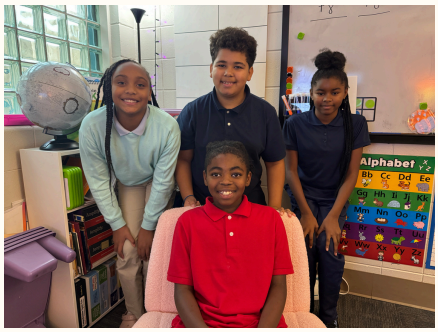
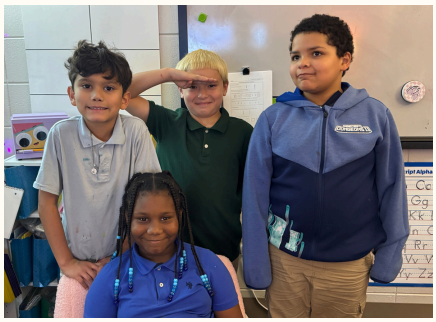
Life of a 5th Grader

It's the final year of elementary school! The expectations and the work is not hard yet because it's only the beginning of the year but we know it's going to get harder. Even though it's our last year here, we still have a lot to learn and responsibilities. Now is our chance to be the leaders in the building though. It's an exciting year. There are a lot of changes and a lot of things to look forward to. Some of the things we are looking forward to is being able to have a good record of attendance and grades, making sure that we leave as responsible students keeping track of our materials, learning everything that the teachers will teach us to be ready for 6th grade, and accomplish all of our goals. Our biggest goal is to set a positive example for the other grade levels, show them how to be a good leader and have a positive attitude.



5th graders: Mari'Yon, Kiandre, Saniyah, and Victorious

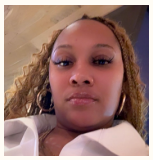


4th graders: Hazel, Beau, Zy'Arie, and Brilan

Life of a 4th Grader

Starting 4th grade has been a really good experience but it can be pretty overwhelming sometimes. We went from being in one class all day during third grade to switching between 4 classes now. There are some great things. The teachers are awesome, the books are great, and I like having my friends and being able to make new friends. By the end of fourth, we want to be able to have good attendance, learn about subtraction, and stay out of trouble.

Staff Spotlight

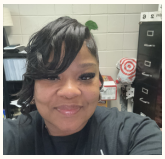


Ms. Deirdre

What is your favorite thing about your job?
What I love most about my job is that no two days are exactly alike. Beyond my regular responsibilities, I am constantly challenged in new ways that keep me engaged and motivated. This dynamic environment has been conducive in my professional development, and I have learned so much throughout my 7 years here.
What is the hardest thing about your job?
The hardest part of my job is carrying substantial responsibilities that keep our office running smoothly, while also managing rapid changes in priorities and absorbing accountability when things go wrong managing conflicts ect all while still juggling everything else that requires my attention.
Why did you choose to work at a school?
I chose to work at a school because I started in security, working in middle and high schools and also the Admin building . I met teachers, students, parents, and staff across multiple campuses. I saw firsthand how a school operates, where the gaps are, and what it takes to keep things running. That experience gave me a genuine understanding of our community that I couldn't have gained any other way. When someone suggested I might be suited for this administrative role, it felt like more than just a job opportunity, So I applied and Mrs. Ulferts and Ms.Wrenn interviewed me and here I am today.
What is one fun fact about you?
A fun fact about me is I love to watch 48 hours and real stories from unsolved mysteries on tubi and lay down and rest and chill every chance I get!!!!! And I have two kids that I absolutely love to death.
Piece of advice for us?
Words of advice I have for you as elementary students is to learn all you can and whatever you imagine yourself to be once you become grown all ways no matter what follow your dreams even if others may not believe you always believe in yourself period.

Nurse Tara

What is your favorite thing about your job?
Being able to help people when they aren't at their best.
What is the hardest thing about your job?
Not being able to make everything better - sometimes we have to be uncomfortable, and I wish that wasn't true.
Why did you choose to work at a school?
I like the work hours, the breaks, and not having to work weekends or night shift.
What is one fun fact about you?
I love animals and have a lot of pets.
Piece of advice for us?
Laugh a lot!



Ms. Camisha

What is your favorite thing about your job?
My favorite thing about this job is to help others as much as I can
What is the hardest thing about your job?
The hardest thing about my job is when I cannot help someone
Why did you choose to work at a school?
I chose to work in a school - because I enjoy helping children learn, grow, and feel supported. I want to make a positive difference in their lives.
Piece of advice for us?
"Be kind, be brave, and always do your best."
"Believe in yourself—you can do hard things!"
"Treat others the way you want to be treated."
"It's okay to make mistakes. Mistakes help us learn."
"Be yourself and never be afraid to ask for help."
