- **Student Drop off procedures** - Parents may not park and walk kids up to the building, or park to pick up kids in the afternoon. **Students cannot be dropped off at school before 8:05 am.** Please use 2 lanes to begin the car line, and then merge into the line closest to the building for drop off/pick up.
- **Early Pick-up Procedures** - If your child typically rides a bus, but needs to be a car rider for the day, you must let the office know no later than 2:15. If you know in advance, please send a note to school with your child.
- **Attendance** - If your child will not be at school, please call the school at 937-845-9439, and choose option 1 (attendance) from the menu. This line is ONLY to report absences. Leave a message stating your child's first and last name, grade level, and reason for their absence. The secretaries check these messages daily and update your child's attendance record.
- **Final Forms completion** - Please complete Final Forms as soon as possible. For returning students, the information still needs to be reviewed and confirmed in the system. Be sure your phone numbers and email addresses are accurate to ensure the school can contact you in the event of an emergency.
- **Specials Information** - We are excited to introduce a brand-new STEM (Science, Technology, Engineering, and Math) specials class for our K-4 students. Mr Mullen, a former 2nd grade teacher will teach the class using Lego for Education Science kits to explore real-world concepts through building models. Third and fourth grade, will also use Lego for Education Computer Science and AI kits, where students will be exploring how automated systems work through interactive coding and robotics. We are excited to offer our students these new experiences!
