A Message from the Superintendent

2025-2026 Annual Report to the Community

Dear North Kingstown School Community,

As the 2025-2026 school year comes to a close, we thank our students, families, faculty, staff, and community partners for another extraordinary year built on excellence, innovation and opportunity for every learner. Here are just a few of the highlights:

Academic Excellence & Recognition

- Expended Career & Technical Education at NKHS: new programs in Machining & Defense Manufacturing (partnering with Electric Boat), Culinary Arts, and Communications/Digital Video/Photography.
- New hands-on learning spaces: an all-inclusive playground at the Early Childhood Center and an outdoor garden and courtyard classroom at Davisville Middle School.
- 2026 U.S. News and World Report rankings: NKHS #6, Wickford MS #3, Davisville MS #8 in RI; Fishing Cove (#10), Hamilton (#12), Stony Lane (#13), and Forest Park (#16) all ranked among the state's top elementary schools; Quidnessett improved to #92 (from #108).

Celebrating Our People

- Alicia Skaggs (Wickford MS art teacher) 2025-2026 Teacher of the Year
- Eileen McGiveney (Finance) 2025-2026 Educational Support Person of the Year.
- Colleen Loughlin (Fishing Cove) RI Elementary Principal of the Year.
- Lisa Garcia (NKHS) Amedeo DeRobbio Award.
- Sandra Makielski (Davisville MS) RI Genocide Educator of the Year.
- Sherrie Monaco- RI School Psychologist of the Year.

Sustainability & Service

- District Recycling program featured at the RI Compost Conference.
- Child Nutrition Services earned exceptional marks in a federal audit - thank you to Trish Cawley and her team.

Students Excelling Everywhere

- NKHS designated a Special Olympics National Unified Champion School, reflecting our commitment to inclusion and belonging.
- Recognized nationally by the NAMM Foundation as a Best Community for Music Education; dozens of students earned spots in Junior, Senior, and All-State Jazz Ensembles.
- Wickford MS art featured in the Plum Beach Garden Club's "Art in Bloom" exhibit.
- DECA: ~16 students qualified for nationals. Four students earned Rotary Youth Leadership scholarships; NKHS Senior won the RISSA Rising Star Scholarship.
- Robotics: Team 701, The GONK Squad, won the Inspire Award and advanced to the FIRST World Championship in Houston.
- Athletics: State titles in Girls Volleyball and Girls Outdoor Track; 26 student-athletes earned First Team All-State honors.

Looking Ahead

- Summer 2026 NKHS roof replacement over the auditorium, gymnasium, and CTE wing.
- Continued Stage III design planning for the new Wickford Middle School.
- Ongoing capital improvement projects across the district for all Elementary Schools, DA Early Learning Center, and DMS.

Celebrating our Graduates

- 303 NKHS graduates begin their next chapter.
- 147 Davisville MS and 97 Wickford MS students were promoted to high school.

None of this happens without our teachers, instructional assistants, secretaries, custodians, nurses, transportation and food service staff, technology staff, and administrators who work every day on behalf of children. Thank you for your professionalism and compassion and congratulations to our students on a year of resilience, creativity, and kindness.

Kenneth A. Duva, Ed.D., Superintendent of Schools

Robert Mezzanotte, Assistant Superintendent of Schools

Mission, Vision, & Equity Statements

Mission

Our mission is to educate our students to become intellectually active adults, to inspire them to reach individual excellence, and to challenge them to become responsible members of society.

Vision

All students of the North Kingstown School Department will achieve rigorous learning goals and will continuously improve their academic, social, emotional, creative, and physical growth. In order to do this, we will provide a learning environment that meets the diverse needs of every student. Each student will have access to a high-quality, rigorous curriculum through multiple and varied opportunities. With the help and engagement of our staff, families and community members, our students will attain the skills, strategies, and knowledge necessary to be prepared for their college and career choices and ultimately their roles in society. We commit to using our resources to support our priorities: student learning and achievement, effective and innovative instruction, and continuous professional improvement.

Equity

In the North Kingstown Schools, we envision a learning environment where all* belong. We are dedicated to advancing an inclusive and equitable educational environment that celebrates diversity, embraces individual strengths, and ensures that all are empowered to reach their full potential. We commit to developing policies, practices, and partnerships to address inequities, encourage empathy and kindness, and build a culture of belonging to ensure all in our community thrive academically, socially, and emotionally.

*All encompasses races, languages, religions, socioeconomic status, genders, gender identities or expressions, countries of ancestral origin, sexual orientations, interrupted education status, disabilities, or backgrounds.

North Kingstown by the Numbers

NORTH KINGSTOWN SCHOOL DEPARTMENT
2025 – 2026 ANNUAL REPORT

District at a Glance

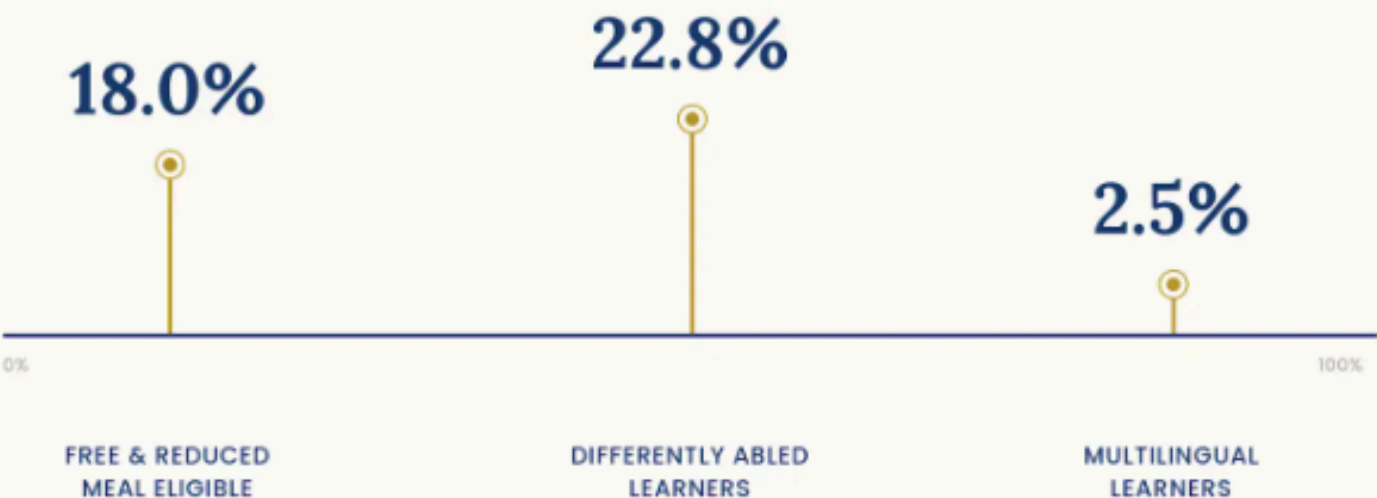

3,787

TOTAL STUDENT ENROLLMENT

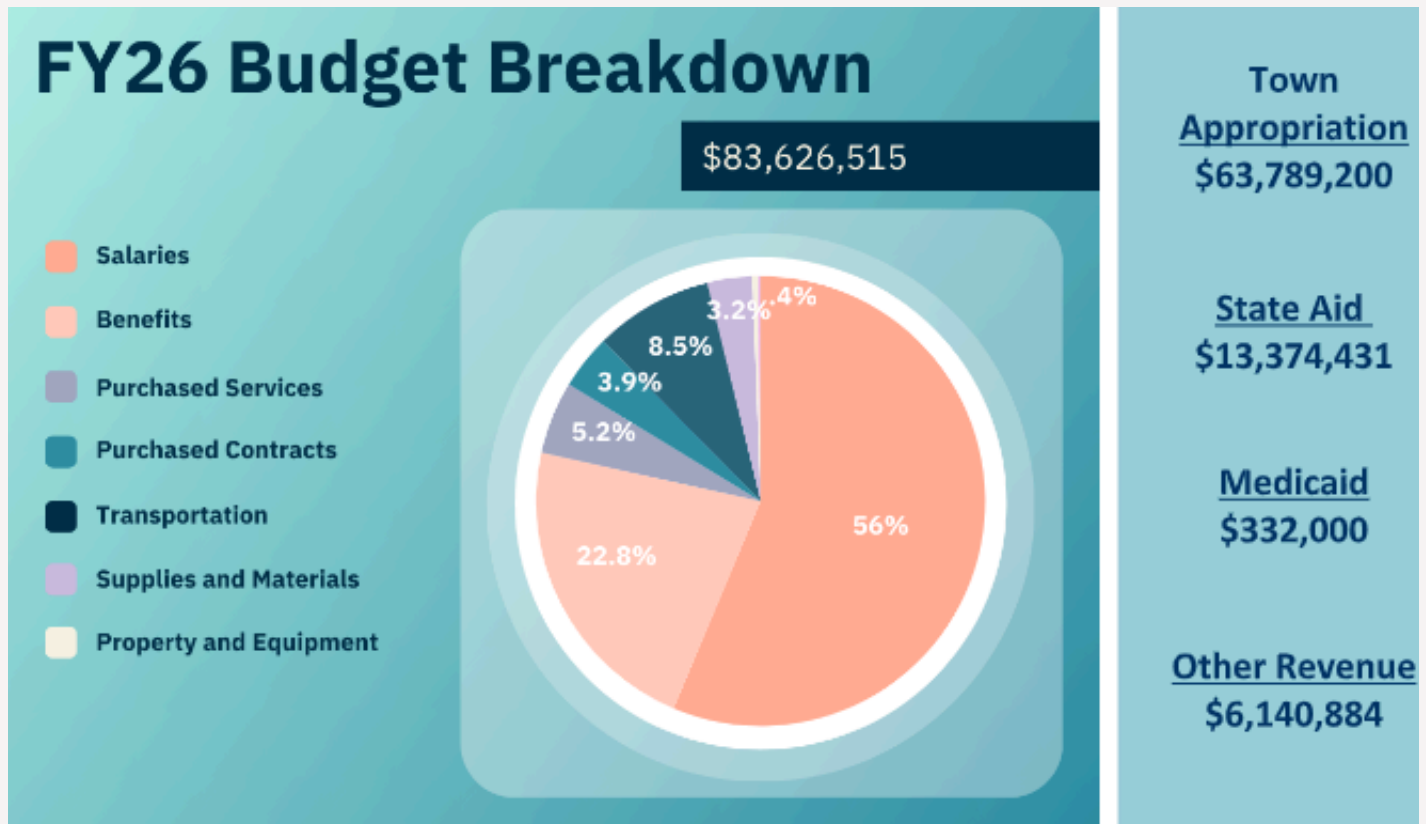

October 2025 Census Data

WHO WE SERVE

Enrollment shares for three student groups the district identifies, supports, and plans resources around — shown to scale along a common baseline.

NKSD Operating Budget

Areas Impacting the FY 2026 Budget

Health Insurance Costs

FY2026 saw a significant increase in health insurance costs, with premiums rising by more than 10%. This increase placed additional pressure on the district's operating budget and required careful prioritization of available resources. As healthcare costs continue to rise, managing these expenses remains an important component of long-term financial planning.

Compensation and Benefits

Compensation and benefits continued to represent one of the largest components of the district's budget. FY2026 included the financial impact of the new Educational Support Personnel (ESP) union contract. This agreement included necessary adjustments to compensation, resulting in increased costs while supporting the district's ability to attract and retain qualified employees and maintain essential services.

DCYF and High-Cost Special Education Services

The district experienced increased costs associated with DCYF services and high-cost special education programs. These expenses reflect the complex and individualized needs of students who require specialized educational programs, services, and supports. The district remains committed to meeting these needs while ensuring compliance with state and federal requirements and providing appropriate educational opportunities for every student.

Areas Impacting the FY 2026 Budget

Technology Infrastructure

FY2026 included continued investment in technology infrastructure across the school system. These improvements are essential to maintaining reliable, secure, and effective technology systems that support instruction, communication, and district operations. Strategic technology investments also help ensure that our schools are prepared to meet the evolving needs of students and staff.

Maintenance, Transportation, and Curriculum

The budget included investments in buildings and maintenance, transportation, and curriculum. These investments support safe, well-maintained school facilities; reliable transportation services; and high-quality instructional materials that support student learning. While these areas require substantial resources, they represent important investments in the long-term quality, safety, and effectiveness of the North Kingstown Public Schools.

Contract Negotiations

The district finalized negotiations with the Teachers Union (NEANK) in June of FY2026. While these changes are critical to maintaining high standards and operational continuity, they also contributed to budgetary pressures. We will see the results of these negotiations reflected in our FY 2027 budget and beyond.

Year Over Year Comparison

OPERATING BUDGET	FISCAL YEAR	PERCENT INCREASE
\$71,897,787	2022	2.0%
\$73,694,831	2023	2.4%
\$76,342,398	2024	3.4%
\$80,032,213	2025	4.6%
\$83,626,515	2026	4.5%

Percent increase is based on year over year budget amounts and not final audited revenue and expenditures

Davisville Academy and Early Learning Center

This year marked an exciting milestone for our preschool program as we successfully transitioned to Davisville Academy, which has been renamed Davisville Academy and Early Learning Center. The move provided opportunities to enhance the learning environment, strengthen family partnerships, and create systems that support the safety, growth, and development of all children.

One of the most significant accomplishments this year was the installation of a new playground designed to support children's physical, social, and cognitive development!

Hamilton Elementary School

Hamilton Elementary School's 2025–2026 academic year was defined by extraordinary growth, community collaboration, and a shared dedication to student success. Embracing the school theme "Wild About Learning," students, staff, and families worked together to foster high expectations and a lifelong love of discovery. The most remarkable milestone of the year came with the release of the RIDE Accountability Report Card, which officially recognized Hamilton Elementary's immense progress as the school climbed from a 3-star rating to an elite 5-star school.

A cornerstone of this success was the school's new Positive Behavioral Interventions and Supports (PBIS) system, which kept the core mantra of responsibility, respect, and safety at the forefront of daily school life. Students stepped into various leadership opportunities, taking on active roles in the Safety Patrol, Flag Crew, Compost Crew, and Student Council. Positive student behaviors and choices were celebrated school-wide through the interactive Lunch Bunch incentive program and weekly Paws-itive Praise recognitions. Furthermore, the entire school gathered for Monthly Values Assemblies to celebrate community and honor the Star Student of the Month,

The school showcased the artistic talents of its students through dedicated music programs for kindergarten, first, third, and fifth grades. Second graders integrated research and performance during their Biography Event, while fourth graders hosted an immersive Wax Museum that allowed them to share their knowledge dynamically with the school community. This spirit of active learning was supported by the school's dedicated PTO, which significantly bolstered community engagement by creating and managing an array of popular before- and after-school enrichment clubs: the Zoo Mobile, Science Club, Book Creators, Soccer, Knitting, Legos, Movie Making & More!

Hamilton's new identity as a Feinstein Leadership School further empowered students to focus on kindness, citizenship, and global awareness. The students actively practiced empathy through the school's Kindness Tree, Golden Ticket recognitions, and a localized Food Pantry. This deep commitment to community service was mirrored across the grade levels. Kindergarten students focused on environmental stewardship during an Earth Day clean-up; second graders collected comfort items through a Pajama Drive; third graders honored local heroes by creating Valentines for Veterans; and fourth graders gathered essential resources for an Animal Shelter Drive.

Suzanne M. Henseler Quidnessett Elementary School

This year has been another incredible chapter for Suzanne M. Henseler Quidnessett Elementary School, as we continue to foster a vibrant, inclusive, and engaging community for all of our students and families.

We enthusiastically kicked off the school year by welcoming families back with our beloved Back to School Ice Cream Social. That joyful momentum carried us through a highly successful year packed with numerous family engagement events designed to bridge the gap between home and the classroom.

Above all, we are most proud of the positive, supportive culture we continue to build here at "Quid." Our commitment to this culture is celebrated during our lively monthly Shark Assemblies, where we recognize students who exemplify being Safe, Responsible and Respectful, our Positive Behavioral Interventions and Supports (PBIS) expectations.

Student leadership truly shined this year and made a tangible impact on our community. Our Student Council organized an amazing fundraiser for a local animal shelter, demonstrating tremendous empathy and outstanding leadership skills in what became a huge success. Additionally, our QUICK Kids, our dedicated fifth-grade student leaders continue to provide invaluable services throughout the building, assisting staff and helping to keep our school safe, welcoming, and orderly.

Academically, our students continue to reach for excellence in their learning. A highlight of the year was our fifth graders actively demonstrating the 'Vision of a Learner' framework through a spectacular Wax Museum project brought back for the first time in several years. Our talented fourth graders became published authors this year, working hard to write, illustrate, and publish their very own book of stories.

From building strong character to achieving exciting academic milestones, the Quidnessett community continues to prove that our kids truly do reach for excellence!

Forest Park Elementary School

Forest Park Elementary School experienced significant growth during the 2025-2026 school year. Through focused school improvement efforts and the dedication of our staff, students, and families, Forest Park improved from a 3-star to a 4-star school on the Rhode Island Department of Education's Report Card system. This rating reflects progress across multiple indicators, including academic achievement, student growth, and chronic absenteeism, and represents an important milestone in our continued commitment to student success.

We also strengthened family engagement and student voice throughout the year. Participation in SurveyWorks increased from 65 family responses to 94, providing our school with valuable feedback to guide future improvement efforts. Additionally, students in grades 3-5 reported a 20% increase in school engagement scores compared to the previous year, reflecting the positive impact of our work to create a welcoming, supportive learning environment.

At Forest Park, we remain committed to ensuring that every student feels a sense of belonging and connection to school. Through a wide range of extracurricular activities, enrichment opportunities, and community-supported events, made possible in large part through our partnership with the PTO, we continue to educate the whole child while fostering a school culture where students are engaged, supported, and excited to learn each day.

Fishing Cove Elementary School

This year has been filled with growth, achievement, kindness, creativity, and unforgettable memories. Each and every student has shown what it truly means to be an amazing learner—and an even better human being.

Our STAR assessment data shows that students excelled in grade-level curriculum and made tremendous progress throughout the year. Currently, 84% of our students are at benchmark in Math and 76% are at benchmark in Reading. These accomplishments reflect the strength of our rich curriculum, dedicated educators, and the hard work of our students. Additionally, students who experienced challenges in Math and Reading received targeted interventions and supports to help them grow and close achievement gaps.

Our bay-facing Nature's Classroom continues to provide students with unique opportunities to explore and experience the natural wonders of our estuarine environment firsthand. Through meaningful, hands-on learning experiences, students explored marsh ecosystems while studying local invertebrates, vertebrates, mammals, and birds that call our coastline home.

Another highlight this year was the continued growth of our Positive Pathways Program, our district's clinical behavioral program housed here at Fishing Cove. This program provides students with deeper instruction in social-emotional learning, coping strategies, and social skills development.

In addition to academics, Fishing Cove students continued to embody the spirit of being Feinstein Jr. Scholars. This year was filled with meaningful opportunities to give back to others while having fun together. Students raised money for important charities, trotted through Wickford Point in search of food donations, played Frogger to help fight cancer, and performed countless acts of kindness in their everyday lives. These experiences reflect the true heart of Fishing Cove—students who care deeply about others and work to make the world a better place.

Stony Lane Elementary School

It's Been a Great Year to be a Whale!

Using the Vision of the Learner as a guide, Stony Lane students participated in many meaningful opportunities this year that benefited our school community.

*Our PTO partnered with fourth-grade students to operate a school store, helping students develop responsibility and math skills.

*In May, students SJ and Kiernan Coyne represented our school at the Rhode Island Senate, advocating for the RI School Recycling Project.

*As a Feinstein school, our students organized a holiday food drive to support the North Kingstown Food Pantry.

Our Open Circle team expanded this year and organized monthly social-emotional learning (SEL) themes and schoolwide activities. Some highlights were:

November – Kindness and Gratitude

Students and staff shared “Cups of Kindness” throughout the school. Positive messages were displayed on our sidewalks for all to see using chalk

March – Accepting Differences

The entire school participated in a reading of Just Ask! Students completed activities celebrating individual uniqueness, which were displayed on a main hallway bulletin board.

We also presented our second annual theater production, The Electronic Tonic Odyssey. Students created the script by developing the characters, setting, plot, theme, conflicts, and resolution. They showcased their talents both on stage and behind the scenes. Although the production was a challenging undertaking, students demonstrated perseverance, and teamwork throughout the process.

Wickford Middle School

We had another amazing year here at Wickford Middle School! Our students, as always, provide an infectious energy that helps to drive all aspects of our community. Our staff remain devoted to the overall success and progress of our students and work diligently to provide instruction that prepares them for high school and beyond.

The theme that I chose to highlight each week was Commitment. By emphasizing this quality, there can be a focus on persevering through challenges, as well as planning and focusing on whatever task is at hand. For all of us WMS, the commitment is to the overall development of the students in our care. And, of course, pursuing all of this with a sense of joy and respect for all!

Our many talented musicians and choral members were very successful both in their annual performances and the competitions they entered where they consistently won Gold and Silver awards.

Our annual Night of the Arts celebrated the visual arts of so many talented students, along with musical and choral performances. Great success!

The boys and girls cross country and track teams had extraordinary seasons that vaulted them into positions as some of the best teams in the state!

The baseball team made it to the semifinals of the state tournament and had an incredible run.

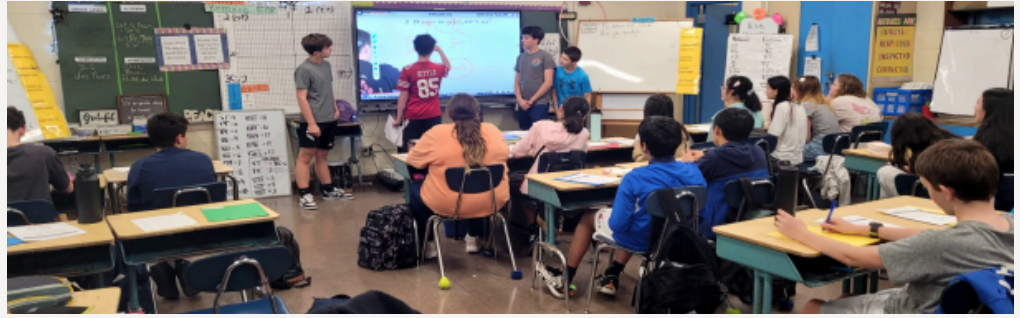

In the robotics world, our student "engineers" worked diligently and had a fun and productive year!

Our annual Turkey Trot fundraiser raised nearly \$5000.00 for the North Kingstown Food Pantry!

It is one of our best loved activities and even included a celebrity appearance by Rob Levine!

Davisville Middle School

DMS students and staff strive to make personal connections and build relationships with one another to strengthen our school community. DMS utilizes the PBIS system to raise expectations and support positive social, emotional, and academic goals.

DMS is committed to providing students with pathways for academic and personal success through challenging and diverse educational opportunities. Our faculty is student-focused and provides access to a challenging curriculum through differentiated and collaborative lessons.

Winners at DMS:

DMS Bus Safety Poster Contest: Edith Whitehouse

NK Spelling Bee Contest: Benjamin Stretter-Bridgham

Feinstein Golden Ticket: Parker Ryan

- DMS students make connections to the larger community:
- Collected 1300 cans of food for the NK Food Pantry's Thanksgiving Baskets
- Collected \$875, and donated cards and candies to disabled American Veterans
- Collected \$500 from our Corn Hole Tournament and donated to the Tomorrow Fund
- Monies collected from our Empty Bowls community event were donated to Blessings in a Backpack in NK and to Sankofa Vision: Clean Water for Ghana, \$1184.75 each.
- Funds received from the Feinstein Golden Ticket were donated to Rhode Home Rescue

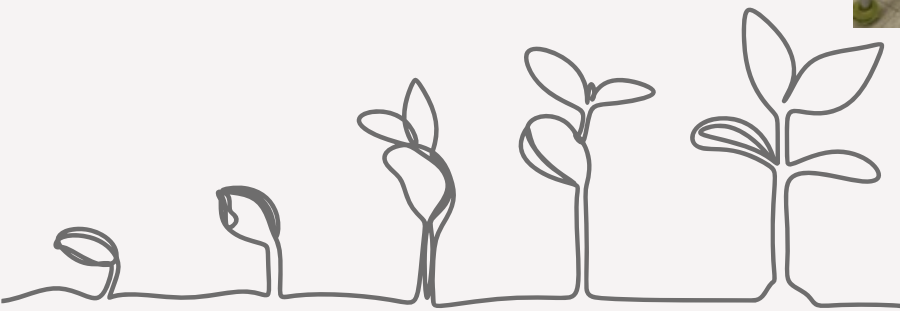

Funds from the Learning Inside Out Grant were used to improve our courtyard for outdoor learning opportunities. A new tree was donated to DMS by the 350th Anniversary Committee and Wickford Historical Society and dedicated to a longtime employee, Michael Berndt.

Davisville Academy

The 2025-2026 school year was a successful and rewarding year for Davisville Academy, marked by continued growth and progress among our students. A key component of Davisville Academy is addressing the social-emotional needs of our students. Through smaller class settings, individualized instruction, and positive behavior interventions, students receive the support they need to grow both academically and personally. Our incentive-based approach encourages positive choices and celebrates student success, with the ultimate goal of students successfully transitioning back to their home schools or re-entering the district.

North Kingstown High School

The 2025-2026 school year was filled with achievement, growth, and memorable moments at NKHS. Among the many accomplishments throughout the year, we are proud to highlight a few that reflect the talent and dedication of our students and staff.

Opening of the newest CTE Machinist-Manufacturing Defense Program at NKHS

NKHS is proud to partner with the Electric Boat and Submarine Industrial Base in Quonset. We are proud to announce the official opening of the Machine shop that will give students the necessary skills and knowledge to enter into the workforce as an entry level Machinist. The program will give students the opportunity to enter into internships and co-op opportunities and opportunity to work at Electric Boat as early as their senior year if they qualify and meet all criteria. Through our CCRI partnership students will be able to earn credits towards CCRI's advanced manufacturing associates degree.

North Kingstown High School DECA attends DECA International Career Development Conference in Atlanta, Georgia

Members of the North Kingstown High School DECA chapter attended the annual DECA International Career Development Conference (ICDC) that took place in Atlanta, GA, on April 25-28. The #DECAICDC spotlights DECA's top student performers from nearly all 50 United States, the District of Columbia, Canada, Puerto Rico and Germany. It also highlights innovative business partnerships that empower these emerging leaders and entrepreneurs to tackle the challenges of an ever-evolving and increasingly complex economic landscape.

College Fair
Over 80 Colleges and Military Reps

North Kingstown High School received national banner recognition as a National Unified Champion School by Special Olympics International. They received this recognition for its efforts to provide inclusive sports and activities for students with and without intellectual disabilities. This distinguished status is a result of meeting 10 national standards of excellence in areas of inclusion, advocacy and respect.

THE NKHS COMMUNITY SERVICE CLUB 2025-2026:

The club with over one hundred members was busy once again this year. Highlights include making flower arrangements for residents of Robert's Rehabilitation Center and being pen pals with elementary students in Jiow-Shen Elementary School, Taiwan, helping them learn & practice their English Language skills. There was the writing of cards for USA veterans both here in RI and overseas stationed in Eastern Europe.

Building Our Future: Every School, Every Student

The North Kingstown School Department is undertaking the most significant investment in school facilities in the district's history. Following voter approval of the \$137.2 million school construction bond in November 2024, the District has advanced a comprehensive facilities program for future generations designed to address critical building deficiencies, improve safety and accessibility, and modernize learning environments in all buildings, as well as a new energy-efficient Wickford Middle School.

The School Department has identified a total facilities investment of approximately \$141.45 million, consisting of \$137.2 million in school bond funding and approximately \$4.25 million in secondary/other funds. Of this total, approximately \$68.96 million is dedicated to district-wide Capital Improvement Projects (CIP) and \$72.49 million to the new Wickford Middle School. These amounts represent early-stage project budgets and will continue to be refined as design, bidding, and construction progress.

New Wickford Middle School — Approximately \$72.4 Million

The centerpiece of the capital program is the construction of a new Wickford Middle School, replacing the existing 1932 facility. The new school will provide a modern, flexible learning environment designed to meet the educational needs of students while addressing significant deficiencies in the existing building. We are currently in the Stage III Design Development and Schematic Design phase of approval with RI Department of Education. We are expecting to break ground late fall of 2026.

The project includes a new approximately 79,500-square-foot school, site improvements, demolition of the existing building following construction, modern HVAC and building systems, improved accessibility, updated security and fire alarm systems, interior and plumbing improvements, and sustainable design features. The project is also being designed with a strong emphasis on energy efficiency and net-zero readiness, for future rooftop photovoltaic systems.

The following ad alt items are being strongly advocated for through the design and budget process to be included in the final build of WMS:

- Athletic Fields
- Theatrical Equipment for the stage

Current project budget: approximately \$72.4 million.

District-Wide Capital Improvement Projects — Approximately \$68.9 Million

The remaining bond-supported capital program addresses critical infrastructure needs across North Kingstown’s schools. The projects were prioritized based on facility condition assessments, educational needs, health and safety, accessibility, asset protection, and the long-term sustainability of district facilities. Major areas of investment include:

Davisville Middle School renovations: Parity between middle school to include major renovations to New Entry Canopy, Central Courtyard, Media Center and Guidance Suite, School Nurse and Main office, Restrooms and Lockers.

Roof replacements: Major roof renewal projects at North Kingstown High School, Davisville Academy, Fishing Cove, Stony Lane, Quidnessett, Forest Park, Hamilton, and other district facilities.

Stabilization of Elementary Schools: Secure Vestibules at all schools, Accessible Site Routes, New Media Centers, and other limited interior work.

New Elementary School Media Centers.

9 PROJECTS. ONE STRONGER NKSD.

INVESTING IN OUR SCHOOLS. BUILDING OUR FUTURE.

*Project schedules are updated regularly as construction progresses.
This graphic reflects the current implementation plan.*

SAFER SCHOOLS
Enhancing safety and security across our facilities.

BETTER LEARNING
Creating modern, inspiring spaces for every student to thrive.

STRONGER COMMUNITY
Building facilities that support our schools and our community.

RESPONSIBLE INVESTMENT
Good stewardship today for a better tomorrow.

1

NK HIGH SCHOOL ROOF REPLACEMENT

IN PROGRESS – SUMMER 2026

- Replacing the roof to protect our building and extend its lifespan.

2

WICKFORD MIDDLE SCHOOL NEW CONSTRUCTION

BREAKS GROUND FALL 2026

- Building a new middle school designed for modern learning and community connection.
- Anticipated occupancy: 2028–29 school year.

3

DAVISVILLE MIDDLE SCHOOL SUMMER PROJECTS

STARTING SUMMER 2027

- Roof Replacement – Summer 2027
- Security Vestibule – Summer 2028
- Office & Accessibility Upgrades – Summer 2029

4

DAVISVILLE ACADEMY & NK EARLY LEARNING CENTER

SUMMER 2027

- Roof Replacement
- Security Vestibule

5

HAMILTON ELEMENTARY STABILIZATION

SUMMER 2027

- Roof Replacement
- Media Center Upgrade
- Security Vestibule

6

QUIDNESSETT ELEMENTARY STABILIZATION

SUMMER 2027

- Roof Replacement
- Media Center Upgrade
- Security Vestibule

7

FISHING COVE ELEMENTARY STABILIZATION

SUMMER 2028

- Roof Replacement
- Media Center Upgrade
- Security Vestibule

8

FOREST PARK ELEMENTARY STABILIZATION

SUMMER 2028

- Roof Replacement
- Media Center Upgrade
- Security Vestibule

9

STONY LANE ELEMENTARY STABILIZATION

SUMMER 2028

- Roof Replacement
- Media Center Upgrade
- Security Vestibule

Thank You, North Kingstown!

Your support helps us create safe, modern, and inspiring schools where every student can thrive.

Stay Connected

We're expanding the Capital Projects section of the NKSD website, where each project will have its own dedicated page with project timelines, construction updates, photos, and milestone information. These pages will eventually provide project-specific updates as work progresses.

Thank you for your continued support as we invest in safe, modern, and inspiring schools for today's students and future generations. Together, we're building the future of North Kingstown one project at a time.

North Kingstown Skippers
Educate. Inspire. Challenge.

North Kingstown High School Athletics

Fall season

Girls Volleyball - RI Division 1 State Champions

Unified Volleyball - Advanced to State Division 3 Championship

Football - Advanced to State Division 1 semifinals.

Girls Soccer - Advanced to State Division 1 Championship

Boys Soccer - Advanced to State Division 1 Championship

Field Hockey - Advanced to State Division 1 Quarterfinals

Girls Tennis - Advanced to State Division 1 Quarterfinals

Girls Cross Country - Third place overall in RI States

Boys Cross Country - Second place overall in RI States

18 NKHS Athletes Awarded Fall First Team All-State

Winter Season

Girls Basketball - Advanced to State Division 1 Quarterfinals

Boys Basketball - Advanced to Round 1 of RI Division 1 playoffs

Wrestling - Individual State and New England Champion and All-American, Kaz Morosetti

Girls Ice Hockey - Advanced to State Division 1 Championship

Gymnastics - State Division 2, 3rd Place finish

Girls Indoor Track - 2nd place finish in states

Boys Indoor Track - 4th place finish in states

Competition Cheer - 5th place finish in states

8 NKHS Athletes Awarded Winter First Team All-State

Spring Season

Girls Outdoor Track - RI State Champions

Boys Outdoor Track - 9th place finish in states

Unified Basketball - Advanced to Round 1 of State Playoffs

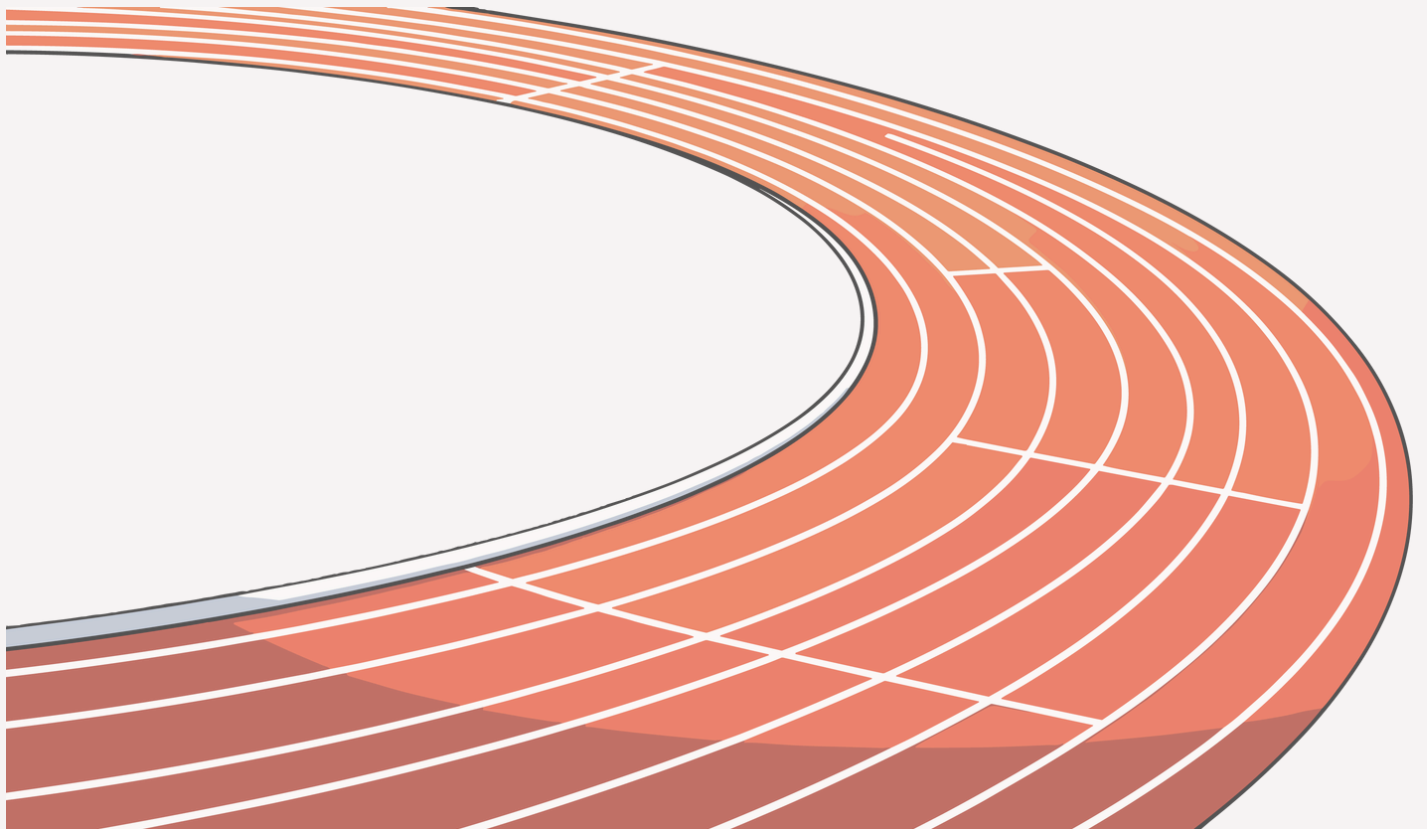

Baseball - Advanced to State Division 1 Semifinals

Softball - Advanced to State Division 1 Semifinals

Girls Lacrosse - Advanced to State Division 1 Quarterfinals

Boys Lacrosse - Advanced to State Division 1 Quarterfinals

Boys Volleyball - Advanced to State Division 1 Semifinals

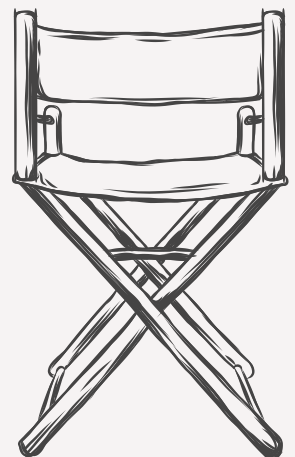

The Arts

The Visual Art Department expanded its offerings by including a new course (Textiles & Design) and a new Pathway (Digital Art Pathway). Student Art could be seen in our own Gallery, the Town Library, and in professional galleries such as the Wickford Art Association and the Gilbert Stuart Museum.

The Theater Department presented a Fall Showcase and the musical Anything Goes. Students had the opportunity to see live shows in Providence (Water for Elephants) and New York City (Ragtime).

The Music Department was recognized by NAMM as an Outstanding Community for Music Education. The Symphonic Band competed at a regional music festival and earned the highest score in their category as well as Best Overall Band

*Congratulations,
Class of 2026!*
