## Describe the culture of Atlantis Elementary:

***Our theme is LEVEL UP! L.E.V.E.L. U.P. = Learn, Engage, Value Effort, Elevate, Lead, and Understand***

**LEARN:** Emphasize the importance of continuous learning and curiosity, no matter where students are academically. Encourage them to be lifelong learners.

**ENGAGE:** Promote active participation in class, school activities, and the learning process. Engage with materials, peers, and teachers to strengthen their academic and social skills.

**VALUE EFFORT:** Reinforce the idea that growth comes from hard work, perseverance, and resilience. Celebrate effort, not just achievement, and emphasize the value of overcoming challenges.

**ELEVATE:** Encourage students to elevate their expectations and goals. Whether it's pushing themselves academically, socially, or emotionally, it's about striving for excellence.

**LEAD:** Empower students to take ownership of their learning, behavior, and personal growth. They can lead by example, encouraging others to level up as well.

**UNDERSTAND:** Encourage deeper understanding and critical thinking. Help students move beyond memorization and focus on applying knowledge in real-world contexts.

**PERSEVERE:** Reinforce the importance of resilience and determination when faced with setbacks. Let students know that it's okay to struggle, but they must keep going and keep improving. Perseverance is key!
