Maverick Stadium Student Expectations

For the safety of our students and to help provide an enjoyable environment for everyone attending Eastland ISD home football games:

Students in 5th grade and below must enter Maverick Stadium with a parent, guardian, or responsible adult.

Middle school students may enter the stadium without an adult and are encouraged to sit in the designated EMS student section.

All students in 8th grade and below are expected to remain in the bleachers during the game except when visiting the concession stand or restroom. Students should return promptly to the bleachers after completing their visit.

Students may not congregate, loiter, run, play, or gather in walkways, behind or underneath the bleachers, along the fence line, near concession areas, or in other common areas of Maverick Stadium.

Students who do not follow these expectations will be directed back to the bleachers. Repeated failure to comply may result in the student being required to leave the stadium or being subject to additional attendance restrictions at future events.

Thank you for helping us keep Maverick Stadium safe and enjoyable for everyone.
