BHASD Community Bike Build Project Sponsorship Request

Dear Community Partner,

Each year, as BHASD prepares to welcome students back for a new school year, our staff participates in a community service project that allows us to come together in support of our community. This tradition serves as a powerful reminder that education extends beyond the classroom and that strong schools are built through strong community partnerships.

As we kick off the 2026-2027 school year, we are excited to launch our **Community Bike Build Project** that will occur on the afternoon of **Tuesday, August 18, 2026**. During this event, faculty, staff, and community volunteers will work together to assemble bicycles that will be provided to local children, families, and community members throughout the school year.

The goal of this project is to give back by creating greater opportunities for **health, wellness, recreation, and transportation** throughout our community. We recognize that access to a bicycle can provide much more than a means of transportation—it can encourage physical activity, support healthy lifestyles, foster family engagement, and create lasting memories. Through this initiative, we hope to place bicycles and safety equipment into the hands of those who can benefit most.

To make this project a success, BHASD has partnered with Jason's Bikes. In addition, we are seeking sponsorships from local businesses and community organizations. Donations of any amount are greatly appreciated and will directly support the purchase of bicycles and safety equipment. All donors will be recognized for their generosity and commitment to supporting the health and well-being of our community.

Sponsorship Levels:

- **$250** – Youth Bicycle
- **$150** – Toddler Pedal or Balance Bicycle
- **$25** – Bicycle Helmet
- **Any Dollar Amount Donation** – Contributions of any size will help support the cost of additional bicycles

We believe that strong communities are built through partnerships, and we hope you will consider joining us in this meaningful effort. Together, we can provide lasting opportunities for exercise, recreation, and transportation while making a positive impact on the lives of local families.

If you would like to contribute or learn more about the project, please contact Mrs. Carly Knecht at carkne@bhasd.org or by phone at 610-682-5100 ext 1203.

Thank you for your consideration and for your continued support of our community. We look forward to partnering with you to make this event a success.

Sincerely,

BHASD Administration
