September 24, 2026

Dear Carroll Families,

The safety and well-being of our students and staff remain the highest priority of Carroll Consolidated Schools. I am writing to provide accurate information regarding a report received by high school administration on Tuesday, September 22, 2026, concerning an alleged threat by one student to harm another student, including a report of possible access to weapons.

Upon receiving the report, school administration immediately began an investigation in cooperation with law enforcement. Based on the information and evidence available to school administration and law enforcement, there is no evidence at this time that a threat was made, and the allegation remains unsubstantiated.

We are aware of rumors and stories circulating among students and families regarding an alleged active threat. At this time, the information being shared has been secondhand in nature, with no direct witnesses identified who can substantiate the alleged threat. As a result, these reports are considered hearsay or rumors and have not been verified.

Carroll Consolidated Schools takes every report involving the safety of our students and staff seriously. We will continue to work closely with law enforcement, monitor the situation, and take appropriate action should credible new information become available.

Based on the information currently available, Carroll Consolidated Schools will be in session as normal tomorrow, Friday, September 25, 2026.

We encourage families to rely on official communications from Carroll Consolidated Schools and to avoid sharing unverified information, as rumors can cause unnecessary concern and may interfere with the ability of school and law enforcement officials to appropriately investigate reports.

Thank you for your continued partnership in keeping our schools safe. We will communicate any significant new information to families through official school channels.

Sincerely,

Keith Thackery

Keith Thackery
Superintendent
