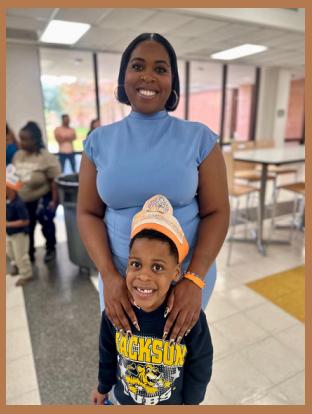
Monday, January 4

2026-27 District Calendar

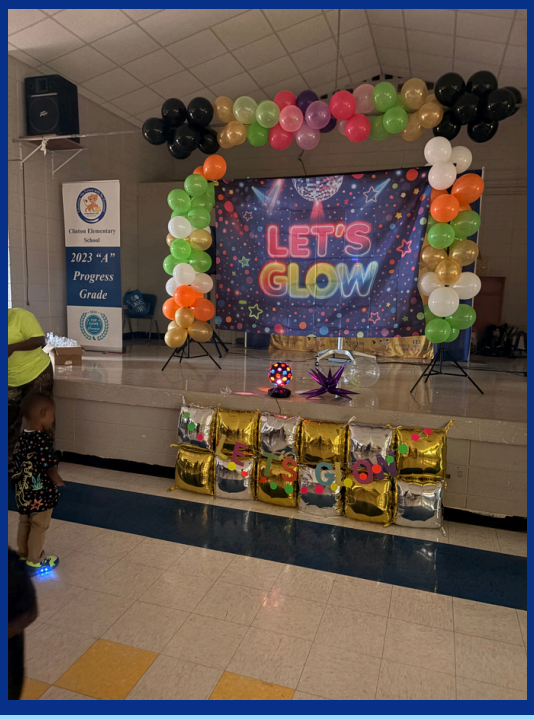
Thankful for Food, Fellowship, and Family

Thank you to our incredible Child Nutrition Program team for preparing a delicious Thanksgiving feast, and thank you to our dedicated families for joining us to celebrate the holiday season with your children!



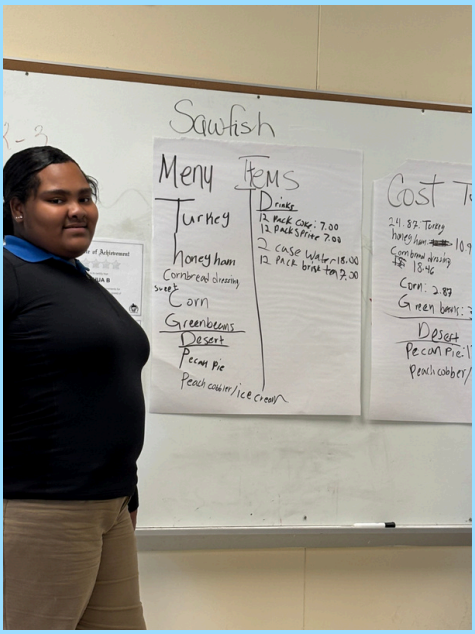
Glowing and Growing Together at CES!

This month, the PBIS Committee at Clinton Elementary School celebrated great behavior and citizenship with a special glow party for students!



Building Financial Literacy at EFMS

Students enrolled in financial literacy at **East Feliciana Middle School** are not only earning high school credit, they're also building critical financial planning skills! This month, they used technology, mathematics, and advertisements from local stores to plan a cost-conscious but delicious "Friendsgiving" meal!



*Fourth grade students at **Slaughter Elementary School** visited the Louisiana Art & Science Museum in Baton Rouge to explore interactive exhibits and engage in hands-on learning experiences that brought science, art, and history to life!*

Third grade students at **Slaughter Elementary School** have been working hard during intervention time to practice how to identify and highlight main ideas in reading passages. This important skill helps strengthen reading comprehension and supports academic growth across all subject areas. Targeted intervention and acceleration for all students based on their specific needs is a key initiative in our district's strategic plan.
