Our Commitment to Military Students

The principal walks each family around the building- in the event I am out Jean Hastings will.

Veterans Day we sing a song and create posters with their handprints. We all wear poppies.

We also have Purple Up Day and Donuts for Grownups. Donuts for Grownups is a more inclusive grandparents celebration that allows military families the option to send any family member.

Our Commitment to Military Students

When a new student enrolls, the secretaries will look on Infinite Campus to find out if they are a military family and ensure we support that family to the best of our ability.

Our students participate in Veterans Day celebrations at school. Military students and families are invited to a breakfast at LTA.

We also celebrate the month of April with Purple Up Month.

Our Commitment to Military Students

1. At New Horizons, we have parents and their students meet with their classroom teacher to review classroom expectations and procedures. During this meeting, we are able to ask questions to parents about background and personality of their child. We have our school counselor also meet with our military students on a weekly basis. Sometimes they will meet in a group and sometimes it will be individual depending on specific need.
2. We have a Veteran's assembly in November. In April, we allow our military students' families to come have a special lunch with them.
