Community In Acts Update

November 16, 2026

Rom 10:14-15 "How then shall they call on him in whom they have not believed? and how shall they believe in him of whom they have not heard? and how shall they hear without a preacher? And how shall they preach, except they be sent?"

Paul reminds us that people cannot believe in someone they have never heard about. The Gospel must be carried to them. It is not enough for us to simply know the truth; we have been entrusted with the responsibility of sharing it and showing it. .One of the great privileges of ministry is watching students move from learning God's Word in the classroom to putting it into practice in the villages. We are not simply training students to know theology; we are preparing them to become faithful servants of Christ who are willing to go wherever the Lord leads. May we never lose sight of the urgency and privilege of sharing the Gospel with those who have yet to hear.

Emerald Coast Ministry

This week, Sandy and I are taking some vacation time and will return on Saturday. While we are away, the students at Emerald Coast Seminary are preparing for an exciting week of ministry!The students will be traveling to three different Totonaco villages: Mecatlan, Ciduela, and San José. Throughout the week, they will be sharing the Gospel, giving their personal testimonies, teaching Bible lessons, and spending time ministering among the people.We are especially excited about this opportunity because this is exactly what Emerald Coast Seminary is all about! Our desire is to train indigenous men and women who will take the Gospel back to their own communities. What better way to prepare them than to give them opportunities to serve, share their faith, and build relationships with people in these villages?

Solar Project Update

Unfortunately, the solar panel company did not arrive last week as promised. This has been a frustrating delay. One of our team members has decided to remain behind so that someone will be available to receive and coordinate with the solar company should they finally arrive.We are praying that this week brings some much-needed progress and that we can get this important project moving forward.

Prayer Requests:

1. Please pray for the students as they travel to Mecatlan Ciduela, and San José. Ask the Lord to give them boldness, wisdom, and opportunities to clearly share the Gospel.
2. Please pray for the Totonaco families who will hear the Word of God. May hearts be opened, lives be changed, and lasting relationships develop that will lead to continued ministry in these villages.
3. Please pray that the solar company will arrive as promised, that the remaining work will be completed, and that the electrical system will soon be fully operational.
4. Please pray for funding to furnish
