April 13, 2026

Dear Parents and Guardians,

As we approach ATLAS testing next week (April 20th-23rd), we want to emphasize the importance of student attendance during this time.

Please make every effort to ensure your child is present each day of testing. Consistent attendance allows students to complete their assessments in a timely manner and helps them perform to the best of their ability.

To support your child's success, we encourage the following:

- Ensure your child gets a good night's rest each evening.
- Have your child arrive at school on time each morning.
- Encourage a positive mindset and do your best to avoid scheduling appointments during testing hours.

These assessments are an important opportunity for students to demonstrate what they have learned this year, and your support plays a key role in their success. Students that attend each day Monday-Thursday next week and complete all ATLAS tests will not need to attend school Friday, April 24th as this day is designated for ATLAS make-up testing. **Any students that miss one or more days Monday-Thursday WILL need to attend Friday to complete their make-up tests.**

Thank you for your cooperation and support!

Sincerely,

Steven Bates
Middle School Principal
Parkers Chapel School District
