

School Health Requirements

Students must be up-to-date on required immunizations to enroll in kindergarten, 7th grade, 12th grade, and when transferring to PCPS. A school entrance physical is also required for kindergarten entry/first-time elementary entry.

Students who do not meet these requirements may be unable to start school in the fall. Immunizations are available through private physicians, pharmacies, and clinics.

KG

Parents of students entering Kindergarten (or entering school for the first time): see requirements and additional information from VDH in [English](#) and [Spanish](#)

7th

Parents of students entering 7th grade: see requirements and additional information from VDH in [English](#) and [Spanish](#)

12th

Parents of students entering 12th grade: see requirements and additional information from VDH in [English](#) and [Spanish](#)
