Other Roles:

_____ Clergy

_____ Health Professional

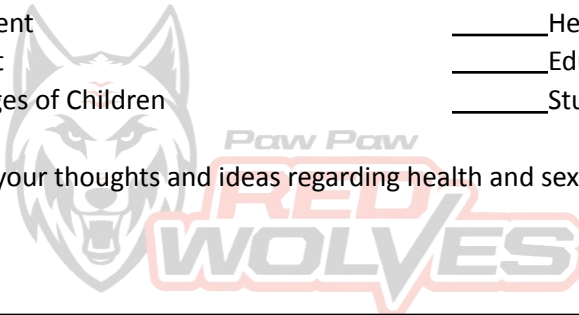

_____ Educator

_____ Student _____ Grade

1. Overall, what are your thoughts and ideas regarding health and sexuality education within public schools?

2. Do you have comments about sexuality education within this district in particular?

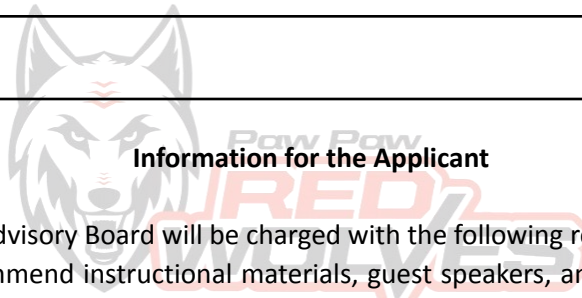

3. Why are you interested in serving on this committee?

4. What specific issues do you believe this committee should address? (Please indicate which issue(s) has/have the highest priority for you.)

5. What background, experiences, assets, useful knowledge, etc., do you have that may assist this committee?

6. Are you willing to attend approximately two to four meetings per school year for a period of three years (or until graduation, for committee members who are students)?

Information for the Applicant

The PPPS Sex Education Advisory Board will be charged with the following responsibilities:

- Review and recommend instructional materials, guest speakers, and programming which will be included as part of the comprehensive sex education/health program.
- Review methods of instruction and assist in evaluation of the comprehensive sex education/health program, meeting with community and reporting to the Board of Education, as required.
- Work closely with school administration in the implementation of this program.
- Review with policy and/or state guidelines and make recommendations to the Board of Education for needed changes.
- Collaborate with full Sex Education Advisory Board members to ensure program review and recommendations are informed by data, expertise, and careful consideration of community viewpoints.

A reasonable effort shall be made to ensure that the advisory board shall consist of members representing a cross-section of community viewpoints. Thank you for your interest. When there is an appropriate vacancy on the SEAB, you will be contacted.
