

Huey's Heroes Student Transition Program

Purpose:

Huey's Heroes is a peer-led transition program designed to support new students—particularly military-connected students—as they integrate into Lawton High School. The program ensures that incoming students are welcomed, informed, and connected both socially and academically.

Program Guidelines:

1. Assignment of a Huey Hero

- Each new student is paired with a Huey Hero at the time of enrollment.
- Heroes are selected from a diverse group of students, including both military-affiliated and non-military students.

2. Initial Orientation

- The Huey Hero greets the new student upon arrival and assists with walking their class schedule.
- During passing periods on the first day, the Huey Hero escorts the student to each class to ensure comfort and reduce stress.

3. Peer Support

- The Huey Hero serves as a peer point of contact, giving the new student someone they can comfortably approach with questions.
- Heroes explain general school operations, expectations, and daily routines.

Huey's Heroes Student Transition Program

4. Social Integration

○ On the first day, the Huey Hero sits with the student during lunch to ensure they

are not alone and begin building social connections.

○ Heroes introduce the student to clubs, organizations, and extracurricular activities

available at Lawton High School.

5. Follow-Up Support

○ After the first day, the Huey Hero continues periodic check-ins with the student to

provide ongoing support and encouragement.

○ Heroes monitor the student's comfort level and report any concerns to the Military

Liaison or counseling staff as needed.

6. Program Oversight

○ The program is overseen by the designated Military Liaison and school counselors, who train and guide Huey's Heroes in their roles.

○ Feedback from new students and participating Heroes is gathered to improve the

program over time.
