. An employee who has knowledge of or suspects child abuse or neglect shall file a report pursuant to the district's child abuse reporting procedures as detailed in ~~AR~~Administrative Regulation 5141.4 - Child Abuse Prevention and Reporting.

CSBA NOTE: Discipline of employees is a subject of collective bargaining. For information about the range of disciplinary actions that may be taken, see BP/AR 4118 - Dismissal/Suspension/Disciplinary Action, and AR 4218 - Dismissal/Suspension/Disciplinary Action.

Education Code 44242.5 and 5 CCR 80303 require the Superintendent to notify ~~the Commission on Teacher Credentialing (CTC)~~CTC when the status of a certificated employee changes as a result of alleged misconduct. Although "alleged misconduct" is not defined in ~~the~~ law, ~~the~~ CTC ~~states~~provides that conduct affecting classroom safety, student safety, or the integrity of the school environment is the type of misconduct that ~~must~~is required to be reported. See AR 4117.7/4317.7 - Employment Status Reports.

Any reports of employee misconduct shall be promptly investigated~~.~~ by the Superintendent or designee. Any employee who is found to have engaged in inappropriate conduct in violation of law or Board policy shall be subject to disciplinary action and, in the case of a certificated employee, may be subject to a report to the Commission on Teacher Credentialing. The Superintendent or designee shall notify local law enforcement as appropriate.

An employee who has knowledge of but fails to report inappropriate employee conduct may also be subject to discipline.

The district prohibits retaliation against anyone who files a complaint against an employee or reports an employee's inappropriate conduct. Any employee who retaliates against any such complainant, reporter, or other participant in the district's complaint process shall be subject to discipline.

Notifications

CSBA NOTE: ~~Beginning January 1, 2018,~~ Education Code 44050~~, as added by AB 500 (Ch. 580, Statutes of 2017),~~ requires districts maintaining an employee code of conduct that addresses employee interactions with students to post the section(s) on employee-student interactions in a publicly accessible manner on each school's ~~web site~~website, or the district ~~web site~~website if a school does not maintain one. ~~Beginning July 1, 2018~~Additionally, at the beginning of each school year, the district ~~must also~~is required to provide parents/guardians with written copies of the sections of the employee code of conduct that address employee interactions with students. The applicable sections of the code of conduct may appear in a variety of district documents, including, but not limited to, portions of this Board policy, employee handbooks, and/or the code of conduct adopted by the district for use by certificated, classified, or administrative personnel as presented in the accompanying Exhibits.

The section(s) of the district's employee code of conduct addressing interactions with students shall be provided to parents/guardians at the beginning of each school year and shall be posted on school and/or district ~~web sites~~websites. (Education Code 44050)

CODE OF ETHICS ~~OF THE EDUCATION PROFESSION~~FOR EDUCATORS

CSBA NOTE: The following exhibit reproduces the Code of Ethics ~~of the Education Profession~~for Educators adopted by the National Education Association in 1975. The Code was revised in 2020 to use the broader term "educator." This code is used by the California Teachers Association and is distributed to teachers in the CTA Handbook.

Preamble

The National Education Association (NEA) believes that the education profession consists of one education workforce serving the needs of all students and that the term 'educator' includes education support professionals.

The educator, believing in the worth and dignity of each human being, recognizes the supreme importance of the pursuit of truth, devotion to excellence, and the nurturing of democratic principles. Essential to these goals is the protection of freedom to learn and to teach and the guarantee of equal educational opportunity for all. The educator accepts the responsibility to adhere to the highest ethical standards.

The educator recognizes the magnitude of the responsibility inherent in the teaching process. The desire for the respect and confidence of one's colleagues, of students, of parents/guardians, and of the members of the community provides the incentive to attain and maintain the highest possible degree of ethical conduct. The Code of Ethics ~~of the Education Profession~~for Educators indicates the aspiration of all educators and provides standards by which to judge conduct.

The remedies specified by the NEA and/or its affiliates for the violation of any provision of this Code shall be exclusive and no such provision shall be enforceable in any form other than the one specifically designated by the NEA or its affiliates.

Principle I. Commitment to the Student

The educator strives to help each student realize ~~his/her~~the student's potential as a worthy and effective member of society. The educator therefore works to stimulate the spirit of inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals.

In fulfillment of the obligation to the student, the educator:

1. Shall not unreasonably restrain the student from independent action in the pursuit of learning

2. Shall not unreasonably deny the student access to varying points of view

3. Shall not deliberately suppress or distort subject matter relevant to the student's progress

4. Shall make reasonable effort to protect the student from conditions harmful to learning or to health and safety

5. Shall not intentionally expose the student to embarrassment or disparagement

6. Shall not on the basis of race, color, creed, gender, national origin, marital status, political or religious beliefs, family, social, or cultural background, or sexual orientation, unfairly:

    a. Exclude any student from participation in any program

    b. Deny benefits to any student

    c. Grant any advantage to any student

7. Shall not use professional relationships with students for private advantage

8. Shall not disclose information in the course of professional service unless disclosure serves a compelling professional purpose or is required by law

Principle II. Commitment to the Profession

The education profession is vested by the public with a trust and responsibility requiring the highest ideals of professional service.

In the belief that the quality of the services of the education profession directly influences the nation and its citizens, the educator shall exert every effort to raise professional standards, to promote a climate that encourages the exercise of professional judgment, to achieve conditions that attract persons worthy of the trust to careers in education, and to assist in preventing the practice of the profession by unqualified persons.

In fulfillment of the obligation of the profession, the educator:

1. Shall not in any application for a professional position deliberately make a false statement or fail to disclose a material fact related to competency and qualifications

2. Shall not misrepresent ~~his/her~~the educator's professional qualifications

3. Shall not assist any entry into the profession of a person known to be unqualified in respect to character, education, or other relevant attribute

4. Shall not knowingly make a false statement concerning the qualifications of a candidate for a professional position

5. Shall not assist a noneducator in the unauthorized practice of teaching

6. Shall not disclose information about colleagues obtained in the course of professional service unless disclosure serves a compelling professional purpose or is required by law

7. Shall not knowingly make false or malicious statements about a colleague

8. Shall not accept any gratuity, gift, or favor that might impair or appear to influence professional decisions or action

Policy 4119.24: Maintaining Appropriate Adult-Student Interactions

Status: ADOPTED

Original Adopted Date: 07/01/2019 **| Last Revised Date:** 02/01/2026 **| Last Reviewed Date:** ~~07~~02/01/~~2019~~2026

~~CSBA NOTE: The following optional policy may be revised to reflect district practice.~~

CSBA NOTE: This policy is **mandated,** pursuant to Education Code 32100, as added by SB 848 (Ch. 460, Statutes of 2025), which requires districts to, by July 1, 2026, adopt policies that (1) promote safe environments for student learning and engagement that explicitly addresses professional boundaries between (a) students and school employees, adult volunteers, and school contractors, (b) among and between students, and (c) among and between adults employed, volunteering, or under contract with the district, and (2) establishes appropriate limits on contact during or outside of the school day between students and school employees, volunteers, and school contractors via social media internet platforms, text messaging, and other forms of communication that do not otherwise include the student's parent/guardian. The limitations in this policy may vary based on the age or grade of the students and may be revised to reflect district practice. For more information regarding professional standards for district employees, see BP 4119.21/4219.21/4319.21 – Professional Standards.

For purposes of this policy employees include interns, volunteers, contractors, and other persons with an employment relationship with the district.

The Governing Board desires to provide a safe and positive school environment that ~~protects~~promotes the learning, engagement, safety, and well-being of district students. The Board expects all adults with whom students may interact at school or in school-related activities, ~~including employees, independent contractors, and volunteers,~~ to maintain the highest professional and ethical standards in their interactions with students both within and outside the educational setting~~.~~, in accordance with this policy and Board Policy 4119.21/4219.21/4319.21 – Professional Standards. Such adults shall not engage in threatening, unsafe, unlawful, or inappropriate interactions with students and shall avoid boundary-blurring behaviors that undermine trust in the adult-student relationship and lead to the appearance of impropriety.

~~Employees are prohibited from entering into or attempting to form a romantic or sexual relationship with any student or engaging in sexual harassment of a student, including sexual advances, flirtations, requests for sexual favors, inappropriate comments about a student's body or appearance, or other verbal, visual, or physical conduct of a sexual nature.~~

Adults shall not intrude on a student's physical or emotional boundaries unless necessary in an emergency or to serve a legitimate purpose related to instruction, counseling, student health, or student or staff safety.

~~CSBA NOTE: Pursuant to the Child Abuse and Neglect Reporting Act (Penal Code 11164-11174.3), persons identified as "mandated reporters," including, but not limited to, school administrators, certificated staff, and classified staff, are required to report known or suspected child abuse,~~

~~including sexual assault and sexual exploitation. For required procedures for filing a report, see BP/AR 5141.4 - Child Abuse Prevention and Reporting.~~

~~Any employee who observes or has knowledge of another employee's violation of this policy shall report the information to the Superintendent or designee or appropriate agency for investigation pursuant to the applicable complaint procedures. Other adults with knowledge of any violation of this policy are encouraged to report the violation to the Superintendent or designee. The Superintendent or designee shall protect anyone who reports a violation from retaliation. Immediate intervention shall be implemented when necessary to protect student safety or the integrity of the investigation.~~

~~Employees who engage in any conduct in violation of this policy, including retaliation against a person who reports the violation or participates in the complaint process, shall be subject to discipline, up to and including dismissal. Any other adult who violates this policy may be barred from school grounds and activities in accordance with law. The Superintendent or designee may also notify law enforcement as appropriate.~~

CSBA NOTE: Education Code 44050 requires districts maintaining an employee code of conduct that addresses employee interactions with students to post, in a publicly accessible manner on each school's ~~web site~~website or on the district ~~web site~~website if a school does not maintain one, the section(s) of the code of conduct dealing with employee-student interactions. ~~At~~Additionally, at the beginning of each school year, the district ~~must also~~is required to provide parents/guardians with written copies of the sections of the employee code of conduct that address employee interactions with students. The applicable sections of the code of conduct may appear in a variety of district documents, including, but not limited to, this Board policy, sections of BP/E 4119.21/4219.21/4319.21 - Professional Standards, and employee handbooks.

The district's employee code of conduct addressing interactions with students shall be provided to parents/guardians at the beginning of each school year and shall be posted on school and/or district ~~web sites~~websites. (Education Code 44050)

Inappropriate Conduct

CSBA NOTE: The following section lists examples of prohibited inappropriate conduct and conduct that can create the appearance of impropriety and reflects the requirements of Education Code 32100, as added by SB 848. The list may be modified to reflect district practice and the grade levels served, so long as the list conforms with the requirements of Education Code 32100. For additional examples of behaviors that may constitute sexual harassment of students, see BP/AR 5145.7 - Sexual Harassment

Employees shall remain vigilant of their position of authority and not abuse it when relating with students. ~~Examples of employee conduct that can undermine professional adult-student interactions or create the appearance of impropriety include, but are not limited to:~~

The Board prohibits inappropriate conduct between employees and students. (Education Code 32100)

Inappropriate employee conduct includes, but is not limited to:

1. Initiating inappropriate physical contact

2. Attempting to form a romantic or sexual relationship with any student or engaging in sexual harassment of a student, including sexual advances, flirtations, requests for sexual favors, inappropriate comments about a student's body or appearance, or other verbal, visual, or physical conduct of a sexual nature

3. Engaging in inappropriate socialization or fraternization with a student or soliciting, encouraging, or maintaining an inappropriate written, verbal, or physical relationship with a student

~~2.~~ 4. Being alone with a student outside of the view of others

~~3.~~ 5. Visiting a student's home or inviting a student to visit the employee's home without parent/guardian consent

CSBA NOTE: Education Code 32100, as added by SB 848, requires the district's policy to establish appropriate limits on contact during or outside of the school day between students and employees via social media platforms, text messaging, and other forms of communication that do not otherwise include the student's parent/guardian.

~~4.~~ 6. Maintaining personal contact with a student during or outside the school day that has no legitimate educational purpose, by phone, letter, text message, social media internet platforms, electronic communications, or other means of communication, without including the student's parent/guardian ~~or the principal~~

~~When communicating electronically with students~~In accordance with Board Policy/Administrative Regulation 4040 - Employee Use of Technology, employees shall use district equipment or technological resources, when available, when communicating electronically with students. Employees shall not communicate with students through any medium that is designed to eliminate records of the communications. The Superintendent or designee may monitor employee usage of district technology at any time without advance notice or consent.

~~5.~~ 7. Creating or participating in social networking sites for communication with students, other than those created by the district, without the prior written approval of the principal or designee

~~6.~~ 8. Inviting or accepting requests from students, or former students who are minors, to connect on personal social networking sites (e.g., "friending" or "following" on social media), unless the site is dedicated to school business

~~7.~~ 9. Singling out a particular student for personal attention and friendship, including giving gifts and/or nicknames to individual students

~~8.~~ 10. Addressing a student in an overly familiar manner, such as by using a term of endearment

~~9.~~ 11. Socializing or spending time with students outside of school-sponsored events, except as participants in community activities

~~10.~~ 12. Sending or accompanying students on personal errands unrelated to any legitimate educational purpose

~~11.~~ 13. Transporting a student in a personal vehicle without prior authorization

~~12.~~ 14. Encouraging students to confide ~~their~~ personal or family problems and/or relationships

~~13.~~ 15. Disclosing personal, family, or other private matters to students or sharing personal secrets with students

16. Engaging in any conduct that endangers or threatens to endanger students, including, but not limited to, physical violence or threats of violence

17. Engaging in harassing or discriminatory behavior towards students, or failing or refusing to intervene when an act of discrimination, harassment, intimidation, or bullying against a student is observed

18. Physically abusing, sexually abusing, neglecting, or otherwise willfully harming or injuring a child

19. Using profane, obscene, or abusive language against students

Violations of Policy

CSBA NOTE: Pursuant to the Child Abuse and Neglect Reporting Act (Penal Code 11164-11174.3), persons identified as "mandated reporters," including, but not limited to, school administrators, certificated staff, and classified staff, and as amended by SB 848, Board members and volunteers, are required to report known or suspected child abuse, including sexual assault and sexual exploitation. For required procedures for filing a report, see BP/AR 5141.4 - Child Abuse Prevention and Reporting.

Any employee who observes or has knowledge of another employee's violation of this policy shall report the information to the Superintendent or designee or appropriate agency for investigation pursuant to the applicable complaint procedures. Other adults with knowledge of any violation of this policy are encouraged to report the violation to the Superintendent or designee. The Board prohibits retaliation against anyone who reports a violation of this policy. Immediate intervention shall be implemented when necessary to protect student safety or the integrity of the investigation.

Employees who engage in any conduct in violation of this policy, including retaliation against a person who reports the violation or participates in the complaint process, shall be subject to discipline, up to and including dismissal. Any other adult who violates this policy may be barred from school grounds and activities in accordance with law. Additionally, the Superintendent or designee may also notify law enforcement as appropriate.

Policy 4156.3: Employee Property Reimbursement

Status: ADOPTED

Original Adopted Date: 09/01/1988 **| Last Revised Date:** 02/01/~~1998~~2026 **| Last Reviewed Date:** 02/01/~~1998~~2026

CSBA NOTE: The following optional policy may be ~~subject~~revised to ~~collective bargaining agreements~~reflect district practice.

Option 1 is for districts that do not authorize payment for the reimbursement of employee personal property which may be stolen or intentionally destroyed or damaged while being used for work-related purposes.

Option 2 is for districts that authorize, pursuant to Education Code 35213, payment for the reimbursement of employee personal property which may be stolen or intentionally destroyed or damaged while being used for work-related purposes.

OPTION 1: (No reimbursement of employee personal property)

The Governing Board does not authorize payment for the reimbursement of employee personal property which may be stolen or intentionally destroyed or damaged while being used for work-related purposes.

OPTION 1 ENDS HERE

~~CSBA NOTE: The remainder of this policy is for use by districts that select Option 2.~~

OPTION 2: (Reimbursement of employee personal property stolen or intentionally destroyed or damaged while being used for work-related purposes)

~~The~~ To the extent that the full cost of repair or replacement is not covered by another source, such as an employee's private insurance, the Governing Board authorizes the Superintendent or designee to pay the remaining cost of replacing or repairing employee personal property, except cash, which has been stolen or intentionally destroyed or damaged while being used for work-related purposes.

The Board may establish a maximum value of reimbursement which shall be paid. (Education Code 35213)

No reimbursement shall be made for accidental damage or for any loss due to lack of personal supervision or failure to keep property in a secured area.

The maximum payment shall be the amount specified by the district's insurance carrier for such loss or the amount specified in the applicable collective bargaining agreement, whichever is less.

Reimbursement for personal items used for work-related purposes shall be made only if: (Education Code 35213)

1. Use of the personal property was approved by the principal, site supervisor or designee before the property was brought to school or district premises

2. At that time, the employee and district representative agreed on the value of the property

Policy 4219.21: Professional Standards

Status: ADOPTED

Original Adopted Date: 07/01/2009 **| Last Revised Date:** ~~12~~02/01/~~2017~~2026 **| Last Reviewed Date:** ~~12~~02/01/~~2017~~2026

CSBA NOTE: The following optional policy ~~should~~may be revised to reflect district practice.

Pursuant to Education Code 32100, as added by SB 848 (Ch. 460, Statutes of 2025), districts are required to, by July 1, 2026, adopt policies that (1) promote safe environments for student learning and~~/~~ engagement that explicitly address professional boundaries between (a) students and school employees, adult volunteers, and school contractors, (b) among and between students, and (c) among and between adults employed, volunteering, or ~~any related provisions of collective bargaining agreements~~under contract with the district, and (2) establish appropriate limits on contact during or outside of the school day between students and school employees, volunteers, and school contractors via social media internet platforms, text messaging, and other forms of communication that do not otherwise include the student's parent/guardian. The limitations in this policy may vary based on the age or grade of the students and may be revised to reflect district practice. For language fulfilling these mandates, see BP 4119.24/4219.24/4319.24 – Maintaining Appropriate Adult-Student Interactions.

~~The Governing~~The Governing Board desires to provide a safe and positive school environment that promotes the learning, engagement, safety, and well-being of district students. The Board expects district employees to maintain the highest ethical standards, behave professionally, follow district policies and regulations, abide by state and federal laws, and exercise good judgment when interacting with students and other members of the school community. Employees shall engage in conduct that enhances the integrity of the district~~,~~; advances the goals of the district's educational programs; encourages student learning, engagement, and success; and contributes to a safe and positive school climate.

CSBA NOTE: The following optional paragraph encourages district employees to abide by standards developed by their professional associations. The professional standards for certificated staff have been developed by the National Education Association, the professional standards for classified staff have been developed by the California School Employees Association, and the professional standards for managerial and supervisory staff have been developed by the Commission on Teacher Credentialing (CTC), each available on their respective websites. These standards are reproduced at E(1) 4119.21 (certificated personnel), E(1) 4219.21 (classified personnel), and E(1) 4319.21 (administrative and supervisory personnel).

The Board encourages district employees to accept as guiding principles the professional standards and codes of ethics adopted by educational or professional associations to which they may belong.

Each employee is expected to acquire the knowledge and skills necessary to fulfill ~~his/her~~the employee's professional responsibilities and to contribute to the learning and achievement of district students.

Inappropriate Conduct

The Board prohibits inappropriate conduct between employees, adult volunteers, and district contractors and among and between adults employed, volunteering, or under contract with the district. (Education Code 32100)

Inappropriate employee conduct includes, but is not limited to:

1. Engaging in any conduct that endangers or threatens to endanger students, staff, or others, including, but not limited to, physical violence, threats of violence, or possession of a firearm or other weapon

2. Engaging in harassing or discriminatory behavior towards students, parents/guardians, staff, or community members, or failing or refusing to intervene when an act of discrimination, harassment, intimidation, or bullying against a student is observed

3. Physically abusing, sexually abusing, neglecting, or otherwise willfully harming or injuring a child

4. Engaging in inappropriate socialization or fraternization with a student or soliciting, encouraging, or maintaining an inappropriate written, verbal, or physical relationship with a student

CSBA NOTE: Pursuant to Penal Code 311.2, pornography includes digitally altered or artificial-intelligence-generated matter.

5. Possessing or viewing any pornography on school grounds, or possessing or viewing child pornography or other imagery portraying children in a sexualized manner at any time

6. Using profane, obscene, or abusive language against students, parents/guardians, staff, or community members

7. Willfully disrupting district or school operations by loud or unreasonable noise or other action

8. Using tobacco, alcohol, or an illegal or unauthorized substance, or possessing or distributing any controlled substance, while in the workplace, on district property, or at a school-sponsored activity

9. Being dishonest with students, parents/guardians, staff, or members of the public, including, but not limited to, falsifying information in employment records or other school records

10. Divulging confidential information about students, district employees, or district operations to persons or entities not authorized to receive the information

11. Using district equipment or other district resources for the employee's own commercial purposes or for political activities

12. Using district equipment or communications devices for personal purposes while on duty, except in an emergency, during scheduled work breaks, or for personal necessity

    Employees shall be notified that computer files and all electronic communications, including, but not limited to, email and voice mail, are not private. To ensure proper use, the Superintendent or designee may monitor employee usage of district technological resources at any time without the employee's consent.

13. Causing damage to or engaging in theft of property belonging to students, staff, or the district

CSBA NOTE: For more information about appropriate attire for district employees, see BP 4119.22/4219.22/4319.22 - Dress and Grooming.

14. Wearing inappropriate attire

15. Other conduct prohibited in Board Policy 4119.24/4219.24/4319.24 – Maintaining Appropriate Adult-Student Interactions

Reports of Misconduct

An employee who observes or has evidence of another employee's inappropriate conduct shall immediately report such conduct to the principal or Superintendent or designee. An employee who has knowledge of or suspects child abuse or neglect shall file a report pursuant to the district's child abuse reporting procedures as detailed in ~~AR~~Administrative Regulation 5141.4 - Child Abuse Prevention and Reporting.

CSBA NOTE: Discipline of employees is a subject of collective bargaining. For information about the range of disciplinary actions that may be taken, see BP/AR 4118 - Dismissal/Suspension/Disciplinary Action, and AR 4218 - Dismissal/Suspension/Disciplinary Action.

Education Code 44242.5 and 5 CCR 80303 require the Superintendent to notify ~~the Commission on Teacher Credentialing (CTC)~~CTC when the status of a certificated employee changes as a result of alleged misconduct. Although "alleged misconduct" is not defined in ~~the~~ law, ~~the~~ CTC ~~states~~provides that conduct affecting classroom safety, student safety, or the integrity of the school environment is the type of misconduct that ~~must~~is required to be reported. See AR 4117.7/4317.7 - Employment Status Reports.

Any reports of employee misconduct shall be promptly investigated~~.~~ by the Superintendent or designee. Any employee who is found to have engaged in inappropriate conduct in violation of law or Board policy shall be subject to disciplinary action and, in the case of a certificated employee, may be subject to a report to the Commission on Teacher Credentialing. The Superintendent or designee shall notify local law enforcement as appropriate.

An employee who has knowledge of but fails to report inappropriate employee conduct may also be subject to discipline.

The district prohibits retaliation against anyone who files a complaint against an employee or reports an employee's inappropriate conduct. Any employee who retaliates against any such complainant, reporter, or other participant in the district's complaint process shall be subject to discipline.

Notifications

CSBA NOTE: ~~Beginning January 1, 2018,~~ Education Code 44050~~, as added by AB 500 (Ch. 580, Statutes of 2017),~~ requires districts maintaining an employee code of conduct that addresses employee interactions with students to post the section(s) on employee-student interactions in a publicly accessible manner on each school's ~~web site~~website, or the district ~~web site~~website if a school does not maintain one. ~~Beginning July 1, 2018~~Additionally, at the beginning of each school year, the district ~~must also~~is required to provide parents/guardians with written copies of the sections of the employee code of conduct that address employee interactions with students. The applicable sections of the code of conduct may appear in a variety of district documents, including, but not limited to, portions of this Board policy, employee handbooks, and/or the code of conduct adopted by the district for use by certificated, classified, or administrative personnel as presented in the accompanying Exhibits.

The section(s) of the district's employee code of conduct addressing interactions with students shall be provided to parents/guardians at the beginning of each school year and shall be posted on school and/or district ~~web sites~~websites. (Education Code 44050)

CODE OF ETHICS
CLASSIFIED EMPLOYEES

CSBA NOTE: The following exhibit reflects the Code of Ethics, as adopted by the California School Employees' Association in July 1954, which describes the skills and abilities needed by classified employees.

School employees who are in daily contact with many phases of educational work should be persons whose conduct is beyond reproach and who sincerely believe in the advancement of education and the betterment of working conditions; therefore, the California School Employees' Association (CSEA) proposes this Code of Ethics as a standard for its members.

AS A SCHOOL EMPLOYEE I WILL:

1. Be proud of my vocation in order that I may use my best endeavors to elevate the standards of my position so that I may merit a reputation for high quality of service -- to the end that others may emulate my example~~.~~

2. Be a person of integrity, clean speech, desirable personal habits, and physical fitness~~.~~

3. Be just in my criticism and be generous in my praise; to improve and not destroy~~.~~

4. At all times be courteous in my relations with students, parents/guardians, teachers and others~~.~~

5. Be a resourceful person who readily adapts ~~himself~~ to different kinds of work and changed conditions and finds better ways to do things~~.~~

6. Conduct myself in a spirit of friendly helpfulness to my fellow employees to the end that I will consider no personal success legitimate or ethical which is secured by taking unfair advantage of another~~.~~

7. Associate myself with employees of other districts for the purpose of discussing school problems and cooperating in the improvement of public school conditions~~.~~

8. Always uphold my obligations as a citizen to my nation, my state, my school district and my community, and give them unswerving loyalty.

9. Always bear in mind that the purpose of CSEA is to promote the efficiency and raise the standards of all school employees and that I shall be equally obligated to assist all my fellow workers.

Policy 4219.24: Maintaining Appropriate Adult-Student Interactions

Status: ADOPTED

Original Adopted Date: 07/01/2019 **| Last Revised Date:** 02/01/2026 **| Last Reviewed Date:** ~~07~~02/01/~~2019~~2026

~~CSBA NOTE: The following optional policy may be revised to reflect district practice.~~

CSBA NOTE: This policy is **mandated,** pursuant to Education Code 32100, as added by SB 848 (Ch. 460, Statutes of 2025), which requires districts to, by July 1, 2026, adopt policies that (1) promote safe environments for student learning and engagement that explicitly addresses professional boundaries between (a) students and school employees, adult volunteers, and school contractors, (b) among and between students, and (c) among and between adults employed, volunteering, or under contract with the district, and (2) establishes appropriate limits on contact during or outside of the school day between students and school employees, volunteers, and school contractors via social media internet platforms, text messaging, and other forms of communication that do not otherwise include the student's parent/guardian. The limitations in this policy may vary based on the age or grade of the students and may be revised to reflect district practice. For more information regarding professional standards for district employees, see BP 4119.21/4219.21/4319.21 – Professional Standards.

For purposes of this policy employees include interns, volunteers, contractors, and other persons with an employment relationship with the district.

The Governing Board desires to provide a safe and positive school environment that ~~protects~~promotes the learning, engagement, safety, and well-being of district students. The Board expects all adults with whom students may interact at school or in school-related activities, ~~including employees, independent contractors, and volunteers,~~ to maintain the highest professional and ethical standards in their interactions with students both within and outside the educational setting~~.~~, in accordance with this policy and Board Policy 4119.21/4219.21/4319.21 – Professional Standards. Such adults shall not engage in threatening, unsafe, unlawful, or inappropriate interactions with students and shall avoid boundary-blurring behaviors that undermine trust in the adult-student relationship and lead to the appearance of impropriety.

~~Employees are prohibited from entering into or attempting to form a romantic or sexual relationship with any student or engaging in sexual harassment of a student, including sexual advances, flirtations, requests for sexual favors, inappropriate comments about a student's body or appearance, or other verbal, visual, or physical conduct of a sexual nature.~~

Adults shall not intrude on a student's physical or emotional boundaries unless necessary in an emergency or to serve a legitimate purpose related to instruction, counseling, student health, or student or staff safety.

~~CSBA NOTE: Pursuant to the Child Abuse and Neglect Reporting Act (Penal Code 11164-11174.3), persons identified as "mandated reporters," including, but not limited to, school administrators, certificated staff, and classified staff, are required to report known or suspected child abuse,~~

~~including sexual assault and sexual exploitation. For required procedures for filing a report, see BP/AR 5141.4 - Child Abuse Prevention and Reporting.~~

~~Any employee who observes or has knowledge of another employee's violation of this policy shall report the information to the Superintendent or designee or appropriate agency for investigation pursuant to the applicable complaint procedures. Other adults with knowledge of any violation of this policy are encouraged to report the violation to the Superintendent or designee. The Superintendent or designee shall protect anyone who reports a violation from retaliation. Immediate intervention shall be implemented when necessary to protect student safety or the integrity of the investigation.~~

~~Employees who engage in any conduct in violation of this policy, including retaliation against a person who reports the violation or participates in the complaint process, shall be subject to discipline, up to and including dismissal. Any other adult who violates this policy may be barred from school grounds and activities in accordance with law. The Superintendent or designee may also notify law enforcement as appropriate.~~

CSBA NOTE: Education Code 44050 requires districts maintaining an employee code of conduct that addresses employee interactions with students to post, in a publicly accessible manner on each school's ~~web site~~website or on the district ~~web site~~website if a school does not maintain one, the section(s) of the code of conduct dealing with employee-student interactions. ~~At~~Additionally, at the beginning of each school year, the district ~~must also~~is required to provide parents/guardians with written copies of the sections of the employee code of conduct that address employee interactions with students. The applicable sections of the code of conduct may appear in a variety of district documents, including, but not limited to, this Board policy, sections of BP/E 4119.21/4219.21/4319.21 - Professional Standards, and employee handbooks.

The district's employee code of conduct addressing interactions with students shall be provided to parents/guardians at the beginning of each school year and shall be posted on school and/or district ~~web sites~~websites. (Education Code 44050)

Inappropriate Conduct

CSBA NOTE: The following section lists examples of prohibited inappropriate conduct and conduct that can create the appearance of impropriety and reflects the requirements of Education Code 32100, as added by SB 848. The list may be modified to reflect district practice and the grade levels served, so long as the list conforms with the requirements of Education Code 32100. For additional examples of behaviors that may constitute sexual harassment of students, see BP/AR 5145.7 - Sexual Harassment

Employees shall remain vigilant of their position of authority and not abuse it when relating with students. ~~Examples of employee conduct that can undermine professional adult-student interactions or create the appearance of impropriety include, but are not limited to:~~

The Board prohibits inappropriate conduct between employees and students. (Education Code 32100)

Inappropriate employee conduct includes, but is not limited to:

1. Initiating inappropriate physical contact

2. Attempting to form a romantic or sexual relationship with any student or engaging in sexual harassment of a student, including sexual advances, flirtations, requests for sexual favors, inappropriate comments about a student's body or appearance, or other verbal, visual, or physical conduct of a sexual nature

3. Engaging in inappropriate socialization or fraternization with a student or soliciting, encouraging, or maintaining an inappropriate written, verbal, or physical relationship with a student

~~2.~~ 4. Being alone with a student outside of the view of others

~~3.~~ 5. Visiting a student's home or inviting a student to visit the employee's home without parent/guardian consent

CSBA NOTE: Education Code 32100, as added by SB 848, requires the district's policy to establish appropriate limits on contact during or outside of the school day between students and employees via social media platforms, text messaging, and other forms of communication that do not otherwise include the student's parent/guardian.

~~4.~~ 6. Maintaining personal contact with a student during or outside the school day that has no legitimate educational purpose, by phone, letter, text message, social media internet platforms, electronic communications, or other means of communication, without including the student's parent/guardian ~~or the principal~~

~~When communicating electronically with students~~In accordance with Board Policy/Administrative Regulation 4040 - Employee Use of Technology, employees shall use district equipment or technological resources, when available, when communicating electronically with students. Employees shall not communicate with students through any medium that is designed to eliminate records of the communications. The Superintendent or designee may monitor employee usage of district technology at any time without advance notice or consent.

~~5.~~ 7. Creating or participating in social networking sites for communication with students, other than those created by the district, without the prior written approval of the principal or designee

~~6.~~ 8. Inviting or accepting requests from students, or former students who are minors, to connect on personal social networking sites (e.g., "friending" or "following" on social media), unless the site is dedicated to school business

~~7.~~ 9. Singling out a particular student for personal attention and friendship, including giving gifts and/or nicknames to individual students

~~8.~~ 10. Addressing a student in an overly familiar manner, such as by using a term of endearment

~~9.~~ 11. Socializing or spending time with students outside of school-sponsored events, except as participants in community activities

~~10.~~ 12. Sending or accompanying students on personal errands unrelated to any legitimate educational purpose

~~11.~~ 13. Transporting a student in a personal vehicle without prior authorization

~~12.~~ 14. Encouraging students to confide ~~their~~ personal or family problems and/or relationships

~~13.~~ 15. Disclosing personal, family, or other private matters to students or sharing personal secrets with students

16. Engaging in any conduct that endangers or threatens to endanger students, including, but not limited to, physical violence or threats of violence

17. Engaging in harassing or discriminatory behavior towards students, or failing or refusing to intervene when an act of discrimination, harassment, intimidation, or bullying against a student is observed

18. Physically abusing, sexually abusing, neglecting, or otherwise willfully harming or injuring a child

19. Using profane, obscene, or abusive language against students

Violations of Policy

CSBA NOTE: Pursuant to the Child Abuse and Neglect Reporting Act (Penal Code 11164-11174.3), persons identified as "mandated reporters," including, but not limited to, school administrators, certificated staff, and classified staff, and as amended by SB 848, Board members and volunteers, are required to report known or suspected child abuse, including sexual assault and sexual exploitation. For required procedures for filing a report, see BP/AR 5141.4 - Child Abuse Prevention and Reporting.

Any employee who observes or has knowledge of another employee's violation of this policy shall report the information to the Superintendent or designee or appropriate agency for investigation pursuant to the applicable complaint procedures. Other adults with knowledge of any violation of this policy are encouraged to report the violation to the Superintendent or designee. The Board prohibits retaliation against anyone who reports a violation of this policy. Immediate intervention shall be implemented when necessary to protect student safety or the integrity of the investigation.

Employees who engage in any conduct in violation of this policy, including retaliation against a person who reports the violation or participates in the complaint process, shall be subject to discipline, up to and including dismissal. Any other adult who violates this policy may be barred from school grounds and activities in accordance with law. Additionally, the Superintendent or designee may also notify law enforcement as appropriate.

Policy 4256.3: Employee Property Reimbursement

Status: ADOPTED

Original Adopted Date: 09/01/1988 **| Last Revised Date:** 02/01/~~1998~~2026 **| Last Reviewed Date:** 02/01/~~1998~~2026

CSBA NOTE: The following optional policy may be ~~subject~~revised to ~~collective bargaining agreements~~reflect district practice.

Option 1 is for districts that do not authorize payment for the reimbursement of employee personal property which may be stolen or intentionally destroyed or damaged while being used for work-related purposes.

Option 2 is for districts that authorize, pursuant to Education Code 35213, payment for the reimbursement of employee personal property which may be stolen or intentionally destroyed or damaged while being used for work-related purposes.

OPTION 1: (No reimbursement of employee personal property)

The Governing Board does not authorize payment for the reimbursement of employee personal property which may be stolen or intentionally destroyed or damaged while being used for work-related purposes.

OPTION 1 ENDS HERE

~~CSBA NOTE: The remainder of this policy is for use by districts that select Option 2.~~

OPTION 2: (Reimbursement of employee personal property stolen or intentionally destroyed or damaged while being used for work-related purposes)

~~The~~ To the extent that the full cost of repair or replacement is not covered by another source, such as an employee's private insurance, the Governing Board authorizes the Superintendent or designee to pay the remaining cost of replacing or repairing employee personal property, except cash, which has been stolen or intentionally destroyed or damaged while being used for work-related purposes.

The Board may establish a maximum value of reimbursement which shall be paid. (Education Code 35213)

No reimbursement shall be made for accidental damage or for any loss due to lack of personal supervision or failure to keep property in a secured area.

The maximum payment shall be the amount specified by the district's insurance carrier for such loss or the amount specified in the applicable collective bargaining agreement, whichever is less.

Reimbursement for personal items used for work-related purposes shall be made only if: (Education Code 35213)

1. Use of the personal property was approved by the principal, site supervisor or designee before the property was brought to school or district premises

2. At that time, the employee and district representative agreed on the value of the property

Policy 4319.21: Professional Standards

Status: ADOPTED

Original Adopted Date: 07/01/2009 **| Last Revised Date:** ~~12~~02/01/~~2017~~2026 **| Last Reviewed Date:** ~~12~~02/01/~~2017~~2026

CSBA NOTE: The following optional policy ~~should~~may be revised to reflect district practice.

Pursuant to Education Code 32100, as added by SB 848 (Ch. 460, Statutes of 2025), districts are required to, by July 1, 2026, adopt policies that (1) promote safe environments for student learning and~~/~~ engagement that explicitly address professional boundaries between (a) students and school employees, adult volunteers, and school contractors, (b) among and between students, and (c) among and between adults employed, volunteering, or ~~any related provisions of collective bargaining agreements~~under contract with the district, and (2) establish appropriate limits on contact during or outside of the school day between students and school employees, volunteers, and school contractors via social media internet platforms, text messaging, and other forms of communication that do not otherwise include the student's parent/guardian. The limitations in this policy may vary based on the age or grade of the students and may be revised to reflect district practice. For language fulfilling these mandates, see BP 4119.24/4219.24/4319.24 – Maintaining Appropriate Adult-Student Interactions.

~~The Governing~~The Governing Board desires to provide a safe and positive school environment that promotes the learning, engagement, safety, and well-being of district students. The Board expects district employees to maintain the highest ethical standards, behave professionally, follow district policies and regulations, abide by state and federal laws, and exercise good judgment when interacting with students and other members of the school community. Employees shall engage in conduct that enhances the integrity of the district~~,~~; advances the goals of the district's educational programs; encourages student learning, engagement, and success; and contributes to a safe and positive school climate.

CSBA NOTE: The following optional paragraph encourages district employees to abide by standards developed by their professional associations. The professional standards for certificated staff have been developed by the National Education Association, the professional standards for classified staff have been developed by the California School Employees Association, and the professional standards for managerial and supervisory staff have been developed by the Commission on Teacher Credentialing (CTC), each available on their respective websites. These standards are reproduced at E(1) 4119.21 (certificated personnel), E(1) 4219.21 (classified personnel), and E(1) 4319.21 (administrative and supervisory personnel).

The Board encourages district employees to accept as guiding principles the professional standards and codes of ethics adopted by educational or professional associations to which they may belong.

Each employee is expected to acquire the knowledge and skills necessary to fulfill ~~his/her~~the employee's professional responsibilities and to contribute to the learning and achievement of district students.

Inappropriate Conduct

The Board prohibits inappropriate conduct between employees, adult volunteers, and district contractors and among and between adults employed, volunteering, or under contract with the district. (Education Code 32100)

Inappropriate employee conduct includes, but is not limited to:

1. Engaging in any conduct that endangers or threatens to endanger students, staff, or others, including, but not limited to, physical violence, threats of violence, or possession of a firearm or other weapon

2. Engaging in harassing or discriminatory behavior towards students, parents/guardians, staff, or community members, or failing or refusing to intervene when an act of discrimination, harassment, intimidation, or bullying against a student is observed

3. Physically abusing, sexually abusing, neglecting, or otherwise willfully harming or injuring a child

4. Engaging in inappropriate socialization or fraternization with a student or soliciting, encouraging, or maintaining an inappropriate written, verbal, or physical relationship with a student

CSBA NOTE: Pursuant to Penal Code 311.2, pornography includes digitally altered or artificial-intelligence-generated matter.

5. Possessing or viewing any pornography on school grounds, or possessing or viewing child pornography or other imagery portraying children in a sexualized manner at any time

6. Using profane, obscene, or abusive language against students, parents/guardians, staff, or community members

7. Willfully disrupting district or school operations by loud or unreasonable noise or other action

8. Using tobacco, alcohol, or an illegal or unauthorized substance, or possessing or distributing any controlled substance, while in the workplace, on district property, or at a school-sponsored activity

9. Being dishonest with students, parents/guardians, staff, or members of the public, including, but not limited to, falsifying information in employment records or other school records

10. Divulging confidential information about students, district employees, or district operations to persons or entities not authorized to receive the information

11. Using district equipment or other district resources for the employee's own commercial purposes or for political activities

12. Using district equipment or communications devices for personal purposes while on duty, except in an emergency, during scheduled work breaks, or for personal necessity

    Employees shall be notified that computer files and all electronic communications, including, but not limited to, email and voice mail, are not private. To ensure proper use, the Superintendent or designee may monitor employee usage of district technological resources at any time without the employee's consent.

13. Causing damage to or engaging in theft of property belonging to students, staff, or the district

CSBA NOTE: For more information about appropriate attire for district employees, see BP 4119.22/4219.22/4319.22 - Dress and Grooming.

14. Wearing inappropriate attire

15. Other conduct prohibited in Board Policy 4119.24/4219.24/4319.24 – Maintaining Appropriate Adult-Student Interactions

Reports of Misconduct

An employee who observes or has evidence of another employee's inappropriate conduct shall immediately report such conduct to the principal or Superintendent or designee. An employee who has knowledge of or suspects child abuse or neglect shall file a report pursuant to the district's child abuse reporting procedures as detailed in ~~AR~~Administrative Regulation 5141.4 - Child Abuse Prevention and Reporting.

CSBA NOTE: Discipline of employees is a subject of collective bargaining. For information about the range of disciplinary actions that may be taken, see BP/AR 4118 - Dismissal/Suspension/Disciplinary Action, and AR 4218 - Dismissal/Suspension/Disciplinary Action.

Education Code 44242.5 and 5 CCR 80303 require the Superintendent to notify ~~the Commission on Teacher Credentialing (CTC)~~CTC when the status of a certificated employee changes as a result of alleged misconduct. Although "alleged misconduct" is not defined in ~~the~~ law, ~~the~~ CTC ~~states~~provides that conduct affecting classroom safety, student safety, or the integrity of the school environment is the type of misconduct that ~~must~~is required to be reported. See AR 4117.7/4317.7 - Employment Status Reports.

Any reports of employee misconduct shall be promptly investigated~~.~~ by the Superintendent or designee. Any employee who is found to have engaged in inappropriate conduct in violation of law or Board policy shall be subject to disciplinary action and, in the case of a certificated employee, may be subject to a report to the Commission on Teacher Credentialing. The Superintendent or designee shall notify local law enforcement as appropriate.

An employee who has knowledge of but fails to report inappropriate employee conduct may also be subject to discipline.

The district prohibits retaliation against anyone who files a complaint against an employee or reports an employee's inappropriate conduct. Any employee who retaliates against any such complainant, reporter, or other participant in the district's complaint process shall be subject to discipline.

Notifications

CSBA NOTE: ~~Beginning January 1, 2018,~~ Education Code 44050~~, as added by AB 500 (Ch. 580, Statutes of 2017),~~ requires districts maintaining an employee code of conduct that addresses employee interactions with students to post the section(s) on employee-student interactions in a publicly accessible manner on each school's ~~web site~~website, or the district ~~web site~~website if a school does not maintain one. ~~Beginning July 1, 2018~~Additionally, at the beginning of each school year, the district ~~must also~~is required to provide parents/guardians with written copies of the sections of the employee code of conduct that address employee interactions with students. The applicable sections of the code of conduct may appear in a variety of district documents, including, but not limited to, portions of this Board policy, employee handbooks, and/or the code of conduct adopted by the district for use by certificated, classified, or administrative personnel as presented in the accompanying Exhibits.

The section(s) of the district's employee code of conduct addressing interactions with students shall be provided to parents/guardians at the beginning of each school year and shall be posted on school and/or district ~~web sites~~websites. (Education Code 44050)

CALIFORNIA PROFESSIONAL STANDARDS FOR EDUCATIONAL LEADERS

CSBA NOTE: The following exhibit reflects the California Professional Standards for Educational Leaders (CPSEL), as adopted by the Commission on Teacher Credentialing (CTC) in February 2014, which describe the knowledge, skills, and abilities needed by school administrators. The CPSEL are the foundation for administrative services credential programs and are used by many districts for administrator induction programs and professional development. Pursuant to Education Code 44671, the CPSEL also may be used by districts as a basis for establishing criteria for evaluating principals; see BP 4315 - Evaluation/Supervision.

As provided below, the CPSEL describes six areas of responsibilities for an education leader, each of which is followed by several "elements" intended to clarify the standard and to organize and define key actions within that standard. Sample indicators, which provide examples of how an education leader might demonstrate the element or standard within ~~his/her~~ practice, are listed in the full CPSEL, available on ~~the~~ CTC's ~~web site~~website.

Standard 1. Development and Implementation of a Shared Vision: Education leaders facilitate the development and implementation of a shared vision of learning and growth of all students~~.~~

1A. Student-Centered Vision: Leaders shape a collective vision that uses multiple measures of data and focuses on equitable access, opportunities, and outcomes for all students~~.~~

1B. Developing Shared Vision: Leaders engage others in a collaborative process to develop a vision of teaching and learning that is shared and supported by all stakeholders~~.~~

1C. Vision Planning and Implementation: Leaders guide and monitor decisions, actions, and outcomes using the shared vision and goals~~.~~

Standard 2. Instructional Leadership: Education leaders shape a collaborative culture of teaching and learning informed by professional standards and focused on student and professional growth~~.~~

2A. Professional Learning Culture: Leaders promote a culture in which staff engages in individual and collective professional learning that results in their continuous improvement and high performance~~.~~

2B. Curriculum and Instruction: Leaders guide and support the implementation of standards-based curriculum, instruction, and assessments that address student expectations and outcomes~~.~~

2C. Assessment and Accountability: Leaders develop and use assessment and accountability

systems to monitor, improve, and extend educator practice, program outcomes, and student learning.

Standard 3. Management and Learning Environment: Education leaders manage the organization to cultivate a safe and productive learning and working environment.

3A. Operations and Facilities: Leaders provide and oversee a functional, safe, and clean learning environment.

3B. Plans and Procedures: Leaders establish structures and employ policies and processes that support students to graduate ready for college and career.

3C. Climate: Leaders facilitate safe, fair, and respectful environments that meet the intellectual, linguistic, cultural, social-emotional, and physical needs of each learner.

3D. Fiscal and Human Resources: Leaders align fiscal and human resources and manage policies and contractual agreements that build a productive learning environment.

Standard 4. Family and Community Engagement: Education leaders collaborate with families and other stakeholders to address diverse student and community interests and mobilize community resources.

4A. Parent and Family Engagement: Leaders meaningfully involve all parents/guardians and families, including underrepresented communities, in student learning and support programs.

4B. Community Partnerships: Leaders establish community partnerships that promote and support students to meet performance and content expectations and graduate ready for college and career.

4C. Community Resources and Services: Leaders leverage and integrate community resources and services to meet the varied needs of all students.

Standard 5. Ethics and Integrity: Education leaders make decisions, model, and behave in ways that demonstrate professionalism, ethics, integrity, justice, and equity and hold staff to the same standard.

5A. Reflective Practice: Leaders act upon a personal code of ethics that requires continuous reflection and learning.

5B. Ethical Decision-Making: Leaders guide and support personal and collective actions that use relevant evidence and available research to make fair and ethical decisions.

5C. Ethical Action: Leaders recognize and use their professional influence with staff and the community to develop a climate of trust, mutual respect, and honest communication necessary to consistently make fair and equitable decisions on behalf of all students.

Standard 6. External Context and Policy: Education leaders influence political, social, economic, legal, and cultural contexts affecting education to improve education policies and practices.

6A. Understanding and Communicating Policy: Leaders actively structure and participate in opportunities that develop greater public understanding of the education policy environment.

6B. Professional Influence: Leaders use their understanding of social, cultural, economic, legal, and political contexts to shape policies that lead all students to graduate ready for college and career.

6C. Policy Engagement: Leaders engage with policymakers and stakeholders to collaborate on education policies focused on improving education for all students.

Policy 4319.24: Maintaining Appropriate Adult-Student Interactions

Status: ADOPTED

Original Adopted Date: 07/01/2019 **| Last Revised Date:** 02/01/2026 **| Last Reviewed Date:** ~~07~~02/01/~~2019~~2026

~~CSBA NOTE: The following optional policy may be revised to reflect district practice.~~

CSBA NOTE: This policy is **mandated,** pursuant to Education Code 32100, as added by SB 848 (Ch. 460, Statutes of 2025), which requires districts to, by July 1, 2026, adopt policies that (1) promote safe environments for student learning and engagement that explicitly addresses professional boundaries between (a) students and school employees, adult volunteers, and school contractors, (b) among and between students, and (c) among and between adults employed, volunteering, or under contract with the district, and (2) establishes appropriate limits on contact during or outside of the school day between students and school employees, volunteers, and school contractors via social media internet platforms, text messaging, and other forms of communication that do not otherwise include the student's parent/guardian. The limitations in this policy may vary based on the age or grade of the students and may be revised to reflect district practice. For more information regarding professional standards for district employees, see BP 4119.21/4219.21/4319.21 – Professional Standards.

For purposes of this policy employees include interns, volunteers, contractors, and other persons with an employment relationship with the district.

The Governing Board desires to provide a safe and positive school environment that ~~protects~~promotes the learning, engagement, safety, and well-being of district students. The Board expects all adults with whom students may interact at school or in school-related activities, ~~including employees, independent contractors, and volunteers,~~ to maintain the highest professional and ethical standards in their interactions with students both within and outside the educational setting~~.~~, in accordance with this policy and Board Policy 4119.21/4219.21/4319.21 – Professional Standards. Such adults shall not engage in threatening, unsafe, unlawful, or inappropriate interactions with students and shall avoid boundary-blurring behaviors that undermine trust in the adult-student relationship and lead to the appearance of impropriety.

~~Employees are prohibited from entering into or attempting to form a romantic or sexual relationship with any student or engaging in sexual harassment of a student, including sexual advances, flirtations, requests for sexual favors, inappropriate comments about a student's body or appearance, or other verbal, visual, or physical conduct of a sexual nature.~~

Adults shall not intrude on a student's physical or emotional boundaries unless necessary in an emergency or to serve a legitimate purpose related to instruction, counseling, student health, or student or staff safety.

~~CSBA NOTE: Pursuant to the Child Abuse and Neglect Reporting Act (Penal Code 11164-11174.3), persons identified as "mandated reporters," including, but not limited to, school administrators, certificated staff, and classified staff, are required to report known or suspected child abuse,~~

~~including sexual assault and sexual exploitation. For required procedures for filing a report, see BP/AR 5141.4 - Child Abuse Prevention and Reporting.~~

~~Any employee who observes or has knowledge of another employee's violation of this policy shall report the information to the Superintendent or designee or appropriate agency for investigation pursuant to the applicable complaint procedures. Other adults with knowledge of any violation of this policy are encouraged to report the violation to the Superintendent or designee. The Superintendent or designee shall protect anyone who reports a violation from retaliation. Immediate intervention shall be implemented when necessary to protect student safety or the integrity of the investigation.~~

~~Employees who engage in any conduct in violation of this policy, including retaliation against a person who reports the violation or participates in the complaint process, shall be subject to discipline, up to and including dismissal. Any other adult who violates this policy may be barred from school grounds and activities in accordance with law. The Superintendent or designee may also notify law enforcement as appropriate.~~

CSBA NOTE: Education Code 44050 requires districts maintaining an employee code of conduct that addresses employee interactions with students to post, in a publicly accessible manner on each school's ~~web site~~website or on the district ~~web site~~website if a school does not maintain one, the section(s) of the code of conduct dealing with employee-student interactions. ~~At~~Additionally, at the beginning of each school year, the district ~~must also~~is required to provide parents/guardians with written copies of the sections of the employee code of conduct that address employee interactions with students. The applicable sections of the code of conduct may appear in a variety of district documents, including, but not limited to, this Board policy, sections of BP/E 4119.21/4219.21/4319.21 - Professional Standards, and employee handbooks.

The district's employee code of conduct addressing interactions with students shall be provided to parents/guardians at the beginning of each school year and shall be posted on school and/or district ~~web sites~~websites. (Education Code 44050)

Inappropriate Conduct

CSBA NOTE: The following section lists examples of prohibited inappropriate conduct and conduct that can create the appearance of impropriety and reflects the requirements of Education Code 32100, as added by SB 848. The list may be modified to reflect district practice and the grade levels served, so long as the list conforms with the requirements of Education Code 32100. For additional examples of behaviors that may constitute sexual harassment of students, see BP/AR 5145.7 - Sexual Harassment

Employees shall remain vigilant of their position of authority and not abuse it when relating with students. ~~Examples of employee conduct that can undermine professional adult-student interactions or create the appearance of impropriety include, but are not limited to:~~

The Board prohibits inappropriate conduct between employees and students. (Education Code 32100)

Inappropriate employee conduct includes, but is not limited to:

1. Initiating inappropriate physical contact

2. Attempting to form a romantic or sexual relationship with any student or engaging in sexual harassment of a student, including sexual advances, flirtations, requests for sexual favors, inappropriate comments about a student's body or appearance, or other verbal, visual, or physical conduct of a sexual nature

3. Engaging in inappropriate socialization or fraternization with a student or soliciting, encouraging, or maintaining an inappropriate written, verbal, or physical relationship with a student

~~2.~~ 4. Being alone with a student outside of the view of others

~~3.~~ 5. Visiting a student's home or inviting a student to visit the employee's home without parent/guardian consent

CSBA NOTE: Education Code 32100, as added by SB 848, requires the district's policy to establish appropriate limits on contact during or outside of the school day between students and employees via social media platforms, text messaging, and other forms of communication that do not otherwise include the student's parent/guardian.

~~4.~~ 6. Maintaining personal contact with a student during or outside the school day that has no legitimate educational purpose, by phone, letter, text message, social media internet platforms, electronic communications, or other means of communication, without including the student's parent/guardian ~~or the principal~~

~~When communicating electronically with students~~In accordance with Board Policy/Administrative Regulation 4040 - Employee Use of Technology, employees shall use district equipment or technological resources, when available, when communicating electronically with students. Employees shall not communicate with students through any medium that is designed to eliminate records of the communications. The Superintendent or designee may monitor employee usage of district technology at any time without advance notice or consent.

~~5.~~ 7. Creating or participating in social networking sites for communication with students, other than those created by the district, without the prior written approval of the principal or designee

~~6.~~ 8. Inviting or accepting requests from students, or former students who are minors, to connect on personal social networking sites (e.g., "friending" or "following" on social media), unless the site is dedicated to school business

~~7.~~ 9. Singling out a particular student for personal attention and friendship, including giving gifts and/or nicknames to individual students

~~8.~~ 10. Addressing a student in an overly familiar manner, such as by using a term of endearment

~~9.~~ 11. Socializing or spending time with students outside of school-sponsored events, except as participants in community activities

~~10.~~ 12. Sending or accompanying students on personal errands unrelated to any legitimate educational purpose

~~11.~~ 13. Transporting a student in a personal vehicle without prior authorization

~~12.~~ 14. Encouraging students to confide ~~their~~ personal or family problems and/or relationships

~~13.~~ 15. Disclosing personal, family, or other private matters to students or sharing personal secrets with students

16. Engaging in any conduct that endangers or threatens to endanger students, including, but not limited to, physical violence or threats of violence

17. Engaging in harassing or discriminatory behavior towards students, or failing or refusing to intervene when an act of discrimination, harassment, intimidation, or bullying against a student is observed

18. Physically abusing, sexually abusing, neglecting, or otherwise willfully harming or injuring a child

19. Using profane, obscene, or abusive language against students

Violations of Policy

CSBA NOTE: Pursuant to the Child Abuse and Neglect Reporting Act (Penal Code 11164-11174.3), persons identified as "mandated reporters," including, but not limited to, school administrators, certificated staff, and classified staff, and as amended by SB 848, Board members and volunteers, are required to report known or suspected child abuse, including sexual assault and sexual exploitation. For required procedures for filing a report, see BP/AR 5141.4 - Child Abuse Prevention and Reporting.

Any employee who observes or has knowledge of another employee's violation of this policy shall report the information to the Superintendent or designee or appropriate agency for investigation pursuant to the applicable complaint procedures. Other adults with knowledge of any violation of this policy are encouraged to report the violation to the Superintendent or designee. The Board prohibits retaliation against anyone who reports a violation of this policy. Immediate intervention shall be implemented when necessary to protect student safety or the integrity of the investigation.

Employees who engage in any conduct in violation of this policy, including retaliation against a person who reports the violation or participates in the complaint process, shall be subject to discipline, up to and including dismissal. Any other adult who violates this policy may be barred from school grounds and activities in accordance with law. Additionally, the Superintendent or designee may also notify law enforcement as appropriate.

Policy 4356.3: Employee Property Reimbursement

Status: ADOPTED

Original Adopted Date: 09/01/1988 **| Last Revised Date:** 02/01/~~1998~~2026 **| Last Reviewed Date:** 02/01/~~1998~~2026

CSBA NOTE: The following optional policy may be ~~subject~~revised to ~~collective bargaining agreements~~reflect district practice.

Option 1 is for districts that do not authorize payment for the reimbursement of employee personal property which may be stolen or intentionally destroyed or damaged while being used for work-related purposes.

Option 2 is for districts that authorize, pursuant to Education Code 35213, payment for the reimbursement of employee personal property which may be stolen or intentionally destroyed or damaged while being used for work-related purposes.

OPTION 1: (No reimbursement of employee personal property)

The Governing Board does not authorize payment for the reimbursement of employee personal property which may be stolen or intentionally destroyed or damaged while being used for work-related purposes.

OPTION 1 ENDS HERE

~~CSBA NOTE: The remainder of this policy is for use by districts that select Option 2.~~

OPTION 2: (Reimbursement of employee personal property stolen or intentionally destroyed or damaged while being used for work-related purposes)

~~The~~ To the extent that the full cost of repair or replacement is not covered by another source, such as an employee's private insurance, the Governing Board authorizes the Superintendent or designee to pay the remaining cost of replacing or repairing employee personal property, except cash, which has been stolen or intentionally destroyed or damaged while being used for work-related purposes.

The Board may establish a maximum value of reimbursement which shall be paid. (Education Code 35213)

No reimbursement shall be made for accidental damage or for any loss due to lack of personal supervision or failure to keep property in a secured area.

The maximum payment shall be the amount specified by the district's insurance carrier for such loss or the amount specified in the applicable collective bargaining agreement, whichever is less.

Reimbursement for personal items used for work-related purposes shall be made only if: (Education Code 35213)

1. Use of the personal property was approved by the principal, site supervisor or designee before the property was brought to school or district premises

2. At that time, the employee and district representative agreed on the value of the property

Policy 5144.1: Suspension And Expulsion/Due Process

Status: ADOPTED

Original Adopted Date: 12/01/2014 **| Last Revised Date:** ~~09~~02/01/~~2024~~2026 **| Last Reviewed Date:** ~~09~~02/01/~~2024~~2026

CSBA NOTE: Education Code 35291 requires the Governing Board to prescribe rules and regulations for maintaining discipline in the schools under its jurisdiction. Education Code 48918 **mandates** the setting of rules and regulations for student expulsion as specified in this Board policy and the accompanying administrative regulation.

While recognizing that suspension or expulsion of students is sometimes necessary, legislative, administrative, regulatory, civic, and educational leaders are united in the belief that instructional time should be used for student learning purposes and that school discipline should be imposed in a way that, as much as possible, does not exclude students from school or limit their ability or opportunity to learn. The U.S. Department of Education's (USDOE) March 2023, "Guiding Principles for Creating Safe, Inclusive, Supportive, and Fair School Climates," states that unfair student discipline can result in a negative school climate, and an array of serious educational, economic, social, and emotional problems, including school avoidance and diminished educational engagement, decreased academic achievement, increased behavior problems, an increased likelihood of repeating a grade or dropping out, and involvement with the juvenile justice system. Consequently, USDOE recommends districts ensure the fair administration of student discipline in ways that treat students with dignity and respect while using a continuum of supports to increase student success and promote positive and supportive school environments that support students and keep them in the classroom learning as much as possible. Additionally, USDOE recommends schools to adopt a coordinated system of whole school evidence-based intervention practices that are more effective than exclusionary discipline in addressing student behavior and improving school climate and safety, such as positive behavioral interventions and supports; trauma-informed practices; social and emotional wellbeing; and restorative practices.

Pursuant to Education Code 48900.5, a district is not authorized to suspend a student for certain specified violations unless the student has been subjected to other means of correction which have failed to bring about proper conduct. Such other means of correction include, but are not limited to, conferences between school personnel, the student, and the student's parent/guardian; use of study, guidance, or other intervention teams to develop a plan to address the behavior in partnership with the student; referral for behavioral supports; and participation in restorative justice programs. Additionally, pursuant to Education Code 48900.5, ~~as amended by AB 1165 (Ch. 22, Statutes of 2023),~~ districts are encouraged to have a student who has been suspended, or for whom other means of correction have been implemented, for an incident of racist bullying, harassment, or intimidation, as well as the victim, to engage in a restorative justice practice suitable to address the needs of both the victim and the perpetrator, as specified in the accompanying administrative regulation. For further information about specific disciplinary strategies, including alternatives to class or school removals, see BP/AR 5144 - Discipline.

Education Code 48900.5 authorizes a district to document in a student's records the alternative

means of correction used to address the student's behavior. Furthermore, when a student is being suspended by the Superintendent, principal, or designee, Education Code 48911 requires that the student be informed, during the informal conference that precedes the suspension, of the other means of correction that were attempted before the suspension.

Pursuant to Education Code 48913.5, when a student in any of grades 1-12 has been suspended for two or more school days, the student's parent/guardian, or other person holding the right to make educational decisions for the student, may request homework that the student would otherwise have been assigned, and the student's teacher is required to provide such homework~~;~~. For more information regarding homework requests for students who have been suspended, see BP 6154 - Homework/Makeup Work.

The Governing Board desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion.

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be only those specified in law, in this policy, and in the accompanying administrative regulation.

CSBA NOTE: Pursuant to Education Code 48900(s), a student may be subject to discipline only when the violation is related to a school activity or school attendance as specified below. A student may also be disciplined for a violation committed away from school if it is related to a school activity or to school attendance. For example, Education Code 48900 defines bullying by means of an electronic act as including an act that originates off campus~~; see the accompanying administrative regulation and BP/AR 5131.2 - Bullying.~~ . Another example is the hostile school environment which a victim may suffer from sexual harassment that occurs off campus~~;~~. In general, courts have upheld discipline of students for off-campus conduct that posed a threat to the safety of other students, staff, or school property or presented a risk of substantial disruption of school activities, provided that the district was able to document the impact or disruption that the conduct had, or could be expected to have, on school activities. Additionally, courts have analyzed the reasonableness of the discipline and whether the disciplinary action taken was in proportion to the student's misbehavior. For more information regarding the definition of bullying, see the accompanying administrative regulation and BP/AR 5131.2 - Bullying. For more information regarding the protection of students against sexual harassment, see BP/AR 5145.7 - Sexual Harassment. See also BP 5131 -- Conduct and BP/AR 5145.2 – Freedom of Speech/Expression.

Except when otherwise permitted by law, a student may be suspended or expelled only when the behavior is related to a school activity or school attendance occurring within any district school or another school district, regardless of when it occurs, including, but not limited to, the following: (Education Code 48900(s))

1. While on school grounds

2. While going to or coming from school

3. During the lunch period, whether on or off the school campus

4. During, going to, or coming from a school-sponsored activity

Off campus behavior may result in discipline when it disrupts district programs and activities or as otherwise prohibited by law, Board policy, or administrative regulation.

CSBA NOTE: The following paragraph addresses the problem of unlawful discrimination in the administration of student discipline. ~~In their joint March 2023 publication, "Resource on Confronting Racial Discrimination in Student Discipline," the USDOE Office for Civil Rights and~~The California Department of ~~Justice, Civil Rights Division noted~~Education's (CDE) May 2025 letter, "Update Regarding School Discipline Policies," states that~~, based on decades of enforcement activity,~~ discrimination based on race~~, color, and national origin~~ in student discipline continues to be a significant concern and that disparities by race have persisted in the application of student discipline in schools.

District staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, equally, and in accordance with the district's nondiscrimination policies.

Appropriate Use of Suspension Authority

CSBA NOTE: Education Code 48900.5 requires districts to use other means of correction instead of suspension, except when a student commits certain enumerated offenses. The following section reflects legislative intent regarding appropriate use of suspension as a means of disciplining students and may be modified to reflect district practice.

Except when a student's act violates Education Code 48900(a)-(e), as listed in Items #1-5 under "Grounds for Suspension and Expulsion: Grades K-12" of the accompanying administrative regulation, or when the student's presence causes a danger to others, suspension shall be used only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5, 48900.6)

CSBA NOTE: The following optional paragraph may be revised to reflect district practice.

A student's parents/guardians shall be notified as soon as possible when there is an escalating pattern of misbehavior that could lead to on-campus or off-campus suspension.

CSBA NOTE: Education Code 48900(k~~), as amended by SB 274 (Ch. 597, Statutes of 2023), extends~~) prohibits the ~~prohibition from suspending~~suspension of a student for disruption or willful defiance~~, formerly applicable to students in grades K-8, to all students~~. Suspension of a student in grades 6-12 for disruption or willful defiance is prohibited until July 1, 2029. However, teachers may still suspend a student from class for willful defiance pursuant to Education Code section 48910. As part of the other means of correction specified in Education Code 48900.5, employees may also refer students for timely in-school interventions or supports for disruption or willful defiance.

Pursuant to Education Code 48900, if a student is referred on this basis, school administrators, are required to inform the referring employee within five business days, verbally or in writing, of the actions taken and, if none, the rationale for not providing any timely in-school interventions or

supports. ~~See~~For more information regarding suspension of a student from class for willful defiance, see "Suspension from Class by a Teacher" in the accompanying administrative regulation.

No student may be suspended for disruption or willful defiance, except by a teacher pursuant to Education Code 48910. (Education Code 48900)

~~CSBA NOTE: Pursuant to Education Code 48900(w), as amended by SB 274, a student may not be suspended or expelled based solely on the fact that they are truant, tardy, or otherwise absent from school activities.~~

Students shall not be suspended or expelled based solely on a student's truancy, tardiness, or absenteeism from assigned school activities. (Education Code 48900)

On-Campus Suspension

CSBA NOTE: As an alternative to off-campus suspension, Education Code 48911.1 authorizes a supervised suspension classroom program for students who pose no imminent danger to anyone at school and who have not been recommended for expulsion, as specified below.

The following optional section is for use by districts implementing a supervised suspension classroom program. Such districts may continue to claim funding apportionments for students so assigned, provided they meet specific criteria which are set forth under "On-Campus Suspension" in the accompanying administrative regulation. A district does not receive funding for off-campus suspensions.

To ensure the proper supervision and ongoing learning of students who are suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, but who pose no imminent danger or threat to anyone at school and for whom expulsion proceedings have not been initiated, the Superintendent or designee shall establish a supervised suspension classroom program which meets the requirements of law.

Except where a supervised suspension is permitted by law for a student's first offense, supervised suspension shall be imposed only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

Authority to Expel

A student may be expelled only by the Board. (Education Code 48918(j))

As required by law, the Superintendent or principal shall recommend expulsion and the Board shall expel any student found to have committed any of the following "mandatory recommendation and mandatory expulsion" acts at school or at a school activity off school grounds: (Education Code 48915)

1. Possessing a firearm which is not an imitation firearm, as verified by a certificated employee, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence

2. Selling or otherwise furnishing a firearm

3. Brandishing a knife at another person

4. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058

5. Committing or attempting to commit a sexual assault as defined in Penal Code 261, 266c, 286, 287, 288, or 289, or former 288a, or committing a sexual battery as defined in Penal Code 243.4

6. Possessing an explosive as defined in 18 USC 921

For all other violations listed in the accompanying administrative regulation, the Superintendent or principal shall have the discretion to recommend expulsion of a student. If expulsion is recommended, the Board shall order the student expelled only if it makes a finding of either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct

2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

CSBA NOTE: Pursuant to Education Code 35012, the Board may authorize a student Board member(s) to make restorative justice recommendations regarding expulsions if certain conditions are met. The following optional two paragraphs are for use by districts that choose to grant such authority.

On a case-by-case basis, a student Board member(s) may make restorative justice recommendations to the Board regarding specific expulsion matters, in accordance with Board Bylaw 9150 – Student Board Members.

A vote to expel a student shall be taken in an open session of a Board meeting. (Education Code 48918(j))

CSBA NOTE: Pursuant to Education Code 48917, the Board may suspend the enforcement of an expulsion order as long as a student satisfies specific criteria. ~~See~~For more information regarding the criteria for suspending the enforcement of an expulsion, see "Decision to Suspend Expulsion Order" in the accompanying administrative regulation ~~for criteria. In addition~~. Additionally, the Attorney General opined, in 80 Ops.Cal.Atty.Gen. 85 (1997), that the enforcement of an expulsion order may be suspended even in those cases where the student has committed an offense for which expulsion is required by law. It is recommended that the district consult CSBA's District and County Office of Education Legal Services or district legal counsel ~~should be consulted as appropriate~~when questions arise regarding the suspension of the enforcement of an expulsion order.

The Board may vote to suspend the enforcement of the expulsion order pursuant to the requirements of law and the accompanying administrative regulation. (Education Code 48917)

No student shall be expelled for disruption or willful defiance. (Education Code 48900)

CSBA NOTE: The following paragraph is for use by districts that contract with ~~the California Department of Education (CDE)~~CDE to operate a California State Preschool Program. Education Code 8489.1 prohibits the expulsion or disenrollment of a child in a preschool program unless the district has taken specified steps, the child's continued enrollment would present a serious safety threat to the child or other enrolled children, and the district refers the child's parents/guardians to other appropriate placements. For further details regarding the steps the district ~~must~~is required to take prior to expelling a child, see AR 5148.3 - Preschool/Early Childhood Education.

No child enrolled in a preschool program shall be expelled or unenrolled except under limited circumstances in accordance with Education Code 8489.1 and as specified in Administrative Regulation 5148.3 - Preschool/Early Childhood Education.

Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and/or expulsion by affording the students due process rights under the law. The Superintendent or designee shall comply with procedures for notices, hearings, and appeals as specified in law and administrative regulation. (Education Code 48911, 48915, 48915.5, 48918)

~~**Maintenance and Monitoring of Outcome Data**~~

Plan for Rehabilitation

CSBA NOTE: Pursuant to Education Code 48916, as amended by AB 1230 (Ch. 294, Statutes of 2025), the Board is required to recommend a plan for the student's rehabilitation, as specified below.

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, in accordance with the accompanying administrative regulation.

Maintenance and Monitoring of Outcome Data

CSBA NOTE: Education Code 48900.8 and 48916.1, as amended by AB 1230, require the district to maintain data related to suspensions and expulsions as provided below. Pursuant to Education Code 48916.1, the Superintendent of Public Instruction may require submission of such data as part of the Federal Program Monitoring process. ~~In addition~~Additionally, 20 USC 7961 requires districts to submit to CDE a description of the circumstances surrounding any expulsions based on bringing or possessing a firearm on campus, including the name of the school, the number of students expelled, and the type of firearms involved.

The Superintendent or designee shall maintain outcome data related to student suspensions and expulsions ~~in accordance with Education Code 48900.8 and 48916.1~~, including, but not limited to~~, the~~: (Education Code 48900.8, 48916.1) 1. The number of students recommended for expulsion~~, the~~

2. The grounds for each recommended expulsion~~, the~~

3. The actions taken by the Board, ~~the~~including whether the student was subsequently expelled and whether the expulsion order was suspended

4. The types of referral made after each expulsion~~, and the~~

5. The disposition of the students after the expulsion period~~.~~ , including the completion of a rehabilitation plan or the successful readmission of the student, or both

6. The average length of expulsion terms, including any extensions

For any expulsion that involves the possession of a firearm, such data shall include the name of the school and the type of firearm involved, as required pursuant to 20 USC 7961. Suspension and expulsion data shall be reported to the Board at least annually and to the California Department of Education when so required.

CSBA NOTE: Pursuant to Education Code 52060, districts are required to address school climate in the local control and accountability plan, as measured by student suspension and expulsion rates and other local measures for each school and each numerically significant student subgroup. Education Code 52052~~, as amended by SB 114 (Ch. 48, Statutes of 2023),~~ defines numerically significant subgroups to include ethnic subgroups, socioeconomically disadvantaged students, English learners, long-term English learners, students with disabilities, foster youth, and ~~homeless~~ students experiencing homelessness, when there are at least 30 students in the subgroup or at least 15 foster youth or ~~homeless~~ students experiencing homelessness.

In presenting the report to the Board, the Superintendent or designee shall disaggregate data on suspensions and expulsions by school and by numerically significant student subgroups, including, but not limited to, ethnic subgroups, socioeconomically disadvantaged students, English learners, long-term English learners, students with disabilities, foster youth, and ~~homeless~~ students experiencing homelessness. Based on the data, the Board shall address any identified disparities in the imposition of student discipline and shall determine whether and how the district is meeting its goals for improving school climate as specified in its local control and accountability plan~~.~~, which may include monitoring intervention effectiveness.

Regulation 5144.1: Suspension And Expulsion/Due Process

Status: ADOPTED

Original Adopted Date: 12/01/2014 **| Last Revised Date:** ~~09~~02/01/~~2024~~2026 **| Last Reviewed Date:** ~~09~~02/01/~~2024~~2026

CSBA NOTE: CSBA recommends that this administrative regulation be approved by the Governing Board, regardless of regular district practice regarding the approval of administrative regulations.

Education Code 35291 requires the Board to adopt rules and regulations, which are not inconsistent with law or rules adopted by the State Board of Education, for the government and discipline of the schools under its jurisdiction. ~~In addition~~Additionally, Education Code 48918 and 48918.5 **mandate** that districts adopt rules concerning the due process rights of students in expulsion situations, and Education Code 48916 **mandates** procedures for filing and processing requests for readmission. Specific language complying with these mandates is included throughout this administrative regulation.

Definitions

Suspension means removal of a student from ongoing instruction for adjustment purposes. However, suspension does not mean any of the following: (Education Code 48925)

1. Reassignment to another education program or class at the same school where the student will receive continuing instruction for the length of day prescribed by the Governing Board for students of the same grade level

2. Referral to a certificated employee designated by the principal to advise students

3. Removal from the class, but without reassignment to another class or program, for the remainder of the class period without sending the student to the principal or designee as provided in Education Code 48910, so long as removal from a particular class does not occur more than once every five school days

Expulsion means removal of a student from the immediate supervision and control or the general supervision of school personnel. (Education Code 48925)

Notice of Regulations

At the beginning of each school year, the principal of each school shall ensure that all students and parents/guardians are notified in writing of all school rules related to discipline, including suspension and expulsion. (Education Code 35291, 48900.1, 48980)

Grounds for Suspension and Expulsion: Grades K-12

CSBA NOTE: The acts for which students may be suspended or expelled are specified in law, the following section, and "Additional Grounds for Suspension and Expulsion: Grades 4-12," below. The

Board does not have authority to add to those enumerated acts. However, the Board has authority to prohibit suspension or expulsion for certain acts for which suspension or expulsion is permissible rather than mandatory. The Board may consider limiting the use of suspension and expulsion for such offenses as part of the district plan to address school climate within the local control and accountability plan required pursuant to Education Code 52060. Additionally, pursuant to Education Code 48900.5, a district is not authorized to suspend a student for certain specified violations unless other means of correction have failed to bring about proper conduct.

Acts for which a student, including a student with disabilities, may be suspended or expelled shall be only those specified as follows and in "Additional Grounds for Suspension and Expulsion: Grades 4-12," below:

1. Caused, attempted to cause, or threatened to cause physical injury to another person; willfully used force or violence upon another person, except in self-defense; or committed as an aider or abettor, as adjudged by a juvenile court, a crime of physical violence in which the victim suffered great or serious bodily injury (Education Code 48900(a) and (t))

CSBA NOTE: The Attorney General, in 80 Ops.Cal.Atty.Gen. 91 (1997), determined that a student may be expelled for "possession" of a firearm if the student knowingly and voluntarily had direct control over the firearm. The only exceptions are when the student has permission from school officials to possess the firearm ~~(~~, pursuant to Education Code 48900 and 48915~~)~~, or when the possession is brief and solely for the purpose of disposing of the firearm, such as handing it to school officials. ~~Note that~~A "firearm" for these purposes does not include "imitation firearm~~"~~," which is listed separately in Item #12, below. ~~See~~For more information regarding firearms, see BP/AR 5131.7 - Weapons and Dangerous Instruments.

Pursuant to Penal Code 417.27, students are prohibited from possessing a laser pointer on school premises, except for a valid instructional or other school-related purpose. ~~See~~For more information regarding laser pointers as it relates to student conduct, see BP 5131 - Conduct.

2. Possessed, sold, or otherwise furnished any firearm, knife, explosive, or other dangerous object, unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the principal or designee's concurrence (Education Code 48900(b))

3. Unlawfully possessed, used, sold, otherwise furnished, or was under the influence of any controlled substance as defined in Health and Safety Code 11053-11059, alcoholic beverage, or intoxicant of any kind (Education Code 48900(c))

4. Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code 11053-11059, alcoholic beverage, or intoxicant of any kind, and then sold, delivered, or otherwise furnished to any person another liquid, substance, or material and represented the same as a controlled substance, alcoholic beverage, or intoxicant (Education Code 48900(d))

5. Committed or attempted to commit robbery or extortion (Education Code 48900(e))

6. Caused or attempted to cause damage to school property or private property (Education Code 48900(f))

7. Stole or attempted to steal school property or private property (Education Code 48900(g))

8. Possessed or used tobacco or products containing tobacco or nicotine products, including, but not limited to, cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets, and betel, except that this restriction shall not prohibit a student from using or possessing prescription products (Education Code 48900(h))

9. Committed an obscene act or engaged in habitual profanity or vulgarity (Education Code 48900(i))

10. Unlawfully possessed, offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code 11014.5 (Education Code 48900(j))

11. Knowingly received stolen school property or private property (Education Code 48900(l))

12. Possessed an imitation firearm (Education Code 48900(m))

    Imitation firearm means a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm. (Education Code 48900(m))

CSBA NOTE: Pursuant to 34 CFR 106.44, a student may be removed in emergency situations due to an immediate threat to the physical health or safety of any student or other individual as specified in AR 5145.71 – Title IX Sexual Harassment Complaint Procedures. 34 CFR 106.44 requires that a student should not be "disciplined" prior to a finding being made pursuant to the grievance process established by 34 CFR 106.45. Due to this nuanced distinction between "discipline" and "emergency removal," it is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel as to the manner of imposing an emergency removal.

13. Committed or attempted to commit a sexual assault as defined in Penal Code 261, 266c, 286, 287, 288, 289, or former 288a, or committed a sexual battery as defined in Penal Code 243.4 (Education Code 48900(n))

    No student may be disciplined prior to a finding being made pursuant to the grievance process established by 34 CFR 106.45, in accordance with Administrative Regulation 5145.71 Title IX Sexual Harassment Complaint Procedures. However, a district may conduct a non-discipline removal of a student in emergency situations where there is an immediate threat to the health or safety of any student or other individual.

14. Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness (Education Code

48900(o))

15. Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma (Education Code 48900(p))

16. Engaged in, or attempted to engage in, hazing (Education Code 48900(q))

    Hazing means a method of initiation or pre-initiation into a student organization or body, regardless of whether ~~or not~~ the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. Hazing does not include athletic events or school-sanctioned events. (Education Code 48900(q))

17. Engaged in an act of bullying (Education Code 48900(r))

CSBA NOTE: Education Code 48900(r) defines "bullying" as "any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of electronic act," which is directed toward a student and which would have serious detrimental consequences upon a reasonable student. Pursuant to Education Code 48900, a student may be disciplined for bullying by means of an electronic act even when the act originated off campus. ~~See also~~For more information regarding the protection of students against bullying, see AR 5131.2 - Bullying.

Bullying means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, directed toward one or more students that has or can reasonably be predicted to have the effect of placing a reasonable student(s) in fear of harm to self or property; cause the student to experience a substantially detrimental effect on physical or mental health; or cause the student to experience substantial interferences with academic performance or ability to participate in or benefit from the services, activities, or privileges provided by a school. (Education Code 48900(r))

CSBA NOTE: "Bullying" ~~also would include~~includes any act of sexual harassment, hate violence, or harassment, threat, or intimidation committed by a student at any grade level, as set forth in Education Code 48900.2, 48900.3, or 48900.4, when the act results in harm to a reasonable student as specified in the above paragraph. However, when bullying is found under these circumstances, students below grade 4 may be disciplined for the "bullying" but not for the underlying act of sexual harassment, hate violence, or harassment, threat, or intimidation as specified below in "Additional Grounds for Suspension and Expulsion: Grades 4-12."

Bullying includes any act of sexual harassment, hate violence, or harassment, threat, or intimidation, as defined in Education Code 48900.2, 48900.3, or 48900.4 and below in "Additional Grounds for Suspension and Expulsion: Grades 4-12," that has any of the effects described above on a reasonable student.

Bullying also includes an act of cyber sexual bullying by a student through the

dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording that depicts a nude, semi-nude, or sexually explicit photograph or other visual recording of an identifiable minor, when such dissemination is to another student or to school personnel by means of an electronic act and has or can be reasonably predicted to have one or more of the effects of bullying described above. Cyber sexual bullying does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

Electronic act means the creation or transmission originated on or off the school site by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication including, but not limited to: (Education Code 48900(r))

a. A message, text, sound, video, or image

b. A post on a social network ~~Internet~~internet website, including, but not limited to, posting to or creating a burn page or creating a credible impersonation or false profile for the purpose of causing a reasonable student any of the effects of bullying described above

Reasonable student means a student, including, but not limited to, a student who has been identified as a student with a disability, who exercises average care, skill, and judgment in conduct for a person of the student's age, or for a person of the student's age and disability. (Education Code 48900(r))

Burn page means an internet website created for the purpose of causing a reasonable student any of the effects of bullying described above. (Education Code 48900(r))

Credible impersonation means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that the student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated. (Education Code 48900(r))

False profile means a profile of a fictitious student or profile using the likeness or attributes of an actual student other than the student who created the false profile. (Education Code 48900(r))

An electronic act is not considered pervasive conduct solely on the basis that it has been transmitted to the internet or is currently posted on the internet. (Education Code 48900(r))

CSBA NOTE: The following paragraph may be revised to reflect district practice. Pursuant to Education Code 48900.5, ~~as amended by AB 1165 (Ch. 22, Statutes of 2023),~~ the district is encouraged to have a student who has been suspended, or for whom other means of correction have been implemented pursuant to Education Code 48900.5 for an incident of racist bullying, harassment, or intimidation, as well as the victim, to engage in a restorative justice practice suitable to address the needs of both the victim and the perpetrator, in addition to the other measures specified in the following paragraph.

When a student has been suspended, or other means of correction have been implemented against the student, for an incident of racist bullying, harassment, or

intimidation, the principal or designee may, as appropriate, engage both the victim and perpetrator in a restorative justice practice suitable to the needs of the students. ~~The~~Additionally, the principal or designee ~~shall~~may also require the perpetrator to engage in a culturally sensitive program that promotes racial justice and equity and combats racism and ignorance and shall regularly check on the victim to ensure that the victim is not in danger of suffering from any long-lasting mental health issues. (Education Code 48900.5)

CSBA NOTE: Education Code 48900(t) allows for the suspension, but not expulsion, of a student who "aids or abets," as defined in Penal Code 31, the infliction or attempted infliction of physical injury to another person. The term "aiding or abetting," is a complex legal term and requires that, at the time the crime was committed, the aider or abettor was aware of the crime and specifically intended to commit the crime. Because of the complexities of criminal law, it is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel ~~should be consulted~~, as appropriate.

Pursuant to Education Code 48900(t), any student who aids or abets a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury is subject to suspension or expulsion as provided in Item #1 above.

18. Aided or abetted the infliction or attempted infliction of physical injury on another person, as defined in Penal Code 31 (Education Code 48900(t))

19. Made terrorist threats against school officials and/or school property (Education Code 48900.7)

    A *terrorist threat* includes any written or oral statement by a person who willfully threatens to commit a crime which will result in death or great bodily injury to another person or property damage in excess of $1,000, with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying out the crime. (Education Code 48900.7)

CSBA NOTE: Pursuant to Education Code 48900, ~~as amended by SB 274 (Ch. 597, Statutes~~students who voluntarily disclose their use of ~~2024), until July 1, 2029,~~a controlled substance, alcohol, an intoxicant of any kind, or tobacco product in order to seek help through services or supports may not be suspended solely for that disclosure.

However, students who voluntarily disclose their use of a controlled substance, alcohol, an intoxicant of any kind, or tobacco in order to seek help through services or supports may not be suspended solely for that disclosure. (Education Code 48900)

CSBA NOTE: Although a district may not suspend a student in any of grades ~~6~~K-12 for disruption or willful defiance~~. Together with previous amendments, this means that no K-12 student may be suspended for disruption or willful defiance.~~

~~However,~~ , pursuant to Education Code 48900~~, as amended by SB 274~~, a certificated or classified employee may refer a student for appropriate and timely in-school interventions or supports as

specified in Education Code 48900.5 for ~~disruption or willful defiance.~~such conduct. By the end of the fifth business day, a school administrator is required to inform the referring employee, verbally or in writing, of the actions taken and if none, the rationale for not providing any timely in-school interventions or supports. Additionally, pursuant to Education Code 48910, teachers may still suspend a student from class for disruption or willful defiance as specified in "Suspension from Class by a Teacher," below.

A student may not be suspended or expelled for disruption or willful defiance. (Education Code 48900)

Additional Grounds for Suspension and Expulsion: Grades 4-12

CSBA NOTE: The following section applies only to students in grades 4-12 and may be revised to reflect grade levels offered by the district.

As discussed in Item #17 of "Grounds for Suspension and Expulsion: Grades K-12" above, although Education Code 48900(r) defines bullying to include acts involving Items #1-3 below, Education Code 48900.2-48900.4 provide that only students in grades 4-12 may be suspended or expelled for the individual acts that constitute sexual harassment, hate violence, and harassment. Because the interplay between "bullying" and Items #1-3 can raise complex legal issues, it is recommended that districts ~~should~~ consult CSBA's District and County Office of Education Legal Services or district legal counsel, as appropriate.

A student in grades 4-12 shall be subject to suspension or recommendation for expulsion when it is determined that the student:

1. Committed sexual harassment as defined in Education Code 212.5 (Education Code 48900.2)

   Sexual harassment means conduct which, when considered from the perspective of a reasonable person of the same gender as the victim, is sufficiently severe or pervasive as to have a negative impact upon the victim's academic performance or to create an intimidating, hostile, or offensive educational environment. (Education Code 212.5, 48900.2)

2. Caused, attempted to cause, threatened to cause, or participated in an act of hate violence as defined in Education Code 233 (Education Code 48900.3)

   Hate violence means any act punishable under Penal Code 422.6, 422.7, or 422.75. Such acts include injuring or intimidating a victim, interfering with the exercise of a victim's civil rights, or damaging a victim's property because of the victim's race, ethnicity, religion, nationality, disability, gender, gender identity, gender expression, or sexual orientation; a perception of the presence of any of those characteristics in the victim; or the victim's association with a person or group with one or more of those actual or perceived characteristics. (Education Code 233; Penal Code 422.55)

3. Intentionally engaged in harassment, threats, or intimidation against district personnel or students that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the

rights of school personnel or students by creating an intimidating or hostile educational environment (Education Code 48900.4)

Suspension from Class by a Teacher

CSBA NOTE: The following section is optional and may be revised to reflect district practice. ~~As stated above,~~Although Education Code 48900(k), ~~as amended by SB 274, extends~~prohibits the ~~prohibition from suspending~~suspension a student in grades K-12 for disruption or willful defiance, ~~formerly applicable to students in grades K-8, to all students. Suspension of a student in grades 6-12 for disruption or willful defiance is prohibited until July 1, 2029. However,~~ teachers may still suspend a student from class for disruption or willful defiance pursuant to Education Code 48910. ~~As~~Additionally, as part of the other means of correction specified in Education Code 48900.5, employees may ~~also~~ refer students for timely in-school interventions or supports for disruption or willful defiance. Pursuant to Education Code 48900, if a student is referred on this basis, school administrators, are required to inform the referring employee within five business days, verbally or in writing, of the actions taken and, if none, the rationale for not providing any timely in-school interventions or supports.

A teacher may suspend a student from class for the remainder of the day and the following day for any of the acts specified in Education Code 48900 and listed as Items #1-19 under "Grounds for Suspension and Expulsion: Grades K-12" above or for disruption or willful defiance at any grade level. (Education Code 48910)

When suspending a student from class, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. If that action requires the continuing presence of the student at school, the student shall be appropriately supervised during the class periods from which the student has been suspended. (Education Code 48910)

As soon as possible after the teacher has suspended the student, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the suspension. A counselor or psychologist may attend the conference if it is practicable, and a school administrator shall attend if requested by the parent/guardian or teacher. (Education Code 48910)

A student suspended from class shall not be returned to class during the period of the suspension without the approval of the teacher of the class and the principal or designee. (Education Code 48910)

A student suspended from class shall not be placed in another regular class during the period of suspension. However, a student assigned to more than one class per day may continue to attend other regular classes except those held at the same time as the class from which the student was suspended. (Education Code 48910)

~~A~~Additionally, a teacher may ~~also~~ refer a student, for any of the acts specified above in Education Code 48900, to the principal or designee for consideration of a suspension from school. (Education Code 48910)

The teacher of any class from which a student is suspended may require the student to complete

any assignments and tests missed during the removal. (Education Code 48913)

Suspension by Superintendent, Principal, or Principal's Designee

To implement disciplinary procedures at a school site, the principal may, in writing, designate as the principal's designee another administrator or, if the principal is the only administrator at the school site, a certificated employee. As necessary, the principal may, in writing, also designate another administrator or certificated employee as the secondary designee to assist with disciplinary procedures when the principal and the principal's primary designee are absent from the school site.

The Superintendent, principal, or designee shall immediately suspend any student found at school or at a school activity away from school to have committed any of the acts listed in the accompanying Board policy under "Authority to Expel" for which a recommendation of expulsion is required. (Education Code 48915(c))

CSBA NOTE: Education Code 48900.5 limits situations warranting suspension for a first offense to when the violation involves Education Code 48900(a)-(e) or the student's presence causes a danger to persons.

The Superintendent, principal, or designee may impose a suspension for a first offense if it is determined that the student violated any of Items #1-5 listed under "Grounds for Suspension and Expulsion: Grades K-12" above or if the student's presence causes a danger to persons. (Education Code 48900.5)

CSBA NOTE: Pursuant to Education Code 48900 and 48915, except for certain egregious acts or offenses for which suspension is permissible or mandatory, as specified above pursuant to Education Code 48915(a) or (c), the Superintendent or principal is authorized to provide an alternative, age-appropriate disciplinary measure that is tailored to correct a student's specific misbehavior. ~~In addition, the U.S. Department of Justice's Civil Rights Division (DOJ) and the U.S. Department of Education's Office for Civil Rights (OCR), in their joint January 2014 Dear Colleague Letter on the Nondiscriminatory Administration of School Discipline (which has been under review by DOJ and OCR since July 30, 2021), recommend that effective alternatives to suspension and expulsion be implemented for correcting student misbehavior.~~ For a list of appropriate alternatives, see AR 5144 - Discipline.

For all other offenses, a student may be suspended only when the Superintendent or principal has determined that other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

When other means of correction are implemented prior to imposing suspension upon a student, including supervised suspension, the Superintendent, principal, or designee shall document the other means of correction used and retain the documentation in the student's record. (Education Code 48900.5)

Length of Suspension

The Superintendent, principal, or designee may suspend a student from school for not more than five consecutive school days. (Education Code 48911)

A student may be suspended from school for not more than 20 school days in any school year. However, if a student enrolls in or is transferred to another regular school, an opportunity school or class, or continuation school or class for the purpose of adjustment, the student may be suspended for not more than 30 school days in a school year. The district may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year. (Education Code 48903, 48911, 48912)

These restrictions on the number of days of suspension shall not apply when the suspension is extended pending an expulsion. (Education Code 48911)

Due Process Procedures for Suspension

CSBA NOTE: District disciplinary procedures are generally subject to basic constitutional due process requirements, such as the provision of notice and/or hearing, especially with respect to suspension, involuntary transfer, expulsion, or other serious disciplinary actions. However, when dealing with certain categories of students, additional procedures apply. For example, when considering suspension of a student who is a foster youth or Indian child, as defined in Welfare and Institutions Code 224.1, Education Code 48853.5, 48911, 48911.1, and 48915.5 require that the foster youth's educational rights holder, attorney, and county social worker receive specified notifications in relation to the suspension, and for an Indian child, the child's tribal social worker, and if applicable, county social worker. See Items #1, 3, 5, and ~~6~~5 below.

Suspensions shall be imposed in accordance with the following procedures:

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the Superintendent, principal, or designee with the student and, whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal~~.~~

   At the conference, the student shall be informed of the reason for the disciplinary action, including the other means of correction that were attempted before the suspension as required pursuant to Education Code 48900.5, and the evidence against the student, and shall be given the opportunity to present the student's version and evidence in the student's defense. (Education Code 48911)

   This conference may be omitted if the Superintendent, principal, or designee determines that an emergency situation exists involving a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended without this conference, the student, the student's parent/guardian, or if the student is a foster youth, the foster youth's educational rights holder, attorney, and county social worker, or if the student is an Indian child, the Indian child's tribal social worker and, if applicable, county social worker, shall be notified of the student's right to a conference and the right to return to school for the purpose of the conference. The conference shall be held within two school days, unless the student waives the right to it or is physically unable to attend for any reason. In such a case, the conference shall be held as soon as the student is physically able to return to school for the conference. (Education Code 48911)

   CSBA NOTE: Item #2 below should be revised to reflect the district's processing and reporting procedures.

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee~~.~~

A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee. (Education Code 48911)

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian, or if the student is a foster youth, the foster youth's educational rights holder, attorney, and county social worker, or if the student is an Indian child, the Indian child's tribal social worker, and, if applicable, the county social worker, in person, by email, or by telephone~~.~~

   Whenever a student is suspended, the parent/guardian, or, if applicable, the foster youth's educational rights holder, attorney, and county social worker, or the Indian child's tribal social worker and, if applicable, the county social worker, shall also be notified in writing of the suspension. (Education Code 48911)

   This notice shall state the specific offense committed by the student. (Education Code 48900.8)

   ~~In addition~~Additionally, the notice shall state the date and time when the student may return to school.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may conduct a meeting with the parent/guardian to discuss the cause(s) and duration of the suspension, the school policy involved, and any other pertinent matter~~.~~ (Education Code 48914)

   If school officials request to meet with the parent/guardian, a foster youth's educational rights holder, attorney, and county social worker, or an Indian child's tribal social worker, and, if applicable, the county social worker, the notice may state that the law requires such individuals to respond to the request without delay. However, the student shall not be penalized for the failure of the parent/guardian, a foster youth's educational rights holder, attorney, and county social worker, or an Indian child's tribal social worker, and, if applicable, the county social worker, to attend such a conference. The student may not be denied reinstatement solely because such individuals failed to attend the conference. (Education Code 48911)

5. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision, provided the following requirements are followed: (Education Code 48911)

   a. The extension of the original period of suspension is preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard

      This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension.

b. The Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process

CSBA NOTE: When the student being considered for expulsion is a foster youth or Indian child, Education Code 48911 and 48918.1 require the district to invite the foster youth's educational rights holder, attorney, and county social worker, or the Indian child's tribal social worker or, if applicable, the county social worker, to the meeting specified above. ~~See~~For more information regarding this notice, see "Additional Notice of Expulsion Hearing for Foster Youth, ~~Homeless~~ Students Experiencing Homelessness, and Indian Children~~,~~," below~~.~~".

c. If the student involved is a foster youth or Indian child, the Superintendent or designee shall notify the district's educational liaison of the need to invite the foster youth's educational rights holder, attorney and county social worker, or the Indian child's tribal social worker or, if applicable, the county social worker, to attend the meeting (Education Code 48853.5, 48911, 48918.1)

CSBA NOTE: Pursuant to Education Code 48918.1, the district's liaison for homeless students ~~must~~is required to be notified when the student being considered for expulsion is a student experiencing homelessness. ~~See~~For more information regarding this notice, see "Additional Notice of Expulsion Hearing for Foster Youth ~~and Homeless~~, Students~~.~~" Experiencing Homelessness, and Indian Children," below.

d. If the student involved is a child or youth experiencing homelessness, the Superintendent or designee shall notify the district liaison for homeless students (Education Code 48918.1)

CSBA NOTE: The following optional paragraph may be revised to reflect district practice. Since Education Code 48900 and 48900.5 require a district, under certain circumstances, to use alternative disciplinary measures prior to imposing suspension, including supervised suspension, the district may, as necessary, provide services that would address the student's specific misbehavior along with the suspension program. For example, the district may require the student to enroll in a program that teaches prosocial behavior or anger management even while the student is suspended.

e. In lieu of or in addition to suspending a student, the Superintendent, principal, or designee may provide services or require the student to participate in an alternative disciplinary program designed to correct the behavior and keep the student in school

Suspension by the Board

CSBA NOTE: The following optional section reflects the Board's authority to suspend students from school pursuant to Education Code 48912. In practice, it is impractical for boards to directly exercise this authority since circumstances warranting suspension usually require quick and sometimes immediate action which may not be possible for a board due to legal requirements for taking board actions, such as having a meeting.

The Board may suspend a student for any of the acts listed under "Grounds for Suspension and Expulsion: Grades K-12," and "Additional Grounds for Suspension and Expulsion: Grades 4-12," above and within the limits specified under "Suspension by Superintendent, Principal, or Designee," above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold a closed session if a public hearing would lead to disclosure of information that would violate a student's right to privacy under Education Code 49073-49079. (Education Code 35146, 48912)

The Board shall provide the student and parent/guardian with written notice of the closed session by registered or certified mail or personal service. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Code 35146, 48912)

On-Campus Suspension

CSBA NOTE: The following optional section is for use by any district establishing an on-campus suspension program pursuant to Education Code 48911.1. However, pursuant to Education Code 48900.5, such a district is required to use other means of correcting a student's behavior before imposing a supervised suspension, unless such a supervised suspension is otherwise permitted by law for a student's first offense. Use of a supervised suspension classroom program does not in any way limit the district's ability to transfer a student to an opportunity school or class or a continuation education school or class in accordance with law.

A student for whom an expulsion action has not been initiated and who poses no imminent danger or threat to the school, students, or staff may be assigned to on-campus suspension in a separate classroom, building, or site for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The on-campus suspension classroom shall be staffed in accordance with law

2. The student shall have access to appropriate counseling services

3. The on-campus suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension

4. The student shall be responsible for contacting the student's teacher(s) to receive assignments to be completed in the supervised suspension classroom and the teacher(s) shall provide all assignments and tests that the student will miss while suspended

   If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to an on-campus suspension classroom, the principal or designee shall notify the student's parent/guardian, or if the student is a foster youth, the foster youth's

educational rights holder, attorney, and county social worker, or, if the student ~~if~~is an Indian child, the Indian child's tribal social worker and, if applicable, county social worker, in person, by email, or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. (Education Code 48911.1)

Superintendent or Principal's Authority to Recommend Expulsion

Unless the Superintendent or principal determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct, the Superintendent or principal shall recommend a student's expulsion for any of the following acts: (Education Code 48915)

1. Causing serious physical injury to another person, except in self-defense

2. Possession of any knife or other dangerous object of no reasonable use to the student

3. Unlawful possession of any controlled substance as listed in Health and Safety Code 11053-11059, except for:

    a. The first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis

    b. The student's possession of over-the-counter medication for use by the student for medical purposes

    c. Medication prescribed for the student by a physician

4. Robbery or extortion

5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee

In determining whether to recommend the expulsion of a student, the Superintendent, principal, or designee shall act as quickly as possible to ensure that the student does not lose instructional time. (Education Code 48915)

Student's Right to Expulsion Hearing

CSBA NOTE: Education Code 48918 **mandates** that the Board establish rules and regulations governing procedures for the expulsion of students. The timelines of Education Code 48918 ~~must~~are required to be strictly followed; failure to do so may result in loss of the district's power to act ~~(Garcia v. Los Angeles Board of Education).~~. In calculating timelines, the district should ~~also~~ be aware of the difference between the calculation of "school days" and "calendar days" under Education Code 48918.

Any student recommended for expulsion shall be entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the Superintendent, principal, or designee determines that the student has committed the act(s) that form the basis for the expulsion recommendation. (Education Code 48918(a))

The student is entitled to at least one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the regular school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days, as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

Stipulated Expulsion

CSBA NOTE: The following section is optional and may be revised to reflect district practice. "Stipulated expulsion" is for districts that have adopted an expedited procedure which allows a student to waive the right to a pre-expulsion hearing in exchange for an agreement as to the terms of the expulsion. Such waivers are not specifically addressed in law and districts should ensure that the due process rights of students are included in the stipulated agreement and are clearly explained before the agreement is signed. ~~Districts~~ ~~should~~It is recommended that districts consult ~~with~~ CSBA's District and County Office of Education Legal Services or district legal counsel as appropriate.

After a determination that a student has committed an offense for which the student may be expelled, the Superintendent, principal, or designee shall offer the student, the student's parent/guardian, or, when applicable, other person holding the right to make educational decisions for the student, the option to waive a hearing and stipulate to the expulsion or to a suspension of the expulsion under certain conditions. The offer shall be made only after written notice of the expulsion hearing pursuant to Education Code 48918 has been given.

The stipulation agreement shall be in writing and shall be signed by the student, the student's parent/guardian, or, when applicable, the person holding the right to make educational decisions for the student. The stipulation agreement shall include notice of all the rights that the student is waiving, including the waiving of the right to have a full hearing, to appeal the expulsion to the County Board of Education, and to consult legal counsel.

A stipulated expulsion agreed to by the student, the student's parent/guardian, or, when applicable, the person holding the right to make educational decisions for the student, shall be effective upon approval by the Board.

Rights of Complaining Witness

CSBA NOTE: Education Code 48918.5 **mandates** the following rights related to the treatment of witnesses alleging acts of sexual assault or sexual battery. Other procedures related to complaining witnesses ~~also~~ may be added as desired by the district. Additional mandated procedures related to the rights and treatment of complaining witnesses are included where appropriate throughout this regulation.

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental, or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, the Superintendent or designee shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of the right to: (Education Code 48918.5)

1. Receive five days' notice of the scheduled testimony at the hearing

2. Have up to two adult support persons present at the hearing at the time the witness testifies

3. Have a closed hearing during the time the witness testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

Written Notice of the Expulsion Hearing

CSBA NOTE: Education Code 48918 **mandates** the Board to adopt procedures that include the following items.

Written notice of the expulsion hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))

1. The date and place of the hearing

2. A statement of the specific facts, charges, and offense upon which the proposed expulsion is based

3. A copy of district disciplinary rules which relate to the alleged violation

4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment

   This obligation applies when a student is expelled for acts other than those described in Education Code 48915(a) or (c).

5. The opportunity for the student or the student's parent/guardian to appear in person or be represented by legal counsel or by a nonattorney adviser

   Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

   Nonattorney adviser means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case and has been selected by the student or student's parent/guardian to provide assistance at the hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing

7. The opportunity to confront and question all witnesses who testify at the hearing

8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses

Additional Notice of Expulsion Hearing for Foster Youth, ~~Homeless~~ Students Experiencing Homelessness, and Indian Children

CSBA NOTE: Prior to conducting an expulsion hearing to determine whether a foster youth or Indian child should be expelled, Education Code 48918.1 requires the district to notify the foster youth's educational rights holder, attorney, and county social worker, or an Indian child's tribal social worker and, if applicable, county social worker, provided that the violation does not require a mandatory recommendation for expulsion. Pursuant to Education Code 48918.1, such additional notice ~~must~~is required to be given to the district liaison for homeless students when the student involved is a ~~child or youth~~student experiencing homelessness and the violation does not require a mandatory recommendation for expulsion. While such a notice is not required if the offense requires a mandatory recommendation for expulsion, it is nonetheless recommended and the following section reflects this recommendation.

If the student facing expulsion is a foster student or Indian child, the Superintendent or designee shall also send notice of the hearing to the foster youth's educational rights holder, attorney, and county social worker, or the Indian child's tribal social worker and, if applicable, county social worker, at least 10 calendar days prior to the hearing. (Education Code 48918.1)

If the student facing expulsion is a student experiencing homelessness, the Superintendent or designee shall also send notice of the hearing to the district liaison for homeless students at least

10 calendar days prior to the hearing. (Education Code 48918.1)

Any notice for these purposes may be provided by the most cost-effective method possible, including by email or a telephone call. (Education Code 48918.1)

Conduct of Expulsion Hearing

CSBA NOTE: Education Code 48918 **mandates** that the Board adopt procedures that include the following items.

Instead of the Board conducting an expulsion hearing, it may appoint a hearing officer or an impartial administrative panel to conduct the hearing~~:~~. For more information regarding expulsion hearings conducted by a hearing officer of administrative panel, see "Alternative Expulsion Hearing: Hearing Officer or Administrative Panel," below. Even if the district conducts all expulsion hearings in this manner, the requirements of Education Code 48918 pertaining to the conduct of the hearing must be met.

1. Closed Session: Notwithstanding Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting~~.~~

   If such a request is made, the meeting shall be public to the extent that privacy rights of other students are not violated. (Education Code 48918)

   CSBA NOTE: For the purpose of Board deliberations during the closed session described below, the presence of any person other than the Board members, including the Superintendent, necessitates allowing the presence of the parent/guardian, student, and student's counsel.

   Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine whether the student should be expelled. If the Board admits any other person to this closed session, the parent/guardian, the student, and the counsel of the student also shall be allowed to attend the closed session. (Education Code 48918(c))

   If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to testify in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including, but not limited to, a videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c)

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made~~.~~ (Education Code 48918(g))

   CSBA NOTE: Education Code 48918 authorizes the Board to issue subpoenas for the personal appearance of percipient witnesses at an expulsion hearing. In *Woodbury v. Dempsey*, the court held that a district's authority to determine whether to issue subpoenas is discretionary, but a district could not have a blanket policy denying the issuance of

subpoenas in all cases.

In accordance with Code of Civil Procedure 1987, the subpoena ~~must~~is required to be served at least 10 days before the time required for attendance unless the court prescribes a shorter time. Unless they are parties to the hearing or are district or government employees, witnesses who appear pursuant to a subpoena receive fees equal to those prescribed for witnesses in civil actions in a superior court, and all witnesses other than the parties to the hearing receive mileage; these fees and mileage must be paid by the party requesting the subpoena.

3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion~~.~~

   After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20. (Education Code 48918(i))

   Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

   If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in Item #~~6~~4 below. (Education Code 48918(i))

4. Presentation of Evidence: Technical rules of evidence shall not apply to the expulsion hearing, but relevant evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs~~.~~

   The decision of the Board to expel shall be supported by substantial evidence that the student committed any of the acts pursuant to Education Code 48900 and listed in "Grounds for Suspension and Expulsion: Grades K-12," and "Additional Grounds for Suspension and Expulsion: Grades 4-12," above. (Education Code 48918(h))

CSBA NOTE: Findings of fact made by the Board or a hearing panel ~~must~~may not be based on hearsay alone. "Hearsay" is evidence of an oral or written statement made by a person who is not present at the hearing which is offered to establish a fact as being true. Some exceptions to the hearsay rule exist under the Evidence Code and Education Code~~;~~. It is recommended that the district ~~should~~ consult CSBA's District and County Office of Education Legal Services or district legal counsel, as appropriate.

Findings of fact shall be based solely on the evidence at the hearing. Although no finding shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918(f))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

CSBA NOTE: Education Code 48918.6 provides that testimony by a student witness at an expulsion hearing is privileged and thus protected from liability for defamation pursuant to Civil Code 47(b).

5. Testimony by Complaining Witnesses: The following procedures shall be observed when a hearing involves allegations of sexual assault or sexual battery by a student: (Education Code 48918, 48918.5)

    a. Any complaining witness shall be given five days' notice before being called to testify

    b. Any complaining witness shall be entitled to have up to two adult support persons, including, but not limited to, a parent/guardian or legal counsel, present during the testimony

    c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential

    d. The person presiding over the hearing may remove a support person who is disrupting the hearing

    e. If one or both support persons are also witnesses, the hearing shall be conducted in accordance with Penal Code 868.5

    f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard

        Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.

    g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment

        i. The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony

ii. At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room

iii. The person conducting the hearing may:

a. Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness

b. Limit the time for taking the testimony of a complaining witness to normal school hours, if there is no good cause to take the testimony during other hours

c. ~~(~~Permit one of the support persons to accompany the complaining witness to the witness stand

6. Decision: The Board's decision as to whether to expel a student shall be made within 40 school days after the student is removed from school, unless the student requests in writing that the decision be postponed~~.~~ (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

CSBA NOTE: For districts that use a hearing officer or administrative panel, Education Code 48918 **mandates** that the Board adopt procedures that include the following section.

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. ~~The~~Additionally, the Board may ~~also~~ appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918)

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures applicable to a hearing conducted by the Board as specified above in "Conduct of Expulsion Hearing," including the requirement to issue a decision within 40 school days of the student's removal from school, unless the student requests that the decision be postponed. (Education Code 48918(a) and (d))

CSBA NOTE: Pursuant to Education Code 48918, if the hearing officer or administrative panel does not recommend expulsion, a student ~~must~~is required to be permitted to return to the classroom instructional program from which the expulsion referral was made, unless the student's parent/guardian requests a different placement. Additionally, Education Code 48918 ~~also~~ states that a student who is found to have committed any of the violations listed in "Authority to Expel" in the accompanying Board policy but for whom expulsion is not recommended may be referred to the student's prior school, or another district comprehensive or continuation school. However, the hearing officer or administrative panel, like the Board, ~~must~~is required to recommend expulsion or a suspended expulsion under Education Code 48915, if it finds that a student committed any such

violation that mandates expulsion. ~~District should~~It is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel to resolve this apparent discrepancy.

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the expulsion proceeding shall be terminated and the student shall be immediately reinstated and permitted to return to the classroom instructional program from which the referral was made, unless another placement is requested in writing by the student's parent/guardian. Before the student's placement decision is made by the student's parent/guardian, the Superintendent or designee shall consult with the parent/guardian and district staff, including the student's teachers, regarding other placement options for the student in addition to the option to return to the classroom instructional program from which the student's expulsion referral was made. The decision to not recommend expulsion shall be final. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion. If the hearing officer or administrative panel recommends that the Board expel a student but suspend the enforcement of the expulsion, the student shall not be reinstated and permitted to return to the classroom instructional program from which the referral was made until the Board has ruled on the recommendation. (Education Code 48917, 48918)

Final Action by the Board

CSBA NOTE: Education Code 48918 **mandates** that the Board adopt procedures that include the following paragraph.

Whether the expulsion hearing is conducted in closed or open session by the Board, a hearing officer, or an administrative panel or is waived through the signing of a stipulated expulsion agreement, the final action to expel shall be taken by the Board in public. (Education Code 48918(j))

The Board's decision is final. If the decision is to not expel, the student shall be reinstated immediately. If the decision is to suspend the enforcement of the expulsion, the student shall be reinstated under the conditions of the suspended expulsion.

CSBA NOTE: 20 USC 7961 requires the district, in the consolidated application for federal funding, to provide an assurance that it will comply with the state requirement to expel, for a period not less than one year, any student who brings a firearm to school or possesses a firearm at school.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for any "mandatory recommendation and mandatory expulsion" act listed in "Authority to Expel" in the accompanying

Board policy, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. If an expulsion is ordered during summer session or the intersession period of a year-round program, the Board shall set a date when the student shall be reviewed for readmission not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred. (Education Code 48916)

CSBA NOTE: Pursuant to Education Code 48916, as amended by AB 1230 (Ch. 294, Statutes of 2025), the Board is required to recommend a plan for the student's rehabilitation, as specified below.

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which ~~may include:~~ ~~(Education Code 48916)~~

~~1. Periodic review, as well as assessment at the time of review, for readmission~~ shall include, but not be limited to, periodic review and a preliminary assessment for readmission at least 45 days before the end of the expulsion term. The plan shall be tailored to the student's needs and address the behavior that led to the expulsion. The plan may be developed in consultation with district staff who have knowledge or special expertise regarding the student and include

~~2. Recommendations~~ recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs. (Education Code 48916)

The Board shall assist the student in locating accessible opportunities that are necessary to complete the requirements of the student's plan for rehabilitation, including, but not limited to, opportunities for counseling and community service. (Education Code 48916)

The Board shall not require the student or the student's parents/guardians to pay for any costs or services the Board determines to be necessary for the student to complete the student's plan of rehabilitation. (Education Code 48916)

CSBA NOTE: The following paragraph is optional. Education Code 48916.5 authorizes, but does not mandate, the Board to make the following requirement of certain expelled students.

With parent/guardian consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student, or if the student is under 18 years of age, to the student's parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed above under "Grounds for Suspension and Expulsion: Grades K-12" or "Additional Grounds for Suspension and Expulsion: Grades 4-12" (Education Code 48900.8)

CSBA NOTE: Pursuant to Education Code 48916, as amended by AB 1230, a description of the readmission ~~procedures will~~procedure is required to be made available to the student and ~~parent/guardian~~the student's parents/guardians at the same time the student and the student's parents/guardians are notified of the expulsion order.

2. ~~The fact that~~ A description of readmission procedures (Education Code 48916)

3. Notice of the right to appeal the expulsion to the County Board (Education Code 48918)

4. Notice of the alternative educational placement to be provided to the student during the time of expulsion (Education Code 48918)

5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918)

Decision to Suspend Expulsion Order

CSBA NOTE: Pursuant to Education Code 48917, the Board's criteria for suspending the enforcement of expulsions ~~must~~ is required to be applied uniformly to all students. Items #1-3 below are optional and should be revised to reflect district criteria.

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion order, the Board shall take into account the following criteria:

1. The student's pattern of behavior

2. The seriousness of the misconduct

3. The student's attitude toward the misconduct and willingness to follow a rehabilitation program

The suspension of the enforcement of an expulsion shall be governed by the following:

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class, or program appropriate for the student's rehabilitation

   This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program. (Education Code 48917)

2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status (Education Code 48917)

3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion: Grades K-12" or "Additional Grounds for Suspension and Expulsion: Grades 4-12" above, or violates any of the district's rules and regulations governing student conduct (Education Code 48917)

4. When the suspension of enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order (Education Code 48917)

5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school

   Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings. (Education Code 48917)

6. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian

   The notice shall inform the parent/guardian of the right to appeal the expulsion to the County Board, the alternative educational placement to be provided to the student during the period of expulsion, and the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1(b). (Education Code 48918(j))

7. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board (Education Code 48917)

Appeal

If a student is expelled from school, the student or parent/guardian is entitled to file an appeal of the Board's decision with the County Board. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion order is suspended and the student is placed on probation. (Education Code 48919)

If the student submits a written request for a copy of the written transcripts and supporting documents from the district simultaneously with the filing of the notice of appeal with the County Board, the district shall provide the student with these documents within 10 school days following the student's written request. (Education Code 48919)

Notification to Law Enforcement Authorities

CSBA NOTE: Education Code 48902 requires the principal or designee to notify law enforcement authorities when a student possesses a firearm or explosive or sells or furnishes a firearm at school. However, when the student involved in such a case is a student with a disability, Education Code 49076 requires any law enforcement authority to which student information is disclosed to certify that those records will not be disclosed to another party without the prior written consent of the

student's parent/guardian or other person invested with the student's educational right; see AR 5144.2 - Suspension And Expulsion/Due Process (Students With Disabilities).

When submitting the consolidated application for federal funding, the district ~~must~~is required to provide assurance that it has adopted a policy requiring referral to the criminal justice system or juvenile delinquency system of any student who brings a firearm or weapon to a school. The following section fulfills this requirement.

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance, or of any student acts involving the possession, sale, or furnishing of firearms, explosives, or other dangerous weapons in violation of Education Code 48915(c)(1) or (5) or Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate county or district law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering, or sale of controlled substances, alcohol, or intoxicants of any kind. (Education Code 48902)

Placement During Expulsion

CSBA NOTE: Education Code 48915 requires the Board to refer all expelled students to a program of study that is prepared to accommodate students with discipline problems and that is not located at the school the student currently attends or at any regular elementary, middle, junior, or senior high school. However, students expelled for the acts described in Education Code 48900(f) through (m) or Education Code 48900.2, 48900.3, or 48900.4 may be referred to a program of study that is at another elementary, middle, junior, or senior high school if the County Superintendent of Schools certifies that an alternative program is not available at a site away from such a school.

Education Code 48915.01 states that if the Board has established a community day school pursuant to Education Code 48661 on the same site as an elementary, middle, junior, or senior high school, expelled students may be referred to the community day school at that site. Although Education Code 48663 prohibits the use of independent study in community day schools, Education Code 48916.1 does not in any way restrict the district from offering independent study as a voluntary alternative placement option for expelled students.

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems

2. Not provided at a comprehensive middle, junior, or senior high school or at any elementary school, unless the program is offered at a community day school established at any of these

3. Not housed at the school site attended by the student at the time of suspension

When the placement described above is not available and when the County Superintendent so certifies, students expelled for only acts described in Items #6-12 under "Grounds for Suspension and Expulsion: Grades K-12" and Items #1-3 under "Additional Grounds for Suspension and Expulsion: Grades 4-12" above may be referred to a program of study that is provided at another comprehensive middle, junior, or senior high school or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

CSBA NOTE: Pursuant to Education Code 48916.1, as amended by AB 1230, the County Superintendent is required to provide the Board notification if the County Superintendent is unable to serve students expelled by the district, whereby the Board is required to ensure that another educational program is provided, as specified below.

The Board shall receive notification from the County Superintendent of Schools, if at any time during the expulsion term and for any reason the County Superintendent is unable to serve the students expelled by the district. Upon notification, the Board shall ensure that another educational program is provided to the student for the duration of the expulsion order which may include entering into an agreement with a County Superintendent in another county to provide education services for the district's expelled students. (Education Code 48916.1)

Upon the change of a student's eligibility for an educational program or at the request of the student's parent/guardian, the Board shall review with the student and the student's parent/guardian the educational options for expelled students as outlined in the plan to provide education services to expelled students pursuant to Education Code 48926. (Education Code 48916.1)

Readmission After Expulsion

CSBA NOTE: Education Code 48916 **mandates** that the Board adopt rules and regulations establishing a procedure for filing and processing requests for readmission ~~and~~, a process for Board review of all expelled students for readmission~~.~~, and as amended by AB 1230, a procedure for the transition process for readmitted students. Because the law does not specify a transition process for readmitted students, it is recommended districts consult CSBA District and County Office of Education Legal Services or district legal counsel. Items #1-~~2~~7 below should be revised to reflect district practice.

Prior to the date set by the Board for the student's readmission:

1. The Superintendent or designee shall hold a conference with the student's parent/guardian, or other person holding the right to make educational decisions for the student, and the student

   At the conference, the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and the student's parent/guardian or other person holding the right to make educational decisions for the student shall be asked

to indicate in writing their willingness to comply with these regulations.

CSBA NOTE: Education Code 48916, as amended by AB 1230, requires as part of the process for a required review, that the Board indicate whether the student had access to the necessary resources to complete their rehabilitation plan, and that a rehabilitation plan that is not completed due to financial or transportation barriers or a lack of viable opportunities not be a basis to deny the student readmission.

As part of the review process, the Board shall, upon being informed by the Superintendent or designee, indicate whether the student had access to the necessary resources to complete the student's rehabilitation plan. A rehabilitation plan that is not completed due to financial or transportation barriers or a lack of viable opportunities to complete a term of the rehabilitation plan shall not be a basis to deny the readmission of a student. (Education Code 48916)

2. The Superintendent or designee shall transmit to the Board a recommendation regarding readmission

   The Board shall consider this recommendation in closed session. If a written request for open session is received from the student's parent/guardian or other person holding the right to make educational decisions for the student, or adult student, it shall be honored to the extent that privacy rights of other students are not violated.

3. If the readmission is granted, the Superintendent or designee shall notify the student and the student's parent/guardian, or other person holding the right to make educational decisions for the student, by registered mail, of the Board's decision regarding readmission

4. The Board may deny readmission only if it finds that the student ~~has~~either: (Education Code 48916)

   a. Has not substantially satisfied the conditions of the rehabilitation plan ~~or~~despite having access to the necessary resources and viable opportunities to complete their rehabilitation plan

   b. That the student continues to exhibit documented behaviors that the student ~~continues to pose a danger to campus safety~~was expelled for or is documented to have committed one or ~~to other district students or employees (Education Code 48916)~~ more new acts during the expulsion term that would make the student eligible for another expulsion

5. If Board denies the readmission of a student pursuant to Item #4, the expulsion term may be extended for one semester at a time, at which point the student shall be reassessed for readmission pursuant to Item #1

~~5.~~ 6. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school

~~6.~~ 7. The Board shall provide written notice to the expelled student and the student's parent/guardian, or other person holding the right to make educational decisions for the student, describing the reasons for denying readmittance into the regular program

This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district.

No student shall be denied readmission into the district based solely on the student's arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other such contact with the juvenile justice system. (Education Code 48645.5)

Maintenance of Records

The district shall maintain a record of each suspension and expulsion, including its specific cause(s). (Education Code 48900.8)

Expulsion records of any student shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls upon written request by that school. (Education Code 48918(k))

CSBA NOTE: Education Code 48915.1 requires that, when an expelled student asks to enroll in another district, the receiving district ~~must~~is required to hold a hearing to determine whether the student poses a danger to its students or staff. The receiving district then may either deny or permit the enrollment. Upon request from another district, the expelling district must provide information about the expulsion within five days.

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

Policy 5145.2: Freedom Of Speech/Expression

Status: ADOPTED

Original Adopted Date: 03/01/1993 **| Last Revised Date:** ~~11~~02/01/~~2007~~2026 **| Last Reviewed Date:** ~~11~~02/01/~~2007~~2026

~~CSBA NOTE: The First Amendment of the U.S. Constitution and Article 1, Section 2 of the California Constitution guarantee freedom of speech and of the press. Court cases and California law have addressed the application of these principles in a school setting and have established parameters for student expression. The following policy addresses rights and limitations related to student expression in a variety of forms, including off-campus as well as on-campus student expression.~~

CSBA NOTE: Education Code 48907 **mandates** that a district establish a "written publications code" related to students' rights to freedom of speech and of the press. This code is required to include reasonable provisions for the time, place, and manner in which free expression may take place within the district's jurisdiction. For further language implementing this mandate, see the accompanying administrative regulation.

The First Amendment of the U.S. Constitution and Article 1, Section 2 of the California Constitution guarantee freedom of speech and of the press. Additionally, Education Code 48907 and 48950 provide even greater protection for student expression and official student publications. In addition, districts are required to maintain a safe environment for students; protect students from certain types of expression, such as speech that is discriminatory, harassing, intimidating, and bullying; and prohibit expression that is obscene, libelous, or slanderous. However, the legal landscape in this area is complex and uncertain.

One of the biggest areas of uncertainty involves student expression that may be considered as offensive or harmful, or that may lead to substantial disruption. In *Dariano v. Morgan Hill Unified School District*, the Ninth Circuit Court of Appeals upheld the district's decision to direct students to remove clothing bearing the American flag on Cinco de Mayo out of concern that it could lead to a substantial disruption to district activities due to the history of racial tension and threats of violence at the school. However, in *Chandler v. McMinnville School District*, the Ninth Circuit held that the district could not prohibit students from wearing buttons or stickers containing slogans like "I'm not listening scab" and "Do scabs bleed?" during a lawful teachers' strike as it was protected speech.

Additionally, the age of students exposed to the speech is relevant to a court's analysis. In both *Hazelwood School District v. Kuhlmeier* and *Bethel School District v. Fraser*, the U.S. Supreme Court found that the content of the speech at issue was inappropriate based on the age range of students in the school and could be prohibited based on "legitimate pedagogical concerns."

Given such complexity and uncertainty, it is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel when adopting and implementing rules related to student freedom of speech/expression.

The Governing Board believes that free inquiry and exchange of ideas are essential parts of a democratic education. The Board respects students' rights to express ideas and opinions, take stands on issues, and support causes, even when such speech is controversial or unpopular. Additionally, the Board is committed to providing a welcoming, safe, and supportive school environment that protects students from discrimination, harassment, intimidation, and bullying, or other types of expression prohibited by law.

On-Campus Expression

CSBA NOTE: Education Code 48907 mandates districts to establish a written "publications code" related to students' rights to freedom of speech and of the press. These written rules and regulations must include reasonable provisions for the time, place, and manner in which free expression may take place within the district's jurisdiction. See the accompanying administrative regulation for further language implementing this mandate. It is recommended that districts consult legal counsel when adopting and implementing policy related to freedom of speech/expression.

CSBA NOTE: Pursuant to Education Code 48907, students generally have the right to exercise freedom of speech and of the press including, but not limited to, the use of bulletin boards; the distribution of printed materials or petitions; the wearing of buttons, badges, and other insignia; and the right of expression in official school publications. While Education Code 48907 does not explicitly list official district or school websites or social media accounts identified and made available for such purposes, it is likely that a current interpretation of Education Code 48907 would include them. The following paragraph incorporates this interpretation but should be modified to reflect district practice.

Additionally, pursuant to the federal Equal Access Act (20 USC 4071-4074), if a district that serves secondary students creates a limited open forum that allows student groups to use school media to publicize meetings, it is required to provide equal access to all student groups. For language implementing this requirement, see BP/AR 6145.5 - Student Organizations and Equal Access.

Students shall have the right to exercise freedom of speech and of the press including, but not limited to, the use of bulletin boards; the use of official district or school websites or social media accounts identified and made available for such purposes; the distribution of printed materials or petitions; the wearing of buttons, badges, and other insignia; and the right of expression in official school publications. (Education Code 48907)

StudentStudents' freedom of expression on district or school Internet web sites and online media shall generally be afforded the same protectionsrestricted only as in print media.established by this Board policy, the accompanying administration regulation, Education Code 234.1, 48907, and 48950, and other applicable state and federal laws. Such restrictions include, but are not limited to, prohibitions against students making any expressions or distributing or posting any materials that:

CSBA NOTE: Numerous court decisions have found that the First Amendment rights of public school students are not necessarily the same as the rights of adults in other settings and must be applied in light of the special circumstances of the school environment. In Hazelwood School District v. Kuhlmeier, the U.S. Supreme Court ruled that when a school has not, by policy or practice, opened up a school-sponsored activity for unrestricted use by students, the school may limit student expression as long as its decision is reasonably related to "legitimate pedagogical

~~concerns." In California, Education Code 48907 grants students broader rights of freedom of press and provides that student content can be restrained only when it is obscene, libelous or slanderous, or incites students to commit unlawful acts, violate school rules, or substantially disrupt school operations.~~

~~When determining what type of content might be restrained, the courts have found age to be a critical factor (Hazelwood and Bethel v. Fraser). Although the courts have not specifically addressed the speech rights of elementary students, it appears that schools have greater authority to limit speech that could harm elementary students' emotional, moral, social, and intellectual development. (Muller v. Jefferson Lighthouse School)~~

~~Students' freedom of expression shall be limited only as allowed by Education Code 48907, 48950, and other applicable state and federal laws.~~

~~Students are prohibited from making any expressions or distributing or posting any materials that are obscene, libelous, or slanderous. Students also are prohibited from making any expressions that so incites students as to create a clear and present danger of the commission of unlawful acts on school premises, the violation of school rules, or substantial disruption of the school's orderly operation. (Education Code 48907)~~

~~CSBA NOTE: The U.S. Supreme Court has held that "fighting words," which by their very utterance can cause an immediate breach of the peace, are not constitutionally protected.~~

1. Are obscene, libelous, or slanderous

2. Are discriminatory, harassing, intimidating, or bullying

3. Are likely to immediately incite action on district property or during district-sponsored programs or activities that is unlawful or that violates Board policies, administrative regulations, or other district or school rules

4. Substantially disrupt the orderly operation of the district

~~The~~Additionally, the use of "fighting words" or epithets is prohibited ~~in those instances~~ where ~~the speech is~~ they are abusive and insulting, rather than ~~a communication of ideas, and the speech is used in an abusive manner in a situation that presents~~ merely offensive or provocative, and they are likely to create an actual danger that ~~it~~ will cause a breach of the peace.

~~CSBA NOTE: Education Code 48907 and 48950 specify that an employee may not be dismissed, suspended, disciplined, reassigned, transferred or otherwise retaliated solely for action to protect a student free speech and press rights. See AR 4118 - Dismissal/Suspension/Disciplinary Action.~~

District staff shall not prohibit or prevent the distribution of, or otherwise ~~School officials shall not engage in prior restraint of~~censor, material prepared for official school publications except insofar as the content of the material violates ~~the law.~~this Board policy and the accompanying administrative regulation. (Education Code 48907)

~~CSBA NOTE: The following paragraph is for use by districts that maintain one or more high schools. Education Code 48950 provides that no district maintaining high schools shall make or enforce any rule subjecting a high school student to disciplinary sanctions solely on the basis of speech or other~~

~~communication that would be constitutionally protected if engaged in outside of campus. Students enrolled in a school that makes or enforces such a rule may take civil action for injunctive and declaratory relief.~~

~~The Superintendent or designee shall not discipline any high school student solely on the basis of speech or other communication that would be constitutionally protected when engaged in outside of school, but may impose discipline for harassment, threats, or intimidation unless constitutionally protected. (Education Code 48950)~~

~~Off-Campus Expression~~

CSBA NOTE: Courts have ~~generally found that schools may impose discipline for~~emphasized that, although a district's interest in regulating off-campus ~~conduct that~~student expression is less than for on-campus student expression, it may still regulate off-campus student expression if it poses a threat to the safety of other students, staff, or school property or disrupts the educational program, provided that the district is able to document the impact or disruption that the conduct had, or could be expected to have~~, on campus. In addition~~. With respect to the type and level of discipline, courts have analyzed the reasonableness of the district's policy and whether the disciplinary action taken by the district was in proportion to the student's misbehavior. ~~See also~~For more information regarding off-campus conduct, see BP 5131 - Conduct.

In *Mahanoy Area School District v. B.L.*, the U.S. Supreme Court held that a student's profane social media post critical of the student's school that was posted off campus and outside of school hours was protected speech because it was not likely to cause "substantial disruption" to school activities. However, in *Lavine v. Blaine School District*, the Ninth Circuit ~~U.S.~~ Court of Appeals ~~applied Tinker v. Des Moines School District to conclude that a school~~ concluded that a district ~~in Washington~~ was justified in expelling a student whose off-campus poetry, when considered in the totality of other relevant factors, indicated ~~he might pose a danger to himself or others. Similar standards have been applied with regard to students' off-campus Internet web sites. The federal courts in Beussink v. Woodland R-IV School District and Emmett v. Kirkland School District No. 415 confirmed that student off-campus Internet speech merits First Amendment protection and that disliking the content of a student's speech critical of the schools and staff is not an acceptable justification for limiting student speech.~~

~~Since this area of law is unclear and constantly evolving, it is strongly recommended that districts consult with legal counsel when developing policy and prior to applying discipline for off-campus speech~~the student might pose a danger to self or others. Similarly, in *Chen v. Albany Unified School District*, the Ninth Circuit ruled in favor of the school district when it imposed discipline on a student for off-campus speech that led to harassment and severe bullying of other students on campus.

~~A~~Off-campus student ~~shall be subject to discipline for off-campus~~ expression, ~~including~~such as electronic expression ~~on off-campus Internet web sites,~~ via a personal device or online expression via a personal social media account, may subject a student to discipline when such expression poses a threat to the safety of other district students, staff, or ~~school~~ property, or does or is likely to substantially ~~disrupts~~disrupt the district's educational program. ~~The~~ As necessary, the Superintendent or designee shall document the ~~impact the expression had or could be~~actual or expected ~~to have on~~impact of the ~~school program.~~ expression.

Student expression that violates this Board policy or the accompanying administrative regulation may be subject to discipline in accordance with Board Policy/Administrative Regulation 5144 – Discipline, Board Policy/Administrative Regulation 5144.1 – Suspension and Expulsion/Due Process, and Administrative Regulation 5144.2 – Suspension and Expulsion/Due Process (Students with Disabilities).

Regulation 5145.2: Freedom Of Speech/Expression

Status: ADOPTED

Original Adopted Date: 11/01/2001 **| Last Revised Date:** ~~11~~02/01/~~2007~~2026 **| Last Reviewed Date:** ~~11~~02/01/~~2007~~2026

~~CSBA NOTE: The following administrative regulation should be revised to reflect district practice. It is recommended that districts consult legal counsel when establishing restrictions, including "time, place, and manner" provisions, related to students' rights to free speech/expression.~~

~~**School-Sponsored Publications**~~

~~CSBA NOTE: Education Code 48907 mandates districts to establish a written "publications code" related to students' rights to freedom of speech and of the press in official school publications. These written rules and regulations must include reasonable provisions for the time, place, and manner in which free expression may take place within the district's jurisdiction~~

~~Education Code 48907 provides greater protection to students' free speech rights than provided by U.S. Supreme Court and other federal court decisions and authorizes school officials to limit student speech only in the specific circumstances listed below, including when the speech is likely to cause a disruption. In Smith v. Novato Unified School District, the court held that a district could not prohibit speech just because the speech "presents controversial ideas and opponents of the speech are likely to cause disruption." In order for the speech to be prohibited, the speech must incite a disruption. Thus, the court looked for evidence that the student intended to cause substantial disruption, such as direct provocation or racial epithets, rather than evidence that the anticipated or perceived reaction of the audience would cause a disruption.~~

~~Students shall have the right to exercise freedom of speech and of the press in official school publications, except for expression that is obscene, libelous, slanderous, or so incites students as to create a clear and present danger of the commission of unlawful acts on school premises, the violation of lawful school regulations, or the substantial disruption of the orderly operation of the school. (Education Code 48907)~~

~~Official school publications includes material produced by students in journalism, newspaper, yearbook, or writing classes and distributed to the student body either for a fee or free. (Education Code 48907)~~

~~Each principal shall develop a school publications code outlining the responsibility of student journalists, editors, and publication advisors.~~

~~All student submissions shall be held to professional standards of English and journalism. (Education Code 48907)~~

~~CSBA NOTE: When analyzing whether student speech should be permitted, the principal should determine if specific evidence exists that shows how the speech violates Education Code 48907 (obscene, libelous, incites a disturbance). This specific evidence should be provided to the student and documented in case the student decides to appeal the principal's decision to the Superintendent or designee. Education Code 48907 provides that school officials have the burden of showing justification, without undue delay, prior to any limitation of student expression.~~

~~If the principal considers material submitted for publication to violate Education Code 48907, he/she shall notify the student, without undue delay, and give specific reasons why the submitted material may not be published. Absent extraordinary circumstances, such notice should be given in sufficient time to allow the student time to either modify the material or to seek review of the principal's determination from the Superintendent or designee. Prior to any restriction of student speech, school officials shall consider any feasible alternative options to restricting the speech.~~

~~CSBA NOTE: The following optional paragraph authorizes the principal to include a disclaimer disassociating the district from the publication. Such disclaimers should be used with caution and only after careful analysis.~~

~~To the extent that the principal or designee believes that the school and district should be disassociated from a particular idea or opinion, the principal may require student articles to include disclaimers.~~

~~**Distribution of Printed Materials and Petitions by Students**~~

~~CSBA NOTE: Pursuant to the federal Equal Access Act (20 USC 4071-4074), if a secondary district with a limited open forum allows student groups to use school media to publicize meetings, it must provide equal access to all student groups. See BP/AR 6145.5 - Student Organizations and Equal Access for language implementing this requirement.~~

CSBA NOTE: Education Code 48907 **mandates** that a district establish a "written publications code" related to students' rights to freedom of speech and of the press. This code is required to include reasonable provisions for the time, place, and manner in which free expression may take place within the district's jurisdiction. For further language implementing this mandate, see "Time, Place, and Manner Restrictions for Student Expression" below.

The First Amendment of the U.S. Constitution and Article 1, Section 2 of the California Constitution guarantee freedom of speech and of the press. Additionally, Education Code 48907 and 48950 provide even greater protection for student expression and official student publications. In addition, districts are required to maintain a safe environment for students; protect students from certain types of expression, such as speech that is discriminatory, harassing, intimidating, and bullying; and prohibit expression that is obscene, libelous, or slanderous. However, the legal landscape in this area is complex and uncertain.

One of the biggest areas of uncertainty involves student expression that may be considered as offensive or harmful, or that may lead to substantial disruption. In *Dariano v. Morgan Hill Unified School District*, the Ninth Circuit Court of Appeals upheld the district's decision to direct students to remove clothing bearing the American flag on Cinco de Mayo out of concern that it could lead to a substantial disruption to district activities due to the history of racial tension and threats of violence at the school. However, in *Chandler v. McMinnville School District*, the Ninth Circuit held that the district could not prohibit students from wearing buttons or stickers containing slogans like "I'm not listening scab" and "Do scabs bleed?" during a lawful teachers' strike as it was protected speech.

Additionally, the age of students exposed to the speech is relevant to a court's analysis. In both *Hazelwood School District v. Kuhlmeier* and *Bethel School District v. Fraser*, the U.S. Supreme Court found that the content of the speech at issue was inappropriate based on the age range of students in the school and could be prohibited based on "legitimate pedagogical concerns."

Given such complexity and uncertainty, it is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel when adopting and implementing rules related to student freedom of speech/expression.

Time, Place, and Manner Restrictions for Student Expression

~~The~~ Each principal or designee may ~~provide~~annually identify physical or electronic locations, such as school courtyards, bulletin boards, or social media accounts, on which students and student organizations may hold a public rally, express and debate issues, or post ~~materials~~information of general interest. ~~Students also~~Additionally, students may ~~post or~~ distribute handbills, leaflets, and other printed or electronic material, whether produced within or outside of the school. ~~Students~~In addition, students may collect signatures on petitions concerning school or nonschool issues.

~~CSBA NOTE: Districts might consider requiring students to include a disclaimer on all materials to be distributed. For example, a disclaimer might state that "this event is not school-sponsored or approved" or that "opinions are not necessarily those of the school district or school personnel." Districts wishing to include disclaimer language should consult legal counsel as appropriate.~~

~~Education Code 48907 allows districts to regulate the "time, place, and manner" of student speech. The following paragraph provides "time, place, and manner" restrictions and should be modified to reflect district practice.~~

All such expression in a given year shall be limited to the locations identified by the principal or designee for that year.

~~Printed materials~~ Materials or petitions may be distributed only:

1. Before or after school or during lunch time

2. ~~In~~For printed materials or petitions, in locations that do not obstruct the normal flow of traffic within the school or at entrances

No student shall use coercion to induce any other student or person to accept ~~printed matter~~materials or to sign a petition. No funds shall be collected for any material distributed.

~~**Clothing, Buttons, and Badges**~~

~~CSBA NOTE: A school district's ability to regulate "hate speech," such as clothing with derogatory or demeaning messages, is unclear. While the 9th Circuit court held in Harper v. Poway Unified School District that a school could prohibit a student from wearing a T-shirt with an anti-homosexual message, the U.S. Supreme Court vacated that decision and thus its analysis cannot be relied upon and is not included in the section below. Because the status of the law is unclear, districts should consult with legal counsel as appropriate.~~

~~Buttons, badges, armbands, and clothing bearing slogans or sayings may be worn unless their message falls into the categories prohibited by law and Board policy. No employee shall interfere~~

~~with this practice on the grounds that the message may be controversial or unpopular with students or faculty.~~

CSBA NOTE: Districts may consider requiring students to include a disclaimer on all materials to be distributed. For example, a disclaimer might state that "this event is not school-sponsored or approved" or that "opinions are not necessarily those of the school district or school personnel." The following optional paragraph should be modified to reflect district practice.

At the principal or designee's discretion, any materials or petitions may be required to include a disclaimer indicating that views, ideas, and opinions expressed in the materials or petitions are not sponsored by and do not necessarily reflect those of the school or district.

CSBA NOTE: Pursuant to Education Code 48907, students generally have the right to exercise freedom of speech including, but not limited to, the wearing of buttons, badges, and other insignia. However, this right is constrained as described in the accompanying Board policy. Such constraints include prohibiting student expression that is obscene, libelous, or slanderous; is discriminatory, harassing, intimidating, or bullying; is likely to immediately incite action on district property or during district-sponsored programs or activities that is unlawful, that violates Board policies, administrative regulations, or other district or school rules; or is likely to cause or actually causes substantial disruption to the orderly operation of the district.

It is recommended that districts with questions regarding the permissibility of buttons, badges, armbands, and clothing bearing slogans or sayings consult CSBA's District and County Office of Education Legal Services or district legal counsel.

Permissible buttons, badges, armbands, and clothing bearing slogans or sayings may be worn at all times. No employee shall interfere with such expression solely on the grounds that the message may be controversial or unpopular with students or faculty. (Education Code 234.1, 48907)

Official School Publications

CSBA NOTE: While the definition of "official school publications" in Education Code 48907 does not include materials produced by student clubs or organizations, student newspapers or other student publications, the definition of "official school publications" below, which should be modified to reflect district practice, has been expanded to include such materials to more accurately reflect current practice.

Official school publications are materials produced by students in journalism or yearbook courses or programs, student clubs or organizations, student newspapers or other student publications, or writing classes, and distributed to the public or to the student body either for a fee or free. (Education Code 48907)

Each principal may develop a school publications code outlining the responsibility of the students who produce or support the production of content for official student publications and the staff who serve as advisors of official student publications.

CSBA NOTE: Pursuant to Education Code 48907, official student publications shall be held to "professional standards of English and journalism." As not all official student publications may be

written in English, the following paragraph, which should be modified to reflect district practice, provides that official student publications are required to be held to "professional standards of language and journalism."

All official student publications shall be held to professional standards of language and journalism. (Education Code 48907)

CSBA NOTE: Pursuant to Education Code 48907, staff are required to show justification for any limitation of material in an official student publication and are required to do so without undue delay. Additionally, many districts have incorporated an informal appeals process by which an official student publication may appeal such a limit imposed by a staff advisor or other school staff such as a principal. The following paragraph follows this approach and should be revised to reflect district practice.

If a staff advisor to an official student publication or other school staff with similar responsibility determines that material intended for inclusion in an official student publication violates the accompanying Board policy or this regulation, the staff advisor or other school staff shall first consider any feasible alternative options to limiting the material. If no other option is feasible, the staff advisor or other school staff shall notify the official student publication, via the student editor-in-chief or similar position, and the student authors of the material without undue delay and shall provide specific reasons for why the submitted material may not be published. Absent extraordinary circumstances, such notice shall be given in sufficient time to allow the official student publication or the student authors to either modify the material or request review by the Superintendent or designee.

At the principal's discretion, all official student publications may be required to include a disclaimer indicating that views, ideas, and opinions expressed in official student publications do not necessarily reflect those of the school or district.

Student Participation in Civic or Political Events

CSBA NOTE: Pursuant to Education Code 48205, a middle or high school student is permitted one excused absence per school year due to participation in a civic or political event. Additionally, Education Code 48205 authorizes a school administrator to grant additional excused absences. Such discretion should be used with caution to avoid allegations of viewpoint discrimination. The following paragraph does not provide discretion and should be modified to reflect district practice.

Upon providing advanced notice and in accordance with Board Policy/Administrative Regulation 5113 – Absences and Excuses, a student in middle or high school shall be permitted one excused absence per school year in order to participate in a civic or political event such as voting, poll working, strikes, public commenting, or attending candidate speeches, political or civic forums, or town halls. (Education Code 48205)

Policy 6142.7: Physical Education And Activity

Status: ADOPTED

Original Adopted Date: 11/01/2007 **| Last Revised Date:** ~~07~~02/01/~~2020~~2026 **| Last Reviewed Date:** ~~07~~02/01/~~2020~~2026

CSBA NOTE: The following optional policy may be revised to reflect district practice and the grade levels offered by the district. See the accompanying administrative regulation for definitions of "physical education" and "physical activity" based on the California Department of Education's (CDE) 2009 Physical Education Framework for California Public Schools.

42 USC 1758b mandates each district participating in federal meals programs to adopt a districtwide student wellness policy, including goals for physical activity. See BP 5030 - Student Wellness for language fulfilling this mandate. The following policy also incorporates goals for physical activity.

Education Code 33352 requires CDE, as part of the Federal Program Monitoring (FPM) process, to monitor districts' compliance with specified state physical education requirements which are reflected in the following policy and the accompanying administrative regulation. During the FPM process, CDE will request a link to this policy as evidence of specified components of compliance.

The Governing Board recognizes the positive benefits of physical activity on student health, well-being, and academic achievement. The district shall provide all students the opportunity to be physically active on a regular basis through high-quality physical education instruction and may provide additional opportunities for physical activity throughout the school day. The district's physical education and activity programs shall support the district's coordinated student wellness program and encourage students' lifelong health and fitness.

CSBA NOTE: During the FPM monitoring process, CDE will check the district's compliance with laws requiring that physical education classes be conducted in a coeducational, inclusive manner.

Physical education classes shall be conducted in ~~the~~a coeducational, inclusive manner ~~prescribed by~~in accordance with law. The district shall provide instruction in physical education that provides equal access and equal opportunities for participation for all students in grades 1-12 regardless of gender, gender expression, sexual orientation, and mental or physical disability~~.~~, or any other protected status in accordance with Board Policy/Administrative Regulation 5145.3 – Nondiscrimination/Harassment. (Education Code 220, 221.5, 33352; 5 CCR 4900, 4930, 4931, 4940, 4960; 34 CFR 106.33, 106.34, 300.108)

CSBA NOTE: Education Code 51210 and 51220 require the district's course of study for grades 1-12 to include physical education, with an emphasis on physical activities conducive to health and vigor of body and mind; see AR 6143 - Courses of Study. The state curriculum framework describes components of a comprehensive physical education program based on the voluntary Physical Education Model Content Standards adopted by the State Board of Education (SBE).

The district's physical education program shall provide a developmentally appropriate sequence of instruction aligned with the state's model content standards and curriculum framework.

CSBA NOTE: The ~~following optional paragraph may be revised to reflect district practice. The~~ U.S. Department of Health and Human Services' (HHS~~)~~), "Physical Activity Guidelines for Americans," recommends that children and adolescents participate in at least 60 minutes of age-appropriate moderate to vigorous physical activity per day, which can be accrued in smaller increments throughout the day. It is recommended that the majority of the 60 minutes or more of daily physical activity be aerobic exercise, which includes vigorous physical activity at least three days a week, and that muscle and bone strengthening exercise be included at least three days a week. To help students reach these goals, the state curriculum framework recommends that students be engaged in moderate to vigorous physical activity for at least 50 percent of physical education class time. See the accompanying administrative regulation for definitions of "moderate physical activity" and "vigorous physical activity." Also see CSBA's Fact Sheet ~~on~~ , "Moderate to Vigorous Physical Activity in Physical Education to Improve Health and Academic Outcomes~~.~~."

The district's physical education program shall engage students in age-appropriate moderate to vigorous physical activity, as defined in the accompanying administrative regulation, including aerobic, muscle-strengthening, and bone-strengthening activities. The Superintendent or designee shall develop strategies to monitor the amount of moderate to vigorous physical activity that takes place in the physical education instructional program.

CSBA NOTE: The following two optional paragraphs are for use by districts that maintain high schools.

According to the state curriculum framework, it is the obligation of the Governing Board to determine whether to grant physical education credit for a particular course, including, but not limited to, junior Reserves Officers' Training Corps (ROTC~~,~~), marching band, cheerleading, or drill team. In making this determination, the Board ~~must~~is required to determine how the particular course supports an overall course of study for grades 9-12 that includes the eight content areas specified in Education Code 33352 and 5 CCR 10060 for physical education programs. While it is not necessary that each individual course include all eight content areas, the course offerings ~~must~~are required to be structured so that all students receive opportunities for instruction in each of the eight areas across grades 9-12. CDE's Physical Education FAQs add that any course for which physical education credit is granted must also meet requirements in Education Code 33352 pertaining to minimum instructional minutes, various reporting requirements, and the assignment of an appropriately credentialed teacher.

For grades 9-12, the overall course of study shall include the effects of physical activity upon dynamic health, the mechanics of body movement, aquatics, gymnastics and tumbling, individual and dual sports, rhythms and dance, team sports, and combatives. (Education Code 33352; 5 CCR 10060)

The Board shall approve the courses in grades 9-12 for which physical education credit may be granted.

CSBA NOTE: The ~~following paragraph is optional. See the~~ accompanying administrative regulation ~~for~~includes sample strategies for physical activity opportunities outside the physical education program. ~~Also~~For more information regarding increased physical education opportunities throughout the school day, see CSBA's Fact Sheet ~~on~~ , "Maximizing Opportunities for Physical Activity During the School Day~~.~~."

The Superintendent or designee shall develop strategies to supplement physical education instruction with additional opportunities for students to be physically active before, during, and after the school day.

Students with disabilities shall be provided instruction in physical education in accordance with their individualized education program or Section 504 accommodation plan.

CSBA NOTE: Pursuant to Education Code 51240.5, districts are required to grant a student in kindergarten-grade 12 an accommodation in connection with any physical activity components of a physical education course during a period of religious fasting, as specified below.

Pursuant to Education Code 51240.5, for purposes of calculating compliance with the instructional time requirements of Education Code 51210, 51222, and 51223, a student is required to be credited with instructional time for any time the student was granted such an accommodation upon completion of alternative assignments or activities by the student.

Upon written notification from a student's parent/guardian, or from the student if age 18 years of age or older, stating that the student is participating in religious fasting, the principal or designee shall grant a student an accommodation in connection with any physical activity component of a physical education course during the period of religious fasting. The student shall be provided alternative assignments or activities for the period the student is granted an accommodation. (Education Code 51240.5)

CSBA NOTE: Education Code 33355 requires districts to, by July 1, 2026, develop, adopt, implement, and annually review weather protocols for extreme weather conditions, as specified, incorporating the standardized guidelines developed by CDE specifying temperature thresholds or index ratings that trigger modifications to student physical activities during extreme weather conditions. See the accompanying administrative regulation for the definition of "extreme weather conditions."

The Superintendent or designee shall develop, adopt, and implement weather protocols that incorporate the standardized guidelines compiled by the California Department of Education and that include specific measures to be taken during extreme weather conditions. The adopted weather protocols shall be annually reviewed, evaluated, and if necessary, updated in accordance with law. (Education Code 33355)

During air pollution episodes, extreme weather, or other inclement conditions, physical education staff shall make appropriate adjustments to the program in accordance with the district's extreme weather protocols and/or shall seek alternative indoor space to enable students to participate in active physical education.

CSBA NOTE: Pursuant to Education Code 51222, the Board of a district serving students in grades 6-12 is authorized to adopt a policy providing for the alternate term schedule for physical education courses if specified conditions are met. Districts that do not wish to offer an alternate term schedule for physical education courses should delete the following paragraph and related material in the accompanying administrative regulation.

The Superintendent or designee may offer an alternate term schedule for grades 6-12 physical education courses in accordance with Education Code 51222 as specified in the accompanying administrative regulation.

Staffing

CSBA NOTE: A departmentalized class in physical education may be taught by a teacher with a single subject credential that authorizes instruction in physical education. Pursuant to Education Code 44256, the holder of a multiple subject credential may teach a departmentalized class in grades K-9 if the credential holder has completed 20 semester hours of coursework or 10 semester hours of upper division or graduate coursework in the subject to be taught. ~~In addition~~Additionally, Education Code 44256 allows the Board by resolution to authorize a multiple subject credentialed teacher to teach a departmentalized class below grade 9 if the credential holder has completed at least 12 semester units or six upper division or graduate units of coursework in the subject to be taught. Education Code 44258.3 authorizes the Board to assign any credentialed teacher to a departmentalized class in grades K-12 if the teacher has adequate knowledge of the subject to be taught based on criteria specified in Education Code 44258.3 and district-adopted policies and procedures. Pursuant to 5 CCR 80046.1, a credentialed teacher may seek an added authorization to teach adapted physical education to students who are precluded from participating in a general education physical education program or a specially designed physical education program.

Physical education instruction shall be delivered by appropriately credentialed teachers who may be assisted by instructional aides, paraprofessionals, and/or volunteers.

The district shall provide physical education teachers with continuing professional development, including classroom management and instructional strategies designed to keep students engaged and active and to enhance the quality of physical education instruction and assessment.

Physical Fitness Testing

CSBA NOTE: The following section may be revised to reflect grade levels offered by the district. Education Code 60800 requires districts to administer a physical fitness test to students in grades 5, 7, and 9. ~~The~~ SBE has designated the FITNESSGRAM as the required physical fitness test. See the accompanying administrative regulation for testing requirements.

The Superintendent or designee shall annually administer the physical fitness test designated by the State Board of Education (FITNESSGRAM) to students in grades 5, 7, and 9. (Education Code 60800; 5 CCR 1041)

Temporary Exemptions

CSBA NOTE: Education Code 51241 authorizes, but does not require, the district to grant temporary exemptions from physical education under the conditions described in ~~items~~Items #1-2 below. During the FPM process, the district may provide a link to the district's policy as evidence of any physical education exemptions offered by the district. ~~The following section is optional and should be revised to reflect district practice.~~

The Superintendent or designee may grant a student a temporary exemption from physical education under either of the following conditions: (Education Code 51241)

1. The student is ill or injured and a modified program to meet the student's needs cannot be provided.

2. The student is enrolled for one-half time or less.

Two-Year Exemptions

CSBA NOTE: The following optional section is for use by districts that maintain grades 10-12. Education Code 51241 authorizes, but does not require, the district to grant a two-year exemption from physical education to eligible students in grades 10-12.

Pursuant to Education Code 51241, in order to be eligible for the two-year exemption, students are required to satisfactorily meet at least five of the six standards of the FITNESSGRAM administered in grade 9. Students are considered to have satisfactorily met a standard on the FITNESSGRAM if they score in the "healthy fitness zone" on that standard. The six fitness areas measured by FITNESSGRAM are aerobic capacity~~,~~; body composition~~,~~; abdominal strength and endurance~~,~~; trunk extensor strength and flexibility~~,~~; upper body strength and endurance~~,~~; and flexibility.

With the student's consent, the Superintendent or designee may exempt a student from physical education courses for any two years during grades 10-12 provided that the student has satisfactorily met at least five of the six standards of the FITNESSGRAM in grade 9. (Education Code 51241)

CSBA NOTE: In addition to administering the physical fitness test to students in grade 9, Education Code 51241 authorizes districts to administer the test to students in grades 10-12 so that such students may qualify for the two-year exemption. ~~The following paragraph is optional.~~

Upon request by students and/or their parents/guardians, the Superintendent or designee may administer the FITNESSGRAM to students in grades 10-12 who need to pass the test in order to qualify for a two-year exemption from physical education courses.

Students in grades 10-12 who have been granted a two-year exemption shall be offered a variety of elective physical education courses of not less than 400 minutes each 10 school days. (Education Code 33352, 51222)

Such students shall not be permitted to attend fewer total hours of courses and classes than they would have attended if enrolled in a physical education course. (Education Code 51241)

Permanent Exemptions

~~CSBA NOTE: The following section is optional and should be revised to reflect district practice.~~CSBA NOTE: Education Code 51241 authorizes, but does not require, the district to grant permanent exemptions from physical education to an individual student under the conditions described in ~~items~~Items #1-3 below.

The Superintendent or designee may grant a student a permanent exemption from physical education under any of the following conditions: (Education Code 51241)

1. The student is age 16 years or older and has been enrolled in grade 10 for one or more academic years.

However, such a student shall not be permitted to attend fewer total hours of courses and classes than the student would have attended if enrolled in a physical education course.

2. The student is enrolled as a postgraduate student.

3. The student is enrolled in a juvenile home, ranch, camp, or forestry camp school with scheduled recreation and exercise.

Students who have been granted a permanent exemption shall be offered a variety of elective physical education courses of not less than 400 minutes each 10 school days. (Education Code 33352)

Other Exemptions

CSBA NOTE: The following optional section is for use by districts that maintain high schools and should be revised to reflect district practice.CSBA NOTE: Education Code 51222, 51242, and 52316 authorize, but do not require, the following exemptions from physical education courses.

The Superintendent or designee may grant a student an exemption from physical education under the following special circumstances:

1. When the student is in any of grades 10-12 and is excused for up to 24 clock hours in order to participate in automobile driver training.

   However, any such student shall attend a minimum of 7,000 minutes of physical education instruction during the school year. (Education Code 51222)

2. When the student is in any of grades 10-12, attends a regional occupational center or program, and, because of the travel time involved, would experience hardship to attend physical education courses.

   Any such student shall have a minimum school day of 180 minutes. (Education Code 52316)

3. When the student is in high school and is engaged in a regular school-sponsored interscholastic athletic program carried on wholly or partially after regular school hours. (Education Code 51242)

Program Evaluation

CSBA NOTE: The following optional section should be revised to reflect district practice.CSBA NOTE: Districts that do not maintain high schools or do not offer any of the exemptions described in the sections above on "Two-Year Exemptions" or "Permanent Exemptions" should modify the following paragraph to delete reports of two-year and permanent exemptions.

The Superintendent or designee shall annually report to the Board each school's FITNESSGRAM results for each applicable grade level. TheAdditionally, the Superintendent or designee shall also report to the Board regarding the number of instructional minutes offered in physical education for

each grade level, the number of two-year and permanent exemptions granted pursuant to Education Code 51241, and any other data agreed upon by the Board and the Superintendent or designee to evaluate program quality and the effectiveness of the district's program in meeting goals for physical activity and student well-being.

Regulation 6142.7: Physical Education And Activity

Status: ADOPTED

Original Adopted Date: 07/01/2007 **| Last Revised Date:** ~~07~~02/01/~~2020~~2026 **| Last Reviewed Date:** ~~07~~02/01/~~2020~~2026

Definitions

CSBA NOTE: The following optional administrative regulation may be revised to reflect district practice and the grade levels offered by the district.

The following section reflects definitions provided in the California Department of Education's (CDE) 2009 Physical Education Framework for California Public Schools and Education Code 33355.

Extreme weather conditions are occurrences of unusually severe weather conditions, including, but not limited to, periods of extreme heat, excessive precipitation, and floods, that may pose significant harm to students. (Education Code 33355)

Moderate physical activity is any activity which generally requires sustained, rhythmic movements and refers to a level of effort a healthy individual might expend while, for example, walking briskly, dancing, swimming, or bicycling on level terrain. A person should feel some exertion but should be able to carry on a conversation comfortably during the activity.

Physical activity is bodily movement that is produced by the contraction of skeletal muscle and that substantially increases energy expenditure, including exercise, sport, dance, and other movement forms.

Physical education is a sequential educational program that teaches students to understand and participate in regular physical activity that assists in developing and maintaining physical fitness throughout their lifetime, understand and improve their motor skills, enjoy using their skills and knowledge to establish a healthy lifestyle, and understand how their bodies work.

~~Physical activity is bodily movement that is produced by the contraction of skeletal muscle and that substantially increases energy expenditure, including exercise, sport, dance, and other movement forms.~~

Vigorous physical activity is any activity which generally requires sustained, rhythmic movements and refers to a level of effort a healthy individual might expend while, for example, jogging, participating in high-impact aerobic dancing, swimming continuous laps, or bicycling uphill. Vigorous physical activity may be intense enough to result in a significant increase in heart and respiration rate.

Instructional Time

~~CSBA NOTE: The district should revise the following section to reflect the grade levels and grade configurations offered by the district.~~CSBA NOTE: Education Code 51210 requires the adopted course of study for grades 1-6 to include instruction in physical education for at least 200 minutes

each 10 school days, exclusive of recess and the lunch period. For grades 7-12, Education Code 51222 requires that all students, except students excused or exempted pursuant to Education Code 51241, attend courses of physical education for at least 400 minutes each 10 school days. However, pursuant to Education Code 51223, an elementary school maintaining grades 1-8 is required to provide instruction in physical education for students in grades 7-8 that matches the requirement for grades 1-6 of not less than 200 minutes each 10 school days, exclusive of recess and the lunch period.

When determining the number of instructional minutes, it is recommended that districts exclude time spent walking to and from class or engaging in other physical activity conducted outside the physical education instructional program, such as in regular classroom activities or before/after school programs.

Instruction in physical education shall be provided for at least the following minimum period of time: (Education Code 51210, 51222, 51223)

1. For students in grades 1-6, 200 minutes each 10 school days, exclusive of recess and the lunch period

2. For students in grades 7-8 attending an elementary school, 200 minutes each 10 school days, exclusive of recess and the lunch period

3. For students in grades 7-8 attending a middle school or junior high school, 400 minutes each 10 school days

4. For students in grades 9-12, 400 minutes each 10 school days

CSBA NOTE: ~~Districts are cautioned~~Pursuant to Education Code 51222, the Governing Board of a district serving students in grades 6-12 is authorized to adopt a policy providing for an alternate term schedule for physical education ~~classes in a manner that takes into consideration circumstances~~ courses if specified conditions are met. Education Code 51222, as amended by AB 1216 (Ch. 88, Statutes of 2025), clarifies that the alternative term schedule minimum minute requirements are required to be calculated by school days. Districts that ~~may occasionally interfere with the provision of~~ do not offer an alternate term schedule for physical education~~. Under a settlement reached in Cal200 et al. v. San Francisco Unified School District, schools that skip minutes of~~ courses should delete the following paragraph.

An alternate term schedule may be provided for physical education courses in grades 6-12, if the following conditions are met: (Education Code 51222)

1. For students in grade 6 to receive no less than 400 minutes of instruction ~~for any reason are required to make up those minutes on another day so that the~~ each 10 school days for a semester of not fewer than 18 weeks during the regular school year, for a total of 3,600 instructional minutes ~~requirement is satisfied.~~for the school year

2. For students in grades 7-12 to receive no less than 800 minutes of instruction every 10 school days for a semester of not fewer than 18 weeks during the regular school year, for a total of 7,200 instructional minutes for the school year

3. The physical education program is aligned with the physical education framework adopted by the State Board of Education (SBE) in that it provides a sequential, articulated, age-appropriate program

4. The physical education program complies with the course of study requirements of high school physical education programs, as applicable

5. Students are prepared for, and participate in, the physical performance testing as specified in Education Code 60800

If the instructional minute requirement cannot be met during any 10-day period due to inclement weather, a school assembly, field trip, student assessment, or other circumstance, the school shall make up those minutes on another day in order to satisfy the instructional minute requirement.

CSBA NOTE: The following optional paragraph may be revised to reflect district practice. In order to demonstrate compliance with instructional minute requirements, it is recommended that the district determine the method(s) of documentation it will use and ensure consistent implementation. For examples of such methods, see CDE's ~~FPM~~Federal Program Monitoring instrument, "Physical Education Guidelines Elementary Schools~~,~~," and , "Physical Education Guidelines Middle and High School," located on its website.

The Superintendent or designee shall determine a method to document compliance with the required number of instructional minutes. Such documentation may include, but not be limited to, a master schedule, bell schedule, weekly schedule for each teacher providing physical education instruction, district calendar, teacher roster, or log for staff or students to record the number of physical education minutes completed.

CSBA NOTE: Education Code 51210, 51222, and 51223 authorize the use of uniform complaint procedures (5 CCR 4600-4670) for any complaint that ~~an elementary~~a school has not complied with the physical education instructional minute requirement. ~~Education Code 51222, as amended by SB 75 (Ch. 51, Statutes of 2019), extends such use of uniform complaint procedures to grades 7-12.~~ See BP/AR 1312.3 - Uniform Complaint Procedures.

Any complaint alleging noncompliance with the instructional minute requirement may be filed in accordance with the district's procedures in ~~AR~~Administrative Regulation 1312.3 - Uniform Complaint Procedures. A complainant not satisfied with the district's decision may appeal the decision to the California Department of Education (CDE). If the district or CDE finds merit in a complaint, the district shall provide a remedy to all affected students and parents/guardians. (Education Code 51210, 51222, 51223; 5 CCR 4600-4670)

Monitoring Moderate to Vigorous Physical Activity

CSBA NOTE: The ~~following optional section may be revised to reflect district practice. See the~~ accompanying Board policy ~~for~~includes language establishing goals for moderate to vigorous physical activity in physical education classes.

To monitor the amount of time students are engaged in moderate to vigorous physical activity, the Superintendent or designee may:

1. Develop methods to estimate the amount of time students spend in moderate to vigorous physical activity and the amount of time students are inactive during physical education classes

2. Provide physical education teachers with staff development, self-monitoring tools, stopwatches, and/or heart rate monitors to assist them in planning and assessing the level of activity in their classes

Physical Fitness Testing

CSBA NOTE: Education Code 60800 requires districts to administer a physical fitness test to students in grades 5, 7, and 9. The State Board of Education has designated FITNESSGRAM as the required physical fitness test. Pursuant to 5 CCR 1041, this requirement also applies to students who attend schools that are on a block schedule and students who may not be enrolled in physical education classes during the annual assessment window.

The following paragraph should be modified to reflect grade levels offered by the district. ~~In addition~~ Additionally, if the district has chosen to administer the test in any of grades 10-12 (see accompanying Board policy), the following paragraph should be modified accordingly.

During the annual assessment window between the months of February through May, students in grades 5, 7, and 9 shall be administered the physical fitness test designated by ~~the State Board of Education~~SBE (FITNESSGRAM). (Education Code 60800; 5 CCR 1041)

The Superintendent or designee may provide a make-up date for students who are unable to take the test based on absence or temporary physical restriction or limitations, such as students recovering from illness or injury. (5 CCR 1043)

CSBA NOTE: ~~The following paragraph is optional.~~ 5 CCR 1043.4 authorizes, but does not require, the district to designate a physical fitness test coordinator. If the district chooses to designate a test coordinator, the duties ~~must~~of the test coordinator are required to include those described in 5 CCR 1043.4.

On or before November 1 of each school year, the Superintendent may designate an employee to serve as the district's physical fitness test coordinator and so notify the test contractor. The test coordinator shall serve as the liaison between the district and CDE for all matters related to the physical fitness test. The duties of the test coordinator shall ~~be those specified in 5 CCR 1043.4, including~~include, but are not limited to: (5 CCR 1043.4)

1. Responding to correspondence and inquiries from the contractor in a timely manner and as provided in the contractor's instructions

2. Determining district and school site test and test material needs

3. Overseeing the administration of the physical fitness test to students

~~4. Overseeing the collection and return of all test data to the contractor~~

~~5.~~ 4. Ensuring that all test data are received from school test sites in sufficient time to satisfy the reporting requirements

~~6. Ensuring that all test data are sent to the test contractor by June 30 of each year~~

Students shall be provided with their individual results after completing the FITNESSGRAM. The test results may be provided in writing or orally as the student completes the testing, and shall be included in the student's cumulative record. (Education Code 49062, 60800; 5 CCR 1043.10~~, 1044~~)

~~CSBA NOTE: The following paragraph is optional.~~

Each student's test results shall also be provided to the student's parents/guardians.

The Superintendent or designee shall report the aggregate results of the FITNESSGRAM in the annual school accountability report card required by Education Code 33126 and 35256. (Education Code 60800)

Testing Variations

All students may be administered the FITNESSGRAM with the following test variations: (5 CCR 1047)

1. Extra time within a testing day

2. Test directions that are simplified or clarified

All students may have the following test variations if they are regularly used in the classroom: (5 CCR 1047)

1. Audio amplification equipment

2. Separate testing for individual students provided that the student(s) are directly supervised by the test examiner

3. Manually Coded English or American Sign Language to present directions for test administration

Students with a physical disability and students who are physically unable to take all of the test shall undergo as much of the test as their physical condition will permit. (Education Code 60800; 5 CCR 1047)

Students with disabilities may be provided the following accommodations if specified in their individualized education program (IEP) or Section 504 plan: (5 CCR 1047)

1. Administration of the test at the most beneficial time of day to the student after consultation with the test contractor

2. Administration of the test by a test examiner to the student at home or in the hospital

3. Any other accommodation specified in the student's IEP or Section 504 plan for the physical fitness test

Identified English learners may be allowed the following additional test variations if regularly used in the classroom: (5 CCR 1048)

1. Separate testing with other English learners, provided that the student(s) are directly supervised by the test examiner

2. Test directions translated into their primary language, and the opportunity to ask clarifying questions about the test directions in their primary language

Additional Opportunities for Physical Activity

~~CSBA NOTE: The following optional section may be revised to reflect district practice.~~ CSBA NOTE: Item #1 below should be modified or deleted by districts that do not maintain elementary schools.

The Superintendent or designee ~~shall~~may implement strategies for increasing opportunities for physical activity outside the physical education program, which may include, but not be limited to:

1. Training recess, lunch, and before- and after-school supervisors on methods to engage students in moderate to vigorous physical activity

2. Encouraging teachers to incorporate physical activity into the classroom

3. Establishing extracurricular activities that promote physical activity, such as school clubs, intramural athletic programs, dance performances, community service, special events, and competitions

4. Incorporating opportunities for physical activity into before- or after-school programs and/or child care and development programs

5. Exploring opportunities for joint use of facilities or grounds in order to provide adequate space for students and community members to engage in recreational activities

6. Developing business partnerships to maximize resources for physical activity equipment and programs

7. Developing programs to encourage and facilitate walking, bicycling, or other active transport to and from school

Policy 6146.1: High School Graduation Requirements

Status: ADOPTED

Original Adopted Date: 12/01/2017 **| Last Revised Date:** ~~12~~02/01/~~2023~~2026 **| Last Reviewed Date:** ~~12~~02/01/~~2023~~2026

CSBA NOTE: The following optional policy is for use by districts that maintain grades 9-12.

The Governing Board desires to prepare all students to successfully complete the high school course of study and obtain a diploma that represents their educational achievement and increases their opportunities for postsecondary education and employment.

District students shall complete graduation course requirements as specified in Education Code 51225.3. ~~Unless~~Additionally, unless exempted as provided in "Exemptions from District-Adopted Graduation Requirements~~,~~" for Highly Mobile Students" below, or in Board Policy 6146.4 – Differential Graduation and Competency Standards for Students with Disabilities, district students shall ~~also~~ complete other course requirements adopted by the Board. Students who are exempted from district-adopted graduation requirements shall be eligible to participate in any graduation ceremony and school activity related to graduation in which other students are eligible to participate.

Course Requirements

CSBA NOTE: Education Code 51225.3 specifies the courses that a student is required to complete in order to graduate from high school as listed in Items #1-~~7~~8 below.

Pursuant to Education Code 66204, each district that maintains a high school is required to develop a process for submitting courses to the University of California (UC) to review and certify that they align with the "A-G" course requirements for college admission.

To obtain a high school diploma, students shall complete the following courses in grades 9-12, with each course being one year unless otherwise specified:

1. Three courses in English (Education Code 51225.3)

2. Two courses in mathematics (Education Code 51225.3)

   Students shall complete at least one mathematics course that meets the state academic content standards for Algebra I or Mathematics I. Students may complete such coursework prior to grade 9 provided that they also complete two mathematics courses in grades 9-12. (Education Code 51224.5)

CSBA NOTE: The following paragraph is for districts that require more than two mathematics courses for high school graduation. Pursuant to Education Code 51225.3 and 51225.35, a district that requires more than two courses in mathematics may award up to one mathematics course

credit for an approved computer science course. Any such course ~~must~~is required to have been approved by UC as a "category C" (mathematics) course in the university's "A-G" course admission criteria; see BP 6143 - Courses of Study.

Successful completion of an approved computer science course that is classified as a "category C" course based on the University of California (UC) and California State University (CSU) "A-G" admission requirements shall be counted toward the satisfaction of additional graduation requirements in mathematics. (Education Code 51225.3, 51225.35)

3. Two courses in science, including biological and physical sciences (Education Code 51225.3)

4. Three courses in social studies, including United States (~~U.S.~~)US) history and geography; world history, culture, and geography; a one-semester course in American government and civics; and a one-semester course in economics (Education Code 51225.3)

CSBA NOTE: Pursuant to Education Code 51225.3, as amended by AB ~~185~~821 (Ch. ~~571~~622, Statutes of ~~2022~~2025), the option to authorize the completion of a course in career technical education (CTE) in lieu of the visual or performing arts or world language course requirement for high school graduation~~, which authority was deleted by AB 101 (Ch. 661, Statutes of 2021), has been restored until July 1, 2028~~ has been extended indefinitely.

5. One course in visual or performing arts, world language, or career technical education (CTE~~).~~)

   For purposes of this requirement, a course in American Sign Language shall be deemed a course in world language. (Education Code 51225.3)

   To be counted towards meeting graduation requirements, a CTE course shall be aligned to the CTE model curriculum standards and framework adopted by the State Board of Education. (Education Code 51225.3)

CSBA NOTE: Pursuant to Education Code 51222, if the district maintains any of grades 6-12 the Governing Board may adopt a policy providing for an alternate term schedule for physical education courses, which shall be deemed to satisfy the requirements of a course in physical education for purposes of obtaining a high school diploma. For more information regarding an alternate physical education schedule, see AR 6142.7 – Physical Education and Activity.

6. Two courses in physical education, unless the student has been otherwise exempted pursuant to other sections of the Education Code (Education Code 51225.3)

CSBA NOTE: ~~Pursuant~~Subject to funding in the annual Budget Act or other statute, pursuant to Education Code 51225.3, ~~beginning with the 2025-26 school year,~~ the district is required to offer students in grades 9 ~~to~~ -12 a one-semester course in ethnic studies and beginning with the 2029-30 school year, a student is required to complete a one-semester course in ethnic studies, as specified, in order to graduate from high school. At its discretion, a district may require a full-year course. Districts that require a full-year course should revise Item #7 accordingly.

~~Beginning~~Item #7 is conditional upon the Legislature appropriating funding for ethnic studies courses. If funding is appropriated, districts will be required to offer a one-semester ethnic studies course, as specified.

7. Contingent on funding, beginning with the 2029-30 school year, a one-semester course in ethnic studies (Education Code 51225.3)

~~CSBA NOTE: Pursuant to Education Code 51225.3, the Governing~~ CSBA NOTE: Pursuant to Education Code 51225.3, the district is required, commencing in the 2027-28 school year, to offer a one semester course in personal finance. Additionally, Education Code 51225.3 authorizes districts to exempt a student who completes a separate, stand-alone one-semester course in personal finance, that is not combined with any other course, from the graduation requirement to complete a one-semester course in economics.

Pursuant to Education Code 51226.8, the Instructional Quality Commission is required to develop and recommend to the State Board of Education a curriculum guide and resources for a separate, stand-alone one-semester course in personal finance that is not combined with any other course.]

8. Beginning with the 2030–31 school year, a separate, stand-alone one-semester course in personal finance, that is not combined with any other course (Education Code 51225.3)

   A student who completes a separate stand-alone one-semester course in personal finance may be exempted from the requirement to complete a one-semester course in economics. (Education Code 51225.3)

CSBA NOTE: Pursuant to Education Code 51225.3, the Board may prescribe additional coursework (e.g., health education or service learning) or other requirements (e.g., portfolios or senior projects) that district students ~~must~~ are required to complete in order to obtain a diploma. If the Board does so, such courses or projects should be listed below.

If the district requires a course in health education for graduation, Education Code 51225.36 requires that the district include instruction in sexual harassment and violence, including, but not limited to, information on the affirmative consent standard pursuant to Education Code 67386. See BP 6142.1 - Sexual Health and HIV/AIDS Prevention Instruction. ~~In addition~~Additionally, pursuant to Education Code 51225.6, a district that requires a course in health education for graduation is required to include instruction in compression-only cardiopulmonary resuscitation (CPR). See AR 6143 - Courses of Study.

Pursuant to Education Code 51230, if the district requires the completion of community service hours for high school graduation, the district may provide a student with credit towards that requirement for completion of a course in community emergency response training. However, if the district chooses to offer credit for the completion of such a course, the Board is still obligated to notify parents/guardians, students, and the public of information specified in Education Code 51225.3.

~~8. _____~~

Additionally, to obtain a high school diploma, students in grades 9-12 shall complete the following Board-adopted courses or requirements:

CSBA NOTE: Education Code 51225.3 requires the Board to adopt alternative means for students to complete the prescribed course of study. See BP/AR 6146.11 - Alternative Credits Toward Graduation.

Because the prescribed course of study may not accommodate the needs of some students, the Board shall provide alternative means for the completion of prescribed courses in accordance with law.

~~**Exemptions from District-Adopted Graduation Requirements**~~

CSBA NOTE: Pursuant to Education Code 51225.3, the Board is authorized to exempt students from any district-adopted coursework requirements that are in addition to the statewide course requirements which district students are required to complete in order to obtain a diploma. In granting such exemption, the law encourages that a consultation be had with the student and the educational rights holder for the student, regarding any impact that the nonfulfillment of the locally required coursework may have on the student's ability to gain admission to an institution of higher education. The following paragraph is only for districts that provide such an exemption and should be deleted by districts that do not provide the exemption.

The Superintendent or designee may exempt a student from any graduation requirements adopted by the Board that are in addition to the statewide course requirements. Before exempting a student from such requirements, the Superintendent or designee shall consult with the student and the educational rights holder for the student regarding any impact of not fulfilling district-adopted coursework on the student's ability to gain admission to an institution of higher education. (Education Code 51225.3)

Exemptions from District-Adopted Graduation Requirements for Highly Mobile Students

Highly mobile student means a foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, student who is migratory, or a student participating in a newcomer program as specified in Education Code 51225.1.

CSBA NOTE: Education Code 51225.1 requires the district to exempt from any district-adopted graduation requirements that are in addition to the state requirements specified in Education Code 51225.3 a foster youth, a student experiencing homelessness, a former juvenile court school student, a child of a military family, a ~~migrant~~ student who is migratory who transfers into the district or between district high schools any time after completing the second year of high school, or, ~~as amended by AB 714 (Ch. 342, Statutes of 2023),~~ a ~~newcomer~~ a student ~~as defined~~participating in ~~Education Code 51225.2~~a newcomer program, who is in the third or fourth year of high school~~.~~ (highly mobile students). This exemption does not apply if the Superintendent or designee makes a finding that the student is reasonably able to complete the requirements in time to graduate by the end of the fourth year of high school. ~~Also see AR 6173 - Education for Homeless Children, AR 6173.1 - Education for Foster Youth, AR 6173.2 - Education of Children of~~

~~Military Families, AR 6173.3 - Education for Juvenile Court School Students, and AR 6175 - Migrant Education Program.~~

Pursuant to Education Code 51225.25, a "student participating in a newcomer program," as that term was defined by Education Code 51225.2 on January 1, 2023, who was enrolled prior to January 1, 2024, is entitled to the rights specified in Education Code 51225.1 and 51225.2. The district may, in its discretion, extend the rights established in Education Code 51225.1 to other students participating in a newcomer program.

Pursuant to Education Code 51225.1, within 30 calendar days of the transfer into a school by a foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, migrant student, or newcomer student, as applicable, the district is required to notify any eligible student and/or the student's parent/guardian, the student's educational rights holder, the district's liaison for homeless children, and the student's social worker or probation officer, as applicable, of the availability of the exemption from local graduation requirements and whether the student qualifies for it. If the district fails to provide that notification, the student will be eligible for the exemption once notified, even if the notification is received after the termination of the court's jurisdiction over the foster youth or former juvenile court school student, after the student experiencing homelessness ceases to be homeless, or after the student no longer meets the definition of a child of a military family, a ~~migrant~~ student who is migratory, or a student participating in a newcomer ~~student~~program, as applicable.

Additionally, Education Code 51225.1 ~~also~~ provides that, if an exempted student completes the statewide coursework requirements before the end of the fourth year of high school, the district or a district school must not require or request that the student graduate before the end of the fourth year of high school.

~~Any complaint alleging the district's failure to comply with the requirements of Education Code 51225.1 may be filed using the district's uniform complaint procedures pursuant to 5 CCR 4600-4670. See BP/AR 1312.3 - Uniform Complaint Procedures.~~

~~A foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, migrant~~A highly mobile student who transfers into the district or between district schools any time after completing the second year of high school~~,~~ or , if a newcomer student, who is in the third or fourth year of high school, shall be exempted from any graduation requirements adopted by the Board that are in addition to statewide course requirements. This exemption shall not apply if the Superintendent or designee makes a finding that the student is reasonably able to complete the additional requirements in time to graduate by the end of the fourth year of high school.

To determine whether a highly mobile student is in the third or fourth year of high school, the district shall use either the number of credits the student has earned as of the date of the transfer, the length of school enrollment, or, for a student with significant gaps in school attendance, the student's age as compared to the average age of students in the third or fourth year of high school, whichever qualifies the student for the exemption. Additionally, for a newcomer student, enrollment in grade 11 or 12 based on the average age of students in the third or fourth year of high school may be used to determine whether the student is in the student's third or fourth year of high school. (Education Code 51225.1)

Within 30 days of the transfer into a school by ~~the foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, migrant student, or newcomer student, as applicable~~a highly mobile student, the Superintendent or designee shall notify any eligible student, and others as required by law, of the availability of the exemption from local graduation requirements and whether the student qualifies for it. (Education Code 51225.1)

~~CSBA NOTE: Pursuant to Education Code 51225.1, the district may not require or request~~ If a ~~foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, migrant student, or newcomer~~highly mobile student who is ~~exempted from district-established graduation requirements and completes statewide coursework requirements before the end of the student's fourth year of high school to graduate early, as described below.~~

~~The Superintendent or designee shall not require or request the foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, migrant student, or newcomer student who is exempted from district-established graduation requirements and who completes the statewide coursework requirements before the end of the fourth year of high school, and would otherwise be entitled to remain in school, to graduate before the end of the student's fourth year of high school. (Education Code 51225.1)~~

~~CSBA NOTE: Education Code 51225.1, as amended by SB 532 (Ch. 918, Statutes of 2022), requires the district to exempt a foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, migrant student, or newcomer student who qualifies~~eligible for an exemption from district-established graduation requirements~~, under the circumstances described below.~~

~~If the foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, migrant student, or newcomer student~~ was not properly notified of ~~an~~the exemption, declined the exemption, or was not previously exempted, the student or the student's educational rights holder may request the exemption and the Superintendent or designee shall exempt the student within 30 days of the request. Any such student who at one time qualified for the exemption may request the exemption even if the student is no longer eligible. (Education Code 51225.1)

~~CSBA NOTE: Pursuant to Education Code 51225.31, as amended by SB 114 (Ch. 48, Statutes of 2023) and SB 141 (Ch. 194, Statutes of 2023), districts are required to exempt an eligible student with disabilities, that entered the ninth grade in the 2022-23 school year and later, from all coursework and other requirements adopted by the Board that are in addition to the statewide course requirements specified in Education Code 51225.3, and award such student a high school diploma, as reflected below. Awarding a diploma pursuant to this exception does not change the district's obligation to provide a free appropriate public education (FAPE) until 22 years of age or otherwise constitute a change in placement.~~

~~Additionally, a student with disabilities shall be eligible for an exemption from all coursework and other requirements adopted by the Board in addition to the statewide course requirements for high school graduation, if the student's individualized education program (IEP) provides for both of the following requirements: (Education Code 51225.31)~~

1. ~~That the student is eligible to take the alternate assessment as described in Education Code 60640~~

2. That the student complete state standards aligned coursework to meet the statewide coursework specified in Education Code 51225.3

CSBA NOTE: Pursuant to Education Code 51225.31, as amended by SB 114 and SB 141, participation in graduation activities by a student with a disability who is exempted from district-adopted graduation requirements that are in addition to the statewide course requirements specified in Education Code 51225.3, may not be construed as a termination of the district's responsibility to provide FAPE unless the student's individualized education program team, which includes the parent/guardian and student, has determined that the student has completed the high school experience.

The district's responsibility to provide a free appropriate public education shall not terminate when a student with a disability who is exempted from district- adopted graduation requirements participates in graduation activities unless the IEP team, which includes the parent/guardian and student, has determined that the student has completed the high school experience. (Education Code 51225.31)

When a highly mobile student is not exempted from district-established graduation requirements based on the Superintendent's or designee's determination that the student is reasonably able to complete such requirements by the end of the student's fourth year of high school, within 30 calendar days of the following academic year the student shall be reevaluated based on the student's course completion status at the time to determine if the student continues to be reasonably able to complete the district-established graduation requirements in time to graduate by the end of the student's fourth year of high school. Written notice as to whether the student then qualifies for exemption shall be provided to the student, the person holding the right to make educational decisions for the student, and if applicable, to the student's social worker or probation officer. (Education Code 51225.1)

If, upon reevaluation, it is determined that the highly mobile student is not reasonably able to complete the district-established graduation requirements in time to graduate from high school by the end of the student's fourth year of high school, the Superintendent or designee shall provide the student with the option to receive an exemption from district-established graduation requirements or stay in school for a fifth year to complete the district-established graduation requirements upon agreement with the student, or if under 18 years of age, the person holding the right to make educational decisions for the student, and provide notifications in accordance with Education Code 51225.1. (Education Code 51225.1)

When a highly mobile student is exempted from district-established graduation requirements, the Superintendent or designee shall consult with the student and the person holding the right to make educational decisions for the student regarding the following: (Education Code 51225.1)

1. Discussion of how any requirements that are waived may affect the student's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution

2. Discussion and information about other options available to the student, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges

3. Consideration of the student's academic data and any other information relevant to making an informed decision on whether to accept the exemption

The district shall not require or request a highly mobile student to transfer schools in order to qualify for an exemption and shall not grant any request made by an eligible student, or the student's parent/guardian, the person holding the right to make educational decisions for the student, the student's social worker, the student's probation officer, or the district liaison on behalf of the student, as applicable, for a transfer solely to qualify for an exemption. (Education Code 51225.1)

The Superintendent or designee shall not require a highly mobile student who is eligible for an exemption from district-established graduation requirements and would otherwise be entitled to remain in attendance at the school, to accept the exemption or be denied enrollment in, or the ability to complete, courses for which the student is otherwise eligible, including courses necessary to attend an institution of higher education, regardless of whether such courses are required for statewide graduation requirements. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, once a student is granted an exemption from district-established graduation requirements, the exemption may not be revoked, as long as the student remains in school, even if the student is no longer a "highly mobile student," as defined. For example, an exemption granted to a student who is a foster youth will continue to apply even after the termination of the court's jurisdiction over the student.

If a highly mobile student is exempted from district-established graduation requirements, the exemption shall not be revoked. Additionally, the exemption shall continue to apply while the student is enrolled in the school or transfers to another school, including a charter school, or school district, including after the student has ceased to meet the definition of a highly mobile student. (Education Code 51225.1)

The Superintendent or designee shall not require or request a highly mobile student who is exempted from district-established graduation requirements and who completes the statewide coursework requirements before the end of the fourth year of high school, and would otherwise be entitled to remain in school, to graduate before the end of the student's fourth year of high school. (Education Code 51225.1)

Upon making a finding that a highly mobile student is reasonably able to complete district-established graduation requirements within the fifth year of high school, the Superintendent or designee shall: (Education Code 51225.1)

1. Consult with the student and, if under 18 years of age, the person holding the right to make educational decisions for the student, of the option to remain in school for a fifth year to complete the district-established graduation requirements and how that will affect the student's ability to gain admission to a postsecondary educational institution

2. Consult with and provide information to the student about transfer opportunities available through the California Community Colleges

3. Upon agreement with the student or with the person holding the right to make educational decisions for the student if under 18 years of age, permit the student to stay in school for a

fifth year to complete the district-established graduation requirements

4. For a foster youth or a student who is experiencing homelessness, consult with the student and the person holding the right to make educational decisions for the student of the option to remain in the student's school of origin

When a highly mobile student who is eligible for an exemption from district-established graduation requirements is not reasonably able to complete the district-established graduation requirements within the student's fifth year of high school but is reasonably able to complete the statewide coursework requirements within the fifth year of high school, the student shall be exempted from all district-established graduation requirements and be provided with the option to remain in school for a fifth year to complete the statewide requirements. In such situations, the Superintendent or designee shall consult with the student and the person holding the right to make educational decisions for the student, regarding the following: (Education Code 51225.1)

1. The student's option to remain in school for a fifth year to complete statewide coursework requirements

2. The effect of waiving the district-established requirements and remaining in school for a fifth year on the student's postsecondary education or vocation plans, including the ability to gain admission to an institution of higher education

3. Other options available to the student, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges

4. The student's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements

CSBA NOTE: Education Code 51225.1 provides that complaints of noncompliance with specified requirements related to the educational rights of highly mobile students may be filed in accordance with the uniform complaint procedures (UCP) specified in 5 CCR 4600-4670. As with other complaints covered under the UCP, a complainant may appeal the district's decision to the California Department of Education (CDE) and, if the district or CDE finds any merit in the complaint, the district is required to provide a remedy to the affected student. See BP/AR 1312.3 - Uniform Complaint Procedures.

Information regarding the educational rights of highly mobile students, as specified in Education Code 51225.1, shall be included in the annual uniform complaint procedures notification distributed to students, parents/guardians, employees, and other interested parties pursuant to 5 CCR 4622. (Education Code 51225.2)

Any complaint alleging that the district has not complied with requirements regarding the education of highly mobile students, as specified in Education Code 51225.2, may be filed in accordance with the district's procedures in Administrative Regulation 1312.3 - Uniform Complaint Procedures.

CSBA NOTE: Pursuant to Education Code 51225.1, ~~as amended by SB 532,~~ districts are required to annually report to ~~the California Department of Education (CDE)~~CDE regarding the number of

students who, for the prior school year, graduated with an exemption from the district-established graduation requirements that are in addition to statewide coursework requirements, as specified below.

~~Pursuant to Education Code 60900.2, as added by AB 1340 (Ch. 576, Statutes of 2023), and contingent upon funding for these purposes, CDE is required, on or before January 1, 2025, to report on its website statewide four and five year cohort graduation rates for students with disabilities disaggregated by the identified disability or disabilities as listed in 34 CFR 300.8.~~

Annually, the Superintendent or designee shall report to the California Department of Education, in accordance with Education Code 51225.1, the number of student's graduating from the fourth or fifth year of high school who, for the prior school year, graduated with an exemption from district-established graduation requirements that are in addition to statewide coursework requirements.

Retroactive Diplomas

Any student who completed grade 12 in the 2003-04 through 2014-15 school year and met all applicable graduation requirements other than the passage of the high school exit examination shall be granted a high school diploma. (Education Code 51413)

CSBA NOTE: Items #1-5 below are optional and may be revised to reflect district practice.

~~In addition~~Additionally, the district may retroactively grant high school diplomas to former students who: (Education Code 48204.4, 51430, 51440)

1. Departed California against their will while in grade 12 and did not receive a diploma because the departure interrupted their education, provided that they were in good academic standing at the time of the departure

   Persons may be considered to have departed California against their will if they were in custody of a government agency and were transferred to another state, were subject to a lawful order from a court or government agency that authorized their removal from California, were subject to a lawful order and were permitted to depart California before being removed from California pursuant to the lawful order, were removed or were permitted to depart voluntarily pursuant to the federal Immigration and Nationality Act, or departed due to other circumstances determined by the district that are consistent with the purposes of Education Code 48204.4.

   In determining whether to award a diploma under these circumstances, the Superintendent or designee shall consider any coursework that may have been completed outside of the U.S. or through online or virtual courses.

2. Were interned by order of the federal government during World War II or are honorably discharged veterans of World War II, the Korean War, or the Vietnam War, provided that they were enrolled in a district high school immediately preceding the internment or military service and did not receive a diploma because their education was interrupted due to the internment or military service in those wars

   Deceased former students who satisfy these conditions may be granted a retroactive diploma to be received by their next of kin.

3. Are veterans who entered the military service of the U.S. while in grade 12 and who had satisfactorily completed the first half of the work required for grade 12 in a district school

4. Are former members of the military, a resident of California, and received an honorable discharge, or, are current members of the military, a resident of California, and a resident of California when entering the military

   In determining whether to award a diploma under these circumstances, the Superintendent or designee shall evaluate classes completed in any high school, community college, or state college, grant credit toward graduation for military service and training received while in the military, and if satisfied that the person has completed the equivalent of the requirements for graduation from high school, grant the person a diploma of graduation.

5. Were in their senior year of high school during the 2019-20 school year, were in good academic standing and on track to graduate at the end of the 2019-20 school year as of March 1, 2020, and were unable to complete the statewide graduation requirements as a result of the COVID-19 crisis

Honorary Diplomas

CSBA NOTE: The following optional section reflects the Board's authority to confer honorary high school diplomas pursuant to Education Code 51225.5 and may be revised to reflect district practice.

The Board may grant an honorary high school diploma to: (Education Code 51225.5)

1. An international exchange student who has not completed the course of study ordinarily required for graduation and who is returning to the student's home country following the completion of one academic school year in the district

2. A student who is terminally ill

The honorary diploma shall be clearly distinguishable from the regular diploma of graduation awarded by the district. (Education Code 51225.5)

CSBA NOTE: The following optional policy ~~should~~may be modified to reflect district practice.

The Governing Board intends that, to the extent possible, all students, including students who transfer into the district, complete the district's academic program timely and graduate with their peers.

To determine whether students transferring into the district have met district course requirements, the Superintendent or designee shall establish procedures to evaluate the comparability of courses and/or students' understanding of course content. Such procedures shall include methods for determining the number of years of school attendance, the specific courses completed by the student, and the value of credits earned.

CSBA NOTE: ~~AB 490 (Ch. 862, Statutes of 2003) amended~~ Pursuant to Education Code 48645.5 ~~to require,~~ districts are required to accept for credit full or partial coursework completed in a public school or nonpublic nonsectarian school or agency in addition to a juvenile court school.

The district shall accept for credit full or partial coursework satisfactorily completed by students while attending a public school, a juvenile court school, or nonpublic nonsectarian school or agency. (Education Code 48645.5)

Pending evaluation of the transferring student's academic performance, the student shall be placed at the grade level reached prior to enrollment in the district. Within 30 days of enrollment, the principal or designee shall complete the evaluation and determine the student's appropriate grade placement.

Regulation 6146.3: Reciprocity Of Academic Credit

Status: ADOPTED

Original Adopted Date: 07/01/2000 **| Last Revised Date:** 02/01/2026 **| Last Reviewed Date:** 0702/01/20002026

~~CSBA NOTE: The following optional regulation provides separate procedures for those students transferring from accredited schools as opposed to those students transferring from non-accredited schools. This regulation should be modified to reflect district practice.~~

~~**Definitions**~~

~~An "accredited" school is one that has received accreditation by the Western Association of Schools and Colleges (WASC) or other statewide or regional commissions or, in the case of a school outside California, by the equivalent governmental or other regional accrediting agency in that jurisdiction.~~

~~**Transfers from Accredited Schools**~~

~~Students transferring into the district from an accredited school shall receive full academic credit for previously completed courses when the sending district verifies that the student has satisfactorily completed those courses.~~

~~**Transfers from Non-Accredited Schools**~~

~~When a student transfers from any non-accredited private, public, alternative, home or charter school, academic credit shall be subject to approval by the principal or designee at the enrolling school. Credits transferred from these schools shall be fully accepted when there is evidence that the course work completed is equivalent to similar courses offered in this district.~~

~~The principal or designee at the enrolling school shall be responsible for determining which of the student's credits are equivalent to district requirements. Guidelines for determining equivalency shall be developed by representative certificated staff familiar with the district's academic standards and graduation requirements.~~

~~CSBA NOTE: Districts with elementary schools may wish to include the requirement that the entering student demonstrate grade level proficiency by taking the achievement tests offered by the district. The criteria below for evaluating prior high school course work may be adapted to apply to elementary or middle grade course work if desired.~~

CSBA NOTE: The following optional regulation should be modified to reflect district practice. Districts with elementary schools may wish to include the requirement that the entering student demonstrate grade level proficiency by taking the achievement tests offered by the district. The criteria below for evaluating prior high school coursework may be adapted to apply to elementary or middle grade coursework if desired.

Students in grades K ~~through~~ -8 who transfer into the district without proof of having met the grade level proficiency standards in reading, mathematics, and writing ~~must~~may be required to take the appropriate standardized tests of these basic skills to facilitate proper placement.

CSBA NOTE: The following list includes suggestions for steps the district may use to determine whether credits for ~~course work~~coursework previously completed by transferring students are equivalent to credit for courses offered at the enrolling school.

In determining equivalency, the principal and/or designated certificated staff representative may consider one or more of the following:

1. A review of the description of academic content and time requirements of the ~~course work~~coursework completed by the student compared to academic content and time requirements at the enrolling school

2. An examination of the student's portfolio of work, papers, completed projects, graded tests or other documents demonstrating the student's level of skill and knowledge

3. An opportunity for the student to demonstrate skill ~~by~~ ~~his/her~~ via performance on appropriate course-challenging examinations, comprehensive final examinations and/or other culminating exercises used at the enrolling school

4. Verification by teacher observation, once the student has been placed in a course, that the student has reached a level of preparation consistent with ~~his/her~~the student's placement in that course

Appeals/Due Process

CSBA NOTE: ~~The~~It is recommended that districts wishing to revise the following ~~optional~~ section ~~may be revised to reflect~~consult CSBA's District and County Office of Education Legal Services or district ~~practice in consultation with~~ legal counsel.

If a student's parent/guardian disagrees with the school site staff's judgment on grade-level placement, course placement and/or equivalency of academic credit, the parent/guardian may appeal to the Superintendent or designee.

Within 10 working days of notification of placement or credit determination, the parent/guardian may request, in writing, a conference with the Superintendent or designee to review the school site staff's decision.

The Superintendent or designee shall schedule a conference within 10 working days of the parent/guardian's request. This meeting may include the principal or designee, representatives of the school's certificated staff, and the student's parents/guardian. It shall be the parent/guardian's responsibility to present evidence that the facts do not support the school staff's decision on the student's placement and/or transferability of prior credits.

The Superintendent or designee's decision shall be final.

Transfer of Coursework and Credits for Highly Mobile Students

CSBA NOTE: The following section is for use by districts maintaining high schools. Education Code 51225.2 addresses the transferability of coursework and credits completed by a foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, student who is migratory, or student participating in a newcomer program, as provided below.

Education Code 51225.2 requires the transferring school to include in the such student's educational record a determination of days of enrollment and/or seat time and an official transcript with full and partial credits and grades earned, or any measure of full or partial coursework being satisfactorily completed.

Highly mobile student means a foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, student who is migratory, or a student participating in a newcomer program as specified in Education Code 51225.1.

When a highly mobile student transfers into a district school, the district will receive an official transcript from the transferring school or district which reflects full and partial credits and grades earned by the highly mobile student and includes: (Education Code 51225.2)

1. A determination of the days of enrollment and/or seat time, if applicable for all full and partial credits earned based on any measure of full or partial coursework being satisfactorily completed

   Partial coursework satisfactorily completed includes any portion of an individual course, even if the student did not complete the entire course

2. Separate listings for credits and grades earned at each school and local educational agency so it is clear where credits and grades were earned

3. A complete record of the student's seat time, including both period attendance and days of enrollment

The district shall transfer the credits and grades from the transferring school's transcript onto an official district transcript in the same manner as described in Item #2, above. (Education Code 51225.2)

If the Principal or designee has knowledge that the transcript from the transferring school may not include certain credits or grades, the Principal or designee shall contact the prior school within two business days to request that the full or partial credits be issued, which shall then be issued and provided by the prior school within two business days of the request. (Education Code 51225.2)

CSBA NOTE: Pursuant to Education Code 51225.2, "public school," for purposes of coursework completed by a student who is a child of a military family, includes schools operated by the United States Department of Defense.

The district shall accept and issue full or partial credit for any coursework that the highly mobile student has satisfactorily completed while attending another public school, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency, as applicable. (Education Code 51225.2)
If the entire course was completed, the district shall not require the highly mobile student to retake the course. (Education Code 51225.2)

If the entire course was not completed at the previous school, the highly mobile student shall be issued partial credit for the coursework completed and shall be required to take the uncompleted portion of the course. However, the district may require the highly mobile student to retake the portion of the course completed if, in consultation with the holder of educational rights for the highly mobile student, the district finds that the highly mobile student is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a highly mobile student in any particular course, the highly mobile student shall be enrolled in the same or equivalent course, if applicable, to enable the completion of the entire course. (Education Code 51225.2)

CSBA NOTE: Although Education Code 51225.2 requires districts to award partial credits to highly mobile students who transfer, there is no uniform system for calculating and awarding partial credits. To ensure consistency in the treatment of highly mobile students, the California Child Welfare Council, in its, "Partial Credit Model Policy and Practice Recommendations," available on its website, recommends the approach specified in the following optional paragraph, which may be revised to reflect district practice.

Partial credits shall be awarded on the basis of 0.5 credits for every seven class periods attended per subject. If the school is on a block schedule, each block schedule class period attended shall be equal to two regular class periods per subject.

In no event shall the district prevent a highly mobile student from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California. (Education Code 51225.2)

Notification and Complaints

CSBA NOTE: Education Code 51225.2 provides that complaints of noncompliance with specified requirements related to the educational rights of highly mobile students may be filed in accordance with the uniform complaint procedures (UCP) specified in 5 CCR 4600-4670. As with other complaints covered under the UCP, a complainant may appeal the district's decision to the California Department of Education (CDE) and, if the district or CDE finds any merit in the complaint, the district is required to provide a remedy to the affected student. See BP/AR 1312.3 - Uniform Complaint Procedures.

Information regarding the educational rights of highly mobile students, as specified in Education Code 51225.2, shall be included in the annual uniform complaint procedures notification distributed to students, parents/guardians, employees, and other interested parties pursuant to 5 CCR 4622. (Education Code 51225.2)

Any complaint alleging that the district has not complied with requirements regarding the education

of highly mobile students, as specified in Education Code 51225.2, may be filed in accordance with the district's procedures in Administrative Regulation 1312.3 - Uniform Complaint Procedures.

Policy 6146.4: Differential Graduation And Competency Standards For Students With Disabilities

Status: ADOPTED

Original Adopted Date: 11/01/1999 **| Last Revised Date:** ~~12~~02/01/~~2023~~2026 **| Last Reviewed Date:** ~~12~~02/01/~~2023~~2026

CSBA NOTE: The following optional policy is for use by districts that maintain high schools and should be modified to reflect district practice.

Pursuant to Education Code 56345 and 34 CFR 300.320, the individualized education program (IEP) for each student with a disability ~~must~~is required to contain a statement of measurable annual goals that would enable the student to progress in the general education curriculum, a statement regarding any accommodations necessary to measure the student's performance on state and district assessments, and any alternative means and modes necessary for the student to complete the district's prescribed course of study and to meet or exceed proficiency standards for graduation; see AR 6159 - Individualized Education Program for a detailed listing of the required contents of the IEP.

Pursuant to Education Code 60900.2, ~~as added by AB 1340 (Ch. 576, Statutes of 2023),~~ and contingent upon funding for these purposes, the California Department of Education (CDE) is required~~, on or before January 1, 2025,~~ to report on its website statewide four and five year cohort graduation rates for students with disabilities disaggregated by the identified disability or disabilities as listed in 34 CFR 300.8.

The Governing Board recognizes that students with disabilities are entitled to a course of study that provides them with a free appropriate public education (FAPE) and that modifications to the district's regular course of study may be needed on an individualized basis to provide FAPE. In accordance with law, each student's individualized education program (IEP) team shall determine the appropriate goals, as well as any appropriate individual accommodations necessary for measuring the academic achievement and functional performance of the student on state and districtwide assessments.

Exemption from District-Established Graduation Requirements

CSBA NOTE: Pursuant to Education Code 51225.31, ~~as amended by SB 114 (Ch. 48, Statutes of 2023) and SB 141 (Ch. 194, Statutes of 2023),~~ districts are required to exempt an eligible student with a disability, that entered the ninth grade in the 2022-23 school year and later, from all coursework and other requirements adopted by the ~~Governing~~ Board that are in addition to the statewide course requirements specified in Education Code 51225.3, and award such student a high school diploma, as reflected below. Additionally, pursuant to Education Code 51225.32 districts are authorized, until July 1, 2031, to extend such an exemption and award a high school

diploma to an eligible student with disabilities who was enrolled in grade 10 or higher in the 2022-23 school year.

District students shall complete all course requirements for high school graduation as ~~specified~~ required by law and in accordance with Board Policy 6146.1 - High School Graduation Requirements. However, a student with ~~a disability that~~disabilities who entered ~~the~~ ninth grade in the 2022-23 school year ~~and~~or later ~~may~~shall be eligible to be exempted from all coursework and other requirements adopted by the Board that are in addition to the statewide course requirements for high school graduation if the student's IEP provides for both of the following ~~requirements:~~ : (Education Code 51225.31~~).~~)

1. That the student is eligible to take the alternate assessment as described in Education Code 60640

2. That the student complete state standards aligned coursework to meet the statewide coursework specified in Education Code 51225.3

Additionally, a student with disabilities who entered grade 10 in the 2022-23 school year or later may be eligible for the same exemption, at the district's discretion, if the student's IEP provides for both of the requirements specified in Item #1 and 2 above (Education Code 51225.31)

Any such exempted student shall receive a diploma and be eligible to participate in any graduation ceremony and school activity related to graduation in which a student of similar age without a disability would be eligible to participate. (Education Code 51225.31)

CSBA NOTE: Pursuant to Education Code 51225.31~~, as amended by SB 114~~, participation in graduation activities by a student with a disability who is exempted from district-adopted graduation requirements that are in addition to the statewide course requirements specified in Education Code 51225.3, may not be construed as termination of the provision of the district's responsibility to provide a free appropriate public education, unless the student's IEP team, which includes the parent/guardian and student, has determined that the student has completed the high school experience~~.~~

The district's responsibility to provide FAPE shall not terminate when a student with a disability who is exempted from district-adopted graduation requirements participates in graduation activities unless the student's IEP team, which includes the parent/guardian and student, has determined that the student has completed the high school experience. (Education ~~code~~Code 51225.31)

Certificate of Educational Achievement or Completion

CSBA NOTE: Education Code 56390-56392 authorize a district to award a certificate of educational achievement to a student with a disability who meets the criteria specified below. Pursuant to Education Code 56391, a student who meets the criteria is eligible to participate in any graduation ceremony/activity in which a student of similar age without a disability would be eligible to participate. However, Education Code 56391 provides that the right to participate in graduation

ceremonies does not equate a certificate or document of educational achievement with a regular diploma.

For more information regarding California alternate assessments (CAA), see CDE's, "Diploma Pathway for Students who Qualify for the California Alternate Assessment," which provides guidance detailing the diploma options available for students with disabilities, and, "Alternate Assessment IEP Team Guidance," which includes guidelines for IEP teams regarding participation in CAAs and the Alternate English Language Proficiency Assessments for California.

Instead of a high school diploma, a student with a disability may be awarded a certificate or document of educational achievement or completion if the student has met one of the following requirements: (Education Code 56390)

1. Satisfactorily completed a prescribed alternative course of study approved by the ~~board~~Board of the district in which the student attended school or the district with jurisdiction over the student as identified in the student's IEP

2. Satisfactorily met the student's IEP goals and objectives during high school as determined by the IEP team

3. Satisfactorily attended high school, participated in the instruction as prescribed in the student's IEP, and met the objectives of the statement of transition services

A student with a disability who meets any of the criteria specified above shall be eligible to participate in any graduation ceremony and any school activity related to graduation in which a graduating student of similar age without disabilities would be eligible to participate. (Education Code 56391)

Policy 6173: Education For Homeless Children

Status: ADOPTED

Original Adopted Date: 07/01/2005 **| Last Revised Date:** ~~03~~02/01/~~2023~~2026 **| Last Reviewed Date:** ~~03~~02/01/~~2023~~2026

CSBA NOTE: The following policy reflects the intent of the McKinney-Vento Homeless Assistance Act (42 USC 11431-11435) that each student experiencing homelessness should have equal access to the same free, appropriate public education and services as other students. 42 USC 11432 **mandates** that districts adopt, review, and revise policies to remove barriers to the identification, enrollment, and retention of homeless children and youth, ensure that students experiencing homelessness are not segregated or stigmatized on the basis of their status as homeless, and provide for professional development for appropriate staff, as provided in the following policy and regulation. ~~In addition~~Additionally, 42 USC 11432 requires that, in reviewing and revising applicable policies, consideration be given to issues concerning transportation, immunization, residency, birth certificates, school records and other documentation, and guardianship.

Education Code 48851.3~~, as added by AB 408 (Ch. 904, Statutes of 2022),~~ **mandates** that districts establish homeless education program policies that are consistent with the provisions of Education Code 48850-48859, and using resources developed by the California Department of Education (CDE), available on its ~~web site~~website, and those developed by homeless education technical assistance centers. Pursuant to Education Code 48851.3, ~~as added by AB 408,~~ districts are required to update their homeless education program policies at least once every three years.

Education Code 48852.3~~, added by AB 408,~~ requires CDE to develop and implement a plan for monitoring the compliance of districts, including school site inspections, to ensure that the state is not underestimating the number of youth experiencing homelessness.

The Governing Board believes that the identification of students experiencing homelessness is critical to improving the educational outcomes of such students and ensuring that students experiencing homelessness have access to the same free and appropriate public education provided to other students within the district. The district shall provide students experiencing homelessness with access to education and other services necessary for such students to meet the same challenging academic standards as other students.

When there are at least 15 students experiencing homelessness in the district or a district school, the district's local control and accountability plan (LCAP) shall include goals and specific actions to improve student achievement and other outcomes of students experiencing homelessness. (Education Code 52052, 52060, 52064)

CSBA NOTE: The following paragraph is **mandated** pursuant to Education Code 48851.3 and 42 USC 11432. 42 USC 11432 requires that districts adopt policy to remove barriers to enrollment and retention of students experiencing homelessness due to absences or outstanding fees or fines. See the accompanying administrative regulation for additional procedures designed to remove barriers to the identification and enrollment of students experiencing homelessness.

The Superintendent or designee shall review district policies at least once every three years and recommend updates to ensure removal of any barriers to the education of ~~homeless~~ students experiencing homelessness and unaccompanied youth. Any such review shall address identification, enrollment, and retention of such students, including those barriers that are due to absences or outstanding fees or fines. (Education Code 48851.3, 42 USC 11432)

CSBA NOTE: Pursuant to 42 USC 11432, districts are required to designate an appropriate staff person, who may also be a coordinator for other federal programs, as a district liaison for homeless students. See the accompanying administrative regulation for information about the designation and duties of the district liaison.

The Superintendent or designee shall designate an appropriate staff person to serve as a liaison for homeless children and youths. The district liaison for homeless students shall fulfill the duties specified in 42 USC 11432 to assist in identifying and supporting students experiencing homelessness to succeed in school, and as specified in Education Code 48851.3 related to trainings for district staff providing assistance to students experiencing homelessness.

CSBA NOTE: Education Code 48851~~, as amended by AB 2375 (Ch. 912, Statutes of 2022),~~ requires the district to ensure that each school within the district identifies all students experiencing homelessness and unaccompanied youths enrolled at the school and to annually provide and administer a housing questionnaire to parents/guardians of all students and all unaccompanied youths for purposes of identifying students experiencing homelessness and unaccompanied youths. The housing questionnaire ~~must~~is required to be based on best practices developed by CDE, include an explanation of the rights and protections a student has as a ~~homeless~~ child or youth experiencing homelessness or as an unaccompanied youth, and be made available in paper form. A sample housing questionnaire is available on CDE's ~~web site~~website.

Education Code 48851~~, as amended by AB 2375~~, requires districts to collect the completed housing questionnaires described above, and annually report to CDE the number of students experiencing homelessness and unaccompanied youths enrolled in the district.

The Superintendent or designee shall ensure that each district school identifies all students experiencing homelessness and unaccompanied youths enrolled at the school. (Education Code 48851)

To ensure easy identification of students experiencing homelessness, the Superintendent or designee shall annually provide and administer a housing questionnaire developed by the California Department of Education (CDE) to all parents/guardians of students and all unaccompanied youths. (Education Code 48851)

If the primary language of a student's parent/guardian or an unaccompanied youth is not English, either the housing questionnaire shall be made available in the primary language of the student's parent/guardian or the unaccompanied youth pursuant to Education Code 48985, or an appropriate translation of the housing questionnaire shall be provided upon request of a student's parent/guardian or an unaccompanied youth. (Education Code 48851)

The Superintendent or designee shall report to CDE the number of students experiencing homelessness, including unaccompanied youths, enrolled in the district as identified from the housing questionnaire described above. (Education Code 48851)

CSBA NOTE: Education Code 48852.6 requires districts to create a ~~web page~~webpage or post on its ~~web site~~website (1) a list of district liaisons and contact information for such liaison(~~s~~)), and (2) specific information on homelessness, including, but not limited to, information regarding the educational rights and resources available to persons experiencing homelessness. Additionally, Education Code 48852.6 requires a district school, if it has a ~~web site~~website, to post the contact information for the district liaison, as well as the name and contact information of any employee or person under contract the school may have who assists the district liaison in completing the liaison's duties. See the accompanying administrative regulation for more information regarding posting requirements.

~~In addition~~Additionally, the Superintendent or designee shall ensure that the district liaison's contact information and other information on homelessness, including, but not limited to, information regarding the educational rights and resources available to persons experiencing homelessness, are posted on the district and school ~~web sites~~websites as specified in the accompanying administrative regulation. (Education Code 48852.6)

CSBA NOTE: Pursuant to Education Code 48850 and 42 USC 11432, placement determinations for students experiencing homelessness ~~must~~are required to be made according to the student's "best interest," as defined by law and in the accompanying administrative regulation.

The Superintendent or designee shall ensure that placement decisions for students experiencing homelessness are based on the student's best interest as defined in law and administrative regulation.

Each student experiencing homelessness shall be provided services that are comparable to services offered to other students in the school, including, but not limited to, transportation, educational programs for which the student meets the eligibility criteria (such as federal Title I services or similar state or local programs, programs for students with disabilities, and educational programs for English learners), career and technical education programs, programs for gifted and talented students, and school nutrition programs. (Education Code 48850; 42 USC 11432)

CSBA NOTE: The following paragraph is **mandated** by 42 USC 11432. Although segregation of students experiencing homelessness into a separate school or program is prohibited, separate schools that were in operation before 2001 may continue to operate under specified conditions. Districts that maintain such a school may revise the following paragraph to reflect district practice.

Students experiencing homelessness shall not be segregated into a separate school or program based on their status as homeless and shall not be stigmatized in any way. However, the Superintendent or designee may separate students experiencing homelessness on school grounds as necessary for short periods of time for health and safety emergencies or to provide temporary, special, and supplementary services to meet their unique needs. (42 USC 11432, 11433)

The Superintendent or designee shall ensure that information and/or materials for students experiencing homelessness are provided in a manner and form understandable to the student's parents/guardians and to unaccompanied youths.

CSBA NOTE: Although students' addresses generally may be designated as "directory information" that is not harmful if disclosed, 42 USC 11432 provides that information about the living situation of a student experiencing homelessness ~~must~~is required to instead be provided the protections afforded to other student records under the Family Educational Rights and Privacy Act. For further

information about the disclosure of records of students experiencing homelessness, see the U.S. Department of Education's (USDOE), "Education for Homeless Children and Youths Program Non-Regulatory Guidance."

Information about the living situation of a student experiencing homelessness shall be considered part of a student's educational record, subject to the Family Educational Rights and Privacy Act, shall not be deemed to be directory information as defined in 20 USC 1232g, and shall not be released without written consent. (42 USC 11432)

CSBA NOTE: Pursuant to 42 USC 11432, districts receiving assistance through the McKinney-Vento Homeless Assistance Act are required to coordinate services as provided below. Other districts may delete or revise the following paragraph to reflect district practice.

The Superintendent or designee shall coordinate with other agencies and entities to ensure that students experiencing homelessness are promptly identified, ensure that students experiencing homelessness have access to and are in reasonable proximity to available education and related support services, and raise the awareness of school personnel and service providers of the effects of short-term stays in a shelter and other challenges associated with homelessness. Toward these ends, the Superintendent or designee shall collaborate with local social services agencies, other agencies or entities providing services to students experiencing homelessness, and, if applicable, transitional housing facilities. ~~In addition~~Additionally, the Superintendent or designee shall coordinate transportation, transfer of school records, and other interdistrict activities with other local educational agencies. As necessary, the Superintendent or designee shall coordinate, within the district and with other involved local educational agencies, services for students experiencing homelessness and services for students with disabilities. (42 USC 11432)

CSBA NOTE: 42 USC 11432 **mandates** that districts adopt policies and practices to ensure participation by district liaisons and other appropriate staff in professional development and other technical assistance activities, as determined appropriate by the ~~federal~~Federal Office of the Coordinator.

Education Code 48852.5 requires CDE to provide specified informational and training materials to district liaisons, including informational materials on the educational rights of students experiencing homelessness and resources available to assist students experiencing homelessness. Additionally, Education Code 48852.5 ~~also~~ requires CDE to develop and implement a system to verify that districts are providing the required training to school personnel providing services to students experiencing homelessness at least annually.

Pursuant to Education Code 48851.3, ~~as added by AB 408,~~ the liaison for homeless students is required to offer annual training to district employees providing services to students experiencing homelessness and to inform such employees of the availability of training and the services the liaison provides. While Education Code 48851.3 requires annual training for employees who work with students experiencing homelessness, the liaison is encouraged to offer training to all district employees.

The following paragraph reflects the training requirement of Education Code 48851.3 and 48852.5, and USDOE's "Education for Homeless Children and Youths Program Non-Regulatory Guidance," regarding the content of the professional development.

At least annually, the district liaison and other appropriate staff shall participate in professional development and other technical assistance activities to assist them in identifying and meeting the needs of students experiencing homelessness. Such professional development and technical assistance shall include, but are not limited to, training on the district's homeless education program policies, definitions of terms related to homelessness, recognition of signs that students are experiencing or are at risk of experiencing homelessness, the steps that should be taken once a potentially homeless student is identified, and how to connect students experiencing homelessness with appropriate housing and service providers. (Education Code 48851.3, 48852.5; 42 USC 11432)

CSBA NOTE: The following optional paragraph may be revised to reflect district practice. Pursuant to Education Code 52064.5, the State Board of Education has adopted evaluation rubrics for use by districts in evaluating their strengths, weaknesses, and areas that require improvement.

~~In addition~~Additionally, pursuant to 20 USC 6311 annual district report cards for districts receiving Title I funds are required to include disaggregated student achievement data and graduation rates of homeless students.

At least annually, the Superintendent or designee shall report to the Board on the identification of and outcomes for students experiencing homelessness, which may include, but are not limited to, the housing questionnaire responses, school attendance, student achievement test results, promotion and retention rates by grade level, graduation rates, suspension/expulsion rates, and other outcomes related to any goals and specific actions identified in the LCAP. Based on the evaluation data, the district shall revise its strategies as needed to more effectively identify and support the education of students experiencing homelessness.

~~CSBA NOTE: Pursuant to Education Code 51225.1, as amended by SB 532 (Ch. 918, Statutes of 2022), districts are required to annually report to CDE regarding the number of students experiencing homelessness who, for the prior school year, graduated with an exemption from the district-established graduation requirements that are in addition to statewide coursework requirements, as specified below.~~

~~Annually, the Superintendent or designee shall report to CDE, in accordance with Education Code 51225.1, the number of students experiencing homelessness graduating from the fourth or fifth year of high school who, for the prior school year, graduated with an exemption from district-established graduation requirements that are in addition to statewide coursework requirements.~~

Regulation 6173: Education For Homeless Children

Status: ADOPTED

Original Adopted Date: 12/01/2014 **| Last Revised Date:** ~~03~~02/01/~~2023~~2026 **| Last Reviewed Date:** ~~03~~02/01/~~2023~~2026

CSBA NOTE: The following administrative regulation is **mandated** pursuant to Education Code 48851.3~~, as added by AB 408 (Ch. 914, Statutes of 2022)~~ and 42 USC 11432, which require districts to establish homeless education program policies. Pursuant to Education Code 48851.3 districts are required to update these policies at least once every three years. See section on "Transportation" below for additional requirements.

Definitions

CSBA NOTE: The federal McKinney-Vento Homeless Assistance Act (42 USC 11434a) and Education Code 48859 define "homeless children and youths" as provided below. Foster youth who are living in emergency or transitional shelters are within the definition of homeless students but youth who are awaiting foster care placement are not. See BP/AR 6173.1 - Education for Foster Youth for state law regarding foster children.

Homeless students or *students experiencing homelessness* means students who lack a fixed, regular, and adequate nighttime residence and includes: (Education Code 48859; 42 USC 11434a)

1. Students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals

2. Students who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as regular sleeping accommodations for human beings

3. Students who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings

4. Migratory children who qualify as homeless because they are living in conditions described in ~~items~~Items #1-3 above

Unaccompanied youth includes a homeless child or youth not in the physical custody of a parent or guardian. (Education Code 48859; 42 USC 11434a)

CSBA NOTE: The following definition of "school of origin" generally reflects Education Code 48852.7, which exceeds the definition in 42 USC 11432 and is consistent with the state definition

of "school of origin" that applies to foster youth. However, 42 USC 11432 includes preschools in the definition as provided below.

School of origin means the school that the student experiencing homelessness attended when permanently housed or the school in which the student was last enrolled, including a preschool. If the school the student experiencing homelessness attended when permanently housed is different from the school in which the student was last enrolled, or if there is some other school that the student attended within the preceding 15 months and with which the student is connected, the district liaison for homeless students, in consultation with and with the agreement of the student experiencing homelessness and the person holding the right to make educational decisions for the student, shall determine which school is, in the best interests of the student experiencing homelessness, deemed the school of origin. (Education Code 48852.7; 42 USC 11432)

CSBA NOTE: Education Code 48850 expresses legislative intent that the "best interest" of a student experiencing homelessness or foster youth includes educational stability as well as placement in the least restrictive educational program, as provided below. Education Code 48853 further provides that the placement decision of a foster youth ~~must~~is required to consider the student's access to academic resources, services, and extracurricular and enrichment activities. For consistency with the definition of "best interest" applicable to foster youth see AR 6173.1 - Education for Foster Youth. The following definition also reflects Education Code 48853.

Best interest means that, in making educational and school placement decisions for a student experiencing homelessness, consideration is given to, among other factors, educational stability, the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress, and the student's access to academic resources, services, and extracurricular and enrichment activities that are available to all district students. (Education Code 48850, 48853; 42 USC 11432)

District Liaison

CSBA NOTE: Pursuant to 42 USC 11432, districts are required to designate an appropriate staff person, who may also be a coordinator for other federal programs, as a district liaison for homeless students. The district should fill in the blanks below with the title or position, address, email address, and phone number of the district liaison.

The Superintendent designates the following staff person as the district liaison for homeless students: (42 USC 11432)

_____
(title or position)
_____
(address)
_____
(email address)
_____
(phone number)

CSBA NOTE: The duties of the district liaison for homeless students are listed in Education Code 48851.3~~, as added by AB 408,~~ and 42 USC 11432, and are specified below. Also see the U.S. Department of Education's (USDOE), "Education for Homeless Children and Youths Program Non-Regulatory Guidance," and the "Homeless Liaison Toolkit," developed by the National Center for Homeless Education.

The district's liaison for homeless students shall: (Education Code 48851.3, 48851.5, 48852.5; 42 USC 11432)

1. Ensure that students experiencing homelessness are identified by school personnel through outreach and coordination activities with other entities and agencies

2. Ensure that students experiencing homelessness are enrolled in, and have a full and equal opportunity to succeed in, district schools

3. Ensure that families and students experiencing homelessness have access to and receive educational services for which they are eligible, including services through Head Start and Early Head Start programs, early intervention services under Part C of the federal Individuals with Disabilities Education Act, and other preschool programs administered by the district

4. Ensure that families and students experiencing homelessness receive referrals to health care services, dental services, mental health and substance abuse services, housing services, and other appropriate services

5. Inform parents/guardians of the educational and related opportunities available to their children and ensure that they are provided with meaningful opportunities to participate in the education of their children

6. Disseminate public notice of the educational rights of students experiencing homelessness in locations frequented by parents/guardians of students experiencing homelessness and by unaccompanied youth, including schools, shelters, public libraries, and hunger relief agencies (soup kitchens~~).~~)

   The rights shall be presented in a manner and form understandable to the parents/guardians of homeless students and unaccompanied youth.

7. Mediate enrollment disputes in accordance with law and the section "Resolving Enrollment Disputes" below

8. Fully inform parents/guardians of students experiencing homelessness and unaccompanied youth of all transportation services, including transportation to the school of origin, and assist them in accessing transportation to the school of choice

CSBA NOTE: Pursuant to Education Code 48852.5, the California Department of Education (CDE) is required to provide training materials to district liaisons for homeless students for the purpose of providing required professional development and support to school personnel who provide services to students experiencing homelessness.

Education Code 48857 provides funding for up to three county offices of education for the purposes of providing regional support, resources, and expertise to district liaisons for homeless students~~.~~ to ensure that districts meet all of the requirements specified in the federal McKinney-Vento Homeless Assistance Act. (42 USC 11301-11435).

Pursuant to Education Code 48851.3~~, as added by AB 408~~, the district's liaison for homeless students is required to offer annual training to district employees who provide services to students experiencing homelessness and inform such employees of the availability of training and the services the liaison provides. While Education Code 48851.3 requires annual training for employees who work with students experiencing homelessness, the district's liaison for homeless students is encouraged to offer training to all district employees.

The examples of school personnel listed below reflect CDE's ~~2022-23~~2025-26 Federal Program Monitoring Instrument.

9. Offer annual training related to the district's homeless education program policies to school personnel who provide services to students experiencing homelessness, including principals and other school leaders, attendance officers, teachers, enrollment personnel, and specialized instructional support personnel, to ensure that such employees are informed of available training, professional development, and other support, and the services provided by the district liaison for homeless students

10. Ensure that unaccompanied youth are enrolled in school, have opportunities to meet the same challenging state academic standards established for other students, and are informed of their status as independent students under 20 USC 1087vv and that they may receive assistance from the district liaison to receive verification of their independent student status for purposes of applying for federal student aid pursuant to 20 USC 1090

11. Coordinate and collaborate with state coordinators and community and school personnel responsible for the provision of education and related services to students experiencing homelessness, including the collection and provision of comprehensive data to the state coordinator as required by law

CSBA NOTE: Pursuant to Education Code 48918.1, the district liaison ~~must~~is required to be notified at least 10 calendar days before the date of the expulsion hearing for a student experiencing homelessness, when the student's alleged violation does not require a mandatory recommendation for expulsion, and may be notified for mandatory expulsions; see AR 5144.1 - Suspension and Expulsion/Due Process. When so notified, the district liaison is expected to assist the student and, as necessary, advocate on the student's behalf.

Furthermore, pursuant to Education Code 48915.5, if the student experiencing homelessness has also been identified as an individual with a disability and the district has proposed a change of placement due to an act for which the decision to recommend expulsion is discretionary, the district liaison ~~must~~is required to be invited to participate in the individualized education program (IEP) team meeting that makes a manifestation determination pursuant to the Individuals with Disabilities Education Act (20 USC 1415(k)).

~~In addition~~Additionally, when notified pursuant to Education Code 48918.1, the district liaison shall assist, facilitate, or represent a student experiencing homelessness who is undergoing a disciplinary proceeding that could result in the student's expulsion. When notified pursuant to Education Code 48915.5, the district liaison shall participate in an individualized education program (IEP) team meeting to make a manifestation determination regarding the behavior of a student with a disability.

CSBA NOTE: 42 USC 11432 requires CDE to publish a list of district liaisons on its ~~web site~~website. CDE collects the name and contact information of district liaisons through the consolidated application process, along with information about district compliance with federal program requirements.

The Superintendent or designee shall inform students experiencing homelessness, their parents/guardians, school personnel, service providers, and advocates working with homeless families of the duties of the district's liaison. ~~The~~Additionally, the Superintendent or designee shall ~~also~~ provide the name and contact information of the district's liaison to the California Department of Education (CDE) for publishing on CDE's ~~web site~~website. (42 USC 11432)

Enrollment

The district shall make placement decisions for students experiencing homelessness based on the student's best interest. (Education Code 48850; 42 USC 11432)

In determining a student's best interest, a student experiencing homelessness shall, to the extent feasible, be placed in the school of origin, unless the student's parent/guardian or the unaccompanied youth requests otherwise. (Education Code 48852.7; 42 USC 11432)

CSBA NOTE: Education Code 48850 and 42 USC 11432 specify factors that ~~must~~are required to be considered in determining a student's best interest, as provided below.

When determining the best interest of any student experiencing homelessness, the district shall give priority to the request of the student's parent/guardian, or in the case of an unaccompanied youth, the request of the student. ~~The~~Additionally, the student's educational stability and opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress and other student-centered factors related to the student's best interest, including the impact of mobility on the student's achievement, education, health, and safety, shall ~~also~~ be considered. (Education Code 48850; 42 USC 11432)

CSBA NOTE: The following optional paragraph presents examples of factors that may be considered in making placement decisions based on a student's "best interest," and may be revised to reflect district practice.

Such factors may include, but are not limited to, the age of the student, the distance of the commute and the impact it may have on the student's education, personal safety issues, the student's need for special instruction, the length of anticipated stay in the temporary shelter or other temporary location, likely area of future housing, school placement of siblings, and the time remaining in the school year.

However, placement decisions shall not be based on whether a student experiencing homelessness lives with the student's homeless parent/guardian or has been temporarily placed elsewhere. (42 USC 11432)

In the case of an unaccompanied youth, the district liaison shall assist in placement or enrollment decisions, give priority to the views of the student, and provide notice to the student of the right to appeal. (42 USC 11432)

CSBA NOTE: Education Code 48852.7 and 42 USC 11432 require schools to immediately enroll students experiencing homelessness as specified below. In USDOE's, "Non-Regulatory Guidance Education for Homeless Children and Youths Program," USDOE recommends that the district take steps to facilitate immediate enrollment such as accepting school records directly from families, establishing school-based immunization clinics, and training staff on the legal requirements for immediate enrollment. See AR 5111.1 - District Residency.

Once a placement decision has been made, the principal or designee shall immediately enroll the student in the school of choice. The student shall be enrolled even if the student: (Education Code 48850, 48852.7; 42 USC 11432)

1. Has outstanding fees, fines, textbooks, or other items or monies due to the school last attended

2. Does not have clothing normally required by the school, such as school uniforms

3. Is unable to produce records normally required for enrollment, such as previous academic records, proof of residency, and records of immunization and other required health records

4. Has missed application or enrollment deadlines during any period of homelessness

The principal or designee shall immediately contact the school last attended by the student to obtain the relevant records. If the student needs to obtain immunizations or does not possess immunization or other required health records, the principal or designee shall immediately refer the parent/guardian to the district liaison for homeless students. The district liaison shall assist the parent/guardian, or the student if the student is an unaccompanied youth, in obtaining the necessary immunizations, screenings, or records for the student. (42 USC 11432)

If the student is placed at a school other than the school of origin or the school requested by the student's parent/guardian or the student, if an unaccompanied youth, the Superintendent or designee shall provide the parent/guardian or the unaccompanied youth with a written explanation of the reasons for the decision, including why placement in the student's school of origin or requested school is not in the student's best interest, along with a statement regarding the right to appeal the placement decision. The written explanation shall be in a manner and form understandable to such parent/guardian or unaccompanied youth. (42 USC 11432)

At the point of any change or subsequent change in the residence of a student experiencing homelessness, the student may continue attending the student's school of origin for the duration of the homelessness. (Education Code 48852.7; 42 USC 11432)

To ensure that the student experiencing homelessness has the benefit of matriculating with the student's peers in accordance with the established feeder patterns, the following shall apply: (Education Code 48852.7; 42 USC 11432)

1. If the student is transitioning between grade levels, the student shall be allowed to continue in the same attendance area

2. If the student is transitioning to a middle school or high school, and the school designated for matriculation is in another school district, the student shall be allowed to continue to the school designated for matriculation in that district

CSBA NOTE: Education Code 48852.7 and 42 USC 11432 require that students who become permanently housed during the school year be allowed to remain in the school of origin for the remainder of the school year. Additionally, Education Code 48852.7 allows students to remain in the school of origin, or matriculate to a feeder school, even if the student is no longer experiencing homelessness. The district may revise the following list to reflect the grade levels and feeder school patterns in the district.

If the student's housing status changes before the end of the school year so that the student is no longer experiencing homelessness, the student shall be allowed to stay in the school of origin: (Education Code 48852.7)

1. Through the duration of the school year if the student is in grades K-8

2. Through graduation if the student is in high school

CSBA NOTE: A district that operates an intersession program is required to grant priority access to a student experiencing homelessness, pursuant to Education Code 48850. If any such student will be moving during an intersession period, the student's parent/guardian, educational rights holder, or Indian custodian in the case of an Indian child, or, if there is no parent/guardian, educational rights holder, or Indian custodian, the unaccompanied homeless youth shall determine which school the student attends for the intersession period.

When the district offers an intersession program, priority access shall be given to students experiencing homelessness. If a student experiencing homelessness will be moving during an intersession period, the student's parent/guardian, educational rights holder, or Indian custodian in the case of an Indian child, or, if there is no parent/guardian, educational rights holder, or Indian custodian, the unaccompanied homeless youth, shall determine which school the student attends for the intersession period. (Education Code 48850)

Resolving Enrollment Disputes

CSBA NOTE: In the event that a dispute arises over the district's decision related to student eligibility, school selection, or enrollment, the district ~~must~~is required to comply with the requirements of 42 USC 11432 and the dispute resolution process established by CDE. CDE's, "Homeless Education Dispute Resolution Process," available on CDE's ~~web site~~website, provides such guidance. CDE's guidance does not specify a hearing process or timelines for the district-level dispute resolution process. Thus, the district may revise the following section to reflect district practice, provided that the process is consistent with law.

If a dispute arises over student eligibility, school selection, or enrollment in a particular school, the matter shall be referred to the district liaison, who shall carry out the dispute resolution process as expeditiously as possible. (42 USC 11432)

The parent/guardian or unaccompanied youth shall be provided with a written explanation of any decisions related to eligibility, school selection, or enrollment and of the right of the parent/guardian or unaccompanied youth to appeal such decisions. (42 USC 11432)

CSBA NOTE: The following optional list should be modified to reflect district practice. In USDOE's, "Education for Homeless Children and Youths Program Non-Regulatory Guidance," USDOE recommends that the written explanation contain the elements specified below. See the accompanying exhibits for a sample explanation and appeal form.

The written explanation shall include:

1. A description of the action proposed or refused by the district

2. An explanation of why the action is proposed or refused

3. A description of any other options the district considered and the reasons that any other options were rejected

4. A description of any other factors relevant to the district's decision and information related to the eligibility or best interest determination including the facts, witnesses, and evidence relied upon and their sources

5. Appropriate timelines to ensure any relevant deadlines are not missed

6. Contact information for the district liaison and state coordinator, and a brief description of those roles

The written explanation shall be complete, as brief as possible, simply stated, and provided in language that the parent/guardian or student can understand.

CSBA NOTE: The following optional paragraph is recommended in USDOE's, "Education for Homeless Children and Youths Program Non-Regulatory Guidance."

The district liaison may use an informal process as an alternative to formal dispute resolution procedures, provided that the parents/guardians or unaccompanied youth have access to the more formal process if informal resolution is not successful in resolving the matter.

CSBA NOTE: The following optional paragraph is recommended in CDE's, "Homeless Education Dispute Resolution Process," guidance to districts. CDE recommends that if the parent/guardian or unaccompanied youth is an English Learner, the native language and/or an interpreter be used, and/or if additional supports are needed because of a disability, such services be made available without charge.

In working with a student's parents/guardians or unaccompanied youth to resolve an enrollment dispute, the district liaison shall:

1. Inform the student's parents/guardians or unaccompanied youth that written and/or oral documentation to support their position may be provided

2. Inform the student's parents/guardians or unaccompanied youth that they may seek the assistance of social services, advocates, and/or service providers in having the dispute resolved

3. Provide a simple form that they may use and turn in to the school to initiate the dispute resolution process

4. Provide a copy of the dispute form they submit for their records

5. Provide the outcome of the dispute for their records

When a student's parent/guardian or an unaccompanied youth involved in the enrollment dispute is an English learner, Items #1-5 shall be provided either in the native language of the parent/guardian or unaccompanied youth or through an interpreter. Any additional support needed because of a disability of that parent/guardian or unaccompanied youth shall be made available without a charge.

If a parent/guardian or unaccompanied youth disagrees with the district liaison's enrollment decision, the decision may be appealed to the Superintendent. The Superintendent shall make a determination within five working days.

CSBA NOTE: In CDE's, "Homeless Education Dispute Resolution Process," CDE describes the process for appealing a district's enrollment decision to the county office of education (COE) and CDE. Upon receipt of materials describing the dispute from the district, the COE liaison will determine the school selection or enrollment decision within five working days. If the dispute remains unresolved or is appealed, the COE liaison will forward the documentation to CDE's Homeless Education Program. CDE will notify all parties of the final determination of eligibility, school selection, or enrollment within five working days of receipt of the appeal.

If the parent/guardian chooses to appeal the district's placement decision, the district liaison shall forward all written documentation and related paperwork to the liaison for homeless students at the county office of education.

CSBA NOTE: 42 USC 11432 provides that, during any dispute over a student's enrollment, the student ~~must~~is required to be allowed to be enrolled in the school in which enrollment is sought during the period of all appeals. 42 USC 11434a defines "enrollment" as including attendance in classes and full participation in school activities.

Pending final resolution of the dispute, including all available appeals, the student shall be immediately enrolled in the school in which enrollment is sought and shall be allowed to attend classes and participate fully in school activities. (42 USC 11432, 11434a)

Transportation

CSBA NOTE: 42 USC 11432 **mandates** that districts adopt policies and practices to ensure that transportation is provided to students experiencing homelessness, at the request of the student's parent/guardian or of the district liaison in the case of an unaccompanied youth, to and from the school of origin as specified below.

In USDOE's, "Education for Homeless Children and Youths Program Non-Regulatory Guidance," USDOE states that the law imposes an affirmative obligation to transport students experiencing homelessness, even if transportation is not provided to other students. The Guidance clarifies that, because the State of California receives funds under McKinney-Vento, all districts in California are subject to this requirement.

The district shall provide transportation for a student experiencing homelessness to and from the student's school of origin when the student is residing within the district and the parent/guardian, or the district liaison in the case of an unaccompanied youth, requests that such transportation be provided. If the student moves outside of district boundaries, but continues to attend the student's school of origin within this district, the Superintendent or designee shall consult with the superintendent of the district in which the student is now residing to agree upon a method to apportion the responsibility and costs of the transportation. (42 USC 11432)

CSBA NOTE: Pursuant to Education Code 39807.5, ~~as amended by AB 181 (Ch. 52, Statutes of 2022),~~ the district is required to waive transportation fees for an unduplicated student, as defined in Education Code 42238.02, which includes a student who is eligible for free or reduced-price meals, who is classified as an English learner, or who is a foster youth. Since it is likely that most students experiencing homelessness would be eligible to receive free meals, and would therefore qualify as

an unduplicated student, such students would most likely be exempt from transportation costs. See BP 3540 Transportation and BP/AR 3250 - Transportation Fees.

Any fees that the district charges for home-to-school transportation and other transportation as expressly provided by law shall be waived for students experiencing homelessness. (Education Code 39807.5)

CSBA NOTE: Education Code 48852.7 requires that the district provide transportation to a formerly homeless student with an IEP only if transportation is a necessary related service. Education Code 48852.7 does not supersede or exceed other laws governing special education services for eligible students experiencing homelessness.

The following paragraph may be revised if the district chooses to provide transportation to other formerly homeless students attending their school of origin.

The district shall not be obligated to provide transportation to students who continue attending their school of origin after they secure permanent housing, unless the formerly homeless student has an IEP that includes transportation as a necessary related service for the student. (Education Code 48852.7)

Transfer of Coursework and Credits

CSBA NOTE: The following section is for use by districts maintaining high schools. Education Code 51225.2~~, as amended by SB 532 (Ch. 918, Statutes of 2022),~~ addresses the transferability of coursework and credits completed by a student experiencing homelessness~~, as provided below.~~

~~Education Code 51225.2, as amended by SB 532, requires the transferring school to include in the student's educational record a determination of days of enrollment and/or seat time and an official transcript with full and partial credits earned, or any measure of full or partial coursework being satisfactorily completed.~~.

When a student experiencing homelessness transfers into a district school, the ~~district will receive an official transcript from the transferring school or district which reflects full~~ student's coursework and ~~partial~~ credits ~~and grades earned by the student and includes:~~ (shall be transferred as specified in Education Code 51225.2~~)~~

1. ~~A determination of the days of enrollment and/or seat time, if applicable, for all full and partial credits earned based on any measure of full or partial coursework being satisfactorily completed~~

   ~~*Partial coursework satisfactorily completed* includes any portion of an individual course, even if the student did not complete the entire course~~

2. ~~Separate listings for credits and grades earned at each school and local educational agency so it is clear where credits and grades were earned~~

3. A complete record of the student's seat time, including both period attendance and days of enrollment

The district shall transfer the credits and grades from the transferring school's transcript onto an official district transcript in the same manner as described in Item #2, above. (Education Code 51225.2)

If the Principal or designee has knowledge that the transcript from the transferring school may not include certain credits or grades, the Principal or designee shall contact the prior school within two business days to request that the full or partial credits be issued, which shall then be issued and provided by the prior school within two business days of the request. (Education Code 51225.2)

The district shall accept and issue full credit for any coursework that the student has satisfactorily completed while attending another public school, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school. (Education Code 51225.2)

CSBA NOTE: Pursuant to Education Code 51225.2, districts may not require a student who has completed an entire course to retake the course.

If the entire course was completed, the district shall not require the student to retake the course. (Education Code 51225.2)

If the entire course was not completed at the previous school, the student shall be issued partial credit for the coursework completed and shall be required to take the uncompleted portion of the course. However, the district may require the student to retake the portion of the course completed if, in consultation with the holder of educational rights for the student, the district finds that the student is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a student in any particular course, the student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. (Education Code 51225.2)

CSBA NOTE: Although Education Code 51225.2 requires districts to award partial credits to students who transfer from school to school, there is no uniform system for calculating and awarding partial credits. A recommendation for how to award partial credit is available in the California Child Welfare Council's, "Partial Credit Model and Board Policy and Practice Recommendations," and should be revised to reflect district practice.Administrative Regulation 6146.3 – Reciprocity of Academic Credit.

Partial credits shall be awarded on the basis of 0.5 credits for every seven class periods attended per subject. If the school is on a block schedule, each block schedule class period attended shall be equal to two regular class periods per subject. Partial credits and grades earned by a student shall be included on the student's official transcript within two business days of the district's notification of the student's transfer, as required under Education Code 49069.5.

In no event shall the district prevent a student experiencing homelessness from taking or retaking a

course to meet the eligibility requirements for admission to the California State University or the University of California. (Education Code 51225.2)

Applicability of Graduation Requirements

CSBA NOTE: The following section is for use by districts maintaining high schools. AlsoFor more information regarding requirements for graduation from high school, see BP 6146.1 - High School Graduation Requirements.

To obtain A student experiencing homelessness who transfers to a highdistrict school diploma, a student experiencing homelessness shall shall be expected to complete all courses required by Education Code 51225.3 and fulfill any additional graduation requirements established by the Governing as specified in Board.

However, when a Policy 6146.1 - High School Graduation Requirements, unless the student experiencing homelessness who has completed the second year of high school transfers into the district from another school district or transfers between high schools within the district, the student shall be and thereby exempted from all district-established coursework and other district-established graduation such requirements, unless the district makes a finding that the student is reasonably able to complete the additional requirements in time to graduate from high school by the end of the fourth year of high school. Within 30 calendar days of the student's transfer, the Superintendent or designee shall notify the student, the person holding the right to make educational decisions for the student, and the district liaison for homeless students of the availability of the exemption and whether the student qualifies. If the Superintendent or designee fails to provide this notification, the student shall be eligible for the exemption once notified, even if the notification occurs after the student is no longer homeless. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, as amended by SB 532, to determine whether a student with significant gaps in school attendance is in the third or fourth year of high school, the student's age as compared to the average age of students in the third or fourth year of high school may be used.

To determine whether a student is in the third or fourth year of high school, the district shall use either the number of credits the student has earned as of the date of the transfer, the length of school enrollment, or, for a student with significant gaps in school attendance, the student's age as compared to the average age of students in the third or fourth year of high school, whichever qualifies the student for the exemption. (Education Code 51225.1)

CSBA NOTE: Education Code 51225.1, as amended by SB 532, requires the district to exempt a student who qualifies for an exemption from district-established graduation requirements, under the circumstances described below.

If a student experiencing homelessness was not properly notified of an exemption, declined the exemption, or was not previously exempted, the student or the person holding the right to make educational decisions for the student may request the exemption and the Superintendent or

designee shall exempt the student within 30 days of the request. A student may request the exemption even if the student is no longer a student experiencing homelessness. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, as amended by SB 532, the district is required to reevaluate a student's eligibility for an exemption from district-established graduation requirements, as described below.

When the Superintendent or designee determines that a student who transferred into a district school is reasonably able to complete district-established graduation requirements by the end of the student's fourth year of high school, the student shall not be exempted from those requirements. Within 30 calendar days of the following academic year, the student shall be reevaluated based on the student's course completion status at the time, to determine if the student continues to be reasonably able to complete the district-established graduation requirements in time to graduate by the end of the student's fourth year of high school. Written notice as to whether the student then qualifies for exemption shall be provided to the student, the person holding the right to make educational decisions for the student, and if applicable, to the student's social worker or probation officer. (Education Code 51225.1)

If, upon reevaluation, it is determined that the student experiencing homelessness is not reasonably able to complete the district-established graduation requirements in time to graduate from high school by the end of the student's fourth year of high school, the Superintendent or designee shall provide the student with the option to receive an exemption from district-established graduation requirements or stay in school for a fifth year to complete the district-established graduation requirements upon agreement with the student, or if under 18 years of age, the person holding the right to make educational decisions for the student, and provide notifications in accordance with Education Code 51225.1. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, as amended by SB 532, the district is required to consult with a student experiencing homelessness who is granted an exemption from district-established graduation requirements and the person holding the right to make educational decisions for the student, as described below.

When a student experiencing homelessness is exempted from district-established graduation requirements, the Superintendent or designee shall consult with the student and the person holding the right to make educational decisions for the student about the following: (Education Code 51225.1)

1. Discussion of how any requirements that are waived may affect the student's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution

2. Discussion and information about other options available to the student, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities

available through the California Community Colleges

3. Consideration of the student's academic data and any other information relevant to making an informed decision on whether to accept the exemption

The district shall not require or request a student experiencing homelessness to transfer schools in order to qualify for an exemption and shall not grant any request made by a student experiencing homelessness, the person holding the right to make educational decisions for the student, or the district liaison on behalf of the student, for a transfer solely to qualify for an exemption. (Education Code 51225.1)

CSBA NOTE: Education Code 51225.1 prohibits the district from requiring a student who is eligible for an exemption from district-established graduation requirements from accepting the exemption or being denied enrollment, as described below.

The Superintendent or designee shall not require a student experiencing homelessness who is eligible for an exemption from district-established graduation requirements, and would otherwise be entitled to remain in attendance at the school, to accept the exemption or be denied enrollment in, or the ability to complete, courses for which the student is otherwise eligible, including courses necessary to attend an institution of higher education, regardless of whether such courses are required for statewide graduation requirements. (Education Code 51225.1)

CSBA NOTE: Education Code 51225.1 prohibits the district from revoking a student's exemption from district-established graduation requirements.

If a student experiencing homelessness is exempted from district-established graduation requirements, the exemption shall not be revoked. Additionally, the exemption shall continue to apply after the student is no longer experiencing homelessness or if the student transfers to another school, including a charter school, or school district. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, the district may not require or request a student who is exempted from district-established graduation requirements and completes statewide coursework requirements before the end of the student's fourth year of high school to graduate early, as described below.

The Superintendent or designee shall not require or request a student experiencing homelessness who is exempted from district-established graduation requirements and who completes the statewide coursework requirements before the end of the fourth year of high school, and would otherwise be entitled to remain in school, to graduate before the end of the student's fourth year of high school. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, as amended by SB 532, if the district determines that a student who is eligible for the exemption from district-established graduation

requirements is reasonably able to complete those requirements in time to graduate from high school by the end of the student's fifth year, the district is required to provide the following.

Upon making a finding that a student experiencing homelessness is reasonably able to complete district-established graduation requirements within the fifth year of high school, the Superintendent or designee shall: (Education Code 51225.1)

1. Consult with the student and, if under 18 years of age, the person holding the right to make educational decisions for the student, of the option to remain in school for a fifth year to complete the district-established graduation requirements and how that will affect the student's ability to gain admission to a postsecondary educational institution

2. Consult with and provide information to the student about transfer opportunities available through the California Community Colleges

3. Upon agreement with the student or with the person holding the right to make educational decisions for the student if under 18 years of age, permit the student to stay in school for a fifth year to complete the district-established graduation requirements

4. Consult with the student or with the person holding the right to make educational decisions for the student of the option to remain in the student's school of origin

CSBA NOTE: Pursuant to Education Code 51225.1, as amended by SB 532, until January 1, 2028, when a student experiencing homelessness who has completed the second year of high school transfers into the district from another school district or transfers between high schools within the district, and is not reasonably able to complete the district-established graduation requirements, but is reasonably able to complete the statewide coursework requirements, within the student's fifth year of high school, the district is required to exempt the student from the district-established graduation requirements and provide the student with the option to remain in school for a fifth year to complete the statewide requirements. In such situations, consultation with the student and the person holding the right to make educational decisions for the student is required, as provided below.

When a student experiencing homelessness who has completed the second year of high school transfers into the district from another school district or transfers between high schools within the district, and is not reasonably able to complete the district-established graduation requirements within the student's fifth year of high school but is reasonably able to complete the statewide coursework requirements within the fifth year of high school, the student shall be exempted from all district-established graduation requirements and be provided with the option to remain in school for a fifth year to complete the statewide requirements. In such situations, the Superintendent or designee shall consult with the student and the person holding the right to make educational decisions for the student, regarding the following: (Education Code 51225.1)

1. The student's option to remain in school for a fifth year to complete statewide coursework requirements

2. The effect of waiving the district-established requirements and remaining in school for a fifth year on the student's postsecondary education or vocation plans, including the ability to gain admission to an institution of higher education

3. Other options available to the student, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges

4. The student's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements

Eligibility for Extracurricular Activities

CSBA NOTE: The following paragraph is required pursuant to Education Code 48850. See BP 6145 - Extracurricular and Cocurricular Activities for additional eligibility requirements.

A student experiencing homelessness who enrolls in any district school shall have access to extracurricular and enrichment activities that are available to all students in the school, including but not limited to, interscholastic sports administered by the California Interscholastic Federation. (Education Code 48850)

Notification, Complaints, and Posting Requirements

Information regarding the educational rights of students experiencing homelessness, as specified in Education Code 51225.1 and 51225.2, shall be included in the annual uniform complaint procedures notification distributed to students, parents/guardians, employees, and other interested parties pursuant to 5 CCR 4622. (Education Code 51225.1, 51225.2)

CSBA NOTE: Education Code 51225.1 and 51225.2 provide that complaints of noncompliance with specified requirements related to the educational rights of students experiencing homelessness may be filed in accordance with the uniform complaint procedures (UCP) specified in 5 CCR 4600-4670. As with other complaints covered under the UCP, a complainant may appeal the district's decision to CDE and, if the district or CDE finds any merit in the complaint, the district must provide a remedy to the affected student. See BP/AR 1312.3 - Uniform Complaint Procedures.

Any complaint that the district has not complied with requirements regarding the education of students experiencing homelessness, as specified in Education Code 51225.1 or 51225.2, may be filed in accordance with the district's procedures in AR 1312.3 - Uniform Complaint Procedures.

CSBA NOTE: Education Code 48852.6 requires the district and each district school that maintains a web sitewebsite to post on the district and school web siteswebsites information related to the education of students experiencing homelessness, as specified in the following paragraphs.

The Superintendent or designee shall ensure that a list of the district's liaison(s) and the contact information for such liaison(s), as well as specific information on homelessness, including, but not limited to, information regarding the educational rights and resources available to students experiencing homelessness, are posted on the district's ~~web site~~website. (Education Code 48852.6)

~~Each~~Additionally, each district school that has a ~~web site~~website shall ~~also~~ post the contact information for the district liaison and the name and contact information of any employee or other person under contract with the school who assists the district liaison in completing the liaison's duties pursuant to 42 USC 11432. (Education Code 48852.6)

You have the right to appeal this decision to the district Superintendent. To do so, contact the district's homeless liaison listed below within the next ___(_____ (insert number of days)___) days to request a Dispute Form. You may provide written or verbal documentation to support your position, and may also seek the assistance of social services, advocates, and/or service providers in the dispute process. The Superintendent or designee will review all the evidence and will notify you of their decision within ___(_____ (insert number of days)___) days.

If you are not satisfied with the Superintendent's decision, you may appeal to the _____(_____ (insert county name)_____) County Office of Education. If you are not satisfied with the county office's decision, you may then appeal to the California Department of Education. The district's homeless liaison can assist you with this appeal.

CONTACT INFORMATION:

District Liaison: The district liaison is one of the primary contacts between families experiencing homelessness and school or district staff. The district liaison for homeless students is responsible for coordinating services to ensure that students experiencing homelessness enroll in school and have the opportunity to succeed academically, and mediates enrollment disputes as needed.

Name of district's homeless liaison:_____
Address:_____
Phone number:_____

County Liaison: If you appeal the district's decision to the county office of education, the district liaison shall forward all written documentation and related paperwork to the homeless liaison at the county office. The county liaison will review the materials and determine the eligibility, school selection, or enrollment decision within five working days of receiving the materials. The county liaison will notify you of the decision.

Name of County Office of Education homeless liaison:_____
Address:_____

Phone number:_____

State Coordinator: If you appeal the county office's decision to the California Department of Education, the county homeless liaison shall forward all written documentation and related paperwork to the State Homeless Coordinator. The state coordinator will review the district, county office, and parent/guardian information and will notify you of the decision within ten working days of receiving the materials.

Name of state homeless coordinator:_____
Address:_____
Phone number: _____

RIGHTS:

Pending the final resolution of this dispute, including the period of all appeals, the student has the right to immediately enroll in the school requested and to participate fully in school activities at that school.

Policy 6173.1: Education For Foster Youth

Status: ADOPTED

Original Adopted Date: 03/01/2008 **| Last Revised Date:** ~~03~~02/01/~~2023~~2026 **| Last Reviewed Date:** ~~03~~02/01/~~2023~~2026

CSBA NOTE: Education Code 42238.02 and 42238.03 provide supplemental and concentration grants within the local control funding formula based on the number and concentration of unduplicated counts of students who are foster youth, who are English learners, or who are eligible for free or reduced-price meals; see BP/AR 3100 - Budget. ~~In addition~~Additionally, Education Code 52060-52077 ~~require~~requires districts to develop a local control and accountability plan (LCAP) which ~~must~~is required to be aligned to specific state priorities and any additional local priorities, and ~~which must~~to contain annual goals for all students and for each "numerically significant" student subgroup and the specific actions to be taken to achieve each goal; see BP/AR 0460 - Local Control and Accountability Plan.

Education Code 48850-48859 (the AB 490 Educational Rights and Stability Act of 2003) create obligations for districts regarding the education of foster youth, including the right of foster youth to continue attending their school of origin and the requirement to ensure that foster youth have access to the same academic resources, services, and extracurricular and enrichment activities that are available to all students. ~~See~~For more information regarding these obligations, see the accompanying administrative regulation.

~~While the~~The requirements of the federal McKinney-Vento Homeless Assistance Act (42 USC 11431-11435) may apply to foster youth in certain situations, such as when they are living in emergency or transitional shelters ~~(~~. For more information about the education of students who are experiencing homelessness see BP/AR 6173 - Education for Homeless Children~~)~~. However, Education Code 48850-48859 ~~extend~~extends services to youth at any time when in foster care. The following policy may be revised to reflect district practice.

The Governing Board recognizes that foster youth may face significant barriers to achieving academic success due to their family circumstances, disruption to their educational program, and their emotional, social, and other health needs that may be addressed with the provision of a safe, positive learning environment that is free from discrimination and harassment and that promotes students' self-esteem and academic achievement.

The Superintendent or designee shall provide foster youth with full access to the district's educational program and implement strategies necessary for the improvement of the academic achievement of foster youth. Additionally, as identified in the district's local control and accountability plan (LCAP~~). The~~), the Superintendent or designee shall ~~also~~ develop strategies to build a foster youth's feeling of connectedness with school, including, but not limited to, strategies that promote positive discipline and conflict resolution, the development of resiliency and interpersonal skills, and the involvement of foster parents, group home administrators, and/or other caretakers in school programs and activities.

CSBA NOTE: Pursuant to Education Code 48850, placement determinations for foster youth are required to be made in accordance with the student's "best interest." ~~In addition~~Additionally, Education Code 48853.5 requires each district to designate a staff person as a foster care liaison to help ensure proper school placement, enrollment, and transfer. ~~See~~For more information regarding placement decisions for foster youth, see the accompanying administrative regulation.

The Superintendent or designee shall ensure that placement decisions for foster youth are based on the students' best interests as defined in law and as specified in the accompanying administrative regulation. ~~To that end, the~~The Superintendent or designee shall designate a staff person as the district liaison for foster youth to help facilitate the enrollment, placement, and transfer of foster youth.

The Superintendent or designee and district liaison shall ensure that all appropriate staff, including, but not limited to, each principal, school registrar, and attendance clerk, receive training on the enrollment, placement, and transfer of foster youth and other related rights.

CSBA NOTE: Education Code 48853.5 encourages districts to collaborate with other agencies to provide services to foster youth. The following optional paragraph should be modified to reflect district practice.

To address the needs of foster youth and help ensure the maximum utilization of available funds, the Superintendent or designee shall collaborate with local agencies and officials including, but not limited to, the county placing agency, social services, probation officers, and juvenile court officers. The Superintendent or designee shall explore the feasibility of entering into agreements with these groups to coordinate services and protect the rights of foster youth.

CSBA NOTE: Pursuant to Education Code 52060, each district is required to update the LCAP by July 1 each year. The following optional paragraph uses the LCAP review timeline and may be revised to reflect district practice.

At least annually and in accordance with the established timelines, the Superintendent or designee shall report to the Board on the outcomes for foster youth regarding the goals and specific actions identified in the LCAP, including, but not limited to, school attendance, student achievement test results, promotion and retention rates by grade level, graduation rates, and suspension/expulsion rates. As necessary, evaluation data shall be used to determine and recommend revisions to the LCAP for improving or increasing services for foster youth.

~~CSBA NOTE: Pursuant to Education Code 51225.1, as amended by SB 532 (Ch. 918, Statutes of 2022), districts are required to annually report to the California Department of Education regarding the number of foster youth who, for the prior school year, graduated with an exemption from the district-established graduation requirements that are in addition to statewide coursework requirements, as specified below.~~

~~Annually, the Superintendent or designee shall report to the California Department of Education, in accordance with Education Code 51225.1, the number of foster youth graduating from the fourth or fifth year of high school who, for the prior school year, graduated with an exemption from district-established graduation requirements that are in addition to statewide coursework requirements.~~

Regulation 6173.1: Education For Foster Youth

Status: ADOPTED

Original Adopted Date: 12/01/2013 | **Last Revised Date:** ~~03~~02/01/~~2023~~2026 | **Last Reviewed Date:** ~~03~~02/01/~~2023~~2026

Definitions

CSBA NOTE: Education Code 42238.01 and 48853.5~~, as amended by AB 181 (Ch. 52, Statutes of 2022),~~ define "foster youth," as reflected in the following paragraph. Education Code 42921 adds to the definition of "student in foster care" a child who is detained in a county-operated juvenile detention facility or is the subject of a juvenile court petition and has been identified by a county child welfare agency, a probation department, or an Indian tribe meeting specified criteria as being at imminent risk of removal and placement into foster care.

Foster youth, *foster child*, or *student in foster care* means any of the following: (Education Code 42238.01, 42921, 48853.5)

1. A child who is the subject of a petition filed pursuant to Welfare and Institutions Code 300, regardless of whether ~~or not~~ the child has been removed from the child's home by the juvenile court pursuant to Welfare and Institutions Code 319 or 361

2. A child who is the subject of a petition filed pursuant to Welfare and Institutions Code 602, regardless of whether ~~or not~~ the child has been removed from the child's home

3. A child who is the subject of a petition filed pursuant to Welfare and Institutions Code 602, has been removed from the child's home by the juvenile court pursuant to Welfare and Institutions Code 727, and is in foster care as defined by Welfare and Institutions Code 727.4(d)

4. A nonminor who is under the transition jurisdiction of a juvenile court, as described in Welfare and Institutions Code 450, and satisfies the criteria specified in Education Code 42238.01

5. A child who has been removed from the youth's home pursuant to Welfare and Institutions Code 309

6. A dependent child of the court of an Indian tribe, consortium of tribes, or tribal organization who is the subject of a petition filed in the tribal court pursuant to the court's jurisdiction in accordance with the tribe's law

7. A child who is the subject of a voluntary placement agreement, as defined in Welfare and Institutions Code 11400(p)

8. A child who is detained in a county-operated juvenile detention facility, or a child who is the subject of a petition filed pursuant to Welfare and Institutions Code 602 and has been identified by a county child welfare agency, a probation department, or an Indian tribe that entered into an agreement pursuant to Welfare and Institutions Code 10553.1 as being at imminent risk of removal and placement into foster care

CSBA NOTE: In instances where the rights of the parent/guardian have been limited, the court may appoint an educational representative on a temporary or long-term basis to make educational decisions for the student.

Person holding the right to make educational decisions means a responsible adult appointed by a court pursuant to Welfare and Institutions Code 361 or 726.

CSBA NOTE: Pursuant to Education Code 48853.5, if a foster youth is also a student with a disability, the school of origin includes a placement in a certified nonpublic, nonsectarian school, and requires a nonpublic, nonsectarian school or agency to agree in writing, for any foster student it serves, to be designated as the school of origin of the foster student and to allow the foster student to continue education in the school.

School of origin means the school that the foster youth attended when permanently housed or the school in which the foster youth was last enrolled. If the school the foster youth attended when permanently housed is different from the school in which the foster youth was last enrolled, or if there is another school that the foster youth attended with which the foster youth is connected and that the foster youth attended within the preceding 15 months, the district liaison, in consultation with, and with the agreement of, the foster youth and the person holding the right to make educational decisions for the foster youth shall determine, in the best interests of the foster youth, the school that shall be deemed the school of origin. If a foster youth is also a student with a disability and attends a certified nonpublic, nonsectarian school, then that school shall be deemed to be the school of origin. (Education Code 48853.5)

CSBA NOTE: Education Code 48850 expresses the legislative intent that the "best interests" of a foster youth include educational stability as well as placement in the least restrictive educational setting necessary to achieve academic progress, as provided below.

~~In addition~~Additionally, pursuant to 20 USC 6311, determination of a student's "best interest" requires consideration of all factors relating to the student's best interest, including the appropriateness of the current educational setting and the proximity to the school in which the student is enrolled at the time of placement.

Best interests of a foster youth means that, in making educational and school placement decisions for a foster youth, consideration is given to, among other factors, the proximity to the school at the time of placement, appropriateness of the educational setting, educational stability, the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress,

and the foster youth's access to academic resources, services, and extracurricular and enrichment activities that are available to all district students. (Education Code 48850, 48853; 20 USC 6311)

District Liaison

CSBA NOTE: Pursuant to Education Code 48853.5, districts are required to designate a staff person as the educational liaison for foster youth. The person may be the same individual designated as the liaison for homeless students as required by 42 USC 11432; see AR 6173 - Education for Homeless Children. ~~In addition~~Additionally, Education Code 48853.5 requires that, for districts operating a foster youth services program, the liaison be affiliated with that program. The duties of the liaison are as specified below.

The Superintendent designates the following position as the district's liaison for foster youth: (Education Code 48853.5)

_____
(position or title)
_____
(address)
_____
(phone number)
_____
(email)

The liaison for foster youth shall:

1. Ensure and facilitate the proper educational placement, enrollment in school, and checkout from school of students in foster care (Education Code 48853.5)

CSBA NOTE: Education Code 48645.5 requires districts to accept for credit full or partial coursework completed in a public school or nonpublic nonsectarian school or agency in addition to a juvenile court school~~; see the section below entitled "Transfer of Coursework and Credits."~~. For more information regarding the transfer of coursework and credits, see BP/AR 6146.3 – Reciprocity of Academic Credit.

2. Ensure proper transfer of credits, records, and grades when students in foster care transfer from one school to another or from one district to another (Education Code 48645.5, 48853.5)

   When a student in foster care is enrolling in a district school, the liaison shall contact, within two business days of the student's request for enrollment, the school last attended by the student to obtain all academic and other records. When a foster youth is transferring to a new school, the liaison shall provide the student's records to the new school within two business days of receiving the new school's request. (Education Code 48853.5)

CSBA NOTE: Pursuant to Education Code 48853.5, ~~as amended by AB 740 (Ch. 400, Statutes of 2022),~~ a foster youth's educational rights holder, attorney, and county social worker have the same rights as a parent/guardian to receive a suspension notice, expulsion notice, manifestation

determination notice, involuntary transfer notice, and other documents and related information. See AR 5144.1 - Suspension and Expulsion/Due Process, AR 5144.2 - Suspension/Expulsion (Students with Disabilities), and BP/AR 6184 - Continuation Education.

3. Notify a foster youth's educational rights holder, attorney, and county social worker when a foster youth is undergoing any expulsion or other disciplinary proceeding including a manifestation determination for a foster youth who is a student with a disability, prior to a change in the foster youth's placement~~.~~ (Education Code 48853.5, 48911, 48915.5, 48918.1)

CSBA NOTE: Items #4-8 below are optional and should be modified to reflect district practice.

4. As needed, make appropriate referrals to ensure that students in foster care receive necessary special education services and services under Section 504 of the federal Rehabilitation Act of 1973

5. As needed, ensure that students in foster care receive appropriate school-based services, such as counseling and health services, supplemental instruction, and after-school services

6. Develop protocols and procedures for creating awareness for district staff, including principals, school registrars, and attendance clerks, of the requirements for the proper enrollment, placement, and transfer of foster youth

CSBA NOTE: ~~Optional~~ Item #7 establishes the responsibility of the district liaison to collaborate with other local agencies to coordinate services for foster youth.

Pursuant to Education Code 42920.5-42921, the Foster Youth Services Coordinating Program provides funding for a county office of education or consortium of county offices of education to coordinate educational support for foster youth among the districts within their jurisdiction. As part of the program, such county offices ~~must~~are required to develop and implement a coordinating plan for purposes of establishing guiding principles and protocols to provide supports for foster care students. To the extent possible, such a plan ~~must~~is required to include, but is not limited to, a description of how the program will establish ongoing collaboration among local educational agencies, county child welfare agencies, and county probation departments to determine the proper educational placement of foster youth.

Additionally, pursuant to Education Code 42921, a foster youth may receive tutoring, mentoring, and counseling services by the foster youth services coordinating program if a foster youth educational services coordinator determines that the foster youth services coordinator is unable to secure those services through the district and the foster youth educational services coordinator has identified such services and established them as needed. In addition, pursuant to Education Code 42921, if a district annually certifies in writing that it is unable, using any other state, federal, local, or private funds, to provide tutoring, mentoring, and counseling for foster youth, it may enter into a temporary

agreement with the foster youth services coordinating program to provide those services, if the program has established such services.

7. Collaborate with the county office of education, county placing agency, county child welfare agency, county probation department, juvenile court, and other appropriate agencies to help coordinate instruction, counseling, tutoring, mentoring vocational training, and other related services for the district's foster youth

CSBA NOTE: The following optional item facilitates the annual update of the local control and accountability plan required pursuant to Education Code 52060; see BP/AR 0460 - Local Control and Accountability Plan.

8. Monitor the educational progress of foster youth and provide reports to the Superintendent or designee and the Governing Board based on indicators identified in the district's local control and accountability plan

CSBA NOTE: The following paragraph is optional and may be revised to reflect district practice.

The Superintendent or designee shall regularly monitor the liaison's caseload, as well as additional duties outside of the foster youth program, to ensure that adequate time and resources are provided to meet the needs of foster youth in the district.

Enrollment

A student placed in a licensed children's institution or foster family home within the district shall attend programs operated by the district unless one of the following circumstances applies: (Education Code 48853, 48853.5)

1. The student has an individualized education program requiring placement in a nonpublic, nonsectarian school or agency or in another local educational agency

CSBA NOTE: Pursuant to Education Code 48853, a district is required to educate foster youth in the least restrictive environment necessary for their educational achievement. However, a district may be discharged from this obligation when the parent/guardian or other person holding the right to make educational decisions for the foster youth unilaterally decides to place the foster youth in another educational program and provides the district a written statement as specified in item #2 below.

2. The parent/guardian or other person holding the right to make educational decisions for the student determines that it is in the best interests of the student to be placed in another education program and submits a written statement to the district indicating that determination and an awareness of the following:

    a. The student has a right to attend a regular public school in the least restrictive environment

b. The alternate education program is a special education program, if applicable

c. The decision to unilaterally remove the student from the district school and to place the student in an alternate education program may not be financed by the district

d. Any attempt to seek reimbursement for the alternate education program may be at the expense of the parent/guardian or other person holding the right to make educational decisions for the student

CSBA NOTE: Pursuant to Education Code 48853.5, the education of a foster youth may continue in the school of origin under the circumstances stated below. Elementary and high school districts should delete any Item (#3b or c) that is not applicable to the grade levels served by the district.

3. At the initial placement or any subsequent change in placement, the student exercises the right to continue in the school of origin, as defined above.

   In any such circumstance, the following shall apply:

   a. The student may continue in the school of origin for the duration of the court's jurisdiction

   b. If the court's jurisdiction over a grade K-8 student is terminated prior to the end of a school year, the student may continue in the school of origin for the remainder of the school year

   c. If the court's jurisdiction is terminated while the student is in high school, the student may continue in the school of origin through graduation

   d. If the student is transitioning between school grade levels, the student shall be allowed to continue in the district in the same attendance area to provide the student the benefit of matriculating with the student's peers in accordance with the established feeder patterns of school in the district.

      A student who is transitioning to a middle school or high school shall be allowed to enroll in the school designated for matriculation in another school district.

The role of the liaison shall be advisory with respect to placement decisions and determination of the school of origin. (Education Code 48853.5)

The district liaison may, in consultation with and with the agreement of the foster youth and the person holding the right to make educational decisions for the foster youth, recommend that the foster youth's right to attend the school of origin be waived and the foster youth be enrolled in any school that students living in the attendance area in which the foster youth resides are eligible to

attend. All decisions shall be made in accordance with the foster youth's best interests. (Education Code 48853.5)

Prior to making any recommendation to move a foster youth from the school of origin, the liaison shall provide the foster youth and the person holding the right to make educational decisions for the youth with a written explanation of the basis for the recommendation and how the recommendation serves the youth's best interests. (Education Code 48853.5)

CSBA NOTE: Pursuant to Education Code 48853.5, a district is required to immediately enroll any foster youth transferring into the district even when the foster youth has outstanding fees, fines, textbooks, or other moneys due to the last school attended or the district has not received the foster youth's academic or medical records, as listed in Items #1-3 below. However, pursuant to Health and Safety Code 120341, if a district does not receive a foster youth's immunization records prior to enrollment, the district ~~must~~is required to take steps, after the foster youth is enrolled, to obtain the immunization records or ensure that the foster youth is properly immunized. See BP/AR 5141.31 - Immunizations.

If the liaison, in consultation with the foster youth and the person holding the right to make educational decisions for the foster youth, agrees that the best interests of the foster youth would be served by a transfer to a school other than the school of origin, the principal or designee of the new school shall immediately enroll the foster youth, regardless of whether the foster youth: (Education Code 48853.5)

1. Has outstanding fees, fines, textbooks, or other items or monies due to the school last attended

2. Does not have clothing normally required by the school, such as school uniforms

3. Is unable to produce records normally required for enrollment, such as previous academic records, proof of residency, and medical records, including, but not limited to, immunization records or other documentation

CSBA NOTE: Education Code 48853 and 48853.5 specify that, if a dispute arises regarding school placement, then the district ~~shall~~is required to use an existing dispute resolution process available to any district student. The following paragraph should be modified to reflect district practice.

If the foster youth or a person holding the right to make educational decisions for the foster youth disagrees with the liaison's enrollment recommendation, an appeal may be filed with the Superintendent. The Superintendent shall make a determination within 30 calendar days of receipt of the appeal. Within 30 calendar days of receipt of the Superintendent's decision, the foster youth or the person holding the right to make educational decisions for the foster youth may appeal that decision to the Board. The Board shall consider the issue at its next regularly scheduled meeting. The Board's decision shall be final.

If any dispute arises regarding the request of a foster youth to remain in the school of origin, the

foster youth has the right to remain in the school of origin pending resolution of the dispute. (Education Code 48853.5)

CSBA NOTE: A district that operates an intersession program is required to grant priority access to a foster youth, pursuant to Education Code 48853.5. If any such student will be moving during an intersession period, the student's educational rights holder, or Indian custodian in the case of an Indian child, shall determine which school the student attends for the intersession period. When the district offers an intersession program, priority access shall be given to students who are foster youth. If a foster student will be moving during an intersession period, the student's educational rights holder, or Indian custodian in the case of an Indian child, shall determine which school the student attends for the intersession period. (Education Code 48853.5)

Transportation

CSBA NOTE: Pursuant to Education Code 48853.5, a district may, but is not required to, provide transportation to enable a foster youth to attend a school or school district of origin, except when it is otherwise required by federal law or pursuant to the individualized education program of a student with a disability. In accordance with 20 USC 6312, districts are mandated to collaborate with the local child welfare agency to develop clear written procedures governing how transportation will be provided, arranged, and funded to enable foster youth to attend their school of origin, when it is in their best interest to do so. The local child welfare agency may reimburse the district for any additional costs of such transportation, or the district may agree to pay for or share the costs with the child welfare agency. The following section may be revised to reflect the procedures established in collaboration with the child welfare agency, or such procedures may be incorporated into a memorandum of understanding or other document.

The Superintendent or designee shall collaborate with the local child welfare agency to determine how transportation will be provided, arranged, and funded in a cost-effective manner to enable a foster youth to remain in the school of origin, for the duration of the time spent in foster care, when it is in the foster youth's best interest to do so. Such transportation costs may be paid by either the child welfare agency or the district, or shared by both. (20 USC 6312)

CSBA NOTE: Pursuant to Education Code 39807.5~~, as amended by AB 181~~, districts that provide home-to-school transportation and other transportation as expressly provided by law, and charge fees for such transportation, are required to waive transportation fees for foster youth. See BP 3250 - Transportation Fees and AR 3260 - Fees and Charges.

Any fees that the district charges for home-to-school transportation and other transportation as expressly provided by law shall be waived for foster youth. (Education Code 39807.5)

Effect of Absences on Grades

The grades of a student in foster care shall not be lowered for any absence from school that is due to either of the following circumstances: (Education Code 49069.5)

1. A decision by a court or placement agency to change the student's placement, in which case the grades shall be calculated as of the date the student left school

2. A verified court appearance or related court-ordered activity

Transfer of Coursework and Credits

CSBA NOTE: The following section is for use by districts maintaining high schools. Education Code 51225.2, as amended by SB 532 (Ch. 918, Statutes of 2022), addresses the transferability of coursework and credits completed by foster youth, as provided below.

Education Code 51225.2, as amended by SB 532, requires the transferring school to include in the foster youth's educational record a determination of days of enrollment and/or seat time and an official transcript with full and partial credits and grades earned, or any measure of full or partial coursework being satisfactorily completed.

When a foster youthstudent transfers into a district school, the district will receive an official transcript from the transferring school or district which reflects full and partial credits and grades earned by the foster youth and includes: (Education Code 51225.2)

1. A determination of the days of enrollment and/or seat time, if applicable for all full and partial credits earned based on any measure of full or partial coursework being satisfactorily completed

   Partial coursework satisfactorily completed includes any portion of an individual course, even if the student did not complete the entire course

2. Separate listings for credits and grades earned at each school and local educational agency so it is clear where credits and grades were earned

3. A complete record of the student's seat time, including both period attendance and days of enrollment

The district student's coursework and credits shall transfer the credits and grades from the transferring school's transcript onto an official district transcript in the same manner as described in Item #2, above. (Education Code 51225.2)

If the Principal or designee has knowledge that the transcript from the transferring school may not include certain credits or grades, the Principal or designee shall contact the prior school within two business days to request that the full or partial credits be issued, which shall then be issued and provided by the prior school within two business days of the request. (Education Code 51225.2)

The district shall accept and issue full or partial credit for any coursework that the foster youth has satisfactorily completed while attending another public school, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency. (Education Code 51225.2)

CSBA NOTE: Pursuant to Education Code 51225.2, districts are not authorized to require a foster youth who has completed an entire course to retake the course.

If the entire course was completed, the district shall not require the foster youth to retake the course. (Education Code 51225.2)

If the entire course was not completed at the previous school, the foster youth shall be issued partial credit for the coursework completed and shall be required to take the uncompleted portion of the course. However, the district may require the foster youth to retake the portion of the course completed if, in consultation with the holder of educational rights for the foster youth, the district finds that the foster youth is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a foster youth in any particular course, the foster youth shall be enrolled in the same or equivalent course, if applicable, to enable the completion of the entire course. (Education Code 51225.2)

CSBA NOTE: Although Education Code 51225.2 requires districts to award partial credits to foster youth who transfer from school to school, there is no uniform system for calculating and awarding partial credits. To ensure consistency in the treatment of foster youth, the California Child Welfare Council (CCWC), in its, "Partial Credit Model Policy and Practice Recommendations," available on its web site, recommends the approach transferred as specified in the following optional paragraph, which may be revised to reflect district practice.Education Code 51225.2 and Board Policy and Administrative Regulation 6146.3 – Reciprocity of Academic Credit.

Partial credits shall be awarded on the basis of 0.5 credits for every seven class periods attended per subject. If the school is on a block schedule, each block schedule class period attended shall be equal to two regular class periods per subject. Partial credits and grades earned by a student shall be included on the student's official transcript within two business days of the district's notification of the student's transfer, as required under Education Code 49069.5.

In no event shall the district prevent a foster youth from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California. (Education Code 51225.2)

Applicability of Graduation Requirements

CSBA NOTE: The following section is for use by districts maintaining high schools. Also see BP 6146.1 - High School Graduation Requirements.

To obtain a high school diploma, a foster youth shall complete all courses required by Education Code 51225.3 and fulfill any additional graduation requirements prescribed by the Board.

However, when a foster youth who has completed the second year of high school transfers into the district from another school district or transfers between high schools within the district, the foster youth shall be exempted from all district-established coursework and other district-established graduation requirements, unless the district makes a finding that the student is reasonably able to

complete the additional requirements in time to graduate from high school by the end of the fourth year of high school. Within 30 calendar days of the foster youth's transfer, the Superintendent or designee shall notify the foster youth, the person holding the right to make educational decisions for the foster youth, and the foster youth's social worker of the availability of the exemption and whether the foster youth qualifies for it. If the Superintendent or designee fails to provide this notification, the student shall be eligible for the exemption once notified, even if the notification occurs after the student is no longer a foster youth. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, as amended by SB 532, to determine whether a foster youth with significant gaps in school attendance is in the third or fourth year of high school, the student's age as compared to the average age of students in the third or fourth year of high school may be used.

To determine whether a foster youth is in the third or fourth year of high school, the district shall use either the number of credits the foster youth has earned as of the date of the transfer, the length of school enrollment, or for a foster youth with significant gaps in school attendance, the foster youth's age as compared to the average age of students in the third or fourth year of high school, whichever qualifies the foster youth for the exemption. (Education Code 51225.1)

CSBA NOTE: Education Code 51225.1, as amended by SB 532, requires the district to exempt a foster youth who qualifies for an exemption from district-established graduation requirements, under the circumstances described below.

If a foster youth was not properly notified of an exemption, declined the exemption, or was not previously exempted, the foster youth or the person holding the right to make educational decisions for the foster youth may request the exemption and the Superintendent or designee shall exempt the foster youth within 30 days of the request. A student who at one time qualified for the exemption may request the exemption even if the student is no longer eligible. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, as amended by SB 532, the district is required to reevaluate a foster youth's eligibility for an exemption from district-established graduation requirements, as described below

When the Superintendent or designee determines that a foster youth who transferred into a district school is reasonably able to complete district-established graduation requirements by the end of the foster youth's fourth year of high school, the foster youth shall not be exempted from those requirements. Within 30 calendar days of the following academic year, the foster youth shall be reevaluated based on the foster youth's course completion status at the time, to determine if the student continues to be reasonably able to complete the district-established graduation requirements in time to graduate by the end of the foster youth's fourth year of high school. Written notice as to whether the foster youth then qualifies for the exemption shall be provided to the foster youth, the person holding the right to make educational decisions for the foster youth, and if applicable, to the foster youth's social worker or probation officer. (Education Code 51225.1)

If, upon reevaluation, it is determined that the foster youth is not reasonably able to complete the

district-established graduation requirements in time to graduate from high school by the end of the foster youth's fourth year of high school, the Superintendent or designee shall provide the foster youth with the option to receive an exemption from district-established graduation requirements or stay in school for a fifth year to complete the district-established graduation requirements upon agreement with the foster youth, or if under 18 years of age, the person holding the right to make educational decisions for the foster youth, and provide notifications in accordance with Education Code 51225.1. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, as amended by SB 532, the district is required to consult with a foster youth who is granted an exemption from district-established graduation requirements and the person holding the right to make educational decisions for the foster youth, as described below.

When a foster youth is exempted from district-established graduation requirements, the Superintendent or designee shall consult with the foster youth and the person holding the right to make educational decisions for the foster youth about the following: (Education Code 512251.)

1. Discussion of how any requirements that are waived may affect the foster youth's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution

2. Discussion and information about other options available to the student, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges

3. Consideration of the foster youth's academic data and any other information relevant to making an informed decision on whether to accept the exemption

The district shall not require or request a foster youth to transfer schools in order to qualify for an exemption and shall not grant any request made by a foster youth or any person acting on behalf of a foster youth for a transfer solely to qualify the foster youth for an exemption. (Education Code 51225.1)

CSBA NOTE: Education Code 51225.1 prohibits the district from requiring a foster youth who is eligible for an exemption from district-established graduation requirements from accepting the exemption or being denied enrollment, as described below.

The Superintendent or designee shall not require a foster youth who is eligible for an exemption from district-established graduation requirements, and would otherwise be entitled to remain in attendance at the school, to accept the exemption or be denied enrollment in, or the ability to complete, courses for which the foster youth is otherwise eligible, including courses necessary to attend an institution of higher education, regardless of whether such courses are required for statewide graduation requirements. (Education Code 51225.1)

CSBA NOTE: Education Code 51225.1 prohibits the district from revoking a foster youth's exemption from district-established graduation requirements.

If a foster youth is exempted from district-established graduation requirements the exemption shall not be revoked. Additionally, the exemption shall continue to apply after the termination of the court's jurisdiction over the student while still enrolled in school or if the foster youth transfers to another school or school district. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, the district may not require or request a foster youth who is exempted from district-established graduation requirements and completes statewide coursework requirements before the end of the foster youth's fourth year or high school to graduate early, as described below.

The Superintendent or designee shall not require or request a foster youth who is exempted from district-established graduation requirements and who completes the statewide coursework requirements before the end of the fourth year of high school, and would otherwise be entitled to remain in school, to graduate before the end of the foster youth's fourth year of high school. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, as amended by SB 532, if the district determines that a foster youth who is eligible for the exemption from district-established graduation requirements is reasonably able to complete those requirements in time to graduate from high school by the end of the foster youth's fifth year, the district is required to provide the following.

Upon making a finding that a foster youth is reasonably able to complete district-established graduation requirements within the fifth year of high school, the Superintendent or designee shall: (Education Code 51225.1)

1. Consult with the foster youth and the person holding the right to make educational decisions for the foster youth of the option to remain in school for a fifth year to complete the district-established graduation requirements and how that will affect the foster youth's ability to gain admission to a postsecondary educational institution

2. Consult with and provide information to the foster youth about transfer opportunities available through the California Community Colleges

3. Upon agreement with the foster youth or, if under 18 years of age, the person holding the right to make educational decisions for the foster youth, permit the foster youth to stay in school for a fifth year to complete the district-established graduation requirements

4. Consult with the foster youth and the person holding the right to make educational decisions for the foster youth of the option to remain in the foster youth's school of origin

CSBA NOTE: Pursuant to Education Code 51225.1, as amended by SB 532, until January 1, 2028, when a foster youth who has completed the second year of high school transfers into the district from another school district or transfers between high schools within the district, and is not reasonably able to complete the district-established graduation requirements, but is reasonably able to complete the statewide coursework requirements within the foster youth's fifth year of high school, the district is required to exempt the foster youth from the district-established graduation requirements and provide the foster youth with the option to remain in school for a fifth year to complete the statewide requirements. In such situations, consultation with the foster youth and the person holding the right to make educational decisions for the foster youth is required, as provided below.

When a foster youth who has completed the second year of high school transfers into the district from another school district or transfers between high schools within the district, and is not reasonably able to complete the district-established graduation requirements within the foster youth's fifth year of high school but is reasonably able to complete the statewide coursework requirements within the fifth year of high school, the foster youth shall be exempted from all district-established graduation requirements and provided with the option to remain in school for a fifth year to complete the statewide requirements. In such situations, the Superintendent or designee shall consult with the foster youth and the person holding the right to make educational decisions for the foster youth, regarding the following: (Education Code 51225.1)

1. The foster youth's option to remain in school for a fifth year to complete statewide coursework requirements

2. The effect of waiving the district-established requirements and remaining in school for a fifth year on the foster youth's postsecondary education or vocation plans, including the ability to gain admission to an institution of higher education

3. Other options available to the foster youth, including but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges

4. The foster youth's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements

Applicability of Graduation Requirements

A foster student who transfers to a district school shall be expected to complete all courses and fulfill graduation requirements as specified in Board Policy 6146.1 - High School Graduation Requirements, unless the student has completed the second year of high school and thereby exempted from such requirements in accordance with Education Code 51225.1.

Eligibility for Extracurricular Activities

CSBA NOTE: Education Code 48850 provides that, when a foster youth's residence changes pursuant to a court order or decision of a child welfare worker, the student shall be immediately deemed to meet all residency requirements for participation in extracurricular activities and interscholastic sports. For additional information about eligibility requirements, see BP 6145 - Extracurricular and Cocurricular Activities.

A foster youth whose residence changes pursuant to a court order or decision of a child welfare worker shall be immediately deemed to meet all residency requirements for participation in interscholastic sports or other extracurricular activities. (Education Code 48850)

Notification and Complaints

CSBA NOTE: Education Code 48853, 49069.5, 51225.1, and 51225.2 require that the district's annual uniform complaint procedures notification include specified information regarding the educational rights of foster youth. See AR 1312.3 - Uniform Complaint Procedures for further information regarding this notification. Pursuant to Education Code 48853.5, the California Department of Education (CDE), in consultation with the California Foster Youth Education Task Force, developed a standardized notice of the educational rights of foster youth, available on CDE's ~~web site~~website.

Information regarding the educational rights of foster youth shall be included in the annual uniform complaint procedures notification distributed to students, parents/guardians, employees, and other interested parties pursuant to 5 CCR 4622. (Education Code 48853, 48853.5, 49069.5, 51225.1, 51225.2)

CSBA NOTE: Education Code 48853, 48853.5, 49069.5, 51225.1, and 51225.2 provide that complaints of noncompliance with specified requirements related to the education of foster youth may be filed in accordance with the uniform complaint procedures specified in 5 CCR 4600-4670. As with other complaints covered under the uniform complaint procedures, a complainant may appeal the district's decision to CDE and, if the district or CDE finds any merit in the complaint, the district ~~must~~is required to provide a remedy to the affected student. See BP/AR 1312.3 - Uniform Complaint Procedures.

Any complaint alleging that the district has not complied with requirements regarding the education of foster youth may be filed in accordance with the district's procedures in AR 1312.3 - Uniform Complaint Procedures. If the district finds merit in a complaint, the district shall provide a remedy to the affected student. A complainant not satisfied with the district's decision may appeal the decision to the California Department of Education (CDE) and shall receive a written decision regarding the appeal within 60 days of CDE's receipt of the appeal. If CDE finds merit in an appeal, the district shall provide a remedy to the affected student. (Education Code 48853, 48853.5, 49069.5, 51225.1, 51225.2)

Policy 6173.2: Education Of Children Of Military Families

Status: ADOPTED

Original Adopted Date: 11/01/2009 **| Last Revised Date:** ~~10~~02/01/~~2017~~2026 **| Last Reviewed Date:** ~~10~~02/01/~~2017~~2026

CSBA NOTE: The following optional policy may be revised to reflect district practice.

Pursuant to Education Code 51255, the California Department of Education (CDE) is required to establish a California Purple Star School Designation Program to reduce the burden on military-connected students and their families by (1) articulating the most critical transition supports for military-connected students and their families, (2) publicly recognizing and designating public schools that meet certain requirements, and (3) signaling which schools are the most committed and best equipped to meet military-connected students, and their families', unique needs.

The Governing Board recognizes that children of military families face challenges to their academic success caused by the frequent moves or deployments of their parents/guardians in fulfillment of military service. The district shall provide such students with academic resources, services, and opportunities for extracurricular and enrichment activities that are available to all district students.

CSBA NOTE: Pursuant to Education Code 49700-49704, the Interstate Compact on Educational Opportunity for Military Children is applicable to California school districts. Education Code 49700-49701 establish uniform means of assisting children of military families, as defined in the accompanying administrative regulation, by reducing or eliminating the barriers to their educational success caused by the frequent moves and deployments of their parents/guardians. Among other things, Education Code 49701 requires that districts be flexible in applying certain local rules to such students in order to facilitate their enrollment, placement, advancement, eligibility for extracurricular activities, and on-time graduation.

The Superintendent or designee may waive district policies or rules when necessary to facilitate the enrollment, placement, advancement, eligibility for extracurricular activities, or on-time graduation of children of military families, in accordance with the Interstate Compact on Educational Opportunity for Military Children as ratified in Education Code 49700-49704.

CSBA NOTE: The following optional paragraph reflects a recommendation in ~~the California Department of Education's (CDE)~~ CDE's, "Final Report to the Legislature on the Interstate Compact on Educational Opportunity for Military Children~~.~~."

The Superintendent or designee shall provide information and/or training to administrators, other appropriate district staff, and military families regarding the provisions of the Interstate Compact and the educational rights of children of military families.

CSBA NOTE: The following optional paragraph may be revised to reflect district practice. Each branch of the military appoints school liaison officers or comparable positions to serve as the primary point of contact for school-related matters. Their duties include coordinating with local school systems and assisting military families with school issues.

The Superintendent or designee shall collaborate with parents/guardians, school liaison officers from military installations, and/or other agencies within and outside the state to facilitate the transition of children of military families into and out of the district.

CSBA NOTE: The following paragraph may be revised to reflect district practice. Pursuant to 20 USC 6311~~, as amended by the Every Student Succeeds Act (P.L. 114-95),~~ states and districts are required to issue an annual report card which ~~must~~is required to include state achievement results for students who have parents/guardians who are members of the Armed Forces on active duty or full-time National Guard duty. ~~The~~ CDE has updated the California Longitudinal Pupil Achievement Data System to indicate such students. These students will be assigned a national identification number that will facilitate monitoring of their academic progress as they move across military bases and from state to state.

The Superintendent or designee shall annually report to the Board and the public on the educational outcomes of children of military families. Such reports may include, but are not limited to, school attendance, student achievement test results, promotion and retention rates by grade levels, and graduation rates.

Regulation 6173.2: Education Of Children Of Military Families

Status: ADOPTED

Original Adopted Date: 03/01/2016 **| Last Revised Date:** ~~12~~02/01/~~2018~~2026 **| Last Reviewed Date:** ~~12~~02/01/~~2018~~2026

CSBA NOTE: The following administrative regulation is optional. Pursuant to Education Code 49701, districts are required to be flexible in applying their local rules to children of military families in order to facilitate their enrollment, placement, advancement, eligibility for extracurricular activities, and on-time graduation.

~~In addition~~Additionally, Education Code 51251 authorizes the Governing Board to establish a course credit transfer policy, provided that, under the policy, students would still be substantially meeting district graduation requirements. Pursuant to Education Code 51251, the district may provide early entry transfer, pretranscript evaluation, student support services, and other similar assistance to any school-aged child of a military service member who is on active duty, or within one year of discharge, or when the student's transfer to a new school is a direct result of the military transfer or discharge of a parent/guardian.

Definitions

Children of military families are school-aged children in the household of: (Education Code 49701)

1. Members who are in full-time duty status in the active uniformed service of the United States, including any member of the National Guard and Reserve on active duty order pursuant to 10 USC 1209 or 1211

2. Members or veterans of the uniformed services who are severely injured and medically discharged or retired, for one year after their medical discharge or retirement

3. Members of the uniformed services who have died while on active duty or as a result of injuries sustained on active duty, for one year after their death

CSBA NOTE: Pursuant to Education Code 49701, for purposes of the Interstate Compact on Educational Opportunity for Military Children, "uniformed services" includes the United States Space Force.

Uniformed services means the United States Army, Navy, Air Force, Marine Corps, Space Force, or Coast Guard, as well as the Commissioned Corps of the National Oceanic and Atmospheric Administration and the United States Public Health Services. (Education Code 49071)

Enrollment and Residency

The Superintendent or designee shall facilitate the enrollment of children of military families and ensure that they are not placed at a disadvantage due to difficulty in the transfer of their records from previous school districts and/or variations in entrance or age requirements. (Education Code 49701)

A child of a military family shall be deemed to meet district residency requirements if the parent/guardian, while on active military duty pursuant to an official military order, is transferred or is pending transfer to a military installation within the state. The Superintendent or designee shall accept electronic submission of such a student's application for enrollment, including enrollment in a specific school or program within the district, and for course registration. (Education Code 48204.3)

CSBA NOTE: Pursuant to Education Code 56325, as amended by AB 1412 (Ch. 453, Statutes of 2025), when a child of a military family who is a student with disabilities enrolls in the district, the district is required to accept unofficial records provided by the student's parent/guardian pending validation by the official records, in accordance with the requirements of the Interstate Compact on Educational Opportunity for Military Children.

When a child of a military family is transferring into the district, the Superintendent or designee shall enroll the student based on unofficial education records, if official records are not yet available. Upon enrollment, the Superintendent or designee shall immediately request the student's official records from the student's previous district. The Superintendent or designee shall allow the student 30 days from the date of enrollment to obtain all required immunizations. (Education Code 49701, 56325)

~~CSBA NOTE: Education Code 48204.6, as added by AB 2949 (Ch. 327, Statutes of 2018), requires districts to allow a child of a military family to continue attending the school of origin (i.e., the school in which the student is enrolled at the time that a change in residence occurs), as specified below.~~If the child of a military family is a student with disabilities, the district shall take reasonable steps to promptly obtain, from the previous school in which the student was enrolled, the student's records, including the individualized education program (IEP) and supporting documents and any other records relating to the provision of special education and related services to the student. (Education Code 56325)

A child of a military family shall be allowed to continue attending the school of origin, regardless of any change of residence of the family during that school year, for the duration of the student's status as a child of a military family. (Education Code 48204.6)

CSBA NOTE: The following paragraph may be revised to reflect the grade levels offered by the district and feeder patterns with other districts. Unified school districts and high school districts may delete ~~item~~Item #2 below.

To provide a child of a military family the benefit of matriculating with peers in accordance with the established feeder patterns of the district, the following shall apply: (Education Code 48204.6)

1. If the student is transitioning between grade levels, the student shall be allowed to continue in the school district of origin in the same school attendance areas~~.~~

2. If the student is transitioning to a middle or high school and the school designated for matriculation is in another district, the student shall be allowed to continue to the school designated for matriculation in that school district~~.~~

The principal or designee of the new school shall ensure that the student is immediately enrolled even if the student has outstanding fees, fines, textbooks, or other items or moneys due to the school last attended or is unable to produce clothing or records normally required for enrollment, such as previous academic records, medical records, including, but not limited to, records or other proof of immunization history pursuant to Health and Safety Code 120325-120480, proof of residency, other documentation, or school uniforms. (Education Code 48204.6)

CSBA NOTE: Items #1-2 may be revised to reflect the grade levels offered by the district.

If the student's status changes during a school year due to the end of military service of the student's parent/guardian, the following shall apply: (Education Code 48204.6)

1. If the student is in grades K-8, the student shall be allowed to continue attending the school of origin through the duration of that academic school year~~.~~

2. If the student is in high school, the student shall be allowed to continue attending the school of origin through graduation~~.~~

CSBA NOTE: Pursuant to Education Code 48307, a district ~~must~~may not deny a student whose parent/guardian is on active military duty from transferring out of the district to any other district. ~~In addition~~Additionally, Education Code 46600 provides that a district ~~must~~may not prohibit the transfer of such a student out of the district to any other district that approves the transfer, regardless of whether ~~or not~~ an interdistrict transfer agreement exists or a permit is issued. ~~Also~~For more information regarding interdistrict attendance, see BP 5117 - Interdistrict Attendance.

A child of an active military duty parent/guardian shall not be prohibited from transferring out of the district, if the school district of proposed enrollment approves the application for transfer. (Education Code 46600, 48307)

When a child of a military family is transferring out of the district, the Superintendent or designee

shall provide the student's parents/guardians with a complete set of the student's records or, if the official student record cannot be released, an unofficial or "hand-carried" record. Upon request from the new district, the Superintendent or designee shall provide a copy of the student's record to the new district within 10 days. (Education Code 49701)

Transportation

CSBA NOTE: Education Code 48204.6~~, as added by AB 2949,~~ does not require the district to provide transportation to allow a child of a military family to attend the school of origin, as specified above, unless otherwise required by federal law.

The Superintendent or designee may, but is not required to, provide transportation to enable a child of a military family to attend the school of origin or to matriculate to a feeder school as described above, except when indicated in the ~~individualized education program~~ (IEP) of a student with a disability or otherwise required by federal law. (Education Code 48204.6)

Placement

CSBA NOTE: The following optional paragraph may be revised to reflect district practice. Pursuant to Education Code 51251, the district may provide pretranscript evaluations, as described below, in order to address the needs of children of military families.

Whenever a student's parent/guardian is serving on active duty or has been discharged from military service within the last year and the student transfers to a new school as the direct result of the military transfer or discharge, the Superintendent or designee may, prior to the receipt of official transcript(s) or the arrival of the student, review the student's coursework to date, including any unofficial transcript(s), to determine the appropriate placement of the student in classes. The evaluation shall also include communication with school counselors and teachers at the former school by videoconferencing, email, and/or telephone calls. (Education Code 51251)

The Superintendent or designee shall initially honor the placement of any child of a military family in educational courses and programs based on the student's enrollment and/or assessment in the previous school. The Superintendent or designee may, to the extent permitted by Board policy, waive course or program prerequisites, preconditions, and/or application deadlines when making decisions regarding placement of children of military families and their eligibility for extracurricular academic, athletic, and social activities. (Education Code 49701)

CSBA NOTE: Pursuant to Education Code 49701, the district is required to provide a child of a military family who has been identified as a student with a disability eligible for services under the Individuals with Disabilities Education Act (20 USC 1400-1482) or Section 504 of the federal Rehabilitation Act (29 USC 794) with services based on the student's current individualized education program or Section 504 plan, as appropriate. See BP/AR 6159 - Individualized Education Program and BP/AR 6164.6 - Identification and Education Under Section 504.

When a child of a military family transferring into the district has been identified as an individual with a disability pursuant to 20 USC 1400-1482, the Superintendent or designee shall provide comparable services based on the student's current IEP. ~~In addition~~Additionally, when the child of a military family transferring into the district is eligible for services under Section 504 of the federal Rehabilitation Act, the Superintendent or designee shall make reasonable accommodations and modifications to address the needs of the student subject to the student's existing Section 504 plan. The district may authorize subsequent evaluations of the student to ensure appropriate placement. (Education Code 49701)

Transfer of Coursework and Credits

CSBA NOTE: The following section is for use by districts maintaining high schools.

~~When a child of a military family transfers into a district school, the district shall accept and issue full credit for any coursework that the student has satisfactorily completed while attending another public school, a nonpublic, nonsectarian school or agency, or a juvenile court school and shall not require the student to retake the course. (Education Code 51225.2)~~

~~If the student did not complete the entire course, the student shall be issued partial credit for the coursework completed and shall be required to take only the portion of the course not completed at the previous school. However, the district may require the student to retake the portion of the course completed if, in consultation with the student's parent/guardian, the district finds that the student is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued, the student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. (Education Code 51225.2)~~

~~CSBA NOTE: Although Education Code 51225.2 requires districts to award partial credits to children of military families who transfer between schools, there is no uniform system for calculating and awarding partial credits. The following optional paragraph reflects a recommendation for how to award partial credit by the California Child Welfare Council's Partial Credit Model Policy and Practice Recommendations and should be revised to reflect district practice.~~

~~Partial credits shall be awarded on the basis of 0.5 credits for every seven class periods attended per subject. If the school is on a block schedule, each block schedule class period attended shall be equal to two regular class periods per subject.~~

~~In no event shall the district prevent a child of a military family from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California. (Education Code 51225.2)~~

When a child of a military family transfers into a district school, the student's coursework and credits shall be transferred as specified in Education Code 51225.2 and Board Policy and Administrative Regulation 6146.3 – Reciprocity of Academic Credit.

Absences

CSBA NOTE: The California Department of Education's ~~(CDE)~~ , "Final Report to the Legislature on the Interstate Compact on Educational Opportunity for Military Children~~,~~," available on its ~~web site~~website, contains a sample letter that may be provided to parents/guardians to report deployment-related absences.

When a student's parent/guardian is an active duty member and is called to duty for, is on leave from, or is immediately returned from deployment to a combat zone or to combat support posting, the Superintendent or designee may grant additional excused absences to the student to visit with the parent/guardian. (Education Code 49701)

Graduation Requirements

CSBA NOTE: The following section is for use by districts maintaining high schools.

~~To obtain a high~~ A child of a military family who transfers to a district school ~~diploma, a child of a military family~~ shall be expected to complete all courses ~~required by Education Code 51225.3~~ and ~~shall generally~~ fulfill ~~any additional~~ graduation requirements ~~prescribed by the Governing~~ as specified in Board~~.~~

~~However, when a child of a military family who~~ Policy 6146.1 - High School Graduation Requirements, unless the student has completed the second year of high school ~~transfers into the district from another school district or transfers between high schools within the district, the student shall be~~ and thereby exempted from ~~all district-adopted coursework and other district-established graduation~~such requirements ~~that are in addition to the statewide coursework requirements specified in Education Code 51225.2, unless the district makes a finding that the student is reasonably able to complete the additional requirements in time to graduate from high school by the end of the fourth year of high school. Within 30 calendar days of the student's transfer, the Superintendent or designee shall notify the student and parent/guardian of the availability of the exemption and whether the student qualifies for it. If the Superintendent or designee fails to provide this notification, the student shall be eligible for the exemption once notified, even if the notification occurs after the student no longer meets the definition of a child of a military family pursuant to Education Code 49701. (Education Code 51225.1)~~

~~To determine whether a child of a military family is in the third or fourth year of high school, the district shall use either the number of credits earned as of the date of the transfer or the length of school enrollment, whichever qualifies the student for the exemption.~~ ~~(~~in accordance with Education Code 51225.1~~)~~

~~The Superintendent or designee shall notify any child of a military family who is granted an exemption and the student's parent/guardian how any requirements that are waived will affect the student's ability to gain admission to a postsecondary educational institution and shall provide information about transfer opportunities available through the California Community Colleges. (Education Code 51225.1)~~

The district shall not require or request a child of a military family to transfer schools in order to qualify for an exemption, and no child of a military family or parent/guardian shall be permitted to request a transfer solely to qualify for an exemption. (Education Code 51225.1)

If a child of a military family is exempted from local graduation requirements, the exemption shall continue to apply after the student no longer meets the definition of a child of a military family while enrolled in school or upon transfer to another school or school district. (Education Code 51225.1)

If the Superintendent or designee determines that a child of a military family is reasonably able to complete district graduation requirements within a fifth year of high school, the Superintendent or designee shall: (Education Code 51225.1)

:

1. Inform the student and, if under 18 years of age, the student's parent/guardian of the option available to the student to remain in school for a fifth year to complete the district's graduation requirements and how that will affect the student's ability to gain admission to a postsecondary educational institution

2. Provide information to the student about transfer opportunities available through the California Community Colleges

3. Upon agreement with the student, or with the parent/guardian if the student is under 18 years of age, permit the student to stay in school for a fifth year to complete the district's graduation requirements

Notification and Complaints

CSBA NOTE: Education Code 51225.1 and 51225.2 provide that complaints of noncompliance with specified requirements related to the educational rights of children of military families may be filed in accordance with the uniform complaint procedures specified in 5 CCR 4600-4670. As with other complaints covered under the uniform complaint procedures, a complainant may appeal the district's decision to CDE and, if the district or CDE finds any merit in the complaint, the district must provide a remedy to the affected student. See BP/AR 1312.3 - Uniform Complaint Procedures.

Information regarding the educational rights of children of military families, as specified in Education Code 51225.1 and 51225.2, shall be included in the annual uniform complaint procedures notification distributed to students, parents/guardians, employees, and other interested parties pursuant to 5 CCR 4622. (Education Code 51225.1, 51225.2)

Any complaint alleging that the district has not complied with requirements regarding the education

~~of children of military families, as specified in Education Code 51225.1 or 51225.2, may be filed in accordance with the district's procedures in AR 1312.3 - Uniform Complaint Procedures.~~

Regulation 6173.3: Education For Juvenile Court School Students

Status: ADOPTED

Original Adopted Date: 12/01/2016 | **Last Revised Date:** ~~12~~02/01/~~2023~~2026 | **Last Reviewed Date:** ~~12~~02/01/~~2023~~2026

CSBA NOTE: The following optional administrative regulation is for use by districts that maintain secondary schools. Juvenile court schools are operated by county offices of education pursuant to Education Code 48645-48650 and serve students who are under the protection or authority of the county juvenile justice system. Pursuant to Education Code 48645.2, such schools may be administered either by the County Superintendent of Schools or by the ~~board~~Governing Board of the district in which the juvenile court school is located, through a contract between the County Board of Education and the district's ~~governing~~ board.

Education Code 48647, 51225.1, and 51225.2~~,~~ establish educational rights of former juvenile court school students who transition into a district school. These include rights related to the immediate enrollment of such students, the immediate transfer of educational records, the transfer of coursework and credits, the option to remain in school for a fifth year to complete graduation requirements upon agreement with the student or the student's educational rights holder, and exemption from district-established graduation requirements under certain conditions. For more information regarding high school graduation requirements and exemptions from such requirements, see BP 6146.1 – High School Graduation Requirements and AR 6146.3 – Reciprocity of Academic Credit.

The following optional paragraph reflects the intent expressed in Education Code 48647 to encourage collaboration between the district and county agencies to ensure effective communication, enrollment, and placement practices.

The Superintendent or designee shall collaborate with the County Superintendent of Schools and the county probation department to facilitate the transition of students from a juvenile court school into the regular schools of the district. Such collaboration may include, but not be limited to, the development of data-sharing systems, communication strategies, and other structures that aid in the enrollment, placement, and continuous educational progress of such students.

Enrollment

CSBA NOTE: Education Code 48645.5 requires the immediate enrollment of a student who has had contact with the juvenile justice system. Pursuant to Education Code 48645.5 and 48853.5, such a student ~~must~~is required to be enrolled even if the student (1) has outstanding fees, fines, textbooks, or other items or monies due to the previous school, (2) does not have clothing normally required by the school, such as school uniforms, or (3) is unable to produce records normally required for enrollment.

A former juvenile court school student transferring into a regular district school shall be immediately enrolled in the school. The Superintendent or designee shall not deny enrollment to a student solely on the basis of an arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other contact with the juvenile justice system. (Education Code 48645.5)

Transfer of Coursework and Credits

CSBA NOTE: The following section is for use by districts maintaining high schools. Education Code 51225.2, as amended by SB 532 (Ch. 918, Statutes of 2022), addresses the transferability of coursework and credits completed by a student enrolled in a juvenile court, as provided below.

Education Code 51225.2, as amended by SB 532, requires the transferring school to include in the student's educational record a determination of days of enrollment and/or seat time and an official transcript with full and partial credits earned, or any measure of full or partial coursework being satisfactorily completed.

CSBA NOTE: The following section is for use by districts maintaining high schools.

When a student enrolled in aformer juvenile court school student transfers into a district school, the district will receive an official transcript from the transferring school or district which reflects full and partial credits and grades earned by the student and includes: (Education Code 51225.2)

1. A determination of the days of enrollment and/or seat time, if applicable, for all full and partial credits earned based on any measure of full or partial coursework being satisfactorily completed

   Partial coursework satisfactorily completed includes any portion of an individual course, even if the student did not complete the entire course

2. Separate listings for credits and grades earned at each school and local educational agency so it is clear where credits and grades were earned

3. A complete record of the student's seat time, including both period attendance and days of enrollment

The district student's coursework and credits shall transfer the credits and grades from the transferring school's transcript onto an official district transcript in the same manner as described in Item #2, above. (Education Code 51225.2)

If the Principal or designee has knowledge that the transcript from the transferring school may not include certain credits or grades, the Principal or designee shall contact the prior school within two business days to request that the full or partial credits be issued, which shall then be issued and provided by the prior school within two business days of the request. (Education Code 51225.2)

The district shall accept and issue full credit for any coursework that the former juvenile court school student has satisfactorily completed while attending another public school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school. (Education Code 51225.2)

CSBA NOTE: Pursuant to Education Code 51225.2, districts may not require a student who has completed an entire course to retake the course.

If the entire course was completed, the district shall not require the student to retake the course. (Education Code 51225.2)

If the entire course was not completed at the previous school, the student shall be issued partial credit for the coursework completed and shall be required to take the uncompleted portion of the course. However, a student may be required to retake the portion of the course completed if the Superintendent or designee, in consultation with the holder of educational rights for the student, finds that the student is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a former juvenile court school student in any particular course, the student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. (Education Code 51225.2)

CSBA NOTE: The following paragraph should be revised to reflect district practice, consistent with district policy related to partial credit awarded to homeless students and foster youth. Although Education Code 51225.2 requires districts to award partial credits to former juvenile court school students who transfer from school to school, there is no uniform system for calculating and awarding partial credits. The following paragraph reflects a recommendation in the California Child Welfare Council's Partial Credit Modeltransferred as specified in Education Code 51225.2 and Board Policy and Practice Recommendations and is consistent with the approach provided in AR 6173 - Education for Homeless Children and AR 6173.1 - Education for Foster Youth.Administrative Regulation 6146.3 – Reciprocity of Academic Credit.

Partial credits shall be awarded on the basis of 0.5 credits for every seven class periods attended per subject. If the school is on a block schedule, each block schedule class period attended shall be equal to two regular class periods per subject.

In no event shall the district prevent a former juvenile court school student from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California. (Education Code 51225.2)

Applicability of Graduation Requirements

CSBA NOTE: The following section is for use by districts maintaining high schools.

If a student completes district graduation requirements while being detained in a juvenile facility, the district shall issue the student a diploma from the school the student last attended, unless the County Superintendent issues the diploma. (Education Code 48645.5)

CSBA NOTE: The remainder of this section addresses the completion of graduation requirements by students who transfer from a juvenile court school to a district school after completing two years of high school. Education Code 51225.1 exempts such students from district-established graduation requirements under certain conditions.

A student who transfers to a district school from a juvenile court school shall generally be expected to complete all courses required by Education Code 51225.3 and to fulfill any additional graduation requirements prescribed by the Governing Board.

However, when a student who has completed the second year of high school transfers from a juvenile court school into a district school, the student shall be exempted from all district-adopted coursework and other district-established graduation requirements, unless the district makes a finding that the student is reasonably able to complete the additional requirements in time to graduate from high school by the end of the student's fourth year of high school. Within 30 calendar days of the student's transfer, the Superintendent or designee shall notify the student, the student's educational rights holder, and the student's social worker or probation officer of the availability of the exemption and whether the student qualifies for it. If the Superintendent or designee fails to provide this notification, the student shall be eligible for the exemption once notified, even if the notification occurs after the termination of the court's jurisdiction over the student. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, as amended by SB 532, to determine whether a student with significant gaps in school attendance is in the third or fourth year of high school, the student's age as compared to the average age of students in the third or fourth year of high school may be used.

To determine whether a student is in the third or fourth year of high school, the district shall use either the number of credits the student has earned as of the date of the transfer, the length of school enrollment, or, for a student with significant gaps in school attendance, the student's age as compared to the average age of students in the third or fourth year of high school, whichever qualifies the student for the exemption. (Education Code 51225.1)

CSBA NOTE: Education Code 51225.1, as amended by SB 532, requires the district to exempt a student who qualifies for an exemption from district-established graduation requirements, under the circumstances described below.

If a former juvenile court school student was not properly notified of an exemption, declined the exemption, or was not previously exempted, the student or the student's educational rights holder may request the exemption and the Superintendent or designee shall exempt the student within 30 days of the request. A student may request the exemption even if the student is no longer a juvenile court student. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, as amended by SB 532, the district is required to reevaluate a student's eligibility for an exemption from district-established graduation requirements, as described below.

When the Superintendent or designee determines that a student who transferred into a district school is reasonably able to complete district-established graduation requirements by the end of the student's fourth year of high school, the student shall not be exempted from those requirements. Within 30 calendar days of the following academic year, the student shall be reevaluated based on the student's course completion status at the time, to determine if the student continues to be reasonably able to complete the district-established graduation requirements in time to graduate by the end of the student's fourth year of high school. Written notice as to whether the student then qualifies for the exemption shall be provided to the student, the student's educational rights holder, and if applicable, to the student's social worker or probation officer. (Education Code 51225.1)

If, upon reevaluation, it is determined that the former juvenile court student is not reasonably able to complete the district-established graduation requirements in time to graduate from high school by the end of the student's fourth year of high school, the Superintendent or designee shall provide the student with the option to receive an exemption from district-established graduation requirements or stay in school for a fifth year to complete the district-established graduation requirements upon agreement with the student, or if under 18 years of age, the student's educational rights holder, and shall provide notifications in accordance with Education Code 51225.1. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, as amended by SB 532, the district is required to consult with a former juvenile court student who is granted an exemption from district-established graduation requirements and the student's educational rights holder, as described below.

When a former juvenile court student is exempted from district-established graduation requirements, the Superintendent or designee shall consult with the student and the student's educational rights holder about the following: (Education Code 51225.1)

1. Discussion of how any requirements that are waived may affect the student's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution

2. Discussion and information about other options available to the student, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges

3. Consideration of the student's academic data and any other information relevant to making an informed decision on whether to accept the exemption

The district shall not require or request a former juvenile court student to transfer schools in order to qualify for an exemption and shall not grant any request made by a former juvenile court student,

the student's educational rights holder, or the district liaison on behalf of the student, for a transfer solely to qualify for an exemption. (Education Code 51225.1)

CSBA NOTE: Education Code 51225.1 prohibits the district from requiring a student who is eligible for an exemption from district-established graduation requirements from accepting the exemption or being denied enrollment, as described below.

The Superintendent or designee shall not require a former juvenile court student who is eligible for an exemption from district-established graduation requirements and would otherwise be entitled to remain in attendance at the school, to accept the exemption or be denied enrollment in, or the ability to complete, courses for which the student is otherwise eligible, including courses necessary to attend an institution of higher education, regardless of whether such courses are required for statewide graduation requirements. (Education Code 51225.1)

CSBA NOTE: Education Code 51225.1 prohibits the district from revoking a student's exemption from district-established graduation requirements.

If a former juvenile court student is exempted from district-established graduation requirements, the exemption shall not be revoked. Additionally, the exemption shall continue to apply after the termination of the court's jurisdiction over the student while still enrolled in the school or if the student transfers to another school, including a charter school, or school district. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, the district may not require or request a student who is exempted from district-established graduation requirements and completes statewide coursework requirements before the end of the student's fourth year of high school to graduate early, as described below.

The Superintendent or designee shall not require or request that a former juvenile court student who is exempted from district-established graduation requirements and who completes the statewide coursework requirements before the end of the fourth year of high school, and would otherwise be entitled to remain in school, graduate before the end of the student's fourth year of high school. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, as amended by SB 532, if the district determines that a student who is eligible for the exemption from district-established graduation requirements is reasonably able to complete those requirements in time to graduate from high school by the end of the student's fifth year, the district is required to provide the following.

Upon making a finding that a former juvenile court student is reasonably able to complete district-established graduation requirements within the fifth year of high school, the Superintendent or designee shall: (Education Code 51225.1)

1. Consult with the student and, if under 18 years of age, the student's educational rights holder, of the option to remain in school for a fifth year to complete the district-established graduation requirements and how that will affect the student's ability to gain admission to a postsecondary educational institution

2. Consult with and provide information to the student about transfer opportunities available through the California Community Colleges

3. Upon agreement with the student or with the student's educational rights holder if under 18 years of age, permit the student to stay in school for a fifth year to complete the district-established graduation requirements

CSBA NOTE: Pursuant to Education Code 51225.1, as amended by SB 532, until January 1, 2028, when a student enrolled in a juvenile court school who has completed the second year of high school transfers into the district or transfers between high schools within the district, and is not reasonably able to complete the district-established graduation requirements, but is reasonably able to complete the statewide coursework requirements, within the student's fifth year of high school, the district is required to exempt the student from the district-established graduation requirements and provide the student with the option to remain in school for a fifth year to complete the statewide requirements. In such situations, consultation with the student and the student's educational rights holder is required, as provided below.

When a juvenile court student who has completed the second year of high school transfers into the district or between high schools within the district, and the Superintendent or designee determines that the student is not reasonably able to complete the district-established graduation requirements within the student's fifth year of high school but is reasonably able to complete the statewide coursework requirements within the fifth year of high school, the student shall be exempted from all district-established graduation requirements and be provided with the option to remain in school for a fifth year to complete the statewide requirements. In such situations, the Superintendent or designee shall consult with the student and the student's educational rights holder, regarding the following: (Education Code 51225.1)

1. The student's option to remain in school for a fifth year to complete statewide coursework requirements

2. The effect of waiving the district-established requirements and remaining in school for a fifth year on the student's postsecondary education or vocation plans, including the ability to gain admission to an institution of higher education

3. Other options available to the student, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges

4. The student's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements

Notification and Complaints

Information regarding the educational rights of former juvenile court school students, as specified in Education Code 51225.1 and 51225.2, shall be included in the annual uniform complaint

procedures notification distributed to students, parents/guardians, employees, and other interested parties pursuant to 5 CCR 4622. (Education Code 51225.1, 51225.2)

CSBA NOTE: Education Code 51225.1 and 51225.2 provide that complaints of noncompliance with specified requirements related to the educational rights of former juvenile court school students may be filed in accordance with the uniform complaint procedures specified in 5 CCR 4600-4670. As with other complaints covered under the uniform complaint procedures, a complainant may appeal the district's decision to the California Department of Education (CDE) and, if the district or CDE finds any merit in the complaint, the district must provide a remedy to the affected student. See BP/AR 1312.3 - Uniform Complaint Procedures.

Any complaint that the district has not complied with requirements regarding the education of former juvenile court school students, as specified in Education Code 51225.1 or 51225.2, may be filed in accordance with the district's procedures in AR 1312.3 - Uniform Complaint Procedures.

A former juvenile court school student who transfers to a district school shall be expected to complete all courses and fulfill graduation requirements as specified in Board Policy 6146.1 - High School Graduation Requirements, unless the student has completed the second year of high school and thereby exempted from such requirements in accordance with Education Code 51225.1.

Policy 6173.4: Education For American Indian Students

Status: ADOPTED

Original Adopted Date: 06/01/2023 **| Last Revised Date:** 02/01/2026 **| Last Reviewed Date:** ~~06~~02/01/~~2023~~2026

CSBA NOTE: The following policy may be revised to reflect district practice. Districts that receive federal Title VI Indian education funding (20 USC 7401-7492), which supports local educational agencies, Indian tribes and organizations, and other entities in meeting the unique cultural, language, and educational needs of American Indian students, are **mandated** to adopt policy and procedures to ensure that the program will be operated and evaluated in consultation with, and with the involvement of, parents/guardians and family members of American Indian students and community representatives; ~~see the section entitled, "Title VI Indian Education Program,"~~ for more information regarding this mandate, see "Title VI Indian Education Program," below.

The terms "American Indian," "Native American," and "Indian" are used in various state and federal laws but do not always refer to the same groupings of people or are not defined. For purposes of Title VI, 20 USC 7491 defines "Indians" to include Alaska natives. The following policy may be revised to reflect terminology preferred by the district and local tribes.

The Governing Board recognizes that American Indian students may have unique cultural, language, and educational needs that may be addressed by increasing student knowledge about American Indian history, including the history and culture of local tribes, and by providing American Indian students with access to education and other services necessary for such students to meet the same challenging academic standards as other students.

The Superintendent or designee shall provide all students with culturally relevant curriculum related to local American Indian tribes and implement strategies necessary for the improvement of the academic achievement of American Indian students.

CSBA NOTE: The following paragraphs address the involvement of a California Indian Education Task Force. Pursuant to Education Code 33391, ~~as added by AB 1703 (Ch. 477, Statutes of 2022),~~ districts are encouraged to form a California Indian Education Task Force with Indian tribes local to their region~~,~~ or historically located in the region, to assist in the development of curriculum related to local tribes~~,~~ and in the identification of~~, and strategies to close,~~ any achievement gaps between American Indian students and other students in the district, and strategies to close them.

The Native American Studies Model Curriculum, available on the University of California at Davis' Native American Studies website, is a state funded comprehensive, standards-aligned curriculum dedicated to Native American Studies that offers lessons that integrate Native perspectives across academic disciplines.

In order to discuss, gain a shared understanding of, and develop curriculum for use within the district, and to identify the extent and nature of any achievement gaps between American Indian students and other district students, and strategies to address any such gaps, the district may form a California Indian Education Task Force with tribes local to the region. Participants in the task force meetings may consider issues of mutual concern, which include: (Education Code 33391)

1. Developing a thorough, shared understanding of accurate, high-quality curricular materials about the history, culture, and government of local tribes, and developing such materials for use within the district that include tribal experiences and perspectives

2. Developing a shared understanding of proper or improper instructional materials when these materials use depictions of Native Americans

3. Encouraging the adoption of the curriculum developed by the California Indian Education Task Force

4. Identifying the extent and nature of any achievement gap between American Indian students and other students, and strategies necessary to close it

If formed, the California Indian Education Task Force shall, within one year and thereafter annually, submit a report to the California Department of Education on the findings, including progress of work on Items #1-4, above. (Education Code 33391)

The Superintendent or designee shall identify American Indian students most at-risk of not meeting state academic standards and provide to such students the needed support(s), including making referrals, as appropriate, for special education services or services under Section 504 of the federal Rehabilitation Act of 1973, or other school-based services such as counseling and health services, supplemental instruction, before- or after-school services, and summer learning programs.

CSBA NOTE: Education Code 48432.5~~, as amended by AB 740 (Ch. 400, Statutes of 2022),~~ provides protections for American Indian students prior to an involuntary transfer to a continuation school. Additionally, Education Code 48853.5, 48911, 48911.1, 48915.5, and 48918.1~~, as amended by AB 740~~, provide protections for American Indian students regarding suspension and expulsion proceedings and assignments to supervised suspension classrooms. In such instances, written notice must be provided to an American Indian student's tribal social worker and, if applicable, the county social worker. See AR 5144.1 - Suspension and Expulsion/Due Process, AR 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities), AR 6173.1 - Education for Foster Youth, and AR 6184 - Continuation Education.

Suspension, expulsion, assignment to a supervised suspension classroom, or involuntary transfer to a continuation school of an American Indian student shall be in accordance with law and as specified in Administrative Regulation 5144.1 - Suspension and Expulsion/Due Process, Administrative Regulation 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities), and Board Policy/Administrative Regulation 6184 - Continuation Education.

CSBA NOTE: Pursuant to Labor Code 3074.2, any district planning to hold a college or career fair is required to identify approved apprenticeship programs in the county and notify such programs that they are hosting a college or career fair. See BP 6164.2 - Guidance/Counseling Services and BP 6178 - Career Technical Education.

The Superintendent or designee shall provide programs to facilitate the successful transition of American Indian students to post-secondary education and employment, which may include college and career fairs ~~in accordance with Labor Code 3074.2~~as specified in Board Policy 6164.2 - Guidance/Counseling Services and Board Policy 6178 - Career Technical Education, apprenticeship and preapprenticeship programs, mentorship programs, and counseling services.

As needed, the Superintendent or designee shall provide professional development to teachers and other school staff to assist them in understanding and responding to the unique needs of American Indian students.

At least annually, the Superintendent or designee shall report to the Board on the outcomes of American Indian students including, but not limited to, school attendance, student achievement test results, promotion and retention by grade level, graduation rates, and suspension/expulsion rates.

Title VI Indian Education Program

CSBA NOTE: The following section is for districts that receive Title VI funding pursuant to 20 USC 7401-7492, and should be deleted by districts that do not receive such funding.

With the assistance of federal Title VI funding for the education of children from federally recognized tribes, the district shall offer programs and activities to meet the unique cultural, language, and educational needs of American Indian students, as defined in 20 USC 7491. Program objectives and outcomes shall be based on state academic standards. (20 USC 7424)

CSBA NOTE: The following paragraphs address the involvement of parents/guardians and family members of American Indian students and community representatives in program implementation and evaluation, as ~~mandated~~required by 20 USC 7424, and may be expanded to reflect district practice.

In developing, implementing, and evaluating Title VI programs and activities, the Superintendent or designee shall consult with and involve parents/guardians and family members of American Indian students and other community representatives. (20 USC 7424)

The district shall establish a committee that is composed of, and selected by, parents/guardians and family members of American Indian students, representatives of tribes on tribal lands located within 50 miles of any district school that serves any children of the tribes, teachers, and, if appropriate, American Indian students enrolled in secondary schools in the district. The majority of the committee shall be parents/guardians and family members of American Indian students. The committee shall participate in program development and provide written approval for the program. (20 USC 7424)

CSBA NOTE: Pursuant to 20 USC 7425, federal funding for American Indian education programs may be used for any of the services and activities listed in Items #1-13 below. The following list may be revised to reflect district practice.

The district's Title VI program for American Indian education may include any of the following services and activities: (20 USC 7425)

1. Activities that support Native American language programs and Native American language restoration programs, which may be taught by traditional leaders

2. Culturally related activities that support the district's program

3. Early childhood and family programs that emphasize school readiness

4. Enrichment programs that focus on problem solving and cognitive skills development and directly support the attainment of state academic standards

5. Integrated educational services in combination with other programs that meet the needs of American Indian students and their families, including programs that promote parent/guardian involvement in school activities and increase student achievement

6. Career preparation activities that enable American Indian students to participate in career technical education programs, including programs for mentoring and apprenticeship

7. Activities to educate individuals so as to prevent violence, suicide, and substance abuse

8. The acquisition of equipment that is essential to achieve program goals

9. Activities that promote the incorporation of culturally responsive teaching and learning strategies into the district's educational program

10. Family literacy services

11. Activities that recognize and support the unique cultural and educational needs of American Indian students, and incorporate appropriately qualified tribal elders and seniors

12. Dropout prevention strategies for American Indian students

13. Strategies to meet the educational needs of American Indian students in correctional facilities, including such strategies that support American Indian students who are transitioning from such facilities to schools served by the district

Any federal funds received to support American Indian education programs shall be used to supplement, not supplant, state or local funds allocated for such purposes. (20 USC 7424)

Program funds may be used to support a Title I schoolwide program pursuant to 20 USC 6314 if approved by the committee established pursuant to 20 USC 7424, provided that the schoolwide program is consistent with the purpose of American Indian education programs and the district's application identifies how the use of such funds in a schoolwide program will produce benefits to American Indian students that would not be achieved if not used in a schoolwide program. (20 USC 7424)

As needed, professional development shall be provided to teachers and other school staff to assist them in working with American Indian students and carrying out Title VI programs. (20 USC 7424)

The Superintendent or designee shall maintain a record of the information establishing the status of each student as an American Indian student eligible for assistance through the federal American Indian education program. (20 USC 7427)

The Superintendent or designee shall periodically assess the progress of all American Indian students, including American Indian students who do not participate in programs funded through Title VI, in meeting program goals and objectives. Assessment results shall be provided to the Board, the committee established pursuant to 20 USC 7424, tribes whose children are served by the district, and the community. (20 USC 7424)

Policy 6175: Migrant Education Program

Status: ADOPTED

Original Adopted Date: 07/01/2003 **| Last Revised Date:** ~~03~~02/01/~~2024~~2026 **| Last Reviewed Date:** ~~03~~02/01/~~2024~~2026

CSBA NOTE: The following optional policy is for use by districts that have established migrant education programs pursuant to federal Title I, Part C (20 USC 6391-6399) and Education Code 54440-54445. In California, most districts that provide migrant education services operate pursuant to service agreements with regional service centers pursuant to Education Code 54444.1. The district submits a service application to the regional center, which then submits a regional application to the California Department of Education (CDE). The following policy and accompanying administrative regulation should be revised as necessary to reflect the district's agreement with its regional service center.

During the Federal Program Monitoring (FPM) process, CDE will review whether the district is fulfilling the major legal requirements for implementation of the program. Education Code 51225.2 describes this group of highly mobile students as "a pupil who is a migratory child" and CDE's Uniform Complaint Procedures ~~2023-24~~2025-26 FPM instrument describes this group as "pupils who are migratory~~",~~," which is reflected in the use of this description throughout the policy. The following policy may be revised to reflect terminology preferred by the district and local community.

Pursuant to Education Code 41601.6, up to two local educational agencies may request authorization from CDE to provide an extended school year program to specified students who are migratory, which includes average daily attendance funding for such students~~;~~. For more information regarding summer school and extended school year programs, see the accompanying administrative regulation.

The Governing Board desires to provide a comprehensive program for students who are migratory that attempts to mitigate the impact of educational disruption, cultural and language barriers, social isolation, health-related problems, and other factors that may inhibit their ability to succeed in school. The district shall make use of available funds to provide supplementary services for students who are migratory.

The Superintendent or designee shall cooperate with the regional migrant service center in outreach and identification of eligible students who are migratory and in the provision of migrant education services. ~~The~~Additionally, the Superintendent or designee shall ~~also~~ coordinate migrant education services with other programs within the district and with other public agencies that serve migrant workers and their families.

CSBA NOTE: 20 USC 6394 establishes priority for services for students who are migratory who are failing or at risk of failing to meet state standards or have dropped out of school. According to CDE's ~~2017~~2023, "State Service Delivery Plan," for purposes of establishing priority for services, students are considered to be failing or most at risk of failing to achieve state standards if they (1) score at Level 1-2 (standard not met or standard nearly met) on the English language and/or mathematics summative assessments of the California Assessment of Student Performance and Progress, or (2)

score at Levels 1-3 (beginning to moderately developed English skills) on the California English Language Development Test or the English Language Proficiency Assessments for California.

The term "qualifying move" means a move due to economic necessity (1) from one residence to another residence, and (2) from one school district to another school district, with limited exceptions.

The district shall give first priority for services to students who are migratory ~~who~~and have made a qualifying move within the previous one year period, and are failing~~,~~ or are most at risk of failing~~,~~ to meet state academic standards or have dropped out of school. (20 USC 6394, 6399)

CSBA NOTE: 20 USC 7881 requires that eligible private school students residing within the district be provided an opportunity to receive services on an equitable basis with public school students, as provided below. See AR 6171 - Title I Programs for further information about requirements pertaining to such participation.

The district shall provide services to eligible private school students residing within the district on an equitable basis with participating public school students. (20 USC 7881; 34 CFR 200.87)

CSBA NOTE: Education Code 54443.1 requires that local migrant education programs conduct an individual assessment of the educational and health needs of each student who is migratory within 30 days of enrollment and prepare a brief individual learning plan in writing listing the services to be provided to each student~~;~~. For more information regarding program components, see the accompanying administrative regulation. These duties may be performed by either the district or the regional service center depending on their agreement.

The Superintendent or designee shall ensure that each student who is migratory is placed at the appropriate grade level upon enrollment and is provided services in accordance with an individual needs assessment and learning plan.

CSBA NOTE: The following optional paragraph may be revised to reflect district practice, including specific indicators that the Governing Board and Superintendent or designee agree to use in evaluating program effectiveness.

The Superintendent or designee shall annually report to the Board regarding student performance on statewide assessments of core academic subjects and English language development, as appropriate, for students enrolled in the district's migrant education program. ~~In addition~~Additionally, the Superintendent or designee shall periodically report to the Board regarding the alignment of district services with the needs of students as identified in student needs assessments conducted pursuant to Education Code 54443.1. As necessary, the Board shall seek technical assistance from the migrant education regional service center and/or make changes in the services provided by the district in order to improve student achievement.

Regulation 6175: Migrant Education Program

Status: ADOPTED

Original Adopted Date: 07/01/2003 **| Last Revised Date:** ~~03~~02/01/~~2024~~2026 **| Last Reviewed Date:** ~~03~~02/01/~~2024~~2026

CSBA NOTE: The following optional administrative regulation reflects requirements of the migrant education program established pursuant to federal Title I, Part C (20 USC 6391-6399) and Education Code 54440-54445 and should be revised to reflect the district's agreement with the regional service center.

Education Code 51225.2 describes this group of highly mobile students as "a pupil who is a migratory child" and the California Department of Education's (CDE) Uniform Complaint Procedures ~~2023-24~~2025-26 Federal Program Monitoring (FPM) instrument describes this group as "~~students~~pupils who are migratory," which is reflected in the use of this description throughout the administrative regulation. The following administrative regulation may be revised to reflect terminology preferred by the district and local community.

Eligibility

CSBA NOTE: Student eligibility for migrant education services is based on criteria delineated in 20 USC 6399 and 34 CFR 200.81. Eligibility is established through an interview conducted by a migrant education recruiter, who is employed by either the regional service center or district and has received specialized training and authorization to identify and recruit families for the migrant education program. Recruitment and identification procedures are detailed in CDE's ~~2017~~2023, "State Service Delivery Plan."

Pursuant to 34 CFR 200.89, regional service centers are required to annually validate eligibility through the re-interview of parents/guardians of a randomly selected sample of students previously identified as migratory.

Students ~~age~~ 3 to 21 years of age shall be eligible for the district's migrant education program if they, their parents/guardians, or their spouses are migratory agricultural workers or fishers who, in the preceding 36 months, moved into the district due to economic necessity and engaged in new temporary or seasonal employment or personal subsistence in agriculture or fishing. If such employment was not secured soon after the move, students may be considered students who are migratory if the student, the student's parents/guardians, or the student's spouse actively sought such new employment and have a recent history of moves for temporary or seasonal agricultural or fishing employment. (20 USC 6399; 34 CFR 200.81)

CSBA NOTE: The last sentence of the following paragraph should be deleted by districts that do not offer classes at the secondary level.

A student who ceases to be a student who is migratory during a school term shall be eligible for services until the end of the term. If comparable services are not available through other programs, a student who is no longer migratory may continue to receive services for one additional school year. Students who were eligible for services in secondary school may continue to be served through credit accrual programs until graduation. (20 USC 6394)

Enrollment

A student who is migratory shall be immediately enrolled in the district even if the student: (Education Code 48204.7)

1. Has outstanding fees, fines, textbooks, or other items or monies due to the school last attended

2. Does not have clothing normally required by the school, such as school uniforms

3. Is unable to produce records normally required for enrollment, such as previous academic records, proof of residency, medical records, including, but not limited to, records or other proof of immunization history, or other documentation

If a student who is migratory experiences a change in residence, the student may remain enrolled in the school of origin for the duration of the student's status as a student who is migratory. (Education Code 48204.7)

If a student's status as a student who is migratory changes during a school year, the Superintendent or designee shall allow the student to continue at the school of origin through the duration of that school year or, if the student is enrolled in a high school, through graduation. (Education Code 48204.7)

A student who is migratory and is transitioning between school grade levels shall be allowed to continue in the district of origin in the same attendance area to provide the student the benefit of matriculating with peers in accordance with the established feeder patterns of school districts. A student who is migratory and is transitioning to a middle school or high school designated for matriculation in another school district shall be allowed to enroll in that school. (Education Code 48204.7)

The Superintendent or designee shall inform a student who is migratory and the student's parent/guardian of the impact of remaining in the school of origin on the student's eligibility to receive migrant education services pursuant to Education Code 54440-54445. (Education Code 48204.7)

The Superintendent or designee may, but is not required to, provide transportation to enable a student who is migratory to attend the school of origin, unless otherwise required by federal law, or provide programs for online instruction as a substitute for physical attendance. (Education Code

48204.7)

Student Records

CSBA NOTE: Pursuant to 34 CFR 200.89, CDE and agencies operating migrant education programs ~~must~~are required to maintain a Certificate of Eligibility form and any additional documentation needed to confirm each student's eligibility.

Education Code 234.7 prohibits the collection of information or documents regarding the citizenship or immigration status of students or their family members, except as required by law or to administer a state or federally supported educational program. If the district becomes aware of the citizenship or immigration status of any student, it is prohibited from disclosing that information to U.S. Immigration and Customs Enforcement. See BP/AR ~~1445~~5145.13 - Response to Immigration Enforcement.

The Superintendent or designee shall maintain records documenting the eligibility of students enrolled in the district's migrant education program. However, the district shall not collect information or documents regarding the citizenship or immigration status of students or their family members for the purpose of determining eligibility for migrant education services.

CSBA NOTE: 20 USC 6398 requires districts receiving migrant education funds to make student records available at no cost to another district that requests the records, if the request is made to meet the needs of a student who is migratory. State law requiring the transfer of records for all students is reflected in BP/AR 5125 - Student Records. In California, the Migrant Student Information Network, developed and maintained by WestEd, assists CDE and each regional center with data collection and reporting regarding students who are migratory. ~~See the section "Transfer of Coursework and Credits" below for~~For the transfer of the transcript of a high school student who is migratory, see AR 6146.3 – Reciprocity of Academic Credit.

The Superintendent or designee shall acquire education and health records from the previous school districts of a student who is migratory, as appropriate.

When a student who is migratory transfers to another district, the student's records shall be provided to the receiving district upon request at no cost in order to assist that district in meeting the needs of the student. (20 USC 6398)

Program Components

CSBA NOTE: The following section may be revised to reflect the district's service agreement with the regional service center.

The migrant education program shall include all of the following components: (Education Code 54443.1)

1. A general needs assessment summarizing the needs of the population to be served

2. A comprehensive program to meet the educational, health, and related needs of participating students which supplements the district program and includes, but is not limited to:

    a. Instructional services, including academic, remedial and compensatory, bilingual-crosscultural, and career technical instruction

    b. Counseling and career education services

    c. Preschool services in accordance with Education Code 54443

    d. Other educational services that are not otherwise available in sufficient quantity or quality to eligible students who are migratory

    e. The acquisition of instructional materials and equipment necessary to adequately provide the appropriate services

    f. Other related services to meet the special needs of eligible students who are migratory to enable them to participate effectively in instructional services

    g. The coordination and teaming of existing resources serving students who are migratory, such as bilingual-crosscultural education, health screening, and compensatory education

3. Individual assessment of the educational and relevant health needs of each participating student, within 30 days of enrollment, including assessments concurrently provided pursuant to compensatory education, bilingual-crosscultural education, school improvement programs, and other programs serving the student

4. A brief individual learning plan listing the services to be provided to each student, which shall be given to the parent/guardian in writing or at a parent/guardian conference, annually and when the student moves to a new district

5. Staffing and staff development plans and practices to meet the needs of students and implement the program

6. Parent/guardian and community involvement as specified in Education Code 54444.2, including, but not necessarily limited to, the establishment of a parent/guardian advisory council to actively involve parents/guardians in planning, operating, and evaluating the district's migrant education program

CSBA NOTE: 20 USC 6394 requires "the same" parent/guardian involvement in migrant education programs as is required for Title I programs for disadvantaged students ~~(see BP/AR 6020 - Parent Involvement),~~ unless extraordinary circumstances make such provision impractical. For more information regarding parent/guardian involvement, see BP/AR 6020 - Parent Involvement.

7. The migrant education program shall provide for the same opportunities for parent/guardian involvement that are provided to parents/guardians for federal Title I programs. (20 USC 6394)

8. Evaluations which include annual student progress and overall program effectiveness and quality control reports

Summer School and Extended School Year Program

CSBA NOTE: Pursuant to Education Code 54444.3, each district receiving federal migrant education funding is required to conduct summer school programs for eligible students who are migratory. Before establishing the program, the district ~~must~~is required to submit an application for approval to the Superintendent of Public Instruction. The following section may be revised to reflect the grade levels offered by the district.

The district shall conduct summer school program(s) for eligible students who are migratory. The summer school program shall respond to the individual needs of participating students and shall build on and be consistent with the instructional programs offered to these students during the regular school year. Coursework shall be of the same level of difficulty in each subject as that provided to students enrolled in regular classes of instruction within the district in the preceding year. (Education Code 54444.3)

Teachers in the summer school program shall have cultural training or background and understanding of the special needs of students who are migratory and possess the proper credential for the subjects and grade levels to which they are assigned. (Education Code 54444.3)

The program shall comply with the following requirements for instructional time: (Education Code 54444.3)

1. For kindergarten class, a minimum of 180 minutes per day, including recesses, for not less than 20 instructional days

2. For grades 1-8, a minimum of 200 minutes per day, including recesses and passing time but excluding noon intermissions, for not less than 20 instructional days

3. For grades 7-12, a minimum of 240 minutes per day, including passing time but excluding noon intermissions, for not less than 30 instructional days

CSBA NOTE: Pursuant to Education Code 54444.3, holidays on which schools are required to be closed, as specified in Education Code 37220, may be deducted from the required number of

teaching days. For more information regarding holidays on which schools are required to be closed, see AR 6115 - Ceremonies and Observances.

The number of instructional days may be less than as described above if, during the summer school program, there is a holiday for which schools are required to be closed. (Education Code 37220, 54444.3).

When district facilities that are suitable for the summer climate are available, the district shall make facilities available at cost to other agencies that request facilities for the operation of migrant summer school programs, unless just cause for denial exists. When approved by the Superintendent of Public Instruction, the district may jointly offer facilities with a neighboring district to meet the needs of the migrant summer school program for the entire area. (Education Code 54444.3)

CSBA NOTE: Pursuant to Education Code 41601.6, to mitigate lost instructional time due to family movement related to migratory agricultural employment, up to two local educational agencies may request authorization from CDE to provide an extended school year program to students who are migratory who, due to family movement, enroll in transitional kindergarten, kindergarten, or any of grades 1-6, on or after March 1 of the school year and depart on or before December 1 of the next school year, which includes the receipt of specified average daily attendance funding for such students.

If the district receives authorization and average daily attendance funding from the California Department of Education to provide an extended school year program to students who are migratory who, due to family movement, enroll in transitional kindergarten, kindergarten, or any of grades 1-6, on or after March 1 of the school year and depart on or before December 1 of the next school year, the Superintendent or designee shall operate the program in accordance with Education Code 41601.6. (Education Code 41601.6)

Transfer of Coursework and Credits

CSBA NOTE: The following section is for use by districts maintaining high schools. Education Code 51225.2 addresses the transferability of coursework and credits completed by a student enrolled in a migrant education program, as provided below.

Education Code 51225.2 requires the transferring school to include in the student's educational record a determination of days of enrollment and/or seat time and an official transcript with full and partial credits earned, or any measure of full or partial coursework being satisfactorily completed.

When a student enrolled in a migrant education program who is migratory transfers into a district school, the district will receive an official transcript from the transferring school or district which reflects full and partial credits and grades earned by the student and includes: (Education Code 51225.2)

1. A determination of the days of enrollment and/or seat time, if applicable, for all full and partial credits earned based on any measure of full or partial coursework being satisfactorily completed

   Partial coursework satisfactorily completed includes any portion of an individual course,

even if the student did not complete the entire course

2. Separate listings for credits and grades earned at each school and local educational agency so it is clear where credits and grades were earned

3. A complete record of the student's seat time, including both period attendance and days of enrollment

The district student's coursework and credits shall transfer the credits and grades from the transferring school's transcript onto an official district transcript in the same manner as described in Item #2, above. (Education Code 51225.2)

If the Principal or designee has knowledge that the transcript from the transferring school may not include certain credits or grades, the Principal or designee shall contact the prior school within two business days to request that the full or partial credits be issued, which shall then be issued and provided by the prior school along with all academic and other records within two business days of the request. (Education Code 51225.2)

The district shall accept and issue full credit for any coursework that the student who is migratory has satisfactorily completed while attending another public school, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school.

CSBA NOTE: Pursuant to Education Code 51225.2, districts are not authorized to require a student who is migratory who has completed an entire course to retake the course.

If the entire course was completed, the district shall not require the student who is migratory to retake the course. (Education Code 51225.2)

If the entire course was not completed at the previous school, the student who is migratory shall be issued partial credit for the coursework completed and shall be required to take the uncompleted portion of the course. However, the district may require the student who is migratory to retake the portion of the course completed if, in consultation with the educational rights holder for the student who is migratory, the district finds that the student who is migratory is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a student who is migratory in any particular course, the student who is migratory shall be enrolled in the same or equivalent course, if applicable, to enable the completion of the entire course. (Education Code 51225.2)

CSBA NOTE: Although Education Code 51225.2 requires districts to award partial credits to students who are migratory who transfer from school to school, there is no uniform system for calculating and awarding partial credits. To ensure consistency in the treatment of foster youth, the California Child Welfare Council, in its, "Partial Credit Model Policy and Practice Recommendations," available on its website, recommends the approach transferred as specified in the following optional paragraph, which may be revised to reflect district practice.

Partial credits shall be awarded on the basis of 0.5 credits for every seven class periods attended per subject. If the school is on a block schedule, each block schedule class period attended shall be equal to two regular class periods per subject. Partial credits and grades earned by a student shall be included on the student's official transcript within two business days of the district's notification of the student's transfer, as required under Education Code 49069.5.

In no event shall the district prevent a student who is migratory from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California. (Education Code 51225.2)Education Code 51225.2 and Board Policy/ Administrative Regulation 6146.3 – Reciprocity of Academic Credit.

Applicability of Graduation Requirements

CSBA NOTE: The following section is for use by districts maintaining high schools.

To obtain a high school diploma, aA student who is migratory shall that transfers to a district school shall be expected to complete all courses required by Education Code 51225.3 and shall generally fulfill any additional local graduation requirements prescribed by the as specified in Board.

However, when a Policy 6146.1 - High School Graduation Requirements, unless the student who is migratory has completed the second year of high school and transfers into a district school, the student shall be is thereby exempted from all district-adopted coursework and other district-established graduation such requirements, unless the district makes a finding that the student is reasonably able to complete the additional requirements in time to graduate from high school by the end of the student's fourth year of high school. Within 30 calendar days of the student's transfer, the Superintendent or designee shall notify the student and the student's parent/guardian of the availability of the exemption and whether the student qualifies for it. If the Superintendent or designee fails to provide this notification, the student shall be eligible for the exemption once notified, even if the notification occurs after the termination of the court's jurisdiction over the student. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, to determine whether a student with significant gaps in school attendance is in the third or fourth year of high school, the student's age as compared to the average age of students in the third or fourth year of high school may be used.

To determine whether a student is in the third or fourth year of high school, the district shall use either the number of credits the student has earned as of the date of the transfer, the length of school enrollment, or, for a student with significant gaps in school attendance, the student's age as compared to the average age of students in the third or fourth year of high school, whichever qualifies the student for the exemption. (Education Code 51225.1)

CSBA NOTE: Education Code 51225.1 requires the district to exempt a student who qualifies for an exemption from district-established graduation requirements, under the circumstances described below.

If a student who is migratory was not properly notified of an exemption, declined the exemption, or was not previously exempted, the student or the student's educational rights holder may request

the exemption and the Superintendent or designee shall exempt the student within 30 days of the request. A student may request the exemption even if the student is no longer a student who is migratory. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1 the district is required to reevaluate a student's eligibility for an exemption from district-established graduation requirements, as described below.

When the Superintendent or designee determines that a student who transferred into a district school is reasonably able to complete district-established graduation requirements by the end of the student's fourth year of high school, the student shall not be exempted from those requirements. Within 30 calendar days of the following academic year, the student shall be reevaluated based on the student's course completion status at the time, to determine if the student continues to be reasonably able to complete the district-established graduation requirements in time to graduate by the end of the student's fourth year of high school. Written notice as to whether the student then qualifies for exemption shall be provided to the student, the student's educational rights holder, and if applicable, to the student's social worker or probation officer. (Education Code 51225.1)

If, upon reevaluation, it is determined that the student who is migratory is not reasonably able to complete the district-established graduation requirements in time to graduate from high school by the end of the student's fourth year of high school, the Superintendent or designee shall provide the student with the option to receive an exemption from district-established graduation requirements or stay in school for a fifth year to complete the district-established graduation requirements upon agreement with the student, or if under 18 years of age, the student's educational rights holder, and shall provide notifications in accordance with Education Code 51225.1. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, the district is required to consult with a student who is migratory who is granted an exemption from district-established graduation requirements and the student's educational rights holder, as described below.

When a student who is migratory is exempted from district-established graduation requirements, the Superintendent or designee shall consult with the student and the student's educational rights holder about the following: (Education Code 51225.1)

1. Discussion of how any requirements that are waived may affect the student's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution

2. Discussion and information about other options available to the student, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges

3. Consideration of the student's academic data and any other information relevant to making an informed decision on whether to accept the exemption

The district shall not require or request a student who is migratory to transfer schools in order to qualify for an exemption and shall not grant any request made by a student who is migratory or the student's parent/guardian for a transfer solely to qualify for an exemption. (Education Code 51225.1)

CSBA NOTE: Education Code 51225.1 prohibits the district from requiring a student who is eligible for an exemption from district-established graduation requirements from accepting the exemption or being denied enrollment, as described below.

The Superintendent or designee shall not require a student who is migratory who is eligible for an exemption from district-established graduation requirements and would otherwise be entitled to remain in attendance at the school, to accept the exemption or be denied enrollment in, or the ability to complete, courses for which the student is otherwise eligible, including courses necessary to attend an institution of higher education, regardless of whether such courses are required for statewide graduation requirements. (Education Code 51225.1)

CSBA NOTE: Education Code 51225.1 prohibits the district from revoking a student's exemption from district-established graduation requirements.

If a student who is migratory is exempted from district-established graduation requirements, the exemption shall not be revoked. Additionally, the exemption shall continue to apply after the student no longer meets the definition of a student who is migratory while still enrolled in the school or if the student transfers to another school, including a charter school, or school district. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, the district may not require or request a student who is exempted from district-established graduation requirements and completes statewide coursework requirements before the end of the student's fourth year of high school to graduate early, as described below.

The Superintendent or designee shall not require or request that an eligible student who is exempted from district-established graduation requirements and who completes the statewide coursework requirements before the end of the fourth year of high school, and would otherwise be entitled to remain in school, to graduate before the end of the student's fourth year of high school. (Education Code 51225.1)

CSBA NOTE: Pursuant to Education Code 51225.1, if the district determines that a student who is eligible for the exemption from district-established graduation requirements is reasonably able to complete those requirements in time to graduate from high school by the end of the student's fifth year, the district is required to provide the following.

Upon making a finding that a student who is migratory is reasonably able to complete district-established graduation requirements within the fifth year of high school, the Superintendent or designee shall: (Education Code 51225.1)

1. Consult with the student and, if under 18 years of age, the student's educational rights holder, of the option to remain in school for a fifth year to complete the district-established graduation requirements and how that will affect the student's ability to gain admission to a

postsecondary educational institution

2. Consult with and provide information to the student about transfer opportunities available through the California Community Colleges

3. Upon agreement with the student or with the student's educational rights holder if under 18 years of age, permit the student to stay in school for a fifth year to complete the district-established graduation requirements

CSBA NOTE: Pursuant to Education Code 51225.1, until January 1, 2028, when a student who is migratory has completed the second year of high school transfers into the district or transfers between high schools within the district, and is not reasonably able to complete the district-established graduation requirements, but is reasonably able to complete the statewide coursework requirements, within the student's fifth year of high school, the district is required to exempt the student from the district-established graduation requirements and provide the student with the option to remain in school for a fifth year to complete the statewide requirements. In such situations, consultation with the student and the student's educational rights holder is required, as provided below.

When a student who is migratory has completed the second year of high school transfers into the district or between high schools within the district, and the Superintendent or designee determines that the student is not reasonably able to complete the district-established graduation requirements within the student's fifth year of high school but is reasonably able to complete the statewide coursework requirements within the fifth year of high school, the student shall be exempted from all district-established graduation requirements and be provided with the option to remain in school for a fifth year to complete the statewide requirements. In such situations, the Superintendent or designee shall consult with the student and the student's educational rights holder, regarding the following: (Education Code 51225.1)

1. The student's option to remain in school for a fifth year to complete statewide coursework requirements

1. The effect of waiving the district-established requirements and remaining in school for a fifth year on the student's postsecondary education or vocation plans, including the ability to gain admission to an institution of higher education

2. Other options available to the student, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges

3. The student's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements

Parent Advisory Council

The parent advisory council shall be comprised of members who are knowledgeable of the needs of students who are migratory and shall be elected by the parents/guardians of students enrolled in the district's migrant education program. The composition of the council shall be determined by the parents/guardians at a general meeting to which all parents/guardians of participating students shall be invited. The parents/guardians shall be informed, in a language they understand, that they have the sole authority to decide on the composition of the council. (Education Code 54444.2)

At least two-thirds of the advisory council shall consist of parents/guardians of students who are migratory. (Education Code 54444.2)

All parent/guardian candidates for the council shall be nominated by parents/guardians. Nonparent candidates, such as teachers, administrators, other school personnel, or students, shall be nominated by the groups they represent. All other community candidates shall be nominated by the parents/guardians. (Education Code 54444.2)

The parent/guardian advisory council shall meet at least six times during the year and shall: (Education Code 54444.4)

1. Establish program goals, objectives, and priorities

2. Review annual needs and year-end assessments, program activities for each school, and individual learning plans

3. Advise on the selection, development, and reassignment of migrant education program staff

4. Participate actively in planning and negotiating program applications and service agreements

5. Perform all other responsibilities required under state and federal laws or regulations

The Superintendent or designee shall establish and implement a training program for advisory council members to enable them to carry out their responsibilities. The training program shall be developed in consultation with the council and shall include appropriate training materials in a language understandable to each member. (Education Code 54444.2)

The Superintendent or designee shall provide the council, without charge, a copy of all applicable state and federal migrant education statutes, rules, regulations, guidelines, audits, monitoring reports, and evaluations. Upon request, these materials also shall be provided without charge to each member of the council. (Education Code 54444.2)

~~**Notification and Complaints**~~

~~CSBA NOTE: Education Code 51225.1 and 51225.2 provide that complaints of noncompliance with specified requirements related to the educational rights of students who are migratory may be filed in accordance with the uniform complaint procedures specified in 5 CCR 4600-4670. As with other complaints covered under the uniform complaint procedures, a complainant may appeal the district's decision to CDE and, if the district or CDE finds any merit in the complaint, the district must provide a remedy to the affected student. See BP/AR 1312.3 - Uniform Complaint Procedures.~~

~~Information regarding the educational rights of students who are migratory, as specified in Education Code 51225.1 and 51225.2, shall be included in the annual uniform complaint procedures notification distributed to students, parents/guardians, employees, and other interested parties pursuant to 5 CCR 4622. (Education Code 51225.1, 51225.2)~~

~~Any complaint that the district has not complied with requirements regarding the education of students who are migratory, as specified in Education Code 51225.1 or 51225.2, may be filed in accordance with the district's procedures in Administrative Regulation 1312.3 - Uniform Complaint Procedures.~~

Bylaw 9250: Remuneration, Reimbursement And Other Benefits

Status: ADOPTED

Original Adopted Date: 11/01/2001 **| Last Revised Date:** ~~08~~02/01/~~2013~~2026 **| Last Reviewed Date:** ~~08~~02/01/~~2013~~2026

Compensation

CSBA NOTE: Education Code 35120 authorizes Governing Board members to receive compensation for their services~~, with a maximum amount prescribed~~ based on the district's average daily attendance (ADA) for the prior school year~~.~~

~~The district should select the appropriate option below. If the Board selects Option 1, it may, at its discretion, revise the paragraph to reflect the maximum amount applicable to its ADA. If the Board elects to receive less than the maximum amount provided in law, it should select Option 2~~ and ~~specify the amount.~~

~~OPTION 1:~~ ~~Each member of the Governing Board may receive~~, as amended by AB 1390 (Ch. 639, Statutes of 2025), increases the maximum monthly compensation ~~as provided for in Education Code 35120.~~

~~OPTION 1 ENDS HERE~~

~~OPTION 2:~~ ~~Each member of the Governing Board may receive a~~ amount. For a chart with the maximum monthly compensation ~~of $ _____.~~ ~~(Education Code 35120)~~

~~OPTION 2 ENDS HERE~~

~~OPTION 3:~~ ~~The members of the Governing Board view their Board service as a voluntary contribution to the community and elect not to receive the compensation to which they are entitled~~amounts per ADA range, see Exhibit (2).

Additionally, pursuant to Education Code 35120~~.~~

~~OPTION 3 ENDS HERE~~

~~CSBA NOTE: The remainder of this section~~, the Board may annually increase the monthly compensation of Board members beyond the applicable maximum amount delineated in Education Code 35120 by an amount not to exceed five percent.

Notwithstanding Education Code 35120, compensation for certain boards may be governed by the applicable city or county charter, or both. This bylaw is ~~for use by districts that selected Option 1 or 2 above~~written based on state law but should be modified to the extent a city or county charter applies.

Each member of the Governing Board shall be provided monthly compensation of $ _____, less any amounts deducted for meeting absences which are not excused by the Board. (Education Code 35120)

Board members are not required to accept the monthly compensation.

~~On an annual basis, the Board may~~ On an annual basis, the Board may amend this Bylaw to increase the compensation of Board members beyond the limit delineated in Education Code 35120 in an amount not to exceed five percent based on the present monthly rate of compensation. ~~(Education Code 35120)~~

~~Board members are not required to accept payment for meetings attended.~~

~~Any member who does not attend all Board meetings during the month is eligible to receive only a percentage of the monthly compensation equal to the percentage of meetings he/she attended, unless otherwise authorized by the Board in accordance with law. (Education Code 35120)~~(Education Code 35120)

CSBA NOTE: In order to receive the entire compensation amount for a given month, a Board member is required to attend all Board meetings held that month, including special and emergency Board meetings. Pursuant to Education Code 35120, ~~the Board may adopt a~~ a Board member who is absent from a meeting shall not receive the pro rata monthly compensation for that meeting unless the Board finds, via resolution ~~authorizing a~~, that the Board member was absent due to ~~be compensated for meetings he/she missed under~~one or more specified circumstances. ~~See the accompanying exhibit for~~ For a sample resolution.

~~A member may be compensated~~ authorizing compensation for ~~meetings he/she missed when the~~ an absent Board~~, by~~ member, see Exhibit (1).

A Board member who is absent from a Board meeting shall not receive the pro rata monthly compensation for that meeting unless the Board finds, via resolution, ~~finds that he/she~~that at the time of the Board meeting the Board member was ~~performing designated~~absent due to the need to perform services for the district ~~at the time of the meeting or that he/she was absent because of~~, illness, jury duty, or a hardship deemed acceptable by the Board. (Education Code 35120)

Student Board ~~members shall receive no~~member compensation ~~for meetings attended. (Education Code 35012)~~shall be provided in accordance with Board Bylaw 9150 - Student Board Members.

CSBA NOTE: The following optional paragraph is for use by any board whose quorum also serves as another legislative body that receives additional compensation. Pursuant to Government Code 54952.3, the disclosure requirements described below are not applicable if the compensation of the legislative body is set by statute.

Whenever a quorum of Board members serves as another legislative body which will meet simultaneously or in serial order to a Board meeting, the Board clerk or a member of the Board shall, when required by law, verbally announce the amount of any additional compensation or stipend

that each member will be entitled to receive as a result of convening the simultaneous or serial meeting. (Government Code 54952.3)

Reimbursement of Expenses

CSBA NOTE: ~~The~~Pursuant to Education Code 35044, the district is ~~allowed~~required to reimburse ~~Board members for expenses incurred~~individual Board members for travel expenses incurred when performing services directed by the Board. Additionally, pursuant to Education Code 35160, the Board may otherwise act in any manner which is not in conflict with or inconsistent with, or otherwise preempted by, any law, and which is not in conflict with the purposes for which districts are established. Based on this authority, the Board may authorize reimbursement for individual Board members for expenses incurred generally when performing district business. ~~Pursuant to~~ However, Article XVI, section 6, of the California Constitution generally prohibits gifts of public funds and Government Code 8314~~, it is unlawful for any elected official to~~ prohibits the use ~~or permit others to use~~of public resources for campaign activity or personal purposes which are not authorized by law. ~~As defined, "personal purposes" include activities for personal enjoyment, private gain or advantage, or an outside endeavor not related to agency business, but do not include the incidental and minimal use of public resources (e.g., equipment or office space) for personal purposes, including an occasional telephone call.~~

~~Board members~~The district shall ~~be reimbursed~~reimburse individual Board members for actual and necessary expenses incurred when performing authorized services for the district~~. Expenses~~, including services directed by the Board. The timelines and procedures for ~~travel, telephone, business meals, or other authorized purposes~~ reimbursement shall be ~~in accordance with policies~~the same as those established for district personnel and at the same rate of reimbursement. (Education Code 31560, 35044; Government Code 8314)

CSBA NOTE: ~~Education Code 35044 authorizes reimbursement for Board members for travel expenses incurred when performing services directed by the Board. If the district wishes to require prior Board approval for travel and/or for certain kinds of trips (e.g., out-of-state travel), it should modify the~~ The following ~~paragraph accordingly.~~

~~Board members shall be reimbursed for travel expenses incurred when performing services directed by the Board. (Education Code 35044)~~

~~CSBA NOTE: The remainder of this section is optional and may be revised~~paragraphs should be modified to reflect district practice.

~~Authorized purposes may include, but are not limited to, attendance at educational seminars or conferences designed to improve Board members' skills and knowledge; participation in regional, state, or national organizations whose activities affect the district's interests; attendance at district or community events; and meetings with state or federal officials on issues of community concern.~~ All other expenses, including personal expenses, shall be the responsibility of individual Board members and shall not be paid or reimbursed by the district. (Government Code 8314)

~~Personal expenses shall be the responsibility of individual Board members. Personal expenses~~

Personal expenses shall include, but are not limited to, the personal portion of any trip, tips or gratuities, alcohol, entertainment, laundry, expenses of any family member who is accompanying the Board member on district-related business, personal use of an automobile, and personal losses and traffic violation fees incurred while on district business.

Any Board member with questions regarding the propriety of a particular type of expense ~~should be resolved by~~shall seek and receive guidance from the Superintendent or designee before the expense is incurred.

Credit Cards

CSBA NOTE: ~~The following optional paragraph should be deleted if the~~ Although some districts issue district ~~does not issue~~ credit cards to Board members~~. A~~, a policy statement issued by the Institute for Local Government, ~~although~~ primarily applicable to city and county governments, indicates that many local agencies have decided not to issue credit cards to local officials because of the potential for confusing an agency credit card with a personal card and the negative consequences of personal use of an agency card. The following optional paragraph should be deleted if the district does not issue credit cards to Board members.

Board members may use district-issued credit cards while on official district business and consistent with the limits established for district personnel. Personal expenses shall not be charged on a district-issued credit card, even if the Board member intends to subsequently reimburse the district for the personal charges.

~~Health and Welfare~~ Benefits for ~~Current~~ Board Members

CSBA NOTE: The following section is optional. ~~The~~Pursuant to Government Code 53201 and 53205, the district has the option of providing health and welfare benefits to Board members ~~pursuant to Government Code 53201 and 53205~~ and has flexibility in selecting the types of coverage and the methods of payment for such coverage. Pursuant to Government Code 53200, health and welfare benefits may include, but are not limited to, hospital, medical, surgical, dental, disability, group life, legal expense, and income protection insurance or benefits. However, Internal Revenue Service Publication 571, which was last revised in January 2025, indicates that, as elected officials, Board members are not eligible to participate in district programs for the purchase of tax sheltered annuities pursuant to 26 USC 403 and 26 CFR 1.403(b)-2.

Pursuant to Government Code 53208.5, the health and welfare benefits of a Board member ~~can~~may not be ~~no~~ greater than that received by nonsafety employees of the district or, if the district has different benefit structures, ~~no~~not greater than the most generous schedule of benefits being received by any category of nonsafety employees. Nonsafety employees are those employees not otherwise included in Government Code 20420-20445 defining "safety members" for purposes of membership in the Public Employees' Retirement System. Additionally, Government Code 53208.5 ~~also~~ provides that Board members shall not be eligible to accrue multiple health and welfare benefits from two or more public agencies for concurrent service, unless the Board member serves as a regular full-time employee in a separate public agency.

Government Code 53202 authorizes the district to contract with one or more insurers, health service organizations, or legal service organizations for health and welfare benefits. Alternatively, the district may approve an existing health care arrangement between a Board member and an insurer or health care provider. In 83 Ops.Cal.Atty.Gen. 124 (2000), the Attorney General opined that, if the district chooses to approve such an arrangement, the district may pay for this benefit by way of reimbursement to the Board member who has paid for the benefit instead of direct district payment to the insurer. However, according to the Attorney General, a district may not make cash payments to Board members in lieu of providing them with health insurance benefits. For districts considering the reimbursement of Board members for the cost of health and welfare benefits, it is recommended that the district consult CSBA's District and County Office of Education Legal Services or district legal counsel.

Board members may participate in the health and welfare benefits program provided for district employees~~.~~

~~Health~~ as permitted by law. However, health and welfare benefits for Board members shall be no greater than that received by the district's nonsafety employees with the most generous schedule of benefits. (Government Code 53201, 53205, 53208.5)

CSBA NOTE: The district may choose and/or revise any of the following options to reflect district practice.

OPTION 1: (District pays premium)

The district shall pay the premiums required for Board members electing to participate in the district health and welfare benefits program to the same extent that it pays for district employees.

OPTION 1 ENDS HERE

OPTION 2: (Board member pays premium/portion of premium and district reimburses)

Board members who elect to participate in the district health and welfare benefit program or in any approved health plans shall pay _____ toward the ~~full~~ cost of premiums.

OPTION 2 ENDS HERE

OPTION 3: (District reimburses Board members for costs paid for approved health plans)

The district shall pay $_____ as a reimbursement for costs of approved health plans that have been paid by Board members.

OPTION 3 ENDS HERE

CSBA NOTE: ~~The following optional paragraph is for use by districts that~~Pursuant to Government Code 53205.1, a district may choose to pay all or a portion of premiums, dues, or other charges for

health and welfare benefits for a Board member's spouse or dependent children~~, as authorized by Government Code 53205.1. The district may revise the paragraph to specify a different portion of payment.~~.

Pursuant to Family Code 297.5, registered domestic partners have the same rights, protections, and benefits as spouses under California law. Therefore, to the extent that the district provides health benefits under state law to spouses of Board members, the same coverage must be provided to registered domestic partners.

Pursuant to Health and Safety Code 1373 and Insurance Code 10277, the age at which a person ceases to be a dependent child is ~~age~~ 26 years of age or higher as specified in the health plan, unless otherwise provided under a plan that qualifies as a grandfathered plan pursuant to 42 USC 18011. ~~In addition~~Additionally, a health services plan or insurer is required to continue coverage for a dependent child who attains the age specified in the plan if ~~he/she~~the child is incapable of self-sustaining employment by reason of a physically or mentally disabling injury, illness, or condition and is chiefly dependent on the subscriber or insured for support. In addition, Health and Safety Code 1373 and Insurance Code 10277 ~~also~~ require that, if the plan provides coverage for a dependent child who is over 26 years of age ~~26~~ and enrolled at a secondary or postsecondary educational institution, continued coverage must be provided during any break in the school calendar and during a medical leave of absence as specified.

The following paragraph should be deleted or modified to reflect district practice.

Health and welfare benefits provided to Board members shall be extended at the same level to their spouse/registered domestic partner and to their eligible dependent children as specified in law and the health plan. (Family Code 297.5; Government Code 53205.1)

~~Health and Welfare Benefits for Former Board Members~~

~~CSBA NOTE: The following section is optional. Government Code 53201 authorizes the district to pay premiums for health and welfare benefits for former Board members under the limited circumstances described below. Any district that does not offer benefits to former Board members should delete this entire section.~~

CSBA NOTE: Pursuant to Government Code 53201, the district may pay premiums for health and welfare benefits for former Board members under very limited circumstances. It is recommended that the district consult CSBA's District and County Office of Education Legal Services or district legal counsel before adding, modifying, or deleting the following paragraph.

Former Board members, and a former Board member's spouse/registered domestic partner and eligible dependent children, may participate in the health and welfare benefits program provided for district employees ~~under the conditions specified below.~~

CSBA NOTE: Government Code 53208.5 provides that Board members may not receive benefits greater than those provided to district employees,only as provided below. Thus, if a district's collective bargaining agreement specifies that employee eligibility for benefits terminates at age 65, then Board member benefits will also terminate at that time. Districts with such circumstances may expand the following paragraph to indicate the limits of the benefits.

Health and welfare benefits for former Board members shall be no greater than those receivedpermitted by district nonsafety employees with the most generous schedule of benefits. (Government Code 53208.5)

CSBA NOTE: Pursuant to Government Code 53201, a district may pay premiums for health and welfare benefits for former Board members only if all of the following conditions are satisfied: (1) the district paid for benefits for former Board members before January 1, 1994; (2) the former Board member served in office after January 1, 1981; (3) the former Board member's term began before January 1, 1995; and (4) the former Board member served for 12 or more years. If the district did not pay benefits for former Board members before January 1, 1994, benefits may be provided to former Board members only on a self-pay basis, even if a former member has served in office for the requisite amount of time.

Note: In Thorning v. Hollister School District, the court of appeal ruled that a board policy adopted during the board member's term of office has the effect of vesting him/her with those benefits and that the board cannot subsequently unilaterally withdraw those benefits from those board members.

Option 1 below is for use only by districts that paid health and welfare benefits for former board members before January 1, 1994 and choose to continue to do so. Option 2 is for use by districts that are either ineligible to pay for such benefits because they did not pay for former board member benefits before January 1, 1994, have no qualified board members, or choose not to pay for such benefits.

Because this is a complex area of law, it is strongly recommended that the district consult with legal counsel before offering paid health benefits to former Board members.

OPTION 1: (Benefits paid by district)

The district shall pay the premiums for health and welfare benefits of any former Board member who served in office after January 1, 1981, began his/her term before January 1, 1995, and has served for 12 or more years. (Government Code 53201)

OPTION 1 ENDS HERE

CSBA NOTE: The following paragraph is optional. If the district allows Board members elected on or after January 1, 1995 to continue benefits at their own expense after leaving service, as authorized

by Government Code 53201, it may revise the following paragraph to require more than one term of service at its discretion.

Any other former Board member who served at least one term may participate in the health and welfare benefits program at his/her own expense if coverage is in effect at the time he/she leaves office. (Government Code 53201)

OPTION 2: (Benefits paid by former Board member)

CSBA NOTE: At its discretion, the Board may revise the following paragraph to require more than one term of office.

Any former Board member leaving the Board after at least one term of office may participate in the health and welfare benefits program at his/her own expense if coverage is in effect at the time of retirement. (Government Code 53201)

OPTION 2 ENDS HERE

CSBA NOTE: The following optional paragraph is for use by all districts. Government Code 53205.1 authorizes the district to fund health and welfare benefits for spouses and dependent children of former Board members.

Health and welfare benefits provided to a former Board member shall be extended, at his/her expense and at the same level, to his/her spouse/registered domestic partner and eligible dependent children as specified in law and the health plan.

CHART OF BOARD MEMBER MONTHLY COMPENSATION

CSBA NOTE: Education Code 35120 authorizes Governing Board members to receive compensation for their services based on the district's average daily attendance (ADA) for the prior school year and, as amended by AB 1390 (Ch. 639, Statutes of 2025), increases the maximum monthly compensation amount. The following chart provides the maximum statutory monthly compensation amount for each ADA range.

Additionally, pursuant to Education Code 35120, the Board may annually increase the monthly compensation of Board members beyond the applicable maximum amount delineated in the chart by an amount not to exceed five percent.

Notwithstanding Education Code 35120, compensation for certain boards may be governed by the applicable city or county charter, or both. This chart would not be applicable to such districts.

District's Prior Average Daily Attendance	Monthly Compensation Limit
1,000 or less	$600
1,001 to 10,000	$1,200
10,001 to 25,000	$2,000
25,001 to 60,000	$3,000
60,001 or more	$4,500

Bylaw 9320: Meetings And Notices

Status: ADOPTED

Original Adopted Date: 03/01/2008 **| Last Revised Date:** ~~03~~02/01/~~2024~~2026 **| Last Reviewed Date:** ~~03~~02/01/~~2024~~2026

CSBA NOTE: The following bylaw is **mandated** pursuant to Education Code 35140 and Government Code 54954, which require the Governing Board to fix the time and location for its regular Board meetings by rule and regulation. See "Regular Meetings" below for language fulfilling this mandate.

Meetings of the Governing Board are conducted for the purpose of accomplishing district business. ~~In~~The Board may meet in open session or closed session, as necessary, in accordance with applicable open meeting laws (Brown Act), ~~the Board shall hold its meetings in public and shall conduct closed sessions during such meetings only as authorized by law. To encourage community involvement in the schools, Board meetings shall provide the opportunity for members of the public to directly address the Board. All meetings shall be conducted in accordance with law and the Board's bylaws, policies, and administrative regulations~~and Board Bylaw 9320.1 – Remote Meetings and Attendance, Board Bylaw 9321 – Closed Session, Board Bylaw 9322 – Agenda/Meeting Materials, and Board Bylaw 9323 – Meeting Conduct.

A Board meeting exists whenever a majority of Board members ~~gather~~gathers at the same time and location, including ~~teleconference location as permitted by Government Code 54953~~remotely or electronically, to hear, discuss, deliberate, or take action upon any item within the subject matter jurisdiction of the Board. (Government Code 54952.2)

CSBA NOTE: The Brown Act prohibits serial Board meetings, which are defined ~~under~~by Government Code 54952.2 as a series of communications of any kind, directly or through intermediaries, to discuss, deliberate, or take action on any item of district business.

This prohibition against serial Board meetings also applies to communications via technology. Email exchanges, text/chat threads, or comments posted on a blog or social media account that result in a majority of the ~~Governing~~ Board "discussing among themselves" an item within the subject matter jurisdiction of the Board could result in a Brown Act violation. Pursuant to Government Code 54952.2, Board members may engage in separate conversations or communications with members of the public on ~~an Internet-based~~ social media ~~platform~~ that is open and accessible to the public as long as a majority of the Board does not use the platform to ~~discuss~~directly communicate among themselves ~~business~~regarding matters within the subject matter jurisdiction of the Board and members do not comment on or use digital icons (e.g., "likes" or emojis) to express reactions to communications made by other Board members. Additionally, a Board member is prohibited from responding directly to any communication from other members of the Board on a social media platform regarding matters that are within the subject matter jurisdiction of the Board. ~~See BB 9012 - Board Member Electronic Communications.~~

~~In 84 Ops.Cal.Atty.Gen. 30 (2001), the Attorney General opined that Government Code 54952.2 prohibits a majority of the Board from sending emails to each other to develop a collective concurrence as to action to be taken by the Board even if the emails are (1) sent to the secretary and chairperson, (2) posted on the district's website, and (3) distributed (in a printed version) at the next meeting. Although the Attorney General recognized that those three conditions would allow the deliberations to be conducted, to some extent, "in public," the emails were prohibited by the Brown Act because all debate would be completed before the meeting and members of the public who did not have Internet access would be excluded from the debate.~~

~~In accordance with law and as specified in Board Bylaw 9012 - Board Member Electronic Communications, a majority of the Board shall not, outside of an authorized meeting, use a series of communications of any kind, directly or through intermediaries, including social media and other electronic communications, to discuss, deliberate, or take action on any item that is within the subject matter jurisdiction of the Board.~~ For more information regarding Board member communications via technology, see BB 9012 - Board Member Electronic Communications.

However, Government Code 54952.2 specifies that briefings between less than a quorum of the Board and staff, whether in-person, virtual, or via email,~~CSBA NOTE: Government Code 54952.2 specifies that briefings between staff and Board members~~ are permissible in order to answer questions or to provide information, as long as the briefing is not used to communicate the comments or position of any other Board member.

It is recommended that districts with questions regarding serial Board meetings consult CSBA's District and County Office of Education Legal Services or district legal counsel.

~~In accordance with law and as specified in Board Bylaw 9012 - Board Member Electronic Communications, a majority of the Board shall not, outside of an authorized meeting, use a series of communications of any kind, directly or through intermediaries, including social media and other electronic communications, to discuss, deliberate, or take action on any item that is within the subject matter jurisdiction of the Board. (Government Code 54952.2)~~

In accordance with Board Bylaw 9012 - Board Member Electronic Communications, a majority of the Board shall not use a series of communications of any kind, directly or through intermediaries or technology, including official or personal social media accounts, to discuss, deliberate, or take action on any matter that is within the subject matter jurisdiction of the Board. (Government Code 54952.2)

~~CSBA NOTE: Government Code 54952.2 specifies that briefings between staff and Board members are permissible in order to answer questions or to provide information, as long as the briefing is not used to communicate the comments or position of any other Board member.~~

However, the Superintendent or designee may engage in separate conversations or communications with Board members in order to answer questions or provide information regarding ~~an item~~any matter within the subject matter jurisdiction of the Board, as long as that employee or district official does not communicate the comments or position of any Board members to other Board members. (Government Code 54952.2)

~~CSBA NOTE: Government Code 54953.2 requires that all Board meetings meet the protections of the Americans with Disabilities Act (ADA) (42 USC 12132) and implementing regulations. Such protections require the district to ensure that the meeting is accessible to persons with disabilities and, upon request, to provide disability-related accommodations, such as auxiliary aids and services. Auxiliary aids and services may include accommodations at the actual meeting, such as a sign-language interpreter, or accommodations to the supporting documentation, such as Braille translation of the agenda packet. Government Code 54954.2 requires that the agenda specify how, when, and to whom a request for accommodation should be made; see BB 9322 - Agenda/Meeting Materials.~~

~~Government Code 54953 requires the Board to maintain and implement a procedure for receiving and swiftly resolving requests for reasonable accommodation for individuals with disabilities, consistent with the ADA, and to resolve any doubt in favor of accessibility.~~

~~In order to help ensure the participation of individuals with disabilities at Board meetings, the Superintendent or designee shall provide appropriate disability-related accommodations or modifications upon request in accordance with the Americans with Disabilities Act. Any doubt about a request for accommodation shall be resolved in favor of accessibility. Notice of the procedure for receiving and resolving such requests for accommodation shall be given in each instance in which notice of the time of a meeting is otherwise given or the agenda for the meeting is otherwise posted. (Government Code 54953, 54953.2, 54954.1, 54954.2)~~

Regular Meetings

CSBA NOTE: Education Code 35140 and Government Code 54954 **mandate** the Board to fix the time and location for its regular Board meetings by rule and regulation. The following paragraph should be revised to reflect district practice.

Unless otherwise determined by the Board, the Board shall hold _____ regular Board meeting(s) each month starting at _____p.m. on the _____(day(s)) of the month at _____ (name of facility and address).

CSBA NOTE: Pursuant to Government Code 54954.2, the agenda for a regular Board meeting ~~must~~is required to be posted at least 72 hours prior to the meeting~~,~~ at a location that is freely accessible to the public. Additionally, Government Code 54954.2 ~~also~~ requires that the agenda be posted on the district's website. Other posting requirements may apply where Board members ~~are participating by teleconference~~attend and participate remotely as specified ~~below~~in BB 9320.1 – Remote Meetings and Attendance.

The Attorney General has determined in 78 Ops.Cal.Atty.Gen. 327 (1995) that weekend hours may be counted as part of the 72-hour period for posting of the agenda prior to a regular Board meeting. In the same opinion, the Attorney General found that the term "freely accessible" requires that the agenda be posted in a location where it can be read by the public at any time during the 72 hours immediately preceding the meeting. For example, if a building where the agenda is posted is closed during the evening hours, the agenda ~~must~~is required to also be posted in a location accessible during evening hours, such as a lighted display case outside of the building. ~~The~~Additionally, the

Attorney General ~~also~~ opined in 88 Ops.Cal.Atty.Gen. 218 (2005) that the agenda may be posted on a touch screen electronic kiosk, in lieu of a paper copy on a bulletin board, as long as the kiosk is accessible without charge to the public 24 hours a day, seven days a week.

At least 72 hours prior to a regular Board meeting, the agenda shall be posted at one or more locations freely accessible to members of the public ~~and~~, on the district's website, and at any location required by Board Bylaw 9320.1 - Remote Meetings and Attendance. (Government Code 54954.2)

CSBA NOTE: Pursuant to Government Code 54957.5, the agenda ~~must~~is required to list the address where the public can inspect agenda materials that are distributed to Board members less than 72 hours before a regular Board meeting. Pursuant to Government Code 54957.5, when agenda materials are distributed to all or a majority of the Board less than 72 hours before a regular Board meeting and outside of regular business hours, the materials may be posted on the district's website in satisfaction of the Brown Act if specified requirements are met. ~~Districts~~It is recommended that districts with questions regarding this exception ~~are encouraged to~~ consult CSBA's District and County Office of Education Legal Services or district legal counsel. ~~Also~~For more information on distributing agenda materials to Board members, see BB 9322 - Agenda/Meeting Materials.

~~In addition~~Additionally, pursuant to the California Public Records Act (Government Code 7920.000 - 7930.215), agenda materials related to an open session of a Board's regular Board meeting are "public records" and are subject to inspection by any member of the public as specified in BP/AR 1340 - Access to District Records.

Consistent with ~~Government Code 54957.5 and~~ Board Bylaw 9322 - Agenda/Meeting Materials, whenever agenda materials relating to an open session of a regular Board meeting are distributed to the Board less than 72 hours before the meeting, the Superintendent or designee shall make the materials available for public inspection at a public office or location designated for that purpose. The records shall be posted on the district website at the time the materials are distributed to all or a majority of the Board if distributed outside of business hours. (Government Code 54957.5)

Special Meetings

CSBA NOTE: Government Code 54956 permits the Board president or a majority of the Board to call a special Board meeting. When a majority of the Board has requested a special Board meeting on the same specific topic, the Superintendent or designee shall inform the Board and the meeting shall be organized and called. If an individual Board member desires a special Board meeting on a specific topic that has not been called by the Board president, the Board member should inform the Superintendent or designee rather than other Board members in order to comply with the Brown Act.

Special meetings of the Board may be called at any time by the presiding officer or a majority of the Board members on any topic within the subject matter jurisdiction of the Board unless otherwise prohibited by law or as specified in BB 9323.2 - Actions by the Board. (Government Code 54956)

At least 24 hours before the noticed start time ~~of the meeting~~, written notice of a special ~~meetings~~Board meeting shall be ~~delivered~~: (Government Code 54953.8, 54953.8.3, 54956)

1. Delivered personally or by any other means to all Board members and the local media who have requested such notice in writing~~. The notice also shall be posted~~

2. Posted on the district's website~~,~~ and~~, at least 24 hours before the time of the meeting,~~ in a location freely accessible to the public.

3. Posted in any location required by Board Bylaw 9320.1 - Remote Meetings and Attendance

The notice shall specify the time and location of the special Board meeting and the business to be transacted or discussed. No other business shall be considered ~~at this meeting~~. (Education Code 35144; Government Code 54956)

Any Board member may waive the 24-hour written notice requirement prior to the time of the special Board meeting by filing a written waiver of notice with the clerk or secretary of the Board or by being present at the meeting at the time it convenes. (Education Code 35144; Government Code 54956)

~~Every notice of a special meeting shall provide an opportunity for members of the public to directly address the Board concerning any item that has been described in the meeting notice, before or during the item's consideration.~~ ~~(Government Code~~ 54954.3)

Emergency Meetings

CSBA NOTE: The emergency Board meeting provisions in Government Code 54956.5 differ from the provisions in Government Code 54953.8.2, as added by SB 707 (Ch. 327, Statutes of 2025), that permit a remote Board meeting based on a proclaimed state of emergency or local emergency. The former permits the Board to hold an urgent Board meeting without the 24-hour notice and posting requirements, while the latter permits the Board to meet remotely without the requirement to post the physical location of Board members.

In the case of an emergency situation for which prompt action is necessary due to the disruption or threatened disruption of public facilities, the Board may hold an emergency Board meeting ~~without complying~~as long as it complies with all requirements of a special Board meeting, except the 24-hour notice and/or 24-hour posting ~~requirement for special meetings pursuant to Government Code 54956.~~requirements. (Government Code 54956.5)

The Board may meet in closed session during an emergency ~~meetings~~Board meeting so long as two-thirds of the members present at the meeting agree or, if less than two-thirds of the members are

present, by unanimous vote of the members present. (Government Code 54956.5)

~~The Board shall comply with all other requirements for special meetings during an emergency meeting. (Government Code 54956.5)~~

CSBA NOTE: Government Code 54956.5 requires the Board president or designee to give notice of an emergency Board meeting by telephone at least one hour before the meeting to the local media that have requested notice of special Board meetings or, as amended by AB 2350 (Ch. 565, Statutes of 2024), by email.

Except in the case of a dire emergency, the Board president or designee shall give notice of the emergency Board meeting by telephone or email at least one hour before the meeting to the local media that have requested notice of special Board meetings. ~~All~~As applicable, all telephone numbers or email addresses provided by the media in the most recent request for notification shall be exhausted. If telephone or internet services are not functioning, the notice requirement of one hour is waived and, as soon after the emergency Board meeting as possible, the Board shall notify those media representatives of the meeting and shall describe the purpose of the meeting and any action taken by the Board. In the case of a dire emergency, the Board president or designee shall give such notice at or near the time notification as is given to the other members of the Board. (Government Code 54956.5)

The minutes of the emergency Board meeting, a list of persons the Board president or designee notified or attempted to notify, a copy of the roll call vote, and any actions taken at the meeting shall be posted for at least 10 days in a public place as soon as possible after the meeting ~~as possible~~. (Government Code 54956.5)

An *emergency* means a work stoppage, crippling activity, or other activity that severely impairs public health and/or safety as determined by a majority of the members of the Board. (Government Code 54956.5)

A *dire emergency* means a crippling disaster, mass destruction, terrorist act, or threatened terrorist activity that poses peril so immediate and significant that requiring the Board to provide one-hour notice before holding an emergency Board meeting may endanger the public health and/or safety as determined by a majority of the members of the Board. (Government Code 54956.5)

Adjourned/Continued Meetings

The Board may adjourn/continue any regular or special Board meeting to a later time and location that shall be specified in the order of adjournment. Less than a quorum of the Board may adjourn/continue such a meeting. If no Board members are present, the secretary or the clerk may declare the Board meeting adjourned/continued to a later time and location and shall give notice in the same manner required for special Board meetings. (Government Code 54955)

Within 24 hours after the time of adjournment/continuance, a copy of the order or notice of adjournment/continuance shall be conspicuously posted on or near the door of the location where

the Board meeting was held. (Government Code 54955)

Study Sessions, Retreats, Public Forums, and Discussion Meetings

CSBA NOTE: The following section is optional and may be revised to reflect district practice. Pursuant to Government Code 54954.2, the Board ~~must still~~is required to comply with the public notice requirements when holding a study session, retreat, public forum, or other such Board meeting.

The Board may convene a study session or public forum to study an issue in more detail or to receive information from staff or feedback from members of the public. ~~The~~Additionally, the Board may ~~also~~ convene a retreat ~~or discussion meeting~~ to discuss Board roles and relationships. Any such Board meeting, regardless of title or topic, shall be held as a regular or special Board meeting, as appropriate, and shall comply with all other requirements for regular or special Board meetings. (Government Code 54956)

Other Gatherings

Attendance by a majority of Board members at any of the following events is not subject to the Brown Act provided that a majority of the Board members do not discuss specific district business among themselves other than as part of the scheduled program: (Government Code 54952.2)

1. A conference or similar public gathering open to the public that involves a discussion of issues of general interest to the public or to school board members

2. An open, publicized meeting organized by a person or organization other than the district to address a topic of local community concern

3. An open and noticed meeting of another body of the district

4. An open and noticed meeting of a legislative body of another local agency

5. A purely social or ceremonial occasion

6. An open and noticed meeting of a standing committee of the Board established pursuant to Board Bylaw 9130 - Board Committees, provided that the Board members who are not members of the standing committee attend only as observers

Individual contacts or conversations between a Board member and any other person that are not part of a series of communications prohibited by the Brown Act are permitted. (Government Code 54952.2)

Location of Meetings

Unless the Board is holding a ~~teleconference~~remote Board meeting during a proclaimed state of emergency or local emergency in accordance with Board Bylaw 9320.1 - Remote Meetings and Attendance, all Board meetings shall be held within district boundaries, except to do any of the following: (Government Code 54954)

1. Comply with state or federal law or court order or attend a judicial or administrative proceeding to which the district is a party

2. Inspect real or personal property which cannot conveniently be brought into the district, provided that the topic of the meeting is limited to items directly related to the property

3. Participate in meetings or discussions of multiagency significance, provided these meetings are held within one of the other agencies' boundaries, with all participating agencies giving the notice required by law

4. Meet in the closest meeting facility if the district has no meeting facility within its boundaries or if its principal office is located outside the district

5. Meet with elected or appointed state or federal officials when a local meeting would be impractical, solely to discuss legislative or regulatory issues affecting the district over which the state or federal officials have jurisdiction

6. Meet in or near a facility owned by the district but located outside the district, provided the meeting agenda is limited to items directly related to that facility

7. Visit the office of the district's legal counsel ~~for a~~to meet in closed session on pending litigation, when doing so would reduce legal fees or costs

8. Attend conferences on nonadversarial collective bargaining techniques

9. Interview residents of another district regarding the Board's potential employment of an applicant for Superintendent of the district

10. Interview a potential employee from another district

All Board meetings, regardless of location, shall comply with the applicable notice and open meeting requirements. Additionally, no such meeting may be held in a facility that prohibits the admittance of any person on the basis of ancestry or any characteristic listed in Government Code 11135, which is inaccessible to individuals with disabilities, or where members of the public must make a payment or purchase in order to be admitted. (Government Code 54961)

If a fire, flood, earthquake, or other emergency renders the posted regular or special Board meeting location unsafe and the deadline for posting the location has passed, the meeting shall be held at a location designated by the Board president or designee, who shall so inform all news media who have requested notice of meetings pursuant to Government Code 54956 by the most rapid available means of communication.

Traditional Teleconferencing

A Board member may participate in any meeting by teleconference, which includes both audio or video/audio so long as the following conditions are met: (Government Code 54953)

1. All votes taken during the meeting are by rollcall

2. The meeting is conducted in a manner that protects the statutory and constitutional rights of the parties or the public appearing before the legislative body of a local agency

3. The location of the Board member participating by teleconference is open and accessible to the public during the meeting, except during closed session, such that members of the public may observe in person the Board member participating by teleconference, may hear/listen to the meeting to the same extent as the Board member participating by teleconference, and may make public comment during the same portion of the agenda as others members of the public from the same location as the Board member participating by teleconference

4. The location of the Board member participating by teleconference is noted in the agenda and the agenda is posted at the location of the Board member participating by teleconference in advance of the meeting as statutorily required based on the type of meeting

5. At least a quorum of the members is within the district boundaries.

Teleconferencing by Individual Board Member Due to Just Cause

CSBA NOTE: Government Code 54953, as amended by AB 557 (Ch. 534, Statutes of 2023), authorizes a Board member, until January 1, 2026, to participate in a meeting by teleconference for just cause, as described below. Districts should be aware that the choice to participate in a meeting by teleconference due to just cause is at the sole discretion of the Board member and can be exercised at any time. Therefore, it is recommended that districts consider including teleconference access, as described below, as part of every meeting. Districts are also encouraged to consult CSBA's District and County Office of Education Legal Services or district legal counsel to determine the best means of complying with Government Code 54953.

Until January 1, 2026, when there is "just cause" preventing a Board member from attending a Board meeting in person, that Board member may participate in that meeting by teleconference without: (Government Code 54953)

1. Including the location of the Board member participating by teleconference in the agenda

2. Making the location of the Board member participating by teleconference open and accessible to the public

3. Posting the agenda at the location of the Board member participating by teleconference

A Board member needing to participate by teleconference for just cause shall notify the Board at the earliest possible opportunity, including at the start of a regular meeting, of the need to do so and include a general description of the circumstances relating to the need to appear by teleconference at the given meeting. (Government Code 54953)

For the Board member to participate by teleconference under this section, all of the following are required: (Government Code 54953)

1. All votes taken during the meeting are by rollcall

2. At least a quorum of the Board participates in person from a singular physical location clearly identified on the agenda

3. The Board member participating by teleconference utilizes both audio and visual technology to participate in the meeting

CSBA NOTE: Government Code 54953 requires Board members participating by teleconference due to just cause to publicly disclose whether any individual 18 years of age or older is present at the Board member's location and, if so, the general nature of the member's relationship with each such individual before "any" Board action is taken, but does not specify the frequency of such disclosures. One option is for the Board member to make the initial disclosure at the start of the meeting and then make additional disclosures, if needed, each time an individual 18 years of age or older enters or exits the Board member's location. Another option is for the Board member to make separate disclosures before each Board action. Districts are encouraged to consult CSBA's District and County Office of Education Legal Services or district legal counsel to determine the best means of complying with this requirement.

4. The Board member participating by teleconference publicly discloses, before any action is taken, whether any individual 18 years of age or older is present at the Board member's location and the general nature of the member's relationship with each such individual

5. The public is able to access the meeting via a two-way audiovisual platform or a two-way audio service and a live webcast, with real-time public comment being allowed via the platform or service, in addition to public comment being available in person

   The platform or service may require members of the public to register in order to make public comments so long as the platform or service is not controlled by the district

6. The agenda for the meeting includes information describing how members of the public can access the platform or service

If the platform or service is disrupted such that the public cannot access the meeting or give real-time public comment, the meeting may continue but the Board may not take action on any agenda item until the disruption is resolved. (Government Code 54953)

A Board member shall be permitted to participate by teleconference for just cause for no more than two meetings per calendar year. (Government Code 54953)

For purposes of this section, "just cause" may exist for any of the following: (Government Code 54953)

1. A childcare or caregiving need of a child, parent, grandparent, grandchild, sibling, spouse, or domestic partner that requires a Board member to participate remotely

2. A contagious illness prevents a Board member from attending in person

3. A Board member has a need related to a physical or mental disability not otherwise reasonably accommodated

4. A Board member is traveling while on official business of the Board or another state or local agency

Teleconferencing by Individual Board Member Due to Emergency Circumstances

CSBA NOTE: Government Code 54953, as amended by AB 557 (Ch. 534, Statutes of 2023), authorizes a Board member, until January 1, 2026, to participate in a meeting by teleconference due to emergency circumstances, as described below.

Until January 1, 2026, when a physical or family medical emergency would prevent a Board member from attending a Board meeting in person, that Board member may request to participate in such meeting by teleconference. The Board member requesting to appear remotely shall submit the request as soon as possible and include a concise general description of the emergency that necessitated the request. The Board member shall not be required to disclose any disability, medical diagnosis, or personal medical information exempt under existing law. (Government Code 54953)

If the request is received timely, it shall be added to the agenda as the first item of business at the

meeting, even before any closed session items. If the request is not received timely, it shall be taken up by the Board before the first item of business at the meeting. The request shall only be granted upon a vote by the majority of the Board. (Government Code 54953, 54954.2)

If the request is granted by the Board, the Board member may participate by teleconference without: (Government Code 54953)

1. Including the location of the Board member participating by teleconference in the agenda

2. Making the location of the Board member participating by teleconference open and accessible to the public

3. Posting the agenda at the location of the Board member participating by teleconference

For the Board member to participate by teleconference due to emergency circumstances, all of the following are required: (Government Code 54953)

1. All votes taken during the meeting are by rollcall

2. At least a quorum of the Board participates in person from a singular physical location clearly identified on the agenda

3. The Board member participating by teleconference utilizes both audio and visual technology to participate in the meeting

CSBA NOTE: Government Code 54953 requires Board members participating by teleconference due to emergency circumstances to publicly disclose whether any individual 18 years of age or older is present at the Board member's location and, if so, the general nature of the member's relationship with each such individual before "any" Board action is taken, but does not specify the frequency of such disclosures. One option is for the Board member to make the initial disclosure at the start of the meeting and then make additional disclosures, if needed, each time an individual 18 years of age or older enters or exits the Board member's location. Another option is for the Board member to make separate disclosures before each Board action. Districts are encouraged to consult CSBA's District and County Office of Education Legal Services or district legal counsel to determine the best means of complying with this requirement.

1. The Board member participating by teleconference publicly discloses, before any action is taken, whether any individual 18 years of age or older is present at the Board member's location and the general nature of the member's relationship with each such individual

2. The public is able to access the meeting via a two-way audiovisual platform or a two-way audio service and a live webcast, with real-time public comment being allowed via the platform or service, in addition to public comment being available in person

The platform or service may require members of the public to register in order to make public comments so long as the platform or service is not controlled by the district

3. The agenda for the meeting includes information describing how members of the public can access the platform or service

If the platform or service is disrupted such that the public cannot access the meeting or give real-time public comment, the meeting may continue but the Board shall not take action on any agenda item until the disruption is resolved. (Government Code 54953)

In total, a Board member may not participate by teleconference due to emergency circumstances alone, or together with teleconference due to just cause, as specified above, for more than 20 percent of the Board's regular meetings or for more than three consecutive months. If the Board meets less than 10 times in a calendar year, a Board member may not appear remotely due to emergency circumstances for more than two meetings. (Government Code 54953)

Teleconference Meetings During a Proclaimed State of Emergency

CSBA NOTE: Pursuant to Government Code 54953, as amended by AB 557 (Ch. 534, Statutes of 2023), boards are authorized to conduct board meetings by teleconference as specified below when holding a board meeting during a proclaimed state of emergency.

The Board may conduct a Board meeting entirely by teleconference during a proclaimed state of emergency pursuant to Government Code 8625-8629 in any of the following circumstances: (Government Code 54953)

1. For the purpose of determining whether meeting in person would present imminent risks to the health or safety of attendees due to the emergency

2. When the Board has been determined, pursuant to Item #1 above, that meeting in person would present imminent risks to the health or safety of attendees due to the emergency

The Board may hold a meeting by teleconference during a proclaimed state of emergency without: (Government Code 54953):

1. Including the location of Board members in the agenda

2. Making the locations of Board members open and accessible to the public

3. Posting the agenda at the locations of Board members

For the Board to hold such meeting, all of the following are required: (Government Code 54953)

1. All votes taken during the meeting are by rollcall

2. The public is able to access the meeting via a call-in service or an internet-based platform or service, with real-time public comment being allowed via the platform or service

   If an internet-based platform or service is utilized, it may require members of the public to register in order to make public comments so long as the platform or service is not controlled by the district

3. The agenda for the meeting includes information describing how members of the public can access the platform or service

If the platform or service is disrupted such that the public cannot access the meeting or give real-time public comment, the meeting may continue but the Board may not take action on any agenda item until the disruption is resolved. (Government Code 54953)

For any public comment period with a time limit, the Board may not close that public comment period or the opportunity to register until the full time for public comment has elapsed. For any other public comment period, the Board shall allow a reasonable amount of time to allow members of the public to provide public comment and to register to do so. (Government Code 54953)

The Board may continue to conduct all meetings by teleconference throughout one or more 45-day periods so long as, prior to the beginning of each 45-day period, the Board has reconsidered the circumstances of the state of emergency and determines that it continues to directly impact the ability of the Board to meet safely in person. (Government Code 54953) (Government Code 54954)

Bylaw 9320.1: Remote Meetings and Attendance

Status: ADOPTED

Original Adopted Date: 02/01/202 **| | Last Reviewed Date:** 02/01/2026

CSBA NOTE: The following Board bylaw specifies the circumstances in which the Governing Board is legally permitted to meet remotely and in which individual Board members are permitted to attend and participate remotely in a Board meeting.

The Governing Board recognizes the need, when permitted by law, to hold Board meetings in which the Board members meet remotely or in which individual Board members attend and participate remotely.

Definitions

Local emergency means either of the following that impacts persons under the jurisdiction of the district or property within the boundaries of the district: (Government Code 54953.8.2)

1. A condition of extreme peril proclaimed by a city, county, or city and county pursuant to Government Code 8630

2. A local health emergency proclaimed pursuant to Health and Safety Code 101080

Remote means not being physically present at the primary in-person location of a Board meeting, and includes the terms "teleconference" and "virtual."

Remote attendance and participation means the ability to attend and participate in a Board meeting by electronic means, through either audio or visual technology, or both.

Remote Board Member means a Board member, not physically present at the Board meeting, who nonetheless seeks to attend and participating in a Board meeting.

State of Emergency means state of emergency proclaimed pursuant to Government Code 8625.

Traditional Method of Remote Attendance

A remote Board member may attend and participate in a Board meeting so long as all of the following conditions are met: (Government Code 54953)

1. All votes taken during the meeting are by rollcall

2. The meeting is conducted in a manner that protects the statutory and constitutional rights of the parties or the public appearing before the Board

3. The physical location of the remote Board member is open and accessible to the public during the meeting, except during closed session, such that members of the public may observe in person the remote Board member; may hear, listen to, or watch the meeting to the same extent as the remote Board member; and may make public comment during the same portion of the agenda as other members of the public from the same location as the

remote Board member

4. The location from which the remote Board member will attend the meeting is noted in the agenda and the agenda is posted at that location in advance of the meeting as statutorily required based on the type of meeting

5. At least a quorum of the Board is within district boundaries

Remote Attendance as an Accommodation

CSBA NOTE: In 107 Ops.Cal.Atty.Gen. 107, the Attorney General opined that a Board member with a qualifying disability under the federal Americans with Disability Act (ADA) is required to be offered remote attendance and participation as a reasonable accommodation. While the Attorney General did not prescribe all of the conditions and requirements of such a reasonable accommodation, the opinion found that it is required to be "done in a manner that simulates in-person attendance." Additionally, Government Code 54953, as amended by SB 707 (Ch. 327, Statutes of 2025), permits remote attendance and participation as a reasonable accommodation for a Board member with a disability but requires that the Board member (1) participate through both audio and visual technology, except that any Board member with a disability may participate only through audio technology if a physical condition related to their disability results in a need to participate off camera, and (2) disclose at the Board meeting before any action is taken whether any other individuals 18 years of age or older are present in the room at the remote location with the Board member, and the general nature of the member's relationship with any of those individuals. The remote Board member in this circumstance is considered to be attending in-person at the physical meeting location for all purposes, including any requirement that a quorum participate from any particular location.

With respect to the requirement to disclose whether any other individuals 18 years of age or older are present in the room at the location with the remote Board member, and the general nature of the member's relationship with any of those individuals, Government Code 54953, as amended by SB 707, does not specify the frequency of such disclosures. One option is for the remote Board member to make the initial disclosure at the start of the Board meeting and then make additional disclosures, if needed, each time an individual 18 years of age or older enters or exits the room. Another option is for the remote Board member to make separate disclosures before each Board action. It is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel to determine the best means of complying with this requirement.

A Board member with a qualifying disability under the Americans with Disabilities Act that precludes the Board member from attending a Board meeting in person or from attending and participating remotely in a Board meeting using the method specified in "Traditional Method of Remote Attendance" above may request to attend and participate remotely as a reasonable accommodation for the Board member's disability.

If the request is granted based on the district's process for reviewing reasonable accommodations, the remote Board member shall be permitted to attend and participate in the Board meeting as long as the following requirements are met: (Government Code 54953)

CSBA NOTE: While Government Code 54953 does not require that all votes be taken by rollcall when a remote Board member attends and participates as an accommodation, it is the practice

required for every other situation in which there is remote attendance and participation as a means to ensure vote clarity. Item #1 below incorporates this approach and should be modified to reflect district practice.

1. All votes taken during the meeting are by rollcall

2. The remote Board member utilizes both audio and visual technology to participate in the meeting, except no visual technology shall be required if a physical condition related to their disability results in a need to participate off camera

3. The remote Board member publicly discloses, before any action is taken, whether any individual 18 years of age or older is present at the Board member's location and the general nature of the member's relationship with each such individual

In this circumstance, the following conditions are not required: (Government Code 54953)

1. Including the location of the remote Board member in the agenda

2. Making the location of the remote Board member open and accessible to the public

3. Posting the agenda at the location of the remote Board member

Additionally, in this circumstance, the remote Board member shall be considered to be attending in-person at the physical meeting location for all purposes, including any requirement that a quorum participate from any particular location. (Government Code 54953)

These requirements and conditions may be modified as required by law or the district may offer another reasonable accommodation as appropriate.

Remote Attendance Due to Just Cause

CSBA NOTE: Government Code 54953.8.3, as added by SB 707, authorizes a remote Board member to attend and participate in a Board meeting for "just cause," as described below. This authorization, which goes into effect July 1, 2026, replaces prior provisions which authorized a remote Board member to attend and participate in a Board meeting for "just cause" or "emergency circumstances."

Beginning July 1, 2026, a remote Board member may attend and participate in a Board meeting based on any of the following "just cause" reasons: (Government Code 54953.8.3)

1. A childcare or caregiving need of a Board member's child, parent, grandparent, grandchild, sibling, spouse, or domestic partner that requires the Board member to attend and participate remotely

2. A contagious illness that prevents a Board member from attending in person

CSBA NOTE: Item #3 below is for a Board member's physical or mental condition for which remote attendance is not required as a reasonable accommodation under the ADA. For more information about reasonable accommodations under the ADA, see "Remote Attendance as an Accommodation" above.

3. A need related to a Board member's physical or mental condition not otherwise reasonably accommodated

4. A Board member is traveling while on official business of the Board or another state or local agency

5. An immunocompromised child, parent, grandparent, grandchild, sibling, spouse, or domestic partner of a Board member requires the Board member to attend and participate remotely

6. A physical or family medical emergency prevents a Board member from attending in person

7. Military service obligations that result in a Board member being unable to attend in person because the Board member is serving under official written orders for active duty, drill, annual training, or any other duty required as a member of the California National Guard or a United States Military Reserve organization that requires the Board member to be at least 50 miles outside the boundaries of the district

The remote Board member shall notify the Board at the earliest possible opportunity, including at the start of a Board meeting, of the need to attend and participate remotely for just cause, including the general circumstances of the Board member's need to attend and participate remotely. The remote Board member need not disclose any medical diagnosis or disability, or any personal medical information that is otherwise exempt under existing law. The minutes for the Board meeting shall identify the specific provision that is the basis for the just cause. (Government Code 54953, 54953.8.3)

Additionally, when a remote Board member attends and participates in a Board meeting based on just cause, all of the following conditions shall be met: (Government Code 54953, 54953.8, 54953.8.3)

1. All votes taken during the meeting are by rollcall

2. The meeting is conducted in a manner that protects the statutory and constitutional rights of the parties or the public appearing before the Board

3. The public is able to access the meeting via a two-way audiovisual platform or a two-way audio service and a live webcast, with real-time public comment being allowed via the platform or service, in addition to public comment being available in person

   The platform or service may require members of the public to register in order to make public comments as long as the platform or service is not controlled by the district.

4. The agenda for the meeting includes information describing how members of the public can access the platform or service and how members of the public can offer public comment

5. The minutes of the Board meeting state that the remote Board member attended and participated remotely

6. At least a quorum of the Board participates in person from a singular physical location clearly identified on the agenda and which is within district boundaries and is open to the public

7. The remote Board member utilizes both audio and visual technology to participate in the meeting

CSBA NOTE: Government Code 54953.8.3, as added by SB 707, requires a remote Board member attending and participating due to just cause to publicly disclose whether any individual 18 years of age or older is present in the room with the remote Board member and, if so, the general nature of the member's relationship with each such individual before "any" Board action is taken, but does not specify the frequency of such disclosures. One option is for the remote Board member to make the initial disclosure at the start of the Board meeting and then make additional disclosures, if needed, each time an individual 18 years of age or older enters or exits the room. Another option is for the remote Board member to make separate disclosures before each Board action. It is recommended that districts consult CSBA's District and County Office of Education Legal Services or district legal counsel to determine the best means of complying with this requirement.

8. The remote Board member publicly discloses, before any action is taken, whether any individual 18 years of age or older is present at the Board member's location and the general nature of the member's relationship with each such individual

In this circumstance, the agenda need not include the location of the remote Board member or be posted at that location, and the location of the remote Board member need not be open and accessible to the public. (Government Code 54953, 54953.8)

The Board shall give notice of the means by which members of the public may access the meeting and offer public comment. The agenda shall identify and include an opportunity for all persons to attend via a call-in option or an internet-based service option. (Government Code 54953.8)

If the platform or service is disrupted such that the public cannot access the meeting or give real-time public comment, the Board meeting may continue but the Board may not take action on any agenda item until public access to the meeting is restored. (Government Code 54953.8)

CSBA NOTE: Government Code 54953.8.3, as added by SB 707, sets an annual limit on the number of times a remote Board member can attend and participate in a Board meeting for just cause, which is based on the frequency of the Board's regular meetings. Districts should select the option below which best aligns with its regular Board meeting frequency.

OPTION 1: (For Boards that generally hold no more than one regular meeting per month)

A remote Board member may attend and participate in no more than two Board meetings per year for just cause. (Government Code 54953.8.3)

OPTION 1 ENDS HERE

OPTION 2: (For Boards that generally hold two regular meetings per month)

A remote Board member may attend and participate in no more than five Board meetings per year for just cause. (Government Code 54953.8.3)

OPTION 2 ENDS HERE

OPTION 3: (For Boards that generally hold at least three regular meetings per month)

A remote Board member may attend and participate in no more than seven Board meetings per year for just cause. (Government Code 54953.8.3)

OPTION 3 ENDS HERE

CSBA NOTE: Pursuant to Government Code 54953.8.3, as added by SB 707, a "meeting," for the purpose of counting remote attendance and participation, is defined as any number of Board meetings that begin on the same calendar day.

A remote Board member's attendance and participation in multiple Board meetings that begin on the same calendar day shall only count as one Board meeting for purposes of this limit.

Remote Board Meetings During a Proclaimed State of Emergency

CSBA NOTE: Government Code 54953.8.2, added by SB 707, supplanted the authority previously contained in Government Code 54953 related to remote Board meetings during a proclaimed state of emergency and expanded that authority to address local emergencies.

The Board may conduct a remote Board meeting during a proclaimed state of emergency or local emergency in either of the following circumstances: (Government Code 54953.8.2)

1. For the purpose of determining, by majority vote, whether meeting in person would present imminent risks to the health or safety of attendees due to the emergency

2. When the Board, pursuant to Item #1 above, has determined that meeting in person would present imminent risks to the health or safety of attendees due to the emergency

In either such circumstance, the Board may hold a remote Board meeting without: (Government Code 54953.8, 54953.8.2)

1. Including the location of Board members in the agenda

2. Making the locations of Board members open and accessible to the public

3. Posting the agenda at the locations of Board members

4. Having at least a quorum of the Board members within the district boundaries

When the Board holds such a meeting, all of the following shall be followed: (Government Code 54953.8, 54953.8.2)

1. All votes taken during the meeting are by rollcall

2. The public is able to access the meeting via a call-in or audiovisual platform or service, with real-time observation of the meeting and public comment being allowed via the platform or service

   The platform or service may require members of the public to register in order to make public comments so long as the platform or service is not controlled by the district.

3. The agenda for the meeting includes information describing how members of the public can access the platform or service

The Board may continue to conduct all Board meetings remotely throughout one or more 45-day periods as long as, prior to the beginning of each 45-day period, the Board has reconsidered the circumstances of the proclaimed state of emergency or local emergency and determined that it continues to directly impact the ability of the Board to meet safely in person. ~~Agenda Content~~

Governing Board meeting agendas shall reflect the district's vision and goals and the Board's focus on student learning and well-being.

CSBA NOTE: Government Code 54954.2 requires ~~Governing~~ ~~Board~~ meeting agendas to briefly describe each item to be discussed, including closed session items, and states that a brief general description of an item generally need not exceed 20 words. For information regarding the different types of meetings and meeting location requirements, ~~including~~ ~~teleconferenced~~ ~~meetings,~~ see BB 9320 - Meetings and Notices. For information regarding remote meetings and attendance, see BB 9320.1 – Remote Meetings and Attendance. For agenda requirements regarding closed session agenda items, see BB 9321 - Closed Session.

Each agenda shall state the meeting time and location(s) and shall briefly describe each item ~~to be transacted or discussed~~listed in the agenda, including items to be discussed in closed session~~.~~ in accordance with Board Bylaw 9321 – Closed Session. (Government Code 54954.2)

For a regular meeting, the Board may consider an item not included in the posted agenda in accordance with Board Bylaw 9323.2 – Actions by the Board.

Public Comment

CSBA NOTE: Education Code 35145.5 **mandates** the Board to adopt regulations which ensure that the public can address the Board regarding matters within the subject matter jurisdiction of the Board.

The agenda shall provide members of the public the opportunity to address the Board on any agenda item before or during the Board's consideration of the item~~. The agenda for a regular meeting shall also provide members of the public an opportunity~~, including items to ~~address the~~be considered in closed session in accordance with Board ~~regarding matters within the subject matter jurisdiction of the Board which are not~~Bylaw 9321 – Closed Session and items listed on the consent agenda. (Education Code 35145.5; Government Code 54954.3)

CSBA NOTE: Government Code 54954.3 authorizes reasonable regulations regarding public comment, including establishing limits on the total amount of time allocated for public testimony and for each individual speaker.

There are different practices regarding public comment. Option 1 below reflects that members of the public are provided with one opportunity to address the Board on all open session agenda items. Option 2 below reflects that members of the public are provided with separate opportunities to address the Board on each open session agenda item. Districts should select and complete the option below that reflects district practice or modify an option below to reflect district practice.

OPTION 1 (ONE PUBLIC COMMENT ITEM FOR ALL OPEN SESSION AGENDA ITEMS)

Before any other open session agenda item, there shall be one public comment item on every meeting agenda to give members of the public the opportunity to address the Board on any item on the open session agenda. The public comment period shall last no longer than _____ minutes unless extended in accordance with Board Bylaw 9323 – Meeting Conduct. No member of the public may be permitted to speak more than once during this item.

OPTION 1 ENDS HERE

OPTION 2 (SEPARATE PUBLIC COMMENT FOR EACH OPEN SESSION AGENDA ITEM)

As part of every open session item, there shall be an opportunity for members of the public to address the Board on that item. The time set aside for public comment on each item shall last no longer than _____ minutes unless extended in accordance with Board Bylaw 9323 – Meeting Conduct. No member of the public may be permitted to speak more than once on each item.

OPTION 2 ENDS HERE

CSBA NOTE: Government Code 54954.3 provides an exception to the public comment requirement when the item was previously considered by a committee comprised exclusively of Board members and, as amended by SB 707 (Ch. 327, Statutes of 2025), imposes additional requirements for when the exceptions may apply.

The agenda ~~does not~~ need ~~to~~not provide an opportunity for public comment on an item that has previously been considered at an open meeting by a committee comprised exclusively of Board members, provided that ~~members~~all of the following conditions were met: (Government Code 54954.3)

1. Members of the public were afforded an opportunity to comment on the item, before or during the committee's consideration of the item~~, and the item has not been substantially changed since the committee considered it.~~ ~~(Government Code 54954.3)~~

   ~~The notice and agenda shall describe the means available for the public to access the meeting and provide public comment in-person and, if a Board member is appearing remotely due to an emergency circumstance or for just cause pursuant to Government Code 54953, through an internet-based service or call-in option.~~ ~~(Government Code 54953)~~

2. The item has not been substantially changed since the committee considered it

3. A quorum of the committee attended and participated in the committee meeting at which the item was considered from a singular physical location that was clearly identified on the agenda, open to the public, and situated within the boundaries of the district

4. Any other applicable provisions of Government Code 54954.3

Additionally, the agenda for a regular meeting shall provide members of the public with an opportunity to address the Board regarding matters within the subject matter jurisdiction of the Board which are not on the agenda. (Education Code 35145.5; Government Code 54954.3)

The notice and agenda shall include information describing how members of the public can access the platform or service and how members of the public can offer public comment if required pursuant to Board Bylaw 9320.1 – Remote Meeting and Attendance.

Disability-Related Accommodations or Modifications

CSBA NOTE: Government Code 54954.2 requires that the agenda include information regarding how, when, and to whom a request for a disability-related accommodation or modification may be made. Additionally, Government Code 54953.8, as ~~amended~~added by ~~AB 2449 (Ch. 285, Statutes of 2022),~~ ~~requires~~SB 707, restates the requirements from Government Code 54953 which provides that boards ~~to~~ maintain and implement a procedure for receiving and swiftly resolving requests for reasonable accommodation for individuals with disabilities, consistent with the Americans with Disabilities Act~~,~~ (ADA) (42 USC 12132), and to resolve any doubt in favor of accessibility. ~~See BB 9320 - Meetings and Notices.~~ The following paragraph should be modified to reflect district practice as to when and to whom such a request should be made.

The agenda shall include information regarding how, when, and to whom a request for disability-related accommodations or modifications, including auxiliary aids and services, may be made by an individual who requires accommodations or modifications in order to participate in the ~~Board~~ meeting, as well as the procedure for receiving and resolving such requests as required by law. (Government Code 54953.8, 54954.2~~, 54953~~)

CSBA NOTE: Pursuant to Government Code 54957.5, the agenda for a regular meeting ~~must~~is required to include the address of the location where the public can inspect any materials that are related to an open session item and are distributed to the Board less than 72 hours before that meeting. In *Fowler v. City of Lafayette*, the ~~court~~California Appellate Court clarified that the disclosure requirements of Government Code 54957.5 also apply to claims or written threats of litigation pursuant to Government Code 54956.9.

~~See~~For more information regarding the ~~section below entitled~~ "dissemination of agenda materials to the public, see "Regular Meeting Agenda Dissemination to Members of the Public~~."~~" and "Special Meeting Agenda Dissemination to Members of the Public" below.

Each agenda for a regular meeting shall list the address designated by the Superintendent or designee for public inspection of documents related to an open session item, or for records of a statement threatening litigation against the district to be discussed in closed session, when such documents have been distributed to the Board less than 72 hours before the meeting. (Government Code 54956.9, 54957.5)

CSBA NOTE: ~~The following paragraph is optional.~~ Pursuant to Education Code 49073.2, the Board is prohibited from including in its minutes a student's directory information, as defined in Education Code 49061, or a parent/guardian's personal information, as defined in Education Code 49073.2, when the student or parent/guardian has provided the Board with a written request that such information be excluded; for more information on regarding minutes, see BB 9324 - Minutes and Recordings. In order to notify students and parents/guardians of the right to request that ~~such~~this information be withheld, the ~~Board should consider~~following paragraph requires including such a statement in each agenda and should be modified to reflect district practice.

Each agenda shall include a statement regarding the option for students and parents/guardians to request that directory information or personal information of the student or parent/guardian, as defined in Education Code 49061 and/or 49073.2, be excluded from the minutes. ~~The~~ Additionally, the agenda shall ~~also~~ state that the request must be made in writing to the secretary or clerk of the Board. (Education Code 49073.2)

Agenda Preparation

CSBA NOTE: It is common practice for the Board president and the Superintendent to work together to develop the agenda for each meeting. However, some Boards prefer that the Board president makes the final decision regarding the agenda. The following paragraph reflects collaboration between the Board president and Superintendent and should be modified to reflect district practice.

The Board president and the Superintendent, as secretary to the Board, shall work together to develop the agenda for each ~~regular and special meeting~~meeting, including whether an item requires Board action and whether an item shall be considered in open or closed session.

CSBA NOTE: Education Code 35145.5 **mandates** that the Board adopt reasonable regulations to ensure that members of the public can place matters directly related to district business on ~~Board meeting agendas. The following paragraph, including the timeline, should be revised to reflect district practice.~~meeting agendas. Districts are free to establish their own timeline for placing an item on the agenda, taking into account staff time and resources, as long as the established timeline is a reasonable one. In *Caldwell v. Roseville Joint Union High School District*, a federal district court upheld a district bylaw requiring members of the public to submit a written request in order to place items on a meeting agenda. ~~The case involved an alleged violation of the plaintiff's First Amendment rights when the district did not place an item on the agenda in response to the plaintiff's oral request because the district disagreed with the plaintiff's religious beliefs. However, the court held that the district's bylaw requiring that requests first be made in writing was content-neutral and thus a reasonable restriction~~The following paragraph requires that members of the public submit a written request and should be revised to reflect district practice.

Any ~~Board member or~~ member of the public, or an individual Board member acting in that Board member's capacity as a member of the public, may request that a matter within the subject matter jurisdiction of the Board be placed on the agenda of a regular meeting. The request shall be submitted in writing to the Superintendent or designee with supporting documents and information. (Education Code 35145.5)

CSBA NOTE: In *Mooney v. Garcia*, ~~a~~the California ~~appeals court~~Appellate Court reaffirmed the Board's discretion in determining whether an agenda item is within the subject matter jurisdiction of ~~a governing board~~the Board.

The Board president and Superintendent shall decide whether such a request ~~from a member of the public~~ is within the subject matter jurisdiction of the Board. Items not within the subject matter jurisdiction of the Board ~~may~~shall not be placed on the agenda. ~~In addition, before placing the item on the agenda, the~~ Additionally, if the Board president and Superintendent ~~shall~~ determine ~~if~~that the ~~item~~request is merely a request for information, ~~and if so, respond accordingly~~then the request shall not be placed on the agenda.

~~CSBA NOTE: The following paragraph is optional and may be revised to reflect district practice.~~

~~If the Board president and Superintendent deny a request from a Board member to place an item on the agenda, the Board member may request the Board take action during a Board meeting to determine whether the item shall be placed on the agenda.~~

~~The Board president and Superintendent shall also decide whether an agenda item is appropriate for discussion in open or closed session, whether the item should be an action item subject to Board vote or an information item, and when the item is placed on the agenda.~~

CSBA NOTE: It is common practice for individual Board members to be permitted to request that matters within the subject matter jurisdiction of the Board be placed on an agenda. However, even if no such explicit permission exists, Board members may do so as members of the public pursuant to Government Code 35145.5. The following two paragraphs, which should be modified to reflect district practice, create separate authority for individual Board members to request that matters within the subject matter jurisdiction of the Board be placed on an agenda and a process by which that request can be voted on by the Board if it is denied.

A Board member may request in writing, at a meeting as part of a related open session item, or at a meeting as part of an open session item intended for this purpose that a specific matter within the subject matter jurisdiction of the Board be placed on an upcoming Board agenda. Within thirty (30) days of receiving the request, the Board member shall be informed by the Board president if the request has been approved or denied by the Board president and Superintendent.

If the request is approved, the Board president and Superintendent shall inform the Board member of the general timeframe that the matter will be placed on an agenda, on which part of the agenda the item will appear, and whether the item requires action by the Board. If the request is denied, the Board president and Superintendent fail to provide a response to the request, or the requesting Board member disagrees with the timeframe that the matter will be placed on an agenda, on which part of the agenda the item will appear, or whether the item requires action by the Board, then the Board member may appeal the response to the request to the Board. The Board president and Superintendent shall place the appeal on the next upcoming regular meeting agenda for Board action, but only as to whether, when, and how to agendize the requested matter. If a majority of the Board agrees with the appeal, the item will be considered in accordance with the decision of the majority of the Board.

CSBA NOTE: The following optional paragraph is for boards that use the consent agenda or calendar to take action on matters of a routine nature for which discussion may not be necessary. It

is important for such boards to limit the use of the consent agenda to noncontroversial matters and to establish rules that help ensure that any use of the consent agenda does not reduce transparency in the Board's conduct of district business or result in violation of the open meeting laws. In additionAdditionally, boards should be aware that, by law, certain items may not be placed on the consent agenda. For example, pursuant to Government Code 54960.2, a board's decision to approve or rescind its unconditional commitment to refrain from taking certain actions in violation of the Brown Act must be made as a separateFor more information regarding what item andmay not be placed on the consent agenda. See, see BB 9323.2 - Actions by the Board.

In order to promote efficient meetings, the Board may bundle a number of items and act upon them together by a single vote through the use of a consent agenda., except as required by law. Consent items shall be items of a routine nature and items for which Board discussion is not anticipated and for which the Superintendent recommends approval. When any Board member requests the removal of an item from the consent agenda, the item shall be removed and given individual consideration for action as a separate agenda item.

The agenda shall provide an opportunity for members of the public to comment on any consent agenda item unless such item has been previously considered at an open meeting of a committee comprised exclusively of Board members. (Government Code 54954.3)

Any Board action that involves borrowing $100,000 or more shall be discussed, considered, and deliberated upon as a separate item of business on the meeting agenda. (Government Code 53635.7)

All public communications with the Board are subject to requirements of relevant Board policies and administrative regulations.

Agenda Dissemination to Board Members

CSBA NOTE: The following section is optional and should be modified to reflect district practice.CSBA NOTE: Pursuant to Government Code 7921.310, when the Board, in the conduct of its duties, is authorized by law to access any writing of the Board or district, including the agenda and supporting documents, the district is prohibited from discriminating between or among Board members as to when and which writing will be made available.

CSBA's GAMUT Meetings, an electronic board meeting agenda service for use by districts, county offices of education, and the public allows development of and access to Board meeting agendas, supporting documents, and minutes from any computer that has Internet access. Further information can be found on CSBA's website.

At least 72 hours before each regular meeting, each Board member shall be provided a copy of the agenda and agenda packet, includingall related materials such as the Superintendent or designee's report; minutes to be approved; copies of communications; reports from committees, staff, and others; and other available supporting documents pertinent to the meeting.
Additionally, the Superintendent or designee may distribute to the Board additional materials related to agenda items less than 72 hours before each regular meeting, as permitted by law.

CSBA NOTE: Government Code 54956, as amended by SB 707, only refers to the authority to "call" and "notice" a special meeting. However, in practice these terms, particularly "notice," are synonymous with "agenda." The following paragraph utilizes the term "agenda" and should be modified to reflect district practice.

When a special ~~meetings are~~meeting is called, Board members shall receive~~,~~ the agenda and all related materials at least 24 hours prior to the meeting~~, notice of the business to be transacted.~~. (Government Code 54956)

Board members shall review the agenda and all related materials before each regular or special meeting. Individual Board members may confer directly with the Superintendent or designee to ask questions and/or request additional information on agenda items. However, a majority of Board members shall not, outside of a noticed meeting, directly or through intermediaries or electronic means, discuss, deliberate, or take action on any matter within the subject matter jurisdiction of the Board.

Regular Meeting Agenda Dissemination to Members of the Public

~~Agenda~~The agenda and all related materials distributed to the Board related to a regular meeting shall be made available to the public upon request without delay. However, only those documents which are disclosable public records under the California Public Records Act (~~PRA~~CPRA) and which relate to an agenda item scheduled for the open session portion of a regular meeting or which contain a claim or written threat of litigation which will be discussed in closed session shall be made available to the public. (Government Code 54956.9, 54957.5)

~~CSBA NOTE: Pursuant to Government Code 54954.2, the agenda for a regular meeting of the Board must be posted at least 72 hours prior to the meeting on the district's website, if it has one, and at a location that is freely accessible to the public. The Attorney General has determined~~CSBA NOTE: The Attorney General opined in 78 Ops.Cal.Atty.Gen. 327 (1995) that weekend hours may be counted as part of the 72-hour period for posting of the agenda prior to a regular meeting. In the same opinion, the Attorney General found that the ~~term "freely accessible" requires that~~requirement for the agenda to be posted in a "freely accessible" location ~~where~~means that it can be read by the public at any time, including evening hours, during the 72 hours immediately preceding the meeting. ~~Also see BB 9320 - Meetings and Notices.~~

At least 72 hours prior to a regular meeting, the agenda shall be posted at one or more locations freely accessible to members of the public. (Government Code 54954.2)

CSBA NOTE: Government Code 54954.2 requires that the agenda be posted on the homepage of the district website, if it has one, in accordance with law. Districts that use an integrated agenda management platform, such as CSBA's GAMUT Meetings, may provide a direct link on the homepage of the district's website to access agendas posted on the platform. Pursuant to Government Code 54954.2, the link ~~must~~is required to not be solely accessible through a contextual menu, and the agenda must be posted in a format which is retrievable, downloadable, indexable, electronically searchable by commonly used Internet search applications, available to the public free of charge, and without any restriction that would impede the reuse or redistribution of

the agenda.

The Attorney General has opined in 99 Ops. Cal. Atty. Gen. 11 (2016) that the Brown Act regular meeting online agenda posting provision contained within Government Code 54954.2 is not necessarily violated when a local agency's website experiences technical difficulties that cause the agenda to become inaccessible to the public for a portion of the 72 hours that precede the ~~scheduled~~ meeting. If the local agency has otherwise substantially complied with the Brown Act agenda posting requirements, the legislative body may lawfully hold its regular meeting as scheduled.

Pursuant to Government Code 54957.5, ~~as amended by AB 2647 (Ch. 971, Statutes of 2022),~~ the district may post on the district's website any writing related to an open session item of a regular ~~Board~~ meeting which is distributed to Board members less than 72 hours before the meeting, when, due to the closure of the location designated for inspection, the writing is not available for inspection by the public. To post such a writing, the requirements specified in Items #1-4 below ~~must~~are required to be met. ~~Districts~~It is recommended that districts with questions regarding this exception ~~are encouraged to~~ consult CSBA's District and County Office of Education Legal Services or district legal counsel.

~~In addition~~Additionally, the Superintendent or designee shall post the agenda on the homepage of the district website. The posted agenda shall be accessible through a prominent direct link to the current agenda or to the district's agenda management platform in accordance with Government Code 54954.2. When the district utilizes an integrated agenda management platform, the link to that platform shall take the user directly to the website with the district's agendas, and the current agenda shall be the first available. (Government Code 54954.2)

If a writing which relates to an open session agenda item or which contains a claim or written threat of litigation which will be discussed in closed session during a regular ~~Board~~ meeting is distributed to the Board less than 72 hours prior to ~~a~~the meeting, the Superintendent or designee shall make the writing available for public inspection at a designated location at the same time the document is distributed to all or a majority of the Board. However, if the writing is distributed to at least a majority of the Board at a time when the designated location is closed to the public, this requirement may be satisfied by posting the writing on the district website if the following conditions are met: (Government Code 54957.5)

1. An initial staff report or similar document containing an executive summary and any staff recommendations related to the agenda item is made available for public inspection at the designated location at least 72 hours before the meeting

2. The writing is immediately posted on the district's website in a position and manner that makes it clear that the writing relates to an agenda item for the upcoming meeting

3. The district lists the website address where such writings may be accessed on all Board meeting agendas

4. A physical copy of the document is made available for public inspection at the designated location at the beginning of the next regular business hours, but not less than 24 hours before the ~~relevant Board~~ meeting

The Superintendent or designee shall mail a copy of the agenda or a copy of all the documents constituting the agenda packet to any person who requests the items. The materials shall be mailed at the time the agenda is posted or upon distribution of the agenda to a majority of the Board, whichever occurs first. (Government Code 54954.1)

~~CSBA NOTE: The following paragraph is for districts that have a website and should be deleted by districts that do not have a website. Pursuant to Government Code 54954.1, any district with a website is required to email a copy of, or a website link to, the agenda or a copy of all the documents constituting the agenda packet if a person requests that such items be delivered by email, as specified below.~~

The Superintendent or designee shall email a copy of, or a website link to, the agenda or a copy of all the documents constituting the agenda packet to any person who requests such items to be delivered by email. If the Superintendent or designee determines that it is technologically infeasible to do so, a copy of the agenda or a website link to the agenda and a copy of all other documents constituting the agenda packet shall be sent to the person who has made the request in accordance with mailing requirements specified in law. (Government Code 54954.1)

Any request for mailed copies of agendas or agenda packets shall be in writing and shall be valid for the calendar year in which it is filed. Written requests must be renewed following January 1 of each year. (Government Code 54954.1)

~~CSBA NOTE: The following optional paragraph is for use by districts that charge a fee for mailing the agenda or agenda packet.~~CSBA NOTE: Government Code 54954.1 authorizes districts to charge a fee for mailing the agenda or agenda packet as long as the fee does not exceed the cost of providing the service. Pursuant to Government Code 54957.5, a surcharge may not be imposed for providing the agenda and other public record documents in alternative formats to persons with disabilities. The following optional paragraph is for use by districts that charge a fee for mailing the agenda or agenda packet and should be deleted or modified to reflect district practice.

Persons requesting mailing of the agenda or agenda packet shall pay an annual fee, as determined by the Superintendent or designee, not to exceed the cost of providing the service.

Any document prepared by the district or Board and distributed during ~~a public~~an open meeting shall be made available for public inspection at the meeting. Any document prepared by another person shall be made available for public inspection after the meeting. These requirements shall not apply to a document that is exempt from public disclosure under the ~~PRA~~CPRA. (Government Code 54957.5)

CSBA NOTE: Pursuant to Government Code 54954.1, upon request, the agenda and ~~supporting documentation must~~all related materials are required to be made available in appropriate alternative formats to persons with a disability, as required under the ~~Americans with Disabilities Act (42 USC 12132).~~ADA. Examples of alternative formats, also referred to as "auxiliary aids and services," are listed in 28 CFR 36.303 and include accessible electronic and information technology, audio recordings, or Braille materials.

Upon request, the Superintendent or designee shall make the agenda, agenda packet, and/or any writings distributed at the meeting available in appropriate alternative formats to persons with a disability, as required by the Americans with Disabilities Act. (Government Code 54954.1)

Special Meeting Agenda Dissemination to Members of the Public

CSBA NOTE: The portions of the Brown Act related to the dissemination of the agenda and related materials are inconsistent in regard to whether they apply solely to regular meetings or are silent as to which type of meeting they apply. Out of an abundance of caution and to reflect common practice among districts, the following section, which should be modified to reflect district practice, is written to extend the agenda dissemination requirements for regular meetings to special meetings. It is recommended that districts with questions regarding special meeting agenda dissemination consult CSBA's District and County Office of Education Legal Services or district legal counsel.

The requirements for the dissemination of regular meeting agendas and related materials and writings to members of the public found in "Regular Meeting Agenda Dissemination to Members of the Public" shall be applicable to the dissemination of special meeting agendas and related materials and writings to members of the public except that the 24-hour requirement shall apply rather than the 72-hour requirement.

Bylaw 9323: Meeting Conduct

Status: ADOPTED

Original Adopted Date: 11/01/2006 **| Last Revised Date:** ~~12~~02/01/~~2022~~2026 **| Last Reviewed Date:** ~~12~~02/01/~~2022~~2026

~~CSBA NOTE: Education Code 35010 mandates the Governing Board to "prescribe and enforce" rules for its own governance. These rules must not be inconsistent with law or with regulations prescribed by the State Board of Education. The following bylaw provides suggested rules and procedures for meeting conduct and reflects provisions of law as applicable.~~

Meeting Procedures

All Governing Board meetings shall begin on time and shall be guided by an agenda prepared in accordance with Board bylaws and posted and distributed in accordance with the Ralph M. Brown Act (open meeting requirements) and other applicable laws.

~~CSBA NOTE: The law does not specify that a particular set of procedures must govern Board meetings. Although Robert's Rules of Order can serve as a useful guide, the Board may adopt any procedure that allows for the efficient and consistent conduct of meetings.~~

CSBA NOTE: The law does not require a particular set of procedures to govern Governing Board meetings. However, it is common to use Robert's Rules of Order or Rosenberg's Rules of Order. The following paragraph should be modified to reflect district practice.

~~The Board president shall conduct Board meetings in accordance with Board bylaws and procedures that enable the Board to efficiently consider issues and carry out the will of the majority.~~The Board chair, who is either the Board president or the Board member chairing the meeting at the time if the Board president is absent, shall conduct Board meetings in accordance with _____ to enable the Board to efficiently consider issues and carry out the will of the majority.CSBA NOTE: The following optional paragraph limits the length of Board meetings and should be revised to reflect district practice.

The Board believes that late night meetings can deter public participation, ~~can~~ affect the Board's decision-making ability, and ~~can~~ be a burden to staff. Regular Board meetings shall be adjourned by 10:30_____ p.m. unless extended to a specific time determined by a majority of the Board. The meeting shall be extended no more than once and, if necessary, may subsequently be adjourned to a later date.

~~CSBA NOTE: In Rubin v. City of Burbank, an appellate court held that inclusion of "sectarian prayer" at city council meetings, which communicated a preference for a particular religious faith and advanced one faith over another, was unconstitutional by directing the prayer "in the name of~~

Jesus." The court held that it would be constitutional to require the city to advise those people conducting the prayer of this limitation. This opinion is consistent with an unpublished 9th Circuit federal court opinion which stated that an invocation "in the name of Jesus" was unconstitutional in that it displayed allegiance to a particular faith.

Some general guidelines for invocations can be found in an Attorney General's opinion (76 Ops.Cal.Atty.Gen. 281 (1993)) which stated that a county board of supervisors could open its sessions with an invocation when the invocation is (1) not required by law as a condition to the official proceedings, (2) not part of the deliberative agenda, (3) not offered, supervised, or approved as to content by a public officer, (4) not officially limited to a particular religion, (5) not disparaging of others, and (6) not directed towards proselytizing. However, because this is an unsettled area of law that is subject to frequent litigation, it is strongly recommended that districts consult CSBA District and County Office of Education Legal Services or district legal counsel if they wish to open meetings with an invocation. Note that a different legal analysis applies to student-led or student-initiated prayer; see BP 5127 - Graduation Ceremonies and Activities.

Quorum and Abstentions

The Board shall act by majority vote of all of the membership constituting the Board. (Education Code 35164)

CSBA NOTE: The Attorney General opined in 61 Ops.Cal.Atty.Gen. 243 (1978) that members of a public body have a duty to vote on issues before them so that the public is represented and receives the services which the public body was created to provide. Issues arise when a motion is tied and one Board member has abstained. The general parliamentary rule is that an abstention is counted as agreeing with the action taken by the majority of those who vote, whether affirmatively or negatively (66 Ops.Cal.Atty.Gen. 336 (1983)). However, a stronger argument could be made that the parliamentary rule is in conflict with Education Code 35164 which requires a majority vote of all of the membership of the Board in order for the Board to act (i.e., a majority of all of the membership of the Board must vote affirmatively in order to approve any action). In 55 Ops.Cal.Atty.Gen. 26 (1972), the Attorney General opined that, when a statutory requirement exists that requires an affirmative action of at least a majority of the members of the Board, the general rule that members not voting were deemed to have agreed with the action taken by the majority of those that voted is not applicable.

The following optional paragraph is consistent with CSBA's opinion that a majority of the Board must vote affirmatively for a motion to carry, but the law is not settled and contrary legal opinions may exist. It is strongly recommended that the district consult with CSBA District and County Office of Education Legal Services or district legal counsel and modify the following paragraph to ensure consistency with district practice.

The Board believes that when no conflict of interest requires abstention, its members have a duty to vote on issues before them.

CSBA NOTE: The following optional paragraph, which should be revised to reflect district practice, is for boards that use the consent agenda or calendar to take action on matters of a routine nature for which discussion may not be necessary. For more information regarding the use of a consent agenda or calendar, see BB 9322 – Agenda/Meeting Materials.

When any Board member requests the removal of an item from the consent agenda, the item shall be removed and given individual consideration for action as a separate agenda item. The Board chair shall determine where on the agenda the former consent item is placed.

Quorum and Abstentions

Except as required by law, the Board shall act by majority vote of all of the membership constituting the Board. (Education Code 35164)

Except when prohibited by law, the Board expects its members to vote on all issues before them.

When a member abstains, the abstention shall not be counted for purposes of determining whether a majority of the membership of the Board has taken action.

CSBA NOTE: The following paragraph applies only to ~~districts with~~ seven -member boards and should be deleted by ~~districts~~boards with ~~a~~ three or five ~~member board~~members.

Provided the Board typically ~~has~~consists of seven members and there are no more than two vacancies on the Board, the vacant position(s) shall not be counted for purposes of determining how many members of the Board constitute a majority. ~~In addition~~Additionally, whenever any provisions of the Education Code require unanimous action of all or a specific number of the members, the vacant position(s) shall not be counted for purposes of determining the total membership constituting the Board. (Education Code 35165)

Public Participation

CSBA NOTE: Pursuant to Government Code 54953.3, members of the public cannot be required to register their names, complete a questionnaire, or provide other information as a condition of attending a Board meeting, except that ~~if the meeting is conducted using remote public participating or with a Board member attending remotely pursuant to Government Code 54953,~~ a member of the public desiring to observe the meeting or provide comment through the use of a third party ~~internet~~ website or online platform may be required to register as required by the third party provider.

Members of the public may be given or asked for non-personal identifying information (e.g., a numbered ticket) to indicate speaking order for public comment. If an attendance list or similar document is posted near the entrance or circulated during the meeting, it ~~must~~is required to clearly state that signing or completing the document is voluntary.

Members of the public are encouraged to attend Board meetings and to address the Board concerning any item on the agenda or within the Board's jurisdiction. So as not to inhibit public participation, ~~persons~~members of the public attending a Board ~~meetings~~meeting shall not be requested to sign in, complete a questionnaire, or otherwise provide their name or other information as a condition of attending the meeting, except ~~that~~ if ~~the meeting is conducted using remote public participation or with a Board member attending remotely pursuant to Government Code 54953,~~ a member of the public ~~desiring to provide~~ desires to observe the meeting or make public comment through the use of a third party ~~internet~~ website or online platform ~~may be required to register~~ as required by the third party provider.

To facilitate public comment, the Board may request that members of the public who wish to give public comment provide their names or other identifying information to determine speaking order.

In order to conduct district business in an orderly and efficient manner, ~~the Board requires that public presentations to the Board comply~~public comment shall occur in accordance with Board Bylaw 9322 – Agenda Meeting/Materials and in compliance with the following procedures:

~~CSBA NOTE: Education Code 35145.5 mandates the Board to adopt regulations which ensure that the public can address the Board regarding agenda items, as specified below.~~

CSBA NOTE: District employees have the same right as members of the public to address the Board during a public Board meeting. In 90 Ops.Cal.Atty.Gen. 47 (2007), the Attorney General opined that, under the Ralph M. Brown Act, an administrative district employee cannot be prohibited from attending a Board meeting or from speaking during the public comment period, including comments on an employment-related issue.

~~1. The Board shall give members of the public an opportunity to address the Board on any item of interest to the public that is within the subject matter jurisdiction of the Board, either before or during the Board's consideration of the item. (Education Code 35145.5; Government Code 54954.3)~~

~~2. At a time so designated on the agenda at a regular meeting, members of the public may bring before the Board matters that are not listed on the agenda. The Board shall take no action or discussion on any item not appearing on the posted agenda, except as authorized by law. (Education Code 35145.5; Government Code 54954.2)~~

~~3. Without taking action, Board members or district staff members may briefly respond to statements made or questions posed by the public about items not appearing on the agenda. Additionally, on their own initiative or in response to questions posed by the public, Board members or staff members may ask a question for clarification, make a brief announcement, or make a brief report on their own activities. (Government Code 54954.2)~~

~~Furthermore, the Board or a Board member may provide a reference to staff or other resources for factual information, ask staff to report back to the Board at a subsequent meeting concerning any matter, or take action directing staff to place a matter of business on a future agenda. (Government Code 54954.2)~~

4. The Board need not allow the public to speak on any item that has already been considered by a committee composed exclusively of Board members at a public meeting where the public had the opportunity to address the committee on that item. However, if the Board determines that the item has been substantially changed since the committee heard the item, the Board shall provide an opportunity for the public to speak. (Government Code 54954.3)

5. A person wishing to be heard by the Board shall first be recognized by the president and shall then proceed to comment as briefly as the subject permits.

CSBA NOTE: Government Code 54954.3 authorizes reasonable regulations limiting the total amount of time allocated for public testimony on particular issues and for each individual speaker. Such reasonable regulations must ensure that the intent of allowing the public an adequate opportunity to speak to the Board is carried out. The following paragraph should be revised to reflect district practice.

In general, individual speakers will be allowed three minutes to address the Board on each agenda or nonagenda item, and the Board will limit the total time for public input on each item to 20 minutes. However, in exceptional circumstances when necessary to ensure full opportunity for public input, the Board president may, with Board consent, adjust the amount of time allowed for public input and/or the time allotted for each speaker. Any such adjustment shall be done equitably so as to allow a diversity of viewpoints. The president may also ask members of the public with the same viewpoint to select a few individuals to address the Board on behalf of that viewpoint.

In order to ensure that non-English speakers receive the same opportunity to directly address the Board, any member of the public who utilizes a translator shall be provided at least twice the allotted time to address the Board, unless simultaneous translation equipment is used to allow the Board to hear the translated public testimony simultaneously. (Government Code 54954.3)

6. The Board president may rule on the appropriateness of a topic, subject to the following conditions:

   a. If a topic would be suitably addressed at a later time, the Board president may indicate the time and place when it should be presented.

   b. The Board shall not prohibit public criticism of its policies, procedures, programs, services, acts, or omissions. (Government Code 54954.3)

CSBA NOTE: The following optional item addresses the issue of specific charges or complaints against district employees in open Board meetings. Although the Board may inform the speaker of appropriate district complaint procedures, it cannot prohibit criticisms of the district and its employees, no matter how harsh. Board members and staff may briefly respond to the concerns raised by the complainant at

~~the meeting.~~

~~In Baca v. Moreno Valley Unified School District, a federal district court issued a preliminary injunction against the district prohibiting it from enforcing its policy barring criticism of employees at public Board meetings. The court found that the district's policy violated the plaintiff's First Amendment rights by restricting the content of her speech. The court further noted that the district could not legally prevent a person from speaking in open session, even if the speech was clearly defamatory. It is recommended that the Board consult CSBA District and County Office of Education Legal Services or district legal counsel if a question arises regarding public criticism of a district employee.~~

~~c. The Board shall not prohibit public criticism of district employees. However, whenever a member of the public initiates specific complaints or charges against an individual employee, the Board president shall inform the complainant of the appropriate complaint procedure.~~

~~CSBA NOTE: As provided in item #7 below, Government Code 54957.9 authorizes the Board to remove persons who willfully disrupt or disturb a meeting. Examples of disruptive conduct might include conduct that is extremely loud, disturbing, or creates a health or safety risk. In McMahon v. Albany Unified School District, the court held that a speaker's constitutional rights were not violated when he was removed from a Board meeting after dumping a substantial amount of garbage on the floor of the meeting room. Because the speaker was not removed based on the content of his speech, the court upheld his conviction for a willful disruption of a public meeting. In City of San Jose v. Garbett, the court held that a legislative body may exclude from a meeting a person who has expressed a credible threat of violence that would place reasonable persons in fear for their safety or the safety of their immediate family and that serves no legitimate purpose.~~

~~However, the courts have found that a person's conduct must actually disrupt the meeting in order to warrant ejection. In Norse v. City of Santa Cruz, the court held that the city council improperly ejected a member of the public who gave the council a silent Nazi salute, on the grounds that the action did not interfere with the proceedings of the meeting.~~

7. ~~The Board president shall not permit actual disruption of Board meetings. Actual disruption by an individual or group or any conduct or statements that threaten the safety of any person(s) at the meeting shall be grounds for the president to terminate the privilege of addressing the Board and remove the individual from the meeting.~~

~~CSBA NOTE: Government Code 54957.95, as added by SB 1100 (Ch. 171, Statutes of 2022), authorizes the presiding member of the Board or designee to remove an individual for disrupting a Board meeting, and establishes a procedure for warning the individual prior to removal, as specified below. However, no warning is required before removing an individual if their behavior constitutes a use of force or a true threat of force.~~

~~Because of the potential impact on the public's access to open meetings, it is recommended that the Board consult CSBA District and County Office of Education Legal Services or district legal counsel if a question arises regarding the procedures for removing a disruptive individual, or if an individual's behavior warrants removal from a meeting.~~

1. The Board shall take no action or discussion on any item not appearing on the posted agenda, except as authorized by law (Education Code 35145.5; Government Code 54954.2)

2. Board members or district staff members may briefly respond to statements made or questions posed by the public about items not appearing on the agenda (Government Code 54954.2)

   Additionally, on their own initiative or in response to questions posed by the public, Board members or staff members may ask a question for clarification, make a brief announcement, or make a brief report on their own activities. (Government Code 54954.2)

   In addition, the Board or a Board member may provide a reference to staff or other resources for factual information, ask staff to report back to the Board at a subsequent meeting concerning any matter, or take action directing staff to place a matter of business on a future agenda. (Government Code 54954.2)

CSBA NOTE: Government Code 54954.3 authorizes reasonable regulations, including the total amount of time allocated for each individual speaker and whether speakers may defer or combine time. The following paragraph may be modified to reflect district practice.

3. A member of the public wishing to be heard by the Board shall first be recognized by the Board chair

An individual speaker shall be allowed a maximum of 3 minutes to address the Board. However, the Board chair, or a majority of the Board, may adjust the amount of time allowed for public input and/or the time allotted for each speaker. Any such adjustment shall be done equitably so as to allow a diversity of viewpoints. Additionally, the Board chair may ask members of the public with the same viewpoint to select a few individuals to address the Board on behalf of that viewpoint.

In order to ensure that non-English speakers receive the same opportunity to directly address the Board, any member of the public who utilizes a translator shall be provided at least twice the allotted time to address the Board, unless simultaneous translation equipment is used to allow the Board to hear the translated public testimony simultaneously. (Government Code 54954.3)

4. An individual speaker may give some or all of the speaker's time to another speaker, provided that no individual speaker is permitted to speak more than the maximum time permitted per individual speaker pursuant to Board Bylaw 9322 – Agenda/Meeting Materials

5. For any public comment period with a time limit when a remote Board member is attending and participating based on just cause pursuant to Board Bylaw 9320.1 – Remote Meetings and Attendance, the Board may not close that public comment period or the opportunity to register to provide public comment via the two-way audiovisual platform or two-way audio service until the full time for public comment has elapsed (Government Code 54953.8)

   For any other public comment period when a remote Board member is attending and participating based on just cause pursuant to Board Bylaw 9320.1 – Remote Meetings and Attendance, the Board shall allow a reasonable amount of time to permit members of the public to provide public comment and to register to do so via the two-way audiovisual platform or two-way audio service. (Government Code 54953.8)

6. The Board chair shall determine whether an individual's public comment is within the scope of the public comment period, subject to the following conditions:

   a. If the public comment is within the scope of a different public comment period, the Board chair shall so indicate

   b. Public criticism of the Board, individual Board members, the district, its policies, procedures, programs, services, acts, or omissions shall not be prohibited (Government Code 54954.3)

CSBA NOTE: The following optional item addresses the issue of specific charges or complaints against district employees in open Board meetings. Although the Board may inform the speaker of appropriate district complaint procedures, it cannot prohibit criticisms of the district and its employees, no matter how harsh. Board members and staff may briefly respond to the concerns raised by the complainant at the meeting.

In *Baca v. Moreno Valley Unified School District*, a federal district court issued a preliminary injunction against the district prohibiting it from enforcing its policy barring criticism of employees at public Board meetings. The court found that the district's policy violated the plaintiff's First Amendment rights by restricting the content of her speech. The court further noted that the district could not legally prevent a member of the public from speaking in open session, even if the speech was clearly defamatory. It is recommended that the Board consult CSBA District and County Office of Education Legal Services or district legal counsel if a question arises regarding public criticism of a district employee.

   c. Public criticism of district employees shall not be prohibited

However, whenever a member of the public initiates specific complaints or charges against an individual employee, the Board chair shall inform the complainant of the appropriate complaint procedure.

Disruptions

CSBA NOTE: Government Code 54957.95 authorizes the Board to remove a person who willfully disrupts or disturbs a meeting. Examples of disruptive conduct might include conduct that is extremely loud, disturbing, or creates a health or safety risk. In *McMahon v. Albany Unified School*

District, a California Appellate Court held that a speaker's constitutional rights were not violated when the speaker was removed from a Board meeting after dumping a substantial amount of garbage on the floor of the meeting room. Because the speaker was not removed based on the content of his speech, the court upheld his conviction for a willful disruption of a public meeting. In *City of San Jose v. Garbett*, the court held that a legislative body may exclude from a meeting a person who has expressed a credible threat of violence that would place reasonable persons in fear for their safety or the safety of their immediate family and that serves no legitimate purpose.

However, the courts have found that a person's conduct is required to actually disrupt the meeting in order to warrant ejection. In *Norse v. City of Santa Cruz*, the court held that the city council improperly ejected a member of the public who gave the council a silent Nazi salute, on the grounds that the action did not interfere with the proceedings of the meeting.

Because of the potential impact on the public's access to open meetings, it is recommended that the Board consult CSBA District and County Office of Education Legal Services or district legal counsel if a question arises regarding the procedures for removing a disruptive individual, or if an individual's behavior warrants removal from a meeting.

The Board ~~President or designee may remove~~ chair shall not permit an individual ~~for~~to actually ~~disrupting the~~ disrupt a Board meeting. Actual disruption by an individual or any conduct or statements that threaten the safety of any person(s) at the meeting shall be grounds for the Board chair to terminate the privilege of addressing the Board for that meeting and remove the individual from the meeting. (Government Code 54957.95)

Prior to removal, the individual shall be warned that ~~their~~the individual's behavior is disrupting the meeting and that failure to cease the disruptive behavior may result in removal. If, after being warned, the individual does not promptly cease the disruptive behavior, the Board ~~president~~chair, or designee, may then remove the individual from the meeting. (Government Code 54957.95)

When an individual's behavior constitutes the use of force or a true threat of force, the individual shall be removed from a Board meeting without a warning. (Government Code 54957.95)

Disrupting means engaging in behavior during a Board meeting that actually disrupts, disturbs, impedes, or renders infeasible the orderly conduct of the meeting and includes, but is not limited to, a failure to comply with reasonable and lawful regulations adopted by a legislative body pursuant to Section 54954.3 or any other law, or engaging in behavior that constitutes use of force or a true threat of force. (Government Code 54957.95)

True threat of force means a threat that has sufficient indicia of intent and seriousness, that a reasonable observer would perceive it to be an actual threat to use force by the person making the threat. (Government Code 54957.95)

Additionally, the Board may order the room cleared ~~if necessary~~when a group or groups of persons willfully interrupts so as to render the orderly conduct of the meeting unfeasible and order cannot be restored by the removal of individuals who are willfully interrupting the meeting. In this case, members of the media not participating in the disturbance shall be allowed to remain, and individuals not participating in such disturbances may be allowed to remain at the discretion of the Board. When the room is ordered cleared due to such a group disturbance, further Board proceedings shall concern only matters appearing on the agenda. (Government Code 54957.9)

~~When disruptive conduct occurs, the Board may decide to recess the meeting to help restore order, or if removing the disruptive individual(s) or clearing the room is infeasible, move the meeting to another location. The Board may direct the Superintendent or designee to contact local law enforcement as necessary.~~

CSBA NOTE: In *Berkeley People's Alliance v. City of Berkeley*, the California Appellate Court held that Government Code 54957.9 requires a legislative body to clear the meeting room when a meeting is willfully disrupted and order cannot be restored by removing disruptive individuals and does not permit the legislative body to relocate the meeting to a different room in lieu of clearing the meeting room.

When such group disruptive conduct occurs, the Board may decide to recess the meeting to help restore order, remove the disruptive individual(s), or clear the room. Additionally, the Board may adjourn the meeting to another time and location specified in an order of adjournment. The Board chair may direct the Superintendent or designee to contact local law enforcement as necessary. (Government Code 54955, 54957.9, 54957.95, 54957.96)

Recording by the Public

CSBA NOTE: Government Code 54953.5 provides that any ~~person~~member of the public attending an open meeting may record it with an audio or video recorder or a still or motion picture camera unless the Board makes a reasonable finding that the recording cannot continue without noise, illumination, or obstruction of view which would persistently disrupt the meeting. Government Code 54953.6 requires a similar finding before the Board can prohibit or restrict a broadcast of its meetings.

The following paragraph extends the right to record an open meeting to include recordings made by other devices such as a cell phone.

Members of the public may record an open Board meeting using an audio or video recorder, still or motion picture camera, cell phone, or other device, provided that the noise, illumination, or obstruction of view does not persistently disrupt the meeting. The Superintendent or designee may designate locations from which members of the public may make such recordings without causing a distraction.

If the Board finds that noise, illumination, or obstruction of view related to these activities would persistently disrupt the proceedings, these activities shall be discontinued or restricted as determined by the Board. (Government Code 54953.5, 54953.6)

GUSTINE UNIFIED SCHOOL DISTRICT

Meeting of the Board of Trustees
MEETING DATE:
April 15, 2026

AGENDA ITEM TITLE: CSEA Tentative Agreement Part 2

AGENDA SECTION: Action

PRESENTED BY: Dr. Bryan Ballenger, Superintendent

RECOMMENDATION:
It is recommended that the Board of Trustees approve the CSEA Tentative Agreement Part 2.

SUMMARY:

FISCAL IMPACT: $4,067.65

BUDGET CATEGORY:

GUSTINE UNIFIED SCHOOL DISTRICT
AND CSEA CHAPTER NO. 539
RE 2025-26 NEGOTIATIONS
TENTATIVE AGREEMENT
April 8, 2026

The Association and the District have reached this Tentative Agreement to conclude pending negotiations for the 2025-26 school year, subject to ratification by the Association and approval by the District's Board of Trustees. The Parties agree as follows.

In accordance with Article XVIII:

23.5 If any other Gustine Unified School District bargaining unit receives an increase to salary and/or Health and Welfare Benefits in a given school year, CSEA and its Gustine Chapter No. 539 members will receive the same.

As another bargaining unit received a 2% increase to the salary schedule, and CSEA has already received a 1.84% increase, CSEA members shall receive the remaining 0.16% increase. This increase will be retroactive to July 1, 2025, with payment to be issued on April 30, 2026.

Article XV Working Conditions:

The District and CSEA mutually agree to defer discussions regarding proposed language on Technology/AI and personal cell phone use to a future bargaining session, to occur when the applicable articles are reopened during the sunshining process.

24.3 The parties agree to limit the reopeners in each year for the 2026-2027 and 2027-2028 to two (2) articles as selected by each party.

The Parties agree that this Tentative Agreement Part Two is subject to ratification by the Association and approval by the Board of Trustees.
