Asbestos Report Available for Your School
2025-2026 School Year

Dear Parents/Guardians, School Staff, Temporary Workers and or Contractors:

The purpose of this notification is to make parents of registered students, faculty, and staff aware that the Southwest Leadership Academy Charter School has engaged Indoor Environmental Concepts, LLC as an environmental consultant regarding compliance with the Asbestos Hazard Emergency Response Act (AHERA), 40 CFR Part 763. This law requires each Local Education Agency (LEA) engage certified individuals to inspect all school buildings for the presence of asbestos containing material (ACM) and develop an Asbestos Management Plan.

The AHERA Management Plan provides a description of the location, quantity, and condition of all ACM found in each building. The plan is available for review by interested parties in the school office (7101 Paschall Avenue) during normal business hours.
