This Student/Parent Handbook is based in significant part on policies adopted by the Board of Education and Administrative Guidelines developed by the Superintendent. The Policies and Guidelines are periodically updated in response to changes in the law and other circumstances. Therefore, there may have been changes to the documents reviewed in this Handbook since it was printed. If you have questions or would like more information about a specific issue, contact your school principal.

FOREWORD

This Student Handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year. This handbook summarizes and references many of the official policies and administrative guidelines of the Board of Education and the District. To the extent that the handbook is ambiguous or conflicts with these policies and guidelines, the policies and guidelines shall control. This handbook is effective immediately and supersedes any prior student handbook.

Because the handbook also contains information about student rights and responsibilities, each student is responsible for knowing its contents. Please take time to become familiar with this handbook and keep it available for you and your parents to use. It can be a valuable reference during the school year and a means to avoid confusion and misunderstanding when questions arise. Should you have any questions that are not addressed in this handbook, contact your School Principal.

This Handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the Board's policies and the School's rules as of August 2026. If any of the policies or administrative guidelines referenced herein are revised after August 2026, the language in the most current policy or administrative guideline prevails.

Copies of current Board policies and administrative guidelines are available from the building principal and on the District's website.

EQUAL EDUCATION OPPORTUNITY

It is the policy of this District to provide an equal education opportunity for all students. The right of a student to be admitted to school and to participate fully in curricular, extra-curricular, student services, recreational or other programs or activities shall not be abridged or impaired based on the traits of race, color, national origin, sex (including sexual orientation or gender identity), disability, age (except as authorized by law), religion, military status, ancestry, or genetic information (collectively, Protected Classes) or any other characteristic protected by Federal or state civil rights laws (hereinafter referred to as "Protected Characteristics") or other protected characteristics as well as place of residence within District boundaries, or social or economic background.(See Board Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity)

Any person who believes that they have been discriminated against on the basis of their race, color, national origin, sex (including sexual orientation or gender identity), disability, age (except as authorized by law), religion, military status, ancestry, or genetic information (collectively, Protected Classes) while at school or a school activity should immediately contact the School District's Compliance Officer:

Andrea White
Executive Assistant to the Superintendent
(740)354-5663
(740)355-4496 (fax)
724 Findlay Street
Portsmouth, OH 45662
andrea.white@portsmouthtrojans.net

Complaints will be investigated in accordance with the procedures described in Board Policy 2260 and page(s) 1-2 of this Handbook. Any student making a complaint or participating in a school investigation will be protected from retaliation. The Compliance Officer(s) can provide additional information concerning equal access to educational opportunity.

SCHOOL DAY

The school day for students attending PHS/PJHS is 7:45am-2:30pm. Students are considered tardy if they arrive and are not in their assigned room by 7:45am.

STUDENT RIGHTS AND RESPONSIBILITIES

The rules and procedures of the school are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights to freedom of expression and association and to fair treatment as long as they respect those rights for their fellow students and the staff. Students will be expected to follow teachers' directions and to obey all school rules. Disciplinary procedures are designed to ensure due process before a student is removed because of the student's behavior.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. Many times, it will be the student's responsibility to deliver that information. If necessary, mail or hand delivery may be used to ensure contact. Parents are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish the child's educational goals.

Students must arrive at school on time, prepared to learn and participate. If, for some reason, this is not possible, the student should report to the attendance office for a tardy slip.

Adult students (age eighteen (18) or older) must follow all school rules.

If residing at home, adult students should include their parents in their educational program and parents will be called if they leave school early or arrive late.

STUDENT WELL-BEING

Student safety is the responsibility of both students and staff. Staff members are familiar with emergency procedures such as evacuation procedures, fire and tornado drills, safety drills in the event of a terrorist or other violent attack, and accident reporting procedures. If a student is aware of any dangerous situation or accident, the student must notify a staff person immediately.

State law requires that all students have an emergency medical authorization completed and signed by a parent or guardian on file in the School office.

Students with specific health care needs should deliver written notice about such needs, along with physician documentation, to the School office.

In keeping with its concern for the safety and well-being of both students and staff and for maintaining a school environment that is conducive to learning, the Board of Education has adopted policies related to student conduct in the school setting and has authorized disciplinary measures for the violation of these policies. The Superintendent is authorized to establish one (1) or more assistance programs for students which provide for effective intervention in areas such as substance abuse, crisis situations, and other situations which have impact on students' emotional, mental, and/or social well-being and affect their ability to benefit from educational experiences. Administrative guidelines are to be prepared which will ensure that:

- A. the rights of both parents and students are protected;
- B. outside resource people and agencies are properly certified or licensed to provide services and have a history of effective assistance.

The Board of Education recognizes that the misuse of drugs is a serious problem with legal, physical, and social implications for the whole school community. As the educational institution of this community, the schools should strive to prevent drug abuse and help drug abusers by educational, rather than punitive, means. For purposes of this policy, "drugs" shall mean:

- A. all dangerous controlled substances as so designated and prohibited by Ohio statute;
- B. all chemicals which release toxic vapors;
- C. all alcoholic beverages;
- D. any prescription or patent drug, except those for which permission to use in school has been granted pursuant to Board policy;
- E. anabolic steroids;
- F. any substance containing betel nut (areca nut);
- G. any substance that is a "look-alike" to any of the above.

The Board prohibits the use, possession, concealment, or distribution of any drug or any drug-related paraphernalia as the term is defined by law, or the misuse of a product containing a substance that can provide an intoxicating or mood-altering effect on school grounds, on school vehicles, or at any school-sponsored event. It further establishes a drug-free zone within 1000 feet of any facility used by the District for educational purposes.

INJURY AND ILLNESS

All injuries must be reported to a teacher or the office. If the injuries are minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures and attempt to make contact with the student's parents.

A student who becomes ill during the school day should request permission to go to the office. An appropriate adult in the office will determine whether the student should remain in school or go home. No student will be released from school without proper parental permission.

SECTION I - GENERAL INFORMATION

ENROLLING IN THE SCHOOL

In general, State law requires students to enroll in the school district in which their parent or legal guardian resides, unless enrolling under the District's open enrollment policy.

New students under the age of eighteen (18) must be enrolled by their parent or legal guardian. When enrolling, parents must provide copies of the following:

- A. a birth certificate or similar document
- B. court papers allocating parental rights and responsibilities, or custody (if appropriate)
- C. proof of residency
- D. proof of immunizations

Under certain circumstances, temporary enrollment may be permitted. In such cases, parents will be notified about documentation required to establish permanent enrollment.

Students enrolling from another school must have an official transcript from their previous school in order to have credits transferred. The district registrar will assist in obtaining the transcript, if not presented at the time of enrollment.

Students enrolling in the District following any period of home education will be placed in the appropriate grade level, without discrimination or prejudice.

Homeless students who meet the Federal definition of homeless may enroll and will be under the direction of the District Liaison Homeless Children with regard to enrollment procedures.

Students who meet the Federal definition of children and youth in foster care may enroll and will be under the direction of the Local Point of Contact with regard to enrollment procedures.

Foreign students and foreign-exchange students (from recognized and approved student programs) are eligible for admission on the same basis as other non-resident students.

New students eighteen (18) years of age or older are not required to be accompanied by a parent when enrolling. When residing with a parent, these students are encouraged to include the parents in the enrollment process. When conducting themselves in school, adult students have the responsibilities of both student and parent.

In addition, if a new student resides in the District with a grandparent and is the subject of a: (1) power of attorney designating the grandparent as the attorney-in-fact; or (2) a caretaker authorization affidavit executed by the grandparent that provides the grandparent with authority over the care, physical custody, and control of the child, including the ability to enroll the child in school, consent in all school related matters, and discuss with the District the child's educational progress, the student's grandparent may enroll the child in school on a tuition-free basis. However, in addition to the abovereferenced documents that are typically required for enrollment, the grandparent must provide the District with a duly executed and notarized copy of a power of attorney or caretaker authorization affidavit.

A student suspended or expelled by another public school in Ohio may be temporarily denied admission to the District's schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school in the District. Likewise, a student expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not expired may be temporarily denied admission to the District's schools during the period of expulsion or removal or until the expiration of the period of expulsion or removal which the student would have received in the District had the student committed the offense while enrolled in the District. Prior to denying admission, however, the Superintendent shall offer the student an opportunity for a hearing to review the circumstances of the suspension or expulsion and any other factors the Superintendent determines to be relevant.

If a student has been recently discharged or released from the custody of the Department of Youth Services (DYS) and is seeking admittance or re-admittance into the District, the student will not be admitted until the following records, which are required to be released by DYS to the Superintendent, have been received:

- A. an updated copy of the student's transcript;
- B. a report of the student's behavior while in DYS custody;
- C. the student's current IEP, if one has been developed for the child; and
- D. a summary of the instructional record of the child's behavior.

SCHEDULING AND ASSIGNMENT

Elementary Level

The Principal will assign each student to the appropriate classroom and program. Any questions or concerns about the assignment should be discussed with the Principal.

Secondary Level

Schedules are provided to each student at the beginning of the school year or upon enrollment. Schedules are based on the student's needs and available class space. Any changes in a student's schedule should be handled through the school counselor. Students may be denied course enrollment due to lack of available space or the need for the student to pass prerequisite courses. Students are expected to follow their schedules. Any variation must be approved with a schedule change within the first five days of enrollment in the school.

EARLY DISMISSAL FROM SCHOOL

No student may leave school prior to dismissal time without a parent or guardian either submitting a signed written request or coming to the School Office personally to request the release including those students who are aged 18 or older and living with their parent(s). No student will be released to a person other than a custodial parent(s) or guardian without a written permission note signed by the custodial parent(s) or guardian.

WITHDRAWAL/TRANSFER FROM SCHOOL

No student under the age of eighteen (18) is allowed to withdraw from school without the written consent of their parents and in compliance with State law. A student who otherwise withdraws from school shall be reported to the juvenile judge of the county and to the Bureau of Motor Vehicles for suspension of their driver's license, if they are under the age of eighteen (18).

Parents must notify the Principal about plans to transfer their child to another school. School records, including disciplinary records of suspension and expulsion, will be transferred to the new school within five (5) days of the parents' notice or request, except as permitted by law. (See Board Policy 8330 – Student Records)

IMMUNIZATIONS

In order to safeguard the school community from the spread of certain communicable diseases and in recognition that prevention is a means of combating the spread of disease, the District requires all students to be immunized (or in the process of being immunized) against poliomyelitis, measles (aka rubeola), diphtheria, rubella (German measles), pertussis, tetanus, mumps, and other diseases legally designated in accordance with State statutes, unless specifically exempt for medical or other reasons. The Board further requires that students enrolled in grades seven (7) through twelve (12) be immunized against meningococcal disease. For the safety of all students, the school principal may remove a student from school or establish a deadline for meeting State requirements if a student does not have the necessary immunizations or authorized exemption. In the event of a chicken pox epidemic, the Superintendent may temporarily deny admission to a student otherwise exempted from the chicken pox immunization requirement. Any questions about immunizations or exemptions should be directed to the District Nurse.

EMERGENCY MEDICAL AUTHORIZATION

A complete Emergency Medical Authorization Form must be on file with the School in order for a student to participate in any activity off school grounds, including field trips, spectator trips, athletic and other extra-curricular activities, and co-curricular activities. The Emergency Medical Authorization form is provided at the time of enrollment and at the beginning of each school year.

USE OF MEDICATIONS

Before any prescribed medication or treatment may be administered to any student during school hours, the Board shall require the written prescription and instructions from the child's physician accompanied by the written authorization of the parent. Both must also authorize any self-medication by the student.

In those circumstances where a student must take prescribed medication during the school day, the following guidelines are to be observed:

- A. Parents should, determine with the counsel of their child's prescriber whether the medication schedule can be adjusted to avoid administering medication during school hours.
- B. The appropriate form must be filed with the respective building principal before the student will be allowed to begin taking any medication during school hours or to use an inhaler to self-administer asthma medication. Such forms must be filed annually and as necessary for any change in the medication.
- C. All medications must be registered with the Principal's Office and must be delivered to school in the original containers in which they were dispensed by the prescribing physician or licensed pharmacist, labeled with the date, the student's name, and the exact dosage to be administered.

- D. Medication that is brought to the office will be properly secured. Except as noted below, medication must be delivered to the Principal's Office by the student's parent or guardian or by another responsible adult at the parent or guardian's request. Except as noted below, students may not bring medication to school. Students may carry emergency medications for allergies and/or reactions, or asthma inhalers during school hours provided the student has written permission from a parent or physician and has submitted the proper forms. In the case of epinephrine autoinjectors ("epi pens"), in addition to written permission and submission of proper forms, the parent or student must provide a back up dose to the school nurse. Students are strictly prohibited from transferring emergency medication, epi pens, or inhalers to any other student for their use or possession.

Medication may be conveyed to school directly by the parent or transported by transportation personnel (bus driver and/or bus aide) at parental request. This should be arranged in advance.

If, for supportable reasons, the Principal wishes to discontinue the privilege of a student self-administering a medication, except for the possession and use of asthma inhalers, the parent(s) shall be notified of the decision in sufficient time for an alternative means of administration to be established.

- E. Any unused medication unclaimed by the parent will be destroyed by school personnel when a prescription is no longer to be administered or at the end of a school year.
- F. The parents shall have sole responsibility to instruct their child to take the medication at the scheduled time.
- G. The principal or their designee will maintain a log noting the personnel designated to administer medication, as well as the date and the time of day that administration is required. This log will be maintained along with the prescriber's written request and the parent's written release.

Nonprescribed (Over-the-Counter) Medications

No staff member will dispense nonprescribed, over-the-counter (“OTC”) medication to any student without prior parent authorization. Parents may authorize administration of a nonprescribed medication on forms that are available from the Principal’s Office. Physician authorization is not required in such cases.

If a student is found using or possessing a nonprescribed medication without parent authorization, the student will be brought to the School office while the student’s parents are contacted for authorization. The medication will be confiscated until written authorization is received.

Any student who distributes medication of any kind or who is found in possession of unauthorized medication is in violation of the School’s Code of Conduct and will be disciplined in accordance with the drug-use provision of the Code.

Students may possess a drug prescribed to the student to prevent the onset of a seizure or to alleviate the symptoms of a seizure, provided that the student has prior written approval from the student’s physician, and if the student is a minor, the written approval of the student’s parent or guardian (Form 5330 F5 - Authorization for the Possession and Use of Seizure Medications). Copies of the written approvals must be provided to the Principal and any school nurse assigned to the building.

Students shall be permitted to possess and self-administer over-the counter topical sunscreen products while on school property or at a school-sponsored event, provided the student has submitted prior written approval of the student’s parent/guardian to the Principal.

A student may possess and use a metered dose inhaler or a dry powder inhaler to alleviate asthmatic symptoms or before exercise to prevent the onset of asthmatic symptoms, at school or at any activity, event, or program sponsored by or in which the student’s school is a participant if the appropriate form is completed and on file in the Principal’s Office.

A student who is authorized to possess and use a metered dose or dry powder inhaler may not transfer possession of any inhaler or other medication to any other student.

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The School's professional staff may remove or isolate a student who has been ill or has been exposed to a communicable disease or highly-transient pest, such as lice.

Specific communicable diseases include diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Local and State Health Departments.

Any removal will be limited to the contagious period as specified in the School's administrative guidelines.

CONTROL OF DIRECT CONTACT COMMUNICABLE DISEASES

The School District has an obligation to protect staff and students from noncasualcontact communicable diseases. When a noncasual-contact communicable disease is suspected, the student's health will be reviewed by a panel of resource people, including the County Health Department. The School will protect the privacy of the person affected and those in contact with the affected person. Students and staff will be permitted to remain in school unless there is definitive evidence to warrant exclusion.

Noncasual-contact communicable diseases include sexually transmitted diseases, AIDS, ARC-AIDS Related Complex, HIV, Hepatitis B, and other diseases that may be specified by the State Board of Health.

As required by Federal law, parents will be requested to have their child's blood checked for HIV and HBV when the child bleeds at school and students or staff members are exposed to the blood. Any testing is subject to laws protecting confidentiality.

CONTROL OF BLOOD-BORNE PATHOGENS

The School District seeks to provide a safe educational environment for students and take appropriate measures to protect those students who may be exposed to bloodborne pathogens in the school environment and/or during their participation in school-related activities. While the risks of students being exposed to blood-borne pathogens may be low, students must assume that all body fluids are potentially infectious and must take precaution to follow universal procedures in order to reduce such risks and minimize and/or prevent the potential for accidental infection.

Students may be exposed to blood-borne pathogens in situations including, but not limited to, the following:

Engaging in activities with other students in the school environment (e.g., physical education class) where physical injuries or other actions that can cause bleeding or exposure to saliva and other body fluids may occur.

Working with equipment in the school environment that can cause cuts or similar injuries that produce bleeding.

Participating in extra-curricular activities (i.e., athletic activities) where physical injuries or other actions that can cause bleeding may occur.

Whenever a student has contact with blood or other potentially infectious material, the student must immediately notify their teacher, who will contact the district nurse and assist the student in completing the requisite documents (e.g., Form 8453.02 F1 Exposure Report).

The parents of a student who is exposed will be contacted immediately regarding the exposure and encouraged to have the student's blood tested for Hepatitis B and HIV either by the student's physician or the county health department. The student's parents are encouraged to consult with the student's physician concerning any necessary post-exposure treatment.

The student's parent will also be asked to provide a copy of the test results and any post-exposure treatment for maintenance in the student's educational record in accordance with the Federal and State laws concerning confidentiality.

The parents of the student who caused the exposure will also be contacted immediately and advised to have the student's blood tested for Hepatitis B and HIV virus either in cooperation with the student's physician or the county health department.

The student's parents will be asked to provide a copy of the test results for maintenance in the student's educational record in accordance with Federal and State laws concerning confidentiality.

The student's parents will be encouraged to allow the District to release their child's name to the exposed student's parents, in the event serious health issues are presented as a result of the exposure.

STUDENTS WITH DISABILITIES

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act (Section 504) prohibit discrimination against persons with a disability in any program receiving Federal financial assistance. This protection applies not just to students, but to all individuals who have access to the District's programs and facilities.

The laws define a person with a disability as anyone who:

- A. has a mental or physical impairment that substantially limits one (1) or more major life activities;
- B. has a record of such an impairment; or
- C. is regarded as having such an impairment.

The District has specific responsibilities under these two (2) laws, which include identifying, reviewing and, if the child is determined to be eligible, affording access to appropriate educational accommodation.

Additionally, in accordance with State and Federal mandates, the District seeks out, assesses, and appropriately services students with disabilities. Staff members use a comprehensive child study process to systematically screen, assess, and, if appropriate, place students in special education and related services. Students are entitled to a free appropriate public education in the "least restrictive environment."

A student can access special education and related services through the proper evaluation procedures. Parent involvement in this procedure is important and required by Federal (IDEIA), A.D.A. Section 504) and State law. Contact the Director of Special Education to inquire about evaluation procedures, programs, and services.

The District is committed to identifying, evaluating, and providing a free appropriate public education (FAPE) to students within its jurisdiction who have a physical or mental impairment that substantially limits one or more major life activities, regardless of the nature or severity of their disabilities.

HOMELESS STUDENTS

Homeless students will be provided with a free and appropriate public education in the same manner as other students served by the District. Homeless students are eligible to receive transportation services, participate in education programs for students with disabilities or limited English proficiency, participate in gifted and talented programs, and receive meals under school nutrition programs. Homeless students will not be denied enrollment based on lack of proof of residency. For additional information contact the liaison for Homeless Students at 740-353-6719.

CHILDREN AND YOUTH IN FOSTER CARE

Students who meet the Federal definition of "in foster care", including those who are awaiting foster care placement, will be provided a free appropriate public education (FAPE) in the same manner as all other students of the District. For additional information, see Board Policy 5111.03 - Children and Youth in Foster Care.

PROTECTION AND PRIVACY OF STUDENT RECORDS

The School District maintains many student records including both directory information and confidential information.

Directory information includes: a student's name; address; telephone number; date and place of birth; major field of study; participation in officially-recognized activities and sports; height and weight, if a member of an athletic team; dates of attendance; date of graduation; and/or awards received.

Directory information can be provided upon request to any individual, other than a forprofit organization, even without the written consent of a parent. Parents may refuse to allow the Board to disclose any or all "directory information" upon written notification to the Board. For further information about the items included within the category of directory information and instructions on how to prohibit its release, you may consult the Board's annual *Family Education Rights and Privacy Act* (FERPA) notice which can be found www.portsmouthtrojans.net.

Other than directory information, access to all other student records is protected by FERPA and Ohio law. Except in limited circumstances as specifically defined in State and Federal law, the School District is prohibited from releasing confidential education records to any outside individual or organization without the prior written consent of the parents, or the adult student, as well as those individuals who have matriculated and entered a postsecondary educational institution at any age. The Board will provide access or release directory information to armed forces recruiters unless the parent or student request that prior written consent be obtained. See Form 8330 F13.

Confidential records include test scores, psychological reports, behavioral data, disciplinary records, and communications with family and outside service providers.

Students and parents have the right to review and receive copies of all educational records. Costs for copies of records may be charged to the parent. To review student records, please provide a written notice identifying requested student records to the building principal. You will be given an appointment with the appropriate person to answer any questions and to review the requested student records.

Parents and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading, or violates the student's privacy. A parent or adult student must request the amendment of a student record in writing and if the request is denied, the parent or adult student will be informed of their right to a hearing on the matter.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, the student's parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- A. political affiliations or beliefs of the student or the student's parents;
- B. mental or psychological problems of the student or the student's family;
- C. sex behavior or attitudes;
- D. illegal, anti-social, self-incriminating or demeaning behavior;
- E. critical appraisals of other individuals with whom respondents have close family relationships;
- F. legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- G. religious practices, affiliations, or beliefs of the student or the student's parents; or
- H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Consistent with the PPRA and Board policy, parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation. Please contact the building principal to inspect such materials.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the principal.

The Superintendent will notify parents of students in the District, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

- A. activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information or otherwise providing that information to others for that purpose); and
- B. the administration of any survey by a third party that contains one (1) or more of the items described in A through H above.

The Family Policy Compliance Office in the U.S. Department of Education administers both FERPA and PPRA. Parents and/or eligible students who believe their rights have been violated may file a complaint with:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, D.C. 20202-4605
www.ed.gov/offices/OM/fpco

Informal inquiries may be sent to the Family Policy Compliance Office via the following email addresses:

FERPA@ED.Gov; and
PPRA@ED.Gov.

STUDENT FEES AND FINES

Students will be provided necessary textbooks for courses of instruction without cost. In accordance with State law, Portsmouth City School charges specific fees for the many activities and materials used in the course of instruction:

Charges may also be imposed for loss, damage, or destruction of school apparatus, equipment, musical instruments, library materials, textbooks, and for damage to school buildings or property. Students using school property and equipment can be fined for excessive wear and abuse of the property and equipment.

Fees may be waived in situations where there is financial hardship.

Students can avoid late fines by promptly returning borrowed materials.

Failure to pay fines, fees, or charges may result in the withholding of grades, credits and diplomas.

STUDENT FUND-RAISING

Students participating in school-sponsored groups and activities may solicit funds from other students, staff members, and members of the community in accordance with school guidelines. The following general rules apply to all fund-raisers:

Crowdfunding activities are governed by Policy and Administrative Guideline 6605.

Students involved in the fund-raiser must not interfere with students participating in other activities when soliciting funds.

Students may not participate in a fund-raising activity for a group in which they are not members without the approval of the students' counselor.

Students may not participate in fund-raising activities off school property without proper supervision by approved staff or other adults.

Students may not engage in house-to-house canvassing for any fundraising activity.

Students may not participate in a fund-raising activity conducted by a parent group, booster club, or community organization on school property without the approval of the Principal.

Students may not sell any item or service in school without the prior approval of the Principal. Violation of this policy may lead to disciplinary action.

MEAL SERVICE

The Board believes the development of healthy behaviors and habits with regard to eating cannot be accomplished by the District alone. It will be necessary for the school staff, in addition to parents and the public at large, to be involved in a community-wide effort to promote, support, and model such healthy behaviors and habits. Parents interested in being involved should contact the Food Service Director.

The School participates in the National School Lunch Program, and participates in the Community Eligibility Provision (CEP), to provide breakfast and lunches to all students at no cost. Ala carte items are available. Students may also bring their own lunch to school, not delivered, to be eaten in the School's cafeteria. No student shall be allowed to leave school premises during the lunch period without specific written permission from the Principal. Students with dietary concerns should notify the school administration/food service.

For information regarding meal charging procedures, see Policy 8500 and AG 8500D.

SAFETY AND SECURITY

- A. All visitors must report to the office when they arrive at school. No student or staff member is permitted to prop open or open an exterior door for anyone (including another staff member, student, or visitor) on the exterior of the building.
- B. All visitors are given and required to wear a building pass while they are in the building.
- C. Staff are expected to question people in the building whom they do not recognize and who are not wearing a building pass, and to question people who are "hanging around" the building after hours.
- D. Students and staff are expected to immediately report to a teacher or administrator any suspicious behavior or situation that makes them uncomfortable.
- E. As many unneeded outside doors as possible are locked during the school day.
- F. Portions of the building that will not be needed after the regular school days are closed off.
- G. All District employees are to wear photo-identification badges while in District schools and offices or on District property.

Staff, students, and visitors who intentionally circumvent, interfere with, or disable security measures, systems, and/or devices may be subject to discipline, up to and including termination of employment for an employee, suspension or expulsion from work or school for a student, and may also face criminal charges.

FIRE, TORNADO, AND SAFETY DRILLS

The School complies with all fire safety laws and will conduct fire drills in accordance with State law. The School conducts tornado drills during the tornado season following procedures prescribed by the State. Teachers will provide specific instructions on how to proceed in the case of fire or tornado and will oversee the safe, prompt, and orderly evacuation of the building in such cases.

Safety drills will be conducted during the school year. Teachers will provide specific instruction on the appropriate procedures to follow in situations where students must be secured in their building rather than evacuated. These situations can include a terrorist threat, a person in possession of a deadly weapon on school property, or other acts of violence.

EMERGENCY CLOSING AND DELAYS

If the School must be closed or the opening delayed because of inclement weather or other conditions, the School will provide notice of such closing or delay by: Social Media, Call/Text, and Radio.

Information concerning school closings or delays can also be found on the School's web page at www.portsmouthtrojans.net.

Parents will be notified of school closings or delays via a pre-recorded telephone message delivered to the phone number on file.

Parents and students are responsible for knowing about emergency closings and delays.

VIRTUAL EDUCATION DELIVERY

The School is authorized to enact a plan for a virtual education delivery model in order to make up hours in the school year on which it is necessary to close school due to disease, epidemic, hazardous weather conditions, law enforcement emergencies, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for use.

PREPAREDNESS FOR TOXIC AND ASBESTOS HAZARDS

The School is concerned for the safety of students and attempts to comply with all Federal and State Laws and Regulations to protect students from hazards that may result from industrial accidents beyond the control of school officials or from the presence of asbestos materials used in previous construction. A copy of the School District's *Preparedness for Toxic Hazard and Asbestos Hazard Policy* and asbestos management plan is available for inspection at the Board offices upon request.

VISITORS

Visitors, particularly parents, are welcome at the School. Visitors must report to the office upon entering the School to sign in and obtain a pass. Any visitor found in the building without signing in **and** a pass shall be reported to the Principal. If a person wishes to confer with a member of the staff, the person should call for an appointment prior to coming to the School in order to schedule a mutually convenient meeting time.

USE OF SCHOOL EQUIPMENT AND FACILITIES

Students must receive teacher permission before using any equipment or materials in the classroom. Students must seek permission from the Principal prior to using any other school equipment or facility. Students are responsible for the proper use and protection of any equipment or facility they are permitted to use.

RESTROOMS, LOCKER ROOMS, SHOWER ROOMS, AND CHANGING ROOMS

Restrooms, locker rooms, shower rooms, and changing rooms are for the exclusive use of the male or female biological sex of each student in a school building or facility used by the school for a school-sponsored activity.

LOST AND FOUND

The lost and found area is in the school counselor's waiting area. Students who have lost items should check there and may retrieve their items if they give a proper description. Unclaimed items will be given to charity at the close of the school year.

USE OF OFFICE TELEPHONES

Office telephones may not be used for personal calls. Except in an emergency, students will not be called to the office to receive a telephone call.

Telephones are available in the School for students to use when they are not in class. Students are not to use telephones to call parents to receive permission to leave school. Office personnel will initiate all calls on behalf of a student seeking permission to leave school.

USE OF PERSONAL COMMUNICATION DEVICES

Personal Communication Device ("PCD") is defined in Bylaw 0100 - Definitions.

Nothing in this policy prohibits a student from using a PCD for student learning or to monitor or address a health concern, in accordance with the student's individualized education program or Section 504 plan.

Students are prohibited from using a PCD except:

- A. when the teacher authorizes a student to use a PCD for educational purposes during instructional time;
- B. when the Principal authorizes a student to use a PCD for educational purposes during instructional time;
- C. during the student's lunch break;
- D. during school-related events and functions (e.g., after-school activities, extra-curricular activities); or
- E. while riding in school vehicles (Distracting behavior that creates an unsafe environment shall not be tolerated and may result in the loss of use of the PCD while in a school vehicle.).

Students are prohibited from using PCDs in a manner that infringes on a person's reasonable expectation of privacy. This includes using PCDs in locations and circumstances where a student may be changing clothes or in any stage of undress, such as gymnasiums, locker rooms, shower facilities, and restrooms/bathrooms, and swimming pools. The Superintendent and building principals are authorized to determine other specific locations and situations where the use of a PCD is absolutely prohibited.

Except as authorized by a teacher, administrator, IEP team, or Section 504 plan, students are prohibited from using PCDs to capture, record, and/or transmit the words or sounds (i.e., audio) and/or images (ie., pictures/video) of any student, staff member, or other person during school hours on school property. Using a PCD to capture, record, and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted.

Students are expressly prohibited from using covert means to listen-in or make a recording (audio or video) of any meeting or activity at school. This includes placing recording devices, or other devices with one- or two-way audio communication technology (i.e., technology that allows a person off-site to listen to live conversations and sounds taking place in the location where the device is located), within a student's book bag or on the student's person without express written consent of the Superintendent. Any requests to place a recording device or other device with one- or two-way audio communication technology within a student's book bag or on a student's person shall be submitted, in writing, to the Principal. The District representative shall notify the parent(s), in writing, whether such request is denied or granted within five (5) days.

Students may not use a PCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed, or intimidated. See Policy Board 5517.01 - Bullying and Other Forms of Aggressive Behavior. In particular, students are prohibited from using PCDs to: (1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be

construed as harassment or disparagement of others based upon their race, color, national origin, sex (including sexual orientation/transgender identity), disability, age, religion, ancestry, or political beliefs; and (2) engage in "sexting" - i.e., sending, receiving, sharing, viewing, or possessing pictures, text messages, e-mails or other materials of a sexual nature in electronic or any other form. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students also are prohibited from using a PCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using PCDs to receive such information.

Students may not use PCDs to access and/or view Internet websites that otherwise are blocked to students while in school, on school property, or at a school-sponsored activity.

When the use of PCDs is prohibited, all PCDs must be powered off completely (i.e., not just placed in vibrate or silent mode) and stored out of sight.

When the use of PCDs is permitted, all PCDs must be placed in silent mode and must be stored out of sight when directed by the administrator or sponsor.

Students shall have no expectation of confidentiality with respect to their use of PCDs while at school or on school property, including school buildings, other facilities, and school vehicles.

Possession of a PCD by a student during school hours and during school-related events and functions is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.

Violations of this policy may result in the following disciplinary measures:

- A. Issue a verbal warning and require the student to store the PCD in accordance with this policy.
- B. Confiscate the PCD and store it securely in a staff-controlled locker, bin, or drawer for the duration of the class or period.
- C. Confiscate the student's PCD and store it in the facility's central office for the remainder of the school-related event or school day.
- D. Confiscate the student's PCD in the facility's central office to be picked up by the student's parent or guardian.
- E. Schedule a conference with the student's parent or guardian to discuss the student's PCD use.
- F. Daily phone/device check in to the office to be locked in the phone locker for the day.
- G. Loss of privilege to bring a PCD to school for a designated length of time or on a permanent basis.
- H. In-school suspension.
- I. Out-of-school suspension.
- J. Expulsion.

If the violation involves an illegal activity (e.g. child pornography, sexting), the school official will also refer the matter to law enforcement or child services. The PCD will be

confiscated and may be turned over to law enforcement if a violation involves potentially illegal activity.

School officials will not search or otherwise tamper with PCDs in District custody unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Board Policy 5771 - Search and Seizure.

A person who discovers a student using a PCD, recording device, or other device with one- or two-way audio communication technology in violation of this policy is required to report the violation to the Principal or Superintendent.

Students are personally and solely responsible for the care and security of their PCDs. The Board assumes no responsibility for theft, loss, or damage to, or misuse or unauthorized use of, PCDs brought onto its property.

Parents/Guardians are advised that the best way to get in touch with their child during the school day is by calling the school office.

ADVERTISING OUTSIDE ACTIVITIES

No announcements or posting of outside activities will be permitted without the approval of the Principal. A minimum of twenty-four (24) hours advance notice is required to ensure that the Principal has the opportunity to review the announcement or posting.

SECTION II - ACADEMICS

COURSE OFFERINGS

Students in grades 8-11 will select their high school courses each spring for the following school year.

FIELD TRIPS

Field trips are academic activities that are held off school grounds. There are also other trips that are part of the School's co-curricular and extra-curricular program. No minor student may participate in any school-sponsored trip without parental consent and a current emergency medical form on file in the office. Medications normally administered at school will be administered while on field trips. The Student Code of Conduct applies to all field trips.

Attendance rules apply to all field trips.

While the District encourages students to participate in field trips, alternative assignments will be provided for any student whose parent does not give permission for the student to attend.

Students who violate school rules may lose the privilege to go on field trips.

GRADES

Portsmouth City Schools has a standard grading procedure, as well as additional notations that indicate work in progress or incomplete work. Grades indicate the extent to which the student has acquired and demonstrated the necessary learning. In general, students are assigned grades based upon test results, homework, projects, and classroom participation. Each teacher may place a different emphasis on these areas when determining a grade and will so inform the students at the beginning of the course. If a student is not sure how their grade will be determined, the student should ask the teacher.

Grade Point Average

To calculate a grade point average (GPA), assign a weighted point value to each course grade and divide by the total number of credits. For partial-credit courses use the fractional value of the grade. For example, a half (.5) credit course with an earned grade of a C would be $.5 \times 2 = 1$. Then add this to the other grades earned for total points earned. This total is then divided by the total credits earned to determine the G.P.A. This can be done by grading period, semester, year, or for a series of school years.

Grading Periods

Students will receive a report card at the end of each 9 week period indicating their grades for each course of study for that portion of the academic term.

When a student appears to be at risk of failure, reasonable efforts will be made to notify the parents so they can talk with the teacher about what actions can be taken to improve the student's performance.

PROMOTION, ACCELERATION, AND RETENTION

Promotion to the next grade (or level) is based on the following criteria:

- A. completed the course and State-mandated requirements at the presently assigned grade;
- B. in the opinion of the professional staff, achieved the instructional objectives set for the present grade;
- C. demonstrated sufficient proficiency to permit him/her to move ahead in the educational program of the next grade;
- D. demonstrated the degree of social, emotional, and physical maturation necessary for a successful learning experience in the next grade.

A student may be accelerated (either by whole-grade or by subject area) when the student's performance and measured ability significantly exceeds that of their grade level peers. Students can be nominated for acceleration by teachers, administrators, parents, and the student requesting acceleration. Decisions regarding acceleration are based on the following criteria:

- A. achievement of grade/course objective and any applicable State-mandated requirements for the grade/course in which the student is currently in and any grade(s)/course(s) the student will skip
- B. achievement of instructional objectives for the present grade/course as well as the succeeding one(s)
- C. potential for success in the accelerated placement based on sufficient proficiency at current level
- D. social, emotional, and physical maturation necessary for success in an accelerated placement

A student may be retained at their current grade level based on the following criteria:

- A. failure to demonstrate proficiency in mathematics and reading .
- B. failure to achieve the instructional objectives at the current grade level that are requisite for success at the next grade level
- C. scoring at the below basic level on any State-mandated assessment test

A student will be retained if the student is truant (absent without excuse) for more than ten percent (10%) of the required attendance days of the current school year AND has failed two (2) or more of the required curriculum subject areas in the current grade.

Students in grades 9-12 or enrolled in a high school course in grades 7 and 8 will lose credit for the course if they are absent (unexcused) more than 5 days per semester.

Even if the student falls in the preceding category, a student may be promoted if the Principal and the teachers of the classes that the student failed agree that the student is academically prepared to be promoted.

No student will be promoted to the fourth grade if they attained a score in the range designated by O.R.C. 3310.0710 (A)(3) on the State mandated assessment except in accordance with the provisions of Policy 2623.02 - Third Grade Reading Guarantee or in accordance with State law.

A student will be promoted to the succeeding grade when the student has completed the course and State-mandated requirements at the presently assigned grade.

GRADUATION REQUIREMENTS

Regular Diploma

Normally, students will complete graduation requirements in four (4) years. In order to receive a diploma and graduate, a student must fulfill the requirements of one (1) graduation pathway that has been approved by State law and this Board and must meet the school requirements for basic course-work, and earn the total number of minimum credits, meet the minimum score requirements on the state assessments and meet the requirements for at least two seals. For students enrolled in special education, the criteria for graduation and the extent of participation in the State-mandated assessment tests will be determined by their IEP team.

In addition to earning course credits, each student must show competency and readiness.

Specific course requirements are:

English	4 credits
Health	1/2 credit
Phys. Ed.	1/2 credit

Per Board Policy 5460, students who have participated in interscholastic athletics, marching band, or cheerleading for at least two (2) full seasons or show choir for two (2) years, as defined in the Portsmouth High school handbook, while enrolled in grades nine (9) through twelve (12) and as documented by the student transcript, may be excused from the high school physical education requirement. Students electing such an excuse shall complete one-half (1/2) unit of at least sixty (60) hours of instruction in another course of study which is designated by the Board as meeting the high school curriculum requirements.

Mathematics	4 credits
Science	3 credit(s)
Social Studies	3 credits
Financial Management	1 credit
Fine and Performing Arts	1 credit
Electives	5 credits
Total	22 credits

All students must receive instruction in economics and financial literacy during Grades nine (9) through twelve (12). Additionally, all students must receive instruction in cardiopulmonary resuscitation and the use of an automated external defibrillator from an approved source during Grades nine (9) through twelve (12) unless the student is exempted from such training due to disability or by written request of the parent.

Credit will be earned by:

- A. completing coursework;
- B. testing out of or demonstrating mastery of course content; or
- C. pursuing one (1) or more educational options in accordance with the District's Credit Flexibility Program.

Diploma Seals

Students must demonstrate readiness for graduation by earning at least two (2) diploma seals, one (1) of which must include a State-approved seal. For the list of seals and requirements see Policy 5460 and AG 5460 D.

Honors Diploma

Diploma with Honors is awarded to any student who has fulfilled the following:

Successfully completes the Board's regular diploma requirement, completes the IEP developed for the student, or demonstrates technical expertise in a career-technical education program.

Completes the specific requirements for an honors diploma as required by law, which include:

Academic Honors Diploma - student completes the academic curriculum in the high school and has met at least six (6) of the following seven (7) criteria:

earn four (4) units of Mathematics, which shall include Algebra I, Geometry, Algebra II or equivalent and another higher-level course or a four (4) year sequence of courses that contains equivalent content;

earn four (4) units of science, including two (2) units of advanced science (courses that are inquiry-based with laboratory experiences and that align with grades 11/12 standards, or are an Advanced Placement course or an entry-level college course);

earn four (4) units of Social Studies which does not include financial literacy;

earn either three (3) units each of one (1) world language, or two (2) units each of two (2) world languages (must include no less than two (2) units of each language for which credit is sought);

earn one (1) unit of fine arts;

maintain an overall high school grade point average of at least 3.5 on an unweighted 4.0 scale up to the last grading period of the senior year; and

obtain a composite score of 27 on the American College Testing Program's (ACT) Test, or an equivalent composite score of 1280 on the Scholastic Assessment Test (SAT).

Additional Elements of the Diploma with Honors

Students shall not be required to make application or declare their intention to qualify for the Diploma with Honors. Before the beginning of each school year, the high school principal shall notify all high school students and their parents of the criteria required for earning the Diploma with Honors.

The school counselor shall notify the Scioto County Career and Technical School of the requirements established by the Board for District students to be awarded a Diploma with Honors. The Principal shall request and verify that the joint vocational school district provides to each enrolled District student, at the beginning of each year, the Board's requirements for both a regular diploma and the Diploma with Honors. In addition, the Principal is directed to obtain from the JVS, by no later than April 1, the diploma status for each enrolled District student.

EARLY GRADUATION

Students who wish to apply for early graduation should apply to the high school principal by May 15 of the school year prior to petitioning for early graduation. Early graduation will be permitted if the student fulfills the graduation requirements and conditions for graduation. Students who choose early graduation may participate in the graduation ceremonies of their designated class.

EDUCATIONAL OPTIONS

COLLEGE CREDIT PLUS PROGRAM

Any student in grades seven (7) through twelve (12) may enroll in a College Credit Plus Program provided the student meets the requirements established by law and by the participating college or university. A student will be denied high school credit for any portions of or for the entire class if taken during a period of expulsion. Student participation requires written consent of the Superintendent and, for students under eighteen (18), written consent of the parents or attendance in counseling services offered with this educational option. Any interested student should contact the school counselor to obtain the necessary information and must submit their intent to enroll by no later than April 1 of the year prior to requesting to take CCP courses.

CAREER ADVISING PROGRAM

Career advising is an integrated process that helps students understand how their personal interests, strengths, and values might predict satisfaction and success in school and related career fields, as well as how to tie these interests and strengths to their academic and career goals. Students need to have access to comprehensive resources and support to prepare for their future success. Through relevant classroom instruction, career-related learning experiences, and a program of counseling and advising, students can discover their interests and explore academic and career pathway options. (See Board Policy 2413 – Career Advising)

RECOGNITION OF STUDENT ACHIEVEMENT

Students who display significant achievements during the course of the year are recognized for their accomplishments. Areas that may merit recognition include, but are not limited to, academics, athletics, performing arts, citizenship, and volunteerism. Recognition for such activities is initiated by the staff and coordinated by the school counselor.

HOMEWORK

Homework will be assigned and should be expected as a student. Student grades will reflect the completion of all work, including outside assignments. Homework is also part of the student's preparation for the assessment tests and graduation.

STUDENT TECHNOLOGY ACCEPTABLE USE AND SAFETY

The District provides Internet services to its students. The District's Internet system has a limited educational purpose, and has not been established as a public access service or a public forum. Student use of the District's computers, network, and Internet services/connection ("Network") are governed by the following principles and guidelines, and the Student Code of Conduct. Users have a limited privacy expectation in the content of their personal files and records of their online activity while on the Network.

Parents and students are advised that the Board may not be able to technologically limit access through the Board's Internet connection to only those services that have been authorized for the purpose of instruction, study, and research related to the curriculum. Because it serves as a gateway to any publicly available file server in the world, the Internet opens classrooms and students to electronic information resources that have not been screened by educators for use by students of various ages. The District utilizes a Technology Protection Measure, which is a specific technology that will protect against (e.g., filter or block) access to visual displays/depictions that are obscene, pornographic, and materials that are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or the Superintendent, the Technology Protection Measure may be configured to protect against access to other material considered inappropriate for students to access.

The District further utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate, and/or harmful to minors. Nevertheless, parents and guardians are advised that a determined user may be able to gain access to services on the Internet that are not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents/guardians may find inappropriate, offensive, objectionable, or controversial. Parents/Guardians assume risks by consenting to allow their child to participate in the use of the Internet. Parents/Guardians of minors are responsible for setting and conveying the standards that their children should follow when using the Internet. The District supports and respects each family's right to decide whether to apply for independent student access to the Internet.

Students are encouraged to use the "Network" for educational purposes. Use of the Network is a privilege, not a right. When using the Network, students must conduct themselves in a responsible, efficient, ethical, and legal manner. Students are responsible for good behavior on the District's computers/network and the Internet just as they are in classrooms, school hallways, and other school premises and school-sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. Unauthorized or inappropriate use of the Network, including any violation of these rules, may result in cancellation of the privilege, disciplinary action consistent with the Student Code of Conduct, and/or civil or criminal liability. Prior to accessing the Network, students must sign the Student Network and Internet Acceptable Use and Safety Agreement. Parent permission is required for minors. Parents are encouraged to discuss their values with their children so that students can make decisions regarding their use of the Network that is in accord with their personal and family values, in addition to the Board's standards.

Students must complete a mandatory training session/program regarding the appropriate use of technology and online safety and security as specified in Board Policy 7540.03 – Student Technology Acceptable Use and Safety before being permitted to access the Network and/or being assigned an e-mail address.

Smooth operation of the Network relies upon users adhering to the following guidelines. The guidelines outlined below are not exhaustive but are provided so that users are aware of their general responsibilities.

- A. Students are responsible for their behavior and communication on the Network.
- B. Students may only access the Network by using their assigned Network account. Use of another person's account/address/password is prohibited. Students may not allow other users to utilize their account/address/password. Students may not go beyond their authorized access.
- C. Students may not intentionally seek information on, obtain copies of, or modify files, data, or passwords belonging to other users, or misrepresent other users on the Network.
- D. Students may not use the Network to engage in "hacking" or other illegal activities (e.g., software pirating; intellectual property violations; engaging in slander, libel, or harassment; threatening the life or safety of another; stalking; transmission of obscene materials or child pornography; fraud; sale of illegal substances and goods).
- E. Transmission of any material in violation of any State or Federal law or regulation, or Board policy, is prohibited.
- F. Any use of the Network for commercial purposes (e.g., purchasing or offering for sale personal products or services by students), advertising, or political lobbying is prohibited. This provision shall not limit the use

of the Network by students for the purpose of communicating with elected representatives or expressing views on political issues.

- G. Use of the Network to engage in cyberbullying is prohibited. "Cyberbullying" involves the use of information and communication technologies such as e-mail, cell phone and pager text messages, instant messaging (IM), defamatory personal Websites or MySpace accounts, and defamatory online personal polling Websites, to support deliberate, repeated, and hostile behavior by an individual or group, that is intended to harm others." For further information on cyberbullying, visit <http://www.cyberbullying.ca>

Cyberbullying includes, but is not limited to, the following:

1. posting slurs or rumors or other disparaging remarks about a student or school staff member on a website or weblog;
2. sending e-mail or instant messages that are mean or threatening, or so numerous as to drive up the victim's cell phone bill;
3. using a camera phone to take and send embarrassing photographs/recordings of students or school staff members or post these images on video sharing sites such as You Tube;
4. posting misleading or fake photographs of students or school staff members on websites.

To the extent permitted by the First Amendment, instances of cyberbullying off school grounds that disrupt the school environment or interfere with the learning process will be considered violations of the Student Code of Conduct.

- H. Students are expected to abide by the following generally-accepted rules of network etiquette:

1. Be polite, courteous, and respectful in your messages to others. Use language appropriate to school situations in any communications made through the Network. Do not use obscene, profane, lewd, vulgar, rude, inflammatory, sexually explicit, defamatory, threatening, abusive, or disrespectful language in communications through the Network (including, but not limited to, public messages, private messages, and material posted on web pages).

2. Do not engage in personal attacks, including prejudicial or discriminatory attacks.
 3. Do not harass another person. Harassment is persistently acting in a manner that distresses or annoys another person. If a student is told by a person to stop sending the person messages, the student must stop.
 4. Do not post information that, if acted upon, could cause damage or a danger of disruption.
 5. Never reveal names, addresses, phone numbers, or passwords of yourself or other students, family members, teachers, administrators, or other staff members while communicating on the Internet. This prohibition includes, but is not limited to, disclosing personal identification information on commercial websites.
 6. Do not transmit pictures or other information that could be used to establish your identity without prior approval of a teacher.
 7. Never agree to get together with someone you "meet" online without parent approval and participation.
 8. Check e-mail frequently and diligently delete old mail on a regular basis from the personal mail directory to avoid excessive use of the electronic mail disk space.
 9. Students should promptly disclose to their teacher or other school employee any message they receive that is inappropriate or makes them feel uncomfortable, especially any e-mail that contains pornography. Students should not delete such messages until instructed to do so by a staff member.
- I. Malicious use of the Network to develop programs that harass other users or infiltrate a computer or computer system and/or damage the software components of a computer or computing system is prohibited. Students may not use the Network in such a way that would disrupt its use by others. Students must avoid intentionally wasting limited resources. Students may not bypass or attempt to bypass the District's Technology Protection Measures. Students must immediately notify the teacher, principal, or technology staff if they identify a possible security problem. Students should not go looking for security problems, because this may be construed as an unlawful attempt to gain access.
 - J. All communications and information accessible via the Internet should be assumed to be private property (i.e. copyrighted and/or trademarked). All copyright issues regarding software, information, and attributions/acknowledgement of authorship must be respected. Rules against plagiarism will be enforced.

- K. Students must secure prior approval from a teacher or the building principal before joining a Listserv (electronic mailing lists) and should not post personal messages on bulletin boards or "Listservs."
- L. Students are prohibited from accessing or participating in online "chat rooms" or other forms of direct electronic communication (e.g., instant messaging) (other than e-mail).
- M. Privacy in communication over the Internet and the Network is not guaranteed. In order to verify compliance with these guidelines, the Board reserves the right to monitor, review, and inspect any directories, files, and/or messages residing on or sent using the Network. Messages relating to or in support of illegal activities will be reported to the appropriate authorities.
- N. Use of the Internet and any information procured from the Internet is at the student's own risk. The Board makes no warranties of any kind, either express or implied, that the functions or the services provided by or through the Network will be error-free or without defect. The Board is not responsible for any damage a user may suffer including, but not limited to, loss of data, service interruptions, or exposure to inappropriate material or people. The Board is not responsible for the accuracy or quality of information obtained through the Internet. Information (including text, graphics, audio, video, etc.) from Internet sources used in student papers, reports, and projects should be cited the same as references to printed materials. The Board will not be responsible for financial obligations arising through the unauthorized use of the Network. Students or parents of students will indemnify and hold the Board harmless from any losses sustained as the result of misuse of the Network by the student. Use of the Network by students will be limited to those students whose parents have signed a release of claims for damages against the Board.
- O. File-sharing is strictly prohibited. Students are prohibited from downloading and/or installing file-sharing software or programs on the Network.

- P. Students may not establish or access web-based e-mail accounts on commercial services through the Network (e.g., Gmail, Hotmail, Yahoo mail, etc.).
- Q. Since there is no central authority on the Internet, each site is responsible for its own users. Complaints received from other sites regarding any of the District's users will be fully investigated and disciplinary action will be taken as appropriate.
- R. Preservation of Resources and Priorities of Use: Computer resources are limited. Because space on disk drives and bandwidth across the lines which connect the Network (both internally and externally) are limited, neither programs nor information may be stored on the system without the permission of the technology coordinator. Each student is permitted reasonable space to store e-mail, web, and personal files. The Board reserves the right to require the purging of files in order to regain disk space. Students who require access to the Network for class- or instruction-related activities have priority over other users. Students not using the Network for class-related activities may be "bumped" by any student requiring access for class- or instruction-related purposes. () The following hierarchy will prevail in governing access to the Network:
1. Class work, assigned and supervised by a staff member.
 2. Class work, specifically assigned but independently conducted.
 3. Personal correspondence (checking, composing, and sending email).
 4. Training (use of such programs as keyboarding tutors, etc.)
 5. Personal discovery ("surfing the Internet").
 6. Other uses – access to resources for "other uses" may be further limited during the school day at the discretion of the principal.
- S. Game playing is not permitted at any time.
- T. Meta/Smart glasses and equivalent technology are prohibited without prior Principal approval.

TRANSMISSION OF RECORDS AND OTHER COMMUNICATIONS

Parents/Guardians have to complete and return to the District Form 8330 F4a in order to authorize the staff to communicate with the parent/guardian via facsimile and/or electronic mail ("e-mail"). Parents who elect to communicate with a staff member via email are required to keep the District informed of any changes to their e-mail address.

STUDENT ASSESSMENT

Unless exempted, each student must pass all portions of the State-mandated assessment test as a requirement for graduation. The test will be administered twice a year until the student passes all parts of the test. Students are only required to retake those parts of the test they have not yet passed. While the School District does schedule make-up dates for testing, students should avoid unnecessary absences.

Additional group tests are given to students to monitor progress and determine educational mastery levels. These tests help the staff determine instructional needs.

Classroom tests are given to assess student progress and assign grades. These are selected or prepared by teachers to assess student achievement on specific objectives.

Career and interest surveys may be given to identify particular areas of student interests or talent. These are often given by the guidance staff.

College entrance testing information can be obtained from the Guidance Office.

By June 30th of each year, parents will be provided with the score of any State-mandated assessment or test administered to their student. Results will be sent via mail or email or, alternatively, will be posted to a secure portal that families can access on the District's or school's website.

PUBLIC SCHOOL CHOICE OPTIONS

If a school within the District has been designated as “persistently dangerous” as defined by State law, students have the right to transfer to another “safe” school in the District. If there is not another “safe” school in the District providing instruction at the students’ grade level(s), the Superintendent shall contact neighboring districts and request that they permit students to transfer to a school in one of those districts. Further, if a student is a victim of a violent crime on school property, the student also has the right to transfer to another school in the District. If there is not another school in the District providing instruction at the student’s grade level, the Superintendent shall contact neighboring districts and request that they permit that student to transfer to a school in one of those districts providing instruction at the student’s grade level.

SECTION III - STUDENT ACTIVITIES

SCHOOL-SPONSORED ACTIVITIES

Portsmouth City Schools provides students the opportunity to broaden their learning through co-curricular-related activities. A co-curricular-related activity may be taken for credit, required for a particular course, and/or contain school subject matter.

The Board authorizes the following student groups that are sponsored by a staff member.

Show Choir and Marching Band

Extra-curricular activities do not reflect the School curriculum, but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports, drama, and the like.

All students are permitted to participate in the activities of their choosing, as long as they meet the eligibility requirements. Participation in these activities is a privilege and not a right, and students may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing and/or appeal rights in accordance with Board Policy 5610.05. Students are not permitted to participate in any school sponsored activity while suspended or expelled this includes practice.

River Days Candidates and Homecoming Court

Serving as a Homecoming or River Days attendant is a privilege and an honor. Students selected to represent Portsmouth High School are expected to demonstrate integrity, good character, leadership, and school pride. Court members serve as representatives of the school district and are expected to uphold the standards outlined in the Student Code of Conduct.

River Days Court Selection

River Days attendants are selected through a two-part process:

- 50% Popular Vote: Votes cast by the student body.
- 50% Interview: A structured interview conducted by the Homecoming Committee.

The combined score from the popular vote and interview will determine the final rankings. The student with the highest overall score will be selected to represent Portsmouth High School as the River Days representative.

Homecoming Court Selection

One Homecoming attendant will be selected from each grade level (9–12).

- Freshman, sophomore, and junior attendants are nominated and selected by a popular vote of students within their respective grade level.
- Senior students have three opportunities for nomination:
 - Homecoming Queen
 - Senior Homecoming Attendant
 - Career Technical Center (CTC) Homecoming Attendant
- Homecoming Queen is elected by a popular vote of the entire student body (grades 9–12).
- Senior Homecoming Attendant is elected by the senior class.
- The Career Technical Center (CTC) Homecoming Attendant is selected according to the established procedures for Career Technical Center students.

Eligibility

To provide opportunities for a greater number of students to represent Portsmouth High School:

- Students selected as a Freshman, Sophomore, or Junior Homecoming Attendant are not eligible to be selected again until their senior year.
- Students who have been selected as Football Queen, Basketball Queen, or River Days Representative are not eligible to participate in future court elections.
- All candidates must be enrolled as full-time students and remain in good standing with the school. Students selected to represent Portsmouth High School are expected to maintain appropriate conduct and demonstrate the character expected of student leaders throughout their term.

The administration reserves the right to determine eligibility and to remove a student from the court if conduct is inconsistent with the expectations of representing Portsmouth High School.

NONSCHOOL-SPONSORED CLUBS AND ACTIVITIES

Nonschool-sponsored student groups may meet in the school building during noninstructional hours. The application for permission to use school facilities can be obtained from the Principal. The applicant must verify that the activity is being initiated by students, that attendance is voluntary, that no school staff person is actively involved in the event, that the event will not interfere with school activities, and that nonschool persons do not play a regular role in the meeting. All school rules relating to student conduct and equal opportunity to participate apply to such activities.

Membership in any fraternity, sorority, or other secret society as proscribed by law is not permitted. All groups must comply with School rules and must provide equal opportunity to participate.

No nondistrict-sponsored organization may use the name of the school or school mascot on any materials or information.

ATHLETICS

Portsmouth City School provides a variety of athletic activities in which students may participate provided they meet eligibility requirements established by the Board and by the Ohio High School Athletic Association (OHSAA). Participation in these activities is a privilege and not a right, and students may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing and/or appeal rights in accordance with Board Policy 5610.05 – Prohibition from Extra-Curricular Activities.

For further information, contact the Athletic Director at Portsmouth High School.

ACADEMIC ELIGIBILITY

In order to be eligible for any co-curricular, interscholastic, and noninterscholastic extra-curricular activity, a student must have maintained at least a 1.0 grade-point average for the grading period prior to the grading period in which the student wishes to participate, which includes 5 one credit hour courses. (Refer to OHSAA eligibility guidelines). Junior HS students should follow the OHSAA eligibility for the 7/8th grade. Students who are educated at home or enrolled in nonpublic schools are eligible to participate in accordance with Policy 9270. Students attending community or STEM schools may participate in extra-curricular activities in accordance with Policy 2430.02.

An exception may be made by the Principal if the student has been participating in an intervention program and has shown satisfactory progress toward achieving the minimum grade-point average.

If a student who becomes ineligible under these standards improves their grade point average during the current grading period enough to meet the eligibility standard, the student may be reinstated at the beginning of the next grading period.

Students identified as disabled under R.C. Chapter 3323 and the IDEA are subject to the eligibility standards established by this policy unless specifically exempted by the express terms of their individualized education program (IEP). An IEP can specify the criteria by which a grade will be determined for [a] course[s], given the individual student's disability.

The Board shall determine the standards of eligibility to be met by all students participating in the interscholastic program. Such standards shall require that each student be in good physical condition, be free of injury, and have fully recovered from illness before participating in any interscholastic athletic event.

Prior to the start of each athletic season, each school operated by the District that offers athletic programs shall hold an informational meeting for students, parents, guardians, other individuals having care or charge of a student, physicians, pediatric cardiologists, athletic trainers, and any other individuals who participate in athletic programs regarding the symptoms and warning signs of sudden cardiac arrest for all ages of students.

No student may practice or compete in interscholastic athletics until the student submits a form signed by the student's parent or guardian, or by a person having care

or charge of the student, affirming that each has received a sudden cardiac arrest, concussion, and head injury information sheet as prepared by the Ohio Department of Health and Department of Education and Workforce. See Form 2431 F1 and Form 2431 F2.

In addition to the eligibility requirements established by the Ohio High School Athletic Association, to be eligible for any interscholastic extra-curricular activity, a student must have maintained at least a 1.0 grade-point average

Students educated at home or enrolled in a nonpublic school who are permitted to participate on a District interscholastic team must fulfill the same academic, nonacademic, and financial requirements as any other participant. See Policy 9270.

The Superintendent may grant any home-educated student or any student enrolled in a qualifying school or a different school district, regardless of whether the Superintendent's district is the student's resident district, the opportunity to participate in interscholastic athletics at a school in the District, if the student was subject to any of the following by a school official, employee, or volunteer, or another student, from the district or school in which the student is enrolled or the district in which the student is participating in interscholastic athletics under R.C. 3313.537, 3313.5311, or 3313.5312:

- A. harassment, intimidation, or bullying;
- B. a qualifying offense for which the school official, employee, or volunteer, or another student, has been either of the following:
 - 1. charged with, indicted for, convicted of, or pled guilty to committing;
 - 2. alleged to be or is adjudicated a delinquent child for committing;
- C. conduct by a school official, employee, or volunteer that violates the licensure code of professional conduct for Ohio educators developed by the State Board of Education.

The Superintendent will document the reason(s) for granting participation under this policy. To be eligible, a student who is enrolled in a nonpublic, community, or other public school must be of the appropriate age and grade level, as determined by the Superintendent, and must fulfill the same academic, nonacademic, and financial requirements as any other participant. Home-educated students will be subject to the same rules of participation and the same fees that are applied to any other participant. The District will not penalize or restrict eligibility to participate in District interscholastic athletics for students who cease to participate in interscholastic athletics elsewhere during the school year and begin to participate in District programs after being subject to bullying or any other types of offenses listed in this Policy.

An exception may be made by the principal if the student has been participating in an intervention program and has shown satisfactory progress toward achieving the minimum grade-point average.

STUDENT EMPLOYMENT

It is recommended that students not take jobs outside of school that could interfere with their success in school. If a student elects to maintain a job in addition to going to school, the student must first contact the guidance secretary to discuss any legal requirements and to obtain any required documents.

STUDENT ATTENDANCE AT SCHOOL EVENTS

Students are encouraged to attend as many after-school events as possible, without interfering with their school work and home activities. Enthusiastic spectators help to build school spirit and encourage those students participating in the event.

It is strongly advised that students in grades 7-12 attending evening events as nonparticipants be accompanied by a parent or adult chaperone. Students in grade PreK-6 must be accompanied by a parent or guardian and be seated with their designated adult throughout the event. The Board is not responsible for supervising unaccompanied students nor will it be responsible for students who arrive without an adult chaperone.

Students who are suspended from school will not be permitted to attend any school or extracurricular events at any location, home or away. Students who have been suspended, assigned at any point during the year to the TAPS program, or expelled may not be permitted to attend homecoming or prom. Students must be in attendance at least half of the school day in order to attend any school event M-F and all day on Friday if the event is held on Saturday or Sunday.

SECTION IV - STUDENT CONDUCT

ATTENDANCE

School Attendance Policy

Regular attendance is a significant student responsibility at all grade levels. Many studies correlate regular attendance with success in school. Regular attendance means that the academic learning process is not interrupted, less time is spent on make-up assignments, and students benefit from participation and interaction with others in class. Many important lessons are learned through active participation in classroom and other school activities that cannot be replaced by individual study. Students will not earn credit for any high school course after the 5th unexcused absence per semester. Students failing two or more courses due to attendance issues will not be permitted to attend prom or homecoming dances.

When a parent, guardian, or other person having care of a student has failed to initiate a telephone call or other communication notifying the school or building administration of the student's excused or unexcused absence within 120 minutes after the beginning of the school day, the attendance officer or designee for each school building shall make at least one (1) attempt to contact the parent, guardian, or other person having care of any student who is recorded as absent without legitimate excuse within 120 minutes after the beginning of each school day by a method designated by the Superintendent in accordance with Ohio law (see AG 5200 - Attendance).

Establishing a pattern of good attendance will benefit the student in school and in the workplace. Attendance is important in the development of a high quality work ethic, which will be a significant factor in a student's success with future employers. One of the most important work habits that employers look for in hiring and promoting a person is the person's dependability in coming to work every day on time. This is a habit the School wants to help students develop as early as possible.

Truancy

Unexcused absence from school (truancy) is not acceptable. Students who are truant will receive no credit for school work that is missed. A student will be considered habitually truant if the student is absent without a legitimate excuse for thirty (30) or more consecutive hours, for forty-two (42) or more hours in one (1) month, or for seventy-two (72) or more hours in one (1) school year.

If a student is habitually truant and the student's parent fails to cause the student's attendance, a complaint will be filed with the Judge of the Juvenile Court in compliance with State law and Board Policy 5200. Habitual truancy can also result in:

Intervention Strategies

In order to address the attendance practices of a student who is habitually truant, the intervention team may, as part of an intervention plan, take any of the following intervention actions:

- A. provide counseling to the student
- B. request or require the student's parent to attend a parental involvement program
- C. request or require a parent to attend a truancy prevention mediation program
- D. notify the Registrar of Motor Vehicles of the student's absences
- E. take appropriate legal action
- F. assignment to an alternative school

In the event that a student becomes habitually truant within twenty-one (21) school days prior to the last day of instruction of a school year, the Principal may, in their discretion, assign the attendance officer to work with the child's parent/guardian/custodian, guardian ad litem, or temporary custodian to develop an absence intervention plan during the summer.

The plan shall be implemented not later than seven (7) days prior to the first day of instruction of the next school year.

Reporting Requirements

The attendance officer shall file a complaint in the juvenile court against a student on the sixty-first (61st) day after the implementation of an absence intervention plan or other intervention strategies, provided that all of the following apply:

- A. The student is habitually truant.
- B. The school district or school has made meaningful attempts to re-engage the student through the absence intervention plan, other intervention strategies, and any offered alternatives to adjudication, if applicable.
- C. The student has refused to participate in or failed to make satisfactory progress on the plan, as determined by the absence intervention team, or any offered intervention strategies or alternative to adjudication.

Excused Absences

Students may be excused from school for one or more of the following reasons and will be provided an opportunity to make-up missed school work and/or tests:

- A. personal illness (a written physician's statement verifying the illness may be required)
- B. appointment with a health care provider
- C. illness in the family necessitating the presence of the child
- D. quarantine of the home
- E. death in the family
- F. necessary work at home due to absence or incapacity of parent(s)/guardian(s)
- G. religious expression days, up to three (3) of which may, after approval by the principal in accordance with this policy, permit the student to be absent without any academic penalty
- H. out-of-state travel (up to a maximum twenty-four (24) hours per school year that the student's school is open for instruction) to participate in a District-approved enrichment or extracurricular activity

Any classroom assignment missed due to the absence shall be completed by the student.

If the student will be absent for twenty-four (24) or more consecutive hours that the student's school is open for instruction, a classroom teacher shall accompany the student during the travel period to provide the student with instructional assistance.

- I. such good cause as may be acceptable to the Superintendent
- J. medically necessary leave for a pregnant student in accordance with Policy 5751
- K. service as a precinct officer at a primary, special, or general election in accordance with the program set forth in Policy 5725
- L. college visitation

The District requires verification of the date and time of the visitation by the college, university, or technical college.

- M. absences due to a student's placement in foster care or change in foster care placement or any court proceedings related to their foster care status
- N. absences due to a student being homeless

Religious Expression Days

To receive accommodations for religious expression days, parents or guardians must submit written requests to the Principal within fourteen (14) days after the start of the school year or fourteen (14) days after a student is enrolled in the District. The requests must specify the religious expression day(s) to be approved. The Principal will approve the days without inquiring into the sincerity of a student's religious or spiritual belief system.

Students who are absent on approved religious expression days will not face any academic penalties and will be provided with academic accommodations with regard to examinations and other academic requirements that are missed.

Notification of Absence

If a student will be absent, the parents must notify the School by 7:45am and provide an explanation. If prior contact is not possible, the parents should provide a written excuse as soon as possible after the student's absence. When no excuse is provided, the absence will be unexcused and the student will be identified as truant for that school day. If the offered excuse for a student's absence is questionable or if the number of student absences is excessive, the school staff will notify the parents of the need for improvement in the student's attendance.

A skipped class or part of the school day will be identified as an unexcused absence and students will not be permitted to make-up missed class work. The student will also be subject to disciplinary action.

Students with a health condition that causes repeated absences must provide the administration with an explanation of the condition from a registered physician.

When a parent, guardian, or other person having care of a student has failed to initiate a telephone call or other communication notifying the school or building administration of the student's excused or unexcused absence within 120 minutes after the beginning

of the school day, the attendance officer or designee for each school building shall make at least one (1) attempt to contact the parent, guardian, or other person having care of any student who is recorded as absent without legitimate excuse within 120 minutes after the beginning of each school day by a method designated by the Superintendent in accordance with Ohio law (see AG 5200).

Homebound Instruction

The School may arrange for individual instruction at home for students who are unable to attend school because of an accident, illness, or disability. Such instruction may be arranged upon receipt of documentation of the student's condition from a physician. For more information, contact the Director of Special Education.

Make-up of Tests and Other School Work

Students who have an excused absence from school shall be given the opportunity to make up for missed work. The student should contact their teacher as soon as possible to obtain assignments. The number of days for completion of make-up work will be equivalent to the number of excused days of absence.

If a student misses a teacher's test due to an excused absence, the student should make arrangements with the teacher to take the test at another time. If the student misses a State mandated assessment test or other standardized test, the student should consult with the school counselor to arrange for administration of the test at another time.

Suspension from School

Absence from school due to suspension shall be considered an authorized absence.

A suspended student will be responsible for making up school work missed due to suspension. Assignments may be obtained from the teacher on the day of return from suspension. Make up of missed tests may be scheduled when the student returns from school. The student must complete missed assignments during the suspension and turn them in to the teacher; students will have one day per day of suspension to complete missed assignments not to exceed ten total days after their return.

The student will be given credit for properly-completed assignments and will receive a grade for any made-up tests.

Unexcused Absences

Any student who is absent from school for all or any part of the day without a legitimate excuse shall be considered truant and the student and their parents shall be subject to the truancy laws of the State.

High School

If a student under the age of eighteen (18) has ten (10) or more consecutive or fifteen (15) total days of unexcused absence during a semester, the student will be considered habitually absent and will be reported to the Judge of the Juvenile Court and to the

Bureau of Motor Vehicles for suspension of their driver's license, if appropriate, as a result of this excessive absence.

Tardiness

Elementary Level

A student who is not in their assigned location by 8:30 AM shall be considered tardy. Any student arriving late to school is to report to the School office before going to class.

Secondary Level

Each student is expected to be in their assigned location throughout the school day. If a student is late arriving at school, the student must report to the School office before going to their first assigned location. Any student who is late to class up to 15 minutes shall be disciplined by the teacher. Students who are more than 15 minutes late will be considered absent for that instructional period and will be given the appropriate consequence.

Students who are tardy to school more than 4 times during a semester shall be disciplined according to the Student Code of Conduct.

Vacations During the School Year

It is recommended that parents not take their child out of school for vacations. When a family vacation must be scheduled during the school year, the parents should discuss the matter with the Principal to make necessary arrangements. It may be possible for the student to receive certain assignments that may be completed during the trip.

RELEASED TIME FOR RELIGIOUS INSTRUCTION

Students shall be provided "released time" during the school day to attend a course in religious instruction conducted by a private entity off District property, in accordance with the requirements of Policy 5223.

CODE OF CONDUCT

A major component of the educational program in the Portsmouth City Schools is to prepare students to become responsible citizens by learning how to conduct themselves properly in accordance with established standards. Students are expected to behave in accordance with Federal, State, and local laws. Students are expected to comply with school rules, Board policies, and Administrative Guidelines in a way that respects the rights and safety of others. Staff will take corrective action to discipline a student and/or to modify the student's behavior when a student's behavior does not fall within these parameters.

School staff may report suspected criminal misconduct by a student to law enforcement. Law enforcement officers will be permitted to carry out necessary law enforcement functions in the schools, including the removal of a student from school grounds in appropriate circumstances.

Expected Behaviors

Students are expected to:

act courteously to adults and fellow students;

be prompt to school and attentive in class;

work cooperatively with others when involved in accomplishing a common goal regardless of the other's ability, gender, race, or ethnic background;

complete assigned tasks on time and as directed;

help maintain a school environment that is safe, friendly, and productive;

act at all times in a manner that reflects pride in self, family, and the School.

Classroom Environment

It is the responsibility of students, teachers, and administrators to maintain a classroom environment that allows:

- A. a teacher to communicate effectively with all students in the class; and
- B. allow all students in the class the opportunity to learn.

Dress and Grooming

Students are expected to dress appropriately at all times. Any fashion (dress, accessory, or hairstyle) that disrupts the educational process or presents a safety risk will not be permitted.

Students should consider the following questions when dressing for school:

Does my clothing expose too much? (No)

Does my clothing advertise something that is prohibited to minors? (No)

Are there obscene, profane, drug-related, gang-related, or inflammatory messages on my clothing? (No)

Am I dressed appropriately for the weather? (Yes)

Do I feel comfortable with my appearance? (Yes)

The following styles/manners of dress are prohibited, but are not limited to the following:

- Hats or head coverings
- Coats to class
- Halter/tube/spaghetti strap tops
- Shirts that expose the midsection
- Shorts or skirts that are shorter than the knee
- Tight fitting clothing should be covered and not revealing in any way
- Onesie/ pajamas/ body suits/ flannel pants/ or body leotard
- Sleeveless shirts/tank tops
- House Slippers/ soft soled shoes
- Visible Braletts
- All clothing with vulgar, obscene, offensive slogans or images. This includes activities prohibited to minors such as drugs or alcohol
- Dog collars, spiked accessories, and chains
- No ski masks or face covering (face coverings must be medically necessary)
- No Meta/Smart Glasses

Pants and shorts should be worn at the waist level and not showing undergarments.

Students who are representing the school at an official function or public event may be required to follow specific dress requirements. Usually, this applies to athletic teams, cheerleaders, bands, and other such groups.

Gangs

Gangs that initiate, advocate, or promote activities that threaten the safety or wellbeing of persons or that are disruptive to the school environment will not be tolerated.

Incidents involving initiations, hazing, intimidations, or related activities that are likely to cause harm or personal degradation are prohibited.

Students wearing, carrying, or displaying gang paraphernalia or exhibiting behaviors or gestures that symbolize gang membership, or causing and/or participating in activities

that are designed to intimidate another student, will be disciplined. Prohibited gang paraphernalia will be specifically identified by the Principal.

Care of Property

Students are responsible for the care of their own personal property. Students are encouraged not to bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, and the like, are tempting targets for theft and extortion. The School cannot be responsible for their safe-keeping and will not be liable for loss or damage to personal valuables.

Damage to or loss of school equipment and facilities wastes taxpayers' money and undermines the school program. Therefore, if a student damages or loses school property, the student and/or their parents will be required to pay for the replacement or repair. If the damage or loss was intentional, the student will be subject to discipline according to the Student Discipline Code.

BULLYING, HARASSMENT, AND INTIMIDATION

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community.

Harassment, intimidation, or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse, and violence within a dating relationship. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, on a school bus, or while enroute to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

This policy has been developed in consultation with parents, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy.

Harassment, intimidation, or bullying means:

- A. any intentional written, verbal, electronic, or physical act that a student or group of students exhibits toward another particular student(s) more than once and the behavior both causes mental or physical harm to the other student(s) and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s); or
- B. violence within a dating relationship.

"Electronic act" means an act committed through the use of a cellular telephone, computer, pager, personal communication device, or other electronic communication device.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, national origin, marital status, or disability. It would include, but not be limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name calling, taunting, making threats, and hazing.

Harassment, intimidation, or bullying also means cyberbullying through electronically transmitted acts (i.e., internet, e-mail, cellular telephone, personal digital assistance (PDA), or wireless hand-held device) that a student(s) or a group of students exhibits toward another particular student(s) more than once and the behavior both causes mental and physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s).

Any student or student's parent/guardian who believes s/he has been or is the victim of aggressive behavior should immediately report the situation to the Building Principal or assistant principal, or the Superintendent. The student may also report concerns to teachers and other school staff who will be responsible for notifying the appropriate administrator or Board official. Complaints against the Building Principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. The Building Principal or appropriate administrator shall prepare a written report of the investigation upon completion. Such a report shall include findings of fact, a determination of whether acts of harassment, intimidation, and/or bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action shall be included in the report. Where appropriate, written witness statements shall be attached to the report.

If the investigation finds an instance of harassment, intimidation, and/or bullying/cyberbullying by an electronic act or otherwise, has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include suspension or up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

If, during an investigation of a reported act of harassment, intimidation and/or bullying/cyberbullying, the Principal or appropriate administrator believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Principal will report the act of bullying and/or harassment to one of the Anti-Harassment Compliance Officers so that it may be investigated in accordance with the procedures set forth in Policy 5517 - Anti-Harassment.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Retaliation may result in disciplinary action as indicated above.

Deliberately making false reports about harassment, intimidation, bullying and/or other aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Deliberately making false reports may result in disciplinary action as indicated above.

If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

The District shall implement intervention strategies (AG 5517.01) to protect a victim or other person from new or additional harassment, intimidation, or bullying and from retaliation following such a report.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken. If after investigation, acts of bullying against a specific student are verified, the Building Director or appropriate administrator shall notify the custodial parent/guardian of the victim of such finding. In providing such notification care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment, intimidation, and/or bullying.

If after investigation, acts of harassment, intimidation, and/or bullying by a specific student are verified, the Building Director or appropriate administrator shall notify in writing the custodial parent/guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in the notification.

PROTECTION OF INDIVIDUAL BELIEFS

The Board shall not solicit or require current or prospective students who seek enrollment in the District to affirmatively ascribe to specific beliefs, affiliations, ideals, or principles concerning political movement or ideology, nor will the District use any statements of commitment to specific beliefs, affiliations, ideals, or principles concerning political movements or ideology to evaluate the student's academic performance.

TITLE IX SEXUAL HARASSMENT

The Board of the Portsmouth City School District does not discriminate on the basis of sex in its education program or activity and is required by Title IX and its implementing regulations not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment. The District's Title IX Coordinator(s) is/are:

Andrea White
Executive Assistant
724 Findlay Street
Portsmouth, Ohio 45663
740-354-5663
andrea.white@portsmouthtrojans.net

Any inquiries about the application of Title IX and its implementing regulations to the District may be referred to the Title IX Coordinator(s), the Assistant Secretary for the U.S. Department of Education's Office for Civil Rights, or both.

The Board has adopted a grievance process and procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that is prohibited by Title IX and/or its implementing regulations. The grievance process and procedures are included in Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities, which is available at: www.portsmouthtrojans.net. The grievance process and procedures specifically address how to report or file a complaint of sex discrimination, how to report or file a formal complaint of Sexual Harassment, and how the District will respond.

Students and/or their parents/guardians may file reports regarding suspected harassment, intimidation, or bullying. Such reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the Building Director for review, investigation, and action.

Students, parents/guardians, and school personnel may make informal or anonymous complaints of conduct that they consider to be harassment, intimidation, and/or bullying by verbal report to a teacher, school administrator, or other school personnel. Such complaints shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. A school staff member or administrator who receives an informal or anonymous complaint shall promptly document the complaint in writing, including the information provided. This written report shall be promptly forwarded by the school staff member and/or administrator to the Building Director for review, investigation, and appropriate action.

Individuals who make informal complaints as provided above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. Anonymous complaints shall be reviewed and reasonable action shall be taken to address the situation, to the extent such action may be taken

that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of harassment, intimidation, and/or bullying.

When an individual making an informal complaint has requested anonymity, the investigation of such complaint shall be limited as is appropriate in view of the anonymity of the complaint. Such limitation of investigation may include restricting action to a simple review of the complaint subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

Privacy/Confidentiality

The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

Reporting Requirement

At least semi-annually, the Superintendent shall provide to the President of the Board a written summary of all reported incidents and post the summary on the District web site (if one exists). The list shall be limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events.

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services in accordance with statute. District personnel shall cooperate with investigations by such agencies.

Immunity

A School District employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy and R.C. 3313.666 if that person reports an incident of harassment, intimidation, and/or bullying promptly, in good faith, and in compliance with the procedures specified in this policy. Such immunity from liability shall not apply to an employee, student, or volunteer determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

Notification

Notice of this policy will be **annually** circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. At least once each school year a written statement describing the policy and consequences for violations of the policy shall be sent to each student's custodial parent or guardian.

The policy and an explanation of the seriousness of bullying by electronic means shall be made available to students in the District and to their custodial parents or guardians.

State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedures.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of aggressive behavior, including bullying and violence within a dating relationship. The Superintendent or designee shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board's policy and administrative guidelines about aggressive behavior and bullying in general will be age and content appropriate.

Annually, the District shall provide all students enrolled in the District with age-appropriate instruction regarding the Board's policy, including a written or verbal discussion of the consequences for violations of the policy to the extent that State or Federal funds are appropriated for this purpose.

Students in grades seven (7) through twelve (12) shall receive age-appropriate instruction in dating violence prevention education, including instruction in recognizing dating violence warning signs and characteristics of healthy relationships. Parents, who submit a written request to the Building Director to examine the dating violence prevention instruction materials used in the school, will be afforded an opportunity to review the materials within a reasonable period of time.

The District shall provide training, workshops, and/or courses on this policy for school employees and volunteers who have direct contact with students, to the extent that State or Federal funds are appropriated for these purposes. Time spent by school staff in these training programs shall apply toward mandated continuing education requirements.

In accordance with Board Policy 8462, the Superintendent shall include a review of this policy on bullying and other forms of harassment in the required training in the prevention of child abuse, violence, and substance abuse and the promotion of positive youth development.

The Superintendent shall develop administrative guidelines to implement this policy. Guidelines shall include reporting and investigative procedures, as needed. The complaint procedure established by the Superintendent shall be followed.

ZERO TOLERANCE

No form of violent, disruptive, or inappropriate behavior, including excessive truancy, will be tolerated.

STUDENT DISCIPLINE CODE

Each of the behaviors and/or types of misconduct described below are prohibited and may subject the student to disciplinary action including, but not limited to, student conference, parent/guardian notification, parent/guardian conference, detention, in school discipline, TAPS, suspension, community service, drug/alcohol/tobacco course, and/or expulsion from school. Furthermore, any criminal acts committed at or related to the School will be reported to law enforcement officials, as well as disciplined at school. Certain criminal acts may result in permanent exclusion from school.

1. Possession/Use of drugs and/or alcohol

Possessing, using, transmitting, concealing, or being under the influence of any alcoholic beverage, controlled substance including, but not limited to, narcotics, mood-altering drugs, counterfeit controlled substances, lookalikes, over the counter stimulants or depressants, anabolic steroids, edibles, or drug-related paraphernalia.

If a building principal has a reasonable individualized suspicion of drug or alcohol use, the building principal may request the student in question to submit to any appropriate testing including, but not limited to, a breathalyzer, metal detection, or urinalysis. In such circumstances, the student will be taken to a private administrative or instructional area on school property for such testing with at least one (1) other member of the teaching or administrative staff present as a witness to the test. If a student refuses to take the test, the student will be advised that such denial leaves the observed evidence of alcohol or drug use unrefuted thus leading to possible disciplinary action. The student will then be given a second opportunity to take the test.

Disciplinary action for possession/use of drugs/alcohol / or any substance that may cause intoxication or impairment may include:

- 1st offense- 5 day suspension
- 2nd offense- 8 day suspension with the possibility of school approved drug/alcohol course at the student's expense. The student is subject to unannounced searches following this offense.
- 3rd offense- 10 day suspension with recommendation for expulsion.

2. Possession/use of tobacco

Possession, consumption, distribution, purchase or attempt to purchase, and/or use of tobacco products, electronic cigarettes or similar devices in school, on school grounds, on school buses, in Board-owned vehicles, within any indoor facility owned or leased or contracted for by the Board, and at any interscholastic competition, extra-curricular event, or other school-sponsored event is prohibited. Tobacco products include, but are not limited to cigarettes, cigars, pipe tobacco, chewing tobacco, snuff or any other matter or substance that contains tobacco. The term "tobacco" includes any product containing, made of, or derived from tobacco or nicotine (including synthetic nicotine) that is intended for human consumption or is likely to be consumed, whether inhaled, absorbed, or ingested by any other means including, but not limited to, a cigarette, any electronic smoking device and any substances that may be aerosolized or vaporized by such device, whether or not the substance contains nicotine; an e-cigarette (including, but not limited to, "JUUL", "NJOY," "BREEZE," "Puff Bar," etc.), e-cigar, e-pipe, vape pen, or e-hookah; but does not include any cessation product approved by the United

States Food and Drug Administration for use as a medical treatment to reduce or eliminate nicotine or tobacco dependence. Smoking of electronic, "vapor", other substitute forms of cigarettes, or clove cigarettes or other smoking devices for burning tobacco or any other substance is also prohibited.

Disciplinary action for smoking/vaping/E.N.D.S.

- 1st offense- 1-day suspension and mandatory Smoking/Vaping Prevention Course (preferred) and/or up to a 3-day out-of-school suspension. If the prevention course is unavailable or the student fails to complete it, a 3-day suspension may be assigned.
- 2nd offense- 2-day out-of-school suspension and mandatory Smoking/Vaping Prevention Course. If the prevention course is unavailable or not completed, a 3-day suspension may be assigned.
- 3rd + offense- Up to a 5-day suspension, TAPS placement, and/or possible participation in a Board-approved smoking/vaping/tobacco intervention program. Students may also be subject to unannounced searches following this offense.

3. Use and/or possession of a firearm

Bringing a firearm (as defined in the Federal Gun-Free Schools Act of 1994) onto school property or to any school-sponsored activity, competition, program, or event, regardless of where it occurs, will result in a mandatory one (1) year expulsion under Ohio law. This expulsion may be reduced on a case-by-case basis by the Superintendent using the guideline(s) set forth in **Board Policy 5610**.

Firearm is defined as any weapon (including a starter gun) that will or is designed to, or may readily be converted to, expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer; or any destructive device (as defined in the Federal Gun-Free Schools Act of 1994). Firearms include any unloaded firearm and any firearm that is inoperable but that can be readily operated. Possession of ammunition is prohibited.

Students are prohibited from knowingly possessing an object on school premises, in a school or a school building, at a school activity, or on a school vehicle that is indistinguishable from a firearm, whether or not the object is capable of being fired, and indicating they are in possession of such an object and that it is a firearm, or knowingly displaying or brandishing the object and indicating it is a firearm.

4. Use and/or possession of a weapon

The term "weapon" includes any object which, in the manner in which it is used, is intended to be used, or is represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health and safety of persons. Weapons include, but are not limited to, firearms, guns of any type whatsoever, including air and gas-powered guns (whether loaded or unloaded), knives, razors, clubs, electric weapons, metallic knuckles, martial arts weapons, ammunition, incendiary devices, explosives,

and other objects defined as dangerous ordinances under State law. It may also include any toy that is presented as a real weapon or reacted to as a real weapon. Possession and/or use of a weapon may subject a student to expulsion and possible permanent exclusion.

A knife is considered a weapon. Knife is defined as any cutting instrument consisting of a sharp blade fastened to a handle, a razor blade or any similar device that is used for or is readily capable of causing death or serious bodily injury.

5. Use of an object as a weapon

Any object that is used to threaten, harm, or harass another may be considered a weapon. This includes, but is not limited to, padlocks, pens, pencils, laser pointers, and jewelry.

6. Knowledge of dangerous weapons or threats of violence

Because the Board believes that students, staff members, and visitors are entitled to function in a safe school environment, students are required to report knowledge of dangerous weapons or threats of violence to the Principal. Failure to report such knowledge may subject the student to discipline.

7. Arson

Intentional or purposeful destruction or damage to school or district buildings or property by means of fire. Anything, such as fire, that endangers school property and its occupants will not be tolerated. Arson is a felony.

8. Physically assaulting a staff member/student/person associated with the District.

Acting with intent to cause fear in another person of immediate bodily harm or death, or intentionally bullying, inflicting, or attempting to inflict bodily harm upon another person. Physical assault of a staff member, student, or other person associated with the District, regardless of whether it causes injury, will not be tolerated. Any intentional, harmful, or potentially harmful physical contact or bullying initiated by a student against a staff member will be considered to be assault. Assault/battery may result in criminal charges, school discipline, and may subject the student to expulsion.

9. Verbally threatening (either orally, in writing or otherwise expressed) a staff member/student/person associated with the District.

Any oral or written statement or otherwise expressed action that a staff member, student, or other person associated with the District reasonably feels to be a threat will be considered a verbal assault. Profanity directed toward a staff member in a threatening tone may also be considered a verbal assault. Confrontation with a student or staff member that bullies, intimidates, or causes fear of bodily harm or death is also prohibited.

10. Misconduct against a school official or employee, or the property of such a person, regardless of where it occurs.

The Board prohibits misconduct committed by a student against a school official or employee including, but not limited to, harassment (of any type), vandalization, assault (verbal and/or physical), and destruction of property.

11. Misconduct off school grounds

Students may be subject to discipline for their misconduct even when it occurs off school property when the misconduct is connected to activities or incidents that occurred on property owned or controlled by the District. Misconduct could include electronic communication that leads to intimidation or problems on school property.

Misconduct is defined as any violation of the Student Discipline Code.

12. Extortion

Extortion is the use of threat, intimidation, force, or deception to take or receive something from someone else. Extortion is against the law.

13. Gambling

Gambling (i.e., playing a game of chance for stakes) includes casual betting, betting pools, organized-sports betting, and any other form of wagering. Students who bet on any school activity in which they are involved may also be banned from that school activity.

14. Falsification of school work, identification, forgery

Falsifying signatures or data, or refusing to give proper identification, or giving false information to a staff member. This prohibition includes, but is not limited to, forgery of hall/bus passes and excuses, as well as use of false IDs.

Plagiarism and cheating are also forms of falsification and will subject the student to academic penalties as well as disciplinary action.

15. Bomb Threats, and other false alarms and reports

Making a bomb threat (i.e., intentionally giving a false alarm of a bomb) against a school building or any premises at which a school activity is being held at the time the threat is made may result in expulsion for a period of up to one (1) school year. Additionally, intentionally giving a false alarm of a fire, or tampering or interfering with any fire alarm, is prohibited. It should be remembered that false emergency alarms or reports endanger the safety forces that are responding to the alarm/report, the citizens of the community, and the persons in the building. What may seem like a prank is a dangerous stunt that is against the law and will subject the student to disciplinary and legal action.

16. Terroristic Threat

Threatening, directly or indirectly, to commit a crime of violence with the purpose to terrorize another or with reckless disregard of the risk of causing terror in another.

17. Possession and/or use of explosives and/or fireworks

Possessing or using any compound or mixture, the primary or common purpose of which is to function by explosion, with substantially instantaneous release of gas and heat (including, but not limited to, explosives and chemical-reaction objects such as smoke bombs and poppers). Additionally, possessing or offering for sale any substance, combination of substances, or article prepared to produce a visible and/or audible effect by combustion, explosion, deflagration, or detonation.

18. Trespassing

Although schools are public facilities, the law allows the Board to restrict access to school property. Being present in any Board-owned facility or portion of a Board-owned facility when it is closed to the public or when the student does not have the authorization to be there, or unauthorized presence in a Board-owned vehicle; or unauthorized access or activity in a Board-owned computer, into district, school, or staff computer files, into a school or district file server, or into the Network. When a student has been removed, suspended, expelled, or permanently excluded from school, the student is prohibited from being present on school property without authorization of the Principal.

19. Theft, or knowingly receiving or possessing stolen property

Unauthorized taking of property of another person or receiving or possessing such property. Students caught stealing will be disciplined and may be reported to law enforcement officials. Students should not bring anything of value to school without prior authorization from the Principal. The School is not responsible for personal property.

20. Insubordination

Students are expected to comply with the reasonable directions of staff. Willful refusal or failure to follow or comply with an appropriate direction given by a staff member, or acting in defiance of staff members.

21. Damaging property (Vandalism)

Defacing, cutting, or otherwise damaging property that belongs to the school, district, other students, employees, or others and disregard for school property. Damage could lead to school disciplinary actions, criminal, or financial charges for the replacement or restoration of the property.

22. Persistent absence or tardiness

Attendance laws require students to be in school all day or to have a legitimate excuse for their absence. Penalties for unexcused absences can range from detention to a court referral and/or revocation of the student's driver's license.

23. Unauthorized use of school or private property

Students must obtain permission to use any school property or any private property located on school premises. Any unauthorized use of school property, or private property located on school premises, shall be subject to disciplinary action.

24. Refusing to accept discipline

Students failing to comply with disciplinary penalties may face enhanced penalties for such action.

25. Aiding or abetting violation of school rules

Assisting other students in the violation of any school rule. Students are expected to resist peer pressure and exercise sound decision making regarding their behavior.

26. Displays of affection/sexual activities

Affection between students is personal and not meant for public display. This includes touching, petting, or any other contact that may be considered sexual in nature. Sexual activity of any nature is prohibited and will result in disciplinary action.

27. Possession of electronic equipment

The School will supply any electronic equipment or devices necessary for participation in the educational program. Students shall not use or possess any electronic equipment on school property or at any school-sponsored activity without the permission of the Principal. Examples of prohibited devices include, but are not limited to, radios, "boom-boxes", headphones, ear buds, CD/MP3 players, portable TV's, electronic games/toys, pagers, cellular telephones, beepers, other paging devices and other electronic communication devices, non school issued computers and the like. Unauthorized electronic equipment will be confiscated from the student by school personnel and disciplinary action will be taken.

28. Violation of individual school/classroom rules/back packs

Each learning environment has different rules for students. These rules are for the safe and orderly operation of that environment. Students will be oriented to specific rules within each learning environment, all of which will be consistent with this Code. Students can wear clear backpacks to school. However, these bags must remain in the student's locker during the school day.

29. Violation of bus/school vehicle rules (see Section V – Transportation)

30. Interference, disruption, or obstruction of the educational process

Any actions or manner of dress that materially and substantially disrupts or interferes with school activities or the educational process, or which threaten to do so, are unacceptable. Such disruptions include, but are not limited to, delay or prevention of lessons, assemblies, field trips, athletic, and performing arts events.

31. Harassment and/or Aggressive Behavior (including Bullying/Cyberbullying)

The Board encourages the promotion of positive interpersonal relations between members of the school community. Harassment and/or aggressive behavior (including bullying/cyberbullying) toward a student, whether by other students, staff, or third parties, is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse, and any speech or action that creates a hostile, intimidating, or offensive learning environment. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. Individuals engaging in such conduct will be subject to disciplinary action.

Conduct constituting sexual harassment may include, but is not limited to:

- A. verbal harassment or abuse;
- B. pressure for sexual activity;
- C. repeated remarks with sexual or demeaning implications;
- D. unwelcome touching;
- E. sexual jokes, posters, cartoons, etc.;
- F. suggesting or demanding sexual involvement, accompanied by implied or explicit threats concerning one's grades or safety;
- G. a pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;
- H. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.

Note: An inappropriate boundary invasion by a District employee or other adult member of the School District community into a student's personal space and personal life can be seen as sexual harassment. Further, any administrator, teacher, coach, or other school authority who engages in sexual or other inappropriate physical contact with a student may be guilty of criminal "child abuse" as defined in State law.

Conduct constituting harassment on the basis of race, color, national origin, religion, or disability may take different forms including, but not limited to, the following:

A. **Verbal:**

The making of offensive written or oral innuendoes, comments, jokes, insults, threats, or disparaging remarks concerning a person's race, color, national origin, religious beliefs, or disability.

B. **Nonverbal:**

Placing offensive objects, pictures, or graphic commentaries in the school environment or making insulting or threatening gestures based upon a person's race, color, national origin, religious beliefs, or disability.

C. **Physical:**

Any intimidating or disparaging action such as hitting, pushing, shoving, hissing, or spitting, on or by a fellow staff member, students, or other person associated with the District, or third parties, based upon the person's race, color, national origin, religious beliefs, or disability.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well-being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, marital status, or disability. It would include, but not be limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name-calling, taunting, making threats, and hazing.

Any student who believes that they are the victim of any of the above actions or has observed such actions by another student, staff member, or other person associated with the District, or by third parties, should contact the appropriate district representative:

Andrea White
Executive Assistant
740-354-5663
724 Findlay Street
Portsmouth, Ohio 45662
andrea.white@portsmouthtrojans.net

The Complaint Coordinator is available during regular school hours to discuss a student's concerns related to harassment and/or bullying/cyberbullying, assist a student who seeks support or advice when informing another individual about "unwelcoming" conduct, or intercede informally on behalf of the student.

The student may report their concerns to the Anti-Harassment Complaint Coordinator either by a written report, telephone, or personal visit. In reporting their concerns, the student should provide the name of the person(s) whom the student believes to be responsible for the harassment and/or bullying/cyberbullying and the nature of the harassing and/or bullying/cyberbullying incident(s). The AntiHarassment Complaint Coordinator will promptly compile a written summary of each such report that will be forwarded to the Principal.

Each report will be investigated in a timely manner and as confidentially as possible. The District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, take appropriate action, and conform with any discovery or disclosure obligations. While a charge is under investigation, no information will be released to anyone who is not involved with the investigation, except as may be required by law or in the context of a legal or administrative proceeding. All records generated under the terms of this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law. All individuals involved in an investigation as either a witness, victim, or alleged harasser and/or bully/cyberbully will be instructed not to discuss the subject outside of the investigation.

If an investigation reveals that a harassment and/or bullying/cyberbullying complaint is valid, appropriate remedial and/or disciplinary action will be taken promptly to prevent the continuance of the harassment and/or bullying/cyberbullying or its recurrence.

Given the nature of harassing and/or bullying/cyberbullying behavior, the School recognizes that false accusations can have serious effects on innocent individuals. Therefore, all students are expected to act responsibly, honestly, and with the utmost candor whenever they present harassment and/or bullying/cyberbullying allegations or charges.

Some forms of sexual harassment of a student may reasonably be considered child abuse that must be reported to the proper authorities.

These guidelines shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State and/or Federal law).

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of harassment and/or aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as harassment and aggressive behavior. Making intentionally false reports about harassment or aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

Any one having further questions concerning prohibited behaviors and/or the complaint process should request a copy of Board policies and administrative guidelines 5517 and 5517.01.

32. Hazing

Performing any act, or coercing another, including the victim, to perform any act, of initiation into any class, team, or organization that causes or creates a substantial risk of causing mental or physical harm. Permission, consent, or assumption or risk by an individual subjected to hazing shall not lessen the prohibitions contained in this rule.

Hazing by any individual, school group, club, or team is not permitted. This includes any form of initiation that causes or creates a risk of causing mental or physical harm, no matter how willing the participant may be. Hazing activities are prohibited at any time in school facilities, on school property, and/or off school property but connected to activities or incidents that have occurred on school property.

All incidents of hazing must be reported immediately to any of the following individuals: the building principal or other administrator; teacher; coach; student club advisor/supervisor, and/or Superintendent. Students who engage in hazing may also be liable for civil and criminal penalties.

33. Violent Conduct

Students may be expelled for one (1) or more school years for committing an act at school, on other school property, at an interscholastic competition, extra-curricular event, or any other school program, or directing an act at a Board official or employee, regardless of where or when that act may occur, or their property that would be a criminal offense if committed by an adult and results in serious physical harm to person(s) or property.

34. Improper Dress

Clothing may not include words or visuals that are lewd, obscene, disruptive, abusive, or discriminatory, or that advertise drugs, alcohol, or tobacco. Dress or grooming that is disruptive of the classroom or school atmosphere is not allowed. Shoes must be worn at all times for health and safety reasons.

35. Careless or Reckless Driving

Driving on school property in such a manner as to endanger persons or property.

36. Burglary

Entering a building or a specific area of a building without consent and with intent to commit a crime, or entering a building without consent and committing a crime.

37. Fighting

Engaging in adversarial physical contact (differentiated from poking, pushing, shoving or scuffling) in which one or the other party(ies) or both contributed to the situation by verbally instigating a fight and/or physical action. Promoting or instigating a fight (i.e., contributing to a fight verbally or through behavior). Punishment will be a case by case basis with possible self defence and other factors considered. Students could be given discipline including, but not limited to, suspension up to 10 days and/or recommendation for expulsion. Students who use electronics to record a fight will be disciplined and could receive the same consequences of the parties involved.

38. Lighting Incendiary Devices

Unauthorized igniting of matches, lighters and other devices that produce flames.

39. Possession of Pornography

Possessing sexually explicit material.

40. Unauthorized use of vehicles

Occupying or using vehicles during school hours without parental permission and/or school authorization.

DISCIPLINE

It is important to remember that the School's rules apply going to and from school, at school, on school property, at school-sponsored events, on school transportation, and on property not owned or controlled by the Board but that is connected to activities or incidents that have occurred on property owned or controlled by the Board. Furthermore, students may be disciplined for conduct that, regardless of where or when it occurs, is directed at a Board official or employee, or the property of such official or employee. In some cases, a student can be suspended from school transportation for infractions of school vehicle rules.

The School is committed to providing prompt, reasonable discipline consistent with the severity of the incident. The consequences for misbehavior are designed to be fair, firm, and consistent for all students in the School.

Because it is not possible to list every misbehavior that occurs, misbehaviors not listed above will be responded to as necessary by staff.

Two (2) types of discipline are possible, informal and formal.

Informal Discipline

Informal discipline takes place within the School. It includes:

- writing assignments;
- change of seating or location;
- pre-school, lunch-time, after-school detention;
- in-school discipline; or TAPS
- Friday/Saturday school.

Detentions

A student may be detained after school or asked to come to school early by a teacher, after giving the student and the student's parents one (1) day's notice. The student or their parents are responsible for transportation.

In-School Discipline

Friday/Saturday school hours will be determined by the district and notice given to the student who will be participating in the discipline.

Principal initiated detentions take place after school for a continuous one or two hour period during which time they will be permitted one (1) five minute break. Each student shall arrive with sufficient educational materials to be busy during this one or two hour study period.

A student missing any portion of the assigned time in Detention, In-School Discipline, Friday/Saturday School may be given an additional consequence. Failure to timely serve Detention, In-School Discipline, or Friday/Saturday School assignment(s) may lead to suspension from school and/or TAPS placement. Any such suspension shall be in accordance with District guidelines on suspension and expulsion.

The following rules apply to Detention, In-School Discipline, and Friday/Saturday School, TAPS:

Students are required to have class assignments with them.

Students are not to communicate with each other unless given permission to do so.

Students are to remain in their designated seats at all times unless permission is granted to do otherwise.

Students shall not be allowed to put their heads down or sleep.

No electronic communication devices, radios, CD/MP3 players, cards, magazines, or other entertainment/recreational articles or devices shall be allowed in the room.

No food or beverages shall be consumed.

Any student who has not passed all of the State-mandated assessment tests could be required to work on a study packet for one (1) or more of the unpassed tests or any other school designated assignment.

- Transportation to and from Friday/Saturday school and detention is the student's/parent's responsibility.

Formal Discipline

Formal discipline involves removal of the student from school. It includes emergency removal for up to three (3) school days, suspension for up to ten (10) school days, expulsion for up to eighty (80) school days or the number of days remaining in a semester, whichever is greater, and permanent exclusion. Expulsions may carry over into the next school year. Any student who is expelled from school for more than twenty (20) days, or for any period of time if the expulsion will extend into the following semester or school year, will be provided with information about services or programs offered by public and private agencies that work toward improving those aspects of the student's attitude and behavior that contributed to the incident that gave rise to the student's expulsion. The Superintendent, at the Superintendent's discretion, may require/allow a student to perform community service in conjunction with or in place of an expulsion. The Superintendent may impose a community service requirement beyond the end of the school year in lieu of applying the expulsion to the following school year. Removal for less than one (1) school day without the possibility of suspension or expulsion may not be appealed. Suspension, expulsion, and permanent exclusion may be appealed.

Students being considered for suspension are entitled to an informal meeting with the building administrator prior to removal. Also, students being considered for expulsion are entitled to an informal meeting with the Superintendent or designee prior to removal. During the informal meeting, the student will be notified of the charges and given the opportunity to respond.

Students involved in co-curricular and extra-curricular activities, such as band and athletics, can lose their eligibility for violation of School rules. Students are not permitted to participate in any extra-curricular or school activities during their suspension or expulsion. Students who have been suspended/expelled from school, at any time during the school year, may become ineligible for Prom and other school activities. Students will have the opportunity to earn these privileges back through appropriate behavior. The decision to reinstate these privileges are subject to Principal discretion.

If a student commits a crime while under the School's jurisdiction, the student may be subject to school disciplinary action, as well as action through local law enforcement.

DUE PROCESS RIGHTS

Before a student is suspended, expelled, or permanently excluded from school, there are specific procedures that must be followed.

As long as the in-school discipline is served entirely in the school setting, it will not require any notice or meeting, or be subject to appeal.

Suspension from School

When a student is being considered for a suspension, the administrator in charge will notify the student of the basis for the proposed suspension. The student will be given an opportunity to explain their view of the underlying facts. After that informal hearing, the Principal, assistant principal, or other administrator will determine whether or not to suspend the student. If the decision is made to suspend the student, the student and their parents will be given written notification of the suspension within one (1) day, setting forth the reason for the suspension, the length of the suspension, and the process for appeal. The suspension may be appealed, within 5 days after receipt of the suspension notice, to the Superintendent. The request for an appeal must be in writing. The appeal of the suspension is the appeal of the process and not the suspension. During the appeal process, the student shall not be allowed to remain in school.

If the appeal is heard by the Board's designee or Superintendent, the appeal shall be conducted in a private hearing. If the appeal is heard by the Board of Education, the appeal shall be conducted in executive session unless the student or the student's representative requests otherwise. A verbatim transcript will be made, and witnesses will be sworn in prior to giving testimony. If the appeal decision is to uphold the suspension, the next step in the appeal process is to the Court of Common Pleas.

Emergency Removal

If a student's presence poses a continuing danger to persons or property, or an ongoing threat of disrupting the academic process taking place either in a classroom or elsewhere on the school premises, the Superintendent, Principal, assistant principal, or administrator may remove the student from any curricular or extra-curricular activity or from the school premises. A teacher may remove the student from any curricular or extra-curricular activity under the teacher's supervision, but not from the premises.

If a teacher makes an emergency removal, the teacher will notify a building administrator of the circumstances surrounding the removal, in writing, within one (1) school day. No prior notice or hearing is required for any removal under this procedure. In all cases of normal disciplinary procedures where a student is removed from curricular or extra-curricular activity for less than one (1) school day, and is not subject to further suspension for expulsion, the following due process requirements do not apply.

If the emergency removal exceeds one (1) school day, then a hearing will be held on the next school day after the removal is ordered. Written notice of the hearing and the reasons for removal and any intended disciplinary action will be provided to the

student, as soon as practical prior to the hearing. If the student is subject to an out-of-school suspension, the student will have the opportunity to appear at an informal hearing before the Principal, assistant principal, Superintendent, or a designee, and may challenge the reasons for the removal or otherwise explain their actions.

Students in Grades Pre-K Through Three

A student in any of grades pre-kindergarten through three (3) may be removed only for the remainder of the school day, and shall be permitted to return to any curricular and extra-curricular activities on the next school day (following the day in which the student was removed or excluded). When a student in any of grades pre-kindergarten through three (3) is removed and returned to their curricular and extra-curricular activities the next school day, the Principal is not required to hold a hearing (or provide written notice of the same). In an emergency removal, a student may be kept from class until the matter of the alleged misconduct is resolved, either by reinstatement, suspension, or expulsion.

Students in Grades Four Through Six

Within one (1) school day of the decision to suspend, written notification will be given to the parent(s)/guardian(s) or custodian(s) of the student. This notice will include the reasons for the suspension, the right of the student or the student's parent(s)/guardian(s) or custodian(s) to appeal to the Board or its designee, and the student's right to be represented in all appeal proceedings. The appeal of the suspension is the appeal of the process and not the suspension. If it is likely that the student may be subject to expulsion, the hearing will take place within five (5) school days and will be held in accordance with the procedures outlined in the Student Expulsion Policy. In an emergency removal, a student may be kept from class until the matter of the alleged misconduct is resolved, either by reinstatement, suspension, or expulsion.

Expulsion from School

When a student is being considered for expulsion, the student and parent will be provided with a formal notice of the proposed expulsion. This written notice will include the reasons for the intended expulsion, notification of the opportunity to appear in person before the Superintendent or the Superintendent's designee to challenge the reasons for the expulsion and/or explain the student's action, and notification of the time and place to appear. Students being considered for expulsion may be removed immediately. A hearing will be scheduled no earlier than three (3), nor no later than five (5), school days after the notice is given. If a suspension of 10 days is given. The expulsion hearing will be scheduled before returning to school following the suspension. Parents may request an extension of time for the hearing. The student may be represented by their parents, legal counsel, and/or by a person of the student's choice at the hearing.

In accordance with Board Policy 5610 – Removal, Suspension, Expulsion, and Permanent Exclusion of Students, the Superintendent shall initiate expulsion proceedings against a student who has committed an act that warrants expulsion under Board policy even if the student withdraws from school prior to the hearing or decision to impose the expulsion. The expulsion will be imposed for the same duration that it would have been had the student remained enrolled.

If a student is recommended for expulsion, the student and the student's parents will be provided with written notice within one (1) school day of the recommended expulsion. The notice will include the reasons, the right of the student, or the student's parent(s)/guardian(s) or custodian(s) to appeal the expulsion to the Board or its designee, the right to be represented in all appeal proceedings, the right to be granted a hearing before the Board or its designee, and the right to request that the hearing be held in executive session.

Within fourteen (14) days after the Superintendent notifies the parents of the expulsion, the expulsion may be appealed, in writing, to the Board of Education or its designee. A hearing on the requested appeal will be formal with an opportunity for sworn testimony. If the expulsion is upheld on appeal, a student's parents may pursue further appeal to the Court of Common Pleas.

Students serving expulsions will not be awarded grades or credit during the period of expulsion. Expulsion for certain violations, including use or possession of alcohol or drugs, may result in revocation of the student's driver's license. When a student is expelled, the Superintendent will notify any college in which the expelled student is enrolled under the Early College Credit Program at the time the expulsion is imposed.

Permanent Exclusion

State law provides for the permanent exclusion of a student, sixteen (16) years of age or older, who engages in certain criminal activity. Permanently excluded students may never be permitted to return to school anywhere in the State of Ohio. A permanent exclusion may be considered if the student is convicted or adjudicated delinquent for committing one (1) or more of the following crimes while on the property of any Ohio school:

- A. conveying deadly weapons onto school property or to a school function;
- B. possessing deadly weapons onto school property or at a school function;
- C. carrying a concealed weapon onto school property or at a school function;
- D. trafficking in drugs onto school property or at a school function;
- E. murder, aggravated murder on school property or at a school function;
- F. voluntary or involuntary manslaughter on school grounds or at a school function;
- G. assault or aggravated assault on school property or at a school function;

- H. rape, gross sexual imposition or felonious sexual penetration on school grounds, or at a school function, when the victim is a school employee;
- I. complicity in any of the above offenses, regardless of the location.

This process is formal and may follow an expulsion with the proper notification to the parents.

Discipline of Students with Disabilities

Students with disabilities are entitled to the rights and procedures afforded by the Individuals with Disabilities Education Improvement Act (IDEIA) and, where applicable, the Americans with Disabilities Act (ADA), and/or Section 504 of the Rehabilitation Act of 1973.

Suspension of Bus Riding/Transportation Privileges

When a student is being considered for suspension of bus riding/transportation privileges, the administrator in charge will notify the student of the reason. The student will be given an opportunity to address the basis for the proposed suspension at an informal hearing. After that informal hearing, the principal, assistant principal, or other administrator will decide whether or not to suspend the student's bus riding/transportation privileges for all or part of the school year.

If a student's bus riding/transportation privileges are suspended, the student and their parents will be notified, in writing and within one (1) day, of the reason for the suspension and the length of the suspension.

SEARCH AND SEIZURE

Administrators may search a student or a student's property (including vehicles, purses, knapsacks, gym bags, etc.) with or without the student's consent, whenever they reasonably suspect that a search will lead to the discovery of evidence of a violation of law or school rules. The extent of the search will be governed by the seriousness of the alleged infraction and the student's age. General housekeeping inspection of school property may be conducted with reasonable notice. Student lockers are the property of the District and students have no reasonable expectation of privacy in their contents or in the contents of any other District property including desks or other containers. School authorities may conduct random searches of the lockers and their contents at any time without announcement. Unannounced and random canine searches may also be conducted.

Additionally, students have NO reasonable expectation of privacy in their actions in public areas including, but not limited to, common areas, hallways, cafeterias, classrooms, and gymnasiums. The District may use video cameras in such areas and on all school vehicles transporting students to and from regular and extra-curricular activities.

Anything that is found in the course of a search may be used as evidence of a violation of school rules or the law, and may be taken, held, or turned over to the police. The School reserves the right not to return items that have been confiscated.

INTERROGATION OF STUDENTS

The School is committed to protecting students from harm that may be connected with the school environment and also recognizes its responsibility to cooperate with law enforcement and public child welfare agencies. While the School believes these agencies should conduct their investigations off school property if possible, investigations can take place at school in emergency situations or if the violation being investigated occurred on school property.

Before students are questioned as witnesses or suspects in an alleged criminal violation, the building administrator will attempt to contact a parent prior to questioning and shall remain in the room during questioning.

If a student is questioned as the subject of alleged child abuse or neglect, the building administrator will attempt to contact a parent prior to questioning, and the building administrator (or a designated guidance counselor) will remain in the room during questioning. If the agency investigating the alleged child abuse or neglect suspects the parent is the perpetrator, neither parent will be contacted prior to questioning, but the building administrator (or a designated guidance counselor) will remain in the room during questioning.

If law enforcement or a children's services agency removes a student from school, the building administrator will notify a parent.

STUDENT RIGHTS OF EXPRESSION

The School recognizes the right of students to express themselves. With the right of expression comes the responsibility to do so appropriately. Students may distribute or display, at appropriate times, nonsponsored, noncommercial written material and petitions; buttons, badges, or other insignia; clothing, insignia, and banners; and audio and video materials. All items must meet school guidelines.

A. Material cannot be displayed if it:

1. is obscene to minors, libelous, or pervasively indecent or vulgar;
2. advertises any product or service not permitted to minors by law;
3. intends to be insulting or harassing;
4. intends to incite fighting; or
5. presents a clear and present likelihood that, either because of its content or manner of distribution or display, it will cause or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

- B. Material may not be displayed or distributed during class periods, or between classes. Permission may be granted for display or distribution during lunch periods, and/or before or after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students must present materials they wish to display to school administration for approval before material can be posted on district owned property.

SECTION V - TRANSPORTATION

BUS TRANSPORTATION TO SCHOOL

The School provides transportation for all students who live farther than two (2) miles from school. The transportation schedule and routes are available by contacting the Transportation Director at (740)354-3586.

Students may only ride assigned buses and must board and depart from the bus at assigned bus stops. Students will not be permitted to ride unassigned buses for any reason other than an emergency, except as approved by the Principal.

The Principal may approve a change in a student's regular assigned bus stop to address a special need. Parents should send a note to the Principal stating the reason for the request and the duration of the requested change.

CONDUCT ON SCHOOL VEHICLES

Students who are riding to and from school on District-provided transportation must follow all basic safety rules. This applies to school-owned vehicles as well as any contracted transportation.

The driver may assign seating or district students in any reasonable manner to maintain transportation safety.

Students must comply with the following basic safety rules:

Prior to loading (on the road and at school)

Each student shall:

be on time at the designated loading zone five (5) minutes prior to scheduled stop;

stay off the road, as well as private property, at all times while walking to, from, and waiting for school transportation;

line up single file off the roadway to enter;

wait until the school transportation is completely stopped before moving forward to enter;

refrain from crossing a highway until the driver signals it is safe to cross;
properly board and depart the vehicle;
go immediately to a seat and be seated.

It is the parents' responsibility to inform the driver when their child will not be aboard school transportation. Drivers will not wait for students who are not at their designated stops on time.

During the trip

Each student shall:

remain seated while the school transportation is in motion;
keep head, hands, arms, and legs inside the school transportation at all times;
not push, shove, or engage in scuffling;
not litter in the school vehicle or throw anything in, into, or from the vehicle;
keep books, packages, coats, and all other objects out of the aisle;
be courteous to the driver and to other riders;
not eat or play games, cards, etc.;
not use nuisance devices (e.g., laser pointers) on the school vehicle in a way that disrupts the safe transportation of students and/or endangers students or employees;
not tamper with the school vehicle or any of its equipment (including, but not limited to, emergency and/or safety equipment).

Exiting the school vehicle

Each student shall:

remain seated until the vehicle has stopped;
cross the road, when necessary, at least ten (10) feet in front of the vehicle, but only after the driver signals that it is safe;
be alert to a possible danger signal from the driver.

The driver will not discharge students at places other than their regular stop at home or at school unless the driver has proper authorization from school officials.

VIDEO SURVEILLANCE AND ELECTRONIC MONITORING ON SCHOOL BUSES

The Board of Education has installed video cameras on school buses to monitor student behavior.

If a student misbehaves on a bus and the student's actions are recorded, the recording will be submitted to the Principal and may be used as evidence of misbehavior.

PENALTIES FOR INFRACTIONS

A student who misbehaves on a school vehicle shall be disciplined in accordance with the Student Discipline Code and may lose the privilege of riding on a school vehicle.

TRANSPORTATION OF STUDENTS BY PRIVATE VEHICLE

School transportation should be used when available. At times, the school resource officer may take a student home.

SELF-TRANSPORTATION TO SCHOOL

Driving to school is a privilege that can be revoked at any time. Students who are provided the opportunity to ride school transportation are encouraged to do so. Students and their parents assume full responsibility and liability for any transportation to and from school not officially provided by the School.

The following rules shall apply:

Students under age eighteen (18) must have written parent permission prior to driving to school.

Students are required to obey the parking lot speed limit

The student must obtain a permit from the school.

Failure to comply with, but not limited to, these rules will result in loss of privileges and/or disciplinary actions for a student.

When the School provides transportation, students shall not drive to school-sponsored activities.

All vehicles entering school property are subject to search and inspection.

USE OF MOTORIZED UTILITY VEHICLES

Motorized utility vehicles may be used on school property and/or in conjunction with approved school activities only if operated for the approved purpose and in accordance with AG 5515.01.

All operators must be at least sixteen (16) years of age, licensed to drive a motor vehicle in the State of Ohio and have adequate liability insurance.

Prior written permission by the student operator's parent/guardian and release of liability is required.

Student operators shall only operate utility vehicles at the direction and under the supervision of the approved teacher/activity sponsor/coach.

Operators shall participate in basic safety training for operation of motorized utility vehicles, as prescribed in the administrative guidelines, prior to operating any such vehicle(s). Individuals authorized to operate such utility vehicles may not allow anyone else to use the vehicle (e.g., other students, relatives, friends, etc.). The utility vehicle may only be used for the specific activity and function that has been assigned.
