ParentVue Activation

We are excited to offer you the opportunity to view your child's school records online. If you have internet access you can view your student's school records including grades, assignments, and much more.

In order to access this information you will need to do the following:
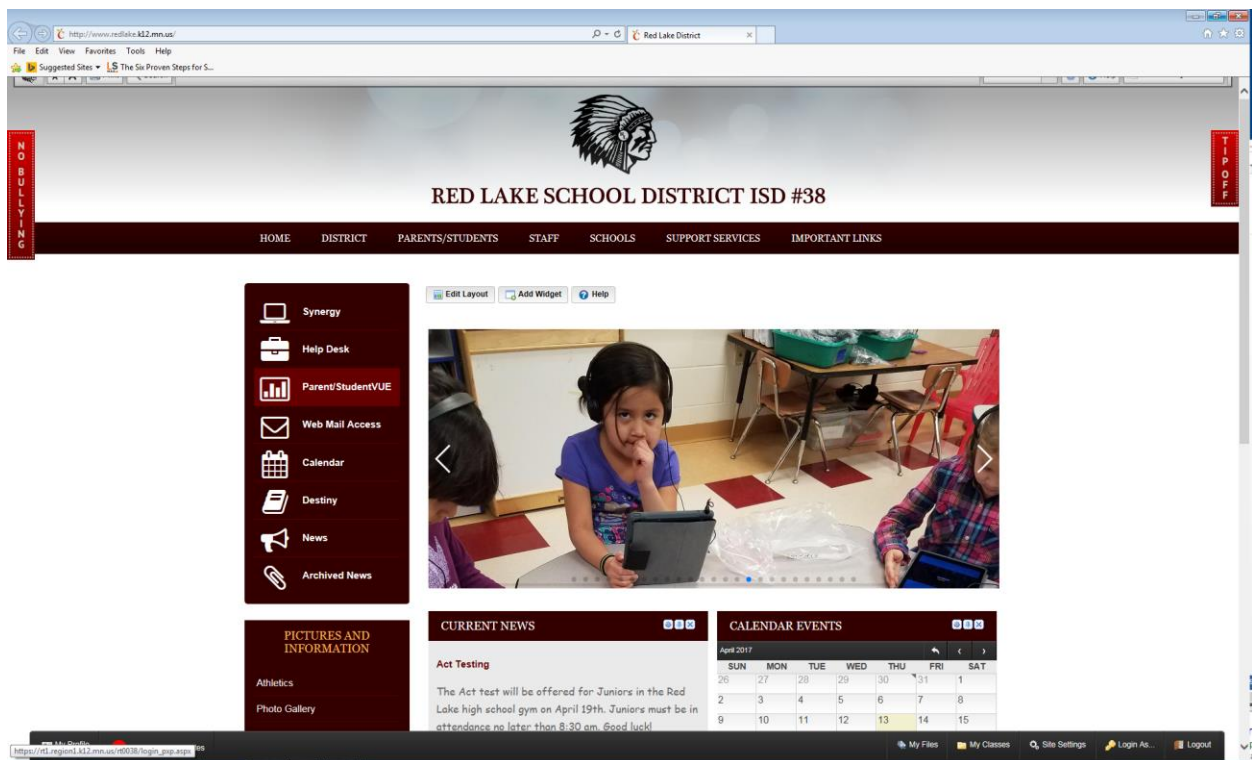

1. Contact the school to receive an activation code and/or an activation code letter.

While at a computer with internet access

1. You can type in this address, https://rt1.region1.k12.mn.us/rt0038/login_pxp.aspx
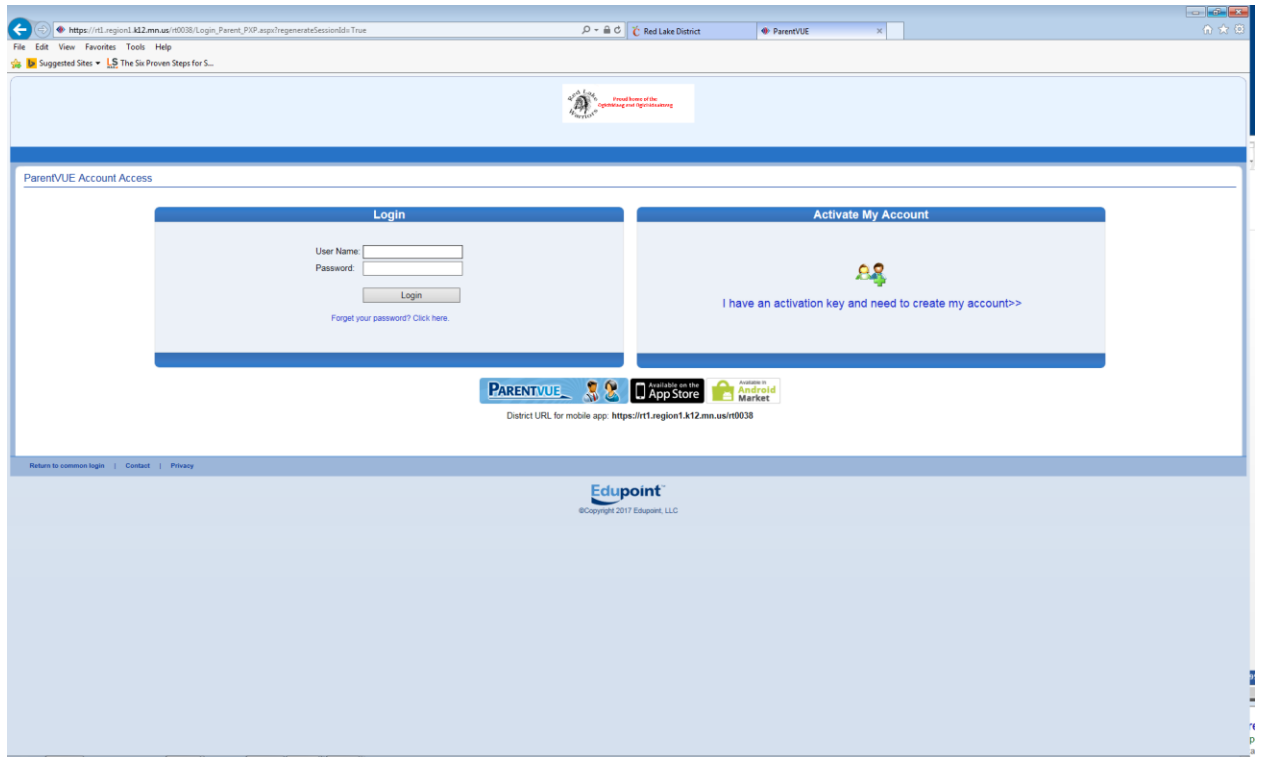

or

2. Go to our school web page at http://www.redlake.k12.mn.us , on the front page, click on the link that says Parent/StudentVue
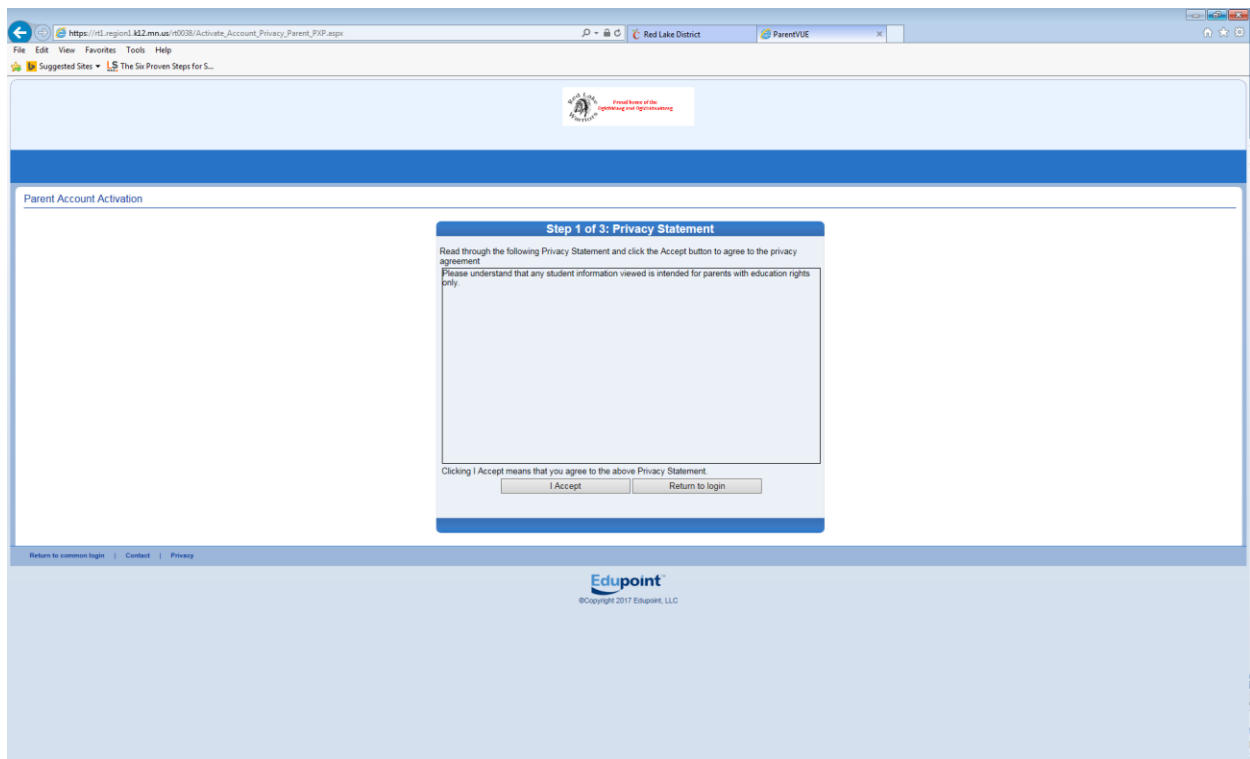

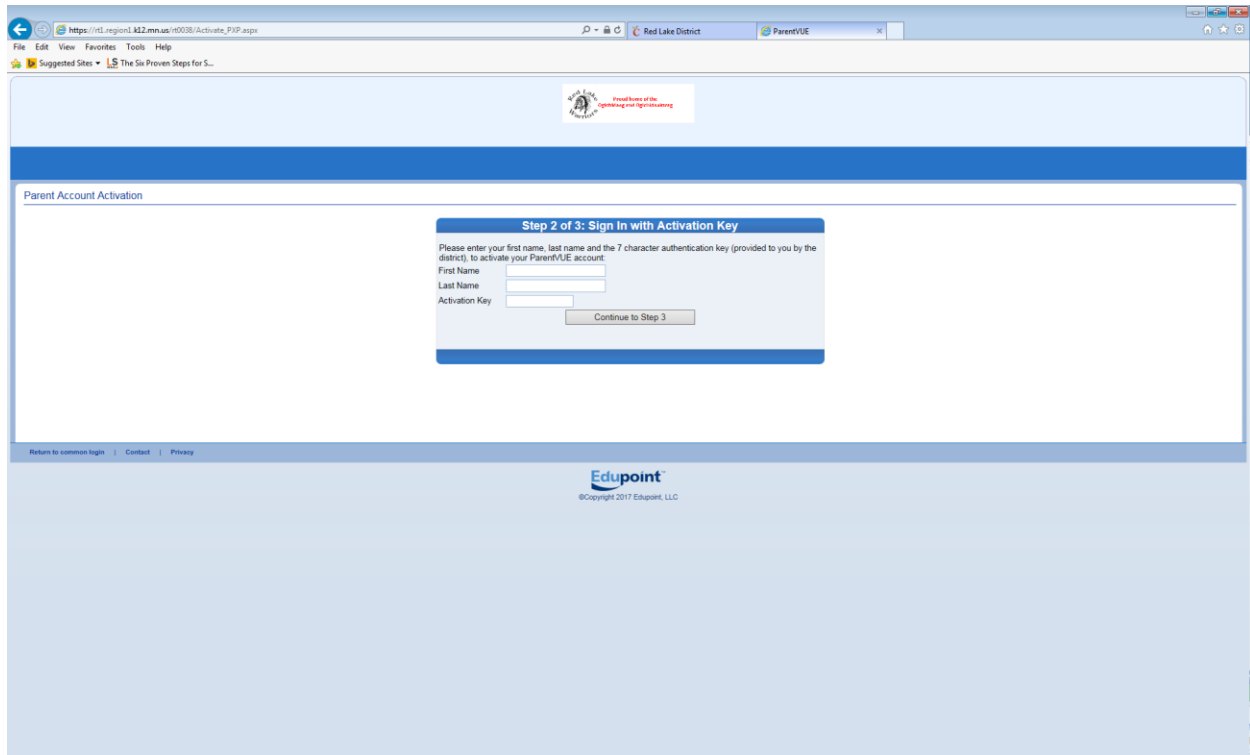

Once there:

    1. Click on the button that says "I am a parent>>"

    2. You will then see two windows appear, click on the words "I have an activation key and need to create my account".

3. A new window will appear with a privacy statement. You will need to click on the button that says "I accept."

4. Once that has finished, please enter your full name where asked and your 7 digit activation key you received.

5. Continue on to step 3. You will be asked to create a user name and password. Please make a record of these, as we have no way of knowing either. They are yours and solely yours. It will also ask you for an active email account (which is mandatory in order to use this system). Once all of this is completed, you will have access to your student's records.

6. From that point on, you will go to the same site and enter your user name and password under the login window.

If you have questions please contact your student's school.

Thank You,

Red Lake Schools
