A Message From the Superintendent of Schools

David E. Evans
Superintendent

Dear Cleveland Hill families and community members,

As we close another remarkable school year, I want to thank our students, families, faculty, staff, and community for the partnership, commitment, and support that made this year such a success.

This year was one of growth, progress, and possibility. Together, we strengthened instruction, expanded opportunities for students, celebrated countless achievements, and continued building a culture where every child is known, valued, and challenged to reach their full potential. While we have much to celebrate, we also recognize that our work is far from finished. Excellence is never a destination; it is a commitment to continuous improvement. As we look ahead, we remain focused on building an even stronger Cleveland Hill through Project Elevate, innovative teaching and learning, meaningful family partnerships, and an unwavering belief in what our students can accomplish.

Our commitment to student success is reflected not only in the accomplishments we see every day in our classrooms, but also in the recognition our schools have received this year.

We are especially proud that both our Elementary School and High School were recognized by Better Outcomes Research as schools achieving exceptionally high outcomes for economically disadvantaged students. This distinction reflects the dedication of our teachers and staff to ensuring that every student has the opportunity to succeed, regardless of background or circumstance.

In addition, Business First ranked Cleveland Hill High School as the 14th highest-performing high school in Western New York and Cleveland Hill Middle School as the 19th highest-performing middle school in the region. These recognitions are a testament to the hard work of our students, the expertise of our educators, and the support of our families and community.

These accomplishments are meaningful, but they are not the finish line. They remind us that we are moving in the right direction while challenging us to aim even higher. Our goal is not simply to be recognized for excellence. We are committed to creating extraordinary opportunities and outcomes for every student who walks through our doors.

Thank you for making this such a memorable year. We look forward to welcoming everyone back in the fall as we continue building on this year's momentum and writing the next chapter in Cleveland Hill's story together.
