Happy Thanksgiving!

As we head into the Thanksgiving break, I wanted to take a quick moment to thank our parents and community for everything they do to support our children, classrooms, and school each day. I also wanted to share a few special moments from this fall that happened alongside all the incredible learning taking place in our classrooms.

Elementary and High School Students helped put out and later pick up flags for 9/11 to honor the victims from that tragic day.

The flag always looks good, but it was particularly breathtaking on this day in September.

Janet Dochnahl was a guest speaker for the GROWW program. She taught the 4th grade class all about the Three Sisters portion of the school garden.

K-12 Students participated in a "Fun Run" in October put on by Mrs. Beckman's high school Lifetime Fitness class.

We had beautiful weather for Homecoming Week again this year. The Friday Parade was particularly nice, with students in short sleeve shirts as they showed their Mustang Pride.

The 5th grade class went to the Logan Landfill to learn about the recycling that takes place there as well as what happens to the massive amounts of garbage we produce in our area each day.

Since Halloween was on a Saturday, the day before Halloween was Halloween dress up day for Red Ribbon Week. We had a costume parade that afternoon and students did various Fall/ Halloween themed activities during the day. The Lion's Club put on their annual Carnival and Bingo Event Saturday evening and it was well attended as usual.

The American Legion put on an extremely powerful Veteran's Day Ceremony at the Memorial on November 11th. Students thanked Veterans for their service at the ceremony and during a Veteran's lunch at the school. We are so thankful for the veterans in our community.

Madin Larson,
Ennis, MT 59729

Dear Madin Larson,

Thank you so much for writing a letter to our veterans and for your patriotism. We love those who have an unfailing love of country, who belief in the Constitution, who honor those who serve, and who strengthen our community. You are an inspiration to us all and you are the reason why we serve in the military. We do it so there is an America for the future generations... YOU! It's small gestures like the letter you wrote, that keep us going. Our organization is hoping to expand our impact and involvement with our community and our youth. We hope your class was able to join us for our Veterans Day presentation.

As a thank you for the letter you wrote to us, we have enclosed what we call a Challenge Coin in recognition for your patriotism and for your support of all the veterans. Your letter writing skills are impressive! From addressing the envelope, to drawing the stamp, to your inspirational words.

Thank you again for your love of country and supporting our veterans!!!

Sincerely,

Jason Lessley
Commander
American Legion
Lee R. Sargent Post 65

4th graders wrote letters to our local veterans thanking them for their service, and each student received a letter back and a Challenge Coin from Post Commander Jason Lessley.

School Garden GROWW Coordinator Shauna Stephenson brought her falcon to school to teach elementary students all about raptors.

Assistant Fire Chief Steve Orr and Lieutenant Chris Orr spoke to students about Fire Safety for Fire Safety Week.

Kindergarten students performed their Annual Native American Program on Nov. 23rd. They also performed for the Madison Valley Manor residents and did a school performance as well. This has become a rite of passage for our Kindergarten students each year. Thank you to two retired Ennis Schools teachers, Mrs. Roberta McKay and Mrs. Sandi Pfau for teaching students the songs every fall.

Happy Thanksgiving!!
