

Our Mission

The Mission of the Wayland-Cohocton School District is to ensure high levels of learning for all students.

Our Vision:

To continuously develop our capacity to function as a collaborative culture.

Our Values

- Trust starts with consistent, respectful action—and thrives when we create solutions and deliver on them together.
- Have honest conversations with kindness, clarity, and care for others.
- We protect traditions that build community, progress, and school culture—and commit to growing through reflection, feedback, and learning.
- Challenges are opportunities that we can grow through—and we show belief in one another's potential by listening, supporting, and taking timely action together.
- We commit to doing what's best for our learners through thoughtful decisions that are grounded in shared values, identified needs, and consistent, evidence-based practice—even when it's challenging.
- Build pride by celebrating the everyday, not just the milestones.
