High School Student of the Week

Bring the H.E.A.T!

Gunner Mackey is a top-notch student. He goes beyond the teacher's expectations time and time again, in and out of the classroom. His ability to get things done without being told what to do demonstrates a high level of maturity. As Gunner leaves each day from the school building to his 'Work Study', it is with great confidence that he will be responsible and dedicated to his employer, just as he has upheld those character traits in the Career and Tech Education Department at SHS.

Gunner Mackey

Junior High Student of the Week

Bring the H.E.A.T!

Finley Hume

Finley comes to class everyday with an interest and excitement that is contagious. She is willing to try new things without complaining and will pick up the slack if one of her peers need help. Recently while changing tires she was one of the first to jump in. Finley brings the heat everyday!!
