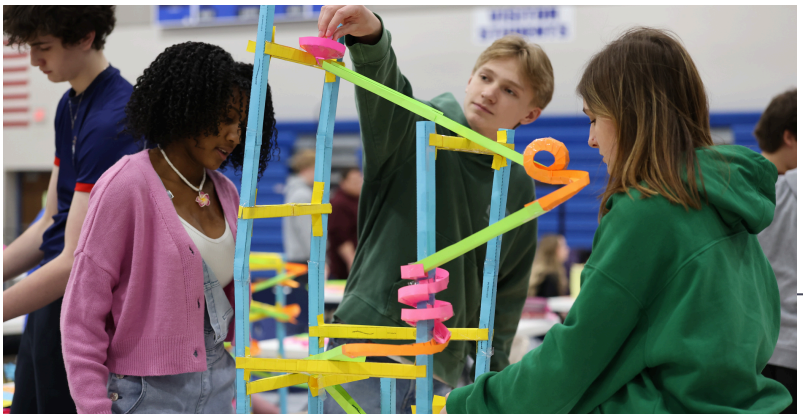
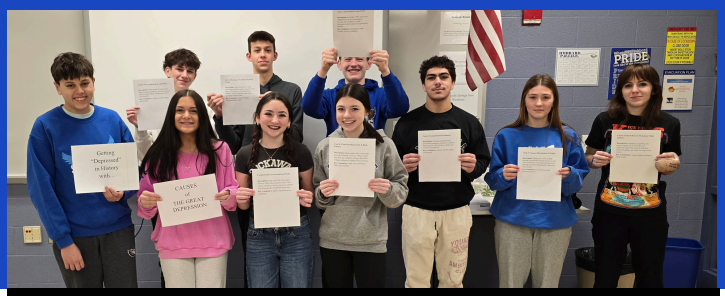
FEBRUARY-MARCH 2026

STEAM FESTIVAL DRAWS IMPRESSIVE CROWD

The annual STEAM festival took place on Wednesday, February 11 2026, with 473 students participating in 23 unique sessions. From engineering challenges to the arts, the day celebrated innovation. Over $1,000 in gift cards were awarded to winners across various competitive events.





DEBATING THE DEPRESSION

Students in Mr. King's Honors US History classes recently participated in a deep dive into the economic collapse of the 1930s. Each student was assigned a specific cause of the Great Depression and tasked with presenting it as the most significant culprit for the nation's economic turmoil.

CELEBRATING OUR PBIS TEACHERS OF THE MONTH!

HISTORY IN THE MAKING

Hubbard students excelled at this year's History Day competition. Lillian Atkinson earned first place (Individual Exhibit) for "Josephine Baker." Logan Ward and Jackson Bennett took first place (Group Exhibit) for their work on the "9/11 Attacks." Several other projects honored Black History Month through thoughtful research.

Mark Your Calendars

April

- 3–7: No School (Spring Break)
- 8: Classes Resume
- 8: School Blood Drive
- 10: ASL Field Trip
- 17–19: Spring Musical
- 20: Board of Education Meeting (4:30 PM)
- 22: YSU English Festival
- 23–26: Band Trip to Chicago
- 27: Senior Community Day
- 29: SMASH Assembly
- 29: Scholars Dinner
- 30: Scholarship Breakfast

CATAPULTS & CALCULATIONS

In Mr. Kacir's class, physics meets ancient warfare. Students designed functional catapults using popsicle sticks and rubber bands. After initial trials, they utilized quadratic equations to calculate the exact trajectories needed to hit targets from their desks.

ROOTED IN SUCCESS

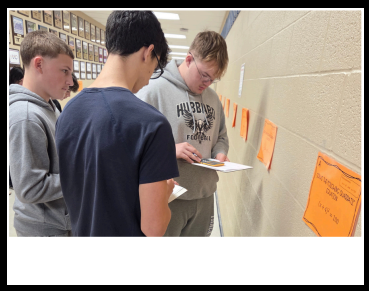
Mrs. Welsh's class visited Gilmore's Greenhouse to gain expertise for the upcoming launch of the school's greenhouse. Students learned about soil quality, pest management, and the science of cultivation. The class purchased starter plants to grow and sell this spring, applying budgeting and business skills to create a self-sustaining program.

SYMPHONY OF SOUND

On March 5 and 6, the Hubbard Auditorium hosted the Festival of Bands, featuring 13 local ensembles. The event welcomed guest clinicians Dr. Andrew Erb (Grove City College) and Dr. Aaron Himes (Westminster College). Retired directors Bill Forrester and Bernie Edenfield served as adjudicators for the performances.

TRADITION CONTINUES AT FAIRHAVEN

Continuing a long-standing community tradition, the Hubbard High School band, cheerleaders, and basketball players visited Fairhaven for their annual game. This event provides an opportunity for Hubbard students to engage with the Fairhaven student body through school spirit and athletic competition.



THE GREAT QUADRATIC HUNT

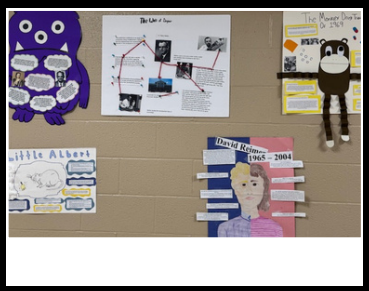
Mrs. Cricks' students participated in an interactive scavenger hunt to reinforce their understanding of quadratic equations. Students solved problems to find their next "station" located around the room. The hunt concluded once the final answer led the students back to their original starting point, confirming their accuracy.

HEALTH BY THE NUMBERS

Mrs. Marian's students are applying mathematics to physical health by recording heart rates during exercise to calculate beats per minute. This data is then used for statistical analysis via graphing calculators and spreadsheets. Additionally, students are exploring probability through dice rolling simulations to analyze data trends.

PREPARING FOR THE AIR TEST

Students in Mr. Stoffer's CCP US Government classes recently engaged in review sessions. These frequent study sessions are designed to prepare students for the end-of-year AIR Test.



THE ETHICS OF THE MIND

Miss Davis's Psychology classes began the semester by exploring the evolution of ethical standards in research. After studying the importance of informed consent and participant welfare, students were asked to make infographics that explored experiments that broke these standards and helped us form a better future for the field of psychology moving forward.

May

MAY 1: Senior Walk • **MAY 2:** Promenade & Prom • **MAY 4:** PBIS Fun Day • **MAY 6:** 2nd Grade Science Day & Senior Awards Night • **MAY 7:** ASL Picnic • **MAY 8:** CCP & AP Exams & NHS Fairhaven Prom • **MAY 11:** Choir Concert • **MAY 12:** CCP Exams & Powder Puff • **MAY 13:** Senior Exams & TCTC Ceremony • **MAY 14**: Senior Exams & Senior/Junior Bonfire • **MAY 15:** Senior Cedar Point Trip • **MAY 17:** Spanish Club Trip • **MAY 18:** Baccalaureate • **MAY 20:** Senior Breakfast & Graduation • **MAY 21-22:** Underclassman Exams • **MAY 22:** Last Day of School
