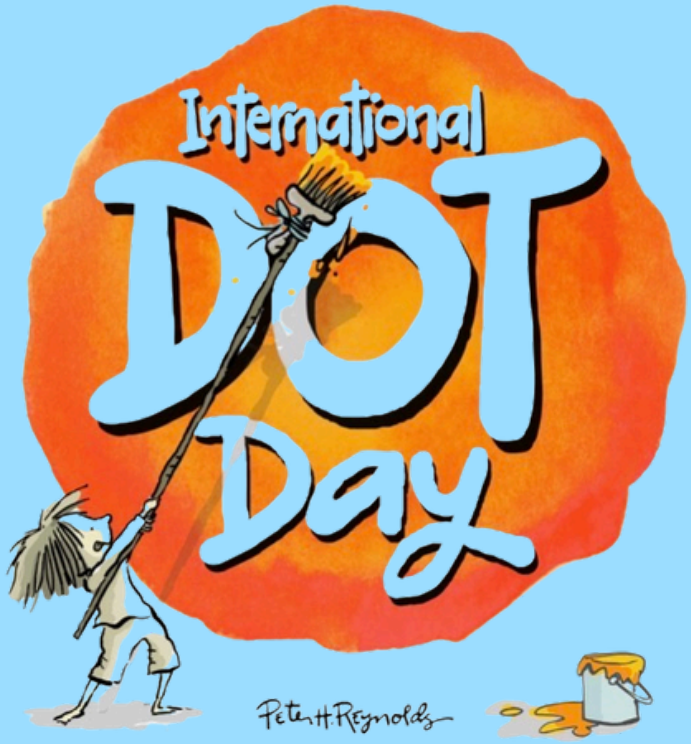
East Felicitations

Volume 7, Issue 8 - September 21, 2026

The Official Weekly Newsletter of East Feliciana Public Schools

Celebrating Creativity!

Last week, elementary students in East Feliciana Public Schools observed **International Dot Day**! This day is a celebration of creativity, confidence, and self-expression. Inspired by *The Dot* by Peter H. Reynolds, students were encouraged to discover their creativity, share their ideas, and understand that even a small idea or action can make a BIG difference.



Alumni Spotlight

Destiny Harrell, member of the East Feliciana High School Class of 2018, joined us this week for the **EFHS College, Career, and Transition Fair.** Destiny was recruiting for **Alcorn State University,** where she serves as a residential community coordinator and has earned both a bachelor's and master's degree.

One creative action can make a BIG difference!

Ready for College, Career, and Beyond!

Last week, students from East Feliciana Middle School, East Feliciana STEAM Academy, East Feliciana High School, and other schools across the region participated in a College, Career, and Transitional Fair at EFHS! Hosted by our Exceptional Student Services Department, this event empowered ALL students to explore the wide world of postsecondary opportunities!

Thank you to all our guests!

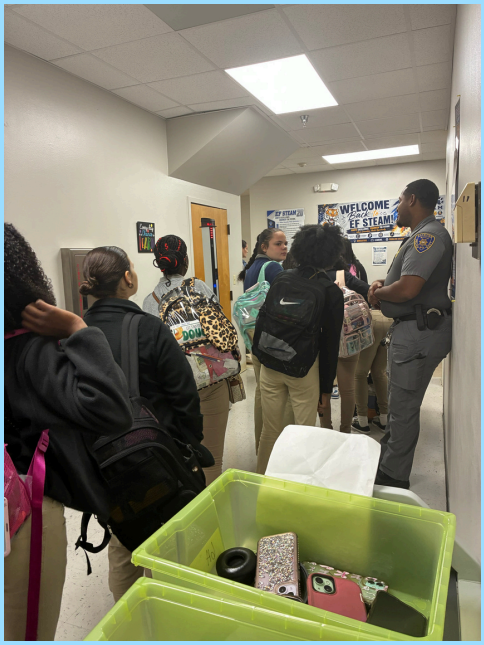
Supporting Our Students!

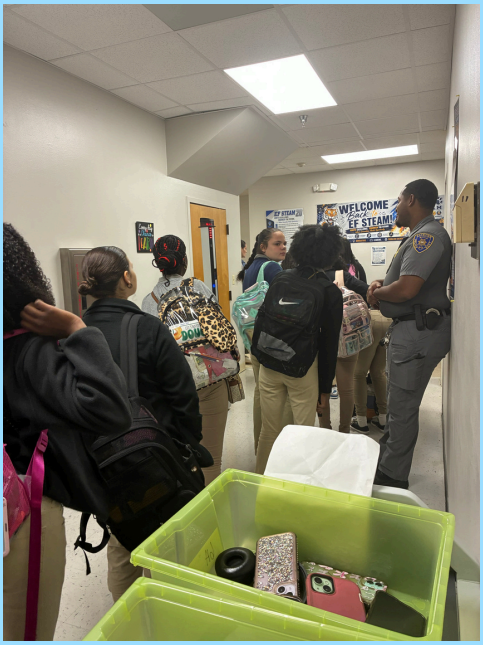
The East Feliciana Public Schools Operations Department wishes to thank our school-based staff members for joining them this week in supporting our East Feliciana High School football, cheer, and band members on Friday night during the Tigers' victory against Slaughter Community Charter School! Thank you to our operations team for organizing this special evening of fellowship!

Spotlight on Safety at EF STEAM

The safety and well-being of our students is our top priority from the moment they arrive on campus. Each morning at East Feliciana STEAM Academy, our students are welcome by a member of staff and guided through a few simple safety procedures designed to help keep our campus secure and our students ready to learn.

Students turn in their phones to minimize distractions, walk through our metal detectors, and complete a book sack check before beginning their school day. These procedures are an important part of creating a safe, structured and focused learning environment for everyone.





PBIS Spotlight: CES

Clinton Elementary School's Lion Cubs dressed in camouflage for their PBIS Kickoff as the school went "hunting for good behavior"! Students celebrated the positive choices that help CES thrive: being respectful, responsible, safe, and ready to learn. The day included a visit with Pride and a sweet ice cream treat for our students.
