Ms. Tammy Green
Chief School Administrator

Ms. Lori Tirone
Business Administrator

Superintendent Goals 2026–2027

Goal 1 – PAWSitively Learning: ELA Achievement

Improve student achievement in ELA through consistent implementation of the district's ELA curriculum, data-driven instruction, targeted intervention, and professional development focused on effective literacy practices.

Measurement: Student progress will be measured through fall, winter, and spring benchmark assessments, classroom performance, intervention data, and state assessment results.

Goal 2 – PAWSitively Learning: Math Achievement

Improve student achievement in mathematics through effective implementation of the district's math curriculum, data analysis, differentiated instruction, targeted intervention, and professional collaboration.

Measurement: Student progress will be measured through fall, winter, and spring benchmark assessments, classroom performance, intervention data, and state assessment results.

Goal 3 – PAWSitively Leading: Staff & Student Leadership

Build a culture of leadership and continuous professional growth by providing opportunities for staff and students to take initiative, collaborate, develop leadership skills, and contribute meaningfully to the school community.

Measurement: Progress will be measured by documenting staff and student participation in leadership activities, professional development, committees, clubs, presentations, and school-improvement initiatives.

Goal 4 – PAWSitively Supporting: School & Community

Strengthen partnerships among staff, students, families, the PTA, Board of Education, and community to create a supportive, positive school environment that promotes student success and school pride.

Measurement: Progress will be measured through participation in family and community events, partnerships with the PTA and Board of Education, stakeholder feedback, and evidence of ongoing school-community communication.
