26.683. Summer Professional Services

Upon the recommendation of the Superintendent, it is recommended that the Superintendent be authorized to employ the necessary School Counseling, Library/Media Center, Nurses and Child Study Team certificated personnel for the summer of 2026. Compensation for these individuals will be 1/200 of the annual 2026-2027 salary per day of employment (2026-2027 Guide).

Due to the attendance of all students until the last day of the school year, it is impossible for only one counselor in each school to deal with the numerous phone calls to parents and summer school scheduling. It is, therefore, recommended that all counselors in each school be employed one extra day, Tuesday, June 23, 2026. Wellness Coordinator, Lisa Allgaier, will work up to a total of four (4) days during the summer. School Counselors, Vanessa Cordeiro, Sibila Dubac, Maria Grasso, Cara Marucci, Grace O'Mahoney, Stephanie Mitchell, Brian Propfe, Eric Shore and Jen Weber will each work up to six (6) days during the months of July or August.

Librarians at each school, Stephanie Keat and Karen Perkins, will work two (2) days during the summer.

Nurses at each school, Lisa Marino and Marina Smith, will work up to seven (7) days during the summer to process and prepare student medical records for the beginning of school.

Members of the Child Study Team at each school, Annette Alberto, Kendall Black, Elizabeth Johnson, Cristina McKevitt, and Nicole Pastore, will work as individually needed to a maximum of eight (8) days each to complete student education plans during the summer.

Recommendation: For Board Approval

26.697. Urging Relief from Rising Public School Employee Health-Care Costs

WHEREAS, At a time of continued fiscal uncertainty and mounting challenges, local boards of education from across the state of New Jersey continue to suffer under the growing crisis posed by the rising cost of health benefits and are desperate for relief; and

WHEREAS, Despite record levels of state investments in public education, these school districts are facing fiscal pressures similar to those confronting the state budget, including the unsustainable growth in health-care premiums and the mounting insolvency of the state's public employees health benefits programs; and

WHEREAS, Both within the School Employees' Health Benefits Program (SEHBP) and the private market, year-over-year double-digit increases are placing tremendous strain on district budgets and local taxpayers alike; and

WHEREAS, Governor Sherrill and legislative leadership have publicly acknowledged the urgent need to address rising health-care costs and the challenges facing the state's health benefits plans, including both the state and local portions of the State Health Benefits Program and the SEHBP; and

WHEREAS, The seriousness of this issue is underscored by the mid-year SEHBP analysis released by the Treasury Department in March 2026, which concluded that "based on these projected losses and building in future trends, active premium rate increases for 2027 are likely to be in the double digits;" and

WHEREAS, These projected increases would follow the 31.9 percent premium increase that took effect in January 2026, further exacerbating an overall premium increase of nearly 74 percent in the preceding five years; and

WHEREAS, This growth in health-care costs far exceeds inflation, state aid increases and the fiscal capacity of local communities; and

WHEREAS, Rising health-care premiums are consuming an ever-larger portion of already constrained school district budgets, forcing difficult decisions that directly affect students, staff and educational quality; and

WHEREAS, These cost pressures also have significant consequences for taxpayers, as districts are often compelled to utilize the full extent of their available tax levy, even after which many districts remain unable to fully offset these increases due to the constraints of the property tax levy cap, despite the limited health-care exception; and

WHEREAS, For the families and students these districts serve, the downstream consequences — including district deficits, program cuts and school closures — mean the loss of community stability, continuity of services, and in many cases, access to the specialized supports that our most vulnerable students depend on; and

WHEREAS, These are also precisely the conditions that erode student achievement and weaken the family engagement that is central to strengthening New Jersey's public schools; and

WHEREAS, Implementing real, sustainable solutions to the rising cost of health benefits and reforming how benefits are delivered through the SEHBP would demonstrate the Governor's and Legislature's leadership and continued commitment to New Jersey's students, educators and families, which directly advances our shared goal of affordability and effective, efficient government for all New Jerseyans.

NOW, THEREFORE, BE IT RESOLVED, that the Hanover Park Regional High School District board of Education in the county of Morris calls upon the Governor and State Legislature to provide immediate, short-term relief from the unsustainable increased health-care costs experienced by school districts in recent years; and

BE IT FURTHER RESOLVED, that the Hanover Park Regional High School District board of Education in the county of Morris urges the Governor to engage in meaningful engagement with all affected stakeholders to develop and implement practical long-term reforms to the state's system of delivering health care to its public employees in order to generate meaningful, long-term savings; and

BE IT FURTHER RESOLVED, that a copy of this resolution be forwarded to Governor Mikie Sherrill, State Treasurer Aaron Binder, Senate President Nicholas Scutari, Assembly Speaker Craig Coughlin, State Senator Joseph Pennacchio, Assemblyman Brian Bergen and Assemblyman Jay Webber and the New Jersey School Boards Association
