GRANT AND DONATIONS SUPPORT FIRE TRANING FACILITY

The Morenci Fire Department has received a grant to support improvements to its Burn Lab training facility. The funds will be used to purchase a multi-zone temperature monitoring system, add a third story to the facility, and install guard rails and staircases, enhancing safety and training capabilities. To date, the Burn Lab project has been funded entirely through donations and community support. The Department extends its sincere gratitude to Mr. Dillon and his Foundation for their generosity.

In addition to the grant, the Department recently received a donation of three storage sheds from Lowe's of Adrian, Michigan. The sheds were transported to Morenci with assistance from Micah Borton and Tamco Trucking and Adrian Mechanical, which provided a Lull telehandler to load the sheds, and Colin Richardson of the Morenci Department of Public Works, who unloaded the sheds and helped with installation.

These contributions help the Morenci Fire Department enhance its training capabilities and continue providing high-quality instruction for its firefighters. The Department is grateful to Mr. Dillon and his Foundation, Lowe's of Adrian, and all local partners who assisted with this effort. Their generosity and collaboration reflect the strength and commitment of the Morenci community.

SMALL BUSINESS SATURDAY

The Morenci Downtown Development Authority will celebrate Small Business Saturday on November 29, inviting residents and visitors to shop local and support the small businesses that keep the community thriving.

In its fourth year, the event will feature sales, specials, and giveaways at shops throughout the downtown district. It is part of a national effort to highlight the role of small businesses in building strong local economies and lasting community connections.

Shopping local is more than a purchase; it is an investment in neighbors, friends, and local entrepreneurs. Dollars spent at small businesses circulate back into the community through wages, supplies, and charitable giving. According to the American Independent Business Alliance, for every $100 spent at a locally owned business, about $48 stays in the local economy, compared to just $14 when the same amount is spent at a national chain. That difference supports local jobs, services, and reinvestment.

Small businesses also give back in big ways. National surveys show that nine out of ten small business owners donate to local schools, youth programs, and charities, and more than three-quarters volunteer their time to community causes.

"When you support a small business, you're helping a neighbor put food on the table, sponsoring a school activity, and keeping our downtown vibrant," said Morenci DDA Chair Chelsea Craig.

Residents are encouraged to visit downtown, explore the shops, and discover what makes Morenci's local businesses unique. Support local, shop small, and make a big difference this holiday season.

A full listing of specials is included on the opposite page.
