Thank You, Veterans! Your service is appreciated more than you could ever know!

Congratulations to Mrs. Tatum Williams for being the PVJH 2026-2027 Teacher of The Year

Interviewing Staff

MRS.MILLER

1. what is your favorite school tradition and why does it stand out to you? My favorite school tradition is definitely homecoming. I love the school spirit and excitement that surrounds the entire week. I love the homecoming parade and getting to see the creativity and excitement that goes into it. It is one of the events that brings the school and community together and creates memories that last long after the week is over.
2. What made you decide to get into education? Honestly, I got into teaching for the schedule. Before teaching, I worked in the oil and gas industry. While it had a lot of great benefits, I felt like I was missing out on too much of my kids' lives. Teaching gave me the opportunity to spend more time with my family. It was a change that was important to me and one I have been happy with.
3. It's tough for her to say who her favorite musical artist is because her muscial tastes change with her moods, but if she had to pick just one, it would be Michael Jackson.
4. The funniest thing that happened to her while working would be the times she missed the last step on the stairs and took a pretty unexpected trip to the floor right in front of Mrs. Williams and Mr. Etheredge. She wasn't hurt, but she is sure she provided them with entertainment. And don't worry! She says she's pretty clumsy, so there may or may not be some other tripping incidents in the future!
5. The biggest change that has occured during her time here is the phone policy. "We used to spend so much time fighting phones, and now, it's really not an issue anymore.

Student Spotlight

7th Grade

Evyn Pyle

This week's Student Spotlight is on Evyn Pyle! Something she is really good at that no one knows about is baking, especially brownies. If she could design a field trip, she would go to 7 Brew. A hobby she could talk about forever is cheer: it's been the best and she thinks it's her best sport. If she could travel anywhere, it would be Rio because she really wants to see the statue of Jesus [Christ the Redeemer].

Maverick Delaplain

This week's Student Spotlight is on Maverick Delaplain! Something he is really good at that most people don't know is baseball. If he could design a field trip he would want to go watch an OU vs. Texas football game. A hobby he could talk about forever is football because he really likes to play and watch the sport. If he could travel anywhere in the world he would go to Isreal so he could learn more about the history of Jesus.

Student Spotlight

8th Grade

Bailey Loper

This week's student spotlight is on Bailey Loper! Something she is really good at but people don't know is doing hair. If she could design a dream field trip it would be going to Frontier City. Her favorite hobby she could talk about forever is wrestling because it's fun and rewarding. If she could travel anywhere in the world right now it would be the Maldives because she loves peacefullness of oceans and hot climates.

Thomas Kanuagh

This week's Student Spotlight is on Thomas Kanaugh! Something he is really good at that no one knows about is video games. If he could design a field trip it would be to go to the biggest Six Flags in the world. If he could talk about a game forever it would be Rocket Leauge because it's his favorite game. If he could travel anywhere, it would be to Alaska because it's the most beautiful place to him.

Student Spotlight

9th Grade

Nehemiah Weatherford

This week’s Student Spotlight is on Nehemiah Weatherford! Something he is really good at that people don’t realize is that he’s good at playing chess. If he could design a field trip, he would like to go to Winsconsin. A game he could talk about forever is Roblox. If he could travel anywhere in the universie right now, he would go to Mars.

Katelyn Penate

This week’s Student Spotlight is on Katelyn Penate! Something she is really good at is public speaking. If she could design a dream field trip, it would be to go to some kind of amusement park. A song she loves and could talk about on and on is “Walk to Class” by Malcolm Todd. If she could go anywhere in the world, it would be Brazil, because it’s so pretty .

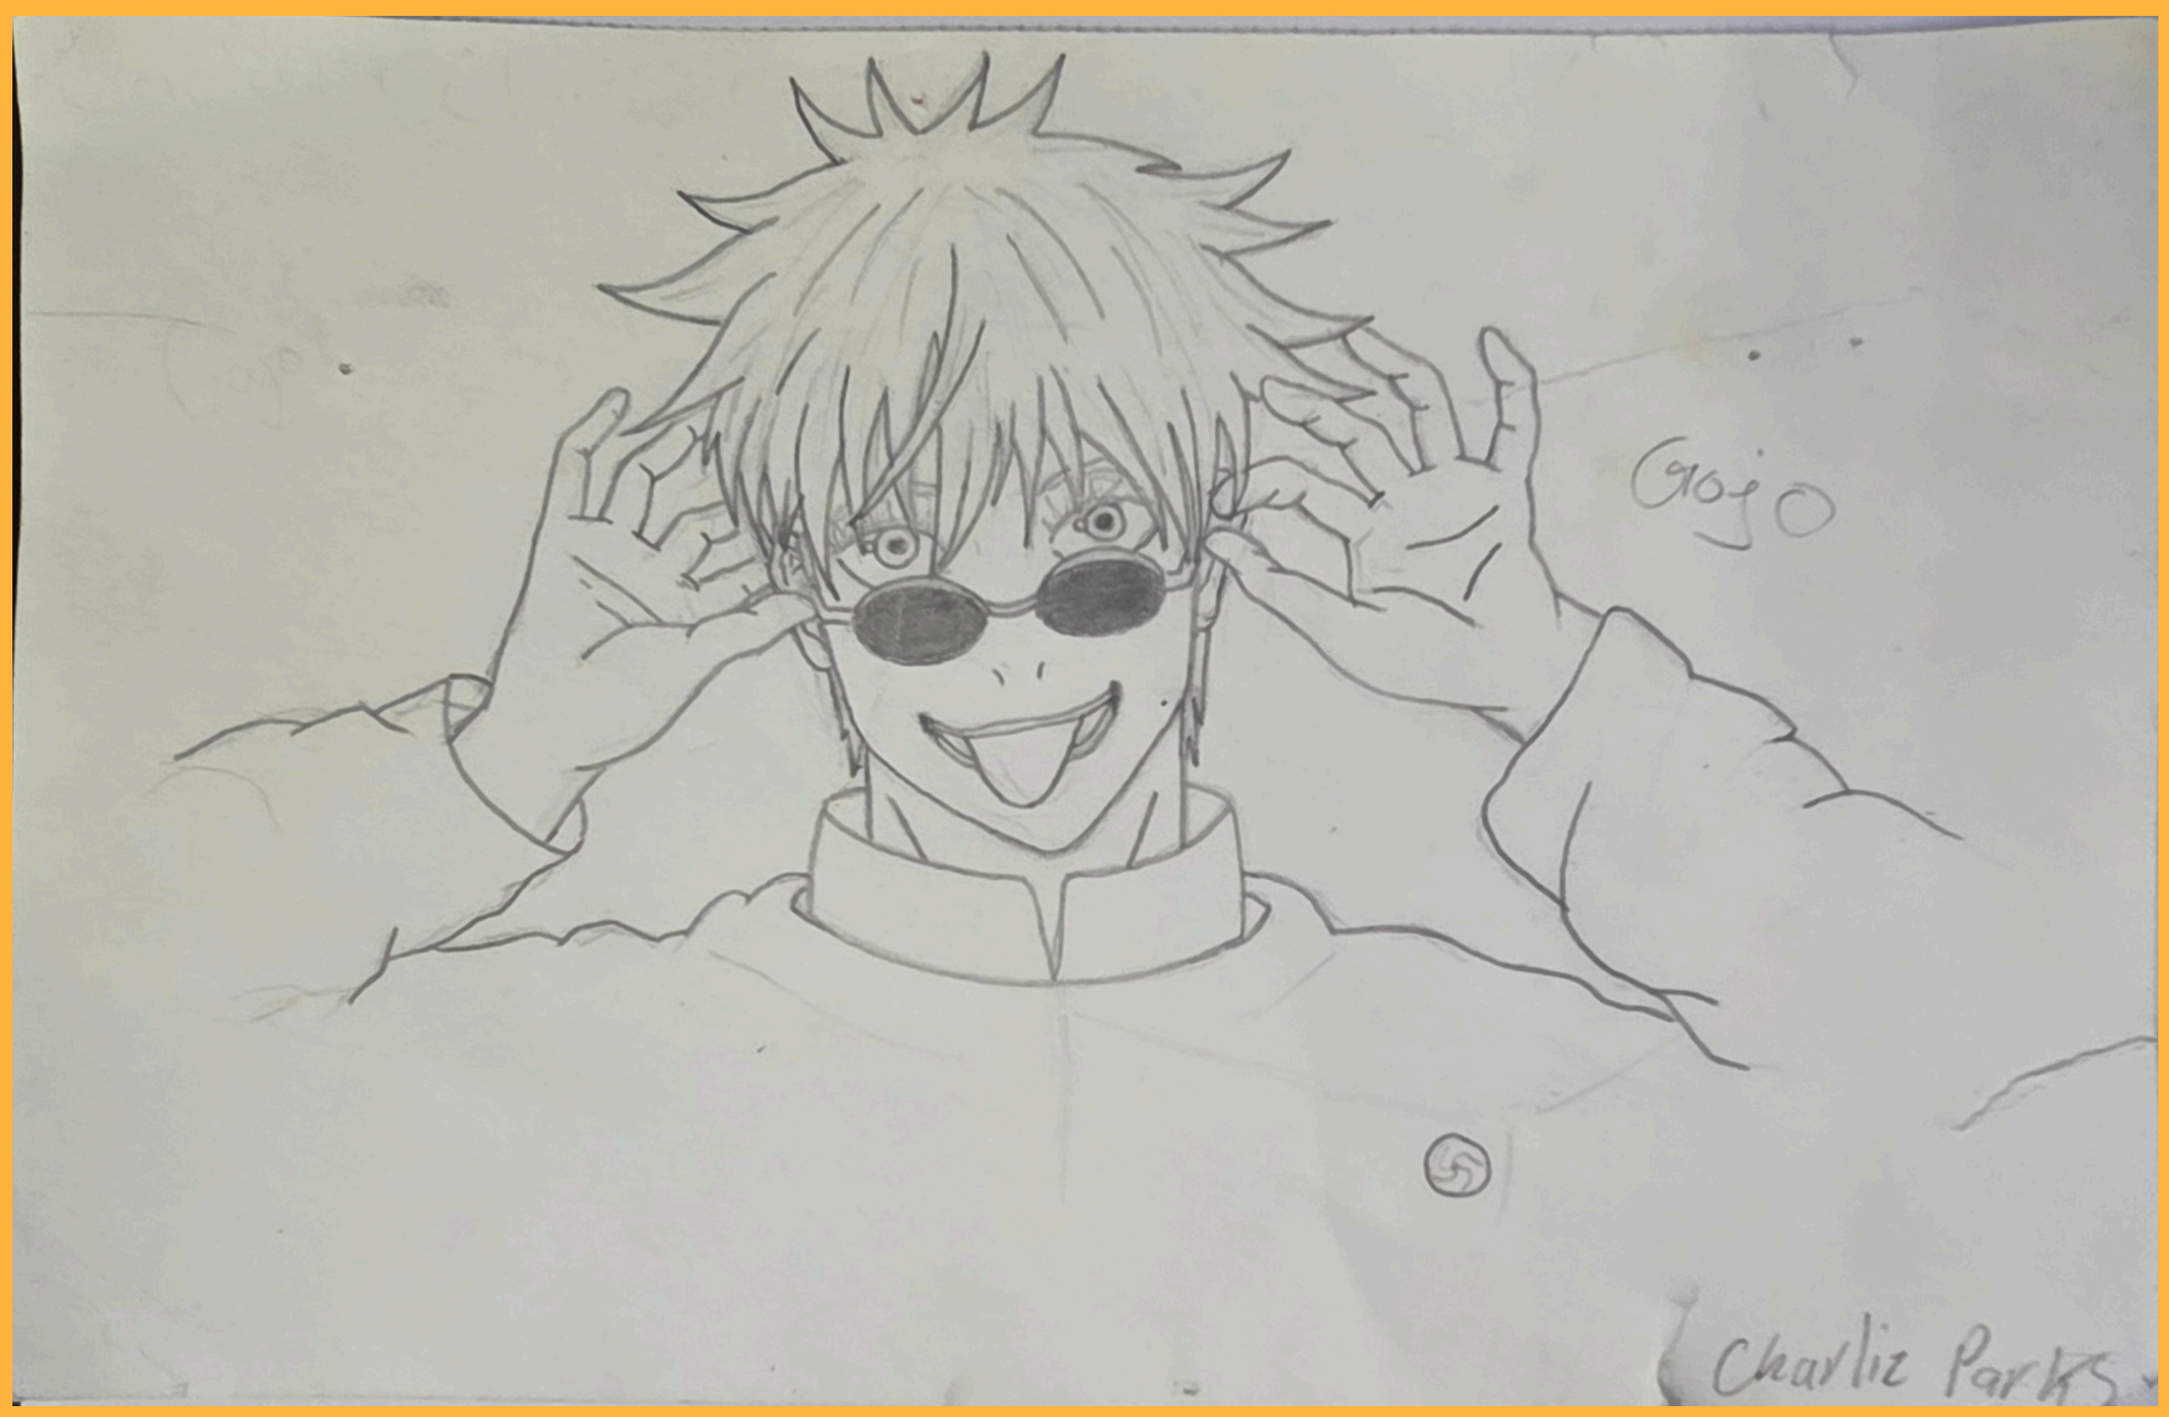
PAULS VALLEY PICASSOS

Charlie Parks



Musically Talented

Teagan Bratcher

This week’s spotlight is shining on Teagan. Teagan joined band because her “cuh” was in band, and she inspired her to join. The weirdest thing that happened to her instrument was her mouth piece getting stuck. She doesn’t handle stage fright; she just goes with the flow. Low brass has the most chaotic energy in her opinion. Her favorite instrument(s) is drumline, because the drumline adds more to the music.

Barrett Johnson

This week’s spotlight is shining on Barrett. Barrett joined the band to help him prepare for college. The weirdest thing that happened to his instrument was when his whole instrument fell apart and screws went everywhere in 6th grade. He handles stage fright or nervousness by stretching. He says, trumpets have the most chaotic energy. His favorite instrument is saxophone because it’s “tuff.”

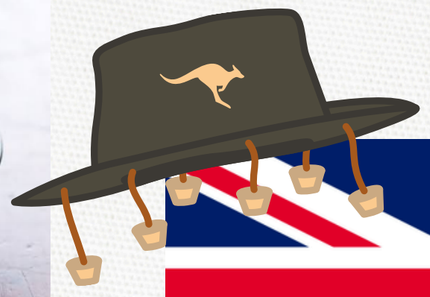
COUNTRY OF THE WEEK



This week's spotlight country is... Australia! 🇦🇺 Famous for the stunning Sydney Opera House, sprawling Outback, unique wildlife, and a laid-back beach culture that's second to none, Australia is a land of endless adventure. When it comes to grub time, Australia dishes out meat pies, Vegemite on toast, lamingtons, and barramundi that'll have you coming back for seconds. A classic meat pie, where flaky pastry is packed with savory minced beef and rich gravy, is an absolute must! Stretching over 2,300 kilometers or 1,400 miles for our mile-loving mates, the vibrant Great Barrier Reef is Australia's natural masterpiece, and now let's talk music! Australia's

soundscape is rocking with indie bands, Indigenous didgeridoo rhythms, and iconic rock anthems to get your head rocking. Tucked away in the Southern Hemisphere, the land down under speaks the language of... you guessed it, English, with over 70% of the population chatting away in it at home, often with a bit of cheeky Aussie slang thrown in. Say g'day to Australia! 👋

Inspiration of the Week...

"You've survived 100% of your worst days so far."
