JUNIOR HIGH

The junior high football team was excited to get their first win on the season when they beat Boise City in front of their home crowd. There were multiple big plays including long runs, deep passes and great blocking. The team also had a chance to play some younger guys late in the game which is always a plus.

Saturday, the Shorthorns got the awesome experience of playing under the lights at the new Thunder Stadium in Lamar. The score doesn't accurately reflect how close the game was; had a couple plays gone the right way it would have been a different game. Coach Humphrey, said "all around I was proud of how tough our boys were in this game and thought we learned a lot!"

The Shorthorns have a bye week and then travel to Granada on October 2nd.
