PREFACE

The following policies of Unified School District (USD) 234 are the result of a combined effort of the staff at the Kansas Association of School Boards, the Board of Education, and district staff.

KASB has written the policy model and integrated the appropriate policies and procedures being used. Upon the completion of the first and second draft, KASB staff consulted with the board and selected district staff members to arrive at the final draft. This final draft was then adopted by the board.

Understanding the Policy System

Policies: principles adopted by the school board to chart a course of action. They tell WHAT is wanted and may include also WHY and HOW MUCH. They should be broad enough to provide the administration with flexibility and guidance in handling the day-to-day issues which arise. They also should be narrow enough to give the administration clear guidance.

This philosophy was incorporated into the thinking that produced the model and guided the board and the district's staff in developing the final, adopted policies.

A binder contains these thirteen sections of policies. These sections are:

A -- SCHOOL DISTRICT ORGANIZATION
B -- SCHOOL BOARD OPERATIONS
C -- GENERAL SCHOOL ADMINISTRATION
D -- FISCAL MANAGEMENT
E -- BUSINESS MANAGEMENT
F -- FACILITY EXPANSION PROGRAM
G -- PERSONNEL (Licensed and Non-Licensed)
H -- NEGOTIATIONS
I -- INSTRUCTIONAL PROGRAM
J -- STUDENTS
K -- GENERAL PUBLIC RELATIONS
L -- INTERORGANIZATIONAL RELATIONS
M --RELATIONS WITH OTHER EDUCATION AGENCIES

It may not be reproduced, either in whole or in part, in any form whatsoever, to be given, sold or transmitted to any person or entity including but not limited to another school district, organization, company or corporation without written permission from KASB.

The policy system's ultimate success depends on using these policies daily to guide the board, administrators, and other staff as a management tool to facilitate school board operations and actions.

The Index

The index is designed to help the user find the subject described in the appropriate policy.

When Using This Manual

Proper use of this manual includes looking up the subject matter in the index and proceeding to the policy section first. Second, check the table of contents which is found in the front of each policy section. Determine if the desired subject is cross-referenced to any other policy. Proceed to the alpha code in the appropriate section and read the policy. Once this is done, cross-references should also be read.

State Law and Negotiated Contracts

Policies do not contain any statutory language or citations, unless necessary, or negotiated contract language. They exist in separate documents which should be consulted as needed. If there is doubt about the subject being considered, guidance should be sought from the superintendent or another administrative staff member.

Definitions

1. When the masculine pronoun is used throughout these policies, it is intended to refer to both feminine and masculine antecedents.

2. Wherever the word "superintendent" or "principal" occurs, the words "or designated representative" are assumed to be included.

Postage and stationary costs may be added to the original bill.

If full payment is not received by the clerk within ten days after mailing of the final notice, authorization for the enforcement of collection may be obtained through the local small claims court in compliance with Kansas statutes, the superintendent or superintendent's designee may turn the matter over to legal counsel to commence debt collection proceedings on behalf of the district, or the matter may be handled through the Kansas SetOff Program.

A plan for emergency dismissal of students during the school day shall be developed by the superintendent and approved by the board. EBBE - Emergency Drills

Building principals shall be responsible for scheduling and conducting emergency and safety drills as required by law and for ensuring students are instructed in the procedures to follow during the drills and in an actual emergency.

Each building principal shall develop a written plan for specific emergency drills required by law. The plan shall include specific arrangements for the evacuation of mobility impaired and other individuals who may need assistance from staff members to safely exit the building. Although plans for evacuation are essential, the state fire marshal may grant exemptions to the number or manner of drills required by law with regard to students receiving special education or related services, upon request.

Each principal shall conduct briefings with the staff concerning the emergency plan.

Each teacher shall explain relevant portions of the plan to students under their jurisdiction prior to a date established by the principal. Within one week thereafter, the building principal shall conduct a surprise drill. Other drills shall be held at times determined by the building principal.

The four fire drills and three crisis drills required by law may be scheduled at any time during the school year. “Crisis drills” includes intruder response drills, lockdown drills, and active shooter drills but does not include active shooter simulations. The two tornado drills required shall be conducted in September and March. All these drills must be conducted by each school during school hours and cannot be made part of regular dismissal at the close of the school day.

Each emergency and safety drill plan shall be reviewed by the superintendent and filed with the clerk.

Active Shooter Drills

For the purposes of this policy, terms have the following meanings.

“Active shooter drill” means an emergency preparedness drill designed to inform and instruct students, teachers, school personnel and other school staff on how to respond in the event that an armed intruder is on the school campus or an armed assailant is in the immediate vicinity of the school. "Active shooter drill" includes:

- For grades kindergarten through five, instruction through tabletop exercises and identification of appropriate places for students to locate during an emergency; and
- for grades six through 12, the information described earlier in this definition and the practice of active shooter drills.

“Active shooter drill” does not include any sensory components, activities or elements that mimic a real-life shooting. "Active shooter drill" is not an active shooter simulation.

“Active shooter simulation” means an emergency exercise, including full-scale or functional exercises, designed to inform and instruct adult teachers, school personnel and other school staff on how to respond in the event of an armed intruder on the school campus or an armed assailant in the immediate vicinity of the school. “Active shooter simulation” includes activities or elements mimicking a real-life shooting, including, but not limited to, simulation of tactical response by law enforcement. "Active shooter simulation" does not include active shooter drills.

“School” means any elementary or secondary public school maintained and operated by a school district and any accredited nonpublic school that provides any of the grades kindergarten through 12.

“Tabletop exercise” means an exercise designed to help students better understand their individual or group roles and responsibilities. “Tabletop exercises” may include constructive problem-solving as it relates to an armed intruder on the school property or an armed assailant in the immediate vicinity of the school and may incorporate age-appropriate written or video scenarios for students to follow.

The district shall conduct active shooter drills that are consistent with the guidelines published by the Kansas State Department of Education.

Once per year, the board shall review the efficacy and effect of active shooter drills and any impacts of such drills on the safety and mental health of students, teachers, and other school personnel and staff.

The principal in any district school where an active shooter drill, active shooter simulation, or tactical training exercise is to take place shall ensure a school employee notifies each parent or person acting as parent at least 24 hours prior to an active shooter drill, active shooter simulation, or tactical training exercise. The notice shall provide that the parent or person acting as parent may opt their student out of participation in such drill or simulation. Any student who is opted out of an active shooter drill or simulation shall have the opportunity to participate in alternative safety education and shall not receive any negative or punitive treatment for not participating in such drill or simulation. If notice cannot be provided at least 24 hours prior to an active shooter drill or simulation, notice shall be provided within 24 hours of the conclusion of the active shooter drill or simulation.

Nothing in this section shall be deemed to supersede or limit the ability of a parent or person acting as parent to opt their student out of participation in an active shooter drill or simulation; or require any school to conduct active shooter drills in a manner that conflicts with the guidelines published by the Kansas State Department of Education.

Except as otherwise provided in this policy regarding tactical training exercises with law enforcement, no school shall conduct, sponsor, or permit any active shooter simulation on school property where students in grades kindergarten through eight regularly attend school.

The board of education or governing body of a school may conduct, sponsor, or permit active shooter simulations on school property, if only students in grades 9 through 12 regularly attend school on such school property.

Nothing in this section shall prohibit law enforcement agencies and adult school personnel from conducting or participating in tactical training exercises on school property if:

- The exercises do not occur during regular school hours or any time when students are present or expected to be present;
- no student participates in such exercises; and

the board has provided prior written authorization for the use of school property for such exercises.

Reportable events would include:

The superintendent shall investigate the matter and, if it is confirmed, the superintendent shall provide appropriate information and the identity of the student responsible to all employees who are involved in, or likely to be directly involved in, teaching or providing related services to the student.

Payments for school meals may be made at the school or district office, at the point of service of school meals, or online at https://usd234.revtrak.net/tek9.asp. Students, parents, and guardians of students are encouraged to prepay meal costs.

The terms of this policy will also be communicated to all district staff responsible for enforcing any aspect of the policy, a copy of the policy will be posted in district meal service facilities, and the policy will be made available on the district's website and social media accounts. Records of how and when it is communicated to households and staff will be retained.

If discrimination or harassment has occurred, the district will take prompt, remedial action to prevent its reoccurrence.

Any employee who witnesses an act of sexual harassment or receives a complaint of harassment from another employee or a student shall report the complaint to the building principal. Any act of retaliation or discrimination against any person who has filed a complaint or testified, assisted, or participated in any investigation, proceeding, or hearing involving a sexual harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action, up to and including termination of employment.

If the building principal has been notified, the principal shall immediately notify the superintendent that the initial report to DCF has been made. If appropriate, the principal may confer with the school's social workers, guidance counselor, or psychologist. At no time shall the principal or any other staff member prevent or interfere with the making of a suspected child abuse report.

If available, the following information shall be given by the person making the initial report: name, address, and age of the student; name and address of the parents or guardians; nature and extent of injuries or description of neglect or abuse; and any other information that might help establish the cause of the child's condition.

Any personal interview or physical inspection of the child by any school employee shall be conducted in an appropriate manner with an adult witness present.

Use of Emergency Safety Interventions

ESI shall be used only when a student presents a reasonable and immediate danger of physical harm to such student or others with the present ability to affect such physical harm. Less restrictive alternatives to ESI, such as positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student's behavior prior to the use of any ESI. The use of ESI shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an ESI. Use of an ESI for purposes of discipline, punishment, or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.

ESI Restrictions

A student shall not be subjected to ESI if the student is known to have a medical condition that could put the student in mental or physical danger as a result of ESI. The existence of such medical condition must be indicated in a written statement from the student's licensed health care provider, a copy of which has been provided to the school and placed in the student's file.

Such written statement shall include an explanation of the student's diagnosis, a list of any reasons why ESI would put the student in mental or physical danger, and any suggested alternatives to ESI. Notwithstanding the provisions of this subsection, a student may be subjected to ESI, if not subjecting the student to ESI would result in significant physical harm to the student or others.

Use of Seclusion

When a student is placed in seclusion, a school employee shall be able to

see and hear the student at all times.

All seclusion rooms equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in case of emergency, such as fire or severe weather.

A seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Such room shall be free of any condition that could be a danger to the student, well-ventilated, and sufficiently lighted.

Training

All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on ESI. The intensity of the training provided will depend upon the employee's position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Each school building shall maintain written or electronic documentation regarding the training that was provided and a list of participants, which shall be made available for inspection by the state board of education upon request.

Notification and Documentation

The principal or designee shall notify the parent the same day as an incident. The same-day notification requirement of this subsection shall be

deemed satisfied if the school attempts at least two methods of contacting the parent. A parent may designate a preferred method of contact to receive the same-day notification. Also, a parent may agree, in writing, to receive only one same-day notification from the school for multiple incidents occurring on the same day.

Documentation of the ESI used shall be completed and provided to the student's parents no later than the school day following the day of the incident. Such written documentation shall include: (A) the events leading up to the incident; (B) student behaviors that necessitated the ESI; (C) steps taken to transition the student back into the educational setting; (D) the date and time the incident occurred, the type of ESI used, the duration of the ESI, and the school personnel who used or supervised the ESI; (E) space or an additional form for parents to provide feedback or comments to the school regarding the incident; (F) a statement that invites and strongly encourages parents to schedule a meeting to discuss the incident and how to prevent future incidents; and (G) e-mail and phone information for the parent to contact the school to schedule the ESI meeting. Schools may group incidents together when documenting the items in subparagraphs (A), (B), and (C) if the triggering issue necessitating the ESIs is the same.

The parent shall be provided the following information after the first and each subsequent incident during each school year: (1) a copy of this policy which indicates when ESI can be used; (2) a flyer on the parent's rights; (3) information on the parent's right to file a complaint through the local dispute resolution process (which is set forth in this policy) and the complaint process of the state board of education; and (4) information that will assist the parent

Upon the first occurrence of an incident of ESI, the foregoing information shall be provided in printed form or, upon the parent's written request, by e-mail. Upon the occurrence of a second or subsequent incident, the parent shall be provided with a full and direct website address containing such information.

Law Enforcement, School Resource, and Campus Security Officers

Campus police officers and school resource officers shall be exempt from the requirements of this policy when engaged in an activity that has a legitimate law enforcement purpose. School security officers shall not be exempt from the requirements of this policy.

If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint, or mechanical restraint on a student, the school shall notify the parent the same day using the parent's preferred method of contact. A school shall not be required to provide written documentation to a parent, as set forth above, regarding law enforcement use of an ESI, or report to the state department of education any law enforcement use of an ESI. For purposes of this subsection, mechanical restraint includes, but is not limited to, the use of handcuffs.

Documentation of ESI Incidents

Except as specified above with regard to law enforcement or school resource officer use of ESIs, each building shall maintain documentation any time ESI is used with a student. Such documentation must include all of the following:

- Date and time of the ESI,

A school shall hold a meeting requested under this subsection within 10 school days of the parent's request. The focus of any such meeting shall be to discuss proactive ways to prevent the need for ESIs and to reduce incidents in the future.

For a student with a Section 504 plan, such student's Section 504 plan team shall discuss and consider the need for a special education evaluation. For students who have an individualized education program and are placed in a private school by a parent, a meeting called under this subsection shall include the parent and the private school, who shall consider whether the parent should request an individualized education program team meeting. If the parent requests an individualized education program team meeting, the private school shall help facilitate such meeting.

Local Dispute Resolution Process

If a parent believes that an ESI has been used on the parent's child in violation of state law or board policy, the parent may file a complaint as specified below.

The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board of education. Once an informal complaint is received, the administrator handling such complaint shall investigate such matter, as deemed appropriate by the administrator. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the incident.

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board of education as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings of fact and recommended corrective action, if any, to

GAOE **Workers Compensation** (See KFD) **GAOE**

The district will participate in workers compensation as required by current statute. The combined workers compensation benefits and salary received under allowed paid leave shall not exceed one full day's pay.

All employees of the district shall be covered by workers compensation. Workers compensation coverage is provided for all employees regardless of assignment, length of assignment, and/or hours worked per day. Benefits are for personal injury from accident or industrial diseases arising out of and in the course of employment in the district.

An injured employee must notify the designated employer's workers compensation coordinator or, if the coordinator is unavailable, his or her supervisor within 20 days of the injury or within 20 days of repetitive trauma in order to be eligible for benefits.

The workers compensation plan will provide coverage for medical expenses and wages to the extent required by statute to those employees who qualify; however, the amount of workers compensation benefits and paid leave benefits shall not exceed a regular daily rate of pay. An employee using paid leave in combination with workers compensation will be charged for one full or partial day of paid leave, as provided for in the applicable leave policy or the negotiated agreement, for each day of absence until the employee's paid leave is exhausted.

Any employee who is off work and receiving workers compensation benefits shall be required to provide the designated workers compensation coordinator with a written doctor's release before the employee is allowed to return to work. In addition, should the employee be released to return to work by a doctor and fail to do so, all benefits under paid leave shall terminate, and

those benefits under workers compensation shall be restricted as provided by current statute.

Whenever an employee is absent from work and is receiving workers compensation benefits due to a work-related injury or is receiving district-paid disability insurance, the employee may use available paid leave to supplement the workers compensation or district-paid disability insurance payments. Workers compensation benefits and FMLA benefits provided in a board-approved plan shall run concurrently if both are applicable.

In no event shall the employee be entitled to a combination of workers compensation benefits, district-paid disability insurance, and salary in excess of his/her full salary. Available paid leave may be used for this purpose until 1) available paid leave benefits are exhausted; 2) the employee returns to work; 3) the employee is released by the medical provider and a position is offered by the employer, but the employee declines to return to work; or 4) employment is terminated. Paid leave shall be calculated on a prorata amount equal to the percentage of salary paid by the district.

The board, through its designated workers compensation coordinator, may require a post-injury chemical test as authorized by K.S.A. 44-501 *et seq.*, and, if such test is refused, all workers compensation benefits shall be forfeited by the employee.

GAOG **Loss Prevention** (See EBA, EBB, EBBA, and GAOE) **GAOG**

The personal safety and health of each employee of the district is of primary importance.

To the extent practical, the administration will endeavor to provide equipment and facilities required to promote employee safety and health on the job.

The district will maintain a safety and health program promoting best practices. To be successful, this program must rely on teaching proper attitudes toward injury and illness prevention on the part of all employees. Only through such a cooperative effort can a safe workplace be established and maintained.

The board's objective is a loss control program that will hold the number of employee injuries and illnesses to a minimum. This program will include the following:

- Conducting a program of safety and health awareness to find and attempt to eliminate unsafe working conditions or practices and to comply with safety and health standards;
- Training all employees in good safety and health practices and requesting the assistance of employees in identifying areas of concern regarding safety;
- Providing necessary personal, protective equipment and instructions for its use; and
- Investigating, promptly and thoroughly, accidents at work to determine the causes and attempt to prevent a recurrence.

The responsibilities for this loss control program must be shared. District employees are responsible for complete cooperation with all aspects of the safety and health program, including compliance with all rules and regulations, and for continuously performing duties in a safe manner.

All employees are responsible for developing the proper work attitudes as well

Whenever an employee has been diagnosed by a physician as having a communicable disease as defined in current regulation, the employee shall report the diagnosis and nature of the disease to the superintendent or the superintendent's designee so that a proper reporting may be made to the county or joint board of health as required by current law.

An employee afflicted with a communicable disease dangerous to the public health shall be suspended from duty for the duration of the contagiousness in order to give maximum health protection to other school employees and to students.

The employee shall be allowed to return to duty upon recovery from the illness or when the employee is no longer contagious as authorized by the employee's physician.

The board reserves the right to require a written statement from the employee's physician indicating that the employee is free from all symptoms of the communicable disease.

If a school employee has been diagnosed as having a communicable disease and the superintendent has been notified by the employee, the superintendent or the superintendent's designee shall determine whether a release shall be obtained from the employee's physician before the employee returns to duty.

GARID Military Leave **GARID**

Employees are entitled to military leave under the Uniformed Services Employment and Reemployment Act of 1994. The act applies to military service that began on or after December 12, 1994, or military service that began before December 12, 1994, if the employee was a reservist or National Guard member who provided notice to the employer before leaving work.

Reemployment rights extend to persons who have been absent from work because of "service in the uniformed services." The uniformed services consist of the following military branches:

Army, Navy, Marine Corps, Air Force, or Coast Guard.
Army Reserve, Navy Reserve, Marine Corps Reserve, Air Force Reserve, or Coast Guard Reserve.
Army National Guard or Air National Guard.
Commissioned corps of the Public Health Service.
Any other category of persons designated by the President in time of war or emergency.

"Service" in the uniformed services means duty on a voluntary or involuntary basis in a uniformed service, including:

Active duty.
Active duty for training.
Initial active duty for training.
Inactive duty training.
Full-time National Guard duty.
Absence from work for an examination to determine a person's fitness for any of the above types of duty.

The employee may be absent for up to five years for military duty and retain reemployment rights. There are, however, exceptions which can exceed the five-year limit. Reemployment protection does not depend on the timing, frequency, duration, or nature of an individual's service. The law enhances protections for disabled veterans including a requirement to provide reasonable accommodations and up to two years to return to work if convalescing from injuries received during service or training.

It may not be reproduced, either in whole or in part, in any form whatsoever, to be given, sold or transmitted to any person or entity including but not limited to another school district, organization, company or corporation without written permission from KASB.

The returning employee is entitled to be reemployed in the job that they would have attained had they not been absent for military service, with the same seniority, status, and pay, as well as other rights and benefits determined by law. If necessary, the employer must provide training or retraining that enables the employee to refresh or upgrade his/her skills so he/she can qualify for reemployment. While the individual is performing military service, he or she is deemed to be on a furlough or leave of absence and is entitled to the non-seniority rights accorded other individuals on non-military leaves of absence. Individuals performing military duty of more than 30 days may elect to continue employer-sponsored health care for up to 18 months at a cost of up to 102 percent of the full premium. For military service of less than 31 days, health care coverage is provided as if the individual had never left. All pensions which are a reward for length of service are protected.

Individuals must provide advance written or verbal notice to their employers for all military duty. Notice may be provided by the employee or by the branch of the military in which the individual will be serving.

Notice is not required if military necessity prevents the giving of notice; or, if the giving of notice is otherwise impossible or unreasonable.

Accrued vacation or annual leave may be used (but is not required) while performing military duty. The individual's timeframe for returning to work is based upon the time spent on military duty.

TIME SPENT ON MILITARY DUTY	RETURN TO WORK OR APPLICATION FOR REEMPLOYMENT
Less than 31 days	Must return at the beginning of the next regularly scheduled work period on the first full day after release from service, taking into account safe travel home plus an eight-hour rest period.
More than 30 but less than 181 days	Must submit an application for reemployment within 14 days of release from service.
More than 180 days	Must submit an application for reemployment within 90 days of release from service.

The individual's separation from service must be under honorable conditions in order for the person to be entitled to reemployment rights. Documentation showing eligibility for reemployment can be required. The employer has the right to request that an individual who is absent for a period of service of 31 days or more provide documentation showing:

- the application for reemployment is timely;
- the five-year service limitation has not been exceeded; and
- separation from service was under honorable conditions.

If documentation is not readily available or does not exist, the individual must be reemployed. However, if after reemploying the individual, documentation becomes available that shows one or more reemployment requirements were not met, the employer may terminate the individual, effective immediately. The termination does not operate retroactively.

Questions should be directed to Veterans' Employment and Training Service, U.S. Department of Labor.

Kansas law also requires reemployment if an individual is called to active duty by the state.

GAT **Staff Use of Communication Devices** (See IIBG and IIBGC) **GAT**

The board encourages district employees to use technology, including communication devices, to improve efficiency and safety. The district expects all employees to use communication devices in a responsible manner that does not interfere with the employee's job duties. Employees who violate district policies and procedures governing the use of communication devices may be disciplined, up to and including termination, and may be prohibited from possessing or using communication devices while at work. Communication devices may not be used in any manner that would violate the district's policy on student-staff relations.

Definitions

"Communication device" is defined to include all portable devices that send or receive calls or text messages, allow the retrieval of e-mail, twitter, instagram and like programs, or provide access to the Internet. Communication devices shall include, but may not be limited to, cell phones, smart phones, iPads, and tablets.

"Use/Using" for the purposes of this policy means answering or talking on the phone; sending or responding to a text, e-mail, or other communication; opening and viewing pictures or digital recordings; opening and listening to music or audio communications; accessing social media websites; playing games on such device; continuously checking a communication device; or any activity with a communication device that interferes with the employee's job duties or appropriate supervision of students.

General Use

The district prohibits employees from using any communication device that interrupts or disrupts the performance of duties by the employee or

otherwise interferes with district operations, as determined by the employee's supervisor. This prohibition applies regardless of whether the communication device used is owned by the employee or provided by the district. Employees are responsible for keeping communication devices secure and, if possible, password protected.

Supervision of students and the provision of academic instruction are priorities in the district, and employees who are responsible for supervising and/or providing academic instruction to students must concentrate on these tasks at all times. Employees shall not use communication devices when they are responsible for supervising students or when their doing so interrupts or interferes with classroom instruction unless any of the following conditions occur:

- The device is being used to instruct the students being supervised at the time;
- The use is necessary to the performance of an employment-related duty;
- The employee has received specific and direct permission from a supervisor to do so; or
- There is an emergency.

Even when these conditions exist, the employee is responsible for obtaining assistance in adequately supervising students during the approved use so that students are supervised at all times.

Use in Vehicles

Regardless of other provisions of this policy, unless there is an emergency, employees shall not use communication devices when:

- Driving district-provided vehicles;
- Operating a vehicle in which a student is being transported when the transportation is provided as part of the employee's job; or
- Supervising students who are entering or exiting a vehicle, crossing thoroughfares, or are otherwise attempting to safely reach their destinations.

Even in emergency situations, employees should first take all possible safety precautions before using communication devices. Employees are subject to local, state, and federal laws governing use of cell phones while driving and will be solely responsible for all traffic violation liabilities resulting from their use of a phone while driving.

Use of District-Provided Communication Devices

The district may provide communication devices and service to some employees to assist them in carrying out their employment-related duties on and off district property. Use of a district-provided communication device is a privilege. The superintendent or designee has sole discretion as to which employees will be provided communication devices and may recall any previously-issued communication device. Employees do not have any expectation of privacy in district-provided communication devices or any information stored on them, and such devices may be confiscated and searched at any time.

Employees are expected to exercise reasonable care to protect district-provided communication devices from damage or theft and must report any such incidents immediately. The district may require employees to reimburse the

district for any damage or theft that was the result of the employee's negligence. Users of district-provided communication devices must abide by any use limitations included in the district's service contract.

Personal Use of District-Provided Communcation Devices

Personal use of district-provided communication devices is permissible as long as the use does not exceed the limits of the applicable plan. An employee whose use exceeds plan limitations will be required to reimburse the district for all expenses beyond those covered by the plan and may have privileges suspended or revoked unless the employee can show that all use was for employment-related duties and the device was not used for personal reasons. The amount of personal use of a communication device or service paid for under E-Rate can be no greater than the cost allocation submitted in the request for the E-Rate discount.

Staff Bring-Your-Own-Device Policy

Use of employees' personal communication devices during work hours shall be restricted to classroom or work-related activities. Such personal communication devices may only be used by the staff member and are not for student use. The security of personal computing devices is solely the responsibility of the staff member. Any loss resulting from damage or theft of personal communication devices in the school setting is not the responsibility of the district.

GBQA Reduction of Teaching Staff GBQA

If the board decides that the size of the teaching staff must be reduced, guidelines in the negotiated agreement shall be followed. Insofar as possible, reduction of staff shall be accomplished by attrition due to resignations and retirement.

The following steps will be utilized by the district's administrative staff to reduce the teaching staff:

Step One: Reduction in staff shall be accomplished by normal attrition, resignations, and/or retirements.

Step Two: If additional reduction is necessary, probationary teachers shall be terminated prior to the consideration of non-probationary teachers.

Step Three: If further reductions are necessary, all of the following factors will be considered, but in no order of priority:

A. Continuous years of service to the district
B. Academic degrees and training
C. Licensure and endorsements in areas of need
D. Evaluation reports
E. Recommendations of building principals and administrative staff
F. Recent experience in the needed subject area(s)

The Step Three factors are not listed in order of priority. Each shall be given equal consideration.

The number of teaching positions to be reduced shall be in accordance with the educational goals established by the board. The number of teachers needed to implement the district's educational program will then be determined by the administrative staff based on those educational goals in determining which teachers will be nonrenewed due to reduction in force.

GCA Compensation and Work Assignments (See GAN) **GCA**

Classified employees shall be paid according to pay rates established by the board. Payment shall be made at the established pay date following the end of each pay period.

Work Assignments

Subject to board approval, the administration shall develop time schedules for all classified employees. Work assignments for classified employees shall be made by the administration.

Attendance Required

Regular attendance is required of all employees subject to leave provisions in district policy, employee handbooks, or other documents approved by the board. Excessive absences or tardiness, unauthorized leave, or unexcused absences may result in disciplinary action including termination of employment.

Workweek

For the purposes of Fair Labor Standards Act (FLSA) compliance, the workweek will be 12:00 a.m. Sunday until 11:59 p.m. Saturday.

Classification of Employees

For purposes of compliance with the Fair Labor Standards Act (FLSA), the superintendent shall ensure that all job positions are classified as exempt or nonexempt and that employees are made aware of such classifications.

Compensatory Time

No non-exempt employee shall work more than 40 hours per week without the prior oral or written permission of the appropriate supervisor. worked in excess of forty in any given workweek will result in the acquisition of compensatory time for nonexempt employees in lieu of receipt of overtime pay. Compensatory time may be accumulated up to 16 hours, and any compensatory time hours accrued in excess of 16 must be used within a reasonable time as specified by the employee's supervisor. Accumulated compensatory time must be exhausted before discretionary or vacation time is utilized if an employee is absent.

All approved hours exceeding 40 hours in a given workweek will be computed as time and a half for compensatory time purposes. If any vacation, sick leave, or holiday leave occurs within the 40-hour week, this time will be deducted from the weekly total to determine actual time worked in the week. Time and a half would then begin after 40 hours of actual work on the job.

Overtime Pay

Overtime pay will only be paid in lieu of granting compensatory time in cases when 1) there is a serious emergency during the weekend when central office personnel cannot be located for authorization, and the nonexempt staff attends to such emergency on behalf of the district; and 2) when the employee is requested by central office personnel to work on Saturday and/or Sunday. Still, overtime pay is only earned once the employee has exceeded 40 hours worked in a given workweek.

All nonexempt employees shall be compensated for overtime worked at a rate of one and a half times their normal rate of pay for any hours worked over 40 in a workweek.

Nonexempt employees whose workweek is less than 40 hours will be paid at the regular rate of pay for time worked up to 40 hours. Overtime pay will be

provided only if an employee works more than 40 hours in a workweek on account of one of the enumerated reasons above. Otherwise, compensatory time shall be granted only after the employee exceeds 40 hours worked in the workweek.

IFCB Field Trips **IFCB**

A "field trip" is defined as a teacher-sponsored activity with the intent and purpose of broadening the student's knowledge in the areas which relate to subject matter being taught in the classroom.

Authorization of field trips will be based on:

- rationale of the trip and whether it conforms to school district policy and procedures;
- availability of transportation;
- adequacy of supervision; and
- availability of budget funds for this purpose.

Only students enrolled and attending regularly may participate in field trips.

A field trip request must be presented to the principal at least two weeks prior to the scheduled activity. Field trips are to be taken only after approval of the principal has been given, parental permission has been obtained, proper arrangements with the community or outside agencies have been finalized, and arrangements for supervision and transportation of students are completed.

Except for transportation, students may be expected to pay some of the expenses for field trips. School transportation must be used on all trips.

The approval and implementation of all field trips will be subject to written administrative procedures that conform to this policy. Such procedures will provide for the safety and welfare of students, for orderly planning, and for proper communication between school staff, parents, and students.

School trips, both inside and outside the district, should not conflict with other scheduled activities and should only be authorized when it is determined

Required field trips will be paid for with district funds. Transportation costs for non-required field trips will come from building level funds. Trips to be paid with building level funds will be charged at a minimum of $20 per trip, the actual cost of the driver's salary, or the actual miles times the current bus mileage rate, whichever is higher.

Out-Of-District Trips

Requests for field trips outside the district will be filed with the building principal, along with a list of all students who will make the trip, their addresses, telephone numbers, and written consent of the parent. Parents will be properly informed as to the time of departure and return of students participating in an out-of-district field trip.

A complete itinerary, including such information as time schedules, daily itinerary, guidelines for attendance at activities, official limits, boundaries, curfews, and general standards of behavior, must be part of the request. All items listed must be discussed in detail with all participants prior to departure.

All school personnel pursuing trips which include USD 234 district students without approval under the foregoing guidelines do so knowing:

- they do it as a private individual and not as an employee of the district;
- they will not use labels, names, mascots, or trademarks identifying themselves or the group as being with USD 234 schools; and
- they may not use school equipment, supplies, robes, uniforms, or transportation.

Total responsibility for privately planned field trips or tours rests with the individual(s) and agency sponsoring them. The district assumes no legal or financial responsibilities for non-sanctioned field trips.

Every attempt should be made to schedule nonapproved trips during weekends and/or vacation periods. If travel arrangements necessitate that some school days are missed, normal procedures for staff and student absences must be followed.

If recruitment of students is sought through the schools(s), the request for recruitment shall be made in accordance with those of private citizens. Recruitment efforts may not occur during class time or the employee's work day.

- Assessment of educational value;
- Time of year;
- Number of school days;
- Number of students;

- Total costs and costs to USD 234;
- Need for and availability of sponsor(s);
- Liability risks and availability of insurance coverage; and

To be considered, all extended trip requests must be planned, presented, and approved well in advance following the prescribed procedure which begins with securing a request form from the building principal or designee. IIA Performance-Based Credits IIA

A student may earn credits towards high school graduation by demonstrating mastery of the course outcomes through a performance instrument. The standards for designing and passing the performance instrument shall be set sufficiently high to ensure credits earned by such means shall be equivalent to those offered in the framework of the Carnegie unit.

A written request to "test out" of a class must be submitted prior to the beginning of each semester/year. A student may not request to "test out" of a class in which he or she is currently enrolled or has been enrolled.

The request is to be evaluated within 30 school days by a review committee composed of: a building administrator, a school counselor, a faculty member appointed by the principal, and the students' parent(s) or guardian(s).

If the request is approved, the course instructor will have 30 school days to design a performance instrument that reflects mastery of all course outcomes. Commercially available instruments may be used if they cover all course objectives.

The student has 10 school days in which those designated tasks developed by the teacher and approved by the administration must be performed. The principal, in consultation with the instructor, will determine the setting and the timelines for the administration of the instrument, as well as the criteria for successful completion of those tasks.

Credit for such classes shall be awarded only on a pass/fail basis. Students will be allowed only one opportunity to "test out" of any particular class. It will not be the responsibility of the school or the instructor to provide instructional and/or review time for the student. However, the outcomes, as noted in the district curriculum guide, and class syllabus will be made available.

ING Animals and Plants in the School ING

With the prior approval of the principal, animals or plants may be brought to school for instructional purposes.

If someone is injured by an animal or comes into contact with a toxic plant, the incident shall be immediately reported to the administration by the supervising teacher. The principal shall notify the appropriate persons.

Service Animals in the Schools

Service animals may be permitted in the schools and on school property and may be used by employees, patrons, and students. In order for the district to accommodate the health and safety of our students and staff while maintaining our educational services, programs, and activities, employees and students are encouraged to notify their building administrator prior to bringing a service animal to school for the first time. Patrons or individuals attending functions or having short-term business on school property are not required to provide advance notice to school staff in order to be accompanied by a service animal.

Access to school buildings will not be denied to a service animal as long as the animal is individually trained and required to do work or perform tasks for the benefit of an individual with a disability. Such work or tasks must be directly related to the individual's disability. District staff shall not be responsible to provide care or control of a service animal, and any service animal which is out of control or is not housebroken may be excluded by district staff.

This policy does not apply to animals provided by the school for instructional purposes or for therapy or comfort dogs.

Resident Students

A "resident student" is any student who has attained the age of eligibility for school attendance and lives with a parent or a person acting as a parent who is a resident of the district. For purposes of this policy, "parent" means the natural parents, adoptive parents, step-parents, and foster parents. For purposes of this policy, "person acting as a parent" means a guardian or conservator, a person liable by law to care for or support the child, a person who has actual care and control of the child and provides a major portion of support, or a person who has actual care and control of the child with written consent of a person who has legal custody of the child.

Homeless Students

Any student who has attained the age of eligibility for school attendance may attend school in the district where the student resides or is staying if the student is homeless as defined by law. Details concerning the education of homeless students may be found in board policy JBCA.

Foster Students

Any student in the custody of the Secretary of the Department for Children and Families ("DCF") who has attained the age of eligibility for school attendance shall be permitted to enroll in and attend school in any school district of the state or remain enrolled in and continue attending school in the student's school of origin.

If a court or DCF changes the placement of a student across a school boundary within the school district, the student shall be permitted to:

- enroll in and attend the school where the student is placed; or
- remain enrolled in and continue attending the student's school of origin.

DCF shall determine the child's enrollment and attendance based on the best interests of the child.

The district shall not deny or delay enrollment and attendance of any foster student whose placement has changed on the basis that the school district or school is not in possession of the student's educational records.

Details concerning the education of foster students may be found in board policy JBCB.

Nonresident Students

Details concerning the enrollment and continued enrollment process for nonresident students may be found in board policy JBCC.

Military Students

Details concerning the enrollment and attendance of military students, as defined in state law, may be found in board policy JBCD.

Enrollment Restriction

Unless approved in advance by the board, no student, regardless of residency, who has been suspended or expelled from another school district will be admitted to the district until the period of such suspension or expulsion has expired.

Enrollment Procedures

The superintendent shall establish orderly procedures for enrolling all students, including pre-enrollment, changes in enrollment, normal enrollment times, and communication to parents and to the public.

Part-Time Students

The board allows any child to enroll part-time in the school district to allow the student to attend any courses, programs, or services offered by the school district if the child:

- Is also enrolled in a nonaccredited private elementary or secondary school or in any other private, denominational, or parochial school as required by law;
- requests to enroll part-time in the school district; and
- meets the age of eligibility requirements for school attendance.

District administrators shall make a good faith attempt to accommodate scheduling requests of students enrolling in the school district in these situations but shall not be required to make adjustments to accommodate every such request.

Part-time students, other than those specified previously in this policy may enroll with the administration's permission if they complete all paperwork in a timely fashion and are in attendance no later than September 20th. Such part-time students may be admitted only to the extent that staff, facilities, equipment, and supplies are available, and the students follow the district's student conduct policies and rules.

Identification of Students

All students enrolling in the district for the first time shall provide required proof of identity. Students enrolling in kindergarten or first grade shall provide a certified copy of their birth certificate, a certified copy of the court order placing the child in the custody of DCF, or other documentation which the board determines to be satisfactory. Students enrolling in grades 2-12 shall provide a certified transcript, similar pupil records or data, or other documentary evidence the board deems satisfactory.

The above requirements are not to serve as barriers to immediate enrollment of students designated as homeless or foster children as required by the Every Student Succeeds Act (ESSA) and the

McKinney-Vento Act as amended by ESSA. The district shall work with DCF, the school last attended, or other relevant agencies to obtain necessary enrollment documentation.

If proper proof of identity is not provided within 30 days of enrolling, the superintendent shall notify local law enforcement officials as required by law and shall not notify any person claiming custody of the child.

Enrollment Information

The enrollment documentation shall include a student's permanent record card with a student's legal name as it appears on the birth certificate or as changed by a court order and the name, address, and telephone number of the lawful custodian. The records shall also provide proper proof of identity.

Assignment to a School Building, Grade Level, or Classes

Unless otherwise provided herein, the superintendent shall assign students to the appropriate building. Any student desiring to attend a school outside the attendance area in which the student resides may do so only with the prior written permission of the superintendent.

Assignment to a particular grade level or particular classes shall be determined by the building principal based on the educational abilities of the student. If the parents disagree, the principal's decision may be appealed to the superintendent. If the parents are still dissatisfied with the assignment, they may appeal in writing to the board.

Transferring Credit

In {middle school/junior high} and high school, full faith and credit shall be given to units earned in other accredited schools at the time the student enrolls in the district, unless the principal determines there is valid reason for not doing so. For online credit approval procedures after enrollment, see board policy IIBGB.

Transfers from Non-Accredited Schools

Students transferring from non-accredited schools will be placed by the principal. Initial placement will be made by the principal after consultation with parents or guardians and guidance personnel. Final placement shall be made by the principal based on the student's documented past educational experiences and performance on tests administered to determine grade level placement.

JBCC - Enrollment of Nonresident Students

(See JBC, JBCA, JBCB, and JQKA)

Kansas law requires the board to allow nonresident students to enroll in and attend the schools of the district if the board's capacity determination finds there are open seats for such students. In order to determine the district's capacity to accept nonresident students at each grade level in each district school, the board has adopted this policy.

Details concerning the nonresident enrollment and continued enrollment processes for nonresident students may be found in this policy, while general processes on enrollment documentation, assignment to buildings and classes, etc., may be found in board policy JBC.

This policy does not apply to any virtual school, as defined by Kansas law, or to any school located on a military installation.

Any child who is experiencing homelessness shall be permitted to enroll in and attend the school district of origin or the school district of residence without application and acceptance through this policy.

Any student in custody of the Department for Children and Families who has attained the age of eligibility for school attendance shall be permitted to enroll in and attend any school in any school district of the state or remain enrolled in and continue attending school in the student's school of origin without application and acceptance through this policy.

Any foreign exchange student who resides, or will reside, with a host family in the district may be permitted to enroll in and attend school in the district as if the student were a resident and shall not be subjected to the open-seat lottery for enrollment and attendance purposes.

Definitions

For the purposes of this policy, the following definitions apply.

"Homeless child" means a child who lacks a fixed, regular and adequate nighttime residence and whose primary nighttime residence is:

A. A supervised publicly or privately operated shelter designed to provide temporary living accommodations, including welfare hotels, congregate shelters and transitional housing for the mentally ill;

B. an institution that provides a temporary residence for individuals intended to be institutionalized; or

C. a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for humans.

Except as otherwise provided in this policy, "nonresident student" means a child of school age, pursuant to Kansas law, who resides in Kansas and is enrolled and in attendance at or seeking to enroll and attend a school located in a district where such student is not a resident.

"Parent" means and includes natural parents, adoptive parents, stepparents, and foster parents.

"Person acting as parent" means:

A. A guardian or conservator; or

B. a person, other than a parent, who:

   i. Is liable by law to maintain, care for or support the child;

   ii. has actual care and control of the child and is contributing the major portion of the cost of support of the child;

   iii. has actual care and control of the child with the written consent of a person who has legal custody of the child; or

   iv. has been granted custody of the child by a court of competent jurisdiction.

"Receiving school district" means a school district of nonresidence of a student who attends school in such school district.

"Sibling" means a brother or sister of the whole or half blood, adoptive brother or sister, a stepbrother or stepsister or a foster brother or foster sister.

Determining Capacity for Nonresident Enrollment

The superintendent or designee has the responsibility for studying capacity in each school of the school district and at each grade level within each school and for making recommendations to the board regarding the district's capacity to accept nonresident students. To make recommendations to the board to assist with determining capacity, the superintendent or the superintendent's designee(s) shall do the following.

The superintendent or designee shall develop recommendations on capacity and classroom student-to-teacher ratios in each grade level in each school serving kindergarten students and students in grades one through eight. Such recommendations may be based on, but not be limited to, the following factors:

- Present classroom student-teacher ratios in each grade level in each school;
- projected enrollment shifts based on the resident student population, which may include a percentage adjustment for anticipated growth or decline based on documented enrollment trends; and

- maximum capacity of the classroom and associated learning, activity, and common area spaces.

The superintendent or designee shall develop recommendations on capacity and student-to-teacher ratios for each school building or program serving students in grades nine through twelve. Such recommendations may be based on, but not be limited to, the following factors:

- Present building or program student-teacher ratios;
- projected enrollment shifts based on the resident student population, which may include a percentage adjustment for anticipated growth or decline based on documented enrollment trends;
- anticipated demand for particular courses or programming; and
- maximum capacity of the classroom and associated learning, activity, and common area spaces.

On or before May 1st of each year, the superintendent shall present the recommendations concerning capacity and student-to-teacher ratios to the board for adoption or modification, and the board shall determine, for each grade level in each school building of the school district for the next succeeding school year, the following:

- Capacity based on the study conducted by the superintendent or the superintendent's designee;
- the number of students expected to attend school in the school district; and
- the number of open seats available to nonresidents at each grade, building, or program level.

On or before June 1st of each year, the district shall publish the number of open seats available to nonresident students in each grade level for each school building of the district for the next succeeding school year on the school district's website.

From January 1st through June 15th, district administration shall accept applications from nonresident students seeking to enroll in and attend the district in the next school year.

If the number of applications for a grade level in a school building is fewer than the number of available seats for that grade level in the school building, the nonresident students shall be accepted for enrollment and attendance at the school district, unless the nonresident student is deemed not in good standing.

If the number of applications for a grade level in a school building is greater than the number of available seats for the grade level in the school building, district administration shall randomly select

nonresident students deemed in good standing using a confidential, open-seat lottery process. This process shall be completed on or before July 15th of each year.

The district shall provide to the parent or person acting as a parent of a nonresident student who was not accepted for or denied enrollment at such school district the reason for the nonacceptance or denial and an explanation of the nonresident student selection process on or before July 30th of each year.

Priority in Filling Open Seats

Regardless of capacity determinations, any nonresident student whose parent or person acting as parent is employed by the district shall be allowed to enroll as if a resident student while the parent or person acting as a parent remains employed by the district, and the student is deemed to be in good standing by district administration.

Subject to having capacity to enroll nonresident students, the district shall give priority in enrollment to the following nonresident students deemed in good standing to enroll. These students shall receive open seats without necessity of being selected through any open-seat lottery:

- Any sibling of a nonresident student who is enrolled in and attending school in the district or who is accepted to enroll in and attend school in the district, with priority given when the nonresident student is first accepted and, if necessary, at any other time the district considers transfer applications; and
- any nonresident student who is a military student as defined in K.S.A. 72-5139, with priority given when the student is first accepted and, if necessary, at any other time the district considers transfer applications.

If one of these exceptions no longer applies to the student, the student's enrollment status would be subject to review based upon the considerations for determining good standing in this policy.

Prohibitions Regarding Open Enrollment Provisions of this Policy

The district shall not:

- Charge tuition or fees to any nonresident student who transfers to the district pursuant to this policy, except fees that are otherwise charged to every student enrolled in and attending school in the district; or
- accept or deny a nonresident student transfer based on ethnicity; national origin; gender; income level; disabling condition; proficiency in the English language; or measure of achievement, aptitude, or athletic ability.

Except for a child in the custody of the Department for Children and Families or a child who is experiencing homelessness, a nonresident student shall not transfer more than once per school year to

one or more receiving school districts pursuant to the provisions of this policy or authorizing Kansas law.

Transportation of Students

Neither a resident school district nor a receiving school district shall be required to provide transportation to nonresident students unless otherwise required by applicable law. If space is available on district transportation vehicles, the district may assign nonresident students an in-district bus stop to and from which transportation may be provided by the district for nonresident students. The receiving district may provide transportation from the student's residence by notifying the sending district of the receiving district's intent to provide transportation. The district shall ensure that transportation for nonresident homeless students is provided comparably to that of housed students.

KSHSAA Eligibility

Nothing in this policy or state law shall exempt a nonresident student who transfers into the district from the requirements of the Kansas State High School Activities Association ("KSHSAA") regarding eligibility to participate in KSHSAA activities.

Information Share with the Kansas State Department of Education

The superintendent shall annually submit, or have submitted, to the Kansas State Department of Education this policy, the number of nonresident student transfers approved and denied in each grade level, and whether the denials were based on capacity or in accordance with the policy's terms.

Nonresident Student Continued Enrollment

A nonresident student who has been accepted for enrollment and attendance at a district school shall be permitted to continue enrollment and attendance in the district until such student graduates from high school, reaches the age of 21 (if the student is a student with an exceptionality, not solely eligible for gifted services under an individualized education program), or receives a G.E.D., unless such student is no longer deemed by district administration to be in good standing.

Except as otherwise specified herein, nonresident students who were enrolled in and attending the district during school year 2023-2024, who were attending the district as a resident student in 2023-2024 but have since moved out of the district, or who have been accepted for enrollment by the school district on or after June 1, 2024, will be allowed to continue enrollment in the district as specified above. The district will not require parents of such students or adult or emancipated students to resubmit a new application each school year.

Determining Good Standing

Regardless of capacity to accept nonresident students at a nonresident student's grade level or in the student's designated school or program, an individual student may be denied enrollment or continued enrollment for not being in good standing. Nonresident student applicants for enrollment and nonresident

students already enrolled in and attending school in the district shall be evaluated by district administration to determine standing for enrollment or continued enrollment.

Students may be denied enrollment or continued enrollment for the next school year based on the results of these evaluations. However, if the student has a disability, the student's ability to meet these expectations shall be considered prior to denying continued enrollment in the district. Similarly, administration shall consider the adverse impact of homelessness on a student's attendance and any resulting suspensions or expulsions before making a determination on the enrollment or continued enrollment of a student who is homeless. As part of this reflection, administration shall consider the obstacles a homeless student faces to arrive at school on time or each day due to housing instability, lack of transportation, or lack of other basic resources that can hinder consistent attendance.

A student meeting one or more of the following criteria shall automatically be deemed not in good standing and may be denied enrollment or continued enrollment based solely thereon.

- The nonresident student failed to maintain a 90% attendance rate in the last school year, excluding excused absences under board policy JBD and/or any relevant student handbook language;
- the nonresident student or the student's parent or person acting as a parent provided false or fraudulent information in the application process;
- the nonresident student is not a Kansas resident;
- the student is currently under a period of suspension or expulsion from any Kansas school district, and such suspension or expulsion will not expire until after the next school year has begun.
- the student has had three or more out-of-school suspensions in the current school year, excluding suspensions determined to be a manifestation of the student's disability or a failure on the part of school staff to implement an individualized education program, Section 504 plan, or behavior intervention plan; or
- the student has been given a long-term suspension or expulsion by a school district in the current school year.

Parents shall be informed of any administrative decision not to enroll or to discontinue enrollment of a nonresident student.

If district administration denies the enrollment application of a nonresident student due to the school district deeming the nonresident student as not in good standing, the parent or person acting as a parent of such student may appeal the decision to the board. A current nonresident student who is determined not to be in good standing shall not be entitled to the appeal process outlined herein.

Any student who has been denied enrollment or continued enrollment due to being deemed not in good standing may reapply for nonresident enrollment in subsequent school years.

Appeal Process

If a nonresident student's application for enrollment is denied because the student is determined not to be in good standing, the parent or person acting as a parent may appeal the administrative decision to the board.

If a parent or person acting as a parent wishes to appeal this decision, a written request for an appeal must be submitted to the clerk of the board within 10 days of receiving notice the student's application has been denied for lack of good standing. Such request shall include the individual's reasons for disagreeing with the administration's decision.

The board shall consider any appeal of these decisions and any supplemental documentation provided therewith at the next regularly scheduled board meeting following receipt of the request for appeal, and the board's designee shall notify the requestor of the result of the appeal in writing within 10 days of the board's decision thereon.

Enrollment of Out-of-State Students

If capacity for nonresident student enrollment remains after the aforementioned application, enrollment, and the disenrollment process has concluded, district administration may consider applications for enrollment submitted by students who are not Kansas residents. However, priority in enrollment shall be given to Kansas residents.

If a student who is an out-of-state resident is in good standing and has a parent or a person acting as a parent who is employed by the district, district administration may allow the student to enroll in and attend school in the district as if they were a resident of the district.

JBD - Absences and Excuses

(See AEB, IHEA, JB, JBE, JBH, and JDD)

When a student is absent from school, an attempt shall be made to contact the parent or guardian to determine the reason for the absence. The principal has been designated to determine the acceptability and validity of excuses presented by the parent(s) or the student.

Procedures for notifying parents on the day of a student's absence shall be published in the student handbook.

Excused/Unexcused Absences

The definition of "excused absence" includes the following:

- Personal illness;
- Health-related treatment, examination, or recuperation;
- Serious illness or death of a member of the family;
- Obligatory religious observances;
- Participation in a district-approved or school sponsored activity or course;
- Absences prearranged by parents and approved by the principal; and
- Students of active-duty military personnel may have additional excused absences at the discretion of the principal for visitations relative to leave or deployment.

All absences which do not fit into one of the above categories would be considered an unexcused absence and would subject a student to appropriate disciplinary action. A student serving a period of suspension or expulsion from the district shall not be considered inexcusably absent.

Significant Part of a School Day

An absence of two or more hours in any school day shall be considered an absence for a significant part of the school day.

Make-Up Work

It is the student's responsibility to obtain make-up assignments from teachers following an excused or unexcused absence.

Approved:07/13/26

KASB Recommendation – 7/96; 9/97; 4/07; 12/14; 6/15; 6/26

Unless reporting would violate the terms of any memorandum of understanding between the district and the authority to which reports would be made, the building principal or designee shall report students who are inexcusably absent from school to the appropriate authority.

Truancy is defined as any three consecutive unexcused absences, any five unexcused absences in a semester, or seven unexcused absences in a school year, whichever comes first. School year means the period from July 1 to June 30. Students who are absent without a valid excuse for a significant part of any school day shall be considered truant.

Prior to reporting to either the Department for Children and Families (if the student is under 13) or the county or district attorney (if the student is 13 or more years of age but less than 18 years of age), a letter shall be sent to the student's parent(s) or guardian notifying them that the student's failure to attend school without a valid excuse shall result in the student being reported truant.

Waiver of Compulsory Attendance Requirements

Students 16 or 17 years of age may be exempt from compulsory attendance regulations if the parent(s) or person acting as a parent attend(s) the counseling session required by law and signs the appropriate consent and waiver form; if the student earns a GED; or if the student is exempt from compulsory attendance requirements pursuant to a court order.

Involvement of Law Enforcement

Law enforcement officers may return truant children to the school where the child is enrolled, to the child's parent or guardian, or to another location designated by the board to address truancy issues.

Administrators are authorized to search property if there is reasonable suspicion that district policies, rules, or directives are being violated. In addition, all lockers shall be subject to random searches without prior notice or reasonable suspicion. All searches by the administrator shall be carried out in the presence of another adult witness.

Whenever the administrator is mentioned in this policy, it shall be construed to include the superintendent, principal, or designated representative.

Search of Lockers

The administrator may search any locker at any time without notice. Students shall not place locks, other than those approved by the school, on any locker.

Any person other than the administrator who wishes to search a student's locker or property shall report to the administrator before proceeding. In no event shall any person be permitted to search a student's locker or property without the administrator's consent unless the person has a valid search warrant authorizing a search.

Use of Trained Dogs in Conducting Sweeps

At the request of the administrator or on a schedule agreed upon by the service provider and the administrator, law enforcement officers or licensed private agencies contracting with the school for such service may use trained dogs on school premises to identify student property which may contain illegal or illicit materials and to determine whether materials, such as drugs, weapons, or other materials which may threaten the general health, welfare, and safety of the students and/or staff are present in the district parking lot, hallways, lockers, classrooms, and/or locker rooms. The student shall be told why a search is being conducted. The student shall be requested to empty items such as, but not limited to, pockets, purses, shoulder bags, book bags, and briefcases. Building administrators, school resource officers, and/or others designated by the superintendent may conduct investigations and question students about violation of school rules, the student conduct code, and/or law. Unless otherwise provided herein, such investigators shall not be required to contact the student's parent, guardian, or representative prior to questioning and may request law enforcement, school resource officer(s), and/or school security officer(s) for assistance in conducting the investigations.

If there is reason to believe a violation of a criminal law has been committed, the building administrator, the superintendent's designee, and/or school security officer with authorization of the superintendent or the superintendent's designee shall notify the appropriate law enforcement agency of criminal conduct as provided in law and/or board policy and may request further investigation of the alleged violation.

When a school resource officer or campus police officer initiates an investigation of a potential violation of criminal law by a student on the officer's own initiative and not at the bequest of a building administrator or the designee of the superintendent, such officer will notify the building administrator and will make a reasonable attempt to contact the student's parent, guardian, or representative prior to initiating questioning.

When law enforcement officers initiate an investigation involving questioning of a student on a topic unrelated to a report of child abuse or neglect or to the identity of the student during school hours, the building administrator may make a reasonable attempt to contact a parent, guardian, or representative of the student(s) prior to questioning. Notification or attempted notification of a parent, guardian, or representative shall be documented by the administrator involved. If a student's parent, guardian or representative is not present during such questioning of a student, the principal may be present unless otherwise specified in law or board policy.

The building administrator shall attempt to notify the superintendent and the officer's superiors of the reasons for the refusal.

Taking Students into Custody

Students shall not be voluntarily released by school officials to law enforcement authorities unless the student has been placed under arrest or taken into custody by law enforcement, school resource officers, campus police officers, or Department for Children and Families ("DCF") authorities pursuant to a child abuse investigation. Except as otherwise specified in this policy, a reasonable effort shall be made to notify the student's parent, guardian, or representative when students are removed from school for any reason. Except as provided above and/or as specified in a court order or arrest warrant, if a student is taken into custody by a law enforcement officer, school resource officer, or campus police officer, building administrators shall make a good-faith effort to contact the student's parent or guardian. Notification efforts shall be documented.

When a student has been taken into custody or arrested on school premises without prior notification to the building administrator, the school staff present shall ask the law enforcement officer to notify the principal or designee of the circumstances as quickly as possible and shall themselves contact the principal or designee with any information they have regarding the child being taken into custody.

JCDC - Student Personal Electronic Communications Devices

(See BDA, JBD, and JDD)

Students are prohibited from using or accessing personal electronic communication devices during the school day while on district owned or operated property, except as expressly permitted by this policy or by law.

This policy does not apply to any virtual school, as defined by Kansas law.

When personal electronic communication device use is not permitted, students are allowed reasonable access to a school-provided telephone or communication device during the school day to contact a parent or person acting as a parent.

Device Storage

All student personal electronic communication devices shall be powered off and securely stored away from the student's person in an inaccessible location during the school day, unless an exception applies to this requirement as specified in this policy.

Students may choose not to bring personal electronic communication devices to school by leaving such devices at home or in a vehicle, including a vehicle located on school premises. As students will not have the ability to access or use such devices during the school day, students are encouraged to leave any personal electronic communication devices not necessary for the implementation of their Individualized Education Program (hereafter "IEP") or Section 504 accommodation plan (hereafter "504 plan"), communication during their commute to or from school, for work, or learning experience that is not located on the school premises at home. If students elect to leave such devices in their vehicle, students are encouraged to lock their vehicles to protect against theft of or damage to the devices.

Kansas law provides that the board, school district employees, and/or any agents thereof shall not be liable for any damage to personal electronic communication devices or for storage of such devices that are brought to school.

The superintendent or superintendent's designee(s) shall develop procedures to ensure all personal electronic communication devices are turned off and securely stored away from the student's person in an inaccessible location during the school day. Such procedures shall be included in student handbooks as adopted by the board and communicated to students and parents/guardians as deemed appropriate by district administration.

Definitions

For purposes of this policy, the following definitions apply:

- "Personal electronic communication device" is any wireless electronic communication device that both provides for voice, text, or video communication between two or more parties, including, but not limited to, a mobile or cellular phone, tablet, computer, watch, wireless

headphones or earbuds, text messaging device, or personal digital assistant; and is not owned or issued to students by the school district.

- "School day" is the time from the start of school until dismissal at the end of the day on the school premises, including, but not limited to, the time in any classroom, structured or unstructured learning setting, recess, lunch or passing period. The term "**school day**" excludes any time associated with a student's travel to or from a learning experience that is not located on the school premises, including any postsecondary educational course, career technical education course, work-based learning program, or other alternative educational opportunity.

Permitted Exception

A student may be permitted to use a personal electronic communication device during the school day under the following circumstances.

- Any student may use a personal electronic communication device during the school day if it is the intervention of last resort such that there is no other reasonable alternative option available for such student, and the use is either:
    - Required for the implementation of a student's IEP or 504 plan; or
    - Approved by a licensed physician as a medical necessity to support the health or well-being of the student.

Use During School-Sponsored Activities Before and After the School Day

Students [*may/shall not*] use or access personal electronic communication devices during school-sponsored activities, programs, or events occurring before and after the regular school day, subject to district-approved procedures, event-specific rules, and staff direction.

Enforcement and Disciplinary Action

Violations of this policy [*may/shall*] result in disciplinary action in accordance with the district's student code of conduct. Disciplinary measures may include, but are not limited to, confiscation of the device through the end of the school day, referral to administration for determination of appropriate consequence, parental notification, or other appropriate disciplinary response, up to and including suspension and/or expulsion from school.

Discipline shall be applied in a nondiscriminatory manner and shall not interfere with rights provided under an IEP, 504 plan, or applicable law.

Administrative Procedures and Directives

The superintendent or designee(s) may develop administrative procedures and provide directives necessary to ensure consistent implementation of this policy and any board approved regulations and

handbooks across district buildings, so long as such procedures and directives are not in conflict with board approved policy, regulation, or handbook language.

Any student may file a complaint with the principal concerning a school rule or regulation as it applies to the student. Unless otherwise specified in this policy, the possession, use, sale, distribution, and/or being under the influence of illicit drugs, controlled substances, and/or alcohol by students at school, on or in school property, or at school-sponsored activities or events is prohibited.

Possession, use, and/or being under the influence of a controlled substance by a student for the purposes of this policy shall only be permitted if such substance was:

1. Obtained directly from, or pursuant to a valid prescription or order, issued to such student from a person licensed by the state to dispense, prescribe, or administer controlled substances;

The board reserves the right to require a written statement from the student's physician indicating that the student is free from all symptoms of the disease.

If a student is absent from regular classes for more than three consecutive days or the principal has been notified that a student has a communicable disease, the principal shall determine whether a release shall be obtained from the student's physician before the student reenters school.

Decisions regarding the type of education and the setting for provision of educational services for a student with a severe communicable disease of long duration shall be based on the child's medical condition, the child's behavior and neurological development, and the expected type of interaction with others in the educational setting. Final decisions will be made by school administration after receiving input from the student's physician, public health personnel, the student's parent or guardian, and personnel associated with the proposed care or educational setting.

JGCC Health Screenings **JGCC**

Vision and hearing screenings will be conducted in the district as part of the overall health services program. Frequency of the screenings will be in accordance with state law. When appropriate, other screenings deemed beneficial to students, such as dental screenings, may be performed in the school health program.

When these screenings cannot be performed by district staff, the board authorizes the superintendent to identify healthcare service providers to provide them. Such healthcare service providers shall be required to enter into a contract with the district prior to providing any screenings or other services to students in the school setting.

Vision Screenings

Each year vision screening procedures will be conducted for students new to the district, including kindergarteners. Such procedures will be provided for other students at a frequency of not less than once every two years unless otherwise specified by state law. Students known to have vision difficulties and students referred by teachers, parents, and/or physicians will be screened regardless of grade level.

Hearing Screenings

Each year hearing screening procedures will be conducted for students new to the district, including kindergarteners. Such procedures will be provided for other students at a frequency of not less than once every three years unless otherwise specified by state law. Students known to have hearing difficulties and students referred by teachers, parents, and/or physicians will be screened regardless of grade level.

Under certain conditions, hearing screening services are provided for students residing within district boundaries who are enrolled in accredited non-public schools. These services are coordinated between the administration of the accredited non-public school and district administration and require a request from the student's parent or guardian. Implementation of the program for non-public school students follows the same guidelines as for district students.

Dental Screenings

Free dental inspections may be offered to students, planned for by designated school staff, and conducted by appropriate dental care providers.

Selected Screenings

Other screening procedures may be deemed appropriate and beneficial to students. Designated staff will assist in the planning and implementation of other screening programs following standard procedures.

Screening results and referrals, when necessary, will be communicated to parents.

In accordance with state law, the parent or guardian of any child entering school for the first time shall be informed of the availability of sickle cell screening and of the location of the nearest facility providing blood tests for sickle cell trait and sickle cell anemia.

JGEC – Sex-Based Discrimination

(See GAAC, GAAD, GAF, JDDC and KN)

The board of education is committed to providing a positive and productive working and learning environment, free from discrimination on the basis of sex, including sexual harassment. The district does not discriminate on the basis of sex in admissions, employment, or the educational programs or activities it operates. Discrimination on the basis of sex, including sexual harassment, of employees or students of the district in any district education program or activity will not be tolerated in the school district and is strictly prohibited.

Sex-based discrimination, including sexual harassment, is unlawful discrimination under Title IX of the Education Amendments of 1972. All forms of sexual harassment are prohibited at school, on school property, and at all school-sponsored activities, programs, or events within the United States.

Superintendent, Zach Johnson, 424 S Main, Fort Scott, KS 66701, zach.johnson@usd234.org, 620-223-0800 has been designated to coordinate compliance with nondiscrimination requirements contained in Title IX of the Education Amendments of 1972. Information concerning the provisions of this Act, and the rights provided thereunder, are available from the Title IX Coordinator. Inquiries about the application of Title IX to the district may be referred to the Title IX Coordinator; to the Assistant Secretary for Civil Rights at the U.S. Department of Education, Office of Civil Rights, 400 Maryland Avenue, SW, Washington D.C. 20202-1100, (800)421-3481; at OCR@ed.gov; or both.

Definitions

For the purposes of this policy, the following definitions apply.

"Appeal decision-maker" reviews the appeal along with written statements in support of, or challenging, the outcome of the written determination regarding responsibility, and other relevant documentation collected during the formal grievance process. The appeal decision-make shall not be the Title IX Coordinator, investigator, decision-maker, or formal resolution facilitator.

"Complainant" means an individual who is alleged to be a victim of conduct that could constitute sexual harassment.

"Dating violence" means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved.

"Decision-maker" reviews all the evidence and prepares an impartial written responsibility determination as to whether the alleged conduct occurred and provides an opportunity for the parties and

their representatives to prepare written questions to be answered by the other party. The decision-maker shall not be the Title IX Coordinator, investigator, appeal decision-maker, or formal resolution facilitator.

"Domestic violence" includes felony or misdemeanor crimes committed by a current or former spouse or intimate partner of the victim under the family or domestic violence laws of Kansas.

"Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment.

"Informal resolution facilitator" is a neutral person, designated by the Title IX Coordinator, who has been trained to assist the parties through the voluntary informal resolution process. The informal resolution facilitator shall not be the Title IX Coordinator, investigator, decision-maker, or appeal-decision maker.

"Investigator" is the person who carries out the investigation after the formal complaint is filed and conducts interviews of the witnesses, collects and documents evidence, and drafts an investigative report. The investigator shall not be the Title IX Coordinator, decision-maker, appeal decision-maker, or informal resolution facilitator.

"Respondent" is an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

"Sex-based discrimination" means any unfair treatment, unequal opportunity, or harassment on the basis of sex in the district's programs or activities.

"Sexual assault" means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.

"Sexual harassment" means conduct on the basis of sex involving one or more of the following: (1) A district employee conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcomed sexual conduct; (2) unwelcomed conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's educational program or activity; or (3) sexual assault, dating violence, domestic violence, or stalking.

"Stalking" means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or to suffer substantial emotional distress.

"Supportive measures" means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complaint or the respondent regardless of whether a formal complaint has been filed. Such measures are designed to restore or

preserve equal access to the recipient's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the recipient's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the school, and other similar measures. The supportive measures provided to the complainant or respondent by the district must remain confidential to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

"Title IX Coordinator" is the individual designated at the district level who has the responsibility to coordinate compliance with Title IX of the Education Amendments of 1972. The Title IX Coordinator's responsibilities include, but are not limited to: developing materials and ensuring professional development occurs for staff involved in Title IX compliance, creating systems to centralize records, gathering relevant data, contacting the complainant (and/or parents or guardians, if applicable) once the district has actual knowledge of alleged sexual harassment, coordinating the implementation of supportive measures, signing a formal complaint to initiate a grievance process, and ensuring any remedies are implemented.

Reporting of Sex-Based Discrimination, including Sexual Harassment

The district takes all reports of sex-based discrimination, including sexual harassment, seriously and will respond meaningfully to every such report of which the district has actual knowledge.

The district encourages all victims of sexual harassment and persons with knowledge of such harassment to report the harassment immediately. Any person may make a verbal or written report of sex discrimination by any means and at any time.

Any act of retaliation or discrimination against any person who has opposed discrimination; filed a complaint; or testified, assisted, or participated in any investigation, proceeding, or appeal involving sex-based discrimination, including sexual harassment, is prohibited. The district will take appropriate available action to address retaliation, which may include student or employee discipline procedures.

It shall be a violation to discourage a student or an employee from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy. Violation of this policy shall result in appropriate disciplinary action.

False or malicious complaints of sex-based discrimination, including sexual harassment, may result in corrective or disciplinary action against the complainant.

False statements made in the course of an investigation of sex-based discrimination, including sexual harassment, may result in corrective or disciplinary action against the individual.

Complaint Process for Sex-Based Discrimination (Not Sexual Harassment)

Complaints of sex-based discrimination that do not allege sexual harassment will be investigated through the complaint procedure outlined in policy KN to determine whether, under the totality of the circumstances, the alleged behavior constitutes a violation of this policy.

Actions determined to be in violation of this policy shall result in disciplinary action, up to and including termination for employees and expulsion for students. Actions which are in violation of other policies but do not constitute sex-based discrimination may also result in appropriate discipline.

Grievance Process for Sexual Harassment

Any employee who witnesses an act of sexual harassment or receives a complaint of harassment from another employee or a student shall report the complaint to the Title IX Coordinator, the employee's supervisor, or other designated district official. Employees who fail to appropriately report complaints or incidents of sexual harassment to the Title IX Coordinator, their supervisor, or other designated district official may face disciplinary action.

Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies including the right to file a complaint with the Office for Civil Rights of the U.S. Department of Education.

The Title IX Coordinator, any investigator, decision-maker, appeal decision-maker, or any informal resolution facilitator shall not have a conflict of interest or bias for or against the complainant or respondent. These individuals shall receive training on the definition of sexual harassment; the scope of the education program and activities; how to conduct an investigation, including appeals and informal resolution processes; and how to serve impartially, including avoiding prejudgment of the facts, conflicts of interest, and bias.

Investigators shall receive training on issues of relevance of questions and evidence in order to create investigative reports that fairly summarize relevant evidence. Decision-makers shall receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant.

Within 10 business days of any reports of sexual harassment, the Title IX Coordinator shall contact the complainant and discuss the availability of supportive measures, with or without the filing of a formal complaint; consider the complainant's wishes as to supportive measures; and inform the complainant of the right to a formal complaint investigation consistent with Title IX and the informal resolution process.

Informal Resolution Process for Sexual Harassment Complaints

At any time during the formal complaint process regarding alleged sexual harassment and prior to reaching a determination regarding responsibility, the district may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility.

The informal resolution process requires:

- The informal resolution facilitator is to be a trained educational professional, consultant, or other individual selected by the Title IX Coordinator who has received training on their role;
- the parties to be provided a written notice disclosing the allegations, the requirements of the informal resolution process, and information on when it may preclude the parties from resuming a formal complaint arising from the same allegations;
- at any time prior to agreeing to a resolution, any party to have the right to withdraw from the informal resolution process and resume the investigation of the formal complaint and to be informed of any consequences resulting from participating in the informal resolution process;
- that the parties voluntarily consent, in writing, to the informal resolution process; and
- that the informal resolution process is not used to resolve allegations that an employee has sexually harassed a student.

If the matter is resolved to the satisfaction of the parties, the facilitator shall document the nature of the complaint and the resolution, have both parties sign the agreement, provide a copy of the agreement to both parties, and forward it to the Title IX Coordinator. If the matter is not resolved, the informal resolution facilitator will notify the Title IX Coordinator, who will resume the formal complaint process.

Formal Grievance Process for Sexual Harassment Complaints

No formal investigation of alleged sexual harassment may occur until after a formal complaint has been filed.

The procedures for filing a formal complaint are as follows.

- At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the district concerning which the formal complaint is filed.
- A formal complaint should be filed in writing and contain the name and address of the person filing the complaint. The complaint should briefly describe the alleged violation. Filing of the complaint with the Title IX Coordinator may be done in person, by mail, or by email. If an individual does not wish to file a written complaint, and the matter has not been adequately resolved, the Title IX Coordinator may initiate the complaint. Forms for filing written complaints are available in each school building office and the central office.

- A complaint should be filed as soon as possible after the conduct occurs, but not later than 180 calendar days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis for the complaint is ongoing.

Upon receipt of a formal complaint, the Title IX Coordinator shall either dismiss the formal complaint or initiate the formal grievance process by providing notice to the parties of the complaint.

Dismissal of a Formal Complaint of Sexual Harassment

The Title IX Coordinator must dismiss the complaint if it is determined that:

- Even if all the facts alleged are true, the conduct alleged in the formal complaint would not constitute sexual harassment as defined herein;
- the conduct did not occur in the recipient's education program or activity; or
- the conduct did not occur against a person in the United States.

During the course of the formal grievance process, the Title IX Coordinator may dismiss the complaint if:

- A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- the respondent is no longer enrolled in or employed by the district; or
- specific circumstances prevent the recipient from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon a dismissal of a complaint, the Title IX Coordinator must promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties.

Dismissal of a formal complaint does not preclude an investigation or disciplinary action under another district policy.

Initiation of Formal Grievance Process for Sexual Harassment Complaint

Upon filing of a formal complaint of sexual harassment, the district shall provide written notice to the known parties including:

- Notice of the allegations of sexual harassment including sufficient details to prepare a response before any initial interview including:
    - the identities of the parties involved, if known;
    - the conduct allegedly constituting sexual harassment; and
    - the date and location of the alleged incident, if known.
- The district's investigation procedures, including any informal resolution process;

- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation;
- Notice to the parties they may have an advisor of their choice and may inspect and review any evidence; and
- Notice to the parties of any provision in the district's code of conduct or policy that prohibits knowingly making false statements or knowingly submitting false information.

If, in the course of an investigation, the investigator decides to investigate allegations about the complainant or respondent that are not included in the notice initially provided, the Title IX Coordinator shall provide notice of the additional allegations to known parties.

Formal Complaint Investigations Regarding Sexual Harassment

To ensure a complete and thorough investigation of any sexual harassment complaint and to protect the parties, the investigator shall:

- Ensure that the preponderance of the evidence burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the district and not the parties;
- Provide an equal opportunity for the parties to present witnesses and evidence;
- Not restrict either party's ability to discuss the allegations under investigation or to gather and present relevant evidence;
- Allow the parties to be accompanied by an advisor of their choice;
- Provide written notice of the date, time, location, participants, and purpose of any interview or meeting at which a party or witness is expected to participate;
- Provide the parties equal access to review all the evidence collected which is directly related to the allegations raised in a formal complaint of sexual harassment, including the investigative report, and the opportunity to respond to that evidence before a determination is made;
- Be impartial and objectively evaluate all relevant evidence without relying on sex stereotypes;
- Not have conflicts of interest or bias for or against complainants or respondents;
- Not make credibility determinations based on the individual's status as complainant, respondent, or witness.

The investigator shall prepare an initial investigative report that fairly summarizes relevant evidence and share the report with the parties and their advisors simultaneously.

The parties shall have 10 days to submit a written response to the initial report for the investigator's consideration.

Following the opportunity for the parties and their advisors to review and respond to the initial report, the investigator shall submit a final report to the parties and the Title IX Coordinator simultaneously. Upon receipt, the Title IX Coordinator shall provide a copy of the final report and supporting documentation to the decision-maker.

Decision-Maker's Determination Regarding Sexual Harassment Complaints

Upon receiving the investigator's final report, but prior to reaching a determination regarding responsibility, the decision-maker must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with any answers provided, and allow for additional, limited follow-up questions.

The decision-maker must issue a written determination regarding responsibility based on a preponderance of the evidence. The decision-maker's written determination shall:

- Identify the allegations potentially constituting sexual harassment;
- describe the procedural steps taken, including any notifications to the parties, site visits, methods used to gather evidence, and interviews;
- include the findings of fact supporting the determination;
- address any district policies and/or conduct rules which apply to the facts;
- a statement of, and rational for, the result as to each allegation, including a determination regarding responsibility; and
- the procedures and permissible bases for the complainant and/or respondent to appeal the determination.

The written determination may, but is not required to, recommend that, based on respondent's action, respondent be subject to disciplinary sanctions and any remedies designed to preserve access to the educational program or activity that may be provided by the district to the complainant.

Actions determined to be in violation of this policy shall result in disciplinary action, up to and including termination for employees and expulsion for students. Actions which are in violation of other policies but do not constitute sex-based discrimination may also result in disciplinary action.

A copy of the written determination shall be provided to both parties and the Title IX Coordinator simultaneously.

The decision becomes final on the date the parties receive the results of an appeal, if any appeal is filed, or on the date the opportunity for an appeal expires.

If the formal grievance process determines the actions constituted sexual harassment in violation of this policy, the respondent shall be subject to disciplinary action, up to and including termination for employees or expulsion for students. If the formal grievance process determines the actions were in violation of other policies but do not constitute sexual harassment, the respondent may be subject to discipline under those policies.

If it is determined that sexual harassment has occurred, the district will take prompt, remedial action to prevent its reoccurrence.

Appeals Regarding Sexual Harassment Complaints

The complainant or respondent may appeal the decision-maker's determination regarding responsibility of a sexual harassment complaint or a dismissal of a formal complaint, on any of the following:

- Procedural irregularity that affected the outcomes;
- new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal of the complaint was made that could affect the outcome; and/or
- the Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias against either party that affected the outcome.

The request to appeal shall be made in writing to the Title IX Coordinator within 10 days after the date of the written determination. Appeals shall be a review of the record by an attorney, an independent hearing officer appointed by the board, or the board. The appeal decision-maker may not be the Title IX Coordinator, the investigator, the decision-maker, or informal resolution facilitator that participated in any level of the grievance process that led to the original determination.

The Title IX Coordinator shall notify the parties in writing of the filing of an appeal and implement appeal procedures equally for both parties.

The appeal decision-maker shall give the parties an equal opportunity to submit a written statement in support of, or challenging, the outcome of the determination regarding responsibility. Within 30 days after the appeal is filed, the appeal decision-maker shall issue a written decision, including the rationale for the decision, and provide the written decision simultaneously to both parties and to the Title IX Coordinator.

Recordkeeping

Records relating to sexual harassment complaints filed and their resolution shall be maintained by the Title IX Coordinator for seven years.

Dissemination of Policy

A summary of this policy and the complaint procedures including how to report or file a formal complaint of sex discrimination or sexual harassment shall be published in district handbooks and on the district's website as directed by the Title IX Coordinator. Notification of the policy may include posting informational notices in district or school publications, publishing in local newspapers, publishing in newspapers and magazines operated by the school, or distributing memoranda or other written communications to students and employees.

In addition, the district is required to include a statement of nondiscrimination in any bulletins, announcements, publications, catalogs, application forms, or other recruitment materials that are made available to participants, students, applicants, or employees.

JGFGA - Administration of Emergency Opioid Antagonists

Kansas law creates standards governing the use and administration of emergency opioid antagonists approved by the U.S. Food and Drug Administration ("FDA") to inhibit the effects of opioids and for the treatment of an opioid overdose. Any first responder or school nurse is authorized to possess, store, distribute, and administer emergency opioid antagonists as clinically indicated, provided that all personnel with access to emergency opioid antagonists are trained in proper protocol.

Similarly, Kansas law allows a patient or bystander (meaning a family member, friend, caregiver, or other person in a position to assist a person who the bystander believes to be experiencing an opioid overdose) to acquire and utilize emergency opioid antagonists.

Therefore, to further prioritize student health and safety in its schools, programs, and activities, the district shall obtain, store, and administer the emergency opioid antagonist Naloxone, which is commonly known by the brand name Narcan, for emergency use in its schools. A stock supply of Naloxone may consist of one or more standard-dose prepackaged nasal spray devices. The school nurse and other properly trained and designated district staff members may administer such medication in emergency situations to an individual who displays the signs and symptoms of opioid overdose at school, on school property, or at a school-sponsored event if such school nurse or designated school staff member reasonably believes that an individual is exhibiting the signs and symptoms of an overdose. Opioid antagonists may be available during the regularly scheduled school day. They may be available at other times at the discretion of the superintendent.

The board establishes the following rules governing the utilization and administration of emergency opioid antagonists, such as, but not necessarily limited to, Naloxone, by members of district staff.

Training

If obtaining the emergency opioid antagonist through a pharmacy, the providing pharmacy of the emergency opioid antagonist (hereafter "the product") shall provide written education and training materials to the individual to whom the product is dispensed. First Aid for Opioid Overdose must be obtained by each school nurse and other staff members designated by the superintendent to respond to potential opioid overdose situations. In addition, all district staff members with access to emergency opioid antagonists shall be trained, at a minimum, on the following:

- Techniques to prevent opioid overdose, to recognize signs of such an overdose and to effectively respond thereto;

When information is requested in compliance with a judicial order or pursuant to

    - If the investigation results in a recommendation that an employee be suspended without pay or terminated, procedures outlined in board policy, the negotiated agreement, or state law will be followed.

DFAC PROCUREMENT – FEDERAL PROGRAMS
(Sample Form)

Purchase Methods

When a request for expenses for construction, reconstruction, or remodeling or for the purchase of materials, goods, or wares has been submitted and approved as outlined below, the procurement method to be used will be determined based on the type of purchase and the total cost of the purchase as further outlined below. This procedure outlines how the cost thresholds for determining when the quote or formal bidding procedures that are required by state law as reflected in Policy DJED must be modified when making purchases for federally funded purposes to which the Uniform Grant Guidance or USDA regulations apply to comply with both state and federal requirements. At each point where requirements for food service-related procurement under USDA regulations differ, a note will refer to the Food Service Program Notes at the end of this procedure. Final determination of which purchasing procedures are to be applied is delegated to the Business Manager under the authority of the Board.

Standard Procurement Documents and Purchase Request Process

The district shall use purchase orders for purchase requests in accordance with the applicable purchase method.

The district shall use paper and electronic purchasing records, which are pre-numbered and are accessible to designated purchasing staff in the business office.

Purchase requests by an employee must be submitted to the building administrator or immediate supervisor. Purchase of all budgeted items or items approved by an administrator or supervisor must be initiated by use of a purchase order or requisition submitted to the purchasing agent.

Purchase orders and requisitions shall contain information including, but not necessarily limited to:

1. Description of the services to be performed or goods to be purchased;

2. Location of where services will be performed or goods will be delivered;

3. Appropriate dates of service or delivery;

Documentation on purchase orders and requisitions shall be maintained in accordance with the district's Public Records policy (CN) and Federal Fiscal Compliance policy (DFAC).

Contracts shall be reviewed by the Business Manager prior to submission to the board for approval.

Contracts to which the Uniform Grant Guidance apply shall contain the clauses specified in Appendix II to 2 CFR Part 200 (Contract Provisions for Non-Federal Entity Contracts Under Federal Awards), when applicable.

DFAC PROCUREMENT – FEDERAL PROGRAMS
(Sample Form)

[See Food Service Program Notes below for specific clauses required by USDA regulations to be included in cost reimbursable procurement contracts.]

Micro-Purchases Not Requiring Quotes or Bidding

For purposes of this procedure**, micro-purchase** means a purchase of supplies or services for use in federally funded programs using simplified acquisition procedures, the aggregate amount of which does not exceed a base amount of $3,500. The micro-purchase dollar threshold is adjusted periodically by the federal government, and the threshold most recently established and published in the Federal Register shall apply if other than $3,500.(48 CFR Subpart 2.1)

Note: The micro-purchase maximum for federal purposes is lower than the amount below which the Policy DJED allows purchase for nonfederal purposes to be made without using formal competitive bidding.

The micro-purchase method is used to expedite the completion of its lowest dollar small purchase transactions and minimize the associated administrative burden and cost. Procurement by micro-purchase is the acquisition of supplies or services, the aggregate dollar amount of which does not exceed the micro-purchase threshold.

To the extent practicable, the district distributes micro-purchases equitably among qualified suppliers when the same or materially interchangeable products are identified and such suppliers offer effectively equivalent rates, prices, and other terms. The Business Manager will be responsible to determine the equitable distribution of micro-purchases.

Micro-purchases may be awarded without soliciting competitive quotations if the district considers the price to be reasonable. The district will maintain evidence of this reasonableness in the records of all micro-purchases. **Reasonable** means that sound business practices were followed, and the purchase is comparable to market prices for the geographic area. Such determinations of reasonableness may include comparison of the price to previous purchases of the same item or comparison of the price of items similar to the item being purchased.

Even if the cost of a purchase qualifies it as a micro-purchase, bidding or small purchase procedures may be used optionally when those procedures may result in cost savings.

Small Purchase Procedures

For purposes of this procedure, **small purchase procedures** are those relatively simple and informal procurement methods for securing materials, goods, or wares or for completing construction, reconstruction, or remodeling that cost more than the amount qualifying as a micro-purchase and do not cost $20,000 or more, or in the case of services other than construction, reconstruction or remodeling, where the total cost does not exceed the $150,000 federal Simplified Acquisition Threshold at which formal competitive bidding or competitive proposals are required. Small purchase procedures cannot be used for construction, reconstruction or remodeling costing $20,000 or more or for the purchase of materials, goods or wares costing

©KASB. This material may be reproduced for use in the district. It may not be reproduced, either in whole or in part, in any form whatsoever, to be given, sold or transmitted to any person or entity including but not limited to another school district, organization, company or corporation without written permission from KASB.

$20,000 or more because the board policy and Kansas law requires formal competitive bidding at that level of cost.

The base amount at which bidding is required under state law for construction, reconstruction or remodeling or for the purchase of materials, goods or wares is $20,000. (K.S.A. 72-1151)

The federal Simplified Acquisition Threshold at which competitive bidding or competitive proposals are required is adjusted periodically by the federal government, and the threshold most recently established and published in the Federal Register shall apply if other than $150,000. (48 CFR Subpart 2.1)

Because state law does not require **competitive** bidding for the purchase of services other than for construction, reconstruction or remodeling with a cost in excess of $20,000, small purchase procedures, including a request for proposal (RFP) procedure, may be used for procurement of such other services except when the estimated total cost will be at or over the federal threshold at which formal competitive bidding or competitive proposals are required ($150,000).

[See Food Service Program Notes below for exemption from bidding for purchases of perishable food items costing less than $150,000.]

Formal Competitive Bidding

Publicly Solicited Sealed Competitive Bids:

For construction, reconstruction, or remodeling or for the purchase of materials, goods or wares, sealed competitive bids are publicly solicited and awarded to the lowest responsible bidder as provided in Policy DJED when the total cost is estimated to be $20,000 or more.

Note: The amount at which formal competitive bidding or competitive proposals are required by federal regulations is much higher than the base amount at which the policy and state law requires competitive bidding. Therefore, the lower base amount specified by Policy DJED will be used for purchases of equipment or supplies, or for obtaining services for construction, reconstruction or remodeling costing $20,000 or more.

State law does not require bidding for the purchase of services other than for construction, reconstruction or remodeling regardless of total cost. For procurement of such other services for federally funded purposes to which the Uniform Grant Guidance applies, formal competitive bidding or competitive proposals will be used when the estimated total cost will be at or over the federal threshold of $150,000.

The federal Simplified Acquisition Threshold at which competitive bidding or competitive proposals are required is adjusted periodically by the federal government, and the threshold most recently established and published in the Federal Register shall apply if other than $150,000. (48 CFR Subpart 2.1)

©KASB. This material may be reproduced for use in the district. It may not be reproduced, either in whole or in part, in any form whatsoever, to be given, sold or transmitted to any person or entity including but not limited to another school district, organization, company or corporation without written permission from KASB.

For procurement of services costing at or over the $150,000 federal threshold other than for construction, reconstruction or remodeling, the use of competitive sealed bidding is considered feasible and appropriate when:

1. A complete, adequate, and realistic specification or purchase description is available;

2. Two (2) or more responsible bidders are willing and able to compete effectively for the business; and

3. The procurement lends itself to a firm fixed-price contract, and the selection of the successful bidder can be made principally on the basis of price.

Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs must be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of. Any or all bids may be rejected if there is a sound documented reason.

[See Food Service Program Notes below for reference to state requirements regarding contracts with food service management companies and contractors of pre-plated meals.]

Competitive Proposals

State law does not require public school entities to solicit competitive bids for services other than for construction, reconstruction or remodeling, for which competitive bidding is required if the cost will be a base amount of $20,000 or more.

Federal regulations allow the use of competitive proposals as an alternative to formal competitive bidding when conditions are not appropriate for the use of sealed bids.

In the case of services other than for construction, reconstruction or remodeling costing less than that threshold, the district may use small purchase procedures or micro-purchase procedures as applicable based on total cost. A request for proposal (RFP) process can also meet or exceed the small purchase competition requirements under state law and Policy DJED for the acquisition of services other than for construction, reconstruction or remodeling, and can be used if the total cost will be less than $150,000.

When permitted, the technique of competitive proposals is normally conducted with more than one (1) source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. Competitors' qualifications are evaluated, and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The district shall comply with other applicable state and federal law and regulations, board policy and administrative regulations or procedures regarding purchasing; the district may consult with the school solicitor or other qualified counsel in determining the required process for purchasing through competitive proposals when necessary.

If this method is used, the following requirements apply:

©KASB. This material may be reproduced for use in the district. It may not be reproduced, either in whole or in part, in any form whatsoever, to be given, sold or transmitted to any person or entity including but not limited to another school district, organization, company or corporation without written permission from KASB.

1. Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered to the maximum extent practical.

2. Proposals must be solicited from an adequate number of qualified sources.

3. There must be a written method for conducting technical evaluations of the proposals received and for selecting recipients.

4. Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.

5. Competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified is selected, subject to negotiation of fair and reasonable compensation, are allowed. The method where price is not used as a selection factor can only be used in procurement of A/E professional services and cannot be used to purchase other services through A/E firms.

Competitive proposals shall be evaluated by the Business Manager based on factors including but not limited to:

1. Cost.

   Experience of contractor.

   Availability.

   Personnel qualifications.

   Financial stability.

   Minority business, women's business enterprise, or labor surplus area firm status.

   Project management expertise.

   Understanding of district needs.

Evaluations shall be completed in a timely manner, documented and shall be reviewed by the Business Manager.

Contract/Price Analysis

The district performs a cost or price analysis in connection with every procurement action in excess of $150,000, including contract modifications. (2 CFR Sec. 200.323(a)).

©KASB. This material may be reproduced for use in the district. It may not be reproduced, either in whole or in part, in any form whatsoever, to be given, sold or transmitted to any person or entity including but not limited to another school district, organization, company or corporation without written permission from KASB.

A **cost analysis** generally means evaluating the separate cost elements that make up the total price, while a **price analysis** means evaluating the total price, without looking at the individual cost elements.

The method and degree of analysis is dependent on the facts surrounding the particular procurement situation; however, the Business Manager must come to an independent estimate prior to receiving bids or proposals. (2 CFR Sec. 200.323(a)). As part of the analysis, the Business Manager will enact established business practices which may include evaluation of similar prior procurements and a review process.

Negotiated Profit

In any procurement in which there has been no price competition, or in which a cost-analysis is performed, profit must be negotiated separately as an element of price. Accordingly, solicitations of bids, proposals or quotes shall require that bids, proposals or quotes be limited to costs other than profit, and exclude profit.

To establish a fair and reasonable profit, consideration is given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work. (2 CFR Sec. 200.323(b)).

When profit must be negotiated as a separate element of the total price, it shall be negotiated by the Business Manager.

Noncompetitive Proposals (Sole Sourcing)

Procurement by noncompetitive proposals means procurement through solicitation of a proposal from only one (1) source and may be used only when one or more of the following circumstances apply:

1. The item is available only from a single source.

2. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation. An **emergency** exists whenever the time required for the board to act in accordance with regular procedures would endanger life or property or threaten continuance of existing school classes.

3. The federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the district.

4. After solicitation of a number of sources, the district determines the competition is inadequate.

It may not be reproduced, either in whole or in part, in any form whatsoever, to be given, sold or transmitted to any person or entity including but not limited to another school district, organization, company or corporation without written permission from KASB.

In addition to standard procurement policy and procedures, the district will document the grounds for using the noncompetitive method in lieu of an otherwise required competitive method of procurement, which may include written confirmation from the contractor as the sole source of the item. Documentation must be submitted to and maintained by the district office.

All noncompetitive proposals will ultimately be approved by the board. The district may utilize legal advice regarding noncompetitive proposals.

Profit must be negotiated separately for noncompetitive proposals, and a cost or price analysis will also be performed for noncompetitive proposals when the price exceeds $150,000.

Purchase Cards

The district approves the use of procurement cards for permissible purchases by designated employees to improve the efficiency of purchasing activities, reduce processing expenses, improve controls for small-dollar purchases, and streamline contractor payment.

Procurement cards may be used for purchases under federal programs.

Full and Open Competition

All procurement transactions must be conducted in a manner providing full and open competition consistent with 2 CFR Sec. 200.319. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, or invitations for bids or requests for proposals must be excluded from competing for such procurements. Some of the situations considered to be restrictive of competition include but are not limited to:

1. Placing unreasonable requirements on firms in order for them to qualify to do business.

2. Requiring unnecessary experience and excessive bonding.

3. Noncompetitive pricing practices between firms or between affiliated companies.

4. Noncompetitive contracts to consultants that are on retainer contracts.

5. Organizational conflicts of interest.

6. Specifying only a "brand name" product instead of allowing "an equal" product to be offered and describing the performance or other relevant requirements of the procurement.

7. Any arbitrary action in the procurement process.

Minority Businesses, Women's Business Enterprises, Labor Surplus Area Firms

©KASB. This material may be reproduced for use in the district. It may not be reproduced, either in whole or in part, in any form whatsoever, to be given, sold or transmitted to any person or entity including but not limited to another school district, organization, company or corporation without written permission from KASB.

The district must take necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible. Affirmative steps must include: (2 CFR Sec. 200.321)

1. Placing qualified small and minority business and women's business enterprises on solicitation lists.

2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources.

3. Dividing total purchasing requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business and women's business enterprises.

4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses and women's business enterprises.

5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

6. Requiring the prime contractor, if subcontracts are let, to take the affirmative steps listed above.

Geographical Preferences Prohibited

The district must conduct procurements in a manner that prohibits the use of statutorily or administratively imposed state, local, or tribal geographical preferences in the evaluation of bids or proposals for purchases made with federal funds, except in those cases where applicable federal statutes expressly mandate or encourage geographic preference. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

[See Food Service Program Notes below for permissibility of geographic preferences and "Buy American" practices in purchasing certain food products]

Prequalified Lists

The district must ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, the district must not preclude potential bidders from qualifying during the solicitation period.

[See Food Service Program Notes below for reference to state requirements regarding contracts with food service management companies and contractors of pre-plated meals.]

DFAC PROCUREMENT – FEDERAL PROGRAMS
(Sample Form)

Solicitation Language

The district must ensure that all solicitations incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description must not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured and, when necessary, must set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if possible.

When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a "brand name or equivalent" description may be used to define the performance or other salient requirements of procurement. The specific features of the named brand which must be met by offers must be clearly stated; and identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

Avoiding Acquisition of Unnecessary or Duplicative Items

The district must avoid the acquisition of unnecessary or duplicative items. Additionally, consideration must be given to consolidating or breaking out procurements to obtain a more economical purchase; and, where appropriate, an analysis must be made of leases versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

These considerations are given as part of the process to determine the allowability of each purchase made with federal funds. Such considerations are accessible in the procedure to Policy DFAC: Allowability of Costs – Federal Programs.

Use of Intergovernmental Agreements and Cooperative Purchasing

To foster greater economy and efficiency, the district enters into state and local intergovernmental agreements where appropriate for cooperative purchasing or use of common or shared goods and services, as permitted by the Intergovernmental Cooperation Act**.**

When procuring supplies or services for federally funded purposes to which the Uniform Grant Guidance applies, the district shall verify that the organization conducting the procurement pursuant to such agreements complies with the applicable procurement methods, requirements, and standards of the Uniform Grant Guidance as outlined in this procedure.

Use of Federal Excess and Surplus Property

The district considers the use of federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

©KASB. This material may be reproduced for use in the district. It may not be reproduced, either in whole or in part, in any form whatsoever, to be given, sold or transmitted to any person or entity including but not limited to another school district, organization, company or corporation without written permission from KASB.

Debarment and Suspension

The district awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

[See Food Service Program Notes below for reference to state requirements regarding contracts with food service management companies and contractors of pre-plated meals.]

The district may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over $25,000 the district verifies that the contractor with whom the district intends to do business is not excluded or disqualified. (2 CFR Part 200, Appendix II, and 2 CFR Sec. 180.220 and 180.300).

All successful contractors must provide written certification that they have not been suspended or debarred from federal projects. The Business Manager will be responsible for verification. Such verification may include accessing the online federal System for Award Management (SAM) to determine whether any relevant party is subject to any suspension or debarment restrictions.

Maintenance of Procurement Records

The district must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

Maintenance of records of procurement will be governed by board Policies CN and DFAC.

Time and Materials Contracts

The district may use a time and materials type contract only: (1) after a determination that no other contract is suitable; and (2) if the contract includes a ceiling price that the contractor exceeds at its own risk. **Time and materials type contract** means a contract whose cost to the district is the sum of: the actual costs of materials, and direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit.

Since this formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, each contract must set a ceiling price that the contractor exceeds at its own risk. Further, the district must assert a high degree of oversight to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

Settlements of Issues Arising Out of Procurements

©KASB. This material may be reproduced for use in the district. It may not be reproduced, either in whole or in part, in any form whatsoever, to be given, sold or transmitted to any person or entity including but not limited to another school district, organization, company or corporation without written permission from KASB.

The district alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the district of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

Protest Procedures to Resolve Dispute

The district maintains protest procedures to handle and resolve disputes relating to procurements and, in all instances, discloses information regarding the protest to the awarding agency. Protest procedures will be acted on in accordance with current state law and regulations, board policy and administrative regulations and procedures, and the advice of the board's legal counsel.

Food Service Program Notes:

Exemption from Bidding for Perishable Food Items -

Kansas law exempts purchases of food and foodstuffs necessary for the implementation or operation of any child nutrition program from bidding requirements. Bidding for such items is required only if the cost would be at or over the federal threshold at which formal competitive bidding is required ($150,000). Small purchase procedures may be used for purchases below $150,000, or micro-purchase procedures for purchases below $3,500. Use of bidding should be considered as an option if it is feasible and likely to result in cost savings.

Geographic Preferences -

The district is permitted to apply a geographic preference when procuring unprocessed, locally grown or locally raised agricultural products. When a geographic preference is applied, the district has discretion to determine the local area to which the geographic preference option will be applied.

Unprocessed locally grown or locally raised agricultural products means only those agricultural products that retain their inherent character. The effects of the following food handling and preservation techniques shall not be considered as changing an agricultural product into a product of a different kind or character: cooling; refrigerating; freezing; size adjustment made by peeling, slicing, dicing, cutting, chopping, shucking, and grinding; forming ground products into patties without any additives or fillers; drying/dehydration; washing; packaging (such as placing eggs in cartons), vacuum packing and bagging (such as placing vegetables in bags or combining two (2) or more types of vegetables or fruits in a single package); the addition of ascorbic acid or other preservatives to prevent oxidation of produce; butchering livestock and poultry; cleaning fish; and the pasteurization of milk. 1. 2. (a) The contractor must separately identify for each cost submitted for payment to the school food authority the amount of that cost that is allowable (can be paid from the nonprofit school food service account) and the amount that is unallowable (cannot be paid from the nonprofit school food service account); or

   (b) The contractor must exclude all unallowable costs from its billing documents and certify that only allowable costs are submitted for payment and records have been established that maintain the visibility of unallowable costs, including directly associated costs in a manner suitable for contract cost determination and verification;

3. The contractor's determination of its allowable costs must be made in compliance with the applicable departmental and program regulations and Office of Management and Budget cost circulars;

4. The contractor must identify the amount of each discount, rebate and other applicable credit on bills and invoices presented to the school food authority for payment and individually identify the amount as a discount, rebate, or in the case of other applicable credits, the nature of the credit. If approved by the state agency, the school food authority may permit the contractor to report this information on a less frequent basis than monthly, but no less frequently than annually;

5. The contractor must identify the method by which it will report discounts, rebates and other applicable credits allocable to the contract that are not reported prior to conclusion of the contract; and

- Access: You have the right to look at or get copies of your PHI, with limited exceptions. You may request that we provide copies in a format other than photocopies. We will use the format you request unless we cannot practicably do so. You must make a request in writing to obtain access to your PHI when you make the request as an exercise of your HIPAA Privacy rights. Many records are available without making the request as an exercise of HIPAA Privacy rights. You may obtain a form to request access by using the contact information listed at the end of this notice. If you request copies, we will charge you a fee for the costs of copying, other supplies, and postage if you want the copies mailed to you and staff time associated with your request. For information maintained off-site in archival warehouses or that is not reasonably identifiable and accessible, we will charge the actual cost of the time and other resources required to make the information available. If you request an alternative format, we will charge a cost-based fee for providing your PHI in that format. If you prefer, we will prepare a summary or an explanation of your PHI for a fee. Contact us using the information listed at the end of this notice for a full explanation of our fee structure.
- Disclosure Accounting: You have the right to receive a list of instances in which we or our business associates disclosed your PHI for purposes other than for treatment, payment, health care operations as authorized by you, and for certain other activities since April 14, 2004, or the date coverage became effective for you, whichever is later. For example, we would account for your PHI or demographic information we disclose during an audit by a government oversight agency or pursuant to a court order. You must make your request in writing. We will provide you with the date on which we made a disclosure, the name of the person or entity to whom we disclosed your PHI, a description of the PHI we disclosed, the reason for the disclosure, and certain other information. If you request this accounting more than once in a 12-month period, we may charge you a reasonable, cost-based fee for responding to these additional requests. Contact us using the information listed at the end of this notice for a full explanation of our fee structure and how to make your request.
- Restriction: You have the right to request that we place additional restrictions on our use or disclosure of your PHI. You must make a request in writing if you wish to request additional

restrictions. You may obtain a form to request additional restriction by using the contact information listed at the end of this notice. We are not required to agree to these additional restrictions, but if we do, we will abide by our agreement (except in an emergency). Both your request and any agreement to additional restrictions must be in writing, signed by the person making the request, and (for our agreement) by a person authorized to make such an agreement on our behalf. We will not be bound unless our agreement is so stated in writing.

- Confidential Communications: You have the right to request that we communicate with you about your PHI by alternative means or to an alternative location. You must make your request in writing, and you must state that the information could endanger you if it is not communicated in confidence as you request. We must accommodate your request if it is reasonable, specifies that alternative means or location, and continues to permit us to collect premiums and pay claims under your health plan, including issuance of explanations of benefits to the subscriber of the health plan in which you participate. An explanation of benefits issued to the subscriber for health care that you received for which you did not request confidential communications or about the subscriber or others covered by the health plan in which you participate may contain sufficient information to reveal that you obtained health care, even though you requested that we communicate with you about that health care in confidence. Other transactions under the membership may also detract from the level of confidentiality you might obtain from an alternate communication or address.
- Amendment: You have the right to request that we amend your PHI. Your request must be in writing, and it must explain why the information should be amended. If you need information about making a request or amendment, contact us using the contact information listed at the end of this notice. We may deny your request if we did not create the information you want amended and the originator remains available or for certain other reasons. If we deny your request, we will provide you a written explanation. You may respond with a statement of disagreement to be appended to the information you wanted amended. If we accept your request to amend the information, we will make reasonable efforts to inform others, including giving people your name, of the amendment and to include the changes in any future disclosures of that information.
- Electronic Notice: If you receive this notice on our website or by electronic mail (e-mail), you are entitled to receive this notice in written form. Please contact us using the information listed at the end of this notice to obtain this notice in written form.

QUESTIONS AND COMPLAINTS

If you want more information about our privacy practices or have questions or concerns, please contact us using the information listed below. If you are concerned that we may have violated your privacy rights or you disagree with a decision we made about access to your PHI or in response to a request you made to amend or restrict the use or disclosure of your PHI or to have us communicate with you by alternative means or at an alternative location, you may complain to us using the contact information listed below. You also may submit a written complaint to the U.S. Department of Health and Human Services. We will provide you with the address to file your complaint with the U.S. Department of Health and Human Services upon request. We support your right to the privacy of your PHI. We will not retaliate in any way if you choose to file a complaint with us or with the U.S. Department of Health and Human Services.

Copyright Regulations and "Fair Use" Rules for Educators

Suggested Handbook Language:

In accordance with school board policy ECH, the following regulations will be observed to comply with the copyright laws of the United States.

Under the "fair use" doctrine, unauthorized reproduction of copyrighted materials is permissible for such purposes as criticism, comment, news reporting, teaching, scholarship, or research. If duplicating or altering a product is to fall within the bounds of fair use, these four standards must be met for any of the purposes:

The Purpose and Character of the Use

The use must be for such purposes as teaching or scholarship and must be nonprofit. Fair use would probably allow teachers acting on their own to copy small portions of work for the classroom, but would not allow a school system or an institution to do so.

The Nature of the Copyrighted Work

Copying portions of a news article may fall under fair use, but not copying from a workbook designed for a course of study.

The Amount and Substantiality of the Portion Used

Copying the whole of a work cannot be considered fair use; copying a small portion may be. At the same time, however, extracting a short sequence from a 16mm film may be far different from a short excerpt from a textbook, because two or three minutes out of a 20-minute film might be the very essence of that production and thus outside fair use. Under normal circumstances, extracting small amounts out of an entire work would be fair use, but a quantitative test alone does not suffice.

The Effect of the Use Upon the Potential Market for or Value of the Copyrighted Work

If resulting economic loss to the copyright holder can be shown, even making a single copy of certain materials is an infringement, and making multiple copies can result in greater penalties.

Prohibited Practice

No one may make multiple copies of a work for classroom use if it has already been copied for another class in the same institution; make multiple copies of a short poem, article, story, or essay from the same author more than once in a class term, or make multiple copies from the same collective work or periodical issue more than three times a term; make multiple copies of works more than nine times in the same class term; make a copy of works to take the place of an anthology; and may not make a copy of "consumable" materials, such as workbooks.

©KASB. This material may be reproduced for use in the district. It may not be reproduced, either in whole or in part, in any form whatsoever, to be given, sold or transmitted to any person or entity including but not limited to another school district, organization, company or corporation without written permission from KASB.

Permitted Practice

A teacher may make--for use in scholarly research, in teaching, or in preparation for teaching a class--a single copy of the following: a chapter from a book; an article from a periodical or newspaper; a short story, short essay, or short poem (whether or not from a collected work); a chart, graph, diagram, drawing, cartoons, or picture from a book, periodical, or newspaper; may make (for classroom use only and not to exceed one per student in a class) multiple copies of the following: a complete poem (if it has fewer than 250 words and is printed on not more than two pages), an excerpt from a prose work (if the excerpt has fewer than 1,000 words or 10 percent of the work, whichever is less) and one chart, graph, diagram, cartoon, or picture per book or periodical.

A library may, for interlibrary-loan purposes, make up to six copies a year of a periodical published within the last five years, make up to six copies a year of small excerpts from longer works, make copies of unpublished works for purposes of preservation and security, and make copies of out-of-print works that cannot be obtained at a fair price.

Guidelines for Off-Air Recording of Broadcast Programming for Education Purposes

A broadcast program may be recorded off-air simultaneously with broadcast transmission (including simultaneous cable retransmission) and retained for a period not to exceed the first 45 consecutive calendar days after date of recording. Upon conclusion of such retention period, all off-air recordings must be erased or destroyed immediately.

Off-air recordings may be used once by individual teachers in the course of relevant teaching activities and repeated once, only when instructional reinforcement is necessary, in classrooms and similar places devoted to instruction within a single building, cluster, or campus, as well as in the homes of students receiving formalized home instruction, during the first 10 consecutive school days in the 45 calendar day retention period. "School days" are school session days--not counting weekends, holidays, vacations, examination periods, or other scheduled interruptions--within the 45 calendar day retention period.

Off-air recordings may be made only at the request of, and used by, individual teachers and may not be regularly recorded in anticipation of requests. No broadcast program may be recorded off-air more than once at the request of the same teacher, regardless of the number of times the program may be broadcast.

A limited number of copies may be reproduced from each off-air recording to meet the legitimate needs of teachers under these guidelines. Each such additional copy shall be subject to all provisions governing the original recordings.

After the first 10 consecutive school days, off-air recordings may be used up to the end of the 45 calendar day retention period only for evaluation purposes by the teacher, i.e., to determine whether or not

to include the broadcast program in the teaching curriculum. They may not be used for student exhibition or any other nonevaluation purpose without authorization.

Off-air recordings need not be used in their entirety, but the recorded programs may not be altered from their original content. Off-air recordings may not be physically or electronically combined or merged to constitute teaching anthologies or compilations.

All copies of off-air recordings must include the copyright notice on the broadcast programs as recorded.

Computer Software

District employees may make a back-up copy of computer programs as permitted by current federal law. Back-up copies may be used for archival purposes only, and all archival copies shall be destroyed in the event that continued possession of the computer program should cease to be rightful.

When software is used on a disk-sharing system, efforts shall be made to secure this software from copying.

Illegal copies of copyrighted programs shall not be made or used on school equipment.

SAMPLE: FAMILY AND MEDICAL LEAVE PLAN

Family and medical leave as required by federal law shall be granted for a period of up to 12 weeks during a 12-month period. For purposes of this policy, a 12-month period shall be defined as a fiscal year beginning on July 1 and ending the following June 30. Spouses employed by the district may only take an aggregate of 12 weeks of leave for the birth or adoption of a child within a 12-month period.

Leave is available for the following:

(1) the birth of a son or daughter of the employee and to care for the newborn child;
(2) the placement of a son or daughter with the employee for adoption or foster care and to care for the newly placed child;
(3) to allow the employee to care for the employee's spouse, son, daughter, or parent with a serious health condition;
(4) a serious health condition of the employee that makes the employee unable to perform the functions of his or her job;
(5) any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a covered military member on active duty (or has been notified of an impending call or order to achieve active duty) in support of a contingency operation; and
(6) the need to care for a covered service member with a serious injury or illness if the employee is the spouse, son, daughter, parent, or next of kin of the service member. Eligible employees are, for reason (6) only, entitled to a combined total of 26 work weeks of leave during a 12-month period.

(Leave for reason 1 or 2 must be taken within 12 months of the date of birth or placement of the child.)

This leave shall normally be unpaid leave. However, if the employee has any paid vacation, personal, or sick leave that is available for use because of the reason for the leave, the paid leave shall be used first and counted toward the annual family and medical leave. The superintendent or designee will notify the employee of the beginning date of family and medical leave and the amount of the employee's accrued paid leave designated as family and medical leave.

The employee is eligible for family and medical leave if he or she has been employed by the district for at least 12 months and has worked at least 1,250 hours during the 12-month period immediately preceding the commencement of the FMLA leave.

During the period of any unpaid family and medical leave, the board shall continue to pay the employer's share of the cost of group health benefits in the same manner as paid immediately prior to the leave. Any employee portion of the cost shall be paid by the employee to the clerk of the board on the payroll date or other time as the employee and superintendent may agree prior to the commencement of the leave. The board may terminate group health coverage if

the employee's portion of the payment is not received within 30 days of the due date, so long as written notice of the delinquency in payment and the notice of intent to terminate coverage are sent at least 15 days prior to the termination.

When leave is foreseeable, the employee shall give written notice 30 days in advance. If leave is not foreseeable, notice will be given as soon as is practicable.

Upon the employee providing notice of need for leave, the employer will notify the employee of the following within 5 business days, absent extenuating circumstances:

a. whether or not the employee is eligible for FMLA leave; the reasons that leave will or will not count as family and medical leave,
b. any requirements for medical certification,
c. employer requirement of substituting paid leave,
d. requirements for premium payments for health benefits and employee responsibility for repayment if employer pays employee share,
e. right to be restored to same or equivalent job, and
f. any employer required fitness-for-duty certifications.

Family leave (reasons 1 or 2) may not be used intermittently or on a part-time basis without the prior approval of the superintendent or designee.

The superintendent may require an instructional employee to continue leave until the end of a semester if the leave begins more than five (5) weeks before the end of a semester, lasts more than three (3) weeks, and the return would occur during the last three (3) weeks of the semester.

If the leave is for a reason other than the employee's serious health conditions or for a qualifying exigency as described in section (5) above, the superintendent may require an instructional employee to continue leave until the end of a semester, if:

1. the leave begins in the last five (5) weeks of a semester, will last more than two (2) weeks and the return to work would occur in the last two (2) weeks of a semester, or

2. the leave begins in the last three (3) weeks of a semester, and lasts more than five (5) days.

2) consider student-centered factors related to the child's or youth's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or (in the case of an unaccompanied youth) the youth;
3) if, after conducting the best interest determination based on consideration of the presumption in clause (1) and the student-centered factors in clause (2), it is determined that it is not in the child's or youth's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, provide the child's or youth's parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal such determination; and

Homeless Children and Youths with Disabilities

District Homeless Student Liaison

The board annually designates an employee to act as the district's homeless student liaison. The district homeless student liaison shall ensure:

6) public notice of the educational rights of homeless children and youths is disseminated in locations frequented by parents or guardians of such children and youths, and unaccompanied youths, including schools, shelters, public libraries, and soup kitchens, in a manner and form understandable to the parents and guardians of homeless children and youths, and unaccompanied youths;
7) enrollment disputes are mediated in accordance with these regulations;

8) the parent or guardian of a homeless child or youth, and any unaccompanied youth, is fully informed of all transportation services, including transportation to the school of origin, and is assisted in accessing transportation to the school that is selected;

9) school personnel providing services under these regulations receive professional development and other support; and

10) unaccompanied youths:

   a. are enrolled in school;

   b. have opportunities to meet the same challenging state academic standards as Kansas establishes for other children and youth; and

   c. are informed of their status as independent students under federal law regarding student financial assistance for higher education acquisition and that the youths may obtain assistance from the district homeless student liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid.

The liaison shall also work with the state coordinator for education of homeless children and youth to request and receive needed technical assistance and monitoring to ensure the district complies with federal and state law regarding homeless students. Similarly, the liaison will coordinate with the state coordinator in order to provide professional development opportunities for district personnel to aid them in identifying and meeting the needs of homeless children and youths and will respond to inquiries from parents, guardians, and homeless children and youths to ensure they are provided with the full protection of the law and services they are due.

Notice

The district shall inform school personnel, service providers, advocates working with homeless families, parents and guardians of homeless children and youths, and homeless children and youths of the duties of the district homeless student liaison, and publish annually updated contact information for the liaison on the district's website.

Local and State Coordination

The district homeless student liaison, as a part of assigned duties, shall coordinate and collaborate with state coordinators, the community, and school personnel responsible for the provision of education and related services to homeless children and youths. Such coordination shall include collecting and providing to the state coordinator the reliable, valid, and comprehensive data.

Homeless Status

The district homeless student liaison may affirm, without further agency action by the Department of Housing and Urban Development, that a child or youth who is eligible for and participating in a program provided by the district, or the immediate family of such a child or youth, who meets the eligibility requirements, is eligible for such program or service.

Dispute Resolution Process

A complaint regarding the placement or education of a homeless child or youth shall first be presented orally and informally to the district's homeless student liaison. If the complaint is not promptly resolved, the complainant may present a formal written complaint (grievance) to the homeless student liaison. The written complaint must include the following information: date of filing, description of concerns, the name of the person or persons involved, and a recapitulation of the action taken during the informal charge stage. Within five

(5) working days after receiving the complaint, the liaison shall state a decision in writing to the complainant, with supporting evidence and reasons. In addition, the liaison will inform the superintendent of the formal complaint and the disposition.

Transportation (See EDAA, JBC and JGG)

If it is in the best interest of the homeless child or youth to attend the school of origin, transportation to and from that school will be provided at the request of the parent or guardian or, in the case of an unaccompanied youth, the homeless coordinator. If the student's temporary housing is outside the attendance area of the school of origin, then the district will work with the school of origin to agree on a method to apportion the responsibility and costs for transporting the child. If an agreement cannot be reached, the costs will be shared equally.

Foster Care Student Regulations
To Aid in Implementation of Federal Law

NOTE: This document MUST be approved by board action to become policy. File with clerk, distribute to principals, and duplicate as necessary in district newsletters and other documents.

The Every Student Succeeds Act (ESSA) addresses additional protections for students in foster care and establishes a system of joint responsibility for school districts, the Kansas State Department of Education (KSDE), and the Kansas Department for Children and Families (DCF) to ensure the educational stability of students in foster care.

For the purposes of these regulations, foster care means 24-hour substitute care for children placed away from their parents and for whom a child welfare agency has placement and care duties. This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child-care institutions, and pre-adoptive homes.

Transportation of Students in Foster Care

ESSA requires each Kansas school district to collaborate with child welfare agencies, such as DCF and tribal child welfare agencies, to develop and implement clear, written procedures for how transportation to maintain a student in foster care in his or her school of origin (when in the student's best interest) will be provided, arranged, and funded. The procedures must ensure that the transportation will be provided promptly, in a cost-effective manner, and in accordance with federal law. Also, they must address how additional costs will be absorbed. Therefore, if there are any additional costs incurred to maintain a foster care student in his or her school or origin, the district will provide the

transportation if:

1. DCF agrees to reimburse the district for the additional costs;
2. The district agrees to pay the additional costs; or
3. DCF and the district split the additional costs.

Upon request, the district will provide an assurance to KSDE that the district has transportation procedures meeting the above requirements.

Additional Costs

Additional costs reflect the difference between what the district would spend to transport a student to the assigned school and the cost of transporting a student in foster care to his or her school of origin. Title I, Part A funds may be used to pay for additional transportation costs in Title I districts.

School of Origin

The school of origin is the school in which a student is enrolled at the time of placement in foster care or of a change in placement. A student in foster care is entitled to remain enrolled in his or her school of origin unless it is determined not to be in the student's best interest to stay at that school.

Best-Interest Determination

DCF will make the final decision regarding whether it is in a student's best interest to remain in the school of origin. District staff may be asked to provide information on the "educational best interest" of the student to support educational decision-making based on what is best for the student academically. For students receiving special education and related services under the Individual with Disabilities Education Act or for students on Section 504 accommodation plans, it is recommended that relevant team members should be consulted in the best interest determination process, as the district will still be required to ensure compliance with Least Restrictive Environment requirements.

It may not be reproduced, either in whole or in part, in any form whatsoever, to be given, sold or transmitted to any person or entity including but not limited to another school district, organization, company or corporation without written permission from KASB.

The United States Department of Education has provided a list of factors that may be considered in determining the student's educational best interest, which include appropriateness of the current setting, proximity of placement to school attendance centers, the child's preference, the parents' preference, the child's attachment to the school of origin, where siblings will be placed, and the availability of needed services. The best-interest determination may not be made based on transportation costs or funding.

District Foster Care Liaison

The district foster care liaison is a district employee who facilitates the enrollment in or transfer to a public school of a student in the district who is a ward of the state. The district's foster care liaison is considered the designated point of contact for collaboration with DCF on transportation procedures.

Child Welfare Agency

In Kansas, DCF is the regular child welfare agency for collaboration on transportation procedures. The Child Protective Services (CPS) division of DCF will typically be the division that works with the district on issues related to students in foster care; however, tribal child welfare agencies may also be involved with this process. Therefore, whenever DCF is used in these regulations, it may be deemed to apply to any child welfare agency based on the circumstances.

Child Welfare Contact

The district, if receiving Title I, Part A funds, must collaborate on transportation procedures with the DCF-designated contact if DCF notifies the district in writing that DCF has designated an employee to serve as a point of contact for the district.

USD 234 Bullying Plan

(Also see Policies GAAE and JDDC)

Bullying means: Any intentional gesture or any intentional written, verbal, electronic, or physical act or threat either by any student, staff member, or parent towards a student or by any student, staff member, or parent towards a staff member that is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment that a reasonable person, under the circumstances, knows or should know will have the effect of:

- Harming a student or staff member, whether physically or mentally;
- Damaging a student's or staff member's property:
- Placing a student or staff member in reasonable fear of harm; or
- Placing a student or staff member in reasonable fear of damage to the student's or staff member's property.

Bullying also includes cyberbullying. "Cyberbullying" means bullying by use of any electronic communication device through means including, but not limited to, e-mail, instant messaging, text messages, blogs, mobile phones, pagers, online games, and websites.

Additionally, bullying means any form of intimidation or harassment prohibited by the board of education of the school district in policies concerning bullying adopted pursuant to K.S.A. 72- 6147 or subsection (e) of K.S.A. 72-1138, and amendments thereto. USD 234 will not tolerate these actions by students, staff, or parents.

For the purposes of this plan and its authorizing policies, "parent" includes a biological, adoptive, or step-parent; guardian; custodian; or other person with authority to act on behalf of a student.

Similarly, a "staff member" means any person employed by the district.

Any act of bullying by either an individual student or group of students towards a student or staff member of the district is prohibited on or while utilizing school property, in a school vehicle, or at school-sponsored activities, programs, and events. This policy applies to students who directly engage in an act of bullying to students who, by their behavior, support another student's act of bullying, and to all staff members and parents who engage in similar behaviors.

Training concerning identifying, reporting, investigating, and preventing bullying behaviors as outlined in district policies and this plan shall be provided to students and staff members using district resources

available for such purpose and shall be provided through school assemblies, staff development, or other appropriate forums at least annually.

The board or the district administration, on behalf of the board, may seek student, staff, parent, and/or community input on the adoption, revision, and/or implementation of the board's bullying policies or plan as directed or approved by the board.

No teacher, administrator, or school district employee shall engage in, permit, or tolerate bullying.

Retaliation against a victim, good faith reporter, or a witness to bullying is prohibited. A student or staff member who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying, shall be subject to discipline in accordance with school district policy and procedures. The school administration and/or board may take into account the following factors when determining an appropriate disciplinary action for such prohibited conduct: the ages of the parties involved; the developmental and maturity levels, special education needs of the parties involved, and the severity of the behavior.

Discipline guidelines for student bullying may be found in student and employee handbooks. Offenses over time or single offenses which are severe in nature may result in discipline up to and including suspension and/or expulsion or termination from employment. Parents participating in prohibited bullying conduct aimed at district students and/or staff members may jeopardize their access to district facilities; district property; school-sponsored activities, programs, and events; and/or district students and/or staff members through the district's communication systems. As appropriate, reports to local law enforcement will be filed to report criminal bullying behaviors. (See Policies EBC, GAAC, GAACA, JGEC, JGECA, and KN)
