West Elementary Kindergarten Health Requirements

2026–2027 School Year Preparation

We are excited to welcome your child to West Elementary! To ensure a smooth and healthy start to the school year and meet the necessary state requirements, please submit the following health information before your child begins school. If you have submitted any of the requirements for the previous school year, please note that an updated physical and vaccination record would still be required. Completed forms/ records can be mailed, delivered, or faxed to the school office. If you have any questions please reach out to Mrs. Moe or Mrs. Frederick.

Physical Examination Form

- Must be completed within one year prior to start of school year
- Have your healthcare provider complete the required form
- Records may be transferred from a previous school
- LEAD blood test results and date may be documented on this form
- Vision Screening results may be documented on this form if done at this appointment

Immunization Records

- All vaccines required before age 5 must be complete prior to start of school per **IOWA LAW**
- Students not up-to-date on immunizations may not begin school until requirements are met or exemption submitted
- Parents are responsible for providing vaccine records if your child had immunizations outside of the state of IOWA

Lead blood screening

- At least one blood draw result and date must be submitted
- These are drawn between 6 months - 5 years depending on your provider. Request a copy from your provider

Vision Screening/Exam

- Certificate of vision screening must be completed for every kindergartener per **IOWA LAW**
- This can be completed at your physical OR by an eye provider

Dental Screening

- Per **IOWA LAW** a dental exam must be completed and signed by your provider for an exam that has been completed after the age of three.
