**Understanding the Illinois School Report Card**

Each year, the Illinois State Board of Education releases the Illinois School Report Card, offering a snapshot of school performance across the state. The state has five different designations: Exemplary, Commendable, Targeted, Comprehensive, and Intensive. These designations reflect a school's multiple measures, including growth, graduation rates, and student success. At Illini Bluffs, our results showcase the dedication of our students, staff, and families who work together every day to help every Tiger learn, grow, and thrive.
