Welcome Back to School!

Welcome back, Brownstown Bomber families!

It is hard to believe that another school year is already here. As we begin the 2026–2027 school year, I want to welcome our students, families, teachers, staff, and community back to Brownstown CUSD #201.

The beginning of a new school year always brings a sense of excitement and opportunity. Our buildings are once again filled with the energy, laughter, and enthusiasm of our students. This is what makes our schools special, and I am excited about everything we will accomplish together this year.

I want to thank our teachers and staff for the tremendous work they have done preparing for the return of our students. From our classrooms and transportation department to our custodial, administrative, and support teams, so many people have worked behind the scenes to make sure we were ready for a successful start.

This year, we will continue our focus on providing our students with strong academic opportunities, safe and welcoming schools, meaningful activities, and the support they need to be successful. We will also continue working to improve our facilities, operations, technology, and programs so that Brownstown CUSD #201 remains a district our community can be proud of.

Most importantly, I want our students to know that **you matter, your voice matters, and your success matters.** Take advantage of the opportunities in front of you, challenge yourself, support one another, and make this a year you will remember.

To our families, thank you for trusting us with your children. We value your partnership and encourage you to stay connected with your child's school and with our district throughout the year.

As your Superintendent, I am grateful for the opportunity to serve this community and excited about what lies ahead. There is a tremendous amount of positive work happening in Brownstown, and I look forward to continuing that work together.

Welcome back, Bombers! Let's make 2026–2027 a great year!

Go Bombers!

"Building Today to Stand Tomorrow"
