February 11, 2026

Dear Parents, Families, and Community Members,

Marlette Community Schools is pleased to share our 2024-25 Annual Education Report (AER), which provides important information about our district's educational performance and progress. The AER is required by the Michigan Department of Education and is designed to give families and the community a clear picture of how our schools are serving students.

Our staff is available to help you understand this information. Please contact Julie Quade at jquade@marletteschools.org for assistance. The district AER can be reviewed electronically at www.marletteschools.org or in person at your child's school office. Each school will also share its own AER on the district website.

The report includes information on:

- **Student Achievement:** Performance on local and state assessments, including NWEA MAP testing, which helps teachers tailor instruction to meet individual student needs.
- **Graduation Rates and Attendance:** Data showing student progress and overall engagement.
- **Teacher Qualifications:** Including the number and percentage of inexperienced teachers, emergency or provisional credentials, and teachers working outside their certified areas.
- **School Improvement Efforts:** Strategies to support students and improve learning outcomes.
- **School Climate and Safety:** Civil rights data and initiatives to maintain a safe, welcoming environment.

For the 2024-25 school year, both Marlette Jr./Sr. High School and Marlette Elementary were not assigned any ESSA status labels. Our focus continues to be accelerating achievement for all students through rigorous instruction, data-driven strategies, and restorative practices that promote a safe and positive learning environment.

At Marlette Community Schools, our mission is to provide comprehensive education for the whole student while fostering a secure and nurturing learning environment. We deeply value our collaborative partnerships with families and community members, and we are grateful for your ongoing support as we work together to ensure the success of every student.

Sincerely,
James B. Marshall
Superintendent
Marlette Community Schools
