# DEDICATION

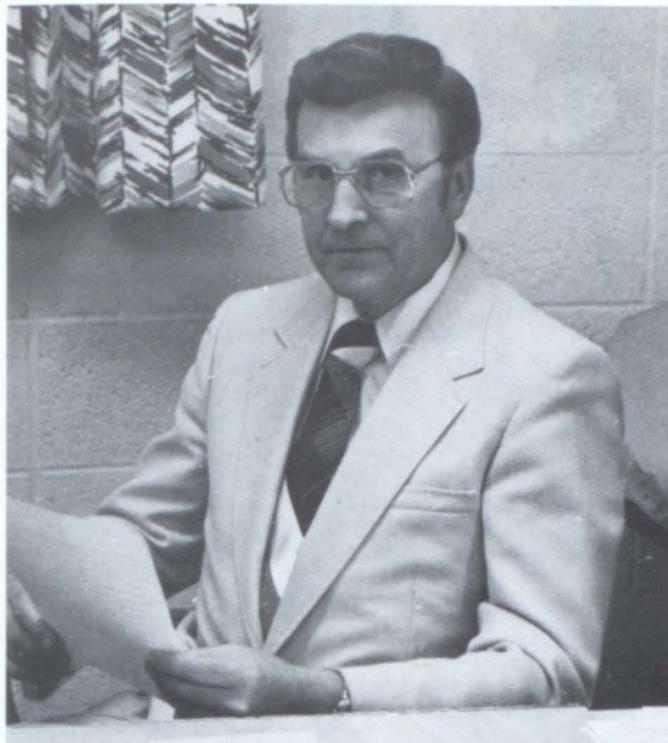

In our dedication we show our appreciation to Mr. Lawson who has been our superintendent for 22 years. Through those years, he has found his job to be very rewarding. He commented, "Central is a great place, neither large or small, with lots of opportunities. The location is advantageous because it is a short distance from the metropolitan area, but yet semi-rural and this attracts good teachers."

One thing he really misses is being an advisor on the annual staff. He had to give it up because his work load became too heavy.

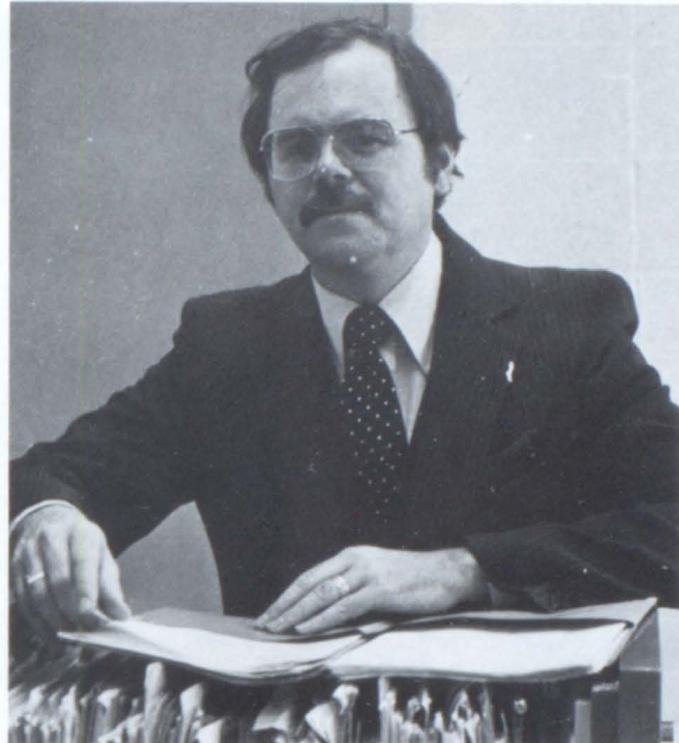

After retirement, Mr. Lawson plans on traveling to the Southern parts of the United States.

As departing advice for seniors, Mr. Lawson said that there are many opportunities in education and other fields after graduation. Furthering your education is one of the stepping stones of doing, but you have to make your own opportunities.

# CLASS HISTORY

Freshman, Wow! We finally get our own name  
newly formed friendships  
newly found fame.

If someone would drive us we'd go have a ball  
at the bowling alley, Isehe parties,  
and at the Hamburg Hall.

Off of the sidewalks,  
go into hiding,  
100 sophomores have their  
license for driving.  
Majors and minors became the  
curse of the school,  
behave or go to detox  
became the new rule.

Magazine drive, class rings, prom  
and homecoming,  
this thing and that thing  
continuous running  
one of the things we hated  
like heck  
was being stuck in a class  
with Mr. Stanek.

Our last year  
with Senior Social, parties,  
making graduation plans  
the year simply flew  
it is time to say goodbye  
now what do we do?

## CLASS MOTTO

This may be the last time we'll all be  
together, but out school day memories  
will last forever.

The National Honor Society had another fantastic Foreign Exchange Weekend again this year. It started with hors d'eouvres at Cheryl Kamps' main dish at Barb Lano's, and dessert at Paula Syvaniemi's, our own exchange student. They then went to the basketball game and to Jeff Schultz's to end the evening. Early the following day, they spent at Baylor Park cross-country skiing, playing games, and of course eating. After all of this, the new friends had to say good-bye. It ended up to be a weekend the National Honor Society will never forget.

"Look at those SMILES!!!"

As the popularity of the Indianettes grows, so does their originality and success. This year the Indianettes danced at all the sport activities plus more. They competed at several contests. They received 3rd place at UW Stout, 4th place at the Winter Carnival, 3rd place at State, and 4th at the Aquatennial. They put in long hours every day after school to get these high places. Each and every year they get better and better.
