Dr. Tracolya Green, Superintendent

Dear Parent/Guardian:

Many states, including Georgia, in the past several years have passed laws with the intent of increasing the awareness of human trafficking and sexual abuse.

The requirements of Senate Bills 401 and 287 direct schools to provide an age-appropriate curriculum to all students relating to prevention and reporting of abuse. The purpose of the lessons is to provide students with tools needed for personal safety and reducing their risks of being a victim.

The program is aimed at educating and empowering students. We want to provide your student with the knowledge and skills to use if ever affected by abuse and empower them to be safe.

Lessons in our school will be taught on 4/15/26 during advisory. You may request to review lesson materials. Those materials will be available at both front offices (10-12 building and 9th Grade Center). Please contact the Director of School Counseling, Mrs. Keisha Walker, if you have any follow-up questions.

*All students will participate in sexual abuse prevention lessons unless you indicate you do NOT want your child to participate.

Please sign below and return ONLY if you DO NOT WANT YOUR CHILD TO PARTICIPATE.

-----PLEASE RETURN BOTTOM PORTION BY 3 PM on 4/13/26!
