August 28, 2026

Dear Uniondale Families,

Important Notice: New Nassau County E-Bike and E-Scooter Regulations

Welcome back to a new school year! As we work together to ensure the safety and well-being of all our students, I am writing to inform you about a new Nassau County law regarding electric mobility devices.

Under Nassau County Miscellaneous Law Title 61 and Vehicle and Traffic Law Article 34, **the use of Motorized Scooters and Class 2 & 3 E-Bikes is strictly prohibited on any Nassau County roadway or public property**.

To help clarify where these regulations apply, the county has outlined the following restrictions:

- **Bike Lanes:** Prohibited
- **Vehicle Lanes:** Prohibited
- **Park Paths:** Prohibited
- **Sidewalks:** Prohibited
- **All Public Areas / Parking Lots / Streets in Nassau County:** Prohibited

Penalties and Enforcement: Please be aware that any E-scooters or Class 2 & 3 E-bikes operated in these public spaces can be impounded by law enforcement. Additionally, repeat offenders face punishable fines of up to $700. Nassau County authorities request that any reckless e-bike riding be reported directly to 911.

Because these restrictions apply to all county roadways, sidewalks, and public properties—including routes leading to and from our school campuses—we ask that you discuss these rules with your children to ensure they remain safe and compliant.

Thank you for your prompt attention to this matter and for your continued partnership in keeping our school community safe.

Sincerely,

Dr. Monique Darrisaw-Akil
Superintendent of Schools
