A LITTLE WORD FROM OUR FOOD SERVICE PROGRAM

From the Farm

Neil Howe, Production Farm Manager

With winter and the holiday season fast approaching, we have begun the process of winterizing the gardens with cover crops and early spring plantings such as Kale, purple sprouting broccoli, radishes, and greens, all going in now. We are curing/ripening the winter squash in the greenhouse for several weeks before it comes into the kitchen, where the wonderful kitchen staff will make it into wonderful dishes for you to enjoy

Gleaner Update

Our local Gleaners have been hard at work harvesting local apples for our school salad bars, and a group of volunteers has been busy turning those apples into homemade applesauce! This season, our Gleaners harvested 3,300 pounds of apples for applesause, which our volunteers transformed into an impressive 2,700 pounds of homemade applesauce—filling 89 buckets! This applesauce will be stored in the freezer and used in future school meals. We love finding ways to preserve local harvests and bring fresh, local foods to our students!

A big thank-you to all of our Gleaners for harvesting the apples, and a special thank-you to Seth Rolland for his hard work and dedication in helping make these local food efforts possible. We appreciate everyone who helps bring fresh, local food from our community to our students!

This month, we partnered with WSU Extension to bring locally caught fish taco taste tests to all of our schools! Students had the opportunity to try something new and learn about local seafood. A special thank-you to Stacy Larson and WSU Extension for making this experience possible!

🦃 Mark Your Calendars! We are getting ready for our Holiday Meal on November 5th! Students can look forward to a festive meal featuring turkey, pumpkin pie, and all the holiday favorites. Vegetarian options will also be available so everyone can join in the celebration!
