Nazareth Area School District

2026-2027 District-Issued Device Agreement and Financial Obligation Information

---

The Nazareth Area School District provides students with district-issued iPads and Chromebooks to support learning both in and out of the classroom. This document outlines the responsibilities for the care and use of these devices, along with the potential financial obligations for damage, loss, or theft.

Student/Family Responsibilities

- **The provided protective case must remain on the district-issued device (iPad or Chromebook) at all times. Removal of the case is not permitted.**
- **Stickers or adhesive decorations are not permitted on the device or protective case.**
- **Students and parents are not responsible for normal wear or manufacturer's defects.**
- All service and maintenance must be performed by NASD technicians only.
- **Report any device damage to the Technology Department as soon as possible to prevent further damage and allow for timely repairs.**
- Students must abide by all school district policies regarding technology use (Policies 237.2, 815).
- Families are financially responsible for repairs or replacement resulting from damage, loss, or theft as outlined below.
- Devices must be returned before summer break for maintenance and software updates, if required.
- Devices must be returned prior to withdrawing from the district (e.g., transferring to another school).
- **Repeated or intentional damage may result in additional disciplinary action in accordance with district policy.**

Financial Obligation

If a district-issued device or accessory is damaged, lost, or stolen due to accident, abuse, neglect, or intentional damage, the student and/or parent/guardian is responsible for the repair or replacement cost, not to exceed the full replacement value of the device. A separate fee may be assessed for each incident.

Families participating in the Free and Reduced Lunch Program are also responsible for any financial obligation fees related to damage, loss, or theft. Final determination of all fees will be made by the school administration.

The chart on the following page provides examples of potential financial obligations and is not a complete list of all possible scenarios.

Nazareth Area School District
