Congratulations Class of 2026 Valedictorian

Congratulations to our Class of 2026 Valedictorian, Allison LaPoint! Allison's dedication, perseverance, and commitment to academic excellence have earned her this well-deserved honor. Throughout her high school career, she has demonstrated an outstanding work ethic, a passion for learning, and leadership both in and out of the classroom. The Northern Adirondack Central School community is incredibly proud of all she has accomplished and looks forward to seeing what the future holds for her. Before graduation, we caught up with Allison for a brief Q&A to reflect on her high school experience and celebrate this achievement.

What about Northern Adirondack are you most appreciative and thankful for?

The collection of faculty and staff in all buildings who donate personal time towards the betterment of students truly makes NAC wonderful. Their dedication to improving the lives of students and making the school a brighter place leaves an immense impact on the students who attend.

What is your favorite memory from your time at NAC?

At NAC, I loved playing sports and participating in as many clubs as the high school had to offer. Drama Club and Volleyball especially created some of my favorite memories of my time here.

What makes this senior class special?

This senior class has exceptional drive and perseverance. There have been many obstacles over the years, and we've managed to overcome every one. Between college bound seniors and those entering into a trade, the members of this class are driven, and I have no doubt we will succeed.

Congratulations Class of 2026 Top 10%

Annual Water Safety Notice to Parents

In accordance with New York State Education Law §926, Northern Adirondack Central School District is required to provide parents and guardians with annual information regarding water safety, drowning prevention, and safe and healthy swimming.

Water safety is everyone's responsibility. Whether your family enjoys pools, lakes, rivers, beaches, or other waterways throughout the year, taking a few simple precautions can help prevent accidents and save lives.

We encourage families to:

- Closely supervise children whenever they are in or near water.
- Help children learn basic water safety and swimming skills.
- Ensure children wear properly fitted life jackets when boating or participating in water activities.
- Choose bright-colored swimwear to increase visibility in the water.
- Follow all posted rules and safety instructions at pools, beaches, and waterfront areas.
- Never allow children or adults to swim alone.
- Consider any medical conditions, such as seizure disorders or heart conditions, before participating in water activities.
- Stay out of the water during storms or when lightning is present.
- Teach children to avoid unsafe or unsupervised bodies of water.
- Be prepared for emergencies and know how to call 911 if assistance is needed.

The New York State Department of Health also provides valuable resources for families on water safety and drowning prevention. We encourage you to review the following information:

Safe and Healthy Swimming: https://www.health.ny.gov/environmental/outdoors/swimming/
Safe Swimming Tips for Everyone (PDF): https://www.health.ny.gov/publications/3112.pdf
Thank you for taking the time to review this important information. By working together, we can help ensure that all children remain safe while enjoying water activities throughout the year.
