Maine School Administrative No. 33 CONTINUING TECHNOLOGY PROGRAM PARTICIPATION AGREEMENT

Students and their families are expected to handle and utilize the laptops with due care. The laptops are only to leave the school premises upon being signed out pursuant to the guidelines instituted by Maine School Administrative No. 33, and all rules and recommendations are to be fully complied with. Please recognize that these units are your responsibility while the student is using them.

We are also requiring the purchase of mandatory self-insurance to cover accidental damage, ordinary and normal wear and malfunction, and maintenance of the laptop computers. THIS COVERAGE WILL NOT INCLUDE WILLFUL, INTENTIONAL OR MALICIOUS DAMAGE OR USE OF THESE COMPUTERS. ANY SUCH MISUSE OR DAMAGE WILL BE THE FULL FINANCIAL RESPONSIBILITY OF THE STUDENT AND PARENT(s).

The coverage will be extended to students and their families at a reduced cost as follows (please check one):

____ **$40.00 per school year for individual students purchasing laptop insurance**
____ $60 for a family with two students purchasing laptop insurance
____ $80 for a family with three students purchasing laptop insurance
____ $100 for a family with four or more students purchasing laptop insurance

There is a **one-hundred dollar ($100) deductible** for any claims, not covered by the manufacturer, made on this insurance, when the district must send the laptop back to the manufacturer for repairs that cannot be performed by Maine School Administrative No. 33 staff in-house. This deductible is in addition to the premium listed above, and is to be paid by the student or parent at the time of repair/replacement. In the event of a second incident during a student's grade 7-12 tenure the student would pay a $150 deductible and $200 for a third incident. After that the student would need to pay for the entire damage. If the damage is caused by wear and tear and is not the student's fault they would pay the regular price of $100.

The laptops will be returned to the school at the end of the school year, or upon the student's transfer or other removal from Maine School Administrative No. 33. In the event the laptop is not returned as required, the student and parents(s) will be liable for the cost of replacing the laptop, approximately **$1,100.00**.

Maine School Administrative No. 33 Continuing Technology Program Participation Agreement Guidelines and Procedures, attached hereto, shall be strictly followed by all students and parents participating in this program. Your signature below acknowledges that you have received those guidelines and this agreement, and further that you understand and agree to follow them.

Check One of the following:

_____I allow the laptop to go home with my child.

____ I do not wish for the laptop to go home with my child.

Insurance Payment Received: $ _____
