Red Shirt School: Thank you to all parents and guardians who've entrusted your children to our school. We had a great start last week delving into routines and transitioning back into school. This week, we're starting the curriculum and fully implementing our new schedule. We ask families to prepare the students by getting a good night's rest each night and encouraging them to do their best learning.

Pilamayaye!

Rockyford School: We had an awesome Open House! Thank you to all the parents and guardians who came to meet teachers, share good food, and make great

relationships with all Rockyford staff. You do not know just how much you are appreciated! Get your students on the buses this week. While it looks like a bunch of regular days, this will be the time that students learn how to be students again after the long break. After-school programs will determine who wants to do what! We have everything from video games to literature-based clubs, photography, traditional art and crafts, and much more. There could even be an old-school role-playing club! You know, something like the Hell Fire Club, but set in space, a James Bond adventure, the era of Cyberpunk, and—yes—a fantasy realm filled with goblins, dragons, wizards, and warriors. Who knows, but students have to be at school every day to let our after-school sponsors know what they want to do.
