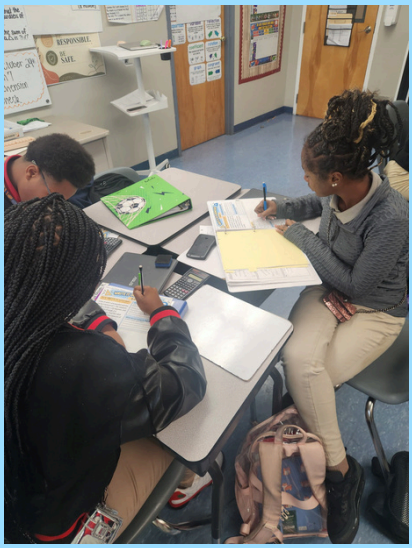
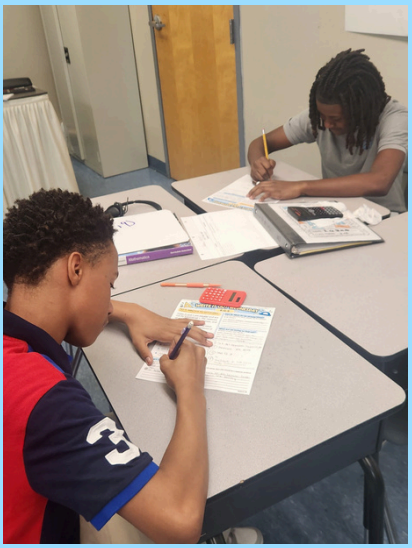
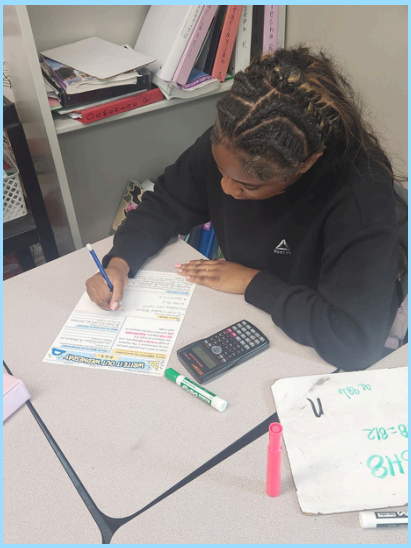
Write It Out Wednesday







As part of our strategic district-wide focus on writing, math students at **East Feliciana STEAM Academy** went beyond solving for missing angle measures by writing detailed explanations of their mathematical thinking. Using appropriate mathematical vocabulary, students identified angle relationships, justified their solutions, and explained the reasoning behind each step. This activity strengthened students' ability to communicate mathematical concepts through clear, organized, and evidence-based writing.

Congratulations to our **East Feliciana High School** football team on clinching the **Class 1A District 9 Championship** with their 22-6 victory over Kentwood on Friday. We are proud of our student athletes and their coaches for their consistent commitment to excellence every day, and we stand behind you as one community! 💛💙🐯

Red Ribbon Week

in East Feliciana Public Schools

Last week in East Feliciana Public Schools, students learned more about making safe and responsible decisions and celebrated their shared commitment to building healthy communities as part of Red Ribbon Week. Thank you to our student leaders in the East Feliciana High School SADD Club for taking the lead on this event!
