Parents/Guardians,

This is a reminder that all students starting school must have the required immunizations. Most students grades 1-4 already have the required immunizations. If your child does not have the required immunizations to start school, but has an appointment already scheduled with their doctor's office to receive them, we require a letter from the doctor stating the date of the appointment and what immunizations will be given that day. Below are the immunization requirements for school age children.

Maine School Immunization Requirements

All children enrolled in a public or private school in Maine must have the following immunizations.

Required for Kindergarten entry: • 5 DTaP (4 DTaP if 4th is given on or after 4th birthday) • 4 Polio (3 Polio if the 3rd is given on or after the 4th birthday) • 2 MMR (measles, mumps, rubella) • 2 Varicella (chickenpox)

Required for PreK entry: • 4 DTaP • 3 Polio • 1 MMR • 1 Varicella (chickenpox)

Enjoy the rest of your summer vacation! If you have any questions feel free to call your school nurse.
