Eagle Virtual online Academy

NAVIGATING A NEW PATH OF EXCELLENCE

Soar Beyond the Traditional Classroom

Eagle Virtual Academy is Geneva's new, innovative online learning pathway designed to provide flexibility, personalization, and high-quality instruction, all while keeping students connected to their local school community.

Who is it for?

- Students who thrive in an independent environment
- Families seeking schedule flexibility
- Learners with unique academic or personal needs

What We Offer

- Core Academic Courses
- Credit Recovery Options
- Regular Progress Monitoring & Academic Check-Ins

Navigating Student Needs

Dr. Paul A. Lombardo

Superintendent, Geneva Area City Schools

Hello and welcome to the Eagle Virtual Academy! We are excited to announce our new online learning opportunity for Geneva students.

The Academy's online format, available for district residents, was developed to engage learners while meeting the needs of families in today's world. Online Academy students will participate in a rigorous and relevant learning experience while receiving the care and professionalism known throughout the district. This blended learning approach delivers instruction through an online model, with options for the completion of local, state, and district testing.

Students will be able to earn their high school diploma in an environment that provides opportunities to engage with their teachers and peers, think critically, and be creative.

Students will acquire the skills and knowledge necessary to grow as independent learners and contributing members of the community. While the Academy's learning model is a non-traditional classroom, students will need the same commitment and focus on schedules, coursework, and time management as they would in a traditional classroom. These skills, along with the support of their teachers, will help them become successful and thriving adults.

We are excited to offer this new learning option for our district families and look forward to continued success!

Geneva Virtual Academy

Honoring Our Roots. Soaring into Tomorrow – The Eagle Way

Why Choose Eagle Virtual Academy?

- **Flexible Learning Environment**
  Learn from home while maintaining a structured academic schedule.
- **Geneva-Based & Locally Connected**
  Students remain part of the Geneva school community — participating in activities, athletics, and events.
- **Certified Geneva Teachers**
  Courses led and supported by licensed educators who know and care about our students.
- **Personalized Pathways**
  Customized pacing and support to meet individual academic goals.
- **Safe & Supportive Option**
  An alternative pathway for families seeking flexibility without sacrificing quality.
