Pathways to 2030

Mission

The mission of the Attleboro Public Schools is to develop and deliver relevant learning experiences that engage, challenge, and inspire all students to maximize their unique potential and improve our world.

Vision

The vision of the Attleboro Public Schools is to be the center of a community united around education, where all stakeholders value and participate in our collective success.

Theory of Action

If we...

- **Provide** all students with high-quality, student-centered instruction tailored to their identified strengths and needs, and
- **Empower** students to develop durable skills through personalized learning that advances their goals, and
- **Strengthen** partnerships with our families, the community, and higher education to expand opportunities and our culture of belonging,

Then our students will... apply their learning to maximize their full potential in a dynamic world.

GOAL 1

High-Quality Instruction

APS will continuously improve student learning through high-quality instruction that ensures all students maximize their full potential, and are prepared to navigate the challenges and opportunities of a dynamic world.

GOAL 2

Personalized Learning

APS will enhance all students' access to personalized learning opportunities to enrich their educational goals and prepare them for our dynamic world.

GOAL 3

Family & Community Engagement

APS will strengthen family and community engagement by fostering a culture of belonging, reciprocal relationships, and shared ownership of goals.
