JOB BOARD - Are you hiring in the Agricultural Field and want to reach our audience?

Please use this Google form to submit a detailed description of your available opportunities.

A few things to note:
1. Please include contact information. Applicants will be instructed to contact you directly as these are not Bristol Aggie positions.
2. Postings should be in line within our Vocational Majors and be located within Bristol County and surrounding areas.
3. Postings will be listed for 30 days, at which point they will be removed. If you are still hiring, please re-submit your posting.
4. Please allow 48 hours for posting to be displayed on the website.

GOOD LUCK IN YOUR HIRING PROCESS!

- (•) No

Please list any specific requirements (ie: age, driver's license, experience, etc): *

Riding background/experience

Additional notes:

We’re looking for motivated high school students with an interest in horses, equine care, and hands-on barn experience to help at our polo barn.

This is a great opportunity for students interested in expanding their horse knowledge, gaining practical experience, and learning more about the care and conditioning of polo ponies. Depending on experience, interest, and commitment, there may also be opportunities to work toward riding time.

What You’ll Learn & Help With

* Daily horse care, grooming and general barn work
* Feeding, watering and basic horse management
* Stall and barn upkeep
* Turning horses in and out
* Tack cleaning and equipment care
* Preparing horses before and after exercise
* Learning about polo pony fitness, conditioning and care
* Assisting with other farm and barn projects as needed

Who We’re Looking For

Students who are dependable, comfortable working around horses, willing to learn, and not afraid to get their hands dirty. Previous horse experience is helpful, but we’re happy to work with the right student who has a strong interest in learning.

Work-to-Ride: For students with appropriate horse experience who demonstrate reliability and good horsemanship, riding opportunities may be available as part of the program.

This could be a great fit for Bristol Aggie students looking to build practical equine experience, complete volunteer/community-service hours, or simply spend more time working with horses in a unique polo environment.

This form was created inside of Bristol County Agricultural High School.
